*[The twins exchange a laugh as the royal music continues. Lincoln continues to duke his way down the stairs, to even more befuddled faces. The moment he reaches the bottom of the stairs, the trumpet in the background sputters, and his sisters laugh. Lincoln wasn't*

*expecting* this *kind of reaction.]*

**Lana:** "Nice toilet paper scarf."

**Leni:** "Seriously? Pantaloons this time of year?"

**Luan:** "I think Lincoln's gone a little panta- *looney* ." *[laughs with the others]* "Get it?"

*[Lincoln too is confused; then Lela comes up to him.]*

**Lincoln:** *[notices]* "Aah! What the what?" *[Lela nuzzles him; he laughs and pets her]* "At least *someone* knows royalty when they see it." *[walks on over to the door]* "The rest of you might wanna get on board, 'cause this Loud is about to rule!"

*[He is ruling the wall at that, as Lynn Sr. opens the door, slamming him into the wayward wall.]*

**Lynn Sr.:** *[posing regally]* "Dinner… is… served."

**Lincoln:** *[muffled]* " *I'm okay.* "

*[The Louds enter the castle's dining room.]*

**Lynn Sr.:** "I cooked everything in the castle!"

**Louds:** *[amazed]* "Whoa!"

**Lynn Sr.:** "I ran out of garlic, so I used *Gaelic* !"

**Luan:** *[laughs]* "Good one, Dad."

OKAY THAT WAS FUNNY!

*[The camera zooms out, revealing the large feast Lynn Sr. has cooked. The Louds all rush to the table and start eating ravenously.]*

**Luan:** "Dibs on the turkey!"

Laney: Wow look at all this great food!

*[Luan gets some mashed potatoes, and Rita passes by a slab of*

*ham as Lily takes a bite.]*

**Rita:** "Save some for me!"

*[Luna takes a few pieces of bread while Lucy carries two drumsticks.]*

**Lynn:** "Yay, burritos!"

**Morag:** *[gets a piece of food on her face; accusingly to Angus]* "This is all your doing!"

**Angus:** "It was my pleasure."

*[Lisa is crazily carrying a turkey as food is thrown left and right. Lela jumps on the table and seizes the turkey, splattering gravy all over Morag's face. The dragon leaps off the table.]*

**Angus:** "What a day! The Louds are back, and so is a dragon!" *[claps]* "Oh-ho-ho-ho-ho!"

*[Later, while the Louds are now eating, Lily crawls underneath the table and procures a burrito from her pocket.]*

**Lily:** "Burrito Lela?"

*[Lily notices Lela sniffing the burrito, wanting some of it. She splits the burrito in half and feeds it to Lela, who grows bigger. Lily is in delight, offering the other half of the burrito.]*

**Rita:** "I'm so glad we did this."

**Lynn Sr.:** *[Scottish accent]* "Aye, m'lady." *[Morag pours water in his cup]* "What a happy clan we have."

**Lincoln:** "Thanks, Angus." *[samples a few grapes]*

*[Angus places down the platter of said grapes, and different cheeses. Morag reluctantly hands Lincoln a napkin and Lincoln dabs his face. Lily sneakily grabs a burrito near him.]*

**Lily:** "Burritos are awesome here in Scotland as they are back home!"

**Lincoln:** "So, what's a guy gotta do to become the Duke around here?"

**Morag:** "Come again?"

*[Lily takes two more burritos, giggling.]*

**Lincoln:** "I was thinking about it, and the Duke and I look alike."

*[Lily takes the rest of the burritos.]*

**Lincoln:** "We both have 11 sisters, white hair, a turkey tail, we're the same height…"

*[As Lincoln speaks, Lily places all of the burritos on Lela's tongue.]*

**Lily:** You sure are hungry huh Lela."

*[Lela swallows all of them, and Lily toddles towards her and hugs her, laughing. Suddenly, Lela's stomach grumbles. Her eyes widen and she suddenly becomes double of Lily's height. The other sisters take notice of this.]*

**Luan:** "Holy moly, she grows fast!"

**Lily:** *[clapping]* "You're a big girl."

*[The sisters all laugh at this.]*

**Lincoln:** "… so, the way I see it, A plus B equals me being the new Duke. What do you think?"

**Angus:** *[places a hand on Lincoln's shoulder]* "Lincoln, I'm afraid it's not that simple, lad."

**Morag:** "Wisely spoken. You should listen to Angus." *[starts to leave]*

**Angus:** "One can only become the Duke by making life better for the people and our village."

**Lincoln:** "I see. Help the town, and become the Duke." *[Morag suddenly comes back]* "Piece of cake." *[eats a piece of cake]* "Now, if you'll excuse me, I've got work to do 'cause tomorrow, I'm gonna Duke this town up! Oh yeah!"

*[As Lincoln leaves, Morag is revealed to have been glaring all this time. Cut to outside the castle… ]*

**Morag:** "You fool!" *[slams open the door]* "Blathering on to that feather-brained boy about becoming the Duke!"

**Angus:** *[walking out the door after, carrying Morag's belongings]* "Oh, the people would love a new Duke."

**Morag:** *[mocks Angus]* "'Oh, the people would love a new Duke!'" *[normal voice]* "I don't care a jot about those peasants."

**Angus:** "They're not peasants, Morag, they're our neighbors, friends."

**Morag:** "Enough of your twattle! Thanks to you flapping your gob, I'm stuck with these hooligans! Crashing through the crowded halls, dodging girls like…"

**Angus:** "Ping-pong balls?"

**Morag:** "Just to reach the bathroom on time."

**Angus:** *[chuckles]* "That's rather catchy."

**Morag:** *[grabs Angus]* "Don't you get cheeky with me. My ancestors have cared for this castle in peace and quiet. Ever since they *drove away* - I mean, the, uh, ever since the, you know, the first Louds sailed away forever. Oh, I deserve better than to be banished to your wretched hovel."

*[Morag is in front of Angus' hovel as said.]*

**Angus:** "It's only for a week." *[Morag grunts]* "And you'll have oodles of quietness here in my little castle." *[Morag enters the hovel]* "Shall I give you the grand tour-" *[Morag hands him his pillow, and slams his door in his face]* "Oh. G'night… Morag. but soon it'll be the last day of your lives. (Chuckles Evilly.)"

---

*[Later that night, with dreamy music playing, Lucy is in her room surrounded by candles.]*

**Lucy:** "Castle spirits, hear my plea. I summon a Loud from my family. On mystic winds, across Scottish moors, send the girl who once walked these floors."

*[The doors creak, and the windows burst open with a gust of wind as a girl's laughter rings. A portrait falls from the wall, a door slams rather loudly, and papers scatter. Lucy smiles as a crow caws, and then a faint blue light casts next to her. In the foyer, the rest of Lucy's family had just woken up, yet Lynn and Lily are still asleep.]*

**Luan:** "What time is it?"

**Lola:** "It's late."

**Rita:** "I'm still parachute-lagged."

**Lincoln:** "What's this about, Luce? I need my Duke sleep."

**Lucy:** "My family from this world, meet our family from another: Lucille Loud."

*[Lucille, Lucy's ancestral double, emerges from her place on the family painting as a ghost.]*

**Lucille: (Scottish Accent)** "Charmed, I'm sure."

*[The other Louds are all stunned to see Lucille, except… ]*

**Lynn Sr.:** *[in fear]* "G-G-Ghost!" *[flees and runs into the knight's armor]*

**Leni:** "OMGhost!"

**Lana:** "She's like a glow-in-the-dark Lucy."

Lily: Oh wow!

**Lucille:** "It's a pleasure to meet you, and to be home after four-hundred years."

*[She floats down to meet her descendants.]*

**Lisa:** *[gasps]* "Dragons *and* ghosts?"

Lily: Wow!

**Lana:** "This place has everything!"

**Lori:** "Whoa! She's literally floating."

**Luna:** "Whoa."

**Leni:** "Love the see-through look."

**Rita:** "Wow!" *[bends on her knees to get Lynn Sr. up.]* "Honey."

**Lynn Sr.:** "Wha…?"

**Rita:** "We *did* take this trip to meet relatives."

**Lynn Sr.:** "Yeah, but not creepy ghost-y ones."

*[Suddenly, Lucille does a classic Lucy jumpscare, smiling.]*

**Lucille:** "I heard that."

*[Lynn Sr.'s scream of horror echoes outside of Loud Castle.]*

* * *

*[The next day, Lincoln is back in his Duke outfit as he zips up his backpack and admires the crown he will wear, walking out of his room. Outside the Louds' quarters, Morag is holding Lynn's smelly athletic supporters with tongs and grimaces in disgust.]*

**Lincoln:** *[exits his room]* "Good morning, Morag."

**Morag:** "Your athletic supporter, sir?"

**Lincoln:** "Not mine."

*[He leaves, chuckling to himself. Morag approaches a painting of one of* her *relatives.]*

**Morag:** *[sighs]* "Dear old Aggie, you so cleverly drove away those royal ruffians to have peace and quiet. How pained you'd be to hear new Louds have returned! Thanks goodness it's only for a week."

*[Suddenly, Lela bursts out of one of the rooms, with Lynn and Lana chasing her.]*

**Lynn:** "I wanna ride her!"

**Lana:** "My turn!"

**Lynn:** "Oh, you found it! Thanks, Morag."

*[Lynn takes her athletic supporter from Morag, making Morag's head go through Aggie's painting, and the wall.]*

**Morag:** "Ow." *[pulls the painting off her and hangs it back up]* "Oh, poor Aggie! Look what those beasts did to you."

*[Luna comes out of her room playing bagpipes so loud, it sends Morag flying skywards. She lands on the ground, which causes Aggie's portrait to land on her. An explosion happens from Lisa's room, knocking Morag away, and the portrait. Lisa walks out and is holding some scientific equipment.]*

**Lisa:** "Say ah."

**Morag:** "Ah…"

*[Lisa takes Morag's samples.]*

**Lisa:** "Excellent."

*[Lisa heads back into her room. Morag gets back up, and Leni comes out of her room with a large bolt of fabric]*

**Leni:** " *La la la la la la la-* " *[accidentally hits Morag with the fabric, notices, and turns around]* "Is someone there?"

**Morag:** "I-"

*[Leni just turns back around, accidentally hitting Morag again.]*

**Leni:** " *La la la la la la…* "

*[Morag is sent tumbling towards the window and ends up in a wheelbarrow full of manure. She surfaces and gasps for air.]*

**Angus:** *[offscreen]* "Good day, lad."

*[Morag looks over to the source, and growls. Lincoln is outside the castle, heading towards the town. Angus is holding a rake.]*

**Lincoln:** "You got that right. I'm about to become the new Duke!" *[Angus gasps. Music starts to play]* "You might wanna tell Morag to start polishing that crown."

**Angus:** "I certainly will not be doing that."

*[Angus gasps again. He drops the rake and follows Lincoln into town, who starts singing.]*

**Lincoln:**

*I used to feel like a nobody*

'Cause my sisters always steal the spotlight

*[He reaches town and starts putting up posters of himself reading " **Lincoln 4 Duke** "]*

*But now I know that I can be somebody*

The most special Loud in all the land

*[The citizens start taking notice of his posters. He places another poster on a woman's back, who notices, spray-paints "DUKE" on a wall, which Angus notices, and spins around on a lamppost.]*

*I'm gonna turn some heads around*

Make everybody know my name

I'll bring a little Loud into this quiet place

And no one's ever gonna steal my spotlight

I'll be the talk of the town

*[He enters a book shop and puts Ace Savvy merchandise everywhere, even replacing Kat's Junk Witch comic with an Ace Savvy one, before handing out burritos to citizens. One knocks a bearded man's fish out of his hands, having him shake his head afterward.]*

*This comic book's gotta go*

Ace Savvy's all you should know

Have a breakfast burrito on me

*[He holds a magic show at a pavilion for many citizens, doing the "pulling gold out of someone's ear" trick.]*

*Step right up to my show*

For some magic and gold

You can thank me later 'cause

I'm gonna be the Duke!

*[He proceeds to start helping citizens, such as giving a girl a burrito instead of haggis, polishing a bald man's head, setting up a fun ramp instead of a broken bridge, and tossing out endless scarves in his magic show. Angus just watches all of this concerned.]*

*It's my time, my turn to be*

The new Duke in history

Gonna show my family

I'm ready to rule

I'm gonna be the Duke!

*[The citizens walk away. Angus approaches Lincoln and starts singing before giving him paint and a roller to paint over his "DUKE" graffiti.]*

**Angus:**

*When you help out other people*

Don't just do it to be in the spotlight

Or be the talk of the town

*[Angus helps Lincoln put up an "EXIT" sign on the list of signs, helping with the rampant traffic.]*

*Remember, everything you do*

It's about them and not you

That's how you live like a Loud

*[As Angus and Lincoln visit a statue of the Duke, Lincoln is run over by a flock of sheep, and the two put the sheep back in pasture.]*

*If you want to wear the crown*

Go make this town a better place

Look into their hearts and make some real change

*[The two are now at the broken bridge with Lincoln's "fun" ramp.]*

*'Cause magic tricks and short-term fixes are not the answer*

You've got to do some good deeds

*[Lincoln, realizing what he must do, carries a wheelbarrow full of stones, and he and Angus construct the other half of the bridge, with the help of a sheep. The citizens cheer.]*

**Lincoln:**

*I hear you loud and clear*

I have to act more sincere

That's the secret for me to win

'Cause if I do this right

I'll be in the spotlight

You can thank me later 'cause

**Citizens:**

*He's gonna be the Duke!*

*[The citizens of Loch Loud parade through the town with Lincoln as Morag spies in anger as another hair sticks out. They do a little dance break and form a human pyramid with their upcoming Duke at the top.]*

**All:**

*It's my time, my turn to be*

The new Duke in history

Gonna show my family

I'm ready to rule

Citizens:

*He's gonna be the Duke!*

*[The citizens all cheer for Lincoln.]*

**Lincoln:** "So, did I make life better around here or what?" *[The citizens cheer again]* "Alright. Then how do we make this official?"

**Male Villager:** "We have a coronation!"

**Citizens:** *[chanting]* "Duke! Duke! Duke! Duke! Duke… !"

**Morag:** *[enters]* "Oh, how glorious. Loch Loud will have a new Duke for a week."

*[The citizens "awww" in disappointment.]*

**Male Villager #2:** *[confused]* "Duke for a week?"

**Morag:** "Actually, six days, eleven hours, twenty-three minutes and four seconds, but who's counting?"

**Mrs. Turnberry:** *[disappointed]* "I burst into dance for a tourist?"

**Male Villager #3:** *[also disappointed]* "Never mind."

*[The citizens drop Lincoln and he lands on the ground hard. They walk away, along with Morag.]*

**Morag:** "Such a shame." *[smiles sinisterly and chuckles]*

**Angus:** *[running up to the boy]* "Lincoln?"

*[Lincoln sits up, groaning. Angus sits down next to him.]*

**Angus:** "Take heart, lad. The hard part is over. Our people want you to be the Duke. Now all you need to do is convince your family to move here, eh? Easy peasy."

*[Lincoln thinks over what Angus has said to him, realizing he actually might convince his family, and smiles at the groundskeeper.]*

---

*[Back in his room, Lincoln dons his grown-up suit.]*

**Lincoln:** "How do I look?"

**Angus:** "Oh, brilliant, sir. But why a suit?"

**Lincoln:** "It's my blue convincing suit." *[to the viewers]* "Patent pending." *[back to Angus]* "I wear it whenever I need to talk my family into something. It's never let me down. Right, Lil?"

*[Lily is on the Duke's bed and notices Lincoln looking at her.]*

**Lily:** You look awesome bro.

*[Later, the Louds have all assembled to watch a presentation. It starts off with a shot of Scotland, then the family painting of the Louds' ancestors.]*

**Lincoln:** *[narrating]* "Whoosh! Scotland, where the Loud clan first rose to prominence." *[shows a photo of the Louds arriving in Scotland in the submarine, followed by shots of them touring Loch Loud]* "Our family came here on vacation to find our ancestors. We found so much more. We found our town, our castle, our history, and most importantly…" *[shows shots of Loch Loud, the castle, and Angus in front of the town, and one more of Lynn Sr. doing a Scottish dance, Lynn Jr. giving him a score of 10, and the rest of the Louds watching in embarrassment]* "… we found ourselves."

**Lynn Sr.:** *[tears up]* "So true…"

**Lincoln:** *[narrating as the picture of Lynn Sr. dancing burns up]* "But soon, our vacation will end."

**Lynn Sr.:** "AHH! NO!"

*[The presentation cuts back to the ancestral painting.]*

**Lincoln:** *[narrating]* "Unless we seize the chance of a lifetime…" *[photoshops the current Louds' faces over their ancestral counterparts']* "… and fulfill our destiny! How, you may ask?" *[appears on screen]* "By moving to Scotland, where the Louds can truly live loud."

*[An explosion appears, with Lincoln making sound effects, fading to a shot of Lily wearing a kilt.]*

**Lily:** "Loud and proud!"

*[A pair of sunglasses overlay over her via editing with a "thud". The presentation ends; Lincoln walks over.]*

**Lincoln:** *[tears up]* "That last part always gets me… So?"

**Lynn Sr.:** *[Scottish accent]* "I'm in! Scotland forever!" *[realizes his wife and daughters are not interested and sits down]*

**Lana:** "This is all 'cause you wanna be 'the Duke'."

**Lincoln:** "What? No! It has nothing to do with-"

*[His sisters start throwing pillows at him.]*

**Luna:** "Busted, dude."

**Luan:** "Fat chance, Lincoln."

**Lincoln:** "Yeah, okay, so maybe that has a little to do with it, but moving here would be wonderful for all of us!"

**Rita:** "Sweetie, we're on vacation. We have a life in Gotham Royal York and members of Team Loud Phoenix Storm."

**Lisa:** "Not to mention schools."

**Luan:** "Friends…"

**Lola:** "Adoring fans!"

**Rita:** "We're *not* moving to Scotland."

**Lola:** "Yeah."

*[Lana is heard laughing.]*

**Lincoln:** *[sighs and feigns disappointment]* "Mom's right, forget it. We should just enjoy our vacation and go back home, to our house with *one bathroom* ."

*[Lincoln smirks to himself as the other Louds shudder at the idea of going back to having only one bathroom.]*

**Rita:** "We're moving to Scotland."

*[The rest of her kids cheer.]*

Back at the World Tree Estate, Lincoln told us everything about his ancestors and everything.

Me: Whoa that's incredible Lincoln! We had no idea you were descended from Scottish Royalty!

Lincoln: It sure is cool huh?

Me: Yeah no kidding! I didn't know you and your family had an incredible history.

Lincoln: Yep and we decided to move to Scotland.

I was shocked!

Me: Are you serious buddy!?

Lincoln: Yep we sure are.

Me: And you're sure there's nothing I can say to change your mind?

Lincoln: No. Me and my family are staying in Scotland. That's it, end of discussion.

Me: Well, could you at least tell me why? I mean, I'm losing a member of my team here. And it's not like I can read your thoughts most of the time.

Lincoln: The people of Scotland need me. And this is my big chance. I'm ready to show people what I can do. I'm ready to grow up, to be a man.

Me: Lincoln, are you really feeling that you're not special like your sisters even after everything we've been through together?

Lincoln: (sighs) Yes. Even after all our adventures, I still feel like I'll never be special like my sisters

Me: And what about what you'll leave behind. Us, Gotham Royal York, and all the people of the universe counting on us!

Lincoln: This is supposed to be a good thing! My own castle! My own country! I thought you'd be happy for me!

Nico decide to jump into the conversation before it gets heated.

Nico: We ARE happy for you, Lincoln. If you guys want to stay in Scotland, we'll let you. Just promise that we can visit once in a while, okay?

Lincoln: We promise Nico. Thank you.

Me: (Tears run down my face) I will miss you so much little brother. And same to your sisters.

Lincoln: (Tears stream down his face) I will miss you too bro.

I put my hand on the holoscreen and he put his hand on the screen too and we exchanged a Vulcan Salute in bond.

Me: Live Long and Prosper Lincoln.

Lincoln: Same to you big brother.

The call clicked off and I started crying.

Me: (Crying) Oh Lincoln!

Nico pat my back.

Nico: I know man. I know. But it's what he wants.

Me: (Crying) I know Nico! But I will miss him and his family!

Nico: We all will.

We told the Masters of Evil and everyone everything.

Indiana Jones: They're coming back, right? I mean, they nearly quit before. Remember when you guys met me?

Nico: I think this time, they're not coming back.

Electro: What?! But then, who's going to be my archenemy?

Maria: Who's going to make clothes whenever we meet Gene Slammers?

Twilight: And who's going to kiss us whenever we get a new transformation?

Nico: This isn't about us.

May: What?

Nico: It's a good opportunity. We have to let them go. No matter how much we're going to miss them.

Me: As much as I don't like it, we have to respect their wishes. But we'll always be together in terms of heart and spirit.

SpongeBob: That's right. Like me and Squidward. 'Cause me and him… [grabs Squidward and pulls him toward himself]… we're like brothers, only closer. [lifts Squidward's shirt and their hearts are somehow joined together and beating in unison. Creepy alien music plays before Squidward screams and leaps away from SpongeBob.]

Nico: Okay that was disturbing.

SpongeBob: Sorry.

Nico: No worries. But we'll be together again guys. We just have to go through with the plan to destroy Team Dark Phoenix Storm and then we can accept Lincoln and his family not wanting to be with us anymore.

Kairi Yano: Well, with Lincoln and the others gone, me and Kei-Chan are considering drastic measures.

Eli: Like what?

Sakuya: We decided to recruit Dogranio Yaboon for the Masters of Evil so that he can help us.

Kairi Yano: Yep.

Me: WHAT!? I remember him! He was the leader of the Ganglers and he gave you all an incredibly hard time.

Nico: Yeah are you sure he will be willing to help us after everything he put you all through?

Kairi Yano: We're positive.

Nico: Well if you think so, proceed.

*[At Lincoln's coronation for Duke, four trumpeters herald the coronation. Lincoln is standing on a royal throne, spreading a cape reading "DUKE" in the back as a man rolls a red carpet and a girl spreads petals everywhere. The citizens and Louds all cheer for the new Duke, with Leni holding a "WE HEART THE DUKE" sign.]*

**Lori:** "Go, Lincoln!"

**Lynn:** "That's my brother!"

**Lola:** "Royalty runs in the family."

Laney: It sure does. This is amazing.

**Lincoln:** "A-thank you." *[hops off the throne and starts blowing kisses]*

*[Angus opens the door carrying the royal scepter, with Morag carrying the crown, rolling her eyes. They step over near Lincoln.]*

**Morag:** "Ahem." *[the crowd silences]* "For four centuries, our loch has been without a Duke ever since the first Louds broke our hearts and decided to sail away forever."

*[The crowd 'aw's in disappointment. Meanwhile, Lucille is watching from a nearby window.]*

**Lucille:** "I cannot believe my ears."

*[As Lucille floats away, Morag continues her speech.]*

**Morag:** "From today on, our village will be duke-less no more." *[the crowd cheers]* "Lincoln Albert Loud, by the powers vested in me…"

*[Angus dukes Lincoln with the scepter and winks.]*

**Lincoln:** "Oooh. Cool duke stick."

**Angus:** "It's the royal scepter, sire."

**Morag:** "Ahem." *[gets Lincoln's attention. He kneels as she prepares the place the crown on him]* "By the powers vested in me, I dub thee… thee, uh…" *[struggles to put the crown on him. The trumpeters look at each other confused]* "I… dub.. thee…" *[groans while Angus looks confused as well]* "Duke.. of…" *[strains herself even more; Angus finally assists her and puts the crown on him; forcing herself to say it]* "The Duke of Loch Loud."

**Lincoln:** "Yes!"

*[The newly crowned Duke Lincoln jumps forwards, leading to a recreation of the original show's intro. A parade is held in his honor, with Lincoln riding in a chariot commanded by Angus, before leaping off on a skateboard and skating through the castle halls to reach his bathroom. When he gets there, hearts appear above him.]*

*Shouting through the empty halls*

Just to hear an echo call

Trying to find the bathroom on time

(Oy! Oy! Oy!)

*[The rest of the Louds enjoy themselves in the halls, Lola playing hopscotch, Lynn biking, Luan playing with Mr. Coconuts, who now has a Scottish makeover, Lori on her phone, Lisa playing with a tentacled creature, Luna carrying amps, Lucy and Lucille gliding through the air, Lana feeding an even bigger Lela, and Leni walking into the walls. Lincoln arrives, and all the sisters hoist him up in the air.]*

*Hopscotch on the royal tiles*

Corridors that run for miles

It's the perfect home for the rest of our lives!

*[Lincoln slides down the banisters, like in the theme song, runs through the halls with his sisters and Lela, and enjoys himself in town while signing autographs.]*

*Loud Castle! Loud Castle!*

Yell, stretch, spreading out

Even got our own town

*[The Louds run through another corridor, Lincoln sliding on the floor, before relaxing in a lake.]*

*Loud Castle! Loud Castle!*

All the room we'll ever need

It feels good to finally breathe!

*[Lincoln does a Scottish dance and is joined by Lily, then the twins and Lucy, and the rest of the sisters.]*

*Loud! Castle! Loud! Loud Castle!*

*[Lincoln enjoys himself in the castle towers with a flag reading "Lincoln #1". He walks through the foyer with all his sisters bowing before him. Lana gives him his scepter, Lucy hands a flower, and Leni and Lori give him a robe before a spotlight shines on him.]*

*It's all about me now*

Spotlight on Lincoln Loud

Stepping out of the crowd to really shine

*[Lincoln unveils to his sisters his own massive Duke portrait, then partakes in sending off the maiden voyage of a ship, the opening of a comic book shop, and a crowd surf.]*

*Dub me the one and only*

The spotlight is on me

And this time it's all mine!

*[The Louds lie down in a circle with Lincoln in the middle. Lincoln is shown relaxing in his throne, a duke car, him reading a newspaper, and a bathtub, before showing the rest of the Louds relaxing in their own bathtubs.]*

*Loud Castle! Loud Castle!*

So much empty space

With no one in your face!

*[The Louds all wave to each other from their own rooms, with Lincoln looking satisfied, then watch Lela, Lucy, and Lucille fly around, and play around in the foyer.]*

*Loud Castle! Loud Castle!*

12 kids, a zillion rooms

I guess it'll have to do!

Loud Castle! Loud Castle!

Home was sweet but so compact

Why would we return to that?!

*[Lincoln poses in publicity Duke photos, and then the Louds wave to the citizens from the castle with Lincoln shedding a tear of joy, before a mock "LOUD CASTLE" logo appears with the Scottish flag as a background.]*

*Loud! Castle! Loud! Loud Castle!*

**Lily:** "Loud Castle!" *[giggles]*

---

*[Lincoln is now taking a bath, with Angus and Morag being of*

*assistance. Angus is humming the show's theme song.]*

**Lincoln:** "Ah, isn't this awesome? Us Louds, you two, hanging at the castle… Just like old times."

*[Morag sheepishly whimpers, who is holding a tray of shampoo and seething with barely contained rage. She sets it down and leaves the bathroom, walking down the stairs, exits the castle, exiting the town. She heads to a dock and rows a boat to another land, past a rock that is home to sea lions. She keeps walking past a field of sheep towards a storm and wades into a puddle of mud, not noticing or caring that she is dirty nor that there is a frog on her. Finally, she reaches a distant cliff surrounded by pouring rain and vents out all of her rage, causing a flock of birds to fly out of a nearby tree.]*

**Morag:** *[livid and screaming]* "I… HATE… THE… ***LOOOOOOOOOOUUUUUUUUUUDDDDDSSSSS!*** "

*[Morag pants from such seething fury; her hair becoming completely wild and on end. Lightning strikes behind her. She approaches the tree and starts digging.]*

*UH OH! THE LOUD'S ARE REALLY UP SHIT CREEK!*

*[Another strike of lightning hits as it cuts back to the Loud Castle. Lucy and Lucille are in Lucy's room.]*

**Lucy:** "What a wretched day."

**Lucille:** "I wish we were out in it." *[She and Lucy laugh as she floats around]* "But seriously, cousin, we have an urgent matter to discuss."

**Lucy:** "Our bond of eternal sadness?"

**Lucille:** "Nay. What I must say, others may not want to hear." *[shuts the door]* "Lucy, what Morag said at the coronation is not true. My family *did* return to Loch Loud.

On that fateful day, our hearts were as full as our sails."

*[Fade transition flashback to 400 years ago. A ship is crossing*

*through the sea with the ancestral Louds on it.]*

**Lucille:** *[narrating]* **"We longed to be home again."**

**1600s Lisa:** "I've missed me laboratory."

**Lucille:** "And my coffin."

**1600s Leni:** "And me Scott. He's from Scotland."

**1600s Louds:** *[deadpan]* "We know."

*[1600s Rita pulls out a nautical telescope and sees their beloved hometown.]*

**1600s Rita:** "Home is on the horizon. Land ho!"

*[The 1600s Louds cheer as a dragon flies toward the ship.]*

**The Duke:** "Look, family. It's our Lolo. She's come to escort us home."

*[They cheer once again.]*

**1600s Lynn:** "That's our girl!"

*[All of a sudden, Lolo's yellow eyes turn purple, her expression changing from happiness to anger. She dives toward the ship and uses her wings to create a gust of wind, moving the ship back. The family screams.]*

**1600s Rita:** "What's come over her? She's turning us away."

**The Duke:** "How are we to get home?"

**Lucille:** "We're not."

*[Lucille is next to the Duke.]*

**The Duke:** *[startled]* " *Ahh!* "

**Lucille:** "The dragon forbids it."

**The Duke:** "But why?"

**Lucille:** "According to ancient lore, the dragon is the protector of the loch, and a Duke's truest friend, until it deems the Duke worthy no more."

**1600s Lynn Sr.:** *[frustrated]* "Dah! Ding-dang ancient lore!"

**The Duke:** "I've done nothing to earn such a fate." *[walks up at the front of the ship]* "Lolo, I command thee to let us pass!"

*[Lolo responds by shooting a fireball toward the Duke's direction, who dodges it with a scream.]*

**Lucille:** "'Tis no use, dear brother. Our fate has been decided."

*[She, along with the other Louds, are disheartened.]*

**The Duke:** "I shan't argue with that. Mother, turn the ship around. And to all, bid your farewell to Loch Loud." *[Lolo shoots another fireball at the ship]* "Ahh! What now?"

**Lucille:** "Uh, you must give the crown back."

**The Duke:** *[turns to Lolo, despondent]* "Of course."

*[He walks back up and hands over the crown to the dragon. Lolo takes it and flies off, and the 1600's Louds' ship turns around, away from their home. Lucille looks back, and the flashback ends.]*

**Lucy:** "That's so sad. Normally, I like sad, but that's too much. Why would Morag lie about your family never returning?"

**Lucille:** *[gasps]* "Our caretaker Old Aggie! She kept a journal that chronicled everything that happened in the castle. Perhaps the answer lies within its pages. I wonder where it may be?"

*[Lucy and Lucille scratch their chins in wonder.]*

* * *

*[Back at the cliff, Morag is holding up the journal Lucille described.]*

**Morag:** *[laughs maniacally]* "My deviously brilliant, wicked, dear Old Aggie." *[kisses the book, getting mud in her teeth. She spits it out.]* "You were the first to rid this loch of hideous Louds."

*[She flips the pages, one set showing a dragon with normal eyes while the royal scepter is empty, another set of the dragon with purple eyes with a stone in the scepter, before revealing the stone embedded in the next set of pages. She cackles with the stone in her hand. Fade into Lucille's flashback just after Lolo drove the 1600's Louds away, with the stone in the royal scepter. Aggie, who is holding the scepter, is laughing evilly as Lolo returns with the Duke's crown, the 1600's Louds' ship retreating. Lolo drops the crown at Aggie's feet.]*

**Aggie:** "Well done, you monstrous, pea-brained cretin."

*[She removes the stone from the scepter, causing Lolo's eyes to revert to their old yellow, snapping out the hypnosis. Lolo looks around, then looks down and sees the Duke's crown, then Aggie, who is once again laughing evilly, and flinches in shame. Back to the present, and Morag, standing on the very same cliff Aggie stood all those centuries ago, is still laughing evilly.]*

**Morag:** *[holding the stone]* "You got rid of your Duke, and I shall get rid of mine!" *[cackles]*

---

*[Meanwhile in Lincoln's room, Lincoln takes a deep breath, and calls up Clyde. Back at the McBride residence in Royal Woods, Clyde is sitting at a table in his kitchen by his phone. Once he sees Lincoln is calling, he picks up immediately.]*

**Clyde:** "Hi, Lincoln! How is the best bud that a best bud…" *[cuts to Lincoln]* "… could ever have enjoying his vacation?"

**Lincoln:** "You won't believe it, Clyde. Turns out my family is royalty, and I'm the new Duke of Loch Loud!"

*[Morag, who is wet from the rain, listens in from behind the door, growling.]*

**Clyde:** " *Holy dream puff! That's awesome! I guess now that you're a Duke, you don't have to worry anymore about whether you're special."*

**Lincoln:** "Yup! No more being stuck in my sisters' shadows."

*[Morag's eyes widen.]*

**Clyde:** " *Yes!* "

*[She wickedly smiles and chuckles evilly as she continues to eavesdrop.]*

**Lincoln:** "All hail the Duke!"

**Clyde:** " *Wait a minute. How are you gonna be the Duke of Loch Loud when you're back in Royal Woods? Do they have, like, an exchange program?* "

**Lincoln:** *[gulps; nervous]* "Um, not exactly." *[nervously chuckles]* "Which is why… " *[braces himself]* "We moved to Scotland." *[He looks to see that Clyde is silent]* "Clyde?"

*[Clyde suddenly grins.]*

**Clyde:** " *Lincoln! This is the coolest news!* "

**Lincoln:** "It is?" *[sighs in relief]* "That's such a relief. I can't wait for you to come visit."

**Clyde:** " *Me too! I'd love to visit Scotland. Hey, I gotta go.* " *[cuts to his angle]* "But call me later 'cause I wanna hear all about your new super duper amazing life!"

*[Clyde hangs up, and the camera zooms out to show an orange cake that says "Welcome Home, Lincoln". He tears up, letting his real emotions show, and sobs into the cake.]*

**Clyde:** *[smacks]* "Needs more cinnamon…" *[continues crying]*

*[Cut back to the Duke's room… ]*

**Lincoln:** "Ah, what a friend."

**Morag:** *[grins evilly]* "The sisters. Yes, that's it."

*[She walks away, laughing sinisterly and starts to sing.]*

*The time has come to play pretend*

And I'll trick Lincoln into thinking I'm his friend

*[She slides down the banister as a shining spotlight casts on her, and dramatically walking down the stairs in four different colored spotlights.]*

*And I'll humiliate the boy, you see*

And drive the Louds away from me for good

No, no, no, no, no!

*[She has a fantasy sequence in which she is on a beach with a sand castle. Ships full of Louds approach, and the hordes of Louds swarm Morag as she stands on the castle before putting on the crown to repel them.]*

*I must do more*

So other Louds never set foot upon this shore

To stop them coming after me

I'll need the crown's authority for all to see

The duchess I must be!

*[A flashback shows Aggie detailing the powers of the Dragon Stone in her journal. In the present, Morag reads over the page, and turns to another one containing the 1600's Louds, who panic, and rips it to reveal the stone.]*

*It's what you started*

I vow to finish

The reign of Louds over this castle will diminish

*[Cut back to the flashback, Aggie sings as the shot orbits around her with the journal cutting back to the present with Morag.]*

' *Cause if I want tranquility*

The duchess I must be!

*[Morag laughs evilly, and in her casual wear, she spins around with a feather duster in hand. She breaks the duster in two. Cut to the town of Loch Loud, where the citizens are hoisting their precious Duke up in the air. Morag appears as a giant, takes Lincoln from their grasp, and tosses him away. The citizens gasp at this, and are now sad.]*

*This foolish town adores that boy*

But I'll break their little hearts, oh, what a joy!

*[The scepter comes into frame and it zooms in into its majestic inside. Lincoln is shown to be in a free fall. A spotlight casts on Morag afterward.]*

*And with the dragon on my side*

I'll take the Duke up for a royal ride

What an embarrassing turn of events

*[Morag puts on the crown, and with the scepter in her hand, she looms over the Louds, terrifying them to run away. The scene then transitions to her skipping playfully onto the crown in a shiny, golden background with treasures raining down.]*

*It's what you started*

I vow to finish!

The reign of Louds over this castle will diminish

'Cause if I want tranquility

The duchess I must be

*[Morag is then seen in a dark background, surrounded by the disheartened Louds.]*

*Is it wrong to long for quiet?*

Should I just let this family be?

No!

*[Morag flies towards the camera. The scene cuts to the Louds at sea before Morag surfaces like a shark and rises upwards, surrounded by the hypnotized Lolo, who breathes fire.]*

*The Louds will sail across the sea*

And then this town belongs to me

The duchess I will be!

*[The scene fades back to reality, with Morag reading Aggie's journal and laughing. She closes the journal, and exits the room, right before Lucy appears in front of her with a crow caw in the background.]*

**Lucy:** "Morag."

**Morag:** *[startled]* "Ahh!" *[quickly hides the journal behind her back]*

*[Lucille appears next, floating above Lucy as another crow caws.]*

**Morag:** *[gasps]* "Why y-you're… you're a… a ghost."

**Lucille:** "You told the people that my family sailed away forever. 'Tis not true. I was there."

**Morag:** *[nervous]* "I-I-I know only what my ancestors passed down to me."

**Lucille:** *[floats toward Morag, who backs away]* "I want to see for myself. Old Aggie's journal. Where might it be?"

**Morag:** "A journal." *[slides up the journal inside the back of her clothing]* "I-I didn't know she kept a journal."

**Lucy and Lucille:** "We've got our eyes on you."

Lucille then went invisible and she grabbed the journal without Morag noticing a thing.

In Lucy's room, Lucy and Lucille made a REALLY SHOCKING DISCOVERY! 400 years ago, The Loud's ancestors were forced into exile because Morag's ancestor drove them away!

It is revealed that one of her ancestors, Aggie, drove the Louds' ancestors away from their kingdom in order to achieve peace and quiet, and her ancestors have kept it that way for the past 400 years. As a result, the town of Loch Loud fell on hard times, with the town have no sense of basic architecture and direction. Yet, Morag paid little heed to the town, as all that mattered to her was deafening silence.

Lucy was shocked!

Lucy Loud: That wicked demon. She must be stopped after we deal with Team Dark Phoenix Storm.

Lucille: We can't let that foul beastly demon get away.

Lucy Loud: I need to tell J.D. about this.

Lucy then called me.

Back at the estate I was still crying and Nico and Allie were comforting me.

Nico: It's be all right.

Then the phone called.

Me: (Sniffles) I'll get it. (Answers) Hello?

Lucy Loud: J.D. we have trouble.

Me: (Perks up) Lucy what's wrong?

Lucy: You won't believe what we found out.

We learned what Lucy discovered and it was so shocking that it infuriated me. I clenched my fist so tight that blood came pouring through my knuckles and it burned the carpet.

Me: THAT MOTHERFUCKING WITCH!

Nico: So she is the reason why she caused Loch Loud to fall apart! I knew she was low but siding with Team Dark Phoenix Storm and all that just to kill you guys and everyone on the planet is going too far!

Me: I should kill that bitch!

Lucille: No don't. She's not worth it lads.

Me: Oh and you are?

Lucille: I'm Lucille Loud and it's a pleasure to meet you J.D. I'm Lucy Loud's ancestor from 400 years ago.

Eli: Wow it's a pleasure to meet you.

Me: Same here. It's an honor.

Nico: Yeah.

Meanwhile in Japan, Keiichiro and Kairi Yano were at GSPO HQ and they were there to recruit the leader of the Gangler's, DOGRANIO YABOON!

Keiichiro: Dogranio, I can't believe it's come to this. But we need your help.

Dogranio Yaboon: I heard. Team Dark Phoenix Storm is running amok and you want me to join the Masters of Evil.

Kairi Yano: That's right.

Dogranio Yaboon: Very well. I wil join you all but on one condition.

Keiichiro: And that would be?

Dogranio Yaboon: That I get a clean slate and record as well as frenemy privilege's like some of the members of Team Loud Phoenix Storm do.

Keiichiro: Like with Bluto and Torch Tiger.

Dogranio Yaboon: Exactly.

Keiichiro: Done.

They released him.

Keiichiro: Oh, did I mention Goche's in Team Dark Phoenix Storm too? But Nico managed to get her Get big/Gros caliber Lupin Collection piece before she joined Mr. Mind.

Dogranio Yaboon: So Goche has betrayed me. She will pay dearly for that.

Kairi Yaro: Yes she will.

Back at the World Tree Estate we were getting ready for when Lincoln gives us the signal. With us was a new teammate, Gage and he is a yellow hedgehog with tan skin, brownish green left eye and a blue right eye, blind, but I'm sure you can fix that, has the same abilities like Sonic and Shadow, uses weapons like a flame thrower, and wears white gloves, white socks, red shoes with a black stripe and silver buckle, and yellow bracelets and anklets. He would show up after you guys did a work out session in the gym with the Sonic Heroes from Sonic Heroes Adventures. I'll let you and the others come up with the rest on how Team Loud Phoenix Storm meet the group. Also, they would be suspicious about Margaret, Plankton, and Ganondorf on their team, but they have an understanding.

Nico was looking at picture of him, J.D., and the Loud's all having fun together.

Maria: (hugs Nico) I know, Nico. I'll miss them too.

Nico: I know Maria. But this is what he wants and I for one will be happy to accept it.

Gage the Hedgehog: Don't give up hope Nico. They may be gone but you will never be apart as long as you remember everything that you all did together and that's all counts.

Nico: That's true Gage. I'll never forget everything we did. Especially for me during the 20 Days of Darkness.

May: That's true. We'll always have them in our hearts.

Keiichiro and Kairi came back and they had Dogranio Yaboon with them.

Kerbero Gangan: It's good to have you back, boss!

Dogranio Yaboon: And it's good to be back too.

Nico: Awesome to meet you Dogranio.

Dogranio Yaboon: Same here Nico and it's an honor to meet you and J.D.

Me: Same here.

Dogranio Yaboon: I heard you're all going through some hard times because of Lincoln and his family going to Scotland.

Me: Yeah we are.

Eli: But we'll make it through this.

Arrietty: That's right guys. With or without Lincoln and his family, we are still powerful.

Linka: That's right but you guys still have me and my brothers.

Jaime: That's right. Never forget that guys.

Zamigo Delma: (to Dogranio) This isn't exactly how I wanted our reunion to go. Sure, the Ganglers have you back. But Lincoln and the others might be leaving the team. I may not have known them for that long but they've proven to be good people.

Dogranio Yaboon: In the eyes of many they are good people.

Nico: That they are. Always great friends and awesome brothers and sisters.

Lars Loud: They sure are.

Nico: And they will always be good people. All right lets get ready everyone. It's time to put Operation Venus Raven into effect.

Eddy: Dude, are we just going to forget that Lincoln and the others are probably leaving the team?

Nico: Well, we'll just have to make this last day their best one yet!

Eli: That's right!

Luke Loud: And it will be awesome!

Naruto: That's right.

Nico: Let's get the ship ready

Me: Okay.

We went to the garage and got the ship ready for liftoff.

Me: Just about ready.

But then I got a red alert light flashing on my smart watch!

Me: Uh oh! Nico we got trouble!

Nico saw that the Loud Kids were all thrown in a dungeon.

Nico: Team Dark Phoenix Storm is on the move!

Nico: J.D., I think I have an idea.

Me: Lay it on me Commander.

Nico: You and 23 groups will go out and take down the members of Team Dark Phoenix Storm at the locations Chameleon told us about. I'll head out to Scotland and free the Loud's so we can help out and face them. But first we got to delay the countdown as long as we can so we're going to send a warning message to Team Dark Phoenix Storm.

Me: But my threatening message got me whacked on the head the last time with Cyclonis the last time.

Nico: I know but this is different. Make it an order.

Me: Okay. I know just what to do. We'll give them a nasty warning mark. Swords up everyone!

We held up our swords.

Suddenly, the members of Team Dark Phoenix Storm, except for Goche, Baron Nero, Saberleomon, Eyezor, Tommy, Eriedrone, Chur, TTG Slade, Omar, Maurice, and Deadshot minus Chameleon, began screaming in excruciating pain as something was being etched on their foreheads as blood and energon was now leaking from them. It was an inverted pentagram, the symbol of eternal damnation, and a kanji was written underneath the inverted pentagrams of Mr. Mind and his group as blood and energon was now falling from the kanji, "Team Dark Phoenix Storm, you good-for-nothing, evil, irredeemable psychotic, vengeful, world-destroying crazed, heartless, maniacal bastards from the darkest depths of Hell. Prepare yourselves, because today, your time of judgement has come, and eternal damnation awaits your miserable souls!"

チームダークフェニックスストーム、あなたは何の役にも立たない、邪悪な、取り返しのつかない精神病、復讐心、世界を破壊する狂った、無情な、地獄の最も暗い深さからのマニアックな野郎。今日、あなたの裁きの時が来て、永遠の天罰があなたの惨めな魂を待っているので、あなた自身を準備してください！

Maria: What are you waiting for, Nico? Now's your chance to get them out!

May: Don't worry! We'll wait for you!

Nico: Right! HOLD ON GUYS! I'M COMING!

Nico flared up his aura and flew out to Scotland!

Me: Lets go guys! We got a planet to save! LETS GO! LETS GO! DOUBLE TIME! LETS GO!

We were off!

Nico was flying fast to Scotland.

ZOOM!

(DRAGONBALL Z ANDROID COMPENDIUM BY BRUCE FAULCONER PLAYS)

Nico was flying fast like anyone wouldn't believe. He was flying fast across the ocean!

Nico: Hold on guys! I'm almost there!

ZOOM!

Back at the castle, the Loud Kids were locked in cells in the dungeon.

Lincoln was crying and sad when suddenly he heard a huge thud and he saw the door get kicked down and Nico was standing in the doorway with a guard knocked out and Lincoln's parents and sisters were with him.

Nico: Someone call for a hero?

Lincoln: Nico!

He went over.

Lincoln: You guys came back for us.

Nico: (smiles) What kind of leader would leave their teammates to die?

Lincoln then hugged Nico.

Nico: I missed you too. Lets go guys. The world is in danger!

Lori: Right!

Laney: Lets get them!

Nico used Instant Transmission and they beamed to the ship.

Nico and the Loud Family came back and we were on the ship.

Lincoln: I'm really sorry, guys. If we hadn't gone to Scotland…

Vypra: (smiles) We're just happy to have you guys back.

Electro: Same here guys.

Nico: But it's awesome to have you all back.

Eli: Yeah.

Twilight Sparkle: Oh Lincoln it's great to have you all back.

Nico: That's right. Prepare for battle everyone! The fate of the world depends on it! Failure is not an option. If we fail we have no future.

Me: That's right everyone. We can't afford to lose here!

Nico: Okay, guys. This is it. Everything we've ever learned about yourselves, your strengths, and your limits… it all comes down to this very moment. We're the world's last, best hope to stop these assholes. So we're going to trash those missiles any way we can! No matter who we gotta go through to do it.

Me: YEAH!

Lincoln: YEAH! We're going to tear them apart!

Nico: That's the spirit! Lets get them!

We were off to all the corners of the world and we were ready to face TEAM DARK PHOENIX STORM!

---

Battle 25: Eli, Ariel, Lucille Loud, Nunnally, Starfire, Twilight Sparkle, Princess Celestia, Cozy Glow, Kaos and Spyro VS Morag

---

Morag: NO! YOU ALL RUINED EVERYTHING!

Eli: You have serious problems you bitch!

Ariel: That's right! You need to be taught a lesson about friendship and humility!

Nunnally: You have the audacity to try and kill the Loud's and everyone on this planet all for some peace and quiet!? You have issues lady!

Lucille: Just like your ancestors did.

When everyone in Scotland heard Lucille say that, they were absolutely outraged with Morag!

Starfire: That's right everyone. You heard Lucille.

Morag: FINE! I ADMIT IT!

She blabbed about everything and how she sided with Team Dark Phoenix Storm to not only kill the Loud's but also destroy the entire planet all just to get some fucking peace and quiet! WHAT A RUTHLESS AND HEARTLESS EVIL WITCH!

THE WHOLE TOWN WAS OUTRAGED EVEN MORE!

Twilight Sparkle: If you weren't human we would gladly kill you!

Cozy Glow: You have done worse things than anything I did.

Spyro: And you will pay for your crimes!

They punched and pulverized her all over the place and smashed her down and then I walked up to her and shot her legs with a 12-Gauge Shotgun and grabbed her by her shirt and lifted her off her legs.

Me: YOU LISTEN TO ME YOU BIG-ASSED WITCH! The Loud Family are my friends and I have known them for 5 years ever since I moved to Michigan and they are the greatest friends I could ever have and I love them like my own brothers and sisters! You hate them and want nothing more than to kill then and that makes you nothing but a motherfucking big-assed Spawn of Satan and you are pure evil incarnate! ALL YOU ARE IS NOTHING BUT A TERRORISTIC MISANTHROPIC CYNICAL PIECE OF FUCKING SHIT AND YOU DON'T GIVE A FLYING FUCK ABOUT ANYONE BUT YOUR FUCKING GODDAMN SELF! Let me warn you. if you ever get out of prison and you go after my friends again, I will know and then I WILL EAT YOUR HEART AND THEN YOUR FUCKING LIMBS! DO YOU FUCKING UNDERSTAND ME YOU PUTRID MOTHERFUCKING BITCH!?

She was scared to death of me! And then she peed her pants and I saw it drip from her legs.

Nico: WHOA! Remind me never to make J.D. mad like that.

Eli: Noted but way to lay down the law on that psycho bro!

Laney: Yeah you tell her!

Me: GET THIS FUCKING PIECE OF TRASH OUT OF MY SIGHT!

The cops came and took her away.

Nico: Hope you like being in a Scottish Prison.

Lincoln: Morag, I thought I trusted you, but what you did was downright evil. Trying to kill me, my family and trying to drive everyone out of town, just for some simple peace and quiet. I like it as much as the next guy, but I would never go that far. So it gives me great pleasure to perform one last act as Duke before I give the crown to someone more deserving. And that act is giving you your punishment for all that you've done.

Morag: So what are ye going to do then, boy? Lock me in the stocks for the rest of time? Behead me in front of the whole village? Blind me with pepper spray?

Lincoln: As tempting as those options are (especially the pepper spray), I'm gonna pass. Much like my hero, Ace Savvy, I'm just gonna let the courts do their work…

ONE DAY LATER…

At a courthouse, the judge was declaring morag's fate as everyone watches.

Judge:… And thanks to the persuasive testimony of Lincoln Loud (thank you, Mr. Loud), the court hereby sentences you to fifty years in HM Prison Barlinnie with no chance of parole. (Bangs gavel)

Morag: (GASPS)

Me: And you are also hereby cursed. If you ever tried to get out of prison it will kill you and super hakai your evil soul! Also I have this for you.

I pulled out a special RED HOT BRANDING IRON in the shape of the Star of Satan and it also had the kanji for "Morag McLaughlin, THE MOST EVIL TRAITOR IN ALL OF SCOTTISH HISTORY AND MURDERER AND USURPER OF THE GREAT LOUD CLAN AND MOST RUTHLESS MONSTER THAT EVER LIVED - ATTILA THE HUN REINCARNATED!"

スコットランドの歴史の中で最も邪悪な裏切り者であり、偉大な大声族の殺人者であり、かつてないほどの無慈悲なモンスターであるモラグ・マクラフリン-アッティラ・ザ・ハンが生まれ変わりました！

I branded her with the most evil brand ever known and it was placed right into the middle of her forehead! It would be her mark of eternal damnation!

In the middle of the star was the kanji for Traitor.

裏切り者

Lincoln: (wearing his blue convincing suit) Sorry, Morag. It's outta my hands…

Me: Lincoln has been known for giving a magnificent and convincing presentation.

Cut outside the courthouse, where a handcuffed Morag was escorted away by two cops as the towns people glared at her.

As well as the town holding up pitchforks, torches and protest signs and even shouting at her. They even threw rotten fruit, vegetables and eggs at her!

SPLAT! SPLAT! KRASPLAT! SPLAT! PAF! SPLAT! SPLAT! KRASPLAT!

Lynn and Rainbow Dash were dressed up as Sports Consessions sales clerks.

Lynn: Rotten fruit and vegetables for throwing! Get your rotten fruit and vegetables here!

Man: Got anything heavy?

She gave him a watermelon.

Lynn: How's this?

Man: Perfect! Thanks lass.

Lynn: You're welcome.

He gave her some money and the man threw it and it hit Morag.

SPLAT!

NICE SHOT!

Morag: Come on, I was just kidding about all that stuff I did earlier! You all knew that, didn't you? (The cops push her into a police paddy wagon marked "Institution For the Criminally Insane") with trying to kill off the louds, mind control that dragon and take over the town? Hahaha, wasn't that hilarious everybody? (The people didn't buy it and the paddy wagon speeds off) I WILL DESTROY ALL OF YOU!

Lucille: Ha, and I thought having her serve us would be punishment enough, but she would just plot her revenge and start this whole mess over again, so I hope she enjoys her peace and quiet in prison.

Nico: With a terrible curse that was just put on her. If she ever escapes she'll die if she steps 10 feet out of the prison and be Super Hakaied.

Everyone cheered wildly for us! WE SAVED THE WORLD AND STOPPED A DANGEROUS MADWOMAN FROM TAKING OVER SCOTLAND AND DESTROYING THE PLANET!

Later we found out that Lincoln decided to give the castle to Angus and pass on the crown to him which was a REALLY noble thing to do.

*[Back at the castle's yard, the sisters surround their brother. Lori playfully noogies Lincoln's head.]*

**Lana:** "Lincoln! You giving the crown to Angus was the coolest!"

*[Leni nods, giggling, followed by Luna laughing.]*

**Luna:** "You're a good dude, dude!"

**Luan:** "Yes!"

Laney: That was very awesome bro.

*[Leni laughs.]*

**Lori:** "But all that stuff about you not feeling special."

**Lynn:** "What was that?"

*[Lincoln sighs wistfully; an explanation is needed.]*

**Lincoln:** "You're all so good at everything. You win trophies, get your pictures taken. And, I wanted to be special too."

**Lola:** "Lincoln, you *are* special."

**Lincoln:** "I am?"

Laney: You sure are bro.

**Lori:** "Yeah. Just like how Angus takes care of everyone in Loch Loud…"

**Luan:** " *You* take care of *us* ."

**Luna:** "Every day, bro."

**Lana:** "For reals."

**Leni:** "That's why you're the most special brother ever."

Me: That's right buddy. We all think you are really special and you are also the best friend anyone can ever have.

*[The parents and Lily walk over to the siblings.]*

**Lori:** "Literally."

**Lana:** "That's right!"

**Lola:** "Yeah."

**Luan:** "I'll say!"

**Lisa:** "Indubitably."

**Lincoln:** *[looks at his family and hums warmly]* "I'm good with that."

**Lily:** "I love you Lincoln."

**Louds:** *[touched]* "Awwww!"

*[They group hug.]*

**Lucy:** "Warm feelings."

Nico: Well, Lincoln. Do you and your family want to stay in Scotland or…

Lincoln: No. I'm staying with you guys. Being descended from Scotland is nice and all. But nothing can replace family.

Me: That's true and we're proud of you buddy. This adventure really was amazing for you.

Nico: It sure was. Before we go home how about you show us around your ancestral castle?

Lincoln: Sure Nico. You'll love it.

We got to see their castle.

Cole: Should we tell Nico about what you told us or…

Chameleon: For now, let's enjoy the moment.

Cole: Okay.

We saw around the castle and it was really amazing. We even saw the picture of the Loud's ancestors from 1621 and it was amazing.

Nico: Wow! Are these your ancestors?

Lincoln: Yep they sure are.

Me: Wow! The resemblance with your 17th Century Ancestors is completely uncanny. They all have the same personality traits and hobbies like you do today.

Laney: That's really amazing.

Lucille: But we can't thank you enough for helping us all J.D.

Me: It was our pleasure Lucille.

Lucille: If it's all right with you, can me and my family join you guys?

Me: If that is what you want then we won't stop you.

I snapped my fingers and the Loud's ancestors were brought back to life.

Lucille: Thank you all for everything.

Nico: It was our pleasure. Now that your family name has been avenged and justice has been brought to that Evil Witch, Morag, she will never terrorize the Loud Family again.

Me: You said it commander.

Brittney: Welcome to the Goths of Darkness Lucille.

Lucille: Thanks lass.

Nico: But you all did a really great job. I'm proud of all of you.

Me: Thanks commander.

But then suddenly my sword glowed.

Me: Huh?

I unsheathed my sword and it was emitting a powerful energy.

Nico: Uh are you doing that J.D.?

Me: No my sword is resonating a powerful energy!

But then suddenly, Sunset Shimmer, Fluttershy, Rainbow Dash, Rarity, Pinkie Pie, Applejack, Starlight Glimmer, Trixie Lulamoon, Lyra Heartstrings, Vinyl Scratch and Moondancer glowed in powerful orbs of light and then my sword fired blasts of rainbow energy from the blade and they hit each of them and the power was incredible!

Me: WHOA!

Nico: WHOA! WHAT POWER!

Eli: What's happening to them!?

Then in a massive flash of light everything went quiet.

Me: WHOA What was that!?

Nico: That was powerful!

Lincoln: Look!

We saw that Sunset Shimmer, Fluttershy, Rainbow Dash, Rarity, Pinkie Pie, Applejack, Starlight Glimmer, Trixie Lulamoon, Lyra Heartstrings, Vinyl Scratch and Moondancer were gone and scorch marks in the shapes of their cutie marks were where they stood!

Me: WHOA! THEY'RE GONE!

Little did we know however that things were about to get amazing.

---

In another dimension, the Mane 11 woke up.

Applejack: (Echoing) Hello?

Rarity: (Echoing) Where are we?

Fluttershy: (Echoing) I don't know.

Moondancer: (Echoing) What is this place?

Lyra Heartstrings: (Echoing) I don't know.

Rainbow Dash: (Echoing) We got to find Twilight and the others.

Then Princess Celestia appeared.

Princess Celestia: Congratulations to all of you. I always knew you were all destined for so many great things.

Starlight Glimmer: Princess Celestia.

Trixie Lulamoon: I don't understand.

Lyra Heartstrings: What did we do?

Princess Celestia: Ever since before and after you all joined Team Loud Phoenix Storm, you have done so many amazing and great things that shows that you all have gone beyond the work of normal ponies everywhere and you all have achieved so many amazing feats none of which have ever been seen before in Equestrian history. Your friendship with everyone in Team Loud Phoenix Storm has gotten stronger than anything I've ever seen before and your love with Lincoln is stronger than anything anyone has seen even though you are continents apart. And with that you all have proven that you are all ready.

Rainbow Dash: Ready for what?

[Princess Celestia]

You've come such a long, long way

And I've watched you from that very first day

To see how you might grow

To see what you might do

To see what you've been through

And all the ways you've made me proud of you

It's time now for a new change to come

You've grown up and your new life has begun

To go where you will go

To see what you will see

To find what you will be

For it's time for you to fulfill your destiny

We saw screens of all the great accomplishments that the Mane 12 and all of us have done over the years since before and after they joined us on Team Loud Phoenix Storm as well as how they have helped out many creatures all over great and small and how they have done so many great things over the years. But then Princess Celestia had all the Mane 11 glow in energies of their respective colors.

Suddenly MASSIVE FLASHES OF LIGHT FOLLOWED BY EXPLOSIONS OF MAGIC WERE SEEN IN THE SKY ABOVE THE SCOTTISH CASTLE and the explosions formed into the respective cutie marks of the Mane 11. The bells of angels tolled and the power coming from them was incredible!

Me: WHOA! What power!

Eli: Unbelievable!

Lana: WOW!

The cutie marks landed and then in domes of magic energy we saw the Mane 11 standing in them.

Twilight Sparkle: Girls is that you?

We saw them spread wings and we saw that they had horns on their heads and we saw that they all have become TRUE ALICORNS AND WE GASPED IN INCREDIBLE AMAZEMENT!

Me: WHOA!

Nico: INCREDIBLE!

Eli: OH WOW!

Varie: Amazing!

Me: You've all become Alicorns!

Nunnally: That is awesome!

Arrietty: Yeah it is! Wow! You girls look amazing like this!

Applejack: I didn't know this happened to us.

Rarity: I look simply amazing darling.

Pinkie Pie: TRUE ALICORN PARTY!

CRASH!

Pinkie Pie wasn't used to her wings yet.

Fluttershy: Wow! This is amazing.

Rainbow Dash: I look awesome!

Apple Bloom: Wow! Sis you look amazing as an Alicorn!

Me: You all have become princesses. This is amazing.

Nico: Yeah it sure is. Congratulations to all of you.

Lyra Heartstrings: This is amazing.

Me: I guess my sword knew that the time was right for you all.

Laney: It sure did. You guys are awesome as ever now.

Pickle Barrel: Captain Rainbow Dash looks amazing!

Barley Barrel: She sure does. Way to go Captain.

Nico: We should also call you girls now The Princesses of Harmony.

Princess Celestia: That is a fantastic title for them Nico. (To Twilight and Friends) Since the day you all joined Team Loud Phoenix Storm and saved Equestria many times from destruction and became amazing friends, you all have displayed the charity, compassion, integrity, optimism, wisdom, guidance, virtue, valor, justice, love and devotion and of course leadership of true princesses.

Me: Wow.

Eli: This is amazing.

Princess Celestia: We'll all still be here to help and guide you but we're all your students now too. You are all an inspiration to us all princesses.

Me: That's right Princess.

We bowed in respect to the Princesses of Harmony.

Princess Celestia: And we are honored with how far you all have come.

Nico: I'm glad you think so Princess. Lets get ready to head home.

*[A new song starts to play. The next day, construction occurs at Loch Loud. Mrs. Turnberry opens her door and finds it's no longer situated above the ground, but directly at ground level. The twins and Angus walk past her with a ladder; Angus waving at her. Mrs. Turnberry waves at the co-owners of the newly-merged Fish N' Chips Shoppe. Lincoln and Lily fly past them on Lela, holding construction equipment, and wave at the citizens.]*

*I've been searching high and low*

Looking for that place where I belong

Trying to find my way back home

To the land where I can sing my own song

*[Lincoln, Lily, and Lela skim over the river, flying past the restored bridge as a woman and a sheep wave at them. As they continue into town, Leni wipes a window in the shape of a heart, revealing Scott is restocking another shop, and the two wave at each other. Dragon and riders pass the window and by citizens restoring the unicorn statue. Lucy and Lucille are carrying bricks to restore the wall.]*

*Overlooked and overshadowed*

How will I stand out?

Maybe now I can be

Here on this side of the sea

With all my family standing beside me

They just might be the key

*[The Duke is repairing a window, telekinetically using a hammer to hammer it in. Lana saws a table with Angus holding blueprints, Lela lands with someone taking the ladder. Lincoln and Lily dismount, and Lela reveals she also has the restored bell. Later, Lincoln directs his ancestral double and Lucille to telekinetically lift the bell to its rightful spot.]*

*Can I find my kind of connection*

And a whole new direction to call my own?

Staring back at my own reflection

With the love and affection that I know

I'll always find my way back home

*[With the bell restored, Angus rubs Lincoln's hair, and the bell rings. Later, the modern and ancestral Louds are gathered at the castle. Leni, Scott, and her ancestral double admire a necklace, Lynn Sr. and his double converse, Luna and her double play guitar and lute together, Lucy and the twins are carried through the air by their respective doubles, Lori takes a selfie with her double… ]*

**Lori:** "Get my good side!"

*[Lisa and her double read a book… ]*

**Lisa:** "The brain belongs…"

*[Rita and her double also converse, and Luan juggles with her double, laughing away. Laney and her Scottish Double were reading mystery books. Lincoln and his double watch all of this and nod at each other.]*

Leni: Um, Scott? There's something I have to tell you. I don't think this relationship can work out.

Scott: What do you mean?

Leni: You're a nice guy and all, it's just that I don't think a long distance relationship is right for me.

Scott: It's okay, I understand.

Leni: I knew it, you don't-wait you do?

Scott: I understand what you said. You must not be ready for a relationship.

Leni: no, it's just that I just remembered I already have a boyfriend back home, Chaz. When I first met you, I forgot all about him! Now I'm worried that if he found out I was dating another guy, he would break up with me! So that's why we're better off as friends.

Scott: I understand. In fact, you just reminded me that I too have another someone I love. My girlfriend, Lucretia. I grew up with her but She and her family moved to Belgium last year. We kept in touch by FaceTime and email, but it wasn't the same. When I first saw you, I was glad you would at least keep me company during your stay, even if we did grew closer overtime. But then I realized Lucretia would also be mad if she thought I was cheating on her. Still, you're the nicest person I've ever met, and I wanna thank you and your family for saving our town from that wicked witch. I think it's best if we stay as friends.

Leni: Totes. Hey, maybe I can come visit you again, and I'll bring Ed and you can bring Lucretia back, that way we can have a double date!

Scott: Sounds terrific! Until then, fairwell lass. Have a safe trip home.

*[Leni kisses Scott on the cheek, and he blushes. Lincoln turns to Angus as the song comes to an end.]*

**Angus:** "I'll miss you, lad."

**Lincoln:** *[hugs Angus]* "If you ever need any Duke advice, you can call me."

**Angus:** "Deal. You are, after all, the Man with the Plan."

**Lincoln and Angus:** *[point at each other]* "Patent pending."

*[Angus chuckles.]*

Me: It was awesome meeting you Angus.

Angus: Same to you J.D. Thank you so much for helping us out and for helping to put that evil witch away.

Me: It was our pleasure.

Nico: We were just doing what we do best.

Me and Nico: (In Unison) Kicking Evil Douchebags in their Places That Really Hurt the Most.

We laughed and high five.

Me: (To the viewers) This was one of the most amazing adventures we've ever been. October 10th will forever be remembered in history as The Great Battle of TLPS and TDPS as well as the day we found out that Lincoln and his family are descended from royalty here in Scotland. It was really amazing that we dove deeper into Lincoln's family's history. The best part is that we finally got justice for the Loud Clan from back 400 years ago. The world is now safe again and Lincoln realized that he is more special to his family and us than he already knows. And this day will also be known as The Great Alicorn Ascension because now Twilight Sparkle and all of Twilight's Friends are now Alicorns and are now the Princesses of Harmony. This is one of the most amazing adventures we've ever had and it was awesome. Now we have to get the Loud's back home and also we got an awesome party planned not only for Naruto but also for our victory over Team Dark Phoenix Storm. See you all next time.

I left and we went back home to America.

Till we find our place

On the path unwinding

In the circle

The circle of life, circle of life

The girls went up to the alter and they were given the crowns of the Elements of Harmony and they were now officially crowned THE PRINCESS 12! Princess Celestia, Princess Luna, Princess Cadance, Princess Amore, Apple Bloom and Flurry Heart together make them officially known as THE PRINCESS 18! The parents of Twilight and her friends were so proud for all of their achievements as well as the great deeds they did.

We were all so proud of them. Even their parents couldn't be anymore prouder.

The princesses all stood on the balcony and waved to everyone and they were all so honored.

Meanwhile in the Scotland Prison, Morag was grumbling in defeat as she was locked up in Solitary Confinement. After everything she did, she now officially became the MOST HATED WOMAN EVER KNOWN! She was put in Solitary Confinement for her crimes. The guards fear that if she is let out into the prison population, they will kill her without even a single shred of mercy or remorse.

Morag: (GROWLS IN RAGE) CURSE THOSE FUCKING LOUDS! THEY RUINED EVERYTHING FOR ME! I HATE THEM ALL MORE THAN LIFE ITSELF! I WILL MAKE SURE THEY PAY FOR THIS AND I WILL HAVE MY REVENGE! **I HATE YOU LLLLOOOOOOOOUUUUUUUDDDDDDDS!**

Morag was never gonna be welcome in society ever again. She got 50 years in the HM Prison Barlinnie without parole and she was gonna be there till she dies. Because the curse she has on her will not allow her to step 10 feet beyond the prison walls and if she ever escapes, she will die instantly right on the spot and be banished to oblivion for her crimes.

The ancestors of the Loud family were avenged and their honor was restored and we revoked their exile. Morag and her family can burn in hell for their crimes. Team Dark Phoenix Storm had been defeated and half of them were thrown in jail and the other half was killed and banished to the Warp forever. Morag who essentially became the 25th Member of Team Dark Phoenix Storm is now in prison too. One can only hope that she will soon see the error of her ways. But after everything she did that will likely never happen. Never ever ever.

*[The end.]*

ANOTHER AWESOME CHAPTER DONE!

The Loud House Movie is one of the most awesome movies I've ever seen. It came out on August 30th, 2021 and it was so awesome! Morag is beyond a shadow of a doubt, the worst ever villain the Loud Family ever faced next to the Miller Family. This was so awesome! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Gage the Hedgehog, braedencarnes22, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this one. Thanks guys. Also today is also Gage the Hedgehog's birthday so I made this chapter for him as a birthday present by introducing his OC Gage. HAPPY BIRTHDAY TO YOU! The next rescue for me is gonna be in the world of Elektra from Marvel and me, the Regirock Gene-Slammer, Varie, Eli and Allie Wilde are gonna help Elektra take down Kirigi and we're going to meet a Kitsune-Bi named Haous and she will have a Blue Chromatic Dragon Gene-Slammer named Kelly Orromov and she will be the long lost sister of Dayna, Olga and Yuna Orromov. Lincoln's rescue will be in the world of World of Warcraft: Wrath of The Lich King. The next chapter is gonna be for the Werecats from Scooby Doo on Zombie Island and we're going to not kill them this time. We're going to strip them of their powers and throw them in jail.

See you all tomorrow.

# Werecats of New Orleans

In New York City, me, Ava Brown the Regirock Gene-Slammer, Eli and Allie were walking through the streets of the city.

Me: Looks like we're in New York City.

Allie Wilde: I always love going to New York City. So much to do.

Ava Brown: (Australian Accent) There's so much to do here mates.

Eli: Yep there sure is.

Me: Yep.

Ava Brown: Looks like we're back in the girl rescue business!

Ava concentrated and groaned as her skin got rocky.

Me: Yep we sure are.

Ava turned into Regirock.

Me: Yeah! And from the looks of things we're going to help Elektra. We haven't seen her in a while.

Allie Wilde: Wow I didn't know you guys met Elektra.

Me: Yeah it was a while back. Also I have a feeling I know who we're going to face next. We're going to face Kirigi.

Eli: That monster that killed her mother.

Me: Yep.

I went over his history.

---

**Kirigi** is the main antagonist of the 2005 superhero film *Elektra* . He is the leader of The Hand and the murderer of Elektra's mother.

He was portrayed by Will Yun Lee.

Kirigi was the son of The Hand leader, Roshi. He was one of the Hand's best warriors and assassins, and he became the leader of a small group of mutant ninja. Kirigi killed Elektra's mother when she was a child.

When the first attempts of the Hand to kill Elektra Natchios and kidnap the young Abby Miller failed, Kirigi was put in charge of the situation. Roshi assured him that if he accomplished his mission, he would become the new leader of the Hand.

Thanks to the powers of Tattoo, the group was able to find Elektra and her protegees in no time. Kirigi kills McCabe, Elektra's "manager", and then followed the woman, Abby, and Mark Miller in the woods. During the following battle, two of the Hand ninja were killed, but Elektra was defeated, and Kirigi himself kidnapped Abby. In that very moment, Stick and his men appeared and stopped the Hand ninja, forcing them to flee.

Then Kirigi was challenged by Elektra herself, and they came to an agreement. The two of them would fight, and if Kirigi won, he would have Abby. If Elektra won, the girl would be free forever. Kirigi accepted, and the two met in the same house in which Kirigi killed Elektra's mother. Using his superhuman speed and his swordsman abilities, Kirigi easily overwhelmed Elektra but was stopped by Abby from killing her. Then Elektra, who had learned enough of his fighting style to anticipate his speed, impaled Kirigi's chest with one of her sai, and threw him into a pit, where he disintegrated while falling.

---

When I was finished, everyone was horrified and shocked!

Allie Wilde: Whoa he is bad news.

Eli: Yeah he will pay for his crimes.

Me: He sure will and it won't be pretty.

Ava Regirock: He will be taken care of.

Me: Lets go get him.

We went after Kirigi and we found him at a mansion and we saw him clashing with Elektra and we went to help out and we clashed powerfully with him and then a blast of lightning hit Kirigi and electrocuted him and we saw that it came from a Blue Chromatic Dragon Gene-Slammer named Kelly Orromov and she is Daya, Olga and Yuna's long lost sister. With her was the next girl and it was a Kitsune-Bi named Haous and we slashed and killed Kiriji and avenged Elektra's mother. I then told Eli to cover his eyes and I put on my blind man glasses and then I snapped my fingers and Kelly reverted back and she was naked. Ava reverted back too.

Ava was human again. But naked.

Ava: (covers herself) Kelly, your sisters will be very happy to see you again!

Kelly Orromov: (Covers herself) You bet they will be.

Haous: They sure will.

I gave Ava and Kelly new clothes and they put them on.

Elektra: That must happen to the girls you meet a lot.

Me: It does.

Elektra: It's great to see you again J.D.

Me: Same to you Elektra.

We later went back home to the World Tree Estate.

---

After taking down Kirigi, Lincoln, me, Nico, Eli, Nicole, and She-Hulk were heading to the world of World of Warcraft: Wrath of The Lich King, and not only is Lincoln going to rescue the nine girls located here, but we're also going to deal with Arthas Menethil The Lich

King, who's returned from the dead, and is seeking revenge on us for killing him.

Lincoln: Wow, we're back in Azeroth, and I know what we're going to do here, not only am I going to rescue the nine girls located here, but we're also going to kill Arthras Menethil The Lich King again.

Me: That's right, big guy.

Nico: Yeah, we killed Arthras before, we'll do so again. But, he's going to be in for a surprise when he sees just how much stronger we've gotten.

Lincoln: That's right, Nico.

?: HELP!

Suddenly, Lincoln heard the sound of nine girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the nine girls, but they were cornered by Arthas Menethil The Lich King, and he was going to kill them, and imprison their souls in Frostmourne.

Lincoln: Guys, I found the nine girls, but that undead lich, Arthas Menethil, has cornered them, and he's going to kill them and imprison their souls in Frostmourne. Come on, let's go.

We rushed on over, and Lincoln punched The Lich King hard in the stomach, and sent him flying, and when he saw us, he was indeed enraged upon seeing us.

Lincoln: I should've known you'd return from the dead, Arthas Menethil. The chaos you caused to all of Azeroth is indeed unforgivable, and just so you know, we're not the same as when we'd destroyed you years ago.

Me: Arthas the Lich King!

Lich King: **So the mighty Team Loud Phoenix Storm has come yet again.**

Nico: You will pay for your crimes Arthas!

Me: Words cannot even begin to describe the savage onslaught of pain, death and destruction you and your minions have caused!

Fordring: That's right! I swore that I would see you dead and the Scourge dismantled! I'm going to finish what I started at Light's Hope!

Lich King: **So the Lights Vaulted Justice has finally arrived. And Team Loud Phoenix Storm is with you. Shall I lay down Frostmourne and throw myself at your mercy?**

Me: We don't show mercy to monsters like you Arthas.

Fordring: We'll grant you a swift death Arthas. More than can be said for the thousands you've tortured and slain.

Nico: We won't show any mercy on you Arthas. We're gonna make sure that your death is slow and excruciatingly painful when we kill you.

Lich King: **You will learn of that firsthand. When my work is complete, you will beg for mercy and I will deny. Your anguished cries will be testament to my unbridled power.**

Me: We'll see about that you cold-hearted fuckhead!

Nico: We're not the same as we were when we faced you the last time Arthas. We're more powerful than ever before.

We went at him.

Lincoln transformed into Super Angel-Ebonwu Infinity Thundersnow Buffalo Angel of Frozen Lightning Justice, and unholstered his massive Sword of Taranis from his wider muscular back, and he spreads his massive blue angel wings, and he went after the ruthless Lich King, and they clashed with their weapons, and sparks flew across the field, and Lincoln fired massive and powerful blasts of neon blue energy with elemental forces orbiting around the blue cores, elemental forces, ice, and ice lightning, which damaged The Lich King greatly. Then, Lincoln covers his massive blade with neon blue energy, and with a very powerful, one-handed swing from his massive blade, he fired a massive neon blue energy wave, which hits Frostmourne, purifying it, and freed the souls that were slain by it, and they attacked The Lich King with vengeance. Then, Lincoln fired a massive blast of ice, which hits The Lich King and explodes, killing him for good and it Super Hakaied his evil soul.

Lincoln: (Divine Echoing Cosmic Thundersnow Voice of Justice) Rest in Eternal Oblivion, Arthas Menethil.

We cheered wildly, as Lincoln holstered his massive Sword of Taranis on his back, and powered down. We saw the souls of the imprisoned heading back to the afterlife, and we also saw something happen, too. The now purified Frostmourne then merged with Lincoln's Sword of Taranis, and he got a massive power and energy increase, in the process. Then, Lincoln and Nicole went up to the nine girls located here, and when Lincoln saw them, he recognized them. The nine girls were Kazuki Arisaka, Chihaya Suzuhara, Marie Kagura, Niiana Isokawa, and Miu Serizawa from Tonagura, Lady Yodo, Akane Yagyu, Okuni, and Kai Narita from Onimusha.

Lincoln: Oh wow, it's Kazuki Arisaka, Chihaya Suzuhara, Marie Kagura, Niiana Isokawa, Miu Serizawa, Lady Yodo, Akane Yagyu, Okuni, and Kai Narita.

Nicole: From Tonagura and Onimusha, that's awesome. You have Okuni from the Samurai Warriors franchise in your harem, and now, you have Okuni from Onimusha.

Lincoln: Are you girls okay?

Kazuki Arisaka: Yes, we're okay, thanks to you.

Then, when Kazuki Arisaka and the other nine girls saw who it was that saved them from Arthras Menethil The Lich King, their faces all lit up like red Christmas lights upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, a lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic

Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon and in a circle were the marks of the other girls in Lincoln's harem with the Earth surrounded by the ring of mermaids, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Kazuki Arisaka: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones. We cheered wildly over the scene, and the girls in Lincoln's harem welcomed the new members of their future husband's harem.

Kazuki Arisaka: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

We went back home to the Estate, and when Lola Loud and our Warcraft friends heard about what'd happened, they were shocked when they heard that The Lich King returned from the dead. But, when Lincoln showed them what he did, they cheered wildly for what he did, and the terror of the ruthless Arthas Menethil The Lich King was silenced forever, and he'll never trouble Azeroth ever again.

---

(BANJO KAZOOIE TREASURE TROVE COVE THEME PLAYS)

After we silenced Arthas Menethil The Lich King for good, we got back to the Estate, and after yet another intense workout, we invited The Masters of Evil over, and we were having an awesome pool party to celebrate the permanent destruction of Team Dark Phoenix Storm and the downfall of Morag McLaughlin, The Traitor of Scotland.

Lincoln: Now, this is what I call an awesome way to celebrate the permanent destruction of Team Dark Phoenix Storm and the downfall of Morag McLaughlin.

Me: You said it, big guy.

Lori: That's right, bro, and not only did they, with the exception of a few, pay the price for the crimes they committed against the planet, Lincoln avenged The Loud Clan, and threw Morag in prison where she'll die in prison.

Luna Loud: Plus, if she tries to break out, J.D. put that nasty curse on her, which'll Super Hakai her black soul.

The Duke: That's right, and Lincoln, I'm so proud of you for what you did when you gave Angus the crown. You'd also realized you were even more special to your family and the team than you know.

Lincoln: I just didn't realize it, but thanks to everyone telling me about it, I finally realized it, and I'll never forget it, and to make sure of it, those words were imprinted in my mind and heart forever.

Me: Good for you, Linc.

Suddenly, our auras had flared up extremely, as we then gained a massive power and energy boost.

Eli: Whoa, where did that massive power and energy boost come from?

Lincoln: Oh, that's my surprise. I'd asked the guards in The Saturn Insane Asylum and The Neptune Prison for Traitors to broadcast our epic victory against Team Dark Phoenix Storm and Morag to Icky Vicky, Trina Riffin, Lila Rossi in our universe, and Mandy, and as soon as they see it, that'll set them off and they'll go mad with blind hatred and rage, and it'll also prove to Lie-la that we'll never turn against each other.

Then, Lincoln made a viewing mirror, and when he showed us Icky Vicky, Trina Riffin, Lila Rossi in our universe, and Mandy going mad with blind rage and hatred even foaming in the mouth like a pack of rabid dogs, we laughed hysterically and we were rolling on the floor at the sight of them losing it big time.

Nico: (LAUGHING HYSTERICALLY) Oh man, now that's what I call a triple-plus awesome humiliation on those psychopathic bitches. That was so awesome, Linc.

Me: (LAUGHING HYSTERICALLY) Oh man, you said it, I can't stop laughing at the sight of it.

Lori Loud: (LAUGHING HYSTERICALLY) That is literally too hilarious, bro.

Lincoln: They deserved it for all the trouble they caused to everyone and us, especially Lie-La in our universe.

Lily the Mermaid: (LAUGHING HYSTERICALLY) You got that right, Linky.

Lynn: (LAUGHING HYSTERICALLY) Man, that almost beat the humiliations we did to Peter Griffin and Bad Lois, but this, what you showed us, Lincoln, this is way too hilarious.

Eddy: (LAUGHING HYSTERICALLY) Oh man, this is too much, call a doctor, Double D!

After a few minutes, we cooled down, and Lincoln closed the viewing window.

Then, Nico, May, and Maria snuck behind Minerva Mink, and with a sneaky grin on their faces, they'd sprayed her in the back with cold water.

Minerva Mink: Ack, cold!

Lincoln: What the?! (Smirks as soon as he sees Nico, May, and Maria) Oh, you three are going to get it.

Maria Rockell: (Smiles) Nice try, but it's three against one, big boy.

Lincoln: (Smiles) Oh, yeah? (Whistles)

Then, Lincoln's future wives, along with me and my future wives, got out massive squirt guns, which were filled with water, and Lincoln, since he has water elemental powers, had his hands surrounded by water. This caused Nico, May, and Maria Rockell's eyes to go wide-eye in shock and surprise.

Nico, May, and Maria Rockell: Uh oh! HIT THE DECK!

Lincoln's future wives and me and my future wives sprayed them with their squirt guns, and Lincoln fired blasts of water at them, and they were running for their lives.

Me: You guys shouldn't have sprayed Minerva Mink in the back with cold water, Nico. Lincoln's quick to defend his future wives and his family.

Nico: He'll have to catch us first.

But, when Lincoln appeared right in front of Nico, May, and Maria Rockell, they all screamed just like McWolf, as they did Tex Avery wild takes, and then, Lincoln blasted them with blasts of water, and got them wet. Lincoln gave them a towel, and he helped dry them up.

Nico: (Smirks) Well played, Linc.

May: (Smiles) Yeah, you got us, alright.

Lincoln's future wives went up to Lincoln, and they shared a kiss and hug with him.

Ace Bunny: (Laughs) I can't believe Lincoln caught them off-guard by appearing right in front of them, and blasted them with water.

Tech E Coyote: But, the funniest part was the wild takes they did, which reminds me of the times that McWolf's done all those wild takes whenever something or someone catches him off-guard.

Lori: Or whenever Lucy appears behind us, and scares the daylights out of us.

Lincoln: Except for me, since I have ghost powers, and I've gotten used to Lucy always scaring the daylights out of us.

Lana: But, not all of us, Lincoln. Lucy still scares the daylights out of us whenever she appears out of nowhere.

While we were partying, some of our mascots were keeping watch from the tree, in case for any sign of trouble, specifically the Team Skull numbskulls.

Poromon: No sign of those Team Skull numbskulls, guys.

Jirachi: If they show us, we'll get them. Sometimes, I wonder if they were born without a brain.

Suddenly, the eight large planets and stars orbing around the Estate, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, and the eight large colored orbs that were orbiting around the legs of Lincoln's sisters were glowing, and that means trouble was coming.

Then, Poliwag saw someone who was heading towards us, and whoever it was, he had murder in his eyes. Poliwag went up to us, and he was panicking.

Poliwag: Guys, someone's heading heading this way.

Lincoln: Ugh, not again. Luckily, I had a plan, in case trouble was heading this way, Poliwag.

Suddenly, we heard the familiar sound of a cage dropping.

CLANG!

We went outside and to the cage, but to our shock and horror, it wasn't the Team Skull numbskulls, it was none other than Evil Lynn, who broke out of prison, and she was still out to kill Lincoln.

Lincoln: It's Evil Lynn.

Ace Bunny: That evil version of Lynn who tried to frame our Lynn for her crimes, then kill you, your family, and everyone close to you?! Pardon my French, but, how the hell did you escape from The Crematoria Prison, you walking gym bag?!

Evil Lynn: I busted two of the guards in their heads, and escaped, so I can kill Stinkin and everyone close to him!

Lynn Loud: And I warned you that if you ever try to escape, I was going to put you down like the mad dog that you are.

Despite facing Lynn, who's now 6'0" in height, and in her new clothes when she transformed into her Super Angel 500,000,000,000 form, she tried to put a false sense of bravado.

Evil Lynn: Oh please, I'm not afraid of you.

Lynn Loud: (Smirks) Oh yeah. Oh, Lincoln.

Then, when Lincoln came up to Evil Lynn, she was already in trouble when she saw the 16-year-old 7'0" tall, white-haired hunk with abnormally large and powerful muscles and eight-pack abs, and her false sense of bravado was shattered.

Lincoln: You shouldn't have busted out, Evil Lynn. (To Lynn Loud) Let's get her, Lynn.

Lynn Loud: (Smiles) You got it, bro.

Lincoln and Lynn Loud brutally pummeled Evil Lynn into the dirt, and Lynn Loud broke Evil Lynn's arms and legs, causing her to scream in excruciating pain. Then, Lincoln ripped Evil Lynn's ponytail off her head, and she screamed even more in pain.

Luan: Yowzers, now that was painful.

Ace Bunny: (Smirks) That's true, Luan, but, that luck-obsessed meathead who hasn't even heard of a shower had it coming for all the crap she did in her dimension, and for trying to frame Lynn.

Then, Lincoln stripped Evil Lynn of her immense strength, and he, along with all of us made it our own. Evil Lynn punched Lincoln in the stomach, but her broken arm shattered, and she screamed in excruciating pain.

Lynn Loud: Now, that's what I call natural body armor. Nice one, bro.

Lincoln: (Smirks) That's thanks to all the constant intense workouts and of course, having a hardened muscular system and indestructible body, along with immense superhuman strength and many other superhuman abilities, immortality, invincibility, immunity to many forms of harm, magic, and others that I can't keep track of.

Then, Lynn Loud gave Evil Lynn a Dutch Oven, and she fainted from the smell. Then, Lincoln put Evil Lynn in an indestructible straitjacket with chains, and beamed her right back to Crematoria in Solitary Confinement, where she'll stay for the rest of her life.

We went back inside, and we continued our pool party.

Gesomon: If you guys need me, I'll be swimming in the water.

Me: Okay have fun.

Gesomon went into the water.

Me: A toast to the great victory over Team Dark Phoenix Storm.

Everyone: HERE HERE!

Pinkie Pie: I really had fun teaching Mr. Mind and his goons a lesson! And I even got to give Scarecrow a thrashing!

Me: You sure did.

Chameleon: Hey, don't I get any thanks? I helped too!

Runabout: Relax, Chameleon. You get a big reward for helping us!

Pumbaa: And that reward is this.

Timon and Pumbaa gave him an awesome all-you-can-eat bug buffet.

Hardhead: This doesn't mean we should let our guard down. New villains pop up everyday.

Me: That's true. But the coolest part was learning all about Lincoln and his family's ancestry.

Allie Wilde: That was so cool!

Laney: It sure was.

Lucille: (Scottish Accent) Aye. That was so amazing laddies.

Me: Who's up for a cannonball contest?!

Lynn: Me. [she runs into the pool] Cannonball! [she jumped and makes a splash] Ha, beat that!

Lincoln: I'll show you. [he runs into the pool] Cannonball! [he jumped and makes a splash bigger that Lynn's]

Pinkie Pie: This is so much fun. [she runs into the pool] Cannonball! [she jumped and makes a splash]

Ben: Oh please, you call that a cannonball? Maybe one of my aliens can do that.

Ben became Overflow

Ben: Overflow!

Me: A Cascan?

Overflow: You got that right J.D. [he runs into the pool and makes a huge jump] Cannonball! [he makes a huge splash] ah yeah!

Mollie: Cannonball!

Rainbow Dash: Cannonball!

Plum Pudding and Applejack: Cannonball!

[As everyone makes a biggest cannonball record, then the ground starts to shake, then they hear whats coming, it was Aligned Grimlock running towards the pool and makes a huge jump]

Aligned Grimlock: "CANNONBAAAAALL!"

Lincoln: Oh no.

Me: that can't be good.

Overflow: Oh no, Oh no, Oh no!

Plum Pudding: LOOK OUT!

Aligned Grimlock heads towards the pool making a biggest splash that no one could make.

KRASSSPLASH!

He got us all wet!

Aligned Grimlock: Whoo! I did it, I made a biggest splash that no body could with my Dino Demolisher!

Demolisher: Yes Grimlock?

Aligned Grimlock: It's just a name of one of my moves.

Demolisher: Oh, nevermind.

Rainbow Dash: Best, Cannonball, EVER!

Me: Aligned Grimlock holds the biggest record of the Cannonball Contest

Then the crowd cheered "Aligned Grimlock" for making the biggest record of all times in the Cannonball Contest.

We had a lot of fun.

We later went back to the world tree estate.

---

Later we were getting ready for our next mission.

Thetis: By the way, J.D., it's your turn to lead today.

Me: Yep and I have just the mission for us.

Nico: What is it?

Me: Reports are popping up of people being killed left and right and being reduced to mummified husks in New Orleans, Louisiana.

I pulled out a newspaper and it showed 37 people killed in just under 8 hours.

Nico: Whoa! Whoever it is must be really quick.

Me: Yep. The police are baffled.

Eli: You think it's the Werecats? We were warned about them returning today.

Me: It just might be bro.

Dark Spicer, Black Adam, Jet, Magneto, Jack O Lantern, Kite Man, Mole Man, Pinky & The Brain, The Golden Glider and Unicorn appeared.

Unicorn: Can me, Dark Spicer, Black Adam, Jet, Magneto, Jack O Lantern, Kite Man, Mole Man, Pinky & The Brain, and Golden Glider go with you guys?

Me: You all sure can. We're going to New Orleans. I think our message from our mysterious friend has finally come true.

Me: Yep. Lets head out!

Nico: Boy you said it.

Me: Yeah I'm stuffed!

Lana: Me too! (BURPS)

Lynn Sr.: That was all really amazing food.

Eli: It sure was. Homer we're amazed you know so many good places to eat here in New Orleans.

Homer: Well it's really amazing food here. Also we were here to help Lisa like Jazz again. (Season 29 Episode 17)

Me: That's right! Lisa you love everything about jazz and that is awesome.

Lisa Simpson: It sure is. Louie Armstrong mostly is one of my heroes.

Me: And Bleeding Gums Murphy. He was great too.

Eli: He sure was.

Grier: Wasn't Bleeding Gums Murphy your idol?

Lisa Simpson: Yep he sure was. He is the one that helped me get into jazz.

Me: That's right I remember that. But he will always be a part of you as you are part of him Lisa.

Lisa Simpson: That's true.

Laney: Mind if I have a jazz session with you Lisa?

Lisa Simpson: Not at all Laney.

Laney and Lisa had their saxophones ready.

Lisa Simpson: (Singing)

Lift me, won't you lift me above the old routine?

Make it nice, play it clean, jazzman

When the jazzman's testifyin' a faithless man believes

He can sing you into paradise or bring you to your knees

It's a gospel kind of feelin', a touch of Georgia slide

A song of pure revival and a style that's sanctified

Jazzman take my blues away, make my pain

The same as yours with every change you play

Oh jazzman, come on now, jazzman

When the jazzman is signifyin', and the band is windin' low

It's the late night side of morning in the darkness of his soul

He can fill a room with sadness as he fills his horn with tears

He can cry like a fallen angel when risin' time is near

Jazzman take my blues away, make my pain

The same as yours with every change you play

Oh lift me, won't you lift me with every turn around

Play it sweetly, take me down, come on, jazzman

Come on, come on, come on, come on, come on, yeah

Yeah, let me hear ya

Oh-oh, yeah, yeah

Here we go now

Everyone from many corners of the city came and they were in awe with Lisa and Laney's talents in the Sax and it was awesome! When they were done we cheered wildly for them!

Me: AWESOME JOB GIRLS!

Lincoln: YEAH!

Mole Man: That was some amazing Jazz, Lisa! Unlike Marge, we really enjoyed it.

Lisa Simpson: Thanks guys. That was awesome.

Laney: It sure was Lisa. You were great.

Lisa Simpson: So are you Laney.

Varie: I just can't believe that the people of Springfield were that stupid enough to look down on you all the time Lisa.

Lisa Simpson: But not you guys. You all helped me lift my spirits and more.

Me: Well we do have the strongest support for everyone on the team.

Guyhawk: That music really helped everyone get their minds off of who's causing these murders.

Me: It sure did. And also New Orleans has been widely known for many jazz singers. I love Louie Armstrong.

Nico: He was great. What a Wonderful World is one of my favorites.

Laney: Mine too.

Lucille: I am starting to like jazz myself even though I am mostly into Scottish Dance.

Me: That's all right. Everyone has their own tastes. Also New Orleans is not called The Jazz Capital of The World for nothing.

Lisa Simpson: That is definitely true.

Me: Now that we have eaten and gotten the great jazz concert out of our system, lets go find those werecats.

We got to searching.

Dark just turned into Feralhound.

Feralhound: I'll use Feralhound to sniff out some clues.

Me: Start sniffing.

He did so.

We got to following Feralhound and we searched and then he found something really unusual.

Feralhound: I found something. It's the scent of Werecats on the streets.

Nico: I don't smell anything.

Secret Squirrel: Well there's got to be more clues. I'll be able to unearth some clues with my phosphorescent footprint follower.

He had his had turned into said gizmo and a red light came on and we saw the Werecat's footprints and they went all over the place at different spots.

Me: Well I'll be.

Nico: Yep.

Jack O Lantern: Are there any other clues we're missing?

Twilight Sparkle: First of all we don't know anything about these Werecats. What can you tell us about them?

Me: Oh right. Their names are Simone Lenoir, Lena Dupree and Jacques and they lived here for over 300 years and they were here since 1718.

I told them everything about them.

---

Past

Simone Lenoir was once a human who lived during the eighteenth century. She was one of a group of peaceful settlers who lived on Moonscar Island. One night while the settlers were celebrating a bountiful harvest, Morgan Moonscar and his pirate cronies came ashore and pillaged the island. The pirates drove all the settlers into the bayou to be devoured by alligators, all except for Simone and Lena Dupree. Simone and Lena invoked their cat god and uttered a curse on the pirates in order to destroy them. They were transformed into werecats and subsequently killed all the pirates.

Shortly afterwards, they realized that the cat god's curse had turned them into cats permanently. For the next two centuries, Simone and Lena were forced to survive by draining the life force of people who came to their island every harvest moon. Many of these victims became zombies and tried to prevent visitors from suffering the same fate they did, albeit unsuccessfully. Lena and Simone also recruited Jacques as their ferry driver at some point and gave him the exact same curse as they knew it would grant him immortality.

## Encounter with Mystery Inc.

One summer, they invited Mystery Inc. to the island as they were looking for a real haunting for Daphne Blake's TV show. As the gang settled in, Scooby-Doo kept chasing Simone's cats around her property and caused a lot of damage, much to her annoyance.

## Revelation and Death

On the night of the harvest moon, while the zombies of the werecats' previous victims were roaming the island and trying to drive them away, Lena took Fred, Velma, Daphne and the gardener Beau to their underground voodoo dungeon so that the zombies would not interfere. The werecats held them captive using voodoo dolls and revealed themselves. The gang managed to slip free before Lena and Simone could drain them. When Scooby and Shaggy ran into the dungeon after being pursued by Jacques, Lena and Simone almost succeeded in draining them, but were quickly overpowered when Velma and Daphne reconfigured the voodoo dolls and used them against the werecats. They eventually cornered the gang, but just as they were about to drain them, the harvest moon's midnight phase ended. Simone, Lena and Jacques' immortal lives expired and they rotted down to nothing, freeing the souls of the werecats' zombified victims so they could rest in peace.

* * *

When I was done everyone that hadn't heard about the Werecats was shocked and horrified!

Nico: These guys are really bad news.

Eli: Whoa man.

Allie Wilde: Yeah no kidding.

Megamind: How can they still drain people without the Harvest Moon?

Eli: Might be the work of a dark orb.

Me: Or Satanic Magic.

Laney: Maybe.

Me: We'll know in a few minutes. The Sun is almost set.

Nico: Be right back.

Maria: Nico, where are you going?

Nico: I'm going to the pet store to get some cat food for bait.

Shadow Man: I'll go with you in case the Were Cats try to ambush you.

Me: Good thinking. We can also use fish to lure them too.

Laney: Okay.

They went into a pet store.

Magneto: Excuse me, good sir. Could we buy some of your best cat food?

Nico: It's important. We're going after the Werecats that have been terrorizing the people here the last few days.

Man: Follow me. And we better hurry.

They followed him.

Needle Man: Which brand of cat food do you recommend?

He had one made of 100% high quality fish and lobster and tuna.

Nico: Perfect.

Nico bought 20 cans full of it.

Pinky: (scared) Brain, I'm scared! What if those Werecats try to eat us?!

Brain: Then they'll be in for a surprise.

Pinky: Is it their birthday?

Brain: No you idiot. We're going to blast them with this a powerful ray gun.

Pinky: Do we still get to throw them a party?

BLAM!

Brain bashed him on the head with a Metal pipe.

Pinky: (Laughs stupidly and crazily) NARF!

WHAT AN IDIOT!

Runamuck: Did you get the bait?

Nico: Yep.

Nico had a bag full of cat food.

Lana came back with a couple of freshly caught fish.

Lana: Caught these guys with my bare hands.

Nico: Nice job Lana.

Me: Well caught. Our trap is ready.

We were going to use a steel net trap. We set it up in the park.

Kite Man: I'll fly and see where the Werecats pop up.

Nico: Okay.

Me: Be careful.

He flew up into the sky and kept an eye out.

We set up the bait.

Gatomon: Can't I have some fish too?

Slugfest: I don't think now is the best time for that.

Gatomon meowed and swiped some fish.

Kari: Gatomon!

Nico: Oh let her have some fish. After all she is a cat Digimon.

Ed Cowart then got out the first scroll, the one that'll protect us from the Werecats' life-force draining powers. He opened it up, and began to read the Latin incantation.

Ed Cowart: Heed my words, Oh Great Powers of The Netherworld, we ask thee on this night. Bless us on this, The Night of The Hunter's Moon, and protect us all from The Curse of The Cat God and The Werecats, Simone Lenoir, Lena Dupree, and Jacque.

Suddenly, the incantation glowed green, and we were surrounded by a powerful and protective green energy aura/force field, and there was a circle of green glowing runes circling around our legs.

Me: Whoa, this is awesome. Alright, guys, let's go.

Black Adam: I've actually heard tales about the Werecats from all the years I've lived. And while I do feel sorry for how they became who they are, that doesn't excuse them draining the life force of people!

Me: No it doesn't. What they did was horrible. For over 300 years they have caused so many problems.

Nico: Yep they sure have. And this time we'll make sure they pay for their crimes.

Then we saw 3 figures come.

Pounce: There they are. Time for our entrance!

May: Right!

Me: Lets do it!

We cut the rope and caught the werecats in the net!

Simone Lenoir: LET US OUT!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMM

A massive fiery explosion went off and a phoenix cry was heard as the spirits of the Justice League members swirled around it and they converged and we came out.

Me: Simone, Lena and Jacques, nice to see you again. Not.

When Simone Lenoir, Lena Dupree, and Jacque saw us, the sclera of their eyes turn yellow, and they had cat's eye pupils, their canine fangs grew and their faces turn cat-like, they had cat ears on their heads, and their nails grew into sharp claws.

Simone Lenoir: Team Loud Phoenix Storm and Mystery Inc!

Me: That's right, and we're here for one reason: we're going to stop you once again, but this time, it won't end with you three turning to dust again.

Lena Dupree: We'll see about that. You will all die horribly for what you did killing us long ago, and ruining our revenge on Mystery Inc.

Jacque then transformed into his Werecat form, and he went after Nico. But, before he could get near Nico, the powerful protective green energy aura/force field surrounding him flared up even more, and it formed six energy swords, which then went at Jacque, and slashed him, as he screams in agonizing pain, and he was bleeding badly.

Lena Dupree: Jacque?! (Growls) What did you do?!

Ed Cowart: We were prepared for you three this time, Lena. What you see before you is a spell that protects us from your life-force draining powers. You see, we know you, Simone, and Jacque have to drain people of their life-forces every year on the night of The Harvest Moon to sustain your cursed immortality, or you'll turn to dust. But, thanks to Vypra and The Masters of Evil here, we found a way to counter that little power of yours.

Vypra: And we also told them of you three returning from the dead to get revenge, so that's another added bonus.

Me: Plus, you three were resurrected tonight on the night of The Hunter's Moon, and not on the night of The Harvest Moon, which was four weeks ago.

Simone Lenoir: (Hisses) I've had it up to hear with you meddling kids to last an eternity!

Lincoln: Meddling can be a good thing, Simone, and now, it's time for you three to pay for all those lives you've ended.

Me: 300 years of justice!

We powered up and transformed, and we unholstered our weapons. That angered Simone and Lena to no end, and as Simone Lenoir lets out a scream of rage, she and Lena transform into their Werecat forms.

Jacques: You have a lot of nerve staying in America!

Simone Lenoir: (to the Loud's) You fools! Why couldn't you have stayed in Scotland where your ancestors belonged?!

Golden Glider: Yeah, you'd like that, would you?

Me: We have 300 years of justice to dish out on you furballs! Also the Harvest Moon of 2021 is already passed. That was on September 20th. This is October 11th and the next Harvest Moon of 2022 is not until September 10th.

Simone Lenoir: That is because of this!

She had a Dark Orb imbedded in the back of her left hand!

Eli: I had a strong feeling it was a Dark Orb!

Pyodor: No problem, Sakuya. But you know I'm not your instructor anymore.

Touma: (embarrassed) Did you really have to bring that up?!

May: Sorry, Touma. But you and Sakuya actually danced great.

Jen: But you should leave the leotards to us girls. Like me.

Me: I agree. Also Pyodor you better not show your true form.

Pyodor turned into his true form.

Pyodor: Why?

Ed: CHICKEN!

Me: That's why.

Ed: HUG A CHICKEN! HUG A CHICKEN! HUG A CHICKEN! HUG A CHICKEN!

Ed hugged him.

Me: Ed goes nuts for Chickens.

Pyodor: Oh.

Me: (To the Werecats) You stay right there you three and we'll deal with you when we are done here with the usual battles.

Me: I sure did and let me tell you, he was the ultimate personification of Anti-Christmas and pure evil. Everything he did REALLY made my blood boil!

I went over his history.

---

Barnaby Crookedman is the main antagonist in the operetta Babes in Toyland and its various adaptations in other media. He is a miser and is often after someone's money. In some versions, he also desires power, specifically to conquer Toyland. Whatever the motivation, he is always shown to be a cruel, selfish weasel of a man who doesn't care who gets hurt in order for him to get everything he wants.

In the films, it is always left unknown and up for debate whether he dies, as he is often put in a scenario or suffers an injury that makes his death likely, but it is unknown whether he survives or escapes.

In the 1997 animated film, Barnaby is his first name rather than his last name (which is Crookedman). He is the uncle of Jack and Jill, and keeps them locked in the attic, while he is out to take over Tom and Mary's toy factory, so he can destroy it. He shoots down Tom's hot air balloon to make him fall into the Goblin Forest in an attempt to kill him, but Tom escapes unharmed, much to Barnaby's shock. Jack and Jill often sneak out of the attic to help Tom and Mary at the toy factory, to which Barnaby threatens to send them to the Goblin Forest if they do this again. He hires two mercenaries named Gonzargo and Roderigo to sabotage the toy factory, disguised as sheep, but Jack foils their plan. Jack and Jill chase them down, but run into Barnaby, who has Gonzargo and Roderigo take them to the Goblin Forest. Barnaby, meanwhile, knocks Humpty Dumpty over the edge of a wall, nearly killing him. Before he can destroy the factory, however, Tom and Mary show up to stop him, having gotten Jack, Jill, Gonzargo, and Roderigo safely out of the Goblin Forest. Barnaby leads the goblins to Toyland so they can destroy it and the factory, but Tom summons an army of toy soldiers that they created for Santa, and they defeat the goblins. Barnaby insults the goblin king, who tries to eat him, but Jack, Jill, and the soldiers all shine lights on him, killing him. Afterward, the goblins all chase Barnaby off. It is unknown whether he escaped them or whether they catch and eat him.

He was voiced by the late Christopher Plummer, who also portrayed the Grand Duke of Owls in Rock-a-Doodle, Charles Muntz in Up, General Chang in Star Trek VI: The Undiscovered Country, Ralph Nickleby in Nicholas Nickleby, Mr. Caruthers in The Clown at Midnight, King Herod in The Star, 1 in 9, and Arthur Case in Inside Man.

---

When I was finished they were shocked!

Pyro: WHOA MAN!

Applejack: Why that low-down dirty sidewinder!

Me: He's dead and you guys have me to thank for it. I can't even begin to describe how much I wanted to kill that monster. He was pure evil incarnate and an absolute scumbag.

Jack (B.I.T.): Yeah and he deserved it for trying to kill us.

Scott Truman: Yeah you got that right.

Summer: What a monster. He deserved it.

Flynn McAllister: (Scottish Accent) But thank goodness he had it coming.

Me: And he'll have all the time in the world to think about his crimes as he is burning in the Fire of Hell. But in my opinion, I think Hell is too good for him.

Octagon: Good riddance. Good job J.D.

Me: Thanks.

Pyro: Lets do it!

Rogue kicked her away.

Gia: Sorry. But your nine lives are up!

Me: They've been up for over 300 years.

Megaforce Rangers: LEGENDARY RANGER MODE! WILD FORCE!

The Megaforce Rangers turned into the Wild Force Rangers!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, and the eight large colored orbs that were orbiting around the legs of Lincoln's sisters were glowing, and that means big trouble was coming, and Lincoln and Danny Phantom's ghost sense went off.

Samus Aran: Oh no, I was hoping I'd never have to deal with him again.

A figure appeared out of nowhere, and it was none other than Phantoon, another of Samus Aran's enemies.

Me: Whoa, that's Phantoon.

Nicole: Yep, that's definitely him, alright.

Samus Aran: Phantoon is a dangerous ghost alien that uses its Phantom Eyes and Rage Hands to attack its opponents, along with creating vortexes of dark energy.

Danny Phantom: An alien ghost, definitely similar to Ghostfreak and Zs'skayr.

Hilda: (British Accent) Samus, let me face off against this alien ghost.

Suddenly, Hilda's eyes turned neon orange, and she was surrounded by a neon orange energy aura with flames. She unholstered her Defender of Trolberg sword from her back, and as she approached Phantoon, she left behind neon orange energy and flames with every step. Then, she was surrounded by a massive vortex of orange energy with flames surrounding it, a phoenix flying around the vortex, and a blue phoenix inside the vortex. Then, as the vortex faded, Hilda emerged, but she was changed forever.

Hilda grew to 6'0" in height, she had the body of a goddess, she has neon orange eyes and a neon orange energy aura with flames surrounding her, and she has large blue angel wings with orange tips on the blue feathers and flames coming from the tips, she has a phoenix with the Flame Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with the Flame Kanji in its claws, a necklace with a phoenix with the Flame Kanji in its claws for the pendant. The massive, wide, double-edged blade of her Defender of Trolberg grew to 6'5" in length and the handle grew longer. Hilda had on a sleeveless white blouse with orange phoenix, black skirt with flames, and black leather ankle-length combat boots, and her England-themed sleeveless trenchcoat turned into an orange sleeveless trenchcoat with flames, mythical creatures, and the flag of England on the back. Hilda had on her brand-new Bracelets of The Champions of The Universe with blue gems on her wrists and her new Belt of Elemental Bravery with large blue gem for the belt buckle on her waist and her Eater of Sins revolver holstered on her right hip. There was a red kanji below the flag of England that said, "Hilda, Master of Fire, Defender of Trolberg and England, Pen Pal of Luna Loud, and Loving Future Wife of Lincoln Loud."

ヒルダ、火の達人、トロルバーグとイングランドの擁護者、ルナ・ラウドのペンパル、そしてリンカーン・ラウドの愛する未来の妻

Hilda has transformed into SUPER ANGEL 750,000,000,000 BLAZING FIRESTORM PHOENIX ANGEL OF ENGLAND'S HONOR!

We were amazed by Hilda's transformation, and when Lincoln saw what happened to her, he was blushing like crazy when he saw it.

Me: Wow, Hilda's transformed.

Nico: You said it, J.D. Hilda's become another Angel of Fire and the Defender of England's honor.

Lincoln: Wow, Hilda, you look beautiful. How do you feel?

Hilda: (Divine Echoing Firestorm Voice of Love and British Accent) **I feel incredible, Linky, and now, I'm going to teach this alien ghost a painful lesson. Would you like to join in?**

Lincoln: You got it.

Lincoln transformed into Super Angel-Ebonwu Infinity Thundersnow Buffalo Angel of Frozen Lightning Justice and unholstered his massive Sword of Taranis from his wider muscular back, and he joined Hilda.

Lincoln: (Divine Echoing Cosmic Thundersnow Voice of Justice) **Let's get that alien ghost.**

Hilda and Lincoln went after Phantoon, who'd sent his Phantom Eyes and Rage Hands at them, but Lincoln fired powerful blasts of ecto-energy at them, and destroyed them. Then, Hilda fired powerful blasts of neon orange energy and fire and Lincoln fired powerful blasts of ecto-energy, neon blue energy blasts with neon blue energy blasts with elemental forces orbiting around the blue cores, super lightning, and massive blasts of ice at Phantoon, which exploded with incredible power, and they slashed off Phantoon's tentacles and slashed it's eye, blinding it.

Hilda: **Shall we send him on his way to Oblivion, Linky?**

Lincoln: **Let's get him, Hilda.**

Hilda and Lincoln: **ECTO-ICE FIRESTORM MEGA BLAST!**

Hilda and Lincoln fired a massive blast of ecto-energy, fire, ice fire, and ecto-ice with ghosts flying around the blasts at Phantoon, and as it hits Phantoon, it exploded with incredible power, killing it, and Super Hakaied it for good. We cheered for what Hilda and Lincoln did, as they holstered their weapons and power down, but Hilda's new clothes, weapons and jewelry were permanent. Then, Lincoln reverted back to his kid form and picked Hilda up and he hugged her, and as they locked eyes, the two of them kissed passionately, as we cheered for them.

We then set our sights on the Werecats.

We went at the Werecats and punched them and smashed and blasted them all over the place and pulverized them all over the place with incredible fury.

Runabout, Gesomon, Hardhead and Pinkie Pie all used the Earth Cyber Planet Keys and they enhanced Runabout's Particle Beam Rifle, Gesomon's powers, Hardhead's Shatterblasters and Pinkie Pie's powers 100-fold.

Runabout and Gesomon: OCTOPUS PARTICLE BLAST!

Hardhead and Pinkie Pie: LAUGHTER CANNON BLAST!

Lincoln and his Harem: DOG FINAL SMASH: DOGS OF CHAOS!

They summoned all dogs to attack the Werecats and the blasts hit the Werecats and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Then, after we finished brutally beating the Werecats up, Lincoln fired three neon blue energy blasts, which transformed into straitjackets, and wrapped Simone, Lena, and Jacque in them, so they can't escape.

Ed Cowart: Nice one, Lincoln, and now, to put an end to The Curse of The Cat God for good.

Ed Cowart took out the second scroll, the one that strips the Werecats of their powers and ends the Curse of The Cat God for good. As he began to read the incantation, he was levitating in mid-air, and he was surrounded by a green energy aura.

Ed Cowart: Great Powers of The Netherworld, heed my call, we beseech thee on this night. We ask for you to rid these three of The Curse of The Cat God, and to end the curse placed upon Moonscar Island 300 years ago.

Suddenly, the incantation glowed green, and the scroll fired out three massive green energy blasts, and as they hit Simone Lenoir, Lena Dupree, and Jacque, they screamed in excruciating pain, as we saw their fur disappear, and their cat features fade away, and their powers were being stripped from them. Then, as the green light fades, Simone Lenoir, Lena Dupree, and Jacque were changed back to normal.

We changed back to normal, and holstered our weapons. Lincoln made a viewing mirror, and when Simone, Lena, and Jacque saw what happened, they were confused.

Simone Lenoir: What, we're alive again? But, we didn't…

Lincoln: Like J.D. said, we were going to stop you, but this time, you three weren't going to get killed like last time. That spell Ed Cowart used stripped you three of your powers, and undid The Curse of The Cat God, but it wasn't going to turn you three into dust.

Lena Dupree: I don't understand, why would you spare us from death?

Sunset Shimmer went up to them, and placed her hand on Simone Lenoir's head. Her eyes glowed, and then, showed her what happened to Simone and Lena that night 300 years ago. When Morgan Moonscar and his crew landed and started causing havoc, Simone, Lena, and all their friends ran for their lives, but as they ran for the underground chamber, they saw all of their friends killed by the crocodiles that infested the waters of the island.

Then, Sunset Shimmer saw Simone Lenoir and Lena Dupree pray to the Cat God to get revenge on Morgan Moonscar and his crew, and she saw that their prayer to The Cat God worked, but that came at a terrible cost, they turned into Werecats, but even after killing Morgan Moonscar and his crew, they couldn't stop, and throughout the last three centuries, they continued draining people of their life-forces over the years, and their victims rise every year on the night of The Harvest Moon as zombies warning people to get off Moonscar Island before it's too late, only to meet the same fate as the zombies. Then, she saw their defeat and death at the hands of Mystery Inc so long ago, and they turned to dust, and their victims' spirits were freed, as the curse ended.

When Sunset Shimmer finished, she had a shocked look on her face, as she'd went back to us, and she had a lot to tell us.

Sunset Shimmer: Guys, there's something I've got to tell you.

Sunset Shimmer told us everything she found out about Simone Lenoir, Lena Dupree, and Jacque, and when she finished, we were horrified.

Me: Whoa, now this is pretty dark.

Velma: This is exactly what Simone and Lena told us long ago, long before we met you guys.

Lincoln: They lost their friends when Morgan Moonscar and his crew landed on the island 300 years ago, and in their desire for revenge, they called on the Cat God to seek revenge, but their prayer came at a cost when they were turned into Werecats, and even after getting revenge on him, they couldn't stop killing, they had to continue draining people of their life-forces every year on the night of The Harvest Moon, or else, the curse will claim their lives.

Nico: And every victim they drain rises from the dead as a zombie, warning those who wind up on the island to get off, or they'll meet the same end as them, which always comes true.

After hearing everything, we walked up to Simone Lenoir, Lena Dupree, and Jacque.

Me: Simone, what happened to you and Lena was indeed tragic, and we know why you still continued to drain people of their life-forces on the night of The Harvest Moon, it was because of 300 years of darkness that you had in your hearts because of what Morgan Moonscar did.

Lincoln: And we mean it when we say this. Simone, Lena, and Jacque, we forgive you.

Suddenly, the three of them felt Sunset Shimmer's power of forgiveness, and when Lincoln said that we forgave them, this caused tears to well up in their eyes, and we'd hugged them, as Simone and Lena broke down and cried. This really hurt us deep, they carried 300 years of darkness inside their hearts, and the one to blame for it was Morgan Moonscar.

Simone Lenoir: You were right. What happened to us was tragic, but what we did was wrong. We'd exacted our revenge on Morgan Moonscar and his crew for what they did to our friends.

Lena Dupree: But, when we'd prayed to The Cat God to exact our revenge on him, our prayer was answered, but it did come at a cost, we were turned into Werecats who had to drain people of their life-forces every year on the night of The Harvest Moon.

Jacque: But, we'd got what we deserved when Mystery Inc showed up, and put an end to that, and when we failed to kill them before the arrow passed the Cat symbol on the dial, the curse claimed our lives, and all those we'd killed were freed from the curse.

Simone Lenoir: So, there's only one thing we can do to pay for our crimes: we'll confess to the cases of the people who went missing over the years, and we'll pay for it with prison.

Ed Cowart: You made the right choice, Simone. We gave you three a second chance at life, and you'd made the choice to answer for what happened to the missing people over the years by confessing for your crimes, and spending time in prison. Perhaps, you'll get your shots at redemption one day soon.

With a sad smile on their faces, Simone Lenoir, Lena Dupree, and

Jacque were beamed to The Jupiter Prison, where they'll spend time in prison for what happened to the missing people over the last 300 years.

Pyro: Well, that's it for the Were Cats.

Snowdrop: You know they're not dead, right?

P'Andor: No. But they ARE powerless now.

Plastique: They only reason they're not dead is because we DO feel sympathy for how they suffered all those years ago.

Me: That's true. They lived for 300 years. Morgan Moonscar killed all their friends back all those years ago in the early 18th Century and they did nothing to deserve that. And for all those years they were consumed by the darkness of revenge.

Nico: Pirates just don't care.

Jack Sparrow: What Morgan Moonscar did was absolutely terrible lads.

Multiplex: Why don't we enjoy the rest of New Orleans before heading back?

Black Spider: Good idea. (to Veemon) By the way, Veemon, where did you get a gun?

Veemon: Don't ask.

Me: Lets go guys.

Dark Spicer: (To the viewers) This was an awesome adventure and now the werecat curse is gone.

Me: Yep.

We went to enjoy all of New Orleans and Then, we headed back home, and not only did we bring an end to The Curse of The Cat God, but Simone Lenoir, Lena Dupree, and Jacque got a second chance at life after what happened to them 300 years ago. We finally put an end to The Curse of Moonscar Island, this time for good and then we went to sleep.

THE END

---

Another awesome adventure done.

The werecats of Scooby Doo on Zombie Island were wicked scary but it's horrible that Simone and Lena did all that. But they did it because pirates killed all their friends. The first part was for the 2005 movie Elektra and that was a cool movie. The 2nd part was for the Video Game World of Warcraft: Wrath of The Lich King. We already did a chapter for that ad it was awesome. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, braedencarnes22 vinjedi1995, Etstheclarencefan, Nflemingful, Drako1234658 and ninjakingofhearts all gave me the ideas for this. Thanks guys. This was awesome! The next rescue for me will be in the episode of Courage the Cowardly Dog called ANGRY NASTY PEOPLE! We're gonna be in for a nasty fight as me, Eli, Allie and Qin go up against Mr. Nasty who is the living personification of Eustace's nastiness and Benton Tarentella. So get ready for A REALLY NASTY SWEARFEST as I both yell and fight Mr. Nasty. We're also going to meet a Kitsune-Tsuki named Fumiko Tsuchikawa and she'll also have a Mewtwo Gene-Slammer named Missy Rodgers and she is a friend of Nico in the story. Lincoln's rescue will be for the A Pup Named Scooby Doo episode The Schnook Who Took My Comic Book and I'm going to reveal that when Fred was being his most stupid in that one that I punched him in the back of the head and also that Allie gave Red Herring a wedgie and a black eye for accusing Shaggy. Get ready for a bloody and dark chapter as we head into the horrifying Zombie Apocalypse Anime series HIGH SCHOOL OF THE DEAD! It's gonna be a terrifying story and how it went from a normal school day in Japan to a fight for survival in a Zombie Apocalypse.

See you all tomorrow.

---

Over in Nowhere, me, Qin, Allie and Eli were flying over to the Bagge Farmhouse.

We landed.

Qin: Here we are back at Nowhere.

Qin concentrated and groaned as something grew inside her pants.

POP!

A tail popped out.

Me: Looks like something big is going on in the Bagge Farm.

Qin turned into Scalebreath.

Me: YEAH!

We saw a zombie filming the Bagge's and Francesca is punching and kicking the living crap out of another Eustace! But this one was glowing blue and had a nasty Negative Energy all over him! We saw a zombie with them and it was BENTON TARANTELLA!

---

Benton Tarantella is a minor antagonist from Courage the Cowardly Dog. He is a Revenant.

He was voiced by the late Peter Fernandez.

## Everyone Wants to Direct

He arrived at the Bagge farm claiming he wanted to film there. Courage grew suspicious of him and checked his computer to see if he really was a director.

Courage learned that he was a former serial killer who, with help from his partner Errol, posed as an amateur filmmaker wanting to direct in his victims' homes. After they let the two in, they would kill them. The two killed a dozen people before they were arrested. Errol was released from prison for good behavior, but Benton died in prison.

Errol himself died of unknown causes sometime later, and was buried in a cemetery that the farm was built over. But now Benton has somehow come back to life as a zombie (how is never revealed) and come to the farm. He plans to bring Errol back to life so they could continue their killing spree, starting with the owners of the farm.

Benton would get Eustace to dig a pit leading to Errol's grave and wait for the planets to align and shine light into Errol's grave. Then after Errol came back they would eat Muriel (who thought she was playing a human victim and had no idea the whole thing was real) and then move onto Eustace and Courage.

When Courage arrives to warn everyone, Benton locks him in a trunk. Courage then manages to rewrite the script so that Benton lets him out, then he and Errol goes back into the pit.

## Angry Nasty People

In his final appearance, he was planning to make a show about people being mean to each other. He comes across the Bagges and asks them to be in the show because of Eustace's mean ways. He eventually makes the show entirely about Eustace and an even meaner clone of his essence named Mr. Nasty, who insults and humiliates Courage and Muriel. Benton and Mr. Nasty are defeated when Courage pretends to be meaner than Mr. Nasty so Benton will fire him and make Courage the new star. After Mr. Nasty leaves, Courage knocks Benton into a pit of quicksand to sink.

---

Me: Whoa! That's Benton Tarentella.

Scalebreath: Who is he?

Me: You don't want to know.

We busted in.

Mr. Nasty: What the!?

Me: You look a lot like Eustace but you are stupider!

Mr. Nasty: Look who's talking Mr. I know everything about fucking nothing!

Me: Oh yeah! Well you look like something that fucked around with an old lady after sucking your own butt you Buttsucking Shithole!

Eli: WHOA YOU TELL HIM!

Allie Wilde: YEAH!

?: Yeah you show him!

A figure came out and it was a Mewtwo!

Me: WHOA! A Mewtwo.

Mewtwo: (In a girl's voice) That's right but my name is Missy Rodgers.

Me: Whoa! You're the Mewtwo gene-slammer we were told about. Nico has been absolutely devastated when you disappeared.

Scalebreath: Wait. Missy?

Mewtwo: Qin?

Scalebreath and Mewtwo: WHAT THE HELL HAPPENED TO YOU?!

Scalebreath: Hold on.

I gave Qin new clothes and she went into the closet and reverted back and put them on and she came out.

Qin: You turned into a Mewtwo.

Mewtwo: Because of those stupid Team Rocket scientists! But I heard you guys killed a lot of them.

Courage: We sure did. It's crazy.

Allie Wilde: You're not kidding. What they did to Nico's friend was pure evil.

Eli: What a bunch of clods.

Qin: I was spliced with Komodo Dragon DNA and turned into a Komodo Dragon Gene-Slammer that made me into Scalebreath as you saw.

Mewtwo: And you have the power to transform at will.

Me: Because I gave her and many others like her the power to transform at will.

Allie Wilde: It's true.

I put on my blind man glasses and Eli covered his eyes and so did Courage. Then I snapped my fingers and Missy reverted back and she was in pain.

Missy was in pain as she reverted back.

Missy: (regains her hair) Hey, Qin. In the future, maybe we can have a transformation contest wearing only our towels so our clothes don't get damaged! (bones crack) GOD, IT HURTS SO MUCH!

Qin: It hurts tremendously but you get used to it over time. It took a while for me to get used to my powers ever since I joined the team.

Missy regrew her hands and feet and her unmentionables. She was back to normal and naked.

Missy: Ow! Man that really hurt.

Qin put her hand on her shoulder.

Qin: But you are back to normal Missy but with a bunch of amazing powers like me.

Qin and Missy then hugged for the first time in a while.

Missy: I missed you and Nico so much Qin.

Qin: I know. But it's great we're back together sister.

Missy: I missed being called that.

Allie Wilde: You guys are sisters?

Qin: No not by blood. But in friendship.

I gave Missy new clothes.

Missy: Thanks J.D.

Qin: But yeah. The transformation contest you want to do with me with only our towels can happen in the future.

Missy: Yeah.

Courage: It's great you're back with Qin and Nico.

Missy: Thanks Courage.

Then a Kitsune-Tsuki appeared.

Fumiko: Wow Missy you have your human self back.

Missy: I sure do. Oh guys this is Fumiko Tsuchikawa. And she is a Kitsune-Tsuki.

Me: Pleasure to meet you.

Fumiko: Wow you're J.D. Knudson, leader of Team Loud Phoenix Storm! What an honor.

Me: Same here.

Eli: Awesome to meet you.

Allie Wilde: Yeah it sure is.

Francesca: It's awesome to meet you too. Can you guys help us deal with this zombie director?

Me: Sure.

Courage: And I got an idea.

We went to the attic and in a box, Courage pulled out a box and it was for Instant Quicksand.

Me: Instant Quicksand. Cool!

We dug a hole that was really deep and Courage poured in the mixture for the quicksand and just added a glass full of water and VOILA! We had a ready quicksand pit.

Qin: That's cool!

Courage: Time to test it.

Courage put the grandfather clock in it and it sunk really fast to the bottom!

Me: Cool!

Missy: Wow it works!

Eli: I get it. You're going to throw Benton Tarantella in.

Allie Wilde: This is gonna be fun to see.

Missy: It sure will.

Fumiko: Awesome.

We brought Muriel out and Courage growled and looked like he was about to kill Muriel and then we pretended that he was and then Courage kicked the rocking chair that had Tarentella on it and he fell into the quicksand and screamed as he was sinking.

Benton: Now this is nasty. (Gurgling) Real nasty.

He sunk out of sight and was gone and then we sealed the pit and then I fired an energy ball and blew Mr. Nasty apart.

We later went back to the World Tree Estate.

---

Poliwag was playing table tennis with Lynn using his tail.

Lori: Poliwag, I think using your tail literally counts as cheating.

Lynn: He doesn't have hands Lori. Besides, that's very clever to use his tail like that.

CLACK CLACK CLACK CLACK CLACK!

Poliwag then hit the ball and it flew passed Lynn.

Poliwag: I win!

Lynn: AWESOME!

Lori: That's a very good point.

Nico and Mystique were watching Nature Documentaries with Lana.

Then the elevator opened and we came in.

Me: We're back.

Nico: How was the… (GASPS) Missy!? Is that really you!?

Aeleus: Mystique, please tell me this is one of your jokes.

Mystique: I'm right here, Aeleus.

Aeleus: Oh sorry.

Maria: Okay, J.D. I know you might still be bitter that Nico's leading the big mission today and that he was the leader in the war. But you don't have to play a cruel prank on him by making an image of Missy.

Me: I assure you this is no prank. And this is not a trick from Luan, Yakumo, Kurenai or Mysterio.

Eli: He is telling the truth.

Missy went up to Nico and touched his face and it showed that she was DEFINITELY real.

Missy: I'm real Nico. I made that awesome Lightning Snake with Poliwag using quantum enhanced lightning on the protonically subatomic level with a molecular mass of 4.6 times 10 to the negative 27th Power.

I then had smoke and sparks coming out of my head.

Me: OW! That hurt.

Nico knew it was REALLY her for real!

Nico: MISSY!

He hugged her for the first time in a while and cried in happiness.

Nico: Missy I've missed you so much!

Missy: I missed you too Nico. And I heard about everything you did when you joined Team Loud Phoenix Storm. I'm so proud of you.

Nico: (Crying)

Poromon and Poliwag came and they saw Missy.

Poliwag: MISSY!

Poromon: MISSY!

Missy: Poromon and Poliwag!

She hugged them both.

Poliwag: Wow! It's awesome you're here!

Poromon: Nico and us missed you.

Missy: I missed you too.

Inkling: It's really nice to meet you, Missy.

Missy: Same here Inkling. I love playing the Splatoon Games and they were awesome.

Me: That was a great adventure.

We told her all about some of our adventures and more.

Dirt Boss: Did we mention that we have the Masters of Evil as our frenemies now?

Missy: I'm surprised Zemo agreed to those terms.

Me: Yeah no kidding. But this is a completely different Masters of Evil. They took the place of the Legion Of Doom after the Battle with Thanos reared its ugly head.

Lana: Yeah that was one of our most epic battles.

Laney: It sure was.

After Nico calmed down we went to Lynn's Table to eat lunch and talk to Missy.

Missy: Wow you guys sure eat here a lot huh?

Me: It's our favorite hangout spot.

Nico: Yep.

Chromedome: It's funny. Qin got Gene Slammed by Roland Paradigm. And Missy got Gene Slammed by Team Rocket.

May: So both of Nico's sister figures got Gene Slammed.

Qin: Yeah that is crazy huh?

Me: It sure is. And both parties that slammed them are dead.

Eli: Good riddance.

Allie Wilde: You got that right. Also Brittany was gene-slammed by Team Rocket.

Brittany Gresh: It's true. I am a Shaymin Gene-Slammer.

Me: Yep it's true.

---

After dealing with Mr. Nasty and Benton Tarentella, Lincoln, me, Nico, Eli, Nicole, and Supergirl were heading to Coolsville, and not only is Lincoln going to rescue the twenty two girls located here, but we're also going to deal with a fake Dr. Croaker, who was sighted in Coolsville. Plus, Mystery Inc was also with us for this rescue.

Lincoln: Wow, we're in Coolsville, and I think I know what we're going to do here, not only am I going to rescue the twenty two girls located here, but we're also going to deal with a fake Dr. Croaker, who was sighted in Coolsville.

Me: That's right, big guy, and from what Vypra told us, the Dr. Croaker who's in The Masters of Evil is in The Amazon Jungle.

Nico: So, that means we're dealing with a fake Dr. Croaker, in other words, an old enemy of Mystery Inc from the past.

Supergirl: This might be back from when the gang were kids, along with J.D.

Me: I was about to say that, Kara. Plus, Fred was being his most stupid when we were on this case, and I punched him in the back of the head.

Shaggy: Ouch, yeah, like, I still remember what you did to Fred, and in this case, Allie also gave Red Herring a wedgie and a nasty black eye when he accused me of stealing that copy of the first edition of Commander Cool.

Nico: Accusing you of something like that, that Red Herring would do anything to get you guys in big trouble, even false accusations. What a jerk.

Me: Yeah that's Red for you. He is a mean bully and is always coming up with excuses to try and get himself out of trouble and get others into trouble.

?: HELP!

Suddenly, Lincoln heard the sound of twenty two girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the twenty two girls, but they were cornered by the fake Dr. Croaker, and he's going to kill them.

Lincoln: Oh man, I found the twenty two girls, but they've been cornered by the fake Dr. Croaker, and he's going to kill them. Come on, let's go.

We rushed on over, and Lincoln punched him hard in the stomach, and sent him flying into a wall, and he crashed into it. Then, we piled on and brutally pummeled him into the dirt.

Shaggy: Lincoln, here, use this.

Shaggy gave Lincoln a bubble gum bomb, which he throws at the fake Dr. Croaker, and it covered him in a sticky mess of bubble gum, and he was caught. Then, Lincoln removed the mask, and the fake Dr. Croaker was revealed as Wendel McWendel, the disgraced creator of Commander Cool.

Me: Wendel McWendel, I should've known you'd show up here.

Wendel McWendel: It was all because of you that you ruined my attempts to make a fortune selling other copies of my first edition of Commander Cool, and because of it, I was ruined and I was sent to prison. So, I broke out of prison to get my revenge on you all, and I would've gotten away with it too, if it weren't for you meddling kids!

Then, Lincoln punched him in the face, and gave him a nasty black eye.

Lincoln: You really disgust me, Wendel McWendel. You're nothing but a disgrace to the comic book world and to all comic book readers and comic book aficionados, because of what you did.

Me: And Lincoln is a much better comic book writer than you.

Sheila Castille came over and cuffed Wendel McWendel, and took him away. Then, Lincoln and Nicole went up to the twenty two girls located here, and when Lincoln saw them, he immediately recognized them. The twenty two girls were Kuroha, Midori, Aoi and Akane Shida, Shirokusa Kachi, Rena Asagi, Eri and Maria Momosaka, Shion Ohragi, Meiko Mine, and Toka Esukawa from Osamake, Lah Kara from Star Wars: Visions, Chizuru Ichinose, Mami Nanami, Ruka Sarashina, Sumi Sakurasawa, and Mini Vaemori from Rent-A-Girlfriend, Cleopatra from Cleopatra In Space, Motoko Kusanagi from Ghost in The Shell, Hina from Plunderer, Tulip Olsen from Infinity Train, and Robin Loxley from Sherwood.

Lincoln: Oh wow, it's Kuroha, Midori, Aoi and Akane Shida, Shirokusa Kachi, Rena Asagi, Eri and Maria Momosaka, Shion Ohragi, Meiko Mine, Toka Esukawa, Lah Kara, Chizuru Ichinose, Mami Nanami, Ruka Sarashina, Sumi Sakurasawa, Mini Vaemori, Cleopatra, Motoko Kusanagi, Hina, Tulip Olsen, and Robin Loxley.

Nicole: From Osamake, Star Wars: Visions, Rent-A-Girlfriend, Cleopatra In Space, Ghost In The Shell, Plunderer, Infinity Train, and Sherwood, awesome.

Lincoln: Are you girls okay?

Kuroha: Yes, we're okay, thanks to you.

Then, when Kuroha and the other twenty one girls saw who it was that saved them all from Wendel McWendel, their faces all lit up like red Christmas lights upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, a lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon and in a circle were the marks of the other girls in Lincoln's harem with the Earth surrounded by the ring of mermaids, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Kuroha: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twenty one clones of himself, and he and the twenty one clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones. We cheered wildly over the scene, and the girls in Lincoln's harem welcomed the new members of their future husband's harem.

Kuroha: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

We went back home to the Estate, and as for Wendel McWendel, he was sent to The Uranus Prison, and he got a Life Sentence Without Possibility of Parole, just like the other old enemies of Mystery Inc for their crimes.

---

After throwing Wendel McWendel back in prison, we were then training intensely in the gym doing our 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and we got a shower after that.

Then, we were heading down to meet Kasumi Tendo's friends, Ranma Saotome, his friends, and his girlfriend, Shampoo. We found out that when Lincoln rescued Kasumi Tendo, her world has merged with Earth.

Lincoln: I can't wait to meet your friends, Kasumi.

Kasumi Tendo: You're going to like meeting them, Linky, along with the rest of you.

Me: Same here, but I'd heard about that curse that Ranma has.

Brittney: You mean The Spring of 'Drowned' Girl, right? I'd heard about what happens to those who were sent plunging into that spring. We'll have to see it for ourselves.

We arrived at the location and waiting for us is Ranma Saotome, his friends, Ryoga Hibiki, Kodachi Kuno, and Ranma's girlfriends and three future fiances, Shampoo, Akane Tendo, Ukyo Kuonji.

Ranma Saotome: Oh wow, Team Loud Phoenix Storm, it's an honor to meet you all.

Me: (Bows) You too, Ranma. Plus, we also have a surprise.

As soon as they saw Kasumi Tendo, they were happy to see her again, and they hugged.

Ranma Saotome: It's so good to see you again, Kasumi. I'm glad to see you're alright.

Kasumi Tendo: Thanks, Ranma. Plus, I've got something to tell you guys.

Kasumi then told them everything that happened, and when they saw that she's now one of Lincoln's future wives, they cheered for her, and they know Lincoln's a man of his word, and he's going to keep her safe.

Ranma Saotome: We're happy for you, Kasumi. (To Lincoln) And Lincoln, you take good care of her.

Lincoln: I will, Ranma. I am a man of my word. Plus, we also know of your curse, but the others are going to want to see for themselves.

Ranma Saotome: I understand. Go ahead, Lincoln.

Lincoln fired a blast of cold water, and when that happened, Ranma turned into his female self, and that shocked us.

Lola: Whoa, so that's what that Cursed Spring did to him?! That's weird.

Lincoln then fired a blast of hot water, and it turned female Ranma back to male Ranma.

Lana: Oh, now I understand. He turns into his female self when he's hit with cold water, and if he gets hit with hot water, he turns back into his male self.

Me: That's definitely one pretty crazy curse.

Ranma Saotome: And this happened when I trained with my father, and he knocked me into that cursed spring, and that's what happened to me, and I had a rocky relationship with him from the very beginning.

Me: Ouch.

Lori: Now that we know about that curse, what can we do about it?

Lincoln: I got an idea.

Lincoln fired a blast of light, and he separated Ranma's female self, and he made her real.

Kasumi Tendo: Wow, that's awesome. Now, if some idiot tries to splash Ranma with cold water, they'll be in for a surprise. (To Lincoln) That was a genius idea, Linky.

Kasumi Tendo hugged Lincoln by wrapping her arms around his waist, but Lincoln picked her up in his abnormally large and powerful muscular arms, and he returned the hug, and they shared a kiss.

Ranma, his friends, and his three future fiances cheered for them, especially Akane Tendo, who had a smile and tears in her eyes, and she knows Lincoln will take care of her. While we were still there, we then took care of Ranma's hated enemy, Pantyhose Taro, by removing his curse, and we threw him in prison for his crimes, and in the future, we were also going to reason with Mousse, since he's tried to get Shampoo usually by fighting and either defeating, or worse, killing Ranma. But, it wasn't going to be an easy task, he's persistent and stubborn, but we've dealt with this kind of situation before.

* * *

In the early morning hours at 2:45 AM, we were resting peacefully, but not everyone in the Estate was resting peacefully. Shizuka Marikawa, Saya Takagi, and Rei Miyamoto were having nightmares of what they went through back in their world. Then, they woke up with a scream, and when Lincoln heard it, he went to them, and we followed into the room. Lincoln went up to them, and he hugged them, as the girls cried into his bare chest.

Me: Lincoln, are they okay?

Lincoln: No, they had nightmares from what they went through in their world before they wound up in our world.

Lincoln explained their nightmares, and when he finished, we gasped in horror.

Then, Takashi Komuro, Alice Maresato and her dog, Zeke, Kohta Hirano, and Saeko Busujima came into the room.

Takashi: I was afraid of that. We've been getting nightmares from what we went through because of those zombies.

Me: We've seen that sort of thing from the survivors of a zombie apocalypse, and it never tends to go away that easily.

Natilee Knudson: (Celtic Accent) That's right, Dad. The mental scars from the kinds of experiences they had to go through lead to nightmares that pop up every night.

We then went back to our rooms to sleep, with Shizuka, Saya, and Rei sleeping with Lincoln, as he holds them close, comforting them from the nightmares. The next day, we were up, and Shizuka, Rei, and Saya were feeling a bit better after that nightmare they had.

Itachi Uchiha: Nico, today's the day you lead.

Nico: I know, Itachi, and because of the nightmares Shizuka, Saya, and Rei had last night and from what Linc told us, we've already got our next mission. We're heading to Takashi's world to take care of the zombies.

Me: In that case, we'd better gear up.

We geared up, and we got tons of firearms, grenades, explosives, blunt and sharp weapons. We were ready for an apocalyptic battle against the zombies.

Lincoln: Shizuka, Saya, Rei, are you three sure you want to come with us when we head to your world? After those nightmares you had last night, I…

Shizuka Marikawa: (Hugs Lincoln's waist) It's okay, Linky. Plus, we want to put those nightmares to rest once and for all.

Saya Takagi: Shizuka's right, it's time for us to put our nightmares to rest.

Lincoln returns the hug, and hugs Shizuka.

Lincoln: (Smiles) I'm proud of you girls for saying so, plus, you're also going to see us in action.

Shizuka Marikawa: Yeah, Nico told us of what you guys do when it comes to fighting zombies, and I can't wait to see it for ourselves.

Lincoln: And thanks to that zombie survival video that Nico made, now everyone will know what to do when it comes to a zombie attack.

Nico: But lets get ready for our next mission.

Missy: What mission are you guys going on?

Nico: Oh, this is one is going to be one of our biggest.

Missy: I get it. You're going to fight Mr. Mind and his gang, right?

Nico: Of course not. That was a few days ago. No, this one is going to be a bit… undead.

Missy: Ooh! We're going to fight some zombies! AWESOME!

Qin: Yep and we're going to torch them.

Nico, Qin, Missy, The Red Rangers and their archenemies are all going into the world of Highschool Of The Dead and torch many zombies into oblivion.

Missy: This is gonna be awesome!

Takashi: Specifically, it'll be zombies that came from my world.

Nico: And only me, Takashi and his friends, the Red Rangers, and our respective archnenemies are going. But, you can come along if you want.

Lauren Shiba: I guess the 4 of us will have to stay back because we're the only ones that don't have archenemies.

Leanbow: That's a shame.

Me: We'll think of something for you guys later.

Hunter Bradley: Yeah but it'll be fun to watch this.

Eric Myers: It sure will.

We went to the simulator and Nico and his group got ready.

Nico: Oh, and I'll be using Troy's Super Megaforce Powers for this mission.

Troy Burrows: Good idea.

Nico: All right lets head in!

They went in and I pressed the buttons on the controls and activated the simulator and Nico and his group were in Tokyo, Japan. But the whole city looked completely deserted.

They saw the school Takeshi, Saya and friends were all at.

Nico: Okay. Everything looks normal so far. But the minute that fucking zombie comes banging on the gate, it's go time!

Qin: And we'll burn it.

They walked around and it was a totally deserted place.

Missy: Where is everybody?

Jason Lee Scott: It's a zombie apocalypse. There's hardly anyone now.

Nico: But stay alert everyone.

They went into the school and they saw Hayashi yelling at the zombie at the gate.

Hayashi: (to the zombie at the gate) You there! What do you think you're doing? This is a private school!

Teshima: It's okay, Ms. Hayashi. Let me handle it.

Takashi: (runs up to them with us following) Get away from that thing right now!

Hayashi: Mr. Komuro, what are you doing here? You're supposed to be in class.

Nico: Class is cancelled!

Qin: Yeah! That's a zombie!

Qin fired a fireball and it hit the zombie and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMM!

Missy: Whoa! Nice shot Qin.

Qin: Thanks.

Key: (to Teshima and Hayashi) There's probably more coming. Go alert the students and teachers before the inevitable panic starts!

Teshima: Right!

Hayashi: Lets go!

They ran fast and told everyone.

Nico: J.D. can you read me?

Me: (On the radio) Loud and Clear buddy.

Nico: Get ready to have survivors beamed to the estate.

Me: Roger that.

Principal: This announcement is for all the students and faculty. A-An emergency situation is taking place in the school right now! All students must follow their teachers instructions and evacuate the campus. I repeat: this is an emergency. Leave the school right now!

Suddenly, we heard some other noise from the other line.

Principal: AHHH! Get away from me, GET AWAY FROM ME! STOP, PLEASE STOPPP! SOMEONE SAVE ME!

Scott Truman: It's like Corinth all over again.

Nico: Come on!

They ran fast and busted into the principal's office and Missy and Qin fired fireballs and energy balls and blew the zombies apart into flaming bloody messes.

Nico: Come with us if you want to live!

The principal came over to them.

Nico: J.D. beam the principal over to you.

Me: (On the radio) Roger that.

I did so.

Multiple Man: Let's get some more backup here!

Multiple Man made 310 copies of himself.

Missy: Wait! Won't your copies get infected too?

Multiple Man: No they are like Shadow Clones.

Nico: Lets go!

They ran fast and got to the roof. There they saw Takashi and Rei surrounded by zombies.

Nico: And there's another reason why we're not going to get infected anyway.

Qin: Our powers make us immune to Zombie Bites.

Missy and Qin blasted the zombies surrounding Takashi and Rei with fireballs and energy balls and blew them apart in fiery explosions.

KRABBBBOOOOOMMMM! KRABBBBBBBOOOOOOOOOOMMM! KRABBBBBBOOOOOOOOOMMMM! KRABBBBBBBOOOOOOOOOOOMMMMM!

Rei: What the!?

Nico: Come with us if you want to live!

Takashi: We owe you guys one!

Nico: Come on!

They ran.

It seemed that Misuzu and Toshimi were about to be eaten by zombies but then, Devon used his superspeed to kill all of them.

Toshimi: Wow! Thank you so much!

Misuzu: You saved us!

Devon: You're welcome.

Nico: Two more for transport J.D.

Me: Copy that.

I beamed Misuzu and Toshimi over to the estate.

Eli: Man bro you are on fire.

Me: We have to stay focused.

Overdrive: Alright. We'll need some transportation. One that I can use my powers on.

Kohta: Would that bus count?

Nico: That bus will work perfectly.

Qin: Lets do it.

Missy: And we'll clear the way if zombies show up.

Nico: But first…

Nico pulled out a scroll and unsealed a bunch of laser guns and blasters and rifles.

Nico: You'll need these.

Saya: But we're still in school. We can't leave.

Nico: Saya this is no longer time for school. This is now a Zombie Apocalypse and this is now a fight for survival. It's do or die. Kill or be killed.

Qin: Nico is right. This is now a battle of survival.

They got on the bus and went into Tokunosu.

Tsunoda: HEY! Why are we going into Tokunosu?! I don't wanna do that; we should've just found a safe place in the school, or something! We should be checking up on our families!

Like I said, if we go with Komuro and the others, it'll be too dangerous!

Kurokami: Yeah, he's got a point! I kinda agree with Tsunoda."

Overdrive: Hey, I can't drive with all this racket!

Saeko: (to Tsunoda) Why don't you tell us what you want to do, instead of whining about what we're doing wrong?

Tsunoda: (pointing at Takeshi) I just can't stand this guy! I really hate 'im!

Takeshi: Why? What did I ever say or do to you?! I don't even know you, for cryin' out loud!

Tsunoda: YOU KNOW!

But just as Tsunoda was about to punch Takeshi, Master Zik hit him in the stomach with his cane.

Master Zik: That should teach you some respect!

Nico: Yeah! Shut the fuck up already Tsunoda! Or you will answer to me!

Qin: And me and Missy and all of us!

Tsunoda: Oh yeah!? What are you gonna do about it!?

POW!

Nico punched him SQUARE IN THE CROTCH WITH AN EXTREMELY SICKENING CRUNCH and it SHATTERED HIS ENTIRE PELVIS and Tsunoda was holding his broken manhood foaming at the mouth and crying like a little baby.

Qin: WHOA! Those lessons from Abby really came in handy.

Shido: Bravo! Simply outstanding teamwork. I'm impressed. I commend both of you. But at any rate, a conflict like that only proves my point. We need a leader. We do! Surely neither of you wants such a difficult responsibility on your shoulders.

Jason Lee Scott: Oh, and I suppose you're offering to take the job?

Shido: Well, J.D. Knudson would normally be in charge but he's not here. And what kind of leader like him leaves his own friends to be killed by the undead.

Me: (angrily) Excuse me, guys. I need to go outside and break something!

Eli: No bro. Don't let him get to you. You re better than that.

Nico: Yeah man. He's just trying to mess with your head. Shido?

KRABLAM!

Nico punched him in the face so hard that it knocked out ALL of his teeth from his ugly little mouth!

Saya then walked over and shot him in his shoulders and then his legs and then shot him in the crotch.

Nico: C'mon, Missy. Let's go. (glares at Shido and his followers) It stinks in here.

Jack Landors: I'm coming with you guys too.

Nico and the group left.

In the gas station, a thug was holding Missy and holding her hands behind her back with his left hand with a knife in the right holding it against Missy's neck

Missy: Hey! Let us go!

Thug: Quit squirming, bitch!

Nico: Missy!

Thugs: Hey, man! You got a nice fucking hot piece of ass here.

Nico: I'm warning you. Let her go!

Thug: Why the hell would we do that? Yeah, you think we would go after one of those skanky ass zombie bitch? Think again motherfucker!

Jack Landors: The Hell's wrong with you?! Are you fucking crazy?!

Thug: Crazy?! Hell yeah we're crazy! My family became zombies right before my fucking eyes. I had to smash everyone's head! My father, mother, my grandma and brother! Hell even my little sister too! How the Hell can I be normal?! You don't think we'd be fucked up after that! (laughs insanely)

Qin teleported and kicked him in the back of the head and Missy ran as Nico fired a blast of energy and blew his entire chest right out of his body and killed him instantly!

Missy: What a monster.

Nico: He was destined for hell after what he said there.

Shido: I see. If that's what you decided, go right ahead. I wont stop you all. I mean how could I? This is a free country not some sort of iron fuckiing dictatorship. (chuckles) However, you must stay with us, Miss Shizuka.

Shizuka: What?

Shido: Losing a nurse could be a major blow to our situation. Whaddya say? Would you please stay? There are other students who are relying on you."

Suddenly something zoomed passed Shido's left cheek leaving a scratch as a trail of blood came out with a nail stuck in the seat that was firing by Kohta holding the nailgun in his hands. Keiichiro joined him aiming his VS Changer at Shido

Shido: Y-You shot at me.

Kohta: I missed you on purpose, you douchebag.

Shido: B-But your not a violent student. (to Keiichiro) And you're one of the Super Sentai! You don't kill human beings!

Kohta: And how many of my fellow students do you think I killed yesterday? I could easily kill again if I wanted to.

Keiichiro: And I've destroyed many Ganglers easily. And when me and my team joined J.D. and the others, I've helped in ending the lives of countless evil scumbags! You think I won't have a problem killing you?! (to the others) If we're leaving, now's the time to do it. Me and Cody will make sure he doesn't stop us.

Nico: Okay. It's time we leave you here for dead!

Nico then grabbed Shido and Qin made a wooden cross and they put Shido on it and crucified him! They nailed his arms and legs to the cross and then Nico formed a red hot branding iron in the shape the Star of Satan and it also had the kanji for "Shido Koichi, Mother of all Jerks, Fiends and Monsters and Murderer of an Entire Planet as well as evil Cult Leader who slaughters and maimes billions of people to save his skin and nothing but a ruthless heratic."

紫藤浩一、すべてのジャーク、フィーンド、モンスターの母、惑星全体の殺人者、そして何十億もの人々を虐殺して傷つけ、彼の肌と冷酷なヘラティックを救う邪悪なカルトリーダー。

He screamed in pain as Nico burned the mark of damnation on him.

And they left him there.

Later further into the city they arrived at an apartment building.

Connor Mcknight: Wait. Isn't this the area where Alice and her father joined up with Takeshi?

Nico: Yep this is it.

They saw Alice and her dog and dad barricading their door and Nico fired blasts of fire and incinerated the zombie.

Nico: Come with us if you want to live!

Evil Star: (to Alice) Hey, do you and your dog want to come with us? Your father will be taken to a safe place.

Alice: Sure!

Nico: Awesome. J.D. got another.

Me: Okay. And also clever move Crucifying that asshole. He had it coming.

Nico: Thanks.

I beamed Alice's dad to the estate.

Later they got back on the bus.

Kohta and Alice: Row, row, row your boat, gently down the stream. Merrily, merrily, merrily, life is but a dream!

Kohta: Now we'll sing the Filk version!

Kohta and Alice: Shoot, shoot, shoot your gun! Kill them all right now! Bang! Bang! Bang! Life is but a scream!

Yamato: That's the most messed up version of that song I've ever heard.

Nico: Yeah you got that right.

Right: Yeah.

They were on the bus.

Saeko: It's time… I told you my true nature. It happened around four years ago. I was on my way home from kendo practice when a mugger attacked me and tried to molest me. But I had my bokken with me, and when I realised I had the upper hand, I felt so calm. I overpowered my attacker and when I saw him lying there on the ground, frightened and bleeding, I hit him again! (starts laughing hysterically) His frightened movements were so inviting that I just kept hitting him, over and over!

We heard her story and we gasped in absolute shock and horror!

Missy: What happened then?

Saeko: (starts crying) I told the police what happened and they let me go due to the circumstances, and they even gave me a ride home. But after that night… I learned that there was a side of me that… that loved inflicting pain and having control over another's life. I loved it! The feeling of someone's life in the palm of my hands! How can I live with that? How does a monster like me deserve compassion? Or friendship? Or love?

Tommy Oliver: Saeko, you're not a monster. You gave that guy what he deserved when he tried to molest you. Do you know the number of bad guys we've punished for doing stuff like that?

Nico: That's right Saeko! That fucking lunatic brought it all on himself. He deserved to die like the wretched fucking animal he did!

Qin: Yeah he sure did! He has no right to call himself a human being after that!

Nico: That fuckpot is now burning in hell. You got justice for yourself.

Saeko then was comforted by Missy.

Troy Burrows: So, where do we go now?

Nico: We go to Saya's place. I have a feeling something more isn't adding up. I sense that there are insane people there.

Saya: Lets go then.

But then a zombie appeared And bit Shane.

Shane Clarke just got bitten by a zombie.

Alice: Oh no! You got bitten!

Shane: (laughs) Relax, Alice! Despite how this looks, I'm actually fine!

Shane blasted the zombies head off and killed it and then Shane's body spurt out the zombie blood. All of it and healed itself.

Alice: Oh wow!

Nico: Yep.

Nico fired a massive wave of energy and obliterated all the zombies in one fell swoop.

Saya: Wow!

They got onto the bus and went to the Takagi mansion.

Mack Hartford: Maybe when we get to the Takagi mansion, we can try to find out the cause of the virus!

Nico: That's a good idea. But chances are we won't find out the cause. But lets pray that we will.

They later arrived.

Nico: Wow Saya your home is nice.

They went in.

T.J. Johnson: Anyone here?

Nico: This whole mansion is still here. That's got to count for something.

Rei: Yeah it is.

Saya: But we have to be ready for anything.

Andros: Saya's parents are probably on their way home.

Nico: Maybe. Lets find out what went down here.

They went down to the computers.

Leo Corbett: (to Missy) Sorry that this had to be your first mission with us.

Missy: Are you kidding! This is so awesome! I love these missions that you all go on. I watched everything you all did on TV and in the newspapers and it's so awesome! I'm ready for

this awesome journey with all of you.

Nico: Wow! I love that determination.

Villamax: So, you're not upset that we're dealing with a zombie apocalypse?

Missy: No way! I watched a lot of Zombie Apocalypse movies myself and I learned so much from them about survival. So I'm not afraid of all this.

Nico: Wow. This is gonna be fun.

El Diablo: Saya, I think your mom's home.

They saw Yuriko Takagi.

Yuriko: So you are the famous Nico Chan. I've heard so much about you.

Nico: That's right and it's a pleasure to meet you Mrs. Takagi.

Yuriko: Oh please. Call me Yuriko.

Nico: Sorry.

Saya: Mom we have to find out what the cause of this Zombie Apocalypse is.

Tyler Nevarro: Mrs. Takagi, Nico actually isn't the one who stole your daugher's heart. That honor goes to our friend Lincoln.

Nico: It's a long story.

Yukari: I heard about Lincoln Loud. He is a very brave and amazing boy from what I heard. J.D. Knudson taught him and his team really well.

Nico: Same with me and my friends too.

Yukari: Indeed.

Myotismon: (to Missy) You should be very proud of Nico. He's accomplished a lot ever since he met J.D. and the others.

Missy: You bet I'm proud of him. He went through so much and did so many amazing things.

Qin: That's our brother.

El Jefe: (Spanish Accent) Guys, I found something on the computers!

He showed them that it turns out that Shido's family WAS DEFINITELY THE CAUSE OF THE ENTIRE ZOMBIE APOCALYPSE! The virus was originally made by Shido's family as a new bioweapon. But a terrorist released the virus and it spread all over the world like wildfire!

They all gasped in shock!

Nico: That monster! Shido is REALLY the TRUE CAUSE of the entire planet going to hell!

Qin: I knew something was up with that Shido guy!

Kairi Yano: Yeah! I new he was trouble from the get go.

Lunk was eating something.

Runt: Lunk, what are you doing?

Lunk: (eats a sandwich) What? I'm hungry.

Dixie: Save some for the survivors here!

Goof: Assuming that some of the survivors here aren't insane.

Wilbur: Goof, I think the survivors really might be insane and out of their minds.

Nico: That is a possibility. But we'll be ready for them just to be safe.

Qin: Good thinking.

They then later found a man named Souichiro Takagi who is also Saya's father.

Souichiro: This man's name is… Doi Tetsutaro! He used to be a retainer of the Takagi family. He is also my best friend.

Inside the cage, we could clearly see the man he was referring to, but he had already turned into one of the undead.

Souichiro: And today, in the midst of a rescue, he was bitten while helping his comrades! Self-sacrifice is the noblest act we humans are capable of doing! But, he is no longer human! He died and turned into a very dangerous thing!

The moment he said that, the creature shook the cage with enough force to startle the crowd.

Nico: WHOA! He was a true hero.

Souichiro: Indeed he is. And that's why… (takes out sword) I shall carry out my duty as a man of the Takagi family!

One of the fellow members of his organization took the padlock off the cage and the zombie immediately charged towards him. Blizzard was about to freeze the zombie but Souichiro already cut the monster's head off.

Souichiro: This is our reality! Whether they were a good friend, beloved family members, or a former lover, you must be ready to kill them! If you wish to live, you must fight!

Whiplash: Well, that was intense.

Nico: That's the fate of a Zombie Apocalypse. Kill or Be Killed, do or die. It's all about survival.

Souichiro: Nico Chan and the great members of Team Loud Phoenix Storm. (bows) It is truly an honor to meet all of you.

Nico: (Bows) Same to you sir.

Silver Samurai: It is an honor to meet a fellow swordsman.

Souichiro: It's a pleasure too.

Qin: An honor.

Blizzard: You know I could've just froze that zombie for you, right?

Souichiro: I know. But unfortunately it was what I had to do.

Nico: I know that same feeling myself. As second in command of Team Loud Phoenix Storm, I have a lot of experiences when it comes to Zombie Apocalypses.

Souichiro: What does this look like you? (Saeko touches the sword) I had heard that Master Busujima's daughter was a superior swordsman who bested the famous Sanako Chiba. If that is the case, or rather, even if you are a girl," Souichiro added. "If you live the way of the sword, your touch will not sully that blade."

Saeko slowly unsheathed the blade and recognition dawned in her eyes.

Saeko: This is rare indeed.

Souichiro: Do you see it?

Saeko: The shallow curve and lack of temper pattern on the double edged blade tells me it was made in the little crow style. I saw the Rifle Kane-Masa… it's a Murata-tou.

Souichiro: Just what I expected! As you concluded: it is one of the swords that General Murata, known for his rifles, had forged during the Meiji era in the Tokyo Artillery Arsenal. They say it can cleave a pig's skull clean in half in a single stroke with no damage to the blade.

Jayden: Saeko will make good use of this blade, sir.

Nico: Absolutely. I've seen how powerful she is with a sword and she knows how to use it really well.

Qin: That's right. It's amazing how well she is trained.

Missy: But it's horrible how big a dark background she has.

Nico: Yeah. Also we can't turn into zombies.

Souichiro: I see. So none of you can be infected by the zombies.

Cole Evans: Trust me, sir. J.D. actually turned into a zombie before. But it only lasted a few seconds.

Nico: He has immortality and invincibility and he can destroy all form of disease inside him too.

Qin: It's true.

Major Disaster: (to Saya) You know, Saya. You and James are actually very similar.

Saya: Really?

Major Disaster: That's right.

Saya was told so much about me and everything that happened and more and she was amazed.

Nico: You

Later they were confronting a bunch of people.

Civilian Man: So you're saying that the dead bodies really are running about? Don't be ridiculous!

Saya: It certainly does look like an epidemic of a new disease, But I'm serious! 'they' aren't even remotely human. Couldn't you see that in my pa… in Don Takagi's demonstration? I saw it at the school… couldn't you see it in the city!? You should have been able to see they started moving again after they died!

Civilian Man: It is a bit unbelievable that they just keep getting back up, But there has to be a perfectly reasonable explanation

Civilian Woman: Yeah! The reason is that they never died in the first place!

Saya: If that was the case then that'd be great, But do you think amateurs can really make any of judgment here? Until the specialists can become settled and researched this then we won't know anything! I'm sorry, But it's just not possible for us to say. Do you disagree?

Civilian Woman: W-well…

Saya: You can't can you? Then just worry about keeping yourself from becoming food for 'them'! That's all that matters right now! My papa already said he doesn't know what to do with you, didn't he?

Civlian Woman: (laughs insanely) That's what you want to say isn't it? Now that I think about it, You're just a bunch of gun waving highschool brats! (to the other civilians) It's obviously true! She's the daughter of a right wing gangster! Threats and violence! They're using these despite all the trouble everyone in the world is going through. Everyone, Listen to me! This girl is the daughter of a killer. They want to turn us into killers, too!

Saya: What… in the world are you talking about?

Civilian Woman: Children shouldn't interfere in matters like this!

Takashi: Ch-chidren…? Is that all you see us as…?

Civilian Woman: Quiet! From here on, The adults will be making all the decisions! Us peace loving adults don't need any savage gangsters or highschool kids high on violence.

Kairi Yano pointed his VS Changer at her, shutting her up.

Kairi Yano: You shut your mouth right now. You don't have any idea what we've been through since this started.

Nico: That's right! Because of Shido and his entire family this whole planet is doomed! Shido's family killed the entire human race and it's people like him that give us all a bad name!

Qin: What he did makes him worse than any dictator we have known over the years!

They left.

Saya: The nerve of her!

Casey Rhodes: Don't let her get to you. She's just in denial.

Nico: She is what we call a delusional monster.

Missy: That's right. She has no idea what was happening out there all because of Shido.

Nick Russell: I have a feeling Shido's gonna make another appearence soon.

Rei: If he does, promise me we'll take care of him once and for all!

Nico: We will Rei. As long as you get the final shot in. He may not be worth killing to you. But to us, he is and he will pay. He and ALL of his followers will pay for their crimes.

Aurico: Mr. Takagi, we found info on the computers regarding the cause of the virus.

Aurico gave the printed info to him and he read it and he was absolutely SHOCKED AND HORRIFIED AND INFURIATED!

Nico: Shido will pay for this sir. I promise you.

Don Takagi: And I have a strong faith in all of you.

Nico: Thank you sir.

A bus was coming.

Wes Collins: (sees a familiar bus) Great. It's Shido again.

Overdrive: And he brought my favorite bus.

Nico: Well now this genocidal monster will die a horrible death.

Qin; But how did he get down? He was crucified?

Nico: We'll find out in a few seconds.

Shido came out and Rei was enraged.

Rei: (points gun at Shido) Do you know why I'm good with the spear? Because I also know how to use a rifle. My father, the best in the prefecture police, taught me. And you made my father suffer. He never yielded to anything, but he apologised to me in tears! That he made me flunk a grade. And I know! I know that you're the only one who could do that to my grades! But I held myself down. Because he told me that he could arrest both you and Senator Shido if his investigation went well. But now…

Shido: A-Are you going to kill me? You're going to become a criminal, even though your father is a police officer?!

Rei: You're one to talk!

Souichiro: Then kill him! I'm somewhat acquainted with his father, but in this age and time, that's useless. If you wish for it, then kill him!

Shido: Very well. Kill me. Kill me and suffer for it as long as you live! That is the highest level of education I can give you as your teacher! Is that your decision?

After a few minutes, Rei lowered her gun.

Rei: No. You're not worth my time.

Cad Bane: She's right. The rest of us on the other hand…

Cad Bane shot Shido in the shoulder, knocking him down.

Cad Bane: I think we'll keep you around as bait.

Nico: And we'll make sure it's painful. Tie him and his little boy toy up. I got something planned for them.

Qin and Missy tied him and Tsunoda up.

Toyman: Sir, you'll be happy to know that your daughter is now Lincoln's girlfriend.

Nico: Yep. My friend Lincoln is a great kid.

Nico told Saya's dad all about Lincoln and more and he was really proud of her.

Man: Sir we got problems! Nuclear missiles have been launched!

Nico: They launched EMP Missiles!

Qin: We got to stop them!

Nico: Wolf, use your Wolfen to destroy the EMP missiles!

Wolf: Right! Oh, and if I die, tell Leon and Panther that they can't touch my stuff!

Nico: You won't die Wolf. We know you won't.

Wolf was off to blow up the EMP Missiles.

Taskmaster: (to Shido's followers except Tsunoda) What's it going to be? Keep following a monster? Or come to our side?

Shido's followers minus Tsunoda knew they were telling the truth about him and how his true colors were revealed and all. They knew they were right and they went over to them. Shido was infuriated.

Shido: WHAT!? You're siding with those non-believers!?

Miku Yuki: YOU ARE NO GOD SHIDO!

Acrobat (Luck League): Guys!

Nico: What's wrong?

Acrobat (Luck League): We're about to have some ugly company!

They saw a massive army of zombies!

Then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above the mansion and a phoenix cry was heard and then we all appeared.

Nico: Hey guys!

Me: Looks like you guys could use some help.

Lucky: (sees me and the others) Lucky! You guys got here just in time!

Me: Told you we would come and help out.

Yuriko: It's an honor to meet you J.D. I've heard so much about you from Nico here.

I transformed into my Super Angel-Ebonwu-Phoenix-Harmony Infinity Form!

Me: (Divine Echoing Cosmic Elemental Voice) **LETS GET THEM!**

Nico: CHARGE!

We torched and destroyed many Zombies all over the place and REALLY let them all have it.

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, and the eight large colored orbs that were orbiting around the legs of Lincoln's sisters were glowing, and that means big trouble was coming.

Link: Oh no, I was hoping I'd never see it again. You can come out now, Helmasaur King.

A figure came out, and it was none other than Helmasaur King, the boss of the Palace of Darkness.

Nicole: Uh oh, Helmasaur King. I should've guessed he'd show up here.

Me: **He may not be one of Ganondorf's minions, but he's still a dangerous monster. It has an iron mask protecting its face, but it's also a weakness.**

R. Mika: Link, let me face off against this giant, iron-faced lizard.

Link: Okay, then, R. Mika.

Suddenly, R. Mika's eyes turned neon blue, and she was surrounded by a neon blue energy aura, and she unholstered her Sword of The Street Fighters from her back, and as she approached Helmasaur King, she left behind blue energy, light animals, and blue flames with every step. Then, R. Mika was surrounded by a massive vortex of blue energy and blue flames, light animals were circling around the vortex, and there was a white phoenix inside the vortex. Then, as the vortex faded away, R. Mika emerged, but she was changed forever.

R. Mika grew to 6'0" in height, she had the body of a goddess, she has neon blue eyes and a neon blue energy aura with light animals surrounding her, she has a phoenix with the Light Kanji in its claws emblazoned on her forehead, her long yellow hair has blue highlights, she has on phoenix earrings with the Light Kanji in its claws, a necklace with a phoenix with the Light Kanji in its claws for the pendant. The massive, wide, double-edged blade of her Sword of The Street Fighters grew to 6'5" in length and the handle grew longer. R. Mika now had on a blue sleeveless blouse with white phoenix, blue skirt with light animals, blue pants, and blue leather ankle-length combat boots, and a blue sleeveless trenchcoat with light animals on the coattails and the Street Fighter logo on the back of the trenchcoat. R. Mika had on her brand-new Bracelets of The Champions of The Universe with blue gems on her wrists and her new Belt of Elemental Bravery with large blue gem for the belt buckle on her waist and her Eater of Sins revolver holstered on her right hip. There was a white kanji below the Street Fighter logo that said, "Mika Nanakawa. also known as Rainbow Mika, Professional Wrestler of Japan and Student of Zangief, Master of Light and Fire, and Loving Future Wife of Lincoln Loud."

レインボー・ミカ、日本のプロレスラー、ザンギエフの学生、光と火の達人、リンカーン・ラウドの愛する未来の妻としても知られる中川美香

R. Mika has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL LIGHTSTORM PHOENIX ANGEL OF LOVE!

We were completely amazed by R. Mika's transformation, including

Zangief. But, when Lincoln saw what happened to her, he had a firetruck red blush on his face.

Me: **Whoa, R. Mika's transformed, and this means she's about to bring the pain.**

Nico: You said it, Colonel. This could be the biggest match of the century, Professional Wrestler VS. Iron-Faced Lizard.

Lincoln: Wow, R. Mika, you look beautiful. How do you feel?

R. Mika: (Divine Echoing Celestial Voice of Love) **I feel incredible, Linky, and now, I'm going to give this overgrown, iron-faced lizard the beating of his life. Would you like to make this a tag-team match?**

Lincoln: That's just what I was about to ask.

Lincoln transformed into Super Angel-Ebonwu Infinity Thundersnow Buffalo Angel of Frozen Lightning Justice and unholstered his massive Sword of Taranis from his wider muscular back, and he joined R. Mika.

Lincoln: (Divine Echoing Cosmic Thundersnow Voice of Justice) **Let's get that overgrown lizard.**

R. Mika and Lincoln went after Helmasaur King, and R. Mika fired powerful blasts of light, fire, and blue energy blasts, and Lincoln fired powerful blasts of neon blue energy blasts with neon blue energy blasts with elemental forces orbiting around the blue cores, super lightning, and massive blasts of ice at Helmasaur King, which hits his iron mask, and damages it. They also used some wrestling moves and grapples on it, and they really laid the smackdown on him.

R. Mika: **Time for the grand finale, Linc.**

Lincoln: **Oh yeah, let's do it!**

R. Mika and Lincoln got a running start, and as they leapt up into the air, they'd covered their feet in neon blue energy, fire, and light, and that means big trouble for Helmasaur King.

R. Mika and Lincoln: **CELESTIAL FIRESTORM DOUBLE DEATH BLOW!**

R. Mika and Lincoln descended on Helmasaur King's iron mask, and with two furious kicks from their feet covered in neon blue energy, fire, and light to Helmasaur King's iron mask, the lizard exploded, and Helmasaur King was Super Hakaied. We cheered for what R. Mika and Lincoln did to Helmasaur King, as they powered down and holstered their weapons, but R. Mika's brand-new clothes, weapons, jewelry, and body were permanent. Then, Lincoln picked R. Mika up in his abnormally large and powerful muscular arms, and he hugged her, and as they locked eyes, the two of them kissed passionately, as we cheered for them.

Zangief: (Russian Accent) I'm so proud of how far R. Mika has come.

Me: **Us too, Zangief.**

Nico: And that move R. Mika and Lincoln did, that was so awesome! I'd hate to see the poor sap who tries to face off against them in a wrestling ring.

Ronnie Anne: Me too, Commander. But, whoever it is, I can bet that the fight will be really good.

We got back to fighting the zombies and then Lincoln saw Saya surrounded by zombies!

Lincoln: Oh no!

Lincoln flew over and fired a massive shower of lightning and incinerated them all to ash!

Saya: Wow! Thanks Linky!

Lincoln: Anytime!

I was using Darkstar's powers and fired darkness blasts and sucked out all of the zombies energy and killed them all instantly and got stronger and stronger and stronger. Brittney used Darkstar's powers too and killed numerous zombies by sucking out all of their energy and she was getting stronger and stronger and stronger at an accelerated rate.

Don Octavio: (Grabs Shido and Tsunoda) (Italian Accent) Hey, flesh-a eaters! The main course! (throws Shido and Tsunoda)

The Zombies went at them and ripped the two to shreds!

Scorcher: Burn, baby, burn!

He fired a massive blast of fire and incinerated many zombies.

Firepower: You hungry? Eat this!

He fired a powerful blast of fire and incinerated many zombies as well.

I fired waves of lightning and electrocuted many zombies all over and reduced them to ashes.

Weather Wizard: Time to make the weather bad for these guys!

He used his powers and made a deadly fire tornado and sucked the zombies up into the sky.

Beetle: (flies into the air and shoots many zombies) Good thing the zombies can't fly!

Eli: This is like shooting fish in a barrel!

Eli fired a massive blast of Force Lightning and electrocuted many Zombies all over the place.

Titanium Man: (zombie breaks its teeth on his armor) Sorry! Can't eat canned food!

The toothless zombie looked like a total idiot!

POW!

Titanium Man punched its head off!

Lea and Axel fired massive blasts of fire and incinerated many zombies all over the place.

Cheshire used her claws to kill a zombie trying to eat the woman civilian from earlier.

Woman Civilian: Thank you so much!

Cheshire: (sternly) Don't ever make me regret saving you. Now go back to the house!

The woman did so.

The Mane 13 all blasted many zombies all over from the air and blew them apart.

Carter: You think we should even protect the insane civilians?

Nico: As much as I don't like them we have to.

Me: **Yeah they are worth it just as much as all those that are alive.**

We blast more and more zombies all over.

Boomerang: I've got boomerangs for all of ya!

He threw many boomerangs and they hit the zombies all over and exploded into massive fiery explosions.

KRABBBBBBOOOOOOMMMM! KRABBBOOOOOOOOOMMMMM! KRABBBBOOOOOOOMMMMM!

Right: I hope you guys weren't lonely without us!

Me: **We weren't. But you guys all did great! You held up really well in this kind of environment.**

Nico: Thanks.

Tsurugi: (to Missy) This may not be the usual battles. But this will still be a legendary first day for you.

Missy: Yes it sure will be Tsurugi. I love it!

Volcamon: Tackle Time!

Volcamon charged and smashed and incinerated many zombies all over.

Nico: Legendary Ranger Mode: Hyperjet Squad!

Nico turned into the Red Jetman Ranger!

Me: **YEAH AWESOME!**

Nico flew at an incredible speed and blew many zombies apart.

Nico: Now I know why Troy and his team love doing this. Let's try another! Legendary Ranger Mode: Starforce Pentasquad!

Nico turned into the Red Dairanger!

He blasted a bunch of zombies all over the place.

May: Let's finish these guys with the Battlizers!

Andros: You read my mind May!

The Red Rangers donned their awesome Battlizers and fired massive lasers and energy and element blasts and blew many zombies apart.

Aeleus, Dirt Boss, Inkling and Chromedome used the Earth, Velocitron, Inktropolis and Gigantion Cyber Planet Keys and they enhanced Aeleus's earth powers, Inkling's blaster, and Chromedome's roof lasers 100 fold and Dirt Boss had shoulder cannons pop out.

They fired waves of elements and summoned the monsters of the Scooby Doo series.

Lincoln and his harem: MYSTERY INC. MONSTER FINAL SMASH: MONSTER MAYHEM!

They ended up being chased by all the Scooby Doo Monsters in a Scooby Doo fashion and they got away safely but then the monsters smash the zombies all over and then we fired a massive wave of energy and completely obliterated the zombies all over and destroyed them all.

We powered down and the world was now zombie free. But the damage was already done.

Maria: We're very proud of you guys today.

Nico: Thanks, Maria.

Souichiro: Lincoln, you have my blessing to have my daughter in your harem. (sternly) But if you break her heart, I will kill you 10 times!

Lincoln: (GULPS) Yes sir.

Me: Now Souichiro no need for that. Lincoln is a man of his word and he has been there for all of his future wives just like he has always been there for all of his family. And we're very proud of him.

Nico: We sure are.

Takeshi: (To the viewers) This was a dangerous and awesome adventure. We now can live in peace away from zombies.

Me: Yep.

Nico: Lets find more survivors and give them a home on our planet Earth before we head home.

We flew out and found many survivors. In just under 24 hours, the virus that caused this horrible zombie outbreak wiped out 85% of the human race. We later went back home and then went to Lynn's Table and then went to sleep later on.

THE END

---

Another awesome fanfic done.

Highschool of The Dead was a really freaky and scary show and it's just absolutely horrifying how a simple ordinary day iin Japan turned into a nightmare and a fight for survival. The first part was for the Courage The Cowardly Dog episode called Angry Nasty People and that was a funny one. The 2nd part was for the episode of A Pup Named Scooby Doo called The Schnook That Took My Comic and that was a funny one. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next chapter is gonna be to celebrate ninjakingofhearts birthday. The rescue will be in Nowhere and me, Eli, Allie Wilde, Missy, Qin, Bai Tza and the Hitmonchan Gene-Slammer are gonna go through the episode The Transplant and we're going to see what Eustace was like as a Kangaroo Monster and we're going to meet Aki Akatsuki the Red Slime and a Lucario Pokemon Gene-Slammer named Nathalia "Skullsmasher" Normenchenekov from Belarus. She is a really deadly fighter. The 2nd part for Lincoln will be for the A Pup Named Scooby Doo episode The Computer Walks Among Us and we're going to stop Velma's Robot from framing her and ruining her life. The next chapter is for the awesome and REALLY funny movie The Emperor's New Groove and we're gonna meet Cuzco and help him become a better person as well as turn him back into human after he was turned into a llama and tell him that Yzma is going to kill him.

See you all tomorrow.

# The New Groove of The Emperor

IN HONOR OF EARTHA KITT.

HAPPY BIRTHDAY TO NINJAKINGOFHEARTS!

---

In Nowhere, Me, Eli, Allie, Abby Flores the Hitmonchan Gene-Slammer and Missy were walking to the Bagge farmhouse.

Abby Llores: So, Missy. How do you like it on the team so far?

Abby concentrated and groaned as her hair fell out.

Missy: It's awesome Abby and I love being part of the team more than ever now that I'm with Nico and Qin.

Me: We're glad you like it.

Eli: What is so special about this rescue that you had me go along with you guys?

Allie Wilde: We just love having you with us for fun Eli.

Abby turned into HITMONCHAN!

Me: Yeah!

We saw the Bagge Farm and we saw Muriel and Courage looking at a dead flower.

Muriel: You once were so pretty and smelled so sweet.

Eustace was working on his truck.

Eustace: EH?

Muriel: And now look at you.

Eustace: I took a bath last Tuesday!

Muriel: I wasn't talking to you Eustace.

We saw the flower.

Francesca: Poor flower.

Muriel: Courage do your stuff!

Courage: You got it!

Courage got right to digging and then he continued to dig until he unearthed something

Courage: Huh?

Muriel: Did you find something?

He pulled on an object and he pulled it out and it was really a strange bone.

Me: Whoa look at that bone.

Eli: Wow.

Francesca: Never saw a bone like that before.

Muriel: What do you suppose that came from?

Courage thought it over and he thought it came from either the Space Chicken, a giant squirrel or a whale.

Professor Frith: Hey guys! Check out the bone!

Professor Frith and a team of archaeologists and paleontologists came out of nowhere and they were digging.

Professor Frith: Grand! Grand!

Muriel: My posies! Oh my.

We saw that they unearthed a HUGE KANGAROO CREATURE

SKELETON!

Me: Whoa! We better find out more about this bone.

We went to the computer and Courage put the bone on the scanner and the computer scanned it.

Computer: What a hideous sculpture. I detest modern art. All right. Here's what you want to know. It's from a very rare, very extinct, very huge Kangaroo Monster.

We saw that the bone was part of an ancient extinct creature that lived thousands of years ago called a Kangaroo Monster.

Me: Wow!

Francesca: Never even knew a creature like that even existed.

Eli: Me neither. That is amazing.

Missy: That's is cool.

Computer: A social outgoing creature that loved to crush anything that moved into a pulpy pancake.

We saw a video of when a Kangaroo Monster was alive and we saw it smash a chicken into pulp with a massive bonecrushing hop.

Me: Whoa!

Allie Wilde: What a hop.

Eli: Ouch.

Computer: But that was then. This is now. They are all extinct.

Me: Aw nuts. It would have been cool to see one that was alive.

Computer: And the bones are very very valuable.

Me: Wow.

We went outside and tried to tell everyone that the bones are worth a fortune.

Eustace: Stupid bone-stealing dog! Give that back!

Eustace lost his balance and he tumbled and fell off the roof.

Eustace: AAAHHH!

THUD!

Eustace: OW!

A huge pile of Kangaroo Monster Bones crashed onto Eustace and the paleontologists took the bones and Eustace was a mess!

Me: We better get you to the doctor Eustace.

We did so. Doctor Vindaloo looked at an X-Ray of Eustace's spine and it was all twisted up. OUCH!

Dr. Vindaloo: (Indian Accent) Tsk tsk tsk tsk. On no this is not good. You need a disc transplant. Yes a disc transplant.

Muriel: Oh my. That sounds serious.

Eustace: Sounds expensive.

Me: Is a Spinal Disc Transplant even possible?

Allie Wilde: That's what I'm wondering myself.

Missy: A Spinal Disc Transplant is definitely possible.

Dr. Vindaloo: Very serious. But yes it's possible. But it's hard to find a bone that's just the right size and shape. But you have to otherwise there are terrible, terrible complications. Complications.

Courage: I have an idea.

He pulled out the Kangaroo Monster Spinal Bone.

Dr. Vindaloo: That'll do.

We were watching the surgery.

Me: I've got a really bad feeling about this.

Missy: I do too.

Abby Hitmonchan: Me too.

Dr. Vindaloo: This is a very delicate procedure. Very delicate. Only the most advanced methods can be employed. It will require great care, keen awareness and a practiced steadied hand.

He pulled out a mallet and put the bone on Eustace's back.

Then…

WHAM WHAM!

BONE CRUNCHING!

YICHIHUAHUAS! THAT'S GONNA LEAVE A MARK!

Eustace groaned in pain.

Me: (WINCES) OOH! THAT'S NOT GONNA FEEL GOOD!

Eli: YIKES!

Missy: (WINCES) OUCH!

WHAM!

Dr. Vindaloo put a bandage on him and we cheered for him.

Later Eustace was in terrible pain and he went to the bathroom to get a drink. But then he felt really weird and then he screamed and then turned into a Strawberry and then a Bouquet of flowers and then HE TURNED INTO A FULL FLEDGE KANGAROO MONSTER!

We saw what he turned into a we were shocked!

Me: WHOA! EUSTACE IS A FULL-FLEDGE KANGAROO MONSTER!

Francesca: WOW! Grandpa Eustace is that really you!?

Eustace: Yeah it's me. What happened to me?

Me: You've turned into a Kangaroo Monster!

Eli: Yeah you are a huge kangaroo!

Me: We got to get that bone out of you so you can get back to normal!

I then went giant and I was ready to face him. Then we got some help from a red slime named Aki Akatsuki and a Lucario Gene-Slammer named Nathalia "Skullsmasher" Normenchenekov and she is from Russia and she is one of the strongest boxers in the world that is known for smashing peoples heads in with a deadly punch. I held Eustace and Nathalia pulverized Eustace all over as I held him and we got the bone out of Eustace and he reverted back and he was in a tremendous amount of pain! I put on my blind man glasses and Eli covered his eyes and I snapped my fingers and Nathalia reverted back and she was naked. Abby reverted back too.

Abby was human again. But naked.

Abby: (covers herself) Nathalia, you've really got the asskicking spirit!

Nathalia: (Covers herself) (Russian Accent) They don't call me the Skullsmasher for show.

I gave them new clothes and they put them on.

Me: But I didn't think using a Kangaroo Monster Bone for a Spinal Disc Transplant was a really good idea.

Francesca: No it wasn't.

Aki Akatsuki: But that was so cool that Eustace became a giant Kangaroo.

Eli: It sure was. A Kangaroo Monster would make a perfect archenemy for Jim Crocodile Cook.

Me: That is a good idea Eli. And he is from Australia.

Allie Wilde: He sure is.

Nico: (On the radio) Nico to J.D. You can bring Eli back now.

Me: Roger that Nico. Lets head back guys. Our errand is done.

I went over to Eustace and I picked him up and I gave Nathalia and Abby new clothes and they put them on.

Me: Don't worry Eustace we'll get you the proper help you need back at the infirmary.

We went back to the World Tree Estate.

---

We arrived back at the estate and it was dark.

Eli: Why are the lights off?

Me: I'll get those for you.

I went over and turned them on and then…

Everyone: SURPRISE!

Poromon, Poliwag, Manaphy, Horsea, Tentacool, Jirachi, Emolga, Ninetales, Eevee and Shaymin: HAPPY BIRTHDAY ELI!

Eli: (GASP) OH WOW! You guys remembered!

Me: We sure did buddy.

Mr. Krabs: Happy Birrthday, lad!

Eli: You guys are the best!

Nunnally: You ready to have the most fun birthday ever?

Eli: You bet I am!

Me: And the best part is that it's a pool party!

Nico: Yep lets head to our waterpark everyone!

We cheered!

Me: First lets get Eustace here to the infirmary. I have a really weird and ugly story to tell you guys.

Nico: Can't wait to hear it.

We went and put Eustace in the Infirmary and then we went to the Indoor Waterpark for an awesome party!

(BANJO KAZOOIE TREASURE TROVE COVE THEME PLAYS)

We were ready for some fun! Missy was in an awesome orange bikini. We were swimming and having a lot of fun. We were going down the water slides and splashing around and blasting each other with water guns and more. It was so fun!

Olive: Time to open the presents, Eli!

Eli: Oh boy!

Me: You can start with mine.

I gave him my present and he opened it and it was an awesome and sweet Sleeveless Trench Coat and it had the 17 Symbols of The Elements of Harmony on the back and it was covered in jewels and it had Atlantica and Equestria on it. Written on the back in jewels was the kanji for "Eli Winston Bullock, Great Brother of Ariel, Carol, Sam, Becky, Teri, Darcy and Dana, Protector of Equestria, Avenger of Athena, Defender of Atlantica, Amazing Gundam Fighter and Awesome little brother of James Dean Knudson of Team Loud Phoenix Storm."

エリ・ウィンストン・ブロック、アリエルのグレートブラザー、キャロル、サム、ベッキー、テリ、ダーシー、ダナ、エクエストリアの守護者、アテナの復讐者、アトランティカの擁護者、アメージングガンダムファイター、チームラウドフェニックスストームのジェームズディーンクヌッドソンナドソンの素晴らしい弟。

Eli: Wow what a trench coat!

Me: Me, Leni, Rarity and Maria made it. It took a lot of work.

Rarity: Indeed it did darling and I put the jewels on.

Maria: Me and Leni had to use a lot of art to make this one.

Eli: Wow! This is an amazing coat!

Eli tried it on.

Eli: How do I look?

Carol: You look great Eli!

Eli got all sorts of awesome presents and they were awesome!

Later we were having pizza.

Guyhawk: Hey, Missy. How about you, Nico, Qin, Poliwag, and Poromon tell us your favorite memory together.

Missy: That's a great idea.

Qin: I'll start. My favorite memory was when we were in science class and we made an awesome new flavor of chewing gum.

Missy: I remember that! We made Strawberry, Blue Raspberry Cherry flavor and it turned our tongues neon blue.

Nico: (Laughs) That was awesome.

Sailor Mercury: That was really cool.

Nico: My favorite is where we made elemental creatures.

Qin: That was cool.

Poromon: I liked it where Missy punched and bashed bullies and turned them over to the cops.

Nico: That was cool!

Poliwag: I liked it when Missy invented that cold fusion energy generator.

Missy: That was great.

Poromon: Hey, Missy. Want a drink?

Missy: What kind of drink?

Poromon brought out some beer and Poliwag brought out some Red Bull.

Poliwag: Red Bull and beer!

G1 Brainstorm: (to Missy) I'm very sorry about this.

Nico: Uh oh.

Missy: No thanks Poromon. I don't drink. But I'll dring the Red Bull.

Poliwag: Okay.

Poromon: Oh well more for me.

---

After our adventure in Nowhere and getting Eustace back to normal as well as the awesome birthday party for Eli, Lincoln, me, Nico, Allie, Eli, Nicole, and Nikiya were heading to Coolsville in the past by going into The Simulator, and not only is Lincoln going to rescue the ten girls there, but we're also going to stop Velma's Robot from framing her and ruining her life.

Lincoln: Wow, we're in Coolsville in the past, awesome, and I know what we're going to do here, not only am I going to rescue the ten girls sighted here, but we're also going to stop Velma's Robot from framing her and ruining her life.

Me: That's right, big guy. I remember this time like it was yesterday. Plus, you guys are going to meet Mystery Inc back when they were kids.

Allie Wilde: Boy this sure brings back a lot of memories.

Eli: Boy I can tell.

Nico: This is definitely going to be so cool. I remember you telling us that you also helped them out back when you were a younger, wait until they see you now, along with their grown-up selves.

Me: Yeah big surprise. But this will bring back lots of memories.

?: HELP!

Suddenly, Lincoln heard the sound of ten girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the ten girls, along with the kid versions of Mystery Inc, but they were cornered by Velma's Robot, and he's going to attack them.

Lincoln: Oh man, I found the ten girls, along with the kid versions of Mystery Inc, but Velma's Robot has got them cornered. Come on, let's go.

We rushed on over, and Lincoln fired a neon blue energy blast, which took on the form of a net, and as it landed on it, Lincoln then sucked out its energy, causing him to grow stronger and stronger and stronger, and causing Velma's Robot to shut down.

Young Daphne: Alright, you stopped Velma's Robot. But, we don't know who the culprit is.

Young Velma: Let's review the clues. The first clue was a pencil case that fell out of Bruce's pocket, and the second was a red ribbon, the same one he won for his science project.

Nikiya: Then, that means, the culprit behind this was none other than (Pushes the button on Velma's Robot)

As soon as Nikiya pushed the button, the computer opened up, and exposed the kid version of Bruce Wormsley.

BOING!

He was on a spring-loaded chair.

Nikiya: Bruce Wormsley.

Everyone gasped.

Mrs. Stickler: But, why would he do this?

Nikiya: It's simple, to get Velma kicked out of school. He was tired of Velma always doing better than him, so he decided to get her kicked out of the school, by framing her, making him the number one student.

Me: His own jealousy towards Velma was the cause of it.

Young Bruce Wormsley: And I would've gotten away with it too, if it wasn't for you pesky Meddling kids and that puppy!

Nikiya: Meddling can be a good thing, Wormsley, and your jealousy and resentment of Velma is the reason why you failed.

Young Shaggy: Like that's right! Because when you mess with Velma…

Young Scooby Doo: You mess with us!

Principal Morton: That's right. (Grabs Young Bruce Wormsley by the arm) Come on, Bruce, I think it's time for us to have a long talk with your parents.

We cheered wildly for both Lincoln stopping Velma's Robot and Nikiya for solving the mystery. Then, Lincoln and Nicole went up to the ten girls, and when Lincoln saw them, he immediately recognized them. The ten girls were Wonder Momo from Wonder Momo, Kaede Kayano, Rio Nakamura, Yukiko Kanzaki, Hinano Kurahashi, and Manami Okuda from Assassination Classroom, Yumiko Aoki, Aiko Iwase, and Natsumi Kato from Bakuman, and Aikawa Chocola from Chocolate no Mahou.

Lincoln: Oh wow, it's Wonder Momo, Kaede Kayano, Rio Nakamura, Yukiko Kanzaki, Hinano Kurahashi, Manami Okuda, Yumiko Aoki, Aiko Iwase, Natsumi Kato, and Aikawa Chocola.

Nicole: From Wonder Momo, Assassination Classroom, Bakuman, and Chocolate no Mahou.

Lincoln: Are you girls okay?

Wonder Momo: Yeah, we're okay, thanks to you.

Then, when Wonder Momo and the other nine girls saw who it was that saved them all from the kid version of Bruce Wormsley, their faces all lit up like red Christmas lights upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, a lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon and in a circle were the marks of the other girls in Lincoln's harem with the Earth surrounded by the ring of mermaids, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Wonder Momo: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made nine clones of himself, and he and his nine clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones. We cheered wildly over the scene, and the girls in Lincoln's harem welcomed the new members of their future husband's harem.

Wonder Momo: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

We left the Simulator, and we also recruited the kid versions of Mystery Inc into the team, and they'd heard everything from their grown-up selves on all the mysteries they've solved, not to mention the bad guys they'd busted. As for the kid version of Bruce Wormsley, he was eventually expelled for his crimes, and he was thrown in a maximum security juvenile facility in Gotham Royal York, where he'll remain there until he turns 18, but once he reaches that age, he'll be sent to prison. He'll also be put under constant supervision, if he tries to escape.

---

After getting the kid version of Bruce Wormsley expelled for trying to frame Young Velma and ruin her life, we were training intensely in the gym doing our 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and we got a shower after that.

Then, we were heading down to meet Momo Adachi's friends. We'd found out that when Lincoln rescued Momo Adachi, her world has merged with Earth.

Lincoln: I can't wait to meet your friends, Momo.

Momo Adachi: You're going to like meeting them, Lincoln, and wait until I tell them everything, along with the fact that I'm now one of your many future wives.

Me: Same here, plus we'd gotten a call from Vypra to come to McWolf's new castle that he built here. I wonder why.

Nico: Me too. He hasn't kidnapped any girls for Lincoln to rescue, he's been taking it easy.

Lori: There's only one way to find out.

We got to the location, and we met Momo Adachi's friends, Kazuya "Toji" Tojigamori, Kairi Okayasu, Sae Kashiwagi, Misao Aki, Ryo Okayasu, Kako, Nami, and Ritsuko.

Kazuya Tojigamori: Oh wow, Team Loud Phoenix Storm, it's an honor to meet you.

Me: Same here, Kazuya.

Sae Kashiwagi: We'd heard about what happened to Momo, is she okay?

Then, as soon as they saw Momo Adachi, they were happy to see her again.

Sae Kashiwagi: I'm so glad you're okay, Momo.

Momo Adachi: Thanks, Sae. But, there's also something I've got to tell you guys. You see, I'm now one of the future wives of Lincoln

Loud.

Then, as soon as they saw Lincoln and Momo together, they cheered for her and offered them their congratulations, and they know Lincoln is a man of his word, and he'll watch over her. Then, we went off to McWolf's castle, and we were greeted by Vypra.

Vypra: I'm so glad you guys made it. We've got another villain for you guys to kill, and he's someone who's had ties to the Castlevania version of Dracula, whom you guys killed.

We got to the center of the castle, and we saw who was chained up by McWolf's Chains of Torment, it was Isaac, one of the two Devil Forgemasters who served under Dracula with insane loyalty.

Alucard (Castlevania): Isaac, so, he's the one you mentioned that you captured?

Vypra: Yes, when he heard about Dracula's death, that insane Devil Forgemaster had returned from the dead, and he's been wanting revenge on you guys. But, he's now powerless after what you did to Dracula.

Brittney Knudson: That's right, Devil Forgemasters are humans who are trained not only in the black arts, but also in the arts of alchemy and spiritual metaphysics. Not only can they create the demonic creatures to serve them, but they can also create weapons to fight, and create magical living beings using the forbidden knowledge they possess.

Lincoln: But, there was also another Devil Forgemaster, but he turned against Dracula, and of course, killed him.

Alucard (Castlevania): You mean Hector. Yes, he turned against Dracula long ago and relinquished his dark powers, but after Isaac's plot led to the death of his wife, Rosaly, he had no other choice but to descend into darkness, and regain his powers, so he could fight Isaac. But, he couldn't let the curse take hold of him, because Devil Forgemasters are also susceptible to Dracula's magic, and be turned into a vessel for his resurrection.

Lincoln: Now, we can put an end to Isaac once and for all, and end the last of Dracula's minions once and for all.

Lincoln unholstered his massive Sword of Taranis from his wider muscular back, and covered it in holy light, and he cuts down the insane Devil Forgemaster, causing Isaac to explode, killing him and Super Hakaied the insane Devil Forgemaster once and for all. We cheered, as Lincoln holstered his massive sword.

Me: So, that does it for Isaac.

Nico: That's right, and who knows. One day, we might run into Hector, and if we do, there's a place for him in Team Loud Phoenix Storm. What he did in slaying Dracula in 1479 and nullifying Dracula's curse makes him a hero. But, I also feel bad for what happened to his wife.

Lincoln: And when you think about it, Isaac's descent into madness and Rosaly's death were both caused by the curse of Dracula. Mathias Cronqvist, your desire to see the world burn and mankind die because of the deaths of your two wives, has cost you your humanity and your soul.

Me: And for that, he'd paid the price with his life.

We left home for the Estate, and not only had we met and recruited Momo Adachi's friends, but we'd also gotten rid of Isaac, the insane Devil Forgemaster who'd served Dracula with insane loyalty, and we'd ended one of Dracula's servants. And one day soon, we'll meet Hector, the Devil Forgemaster who turned against Dracula long ago, and also, ended Dracula's life and nullified his curse.

Later we were getting ready for one of our most awesome missions.

Dreadwind: J.D., it's your turn to lead today. After all, you ARE Eli's brother. I just hope Missy isn't crazy after drinking Red Bull.

Missy: I'll be all right. But when it wears off I'll be really tired.

Me: I know. And I'm aware that it's my turn. Also I have just the mission for us. We're gonna go into the world of The Emperor's New Groove.

Lana: AWESOME!

Eli: Wow! We haven't covered that one.

Me: I know. First for us.

Nico: I love that movie. (Imitating Kuzco) HA! BOOM BABY!

We laughed.

Eli: That was a good one.

Sora: I remember that one. It was a great movie and we're obviously going to stop Yzma.

Me: Yep and she was voiced by the great Eartha Kitt. Lets have a moment of silence for her.

We took off our hats and put our hands on our chests and showed respect for her.

SkullMeramon, Mortal Kombat Scorpion, Dodgeball Wizard, Goro, Iceage, Pyro, P'andor, Plastique, Multiplex, and Black Spider Then appeared.

Iceage: Can me, SkullMeramon, Mortal Kombat Scorpion, Dodgeball Wizard, Goro, Pyro, P'andor, Plastique, Multiplex, and Black Spider go with you guys?

Me: You all sure can. First we're going to watch the movie The Emperor's New Groove.

Multiplex: Oh awesome! I love that movie.

Me: Yep.

Dodgeball Wizard: Awesome. And Eli happy birthday.

Eli: Thanks.

We got to watching the movie.

Emperor Kuzco is a selfish and egotistical Incan emperor who plans to celebrate his 18th birthday by razing a local village to build a lavish summer home called "Kuzcotopia", much to the distress of local village leader Pacha. When Kuzco lets go of his conniving adviser Yzma, she plots to take the throne by poisoning him at dinner. However, her dim-witted assistant Kronk instead accidentally laces Kuzco's drink with a potion that transforms him into a llama instead of causing his death. Under Yzma's instruction, Kronk knocks Kuzco unconscious and attempts to dispose of him outside town. After a stroke of conscience (and maybe a shoulder Angel and demon) prevents Kronk from casting Kuzco over a waterfall, he drops the bag containing Kuzco on Pacha's cart. Pacha returns home, but cannot bring himself to tell his lighthearted family about Kuzco's plan. Pacha discovers Kuzco as he regains consciousness and declines to help Kuzco back to the capital unless he builds Kuzcotopia elsewhere. Kuzco and Pacha have a large number of arguments, and after one Kuzco storms off. While Pacha initially allows Kuzco to wander into the jungle alone, he ultimately follows and rescues him from a pack of jaguars.

Kuzco accepts Pacha's terms to guide him home, but attempts to leave Pacha dangling from an old bridge within an hour's walk from the palace. An altercation between them ensues after Kuzco also falls through the bridge, which results in the bridge's total collapse. Kuzco and Pacha cooperate to save themselves from dropping into a crocodile-infested stream. Meanwhile, Yzma discovers that Kronk has failed to eliminate Kuzco, and they both set out to find him. The pairs arrive at a diner at the same time, unaware of the others' presence (Kuzco and Pacha are disguised and oblivious). While Kuzco argues with the cook, Pacha overhears Yzma's plan and Kronk narrowly fails to recognize Pacha. Kuzco, oblivious to Yzma's treachery, brushes off Pacha's attempt to warn him and leaves, only to overhear Yzma and Kronk's machinations himself soon after. Realizing that no one in the empire misses him because of his selfishness, Kuzco prepares to resign himself to life as a normal llama, but encounters Pacha waiting amongst a herd and reconciles with him. Kronk, meanwhile, finally recalls Pacha and his connection to Kuzco. He and Yzma await them at Pacha's home, posing as distant family members. Pacha has his family delay Yzma by locking her and Kronk in a closet, giving him and Kuzco a headstart back to the capital.

They find Yzma's secret lab and numerous transformation potions, but Yzma has taken the potion that would return Kuzco to normal. She orders Kronk to kill Kuzco and Pacha, but Kronk cannot bring himself to do so, and Yzma drops him through a trap door after he attempts to kill her instead by dropping a chandelier on her head. Yzma drops the human vial amongst a scattered collection of others, and she calls upon the palace guards to seize Kuzco and Pacha. A chase through the palace ensues in which Kuzco and the guards consume different vials, changing into different animals. As Kuzco and Pacha are cornered on the ledges of a giant stone structure, they find they are down to two vials. Yzma knocks away the vials and uses one of them, but transforms into a small cat. Despite the transformation, she still manages to gain the upper hand in the struggle for the final vial, but is unexpectedly foiled by Kronk opening a window. Kuzco drinks it and returns to his human form.

Having made amends with those whom he offended and regained his throne, Kuzco opts to build his summer home on a neighboring, unoccupied hill. Some time later, Kuzco joins Pacha and his family at his modest resort. Elsewhere, Kronk has become a scout leader, and trains a new batch of scouts in the language of squirrels, including the reluctant Yzma, who remains a cat.

When the movie was done we were laughing and cheering. It was funny!

Laney: That is always so fun.

Nico: Love the part where he says we're gonna go over a waterfall.

Eli: That was funny!

Ronnie Anne: This is a perfect movie for me and my familia.

Carl Casagrande: I'm looking forward to this one.

Carlota: Me too. It's gonna be awesome.

Lola: It sure is.

Me: Yep. Lets head out!

We were off and we went to the world of The Emperor's New Groove.

---

PERU, 15th CENTURY

---

We arrived in 15th Century Peru.

Wallflower: Here we are.

Me: Yep. Welcome to 15th Century Peru.

Nico: This is so cool!

Laney: Wow! I've always wanted to see what it was like before the Great Spanish Conquest.

Jessie K.: Luckily that didn't happen till 100 years later.

Me: Lets find Pacha's village.

We went to the village and we saw Pacha and he had a red and black llama with him.

Dodgeball Wizard: Hi there. Pacha, right? That's a nice llama you got there.

Pacha: Yep. It's an ordinary llama. Nothing weird about it.

Maria: (unconvinced) Uh huh. Sure.

Kuzco: Wait a minute! Team Loud Phoenix Storm!?

Sora: Kuzco!?

Kuzco: Sora!? Wow! It's great to see you again.

Pacha: Wow! Didn't recognize you with your new clothes.

Sora: It's awesome to see you two again.

Kuzco: Same here. We heard you all killed Xehanort.

Sora: We sure did.

Nico: We all had a hand in that.

Eli: Yep and it was epic.

Me: It sure was. One of the most epic battles we have had.

Rage Mage: So, how's your day been?

Kuzco: (sarcastically) Let's see. I've been turned into a llama, I've got nothing except this dumb peasant with me, and there's no one running my kingdom. HOW DO YOU THINK MY DAY'S BEEN?!

May: I'm guessing that it's been bad.

Me: Don't tell me. Yzma turned you into a llama to try and take over your empire.

Pacha: Wait you mean that advisor you have did this to you?!

Kuzco: What are you talking about?

Me: Perhaps we should explain. Yzma is hellbent on taking over your empire.

I went over her history.

* * *

Yzma is the main antagonist of Disney's The Emperor's New Groove franchise. She serves as the main antagonist of Disney's thirty-eighth full-length animated feature film The Emperor's New Groove, its television series The Emperor's New School, and a major antagonist in its 2005 sequel The Emperor's New Groove 2: Kronk's New Groove.

She is a hideous old woman who wants to usurp the throne by murdering her foster son Emperor Kuzco as revenge for him firing her as his advisor. She also has a strong, but rather dimwitted henchman named Kronk. She is also a rather diabolical, intelligent and manipulative alchemist who concocts various potions and unguents. She also appears in other media as a cat. She is Kuzco's arch-nemesis.

She was voiced by the late Eartha Kitt, who also played Vexus in My Life as a Teenage Robot, Agatha K. Plummer in Harriet the Spy, and Catwoman in the 1966 Batman television series episode "Dressed to Kill". While as a cat, she was voiced by the film's director Mark Dindal, who also voiced Max in Cats Don't Dance, another film directed by Dindal.

The Emperor's New Groove

Yzma was originally Emperor Kuzco's royal adviser. However, Kuzco did not like the fact that she apparently did most of the governing behind his back, so he decides to fire her. Yzma furiously planned to dispose of the young emperor and rule the empire in his place by poisoning him. This backfires when Kronk accidentally mixes up vials in between the poison and a potion that turns the drinker into a llama, resulting in Kuzco becoming such an animal.

After Kronk incapacitates Kuzco, Yzma orders Kronk to take him out of the city and dispose of him. The next day, after being informed of Kuzco's "death", Yzma arranges a (very half-heartedly) funeral for him and quickly concludes it by replacing Kuzco's image with her own and establishing herself as the new ruler of the empire. When Kronk lets it slip that he let Kuzco live and get carted away by a local peasant, Yzma and Kronk set out to silence Kuzco for good before word can get out that he is still alive.

She follows Kuzco into the jungle and finally catches up with him in her lab. She attempts to kill him and his ally Pacha, but her plan backfires again when she accidentally drinks one of her potions, transforming her into a harmless kitten. At first, she gains the upper hand and grabs the human potion before Pacha and Kuzco could grab it, only for it to be knocked out of her hands into Pacha's when Kronk opened his trapped door and crushed her. In the end, she is placed in Kronk's Junior Chipmunks class.

## Kronk's New Groove

Yzma has a smaller role in the film in which after returning to a human form (with the exception of a cat tail), Yzma finds Kronk and tells him that she is no longer evil and involves him in a plan to sell youth potion to the old people. Unbeknownst to Kronk or the old people, the "youth potion" is simply addictive snake oil. As soon as Kronk figures this out, he and Rudy inform everyone as they are about to elect Yzma emperor. The old folks chase Yzma and corner her on a bridge above a river full of alligators. However, Yzma drinks a potion to transform into a cute bunny rabbit, so that no one will want to attack her. However, she is then caught and taken away by a falcon.

At the end of the film, Yzma is shown to be taken to the bird's nest, where its two eggs hatch and the chicks lunge to attack her before the credits roll.

## The Emperor's New School

In this TV spinoff, Yzma (having survived her encounter with various hawk chicks and regained her human form) once again plots to take the throne from Kuzco. The show's premise is that Kuzco must attend school and pass all of his classes in order to remain Emperor. If he fails even one class, he will be unable to retake the throne. In order to make Kuzco fail, Yzma poses as Principal Amzy, the principal of Kuzco Academy. With the assistance of Kronk, she comes up with various schemes (most involve potions that transform Kuzco into an animal, similar to the film) in order to make Kuzco fail one of his classes. Due to her normally just trying to make him fail Yzma is less homicidal in this show usually and has even teamed up with Kuzco and saved him before. Several episodes reveal members of Yzma's family, including her mother Amza who (according to Yzma) nags her incessantly, forcing Yzma to carry out her plots. Yzma also apparently has siblings, as she has two nephews named Zim and Zam.

Once Kuzco became emperor again in the series' finale "Graduation Groove", Yzma was demoted to Kronk's secretary by Kuzco's order.

---

When I was finished, Pacha and Kuzco were shocked.

Pacha: I knew that woman was trouble!

Kuzco: You're not kidding! She is a monster!

Me: But we're not gonna let her get away with this.

Kuzco: Well, Yzma pretty much has her wish now. There's no way I can become emperor again like this. Can things get any worse?!

As if on cue, Powerwild Heartless appeared.

Black Spider: You know, you really shouldn't ask that question.

Kuzco: If you need me, I'll be letting the Powerwild Heartless tear me apart.

I fired a powerful eergy blast and blew the Powerwild Heartless to smithereens.

Me: Looks like Xehanort's evil essence is here too.

Eli: I sense it.

Nico: Yep.

Missy: Were those the Heartless that I've heard about?

Eli: Yep those were them.

Me: One of many kinds of Heartless. But we're not gonna give up on you Kuzco.

Kuzco: Look, I appreciate you guys wanting to help me. But you don't know what it's like to lose everything you have!

Diamond Tiara: Actually, you're wrong about that.

Me: Many of us went through what you did Kuzco.

The members of the team that got gene-slammed went up to him.

Pacha: You guys lost everything too?

Carolyn Hope: We sure did. Weird story. But thanks to J.D. we got our lives back and we have the power to transform at will.

Nico: Big story.

Missy: Yep.

P'andor: (Russian Accent) Look, Kuzco. Maybe you should consider dropping your selfish ways. I mean, being selfless doesn't hurt anyone.

Kuzco: You might be right. But all my life, all I've known is to make myself feel happy regardless of other people.

Diamond Tiara: That's exactly like how I felt.

Lola: Well, me, Lori, and Lynn have been gone through the same thing. But we became better people.

Kuzco: I'm happy for you three. Really. I am. But at least you girls are still human.

Lori: You still are too despite the fact that you were literally turned into a llama.

Carl Weezer: A really awesome llama.

Jimmy Neutron: Carl now is not the time for your love of llamas.

Kuzco: Wait. You guys aren't just saying this so I don't destroy Pacha's village for my summer getaway, are you?

Roy Koopa: That's part of the reason. But we genuinely want to make you a better person.

Me: That's right Kuzco. We learned so much over the years and you may have all that power and royalties. But there are many things that all that power and money will never get.

Kuzco: Like what?

Me: Well power for starters. Also Friendship, love, honesty, generosity, loyalty and more. You already have Pacha as an awesome friend with you and you also have Sora, Donald and Goofy too as friends.

Kuzco: Wow.

Pacha: You really think me and Kuzco are friends even after what he plans to do?

Pyro: Well, you two probably have formed a bond before we got here.

Me: That's right. Friendship can come in many forms and many sizes even when you least expect it.

Twilight Sparkle: He's right on that.

Me: Yep.

Eli: It's true.

Our stomachs then growled.

Me: Getting hungry.

Roscoe: How about we eat at that nice restaurant?

Desoto: Yeah! I'm starving!

Pacha: I know just the one.

Me: Is it that Mug of Meat one?

Pacha: That's right.

We went there.

Goro: How are you feeling, Missy? Any side effects from the Red Bull you drank?

Missy: None.

We arrived at Mudka's Meat Hut and we ordered the specials and Lana was loving it as she was slurping up her bug meal with a straw. Lola looked like she was about to hurl her guts out. Starfire loved her special meal.

Seto Kaiba: (notices something) I think we should finish our meal and leave. NOW.

Me: What is it?

I looked and we saw YZMA AND KRONK!

Me: Oh man. Quick hide.

I put up an invisibility spell on us and we overheard them talking.

Yzma: We've been walking around in circles for who knows how long. That is the last time we take directions from a squirrel. I should have done away with Kuzco myself when I had the chance.

Me: (Whispering) See Kuzco?

Kuzco: (Whispering) You're right.

Plastique: We should go to your family's house. They might be able to help us!

Pacha: Right. Lets go.

Me: Tip-toe quietly.

We snuck out after Pacha left money for their meal and we got out and ran fast back to Pacha's house.

We arrived at Pacha's house and we saw his family.

Flamewar: You must be Pacha's family.

We met Chaca, Tipo and Yupi.

Chaca: We sure are. I'm Chaca and these are my kids Tipo and Yupi.

Me: Pleasure to meet you all.

SkullMeramon: Listen, two people are coming here. We need you guys to distract them.

Me: They are Yzma and Kronk. We need you to hold them off long enough for us to get Kuzco here back to human.

Chaca: We'll do what we can.

Me: Lets get back to the castle.

We teleported back to the castle of Kuzco and we got to the door that lead to the secret lab.

Thundercracker: Pull the lever, Skywarp!

Skywarp: Right! (pulls lever and Thundercracker falls through trap door)

Thundercracker: WRONG LEVER!

SPLASH!

Anemone: We should get him out of there.

Missy: I'm on it!

Missy used her Mewtwo powers to pull Thundercracker up.

Missy: Eat your heart out, Carrie!

Carrie White: (OFFENDED) HEY!

Missy: Oops! Sorry Carrie.

Carrie White: No worries.

She pulled him up.

Thundercracker: Thanks Missy.

Missy: You're welcome.

Me: This is the right lever.

I pulled the right lever and we got onto a roller coaster ride.

Speaker: Get ready! This here's the wildest ride west of the Amazon!

Me: Here we go!

We went down a roller coaster track and we arrived and it was a really cool lab.

Me: Boy Yzma sure knows how to use a really good laboratory.

Nico: Yeah she sure does.

Eli: This is amazing.

Multiplex: I'll make clones of myself for the battle

Lori: We should also get some potions for me, Lynn, and Lola.

Maria: What for?

Lola: So we can become animals to fight Yzma.

May: Won't your powers get you out of those forms in about 5 minutes?

Lynn: 5 minutes is all we need.

Me: Wrath of The Animal Kingdom here we come. First lets get Kuzco human again and I have the vial here.

Kuzco: Awesome!

Nico: Great!

Me: Here Kuzco.

Kuzco took it and he drank it and was back to normal.

Nico: Awesome.

We got to the castle.

Disk Wars Mandarin: Time for today's entrance.

Me: Lets get her.

We went for her.

Yzma: That was a complete waste of time!

Kronk: Yeah.

But then…

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the ceiling of the palace and then a phoenix cry was heard and fireballs rained down from the explosion and they hit the entrance to the lab and blocked off Yzma's route to the lab. Then we came out.

Me: Yzma. You are in a lot of trouble you power-hungry old hag!

Yzma: Team Loud Phoenix Storm!?

Me: That's right. Your worst nightmare come to life.

Lola: By the way has anyone ever told you that you need a lot of plastic surgery?

Nico: Yeah you are one ugly vulture.

Jet Vac: If you ask me you are a much worse crueler mistake than a bunch of vultures.

Mortal Kombat Scorpion: Kronk, why are you still with Yzma anyway?

Kronk: Look, I don't have that many options. If I try leaving, she's gonna do something horrible to me.

Me: Like what? By sticking a toothpick up your butt?

Krock: Okay that's a little too extreme.

Me: Sorry. First thing I could come up with.

Maria: We'll give you a job at Lynn's table.

Kronk: (suddenly excited) Really?!

May: But first, you should talk to your devil and angel friends on your shoulders.

Nico: You can see those May?

Devil Kronk: Yeah how can she see us?

Angel Kronk: That is strange. But go for it Kronk.

Kronk: Okay!

Yzma: Oh no you don't! I'll do something horrible to you if you do!

Kronk: Back off you old lady!

Kronk went to us.

Infragible Krunk: SMASH OLD LADY!

Nico: YEAH! You're long overdue with death you old crone!

Captain Flynn: But Kronk it's so awesome that you, Joe and I sound so much alike!

Joe Swanson: Yeah it does! So awesome!

Kronk: Boy that sure is cool.

Baron Mordo, Enchantress, Selene, Mumbo Jumbo, Tala, Felix Faust, Mirror Master, Machinedramon, Don Karnage, Puppetmon, Zavok and Solomon Grundy then appeared.

Me: Baron Mordo, Enchantress, Selene, Mumbo Jumbo, Tala, Felix Faust, Mirror Master, Machinedramon, Don Karnage, Puppetmon, Zavok and Solomon Grundy.

Baron Mordo: Very good to see you all here.

DC Enchantress: Are you enjoying your birthday, Eli?

Eli: I sure am!

Selene: Good. Mordo's even with us as an extra birthday present.

William: I actually knew it was going to happen.

Mumbo: And we also had lunch at that restaurant you guys went to.

Me: Awesome!

Lana: I was just about to say the same thing.

Tala: (to me) We heard you had another Nowhere adventure to celebrate Eli's birthday

Me: Yep we sure did.

Felix Faust: Who did you take out this time?

Me: We didn't take anyone out this time. More like we had to take something out of Eustace.

Missy: He hurt his back really bad and he needed a Spinal Disc Transplant.

Tala: Is that even possible?

Me: No it isn't. We had to use a Kangaroo Monster bone and Eustace turned into a Kangaroo Monster. They are giant kangaroo creatures that lived thousands of years ago and they had the power and strength to crush anything that moved into pulpy pancakes. So we had to stop him from smashing much of the world with his huge height.

DC Enchantress: Whoa! That's big!

Eli: But it was awesome!

Selene: But aren't Kangaroo Monsters extinct?

Valon: (Australian Accent) As a matter of fact they are mate.

Jim Crocodile Cook: (Australian Accent) But it would be so cool to have one as my archenemy.

Me: That would be cool. Duel Monsters of Australia VS Kangaroo Monster. So awesome.

?: That would be a great theme.

A figure came out and it was FOUR HEAD from episode 25 of Season 2 of Mighty Morphin!

---

The teenagers at Angel Grove High School create their own Peace Conference with six delegates from other countries and Lord Zedd decides to kidnap them. However, despite Goldar kidnapping them with the Putty Patrol the Power Rangers are able to rescue them. Enraged, Four Head is created by Zedd from the World Peace Statue present in the Peace Conference hall. The statuette was a representation of peace, with its four faces representing strength, wisdom, beauty and vitality. Four Head is created by Zedd teleporting the statue onto the roof of a skyscraper and the monster delights in the idea of the entire city being hers to demolish. Leaving the ambassadors in the hands of Rocky, Adam and Aisha, the Power Rangers confront Four Head before she can begin her rampage. The Rangers form the Power Blaster and Four Head is unimpressed but the Power Blaster manages to blast Four Head clean off of the building. However, Four Head survives and Zedd throws a Growth Bomb to Earth which Four Head grabs mid fall and it detonates on contact with the ground. The Rangers summon the Thunderzords and form the Red Dragon Thunderzord Warrior Mode and White Tigerzord Warrior Mode but she immediately blasts them and they form the Mega Tigerzord. Four Head is not intimidated so it tries to destroy the monster nonetheless but Four Head manages to reflect the Firebird blast back at the Mega Tigerzord, taking out both it and the Red Dragon Thunderzord down. Fortunately, Zordon sends Tor the Shuttlezord to aid the Power Rangers to Four Head's shock. However, the monster manages to topple Tor which prompts her to cross her arms and chuckle at it so the Red Dragon Thunderzord is forced to salvage the situation by flipping Tor back upright. Unfortunately, Four Head charges and delivers a beat-down to the Red Dragon who then grabs and throws her but Four Head lands on her feet and blasts down the Zord. Tor then transforms into Warrior Mode and sends blasts right at Four Head who is unfazed. The Red Dragon Thunderzord then enters Tor's shell and Four Head fires at it but its thick armor means that neither Zord is fazed which allows it to re-energize the Zord. The Rangers then form the new Thunder Ultrazord which flies into the air with the aid of the Red Dragonzord Thunderzord's staff. Four Head brings her staff to bear but the Red Dragon stops spinning its staff and the Thunder Ultrazord plummets out of the sky, crushing Four Head to death as it lands right on her. After the monster was destroyed, the four headed sculpture reverts to its normal form and reappears back on the Peace Conference table.

---

Me: Never missed an episode.

Four Head: (to Eli) I hope you're having a Happy Birthday, Eli! (sheepishly) Sorry I couldn't get you a present. Unless you count me leaving Zedd for Vypra a present.

CJ Casagrande: Alright.

Then, CJ helped Don Karnage up.

Don Karnage: (Spanish Accent) That was a good first usual battle, CJ.

CJ Casagrande then hugged Don Karnage, which he returned, and The Casagrandes and The Santiago family also joined in.

Don Karnage: (To Sergio) So, Frida told me you tried to take over the Estate and tried to turn it into a party pad for yourself, Sancho, and the party birds, right?

That caused Sergio to gulp.

Ronnie Anne: But, we already busted him, thanks to Sancho singing like the stool pigeon he is, and not only did Sergio get three weeks of punishment, he also got the Chancla.

Don Karnage: (Gasps) La Chancla, I hope never to hear those words or see the Chancla again, that's only if someone is misbehaving.

Maria Santiago: Same here.

Carl Casagrande: Whoa, adults are scared of the Chancla, too.

Maria Santiago: Since me and your father were kids, the Chancla held that power over us, especially since it was in the hands of your Abuela.

Rosa Casagrande: (Spanish Accent) And it's true, if someone misbehaves, I have to use the Chancla on them, and the one who usually misbehaves is Carl or Sergio.

Don Karnage: (Spanish Accent) From what CJ told me about those two, I'm not surprised.

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, and the eight large colored orbs that were orbiting around the legs of Lincoln's sisters were glowing, and that means big trouble was coming.

Link: Oh no, I was hoping I'd never see it again. You can come out now, Odolwa.

A figure came out, and it was none other than Odolwa, the boss of Woodfall Temple.

Nicole: Uh oh, I should've guessed that Odolwa would show up.

Me: He's also not one of Ganondorf's minions, but he's still a dangerous monster.

Menat: Link, allow me to face off against Odolwa.

Link: Okay, Menat.

Suddenly, Menat's eyes turned neon purple, and she was surrounded by a purple energy aura with Egyptian cobras and magic orbs, as she unholstered her Sword of The Street Fighters, and as she approached Odolwa, she left purple energy, Egyptian cobras, and magic orbs with every step. Then, Menat was surrounded by a massive vortex of purple energy with magic orbs orbiting around the vortex and Egyptian cobras flying around the vortex, and there was a gold phoenix inside the vortex. Then, as the vortex faded, Menat emerged, but she was changed forever.

Menat grew to 6'0" in height, she had the body of a goddess, she has neon purple eyes and a purple energy aura with Egyptian cobras and magic orbs surrounding her, Menat's brown hair grew longer reaching to the bottom of her neck, and her hair had purple highlights, she has an Egyptian cobra with the Magic Kanji emblazoned on her forehead, she has on Egyptian cobra earrings with the Magic Kanji and a necklace with an Egyptian cobra with the Magic Kanji for the pendant. The massive, wide, double-edged blade of her Sword of The Street Fighters grew to 6'5" in length and the handle grew longer. Her Left Eye of the Lion crystal ball turned purple and she had eight large purple orbs orbiting around her legs. Menat had a white sleeveless blouse with a gold phoenix, white blouse with Egyptian cobras on it, and purple leather ankle-length combat boots, and a dark purple sleeveless trenchcoat with Egyptian cobras and magic orbs on the coattails and the Street Fighter logo on the back. Menat had on her brand-new Bracelets of The Champions of The Universe with purple gems on her wrists and her new Belt of Elemental Bravery with large purple gem for the belt buckle on her waist and her Eater of Sins revolver holstered on her right hip. There was a gold kanji below the Street Fighter logo that said, "Menat, Student and Apprentice of Rose, Fortune Teller of Egypt, Master of The Stars, and Loving Future Wife of Lincoln Loud."

メナト、ローズの学生と見習い、エジプトの占い師、スターのマスター、そしてリンカーンラウドの愛する未来の妻

Menat has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL STELLARSTORM EGYPTIAN COBRA ANGEL OF HOPE!

We were amazed by Menat's transformation, and when Lincoln saw what happened to her, he had a firetruck red blush on his face.

Me: Wow, it looks like Menat's the next one to transform.

Nico: You said it, J.D. This is going to be a good fight, Fortune Teller of Egypt VS. Tribal Warrior.

Lincoln: Wow, Menat, you look beautiful. How do you feel?

Menat: (Divine Echoing Stellar Voice of Hope) **I feel incredible, Linky, and now, I'm going to take down this tribal warrior once and for all. Would you like to join in?**

Lincoln: That's just what I was about to ask.

Lincoln transformed into Super Angel-Ebonwu Infinity Thundersnow Buffalo Angel of Frozen Lightning Justice, and unholstered his massive Sword of Taranis from his wider muscular back, and he'd joined Menat. But, we also saw something happen to him. We saw Lincoln's neon blue energy aura now had the thirteen elemental forces of Fire, Ice, Water, Earth, Thunder, Wind, Light, Darkness, Nature, Time, Space, and Stars.

Lincoln's outfit when he transformed into Super Angel-Ebonwu Infinity Thundersnow Buffalo Angel of Frozen Lightning Justice changed back to his orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area. His weighted large orange bands on his massive biceps and thighs, the orange gems on his large cuff Bracelets of The Champions of The Universe, and large orange gem belt buckle on his Belt of Elemental Bravery had changed to rainbow colors. Then, his orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails turns marine blue, and the eight massive orange orbs orbiting around his legs turned marine blue.

Lincoln transformed into SUPER ANGEL-EBONWU INFINITY ELEMENTAL THUNDERSNOW BUFFALO ANGEL OF FROZEN LIGHTNING JUSTICE!

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Let's get that giant warrior.**

Menat and Lincoln went after Odolwa, who swung his blade at them, but they dodged it, and Menat fired powerful blasts of purple energy, stars, and Egyptian cobras at Odolwa, and Lincoln then fired powerful blasts of neon blue energy blasts with neon blue energy blasts with elemental forces orbiting around the blue cores, elemental forces, super lightning, and massive blasts of ice at Odolwa, and the blasts exploded with incredible power, as they hit Odolwa.

Menat: **Linky, shall we put an end to Odolwa for good?**

Lincoln: **Let's do it, Menat.**

Menat and Lincoln: **CELESTIAL STARSTORM MEGABLAST!**

Menat and Lincoln fired massive and powerful energy blasts with stars surrounding it, and as they hit Odolwa, they exploded with incredible power, and Odolwa was Super Hakaied forever. We cheered for what Lincoln and Menat did, as they holstered their weapons, and Menat powered down, but Menat's brand-new clothes, weapons, jewelry, body, and the eight large purple orbs orbiting around her legs were permanent. Then, Lincoln picked Menat up in his abnormally large and powerful muscular arms, and he hugged her, and as they locked eyes, the two of them kissed passionately, as we cheered for them.

We went back to fighting Yzma.

Lynn was about to charge at Yzma when suddenly, she turned back to human and fell to the ground. Lynn got up and saw that Lola and Lori were human again too.

Lynn: Oh crap. Our powers must've finally returned us to normal.

Yzma: (laughs evilly) The many disadvantages of having those powers. I, on the other hand, don't have that handicap!

While she wasn't looking, Ed picked up a cat potion and placed a T Rex label on it.

Ed: Here you go, Miss Yzma! One T Rex potion! Hold the onions.

Yzma: (Takes potion) Thank you, stupid idiot!

She drank it and then in a puff of smoke she changed.

Eddy: ED YOU IDIOT!

Yzma laughed malevolently. But then when the smoke cleared she saw that she was a kitty!

Yzma: Meow.

Eddy: Smart thinking Lumpy.

Nico: Oh that is clever.

Me: She's now not worth killing after that.

Kuzco: You're not gonna kill her?

Maria: Of course not. You know how many people we killed yesterday?

Me: Yeah she is not worth it.

Yzma was infuriated when she heard me said that and then she slashed me right across my face on my right cheek!

Me: (in pain) OW!

Fluttershy then used her stare on Yzma.

Yzma was in fear now and laney trapped Yzma in a cage.

Grundy: Grundy hopes Eli likes prsent.

Eli: I do, Grundy. Thank you.

Mirror Master: I hope this was the best birthday you've ever had!

Machinedramon: (to Ed) I'm surprised you were able to trick Yzma into drinking that potion.

Ed: I don't need my Edzilla form to defeat bad guys all the time.

Puppetmon: You know what? Today just proves that point.

Zavok: What do we do with Yzma now?

Kronk: You just leave that to me.

Kronk decided to form a Camp and Yzma was forced to join.

Kuzco: (To the viewers) This was an awesome and funny adventure. I hope you guys loved this awesome one. HA! BOOM BABY!

We laughed and We later went back home. Eli had one of the best birthdays ever. We enjoyed the rest of the day and went to sleep for another awesome new day.

THE END

Another awesome chapter done.

HAPPY BIRTHDAY TO NINJAKINGOFHEARTS! It's his birthday today and this whole chapter is his awesome birthday present. His favorite episode of Courage The Cowardly Dog is The Transplant which is also part one of the chapter. That was so freaky. The second part was for the A Pup Named Scooby Doo episode, The Computer Walks Among Us and that was a great episode. The Emperor's New Groove was so awesome! I loved that movie back when I was a kid. It was awesome! David Spade, John Goodman and Eartha Kitt all did a great job in that movie back in the year 2000. Also this chapter was not only made to be a birthday present for ninjakingofhearts but also to honor the later Eartha Kitt who voiced Yzma. She did a great job as her.

R.I.P. Eartha Kitt - January 17, 1927 - December 25, 2008

Tomorrow is MY 34th birthday and this is gonna be a good one! The next rescue for me is gonna be in the world of Skylanders Trap Team except we're going to the world of the expansion Mirror of Mystery and Glumshanks is gonna show me, Eli, Allie, Missy and the Arceus Gene-Slammer a mirror universe that he saw and we're going to meet a nice version of Kaos as well as see a weird universe where the trolls are good and the Mabu are evil and so is Master Eon as we saw an evil version of him named EVILON! We're also going to meet the Liliraune Twins named Nikila and Nakiya and they will also have a Jumpluff Gene-Slammer named Nikki Remington. She is from Canada. Also the rescue for Lincoln will take place in the A Pup Named Scooby Doo episode called Robopup. That one will have a twist where instead of Scooby dismantling Robopup, we reprogram him to serve us. As you know tomorrow is my 34th birthday but it's ALSO THAT TIME AGAIN WHERE WE START OUR ANNUAL SAGA OF HORROR! GET READY FOR MONSTERS, GUTS, GORE AND CARNAGE AS WE GO ON ANOTHER AWESOME TWO WEEKS OF TERROR! (EVIL LAUGHTER)

HAPPY 34TH BIRTHDAY TO ME!

---

In Skylands, me, Allie, Eli, Missy and Christina Schumacher the Arceus Gene-Slammer were flying over the lands and they were amazing.

Christina Schumacher: (German Accent) J.D., is it okay if we take our time for this rescue?

Christina concentrated and groaned as she got bigger.

Me: Sure thing Christina.

She turned into ARCEUS!

Allie Wilde: AWESOME!

We arrived at Skylander Academy and it was amazing.

Me: Wow! So this is Skylander Academy. I always wondered what it was like here.

Eli: It sure is amazing. Wow. Look at all the students here. It's amazing that there are so many kids here wanting to become like their awesome heroes the Skylanders.

Missy: It sure is awesome. I think it's so cool.

Me: You said it. Spyro this whole school you all came up with was a great idea.

Spyro: Thanks J.D. Since Kaos is now in the Masters of Evil and The Darkness is now gone forever, there are still other villains that will want to take over Skylands. So we'll need all the help we can get if we want to take them down.

Me: That's a good reason.

Eli: Yep. Also Glumshanks said he has something awesome to show us.

Me: And I think I see him up there.

We went up to him.

Glumshanks: Glad you guys could make it. I need your help with something. See this?

We saw a mirror and we saw that it was a mysterious mirror and it was really a portal to a mirror universe for Skylands.

Me: Whoa this mirror looks amazing.

Glumshanks: It's actually a portal to a mirror universe.

Me: Right! I remember hearing about this. We heard about there being a mirror universe for Skylands where Kaos and the Trolls are all good and the Mabu, Flynn, Cali, Persephone and Eon are bad.

Allie Wilde: Wow! That is a huge switch.

Missy: That is so freaky. But really cool.

Glumshanks: Lets head in guys.

We went through the mirror and then we arrived in the Skylands Mirror World.

Me: Whoa! So this is the Mirror Universe of Skylands.

Eli: Wow. It looks pretty much the same.

Missy: It kind of does.

Me: We've been to several mirror universes before though Missy. It's a really weird and unusual sight.

We went on and we met Mirror Kaos and he was the polar opposite of the one we know and he has blue eyes instead of red and he doesn't have his trademark Kaos symbol in the middle of his forehead and he had a necklace with the 8 elements of skylands and he has a staff and is wearing a blue robe.

Mirror Kaos: Ah there you are Gladshanks and Team Loud Phoenix Storm it's an honor to meet you.

Me: Same here Kaos. It's a pleasure to meet you too. Your version in our universe is with our frenemies in the Masters of Evil.

Mirror Kaos: That's interesting.

Eli: We got word that you're having problems with the evil Dark Portal Master, Evilon.

Me: But first what can you tell us about Evilon?

Mirror Kaos told us all about him.

---

Evilon is the main antagonist in Skylanders: Trap Team mission "Mirror Of Mystery". He is good Kaos's archenemy and a foe for the Skylanders.

Evilon is Master Eon's evil dimensional counterpart, who is seen at the beginning of the expansion pack, threatening to destroy the alternate Skylands. But not before giving the Portal Masters a chance to face him. After knowing the whereabouts of this mirror dimension, Glumshanks appears at Skylanders academy, where he teleports himself and the Skylander to the other world. As they arrive, they meet Kaos' good counterpart, who gladly welcomes them to his world. They look around them and see that the trolls are happy and peaceful, while the Mabu is the mean invaders. After assembling the mechs for the troll army to defend themselves, the Skylanders help them fight back. As they break through the Mabu's barrier, they come across Flynn's mirror counterpart, who drops bombs upon them that destroys their mechs. Later, as they keep moving on, they also come across an evil Persephone who creates Mabu super soldiers that she summoned to attack the Skylanders. The Skylanders throws at the bomb at Persephone's tree, which destroys Persephone in the process. Once they make it to Evilon, a troll appears on a flying gunship and helps the Skylanders take out Evilon's defenses. As the Skylanders shoots Evil Flynn's ship, it begins to crash into the mirror that Evilon was in, destroying him once and for all.

---

When he was finished we were shocked!

Me: WHOA! So he really IS the exact polar opposite of Master Eon.

Missy: And he's causing a lot of problems here.

Me: Yeah. But we'll gladly take him and his cohorts down for you all. And I know just the method to do so.

I pulled out some black Traptanium Crystals and they looked like Mirror Flynn, Mirror Cali, Mirror Persephone and Evilon.

Me: We haven't used these in a long time. This is gonna be awesome.

Missy: It sure will be awesome. Time to kick some butt!

Then suddenly Missy glowed purple and then the symbol for the Skylands elemental force of Magic appeared on her cutie mark which was a galaxy with moons and stars swirling around it as well as science beakers and lab equipment swirling around it. And if that weren't enough she had an awesome Purple Traptanium Crystal broadsword appear in her hands.

Missy: WHOA!

Glumshanks: Wow! You have your own Traptanium Sword, Missy.

Missy: This is so cool!

Then we saw MIRROR CALI!

Missy: And I think I found my first target to try it out on.

Eli: Go get her Missy!

Missy flew at Mirror Cali. This version of Cali looked like a blue version of her and she had glowing evil red eyes!

Mirror Cali: You are fools to try and take on Master Evilon! He will make sure you all perish!

Missy: We'll see about that!

Missy's sword glowed a powerful neon purple she went at the Mirror Cali and defeated her with a powerful slash and knocked her down.

MIRROR CALI DEFEATED!

Missy: I hope these crystals work as powerfully as J.D. said.

She held up a Black Crystal and a vortex formed and it sucked Mirror Cali in and trapped her inside it!

Missy: WHOA!

Mirror Cali: HEY! LET ME OUT OF HERE! I WON'T STAND FOR THIS!

MIRROR CALI TRAPPED!

Mirror Cali: Better to be a frenemy than a villain.

Missy: Whoa! That was amazing!

Me: Awesome job for your first catch with Traptanium. Good job Missy!

Eli: That was amazing!

Me: It sure was. Lets get going to take down Evilon.

We were off and we went to get Evilon. Along the way, Eli caught Mirror Hugo, Allie caught Mirror Persephone and Christina caught Mirror Mags! We then met the twin Liliraune named Nakiya and Nikila as well as a Jumpfluff Gene-Slammer named Nikki Remington. We then came face to face with EVILON!

Evilon: Greetings, J.D. Knudson of Team Loud Phoenix Storm. It's I, Evilon! Your mortal enemy!

Me: I have many mortal enemies.

Evilon: I come to you now with a warning. Turn back now. Turn back or meet your ultimate and very messy doom.

Me: I've heard that one before.

Missy: Yeah! And we're going to take you down!

Mirror Flynn then appeared!

Mirror Flynn: You should not have said that! Now you will feel your doom!

Me: We'll see about that.

We went at Mirror Flynn and defeated him and sent him careening to the mirror.

I then had Mirror Flynn put in a Traptanium Crystal and Missy did the same with Evilon! MIRROR SKYLANDS WAS FREE! I then put on my blind man glasses and Eli covered his eyes and I snapped my fingers and Nikki reverted back and she was naked. Christina reverted back too.

Christina was human again. But naked.

Christina: (covers herself) If we ever see an evil J.D., remind us to send him into Oblivion!

Eli: Noted on that. That was freaky!

Nikki Remington: (Covers herself) But that was really cool!

I gave Christina and Nikki new clothes and they put them on.

Missy: That was amazing how there was an evil version of Eon here.

Nikila: You aren't kidding. But it wasn't just him. It was Persephone, Flynn and all the Mabu.

Me: Yeah what a huge switch. But that's what is expected in Mirror Universes.

Eli: But the coolest part is that we've taken down 5 of the most dangerous enemies here.

Eli had 5 Traptanium Crystals and they had Mirror Flynn, Mirror Hugo, Mirror Mags, Mirror Persephone and Evilon in them.

Me: And Glumshanks really helped us out a lot for this one. His experiences here really came in handy here.

Missy: It sure did and I got this really awesome Traptanium Crystal Sword. I think it's so cool!

Eli: Yep and congratulations on getting that Missy.

Missy: Thanks.

Nakiya: We're proud of you Missy.

Me: That was awesome. We will have to use Traptanium Crystals more often. This was awesome.

Eli: It sure was.

We later went back to our world.

---

After dealing with Evilon and the evil Mabu, Lincoln, me, Nico, Eli, Nicole, and Takanuva were heading to Daphne's mansion in Coolsville, and not only is Lincoln going to rescue the eleven girls there, but we also got word that Mr. Gordon has come back from the dead, and not only has he rebuilt Robopup, he also wants revenge on Mystery Inc for ruining his plans to rob Daphne's mansion.

Lincoln: So, we're heading back to Daphne's mansion, and I think I know what we're going to do here, not only am I going to rescue the eleven girls here, but from what we heard, Mr. Gordon has come back from the dead, and he's also rebuilt Robopup, and he wants revenge on Mystery Inc for ruining his plan to rob Daphne's mansion.

Me: That's right, big guy, and we're also going to reprogram Robopup to serve us.

Nico: That's a good idea, and it's better than destroying him again.

Me: Yep.

?: HELP!

Suddenly, Lincoln heard the sound of eleven girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the eleven girls, along with both the grown-up selves of Mystery Inc and the kid versions of Mystery Inc, but they were cornered by Mr. Gordon and Robopup, and he's going to kill them.

Lincoln: Guys, I found the eleven girls, but they, along with the grown-up selves of Mystery Inc and the kid versions of Mystery Inc, have been cornered by Mr. Gordon and Robopup, and he's going to kill them. Come on, let's go.

We rushed over, and me and Nico punched Mr. Gordon in the face, and Lincoln fired a wave of energy, which caused Robopup to be reprogrammed to obey us. When Mr. Gordon tried to order him to attack us, Robopup growled at him, and he fired neon blue energy ropes from a cannon it got out from his back, and it tied Mr. Gordon up. We cheered for what Lincoln did, and we now have Robopup added to our team. We checked on both Mystery Inc gangs, and they were okay, then, Lincoln and Nicole went up to the eleven girls, and when Lincoln saw who they were, he immediately recognized them.

The eleven girls were Honey Kisaragi from Cutie Honey Flash, Akane Tsunemori, Mika Shimotsuki, Yayoi Kunizuka, and Risa Aoyanagi from Psycho-Pass, Mamori Anezaki, Suzuna Taki, Karin Koizumi, Maruko Himuro, Riko Kumabukuro, and Koharu Wakana from Eyeshield 21.

Lincoln: Oh wow, it's Honey Kisaragi, Akane Tsunemori, Mika Shimotsuki, Yayoi Kunizuka, and Risa Aoyanagi from Psycho-Pass, Mamori Anezaki, Suzuna Taki, Karin Koizumi, Maruko Himuro, Riko Kumabukuro, and Koharu Wakana.

Nicole: From Psycho-Pass and Eyeshield 21, awesome.

Lincoln: Are you girls okay?

Honey Kisaragi: Yeah, we're okay, thanks to you.

Then, when Honey Kisaragi and the ten other girls saw who it was that saved them from Mr. Gordon, their faces all lit up like red Christmas lights upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, a lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon and in a circle were the marks of the other girls in Lincoln's harem with the Earth surrounded by the ring of mermaids, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental

Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Honey Kisaragi: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made ten clones of himself, and he and the ten clones went up to the girls, and they'd picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones. We cheered wildly over the scene, and the girls in Lincoln's harem welcomed the new members of their future husband's harem.

Honey Kisaragi: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

We returned home to the Estate, and Robopup now has a new home with us, and as for Mr. Gordon, he was sent to the Uranus Prison with a sentence of Life Without Parole. He was put in a straitjacket and chained to a wall in a separate cell in Solitary Confinement, where he'll stay there for the rest of his life.

---

After reprogramming Robopup and throwing Mr. Gordon in prison, we were training intensely in the gym doing our 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and we got a shower after that.

Then, we were heading down to meet Jun the Swan's friends, and we're also going to take down her old enemy, the Galactor terrorist organization. Plus, we found out that when Lincoln rescued Jun, her world merged with Earth.

Lincoln: I can't wait to meet your friends, Jun.

Jun: You and the rest of the team are going to like meeting them, Lincoln. Plus, we're also going to destroy the Galactor terrorist organization for good.

Me: You said it, Jun.

Lincoln: The Galactor terrorist organization has caused a lot of trouble for Jun and her friends in the past, since they want nothing more than to control Earth and its natural resources.

Lincoln 2: And I know a lot about Sosai X, he came from Selectol, a planet located somewhere in the Andromeda Nebula 2 million light years away, and he was sent to Earth under instructions from his superiors and sought to conquer the planet by using a small mafia group to his advantage.

Me: And over the years, he built up power, and that small mafia group grew into the biggest terrorist organization that threatened the Earth.

Nico: But, we'll be rid of him and the entire Galactor organization for good.

We arrived at the location, and we were greeted by Jun's friends, Ken Washio, Joe Asakura, Jinpei, Ryu Nakanishi, Dr. Kozaburo Nambu, Director Anderson, and Red Impulse, who were part of the group called The International Science Organization. They also reunited with Jun, and they also found out from her that she's now one of the future wives of Lincoln, and they cheered for her, and they also know he's a man of his word, and he'll take care of her.

Director Anderson: Well, now that introductions are out of the way, it's time that we put a stop to the Galactor organization for good.

Lincoln: But, before we get after the main members of the team, we have to take care of their main two divisions, Black Birds and Devil Stars.

We first went after the Black Birds division, and Lincoln formed a massive cloud of darkness, and in it were mini electromagnetic pulse bombs, which disabled their technology. Then, we'd used Darkstar's powers, and we fired darkness blasts which hits the Black Birds, and we'd sucked out all their energy, and we were getting stronger and stronger and stronger, and our attack killed them all.

Then, we'd went after the Devil Stars division, and Lincoln also formed a massive cloud of darkness, and it blinded them. Then, Zhen Ji played a melody on her Dark Moon Flute, the haunting moonlight melody from the Dark Moon Flute had hypnotized all of the Devil Stars female assassins, and we saw them rip each other apart, and they killed each other, leaving a pool of blood all over the floor.

Lincoln: Nice work, Lady Zhen. That was a pretty amazing melody you played on your flute.

Zhen Ji: (Smiles) Thank you, Lincoln. Plus, I got to admit, you definitely live up to your reputation

Nico: That's our Man With The Plan. Now, we can get after the big wigs of Galactor.

We then went after the four main big wigs of Galactor, Sosai X, Berg Katse, Gel Sadora, and Count Egobossler.

Sosai X: So, the famous Team Loud Phoenix Storm has arrived.

Me: That's right, Sosai X, and we're here for one thing: to take you all down and destroy your little organization once and for all.

Lincoln: You and your organization have terrorized Earth for the last time, Sosai X.

Lincoln transformed into Super Angel-Ebonwu Infinity Thundersnow Buffalo Angel of Frozen Lightning Justice, and unholstered his massive Sword of Taranis from his wider muscular back, and the rest of us transformed, and unholstered our weapons, and we went after the four main big wigs of Galactor, and we blasted them with powerful neon colored energy blasts and elemental blasts, and we slashed at them with our weapons, and we hurt them badly. Because of our attacks, they were now on their last legs.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) And now, this is the end for the entire Galactor organization. GALACTOR GENOCIDE BLAST!

Lincoln fired four massive energy blasts, which went after Sosai X, Berg Katse, Gel Sadora, and Count Egobossler, and as they hit them, they exploded with incredible power, and the explosions killed them and they were also Super Hakaied forever. We cheered wildly, and we'd holstered our weapons, and we powered down. Then, Jun went up to Lincoln, and Lincoln picked Jun up in his abnormally large and powerful muscular arms, and he hugged her, and as they locked eyes, the two of them kissed passionately, as we cheered for them.

Finally, the terror of the Galactor terrorist organization was silenced forever, and the International Science Organization were now new members of the team.

We went back to the estate.

---

Back at the estate, everyone was getting everything ready for a party. But it wasn't just anyone's party. It was MY party. It was my birthday today and it was gonna be so awesome.

Nico: (to Escaflowne Varie) Thanks for joining us, Varie.

Varie (Escaflowne): I'm honored to be here Nico and thank you so much for helping me get over my grief.

Nico: It was my pleasure.

Varie: And I'm also honored to meet my namesake. I met J.D. the same way as you did with Van's dad but at Grand Venture State Park when he first moved here to Michigan.

Luna: Boy I remember that dudes. That was amazing.

Lana: It sure was.

Lucy Loud: I thought it was too.

Laney: That was an amazing adventure. And it's where I got my powers.

Varie (Escaflowne): That is amazing.

Nico: Here they come!

Everyone got to hiding.

We came back and the lights are off.

Me: Whoa it's dark.

Eli: I'll get that for you bro.

Eli turned the lights on and then…

Everyone: SURPRISE!

Mascots: HAPPY BIRTHDAY J.D.!

Me: (GASP) OH WOW! YOU GUYS ARE AWESOME!

Clawful: Happy Birthday, J.D.!

Me: Thank you all so much!

Nico: You earned this party buddy.

Me: I'm honored guys!

Lucky: LUCKY! You deserve it too J.D.

Me: Thank you all so much guys!

Lincoln: That's right, J.D., and we've got some awesome gifts for you.

Me: Give them to me later.

Varie (Escaflowne): Hello, J.D. You must be wondering how I got here.

Me: I sure am and it's a pleasure to meet you Varie. Van told us so much about you.

Varie (Escaflowne): I had a feeling he did. Also it was a really interesting story.

Nico: It happened while you were having your rescue.

* * *

Nico and Varie were flying over Gaea and they were flying over the forests and then they came across the ruins of Van's old kingdom o Fanelia.

Nico: Wow so this is Fanelia. We never saw this when we were here the last time.

Varie: I know. It sure is amazing but it's awful what happened here when the Zaibach Empire destroyed it.

Nico: No kidding.

They landed in the forest and they looked up and saw the Earth and the Moon and all the planets we have around Earth in the sky.

Nico: Wow! The Earth, the Moon and all the planets we have are amazing from here.

Varie: Boy it sure is amazing.

Then they heard crying.

Varie: Sounds like someone is crying.

Nico and Varie went over and they saw a grave and in front of it was a woman with black hair and white clothes crying her eyes out and she had magnificent white angel wings.

Nico: Whoa that must Van and Falken's mother Varie.

Varie: She has the same name like me.

They went up to her.

Nico: Excuse me?

Varie saw them.

Nico: I'm Nicolas Chan and this is Varie Knudson.

Varie: Pleasure to meet you.

Varie (Escaflowne): (Crying)

Nico knew that she was going through some rough times because of her loss of Van and Falken's father. But he helped her out and got her better.

FLASHBACK ENDS

Me: Wow that's amazing.

Nico: Yep.

Aligned Knock Out: For your birthday, I think we can give the usual battles a rest for today.

Me: Thank you guys! LETS PARTY!

We got down to partying. First was an awesome obstacle course race. Me, Rainbow Dash, Nico and Eli were going to run our most dangerous obstacle course ever: THE RACE FROM HELL!

We went through a lot of treacherous obstacles and more and it was awesome! Later I was facing an evil Sasuke in a Simulator battle.

I was facing him in the Final Valley and I was ready to make sure he suffered.

Evil Sasuke: (ENRAGED) YOU FUCKING CUR! I'VE HAD IT WITH YOU!

Me: Just like I've had it with all of your fucking godforsaken clan.

Evil Sasuke did not like that insult to him.

Me: Your clan paid the ultimate price for their crimes just like you soon will.

Evil Sasuke: (ENRAGED) I'LL KILL YOU 100 TIMES OVER FOR SAYING THAT!

Me: FUCK YOU!

Evil Sasuke went at me and I blocked his punch and kicked him in the face and smashed him down.

Me: Now you will face my true and ultimate power.

Evil Sasuke: What do you mean!?

I then was enveloped in a massive vortex of rainbow fire and a rainbow aura and then I went Super Angel-Ebonwu-Phoenix-Harmony Infinity and I was at full power!

Me: (Divine Echoing Cosmic Elemental Voice) **This is my ultimate power.**

Evil Sasuke saw how powerful I was and he then was infuriated even more!

Evil Sasuke: I HATE YOU! YOU SHOULD BE A HELPLESS WEAKLING BEFORE ME! We are the Uchiha! We are the Strongest!

Me: **You will never be the strongest as long as I'm around.**

Evil Sasuke: WHY ARE YOU SO STRONG!? YOU ARE NOTHING COMPARED TO THE UCHIHA! WE ARE THE STRONGEST!

Me: **Because the Uchiha are nothing but a bunch of traitors, murderers, thieves and delusional monsters that care about no one other than themselves. Your clans crimes against the world are completely unforgivable. You all think you are so entitled to**

**everything and want to have everything handed to you all on a silver plater. That's all you ever care about is nothing but power. But there were exceptions in the Uchiha. Itachi, Naori, Izumi, Shisui, Mikoto, they were those that are exceptions. But the rest of the Uchiha are pure evil incarnate. You and your clan are nothing more than a bunch of sad and fucked up megalomaniacal fuckpots that have absolutely no respect for the value of human life at all and will do anything to get what they want. Even kill the people of their own village and those that are precious to them. You all fucking disgust me!**

Evil Sasuke was enraged.

Me: **You're now about to see just how merciless the power of a god can be to anyone. Including you. I'm far more powerful than you ever will be in an infinite number of lifetimes and I am now going to make sure that you never get your hands on anymore power.**

Evil Sasuke: WHO THE HELL DO YOU THINK YOU ARE YOU MOTHERFUCKING CUR!? YOU ARE NOTHING TO US YOU CUR!

Me: **Hmm. Yes and a "Motherfucking Cur" was the only kind of person you thought you can handle. I remember that your father said that very same thing to me in 150,000 years just as I was killing the Uchiha for their crimes and snuffing out the very darkness that they used to destroy so many lives. When he made his speech about how you were going to kill all of the Leaf in the name of Madara Uchiha all they did was seal their own fates. Your Father poisoned his own son, you, with his own hatred and turned you into a miniature version of him and he poisoned your mind with so much of his hatred over everything that you became a totally lost cause. He made you into a homicidal and completely mentally unstable psychopath and you did not show any value towards friendship or comradery. You wanted everything handed to you on a silver platter just like your wretched father and all your clan did. You cheated in everything, Even though Ninjas cheat, education is the one thing that we NEVER cheat at. Isn't that right and they say that your father was leading the Uchiha to greatness. But it**

**turns out you're just another lost soul of the run-of-the-mill ninja. And you know it. You're not even in the same kind of league in the kind of power that I possess. I can destroy the entire universe in the mere blink of a cosmic eye if I wanted to. But I won't. In fact, next to my kind of power and the power that you have, you are nothing compared to me and you and your clan were nothing but a bunch of pathetic little microbes compared to it. The way you covet all that power, the way your clan did all the deeds in the name of the devil known as Madara Uchiha, a monster and a planet destroyer. It's downright fucking disgusting. As the most powerful fighter and warrior and champion in the universe, all I see when I look at you is a fucked up miserable fuckweed and a heartless motherfucking psychotic wretch. And on top of that I fucking hate your style above all others you ruthless fuckkicker! What is it that you and your clan are hoping to accomplish? Stealing all the jutsu in the world just to expand your jutsu arsenal and repertoire, committing crimes all over the planet just to satisfy the devil Madara Uchiha, murdering countless innocent people, stealing jutsu, betraying those that are closest to you, pursuing petty and worthless desires like revenge and above all betraying the very village your clan founded with the First Hokage. You Uchiha Motherfuckers don't give a flying fuck about anyone but your pathetic goddamned motherfucking selves and that is why I killed them all including your father. The Uchiha are heartless monsters that murder, lie, steal, betray and are completely powerhungry just like you and that's why I killed them all without a single shred of remorse. They are nothing but monsters that are all Evil Incarnate. YOU ALL FUCKING DISGUST ME!**

RAGE - NARUTO SHIPPUDEN MOVIE 2 OST - RAGE PLAYS AT 2:18

Evil Sasuke Roared in an incredible amount of rage and fury and he went at me and punched and kicked and brutally fought me all over and tried to smash my head in with indiscriminate fury and he was really determined to make sure that he kills me. I blocked all his punches and kicks and he jumped back and threw numerous kunai and I deflected them all and fired a powerful blast of fire and it hit him in his arm and burned him bad! He was screaming in pain and then he was screaming in agony. But then his screams of pain quickly turned into maniacal and insane laughter. He was laughing like an insane and totally fucked up monster that was fucked up to the core six ways till Sunday and he went at me again and I kicked him in the face and knocked him down and he got up and went at me again and I dodged him and fired a blast of lightning and it hit him in the crotch and electrocuted him all over. He went at me some more and I dodged his strike and kicked him in the back and sent him smashing into a rock and he got up and fired massive blasts of lightning at me and I deflected them back with my sword and he got electrocuted all over and I punched him in the face and he went at me some more and I was making him madder and madder and madder and he was only making me stronger with all his hatred and more. I then punched him in the face and he went at me and I dodged him again and dodged him again and then I kicked him in the back again and sent him crashing into a rock and he got up and went at me some more and fired massive blasts of fire at me and I fired waves of massive fire blasts at him and the blasts collided and exploded with incredible power!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The Entire area around us was turning into a war zone! Evil Sasuke then fired a massive fireball.

Me: **KAAAAAAAAA! MEEEEEEEEEEE! HAAAAAAAAAAAA! MEEEEEEEEEEE!**

**HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!**

I fired a massive Rainbow Fire Kamehameha Wave and it went through the fireball and destroyed it and it slammed into the Evil Sasuke and exploded!

***KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

Evil Sasuke was smashed into the ground with incredible force and I kicked him in the stomach with incredible power and he belched up a huge amount of blood and then I grabbed him by his shirt and threw him into the air and flew after him and kicked him in the face and knocked out some of his teeth and he jumped away and fired waves of fire and I fired waves of lightning and they overtook his fire and the blasts of lightning hit him all over and electrocuted him and then I fired a wave of wind and entrapped him in a tornado and then I fired a wave of fire and burned him all over in the tornado as it was turned into a fire tornado. When the tornado faded he jumped out and fired more fire blasts and me and I fired waves of crystal at him and they hit him and cut him all over the place and then I fired waves of wood at him and smashed him all over the place with incredible force and smashed him all over. He ran at me with a Chidori and I teleported and fired waves of lava and burned his hands and he screamed in pain as he was burned all over and then I kicked him in the face and smashed him into a rock! Then he popped out of the rubble and threw the rock at me and I smashed it with incredible brute strength and smashed him with waves of rocks and pebbles and smashed him all over the place! I then fired waves of darkness and electrocuted and burned him all over.

Evil Sasuke got up and he was more enraged than ever before!

Evil Sasuke: (ENRAGED SCREAMING) WHAT IS IT WITH YOU!? WHY ARE YOU SO STRONG!? IT'S NOT FAIR! THAT POWER SHOULD BE MINE!

Me: **You will never have my power. I earned this power. You would just take it.**

Evil Sasuke then accessed his 2nd state of the Curse Mark and went at me and I teleported and kicked him in the face with incredible force and smashed him into the cliff. He exploded out of the cliff and fired a massive fireball at me and I kicked it into the air and it exploded.

***KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

I erupted out of the smoke and kicked him into the ground and he got up. Evil Sasuke then fired a massive flurry of fireballs and they all missed me and then he had them all fly at me and I then encased herself in an energy barrier and sent them flying all over the place and they hit all over the place and exploded with incredible power!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO
KRABBBBBBBOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOMMMMMMMM!
KRABBBBBBBOOOOOOOOOOMMMMMM!
KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Everything was set on fire.

Evil Sasuke then formed his Susanno and had a massive energy arrow of pure lightning ready to fire!

Me: **So that's it.** (Cups hands to side)
**KAAAAAAAAAAAAAAAAAAA MEEEEEEEEEEEEEEEEEEE**
**HAAAAAAAAAAAAAAAAAAAA MEEEEEEEEEEEEEEEEEEEE!**

Evil Sasuke: THIS IS FROM ME TO YOU! INDRA'S ARROW!

He fired the massive lightning arrow!

Me:
**HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA**

I fired a massive Rainbow Kamehameha Wave and the blasts collided and the resulting explosion was unbelievable!

***KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

The explosion was so powerful, so massive and so devastating that it shook much of the 5 Great Nations to the Core and shook the very foundation of the entire planet to the brink! Everyone all over the Five Great Nations saw the massive explosion from the blast and ducked and covered from its intense power! The explosion was a massive and powerfully ferocious mushroom cloud that could be seen for miles and even the surrounding villages within the blast radius were completely destroyed! When the Smoke Cleared, the entire Final Valley was completely reduced to flaming rubble and it was all now nothing more than a flaming crater as smoke and ash came down from the sky and lightning was striking all over! I landed on the devastated land and I was not in the slightest bit exhausted.

Evil Sasuke got up and he was brutally mangled and cut up all over and he had blood dripping from almost every limb and his power was severely weakened bad and he was badly bruised and battered. His clothes were all partially torn up.

Evil Sasuke was infuriated beyond all form of recognition and he saw that I was still standing even after using an incredible blast of that kind of magnitude.

Evil Sasuke: YOU WRETCHED MOTHERFUCKING CUR! HOW DARE YOU!? **HOW DARE YOOOOOOOOOOOOOOOOOOOOOOOOOUUUUUUUUUUU!?**

He was completely out of his mind with so much rage, fury and madness that it was unbelievable! He unleashed the full extent of his power with that of the Curse Mark in a massive explosion of incredibly insane anger!

He went at me and I dodged all his strikes with incredible ease and then I punched him hard in the face and then kicked him in the stomach with devastating force And he belched up a tremendous amount of blood. Evil Sasuke then raised his right arm up and then I threw an energy disk and it slashed his right arm clean off! He screamed in excruciating pain as it was completely severed from his shoulder and he clutched the stub of his arm.

Evil Sasuke: YOU MONSTER!

Me: **I've been called worse.**

Evil Sasuke: YOU CUR! WHY CAN'T I KILL YOU!?

Me: **Because my power didn't come to me by stealing it. I earned it. Power is earned and never given. You will always be weak and a worthless pathetic piece of dirt. Just like your fucking clan when they died. The Uchiha paid the ultimate price for their crimes just like you will. They had their chance just like you did. We wanted to be your friends Sasuke but you just threw us aside. That shows that you will never understand that true power comes from good things like Friendship, Love, Hope and Wisdom.**

Evil Sasuke: Those are all meaningless things!

Me: **Bullshit! They are things that can help you and you don't want any of that. You would rather make enemies and use fear to get what you want. It's time for you to answer for all your crimes.**

I teleported and then grabbed his arms with my tails and then my hand glowed red and I plunged it into his curse mark and he screamed in pain as I pulled out a white snake and it wiggled and I incinerated it and then I destroyed Orochimaru's soul remnant in it and then I pressed my hands against his chest and Kakashi arrived as he saw me with Sasuke up against the ropes.

Me: **The evil of the Uchiha dies with you.**

I then fired a massive energy blast and completely obliterated him in an instant! Evil Sasuke was dead and gone and banished to the Further forever.

I then powered down and used my powers to make Naruto, Sakura, Ino, Shikamaru, Choji, Neji, Tenten, Lee, Hinata, Kiba, Shino, Yakumo, Fu, Ayame as powerful as me and they were now more than capable of taking care of the corruption and crimes that have been plaguing the Five Great Nations.

I teleported back to the estate and left the Simulator and everyone cheered wildly for me.

Later it was time for presents.

Lincoln gave me a copy of his new Ace Savvy comic, which was based on the war that we had against Team Dark Phoenix Storm and Morag a few days ago. It was so awesome and action-packed from the beginning to the end.

Nico got me a spellbook, and inside its pages were thousands of spells on fire magic, along with many other elemental spells, and I couldn't wait to try them out.

Lori got me a case for my cell phone, it was red with a phoenix coming out from the flames, and it soared into the skies.

Leni made me an awesome red sleeveless trenchcoat with flames on the coattails and a phoenix on the back, and there was a kanji below the phoenix that said, "James Dean Knudson, Powerful Leader of Team Loud Phoenix Storm, Awesome Big Brother to The Louds, Amazing Father of Many Children, Brave and Courageous Warrior and Hero of The Stars, and Awesome Future Husband of Many Wives."

ジェームズ・ディーン・クヌッドソン、チーム・ラウド・フェニックス・ストームの強力なリーダー、ラウドの素晴らしい兄、多くの子供たちの素晴らしい父、勇敢で勇敢な戦士と星の英雄、そして多くの妻の素晴らしい未来の夫

It was also decorated with jewels that Rarity had.

Luna got me an awesome electric guitar, and when I played it, I was really rocking out as I played it, and she also had another surprise: it also hit the ears of Icky Vicky, Lila Rossi in our universe, Trina Riffin, and Mandy, and it made their ears bleed like mad.

Luan got me an awesome jokebook, and inside its pages were thousands of jokes that are bound to crack people up and make them laugh hysterically.

Lynn got me some awesome new sports equipment, even a signed jersey from one of her favorite athletes who's on the Detroit Lions.

Laney got me a set of paints and a sketch pad, along with some pencils and colored pencils.

Lucy made me a book, and inside it were many of her poems. She got that idea from Lincoln, and he knew I'd love it.

Lana and Lola made me an awesome painting, and it was me and all of us, and we were standing on the dead corpses of the villains that we've killed in the last five years.

Lisa made me some new attachments which I can attach to my Eater of Sins revolver, which I can't wait to try out.

And Lily made me a beautifully decorated scrapbook, and inside the pages were photos of all of us during our adventures over the last five years. It was so beautiful.

Me: Aw, thanks, guys, I love them, especially your comic, Lincoln.

Lincoln: I knew you'd like it, along with the rest of us.

Ronnie Anne: Yeah, you really did an awesome job with this comic, Lincoln.

Lincoln got a kiss from every last one of his future wives, and his sisters piled on, and they hugged him, and kissed him on the forehead, as he smiled, and he also returned their affection.

Later it was time for cake.

Mary Knudson: Here is your awesome cake dad! Bring it in!

We saw Anna, Lynn, Laney and Eli bringing in a huge cake that was as big as me and it had was covered in blue frosting and had all our cutie marks on it and it was like a giant wedding cake but for a birthday.

Me: Wow! What a beautiful cake!

Nico: It sure is amazing!

Eli: Yep.

Laney: I helped out with most of the decorating myself.

Me: It sure is. You guys did a great job. What kind of cake is it?

Nico: Devil's Food Cake.

Me: (GASP) DEVIL'S FOOD CAKE! (SLURPS AND DROOLS)

Laney: But also there's a surprise!

Suddenly the cake top popped open and a massive shower of confetti exploded out and out came Misty Tredwell and she was in a beautiful and sizzling hot green bikini with lizards on it and there was a sash on her that said HAPPY BIRTHDAY J.D. and she was striking a pose.

Misty Tredwell: (Seductively) Hey J.D. Love your cake now?

Me: WHOA MAMA! You bet I do!

Highbrow: Have you been hiding in that cake the whole time?

Misty Tredwell: I sure have and I wanted to make this super awesome.

Nico: Awesome! Now it's time for our next mission.

Me: Awesome!

Nico: J.D., I know it's your birthday but I also hope you don't mind that I lead today.

Me: Not at all buddy. It is your turn anyway. But you guys made this one of the most awesome birthdays ever so far!

I kissed Misty and even Nikila and Nakiya too.

Eli: Aww.

Nico: And I have just the mission for us too. I just got word that a bunch of hikers are in trouble down in a cave over in the Carpathian Mountains.

Laney: Wow that's all the way over in Romania.

Hunter: (German Accent) I've got a bad feeling about this mission.

Lola: Why do you say that Hunter?

Hunter: I don't remember but it's something that I've read about und it's not good.

Missy and Qin came and they had really awesome jumpsuits on. Qin's was red and Missy's was orange.

Poromon: (to Missy and Qin) Nice jumpsuits, girls!

Qin: Thanks Poromon.

Eddy: (to Missy) Orange? Your regular clothes aren't that color.

Missy: I know but orange is my favorite color.

Nico: Awesome. Lets get ready to head out everyone!

We were off to Romania.

CARPATHIAN MOUNTAINS, ROMANIA

We arrived in the Carpathian Mountains in Eastern Europe and we saw a cave.

Nico: Is that a cave?

Snake: Dude, it really is a cave.

Nicole: Yeah but wow. This cave must've taken thousands maybe millions of years to form.

Eli: No kidding. But it's amazing.

Me: I've got a really bad feeling about this guys. This cave looks very familiar.

Eli: Yeah I got a bad feeling about it too. I sense something evil in there.

We went into the cave and it was dark and scary.

Horsea: (scared) This cave is scary!

Maria: I know. I'm scared too.

Nico: It sure is dark and creepy.

Eli: HELLO! (ECHOING)

It had a really cool echo to it.

Nico: Wow nice echo.

Laney: Wow.

Nico: J.D. you lead the way. It's too dark to see anything here.

Me: Okay.

I activated my sonar vision.

PING PING PING PING PING!

Echoes were going down the walls of the cave and I literally was seeing in the dark and it was one of the most creepiest and scariest caves we've ever seen.

Lana: What do you see J.D.?

Me: This is one amazing cave. Scărișoara Cave is amazing.

Hunter then gasped.

Hunter: Mein gott! I remember now!

Shiv: Anyone get the feeling that something about this cave is… off?

Nico: And I think Hunter might know why.

Hunter: Ja. This cave is home to a dark secret.

Hunter told us that the cave is home to terrible and deadly creatures mutated from humans called CAVE MONSTERS that were made by deadly cave parasites!

---

The Cave Parasite is a parasite that appears in the movie The Cave. It can mutate many organisms indigenous to the Romanian cave system it inhabits. It generally modifies its' host to better survive in a subterranean environment, i.e. echolocation, heightened sense of smell, etc. Humans infected by this parasite are transformed into Cave Monsters.

Cave Monsters are humans mutated by the cave parasite. Known to locals since the Middle Ages, they have been historically considered demons, and valiant knights would sometimes venture into the caves in attempts to slay them.

Native to a vast cave system amidst the Carpathian Mountains, in Romania, the Cave Monsters originate from humans which have been infected and altered by the cave parasite, giving the host a form more suitable to survive in the subterranean environment, and thus benefiting both host and parasite; proving that the latter should in fact be considered more of a symbiont. The first symptoms of infection manifest as increased aggressiveness and extremely-sensitive hearing.

The fully-mutated Cave Monsters are large, skeletal creatures, with rough hairless skin and completely devoid of eyes or pigments. They have membranous bat-like wings and giant talons to eviscerate prey, as well as numerous spikes on their backs, a cranial crest, and a lipless mouth filled with sharp fangs. The parasite is present throughout their muscular tissues, being visible as hyphae-like structures.

Cave Monsters have the ability to "see" with echolocation. They can fly, swim, and are smart enough to lay traps and steal vital supplies from potential victims. They can also brachiate with great agility through the stalactites that hang from the caves' ceilings, and pursue prey relentlessly. They are sensitive to bright light and can be disoriented and repelled by focused sonic waves.

It is unclear how much of their original minds they have left, or if they can even recognise humans as being of the same species anymore. While they occasionally seem to attack humans with the specific intention of transmitting the parasite, other times they simply kill victims, presumably to feed upon them. They've been observed to impale still-living victims to stalactites, possibly to preserve them for later consumption. In the absence of humans, their natural prey seems to consist of large, hairless cave rodents.

When Kathryn Jennings was infected by the parasite, she seemed to be conscious of it before the actual transformation took place, and when she left the cave, planned to spread the infection to others, allowing the creatures to "invade" the surface world in this fashion. This suggests that the parasite does in fact assume control of the host's mind, at least to a significant degree.

---

When he was done we were shocked and horrified!

Nico: That's bad.

Me: Beneath Heaven lies Hell. Beneath Hell lies The Cave.

Maria: We can't let those monsters leave this cave!

Nico: If they get it'll be the end of the world.

Jessie K.: So that's it. The people of Romania sealed off this cave to prevent these creatures from escaping and getting out.

Me: When was that?

Jessie K.: It was back in the 13th Century.

Nico: Then we got to destroy these creatures now.

Allie Wilde: But how can we? It's too dark to see anything in here.

Electro: I'll use my powers to make some light.

Nico: That won't be needed Max. Watch.

Nico formed a ball of artificial moonlight and then he threw it and he clenched his fist and then the ball exploded in a massive flash of light that was as bright as 100,000 suns and it lit up the cave and illuminated it like the sun does in a canyon! The whole cave was now lit up!

Me: WHOA!

We saw that the cave was much bigger than we thought and it was 100 times bigger than Sarawak Chamber in Borneo!

Eli: Wow! This cave is huge!

Nicole: INCREDIBLE!

Missy: Whoa! I didn't know you could do that Nico.

Nico: It's one of the many powers that my race was capable of.

Vegeta: It sure is. Very smart thinking Bokrua.

Missy: Bokrua?

Me: That's his Saiyan name.

Qin: Yeah remember?

Missy: Right Nico is from another planet.

Then we heard some strange noise.

Me: Shh.

It was a strange noise that sounded like sonar.

Manaphy: Mama, please tell me those are fellow heroes.

May: I don't think so.

Eli sensed that it was above us!

Eli: ABOVE US!

We saw A HIDEOUSLY UGLY CAVE MONSTER! It roared ferociously at us!

Firefly: Eat heat laser, asshole! (fires heat laser at monster)

He incinerated the creature with ease and killed it.

Me: WHOA! Nice shooting Garfield.

But our battle was just beginning as we saw MANY MORE OF THE CREATURES! And we also saw a cave explorer girl that was infected by the parasites!

Nicole: Oh man! It's one of the cave explorers!

Nico: You're Katheryn Jennings.

Katheryn Jennings: Not anymore. I am now part of a greater race of subterranean life and soon the world as we know it will be like us.

May: Here's our answer to your new world idea! (fires ice gun)

She fired an ice ray blast and the blast hit a cave creature and froze it solid.

Nicole: Kat you have to fight it! This is not who you are! You have to think about your friends and family! Think about your loved ones! Think about everyone you care about! Think about everyone you know! Would they want to see you like this? Would they want to see you destroy the entire human race against your will?

Katheryn then realized that she was right and she clutched her head in pain as she was trying to fight the parasites.

Katheryn: HELP ME NICOLE!

Poliwag: (to Katheryn) Speaking of whom, where exactly are your friends? Can you tell us where they are while fighting it?

Katheryn: (GRUNTS) NO! IT'S TOO LATE FOR THEM! THEY LOST THEIR HUMANITY! KILL THEM!

Nicole: But it's not too late for you! CURE STYLE NINJA ART: SUPER ANTIDOTE RAY!

Nicole fired a wave of rainbow energy and it hit her and cured her and destroyed the parasites and she was back to human again!

Nicole went over and caught her.

Nicole: Its personal now! Lets kill these monsters!

Nico: You don't have to tell me twice Nicole! LETS GET THEM!

Carol: I hope this cave holds up.

Nico: ATTACK!

Robo Blaze: Tronics! Take out these monsters!

He summoned numerous Tronics and they went at the monsters and smashed and killed them and Nicole blasted them with waves of stars and blew the monsters apart.

Troy: Time to go Legendary!

Megaforce Rangers: LEGENDARY RANGER MODE! NOVA FLASHTEAM!

The Megaforce Rangers turned into the Flashman Rangers!

We blasted the Cave creatures and blew them apart and destroyed them all over.

And for Sour Grapes, a katana called the Dark Grape Katana, the model is based on Tae Kwon Crow's Samurai Sword, She resembled Dark element.

Once in hand, they'll get a massive power and energy increase, along with beautiful large angel wings.

They were slashing and blasting numerous cave monsters all over.

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, and the eight large colored orbs that were orbiting around the legs of

Lincoln's sisters were glowing, and that means big trouble was coming.

Link: Oh no, I was hoping I'd never see it again. You can come out now, Vitreous.

A figure came out from the shadows, and it was none other than Vitreous, the Boss of Misery Mire, the sixth Dungeon of the Dark World.

Nicole: Uh oh, I should've known that this multiple-eyed slimeball would show up.

Me: He's also not one of Ganondorf's minions, but he's still a dangerous monster.

Nanami Simpson: Link, let me face off against him.

Link: Okay, Nanami, but be careful.

Suddenly, Nanami's eyes turned neon blue, and she was surrounded by a neon blue energy aura with ocean waves and marine animals, she also unholstered her Sword of The Neptune Crusaders from her back, and as she approached Vitreous, she left behind neon blue energy, water, and marine animals with every step. Then, Nanami was surrounded by a massive vortex of blue energy with ocean waves around the vortex and the marine animals swimming around the vortex, and there was a red phoenix inside of the vortex. Then, as the vortex faded, Nanami Simpson emerged, but she was changed forever.

Nanami Simpson grew to 6'0" in height, she had the body of a goddess, she has neon blue eyes and a neon blue energy aura with ocean waves and marine animals, Nanami's orange hair grew, and it reached down to her neck, and her hair had ocean blue highlights, she has a dolphin with the Water Kanji emblazoned on her head, she has large marine blue angel wings with water dripping from the large feathers, she has on dolphin earrings with the Water Kanji in its flippers, and a necklace with a dolphin holding the Water Kanji in its flippers. The massive, wide, double-edged blade of her Sword of The Neptune Crusaders grew to 6'5" in length and the long handle grew longer, and it had blue fish scales around it. Nanami Simpson had on a yellow sleeveless blouse with an ocean blue phoenix, red blouse with ocean waves, blue leather ankle-length combat boots, and a red sleeveless trenchcoat with ocean waves on the coattails and marine animals, and a dolphin on the back. Nanami Simpson had on her brand-new Bracelets of The Champions of The Universe with blue gems on her wrists and her new Belt of Elemental Bravery with large blue gem for the belt buckle on her waist and her Eater of Sins revolver holstered on her right hip. There was an ocean blue kanji below the dolphin that said, "Nanami Simpson, Member of The Neptune Crusaders, Defender of Marine Life, Master of Water and Marine Animals, and Loving Future Wife of Lincoln Loud."

ナナミシンプソン、ネプチューン十字軍のメンバー、海洋生物の擁護者、水と海洋動物のマスター、そしてリンカーンラウドの愛する未来の妻

Nanami Simpson has transformed into SUPER ANGEL 750,000,000,000 MARINE MAELSTROM DOLPHIN ANGEL OF BRAVERY!

We were amazed by Nanami Simpson's transformation, she's now become a young woman, and when Lincoln saw what happened to her, he had a firetruck red blush on his face.

Me: Wow, Nanami's transformed.

Nico: You said it, Colonel. Nanami's now become an Angel of The Maelstrom.

Lincoln: Wow, Nanami, you look beautiful. How do you feel?

Nanami Simpson: (Divine Echoing Maelstrom Voice of Bravery) **I feel incredible, Linky, and now, I'm going to put an end to this multi-eyed slimeball. Would you like to join in, Lincoln?**

Lincoln: Of course, Nanami.

Lincoln transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and unholstered his massive Sword of Taranis from his wider muscular back, and he'd joined Nanami Simpson.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Let's get that multi-eyed pile of slime.**

Nanami Simpson and Lincoln went after Vitreous, who fired blobs of acid slime at them, but they dodged it, and they fired powerful blasts of water, marine animals, neon blue energy blasts, neon blue energy blasts with elemental forces orbiting around the blue cores, elemental forces, super lightning, and massive blasts of ice at Vitreous, which exploded with incredible power, and the water washed away the acidic slime covering Vitreous.

Nanami Simpson: **Shall we put an end to Vitreous once and for all, Linky?**

Lincoln: **Let's do it, Nanami.**

Nanami Simpson and Lincoln: **SEVEN SEAS MAELSTROM MEGABLAST!**

Nanami Simpson and Lincoln fired massive blasts of water, which had transformed into a massive maelstrom with winds of excess of up to 500 mph, and there were marine animals swimming around the maelstrom, and as it hits Vitreous, it exploded with incredible power, and the explosion killed Vitreous, and Super Hakaied him forever. We cheered for what Nanami Simpson and Lincoln did, as they holstered their weapons, and they powered down. But, Nanami Simpson's new body, clothes, weapons, and jewelry were permanent. Then, Lincoln picked Nanami Simpson up in his abnormally large and powerful muscular arms, and he hugged her, and as they locked eyes, the two of them kissed passionately, as we cheered for them.

Nico: (to Qin and Missy) You two know what to do!

The two girls nodded, concentrated, and groaned. Their jumpsuits started to get tight as their respective tails popped out of their butts.

Then they turned into SCALEBREATH AND MEWTWO! Scalebreath fired a massive blast of fire from her mouth and then

Missy fired waves of energy balls and blew the monsters apart into oblivion.

Dark turned into Seismadoom.

Seismadoom: Time to make a CAVE in!

Luan: Was that a joke?

Seismadoom: Yes it was.

He smashed many monsters apart.

Ben: Time for a new fusion!

Ben activated his fusion power!

Ben used Heatblast and Snare-Oh.

Ben: HEATMUMMY!

Shanan: Wow! Half Pyronite and Half Thep Khufan. Very interesting combination.

Heatmummy: It sure is.

He sent his bandages all over and burned the cave creatures into ashes in an instant.

Knock Out, Clawful, Highbrow and Varie used the Earth, Eternia and Gaea Cyber Planet Keys and they enhanced Knock Out's Electric Hand Saw, Clawful's powers, Highbrow's Acid Rainmaker Rifle's and Varie's power and wings 100-fold.

Aligned Knock Out and Clawful: ELECTRIC LOBSTER SAWBLADE BLAST!

Highbrow and Varie (Escaflowne): ACID ANGEL MEGABLAST!

They fired waves of acid, energy and lightning.

Missy, Misty Tredwell, Nico and Me: ULTRA LIZARD MEGABLAST!

We fired waves of energy and green fire.

Lincoln: CAVE ANIMAL LIGHTNING STYLE: SILVERFISH!

Mai: CAVE ANIMAL FIRE STYLE: FIREBRATS!

Nanami: CAVE ANIMAL WATER STYLE: BEETLES!

Tatsumaki: CAVE ANIMAL WIND STYLE: CAVE SPIDER!

Makoto Nanaya: CAVE ANIMAL LIGHTNING STYLE: VELVET WORM!

Litchi Faye Ling: CAVE ANIMAL FIRE STYLE: CAVE SNAILS!

Kyoko: CAVE ANIMAL EARTH STYLE: CAVE MOLLUSKS!

Misako: CAVE ANIMAL WIND STYLE: PSEUDO-SCORPION!

Saya Takagi: CAVE ANIMAL FIRE STYLE: MILLIPEDES!

Shizuka Marikawa: CAVE ANIMAL WATER STYLE: CENTIPEDES!

Gluko: CAVE ANIMAL LIGHT STYLE: CAVE SHRIMP!

Batch: CAVE ANIMAL DARK STYLE: CAVE CRAYFISH!

Asuka Kazama: CAVE ANIMAL FIRE STYLE: CAVE CATFISH!

Lili De Rochefort: CAVE ANIMAL WATER STYLE: STONE LOACHES!

Colette Brunel: CAVE ANIMAL LIGHT STYLE: CARP!

Ryuko Matoi: CAVE ANIMAL DARK STYLE: CAVE SALAMANDER!

They fired waves of elements and they formed into the cave animals of the world.

Lincoln and his harem: CAVE ANIMAL FINAL SMASH: CAVERN ANIMAL RAMPAGE!

They summoned cavern animals to attack the cave creatures and they were obliterated in an instant.

We got out of the cave and Nico told all the boys to cover our eyes Missy and Qin reverted back and were naked.

Missy: (covers herself) Can someone get us towels?

May gave them towels and they put them on.

Me: That was a close one. But at least those monsters will never terrorize the world again.

Nico: No they won't. Good job everyone! But J.D. I hope this didn't ruin your birthday in any way.

Me: Are you kidding guys, you all made this the best birthday ever!

Nico: All right!

Everyone: HAPPY BIRTHDAY J.D.!

Me: Thanks guys. You all are the best!

William: I hope you enjoyed this Happy Birthday, dude.

Me: You bet I did!

Eli: It was awesome!

Misty Tredwell: It sure was! Awesome!

Nico: YEAH! (To the viewers) Caves are really beautiful and it's amazing what they have in them. But sometimes they can have things in it that are dangerous. Always be careful when going into a cave and be prepared for anything in it.

We went back home and we enjoyed the rest of the day and went to sleep.

TO BE CONTINUED…

Part 1 of the Annual Saga of Horror is done.

Me, Eli, Allie, Missy and the Jolteon Gene-Slammer are going into the world of Gormiti and that is gonna be interesting. We're gonna meet the heroes of Gormiti and help them destroy Magor. The rescue for Lincoln will be in the world of the Disney Movie Original Movie, Zenon: Girl of The 21st Century and that is gonna be interesting as he and the team help out Zenon and her friends in the year 2049. The next chapter is gonna be for the awesome Vin Diesel movie Pitch Black and we're going to the year 2500 to not only meet the awesome anti-hero Richard B. It's gonna be awesome.

See you all tomorrow.

# The Anti-Hero of Dark Sight

Over on an island on an alien planet, me, Allie, Eli, Missy and Janelle the Jolteon Gene-Slammer were looking at an amazing land.

Janelle Kerumma: Where are we now?

Janelle concentrated and groaned as she was forced to all fours.

Me: No idea. But this whole place looks really familiar.

Janelle turned into JOLTEON!

Allie Wilde: But this island is amazing.

Eli: Wait a second. I know this island. It's the island of Gorm. We're in the world of Gormiti!

---

The show follows two brothers, Nick and Toby, who discover that they have the power to transform into powerful creatures known as Gormitis. Their two friends Jessica and Lucas join the fight, and together they harness the power of the four elements. Now it's up to them to save their world, and many others, from destruction.

---

Missy: Whoa! I know that series. The creatures here are really cool.

Me: Then that must mean we're going to meet Toby Tripp and his brother Nick as well as Lucas Wansen and Jessica Herleins. This is gonna be awesome! We are going to help them and their friends here kill the evil Magor.

Allie Wilde: What do you know about him Missy?

Missy: Magor is the creator of the Volcano and Darkness Tribes.

She went over his history.

---

Magor is the main antagonist of the Gormiti series. He is the evil spirit who created Volcano and Darkness Tribes and the Old Sage's archenemy.

He was voiced by Troy Baker.

Long ago, Magor has awaken in the Volcano Mountain and wanted to get a corporeal form. He wanted to achieve it by Gormiti's souls absorption. To fill his dark purpose he created the Lava and Magma Gormiti (who united themselves to the Volcano Tribe). Later he called from the another dimension, the Dark Horizon, the Darkness Gormiti. Finally the majority of them was by the dimensional rift, and Magor was imprisoned by the Old Sage.

After a lot of years one of his servants, Magmion, brought him the Eyes of Life, which he stole by the Lords of Nature. With Obscurio's help Magor was summoned again. Lord of Evil created the Volcano on the ocean in the human world to casting there the elemental curses for the both universes. Ultimately Lords restored their Eyes of Life, Magor escaped by his all the minions to the lava and his volcano got destroyed.

In Nature Unleashed

In this new series, Magor is the main antagonist of this series, he wants to seize the stone of Gorm with his new minions Firespitter, Andrall, Sceven and Fume and with new protagonists Agrom, Noctis, Piron and Tasaru.

---

When she was finished we were shocked!

Eli: Oh man! That's terrible!

Me: Yeah no kidding. Lets go help them out.

We went deep into the island.

We met Toby Tripp - the Lord of Water, his brother Nick Tripp - the

Lord of the Earth, Lucas Wenson - the Lord of the Forest, and Jessica Herleins - the Lady of the Air.

---

**Toby Tripp**

Nick's older brother and somewhat lazy. The lead protagonist and a popular character, a boy with blond hair, fair skin, and blue eyes. He would rather 'go Gormiti' than stay as a Keeper in the Primal Pad. He can become the Lord of Water and can control water from rivers and seas and can breathe underwater. In *Curse of the Crown* it's discovered that Toby's fear is spiders and in *Going Buggy* he is forced to face his fear head on to save his friends, allowing him in the end to conquer his fear of spiders (although he still gets startled by them). He loves playing football and playing tricks on his friends. Favorite attack - 'Aqua Blast'. Voiced by: Sam Riegel

**Nick Tripp**

The co-protagonist of the series, a boy with brown hair, fair skin, brown eyes, wearing glasses and naturally is the nerd of the team. A counter to Toby, he is tidy by nature, worries about his studies and likes to observe proper manners and protocols on Earth and in Gorm. Can become disappointed when he can't be the Keeper in the Primal Pad (and guide his friends through the Gorm world), since he's the one who studies up on it the most. He is Toby's younger brother. Often at odds with Toby, differences are usually reconciled by the end of each episode. He is the Lord of the Earth, so he can control the rocks and stones. Favorite attack - 'Seismic Smash'. Voiced by: Brian Beacock

**Lucas Wanson**

A boy with brown hair, brown skin and green eyes that is a great lover of nature. He loves gardening school. He is the Lord of the Forest and can control the trees and plants. He has a disproportionate obsession with the environment and loves flowers, trees and birds. He is oblivious of Gina's feelings for him. Favorite attack - 'Jungle Attack'. Voiced by: Ogie Banks

**Jessica Herleins**

The only girl in the group. Also blonde, fair skinned, and blue-eyed. She is optimistic and never afraid to face the Gormiti. Toby gets her mad sometimes. Along with Gina, who is her best friend, she sometimes can show a strong interest in shopping - Saying for instance that "you can never have enough shoes". Physically, she can show sporty abilities even when she is not transformed, scoring higher than Toby in Judo for example. She is the Ruler of the Air, so she can fly and control the winds. Although often engaged in fashion-related occurrences, she is always there for her friends and above all else when there are problems, does not hesitate to risk her life to save them. Favorite attack - 'Wind Attack'. Voiced by: Melissa Fahn (Season 1), Kate Higgins (Seasons 2-3), Laura Bailey

---

We helped them destroy Magor and along the way we encountered an Owl Mage named Noriko and a Noctowl Gene-Slammer named Hailei Megura. I had the boys cover their eyes and I put on my blind man glasses and I snapped my fingers and Hailey reverted back to normal and she was naked. Janelle reverted back too.

Janelle was human again. But naked.

Janelle: (covers herself) I hope Magor enjoys rotting in Hell!

Me: Or burning in this case.

I gave Hailei and Janelle new clothes and they put them on.

Hailei: (Greek Accent) But that was intense.

Jessica Herleins: But thank goodness we never have to see him again.

Toby Tripp: Yeah. But thank you all so much for your help.

Me: Anytime guys.

Nick Tripp: That was so awesome.

Noriko the Owl Mage: It sure was awesome.

Me: Yep. But it's so awesome that you guys know an amazing planet like Gorm.

Eli: It sure is cool.

Missy: I think it's so cool.

Lucas Wanson: It sure is.

Toby Tripp: Yep.

We had a nice talk and then we went back home. I gave the Gormiti Quartet as I call them now the ability to use their powers from Gorm freely.

After destroying Magor, Lincoln, me, Nico, Eli, Nicole, Sam Simpson, Clover, Alex, and Sora were then heading to the world of the 1999 Disney Channel movie, Zenon: Girl of The 21st Century, and not only is Lincoln going to rescue the twelve girls sighted there, but we're also going to help out Zenon and her friends in the year 2049 deal with station bigwig Parker Wyndham, along with Mr. Lutz.

Lincoln: Wow, we're in the world of the 1999 Disney Channel movie, Zenon: Girl of The 21st Century, and I think I know what we're going to do here, not only am I going to rescue the twelve girls sighted there, but we're also going to help out Zenon and her friends in the year 2049 deal with station bigwig Parker Wyndham, along with Mr. Lutz.

Me: That's right, big guy. This is going to be so awesome.

Nico: You said it, and the movie takes place in the year 2049, about 28 years into the future, that's so awesome.

Eli: Sora, have you, Donald, and Goofy ever been here before?

Sora: No, we haven't. So, I can consider this another world we haven't covered, along with the world that Max Goof and his friends came from, since it was on Earth the whole time.

Sam Simpson: And I can't help but get the feeling that one of the girls here is someone we know.

Alex: Well, there's one way to find out.

Me: But this space station that Zenon lives on is really amazing.

?: HELP!

Suddenly, Lincoln heard the sound of twelve girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the twelve girls, along with Zenon and her friends, but they've been cornered by Parker Wyndham and his assistant, Mr. Lutz, and they were going to kill them.

Lincoln: Guys, I found the twelve girls, along with Zenon and her friends, but they've been cornered by Parker Wyndham and his assistant, Mr. Lutz, and they're going to kill them. Come on, let's go.

Me: LETS GET THEM!

We rushed on over, and we tied up Mr. Lutz in neon blue energy ropes, and Lincoln punched Parker Wyndham hard in the stomach, and he knocked the wind out of him. Plus, when Lincoln recorded Parker's plan to use a computer virus to crash the space station and collect the insurance money, he also broadcasted it to everyone, and as soon as Zenon's parents and Commander Plank hear of that, everyone was outraged.

Lincoln: (Smirks) Looks like your future's now in ruins, Wyndham.

Zenon: You got that right! Wow! Team Loud Phoenix Storm! It's such an honor to meet you all.

Me: Same here Zenon. Even though for us in 2021 it's 28 years too early.

We checked on Zenon and her friends, and they were okay. Commander Plank and Zenon's parents then arrive, and

Commander Plank takes Wyndham and Lutz into custody. Then, Lincoln and Nicole went up to the twelve girls who were sighted here, and when Lincoln saw them, he immediately recognized them. The twelve girls are Lady J, Rain Hasumi, and Torino Kazami from Valkyrie Drive, Hura Kirigakure, Shiemi Moriyama, Izumo Kamiki, Chelsea Applebee, and Ao Hojo from Blue Exorcist, Senju Kawaragi from Tokyo Revengers, Chloe Frazer and Nadine Ross from Uncharted, and Megan Clark from Amazing Spiez.

Lincoln: Oh wow, it's Lady J, Rain Hasumi, Torino Kazami, Hura Kirigakure, Shiemi Moriyama, Izumo Kamiki, Chelsea Applebee, Ao Hojo, Senju Kawaragi, Chloe Frazer, Nadine Ross, and Megan Clark.

Nicole: From Valkyrie Drive, Blue Exorcist, Tokyo Revengers, Uncharted, and Amazing Spiez, that's awesome.

Sam Simpson: Wait, Megan's among the girls who was sighted here?!

Clover: That's a major surprise.

Lincoln: You girls know her?

Sam Simpson: We do, Lincoln. She and her three brothers were chosen by WOOHP to become international spies, and we also appear on occasion to help them out.

Lincoln: That's awesome, Sam. (To the girls) Are you girls okay?

Megan Clark: Yeah, we're okay, thanks to you.

Then, Megan Clark saw Sam Simpson, Clover, and Alex, and that came as a surprise to her.

Megan Clark: Sam, Clover, Alex.

Megan Clark ran up to the spies, and they hugged.

Sam Simpson: It's good to see you, Megan.

Megan Clark: You too, and I'd heard from Jerry that you three are members of Team Loud Phoenix Storm, that's awesome.

Me: It sure is. I didn't know that she looks up to you 3 like a roll-model.

Alex: It sure is cool.

Clover: Plus, there's also someone we want you to meet.

Then, when Megan Clark and the other eleven girls saw who it was that just saved them from Parker Wyndham and Mr. Lutz, their faces all lit up like red Christmas lights upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, deep sapphire blue thunderbird with a gold lightning bolt emblazoned on his forehead, lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a large Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem with the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental

Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Megan Clark: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eleven clones of himself, and he and the eleven clones went up to the girls, and they'd picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones. We cheered wildly over the scene, and once Sam, Clover, and Alex relayed the scene, the other girls in Lincoln's harem welcomed the new members of their future husband's harem.

Lady J: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

We returned home to the Estate, and when Jerry heard the news that Megan Clark is also now a new future wife of Lincoln, he offered his congratulations. Parker Wyndham and Mr. Lutz were found guilty of attempted sabotage and attempted insurance fraud. They were sentenced to Life in Prison without Possibility of Parole in The Neptune Prison for Traitors, and put in straitjackets and chained to walls in their separate cells in Solitary Confinement.

---

After throwing Parker Wyndham and Dr. Lutz in prison for their crimes, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and we got a shower after that.

Then, we were heading down to meet Megan Clark's brothers and her parents. Plus, we got word that Megan's old enemy, Victoria Brathwaite A.K.A Queen Bee, is on the loose again. We also called Dark Spicer to help us out.

Lincoln: I can't wait to meet your three brothers and your parents, Megan.

Megan Clark: You're going to love meeting my family, Lincoln. Plus, we also got word from Jerry that Victoria Brathwaite A.K.A Queen Bee is on the loose again.

Me: So, we're going to take down one of your enemies, as well as meet your family. This is going to be good.

Nico: You said it, J.D. Plus, from what I heard, you and your brothers have also battled some of Sam, Clover, and Alex's enemies.

Megan Clark: That's right, Nico.

Alex: We also offered our help to them, in the case they were to encounter any of our old enemies from the past.

Me: And we've encountered many of your enemies in the past and took them down.

We then arrived at the Clark family home, and we were greeted by Megan's parents, former OOPSIE agents Cal Clark and Karen Clark, and Megan's three brothers, Lee Clark, Marc Clark, and Tony Clark.

Lee Clark: Oh wow, Team Loud Phoenix Storm, it's an honor to meet you.

Me: You too, Lee, and we've got a surprise for you.

Then, I stepped to the side, and as soon as they saw Megan, they were surprised. But, their surprise ended, as they ran up to her, and they hugged her.

Lee Clark: Megan, oh man, we were so worried about you. Are you okay?

Megan Clark: Yeah, I'm okay, Lee. Plus, there's something I've got to tell you guys.

Megan Clark told them everything that happened today, and that she's now one of the future wives of Lincoln, and when they heard that, they cheered for her, and they know Lincoln's a man of his word, and he'll take care of her. Plus, when Lee, Marc, and Tony found out that Sam, Clover, and Alex were also among the many future wives of Lincoln, that caused their mouths to drop in surprise, and they remembered the Total Drama All Stars 2 from years ago, and Lincoln rescued them from quicksand in Columbia.

Then, we proceeded to get to work on getting after Victoria Brathwaite A.K.A Queen Bee. We found out she was hiding out in an abandoned lab in the north.

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted down the door to the lab and a massive swirl of magic was seen as a phoenix cry was heard and we came out of the explosion and waiting for us was our target: Victoria Brathwaite A.K.A Queen Bee.

Queen Bee: So, the famous Team Loud Phoenix Storm, along with the WOOHP agents, have arrived.

Me: That's right, Queen Bee, and we're here to take you down.

Nico: You're under arrest for your crimes.

Queen Bee: We'll see about that. GANGLERS! Rise and serve your Queen!

A massive army of Ganglers rose from the darkness.

Lincoln: Ganglers. Alright, guys, let's get them!

Lincoln transformed into Daydream Lincoln, and the rest of us transformed, and we went after the massive army of Ganglers, and we ripped them apart with our weapons, and we blasted them with powerful neon colored energy blasts and elemental blasts, and they exploded with incredible power.

Four Ganglers tried to attack Megan and her brothers, but they fired powerful blasts of fire, lightning, light, and ice at them, and they exploded.

Lee Clark: Whoa, how did we do that?

Lincoln: That's one of our many powers, Lee.

Me: Comes with the job description.

Lee Clark: That's incredible. Hmm, let's see if I can do this.

Then, Lee Clark sprouted large red angel wings, and he flew after them, and he fired powerful blasts of neon red energy at them, which exploded with incredible power, and destroyed them. Marc, Tony, and Megan also sprouted large angel wings in the colors of their spy outfits, and they fired powerful neon colored energy blasts at the remaining Ganglers, and destroyed them.

Then, Queen Bee was next.

Kairi Yano: You're next, Queen Bee.

Dark Spicer: Here's your warning bimbo: Your ass is about to be kicked!

Me: Big time you bitch!

We went after Queen Bee, and we'd blasted her with powerful neon colored energy blasts from our hands, angel wings, and the eight large orbs orbiting around our legs, and we attacked her with our weapons.

Dark Spicer: Kairi, let's use a combo on her.

Kairi Yano: Let's do it, Dark Spicer.

Kairi Yano and Dark Spicer: DARK INFERNO PHANTOM BLAST!

Kairi Yano and Dark Spicer fired powerful blasts of darkness and red fire at Queen Bee, and as they hit her, they exploded with incredible power.

Keiichiro: Now, it's our turn. Maxxor, let's get her.

Maxxor: Understood, Keiichiro.

Keiichiro and Maxxor: PERIM JUSTICE MEGABLAST!

Keiichiro and Maxxor fired powerful blasts of energy at Queen Bee, and as they hit her, they exploded with incredible power.

Lincoln: Now, it's time to put an end to this once and for all. DNA PURIFICATION MEGABLAST!

Lincoln fired a powerful neon blue energy helix from his massive deep sapphire blue angel wings, and they hit Queen Bee, and the powerful attack purified the bee DNA from Queen Bee, and she returned to normal, and she was back to Victoria Brathwaite. Nico put the cuffs on her.

Victoria Brathwaite: What did you do to me?

Lincoln: I used my new attack to purify the bee DNA that you had in you, and it turned you back to normal. And now, your crime spree ends here, Victoria Brathwaite.

Megan Clark: That's right, it's back to jail for you.

We then sent Victoria Brathwaite back to prison for rehabilitation, and Megan Clark and Lincoln both shared a hug and a kiss, as her brothers cheered for her. We then returned home, and with our new members to the team, Megan's three brothers and her parents.

---

Later we were setting up defenses and traps around the city. The reason: A massive horde of Unitologist Cultists and Members is coming.

Solar Man: Guys, shouldn't we be preparing to fight the Unitology members?

Lori: Relax, Solar Man. Stewie literally has it taken care of.

Solar Man: Really?

Me: Yep. He's placing traps all over the city perimeter for when they come.

Missy: I've heard about the Unitologists. It's hard to imagine that they can cause so much damage to many people all because of the murderous insanity that the Brethren Moons and the Necromorphs and Markers cause.

Nicole: Yeah and that was one of the most horrifying series of adventures we've seen. It was as bad as what Kate went through with The Thing. Except a thousand times worse.

Eli: That was awful.

Me: No kidding. It was because of the powerful psychic energy that the Markers emit.

Hunter: (German Accent) Ja und it caused so much destruction.

Me: Yep.

We checked on Stewie.

Larry the Lobster: Hey, Stewie. Just wanted to see what traps you're putting up.

Stewie: Putting up snare traps, net traps, cage traps, pitfalls and more.

Nico: Good thing we told everyone to stay inside till this is done.

Allie Wilde: Yeah. Hunter how many Unitologists are there?

Hunter: I honestly have no idea but I would have to estimate over 100 quadrillion of zem.

We gasped in shock!

Laney: We're gonna need bigger space prisons.

Energon Scorponok: Now, let's sit back and enjoy the show.

Then we felt the ground rumble and we saw a massive cloud of dust approaching and then we saw a MASSIVE ARMY OF UNITOLOGIST CULT MEMBERS COMING RIGHT AT US!

Nico: Here there come!

Laney: WHOA THAT'S A LOT OF THEM!

Me: SHOWTIME!

The Unitologists had eyes burning red with murderous insanity and they were coming at us like a massive pack of mad wolves! They got to the city edge and then the traps activated and we were capturing many of them and locking them up in cages.

Fortress Maximus: You guys are in BIG trouble.

Nico: Lets get them!

Me: ATTACK!

We went at the Unitologists and attacked them all over left and right! They were not going to stop until they kill us for destroying their so-called "Road to Being One."

POW BIFF CRACK BAM THOTH WHAP BONK SMACK POINK KICK PUNT ZONK KATOW THWACK BOP BAP SMASH WHACK KROW!

We were pulverizing them all over the place and REALLY LETTING THEM HAVE IT!

Nico: You cultist dirtbags have failed this universe!

Me: Time for you to see the true terror that your so-called cult has unleashed! NECROMORPH FIRE STYLE: SLASHER!

Varie: NECROMORPH WATER STYLE: LEAPER!

Misty: NECROMORPH DARK STYLE: EXPLODER!

Palutena: NECROMORPH LIGHT STYLE: SPITTER!

Leina Vance: NECROMORPH EARTH STYLE: TWITCHER!

Zarya Moonwolf: NECROMORPH MAGIC STYLE: TENTACLE!

Zoey Hansen: NECROMORPH FIRE STYLE: STALKER!

Corina Bucksworth: NECROMORPH WIND STYLE: SWARMER!

Bridget Verdant: NECROMORPH WATER STYLE: PODS!

Kikki Benjamin: NECROMORPH EARTH STYLE: BRUTE!

Renee Roberts: NECROMORPH DARK STYLE: THE CORRUPTION!

Berry Shirayuki: NECROMORPH LIGHT STYLE: INFECTOR!

Miia the Lamia: NECROMORPH EARTH STYLE: DIVIDER!

Rachnera Arachnera: NECROMORPH DARK STYLE: THE SPIDER!

Nan Que: NECROMORPH FIRE STYLE: THE FEEDER!

Mero the Mermaid: NECROMORPH WATER STYLE: THE LEVIATHAN!

Celica: NECROMORPH DARK STYLE: THE TORMENTOR!

Papi the Harpy: NECROMORPH WIND STYLE: THE HUNTER!

Froze the Fenrir: NECROMORPH ICE STYLE: SNOW BEAST!

Cerea the Centaur: NECROMORPH EARTH STYLE: MEDUSA!

Jelli the Slime: NECROMORPH WATER STYLE: THE UBERMORPH!

We fired waves of energy and elements and they formed into said Necromorphs.

Me and my Harem: NECROMORPH FINAL SMASH: NECRO CHAOS!

We summoned various Necromorphs from the Dead Space games to attack the Unitologists and they were knocked out and defeated.

We tied them all up.

Me: Looks like it's the padded cells for all of you.

Nico: But our Saturn Insane Asylum will never hold this many.

Laney: Yeah. How many of them are there?

Hunter: I've counted 523,352,367,958,568,475 of them.

We were shocked and flabbergasted.

Nico: WHOA!

Missy: That is a lot of them.

Allie Wilde: No kidding. But now I can see how scary the Necromorphs were. That was a horrifying adventure for all of you.

Nico: Yeah it sure was.

We later went back home and we made a new part of the Saturn Insane Asylum for them.

* * *

We were back home watching TV.

Scavenger: FYI, J.D., you get to lead today.

Me: Yep I know.

Then the alarm sounded.

Me: Uh oh.

The computer popped up and then it picked up a distress signal coming from halfway across the galaxy.

Man: This is an emergency from merchant vessel Hunter Gratzner, en route to the Tangiers system with commercial passengers on board. We've been knocked out of our shipping lane and entering a planetary body in the following position: X 35/8, Y 98/5, Z 21/6.

I pulled up those coordinates and they were located at 52,353 light-years from Earth and it was coming from a planet named M6-117 and it's located in a 3-Sun star system.

Then the signal went dead.

Me: Whoa! Looks like we're going to another part of the galaxy. We're going to a planet called M6-117.

Nico: That world is very familiar to me. But I'm having a hard time remembering it.

Eli: We better go check it out.

Then Zavok, Enchantress, Selene, Mumbo Jumbo, Tala, Felix Faust, Mirror Master, Solomon Grundy, Machinedramon, and Puppetmon appeared.

Zavok: Can me, Enchantress, Selene, Mumbo Jumbo, Tala, Felix Faust, Mirror Master, Solomon Grundy, Machinedramon, and Puppetmon come with you guys this time?

Me: You all sure can. We just received a distress signal and it's from a planet called M6-117 and I traced where it's located. It's at a system called M-344/G

Nico: Very unusual.

Me: Yeah it sure is. Lets get ready. Lisa, deploy the U.S.S. Valorous Phoenix.

Lisa Loud: Affirmative!

We got the ship ready and we were off to the planet M6-117.

---

The U.S.S. Valorous Phoenix was flying through space.

Me: Captain's Log, Stardate 3143.7: The U.S.S. Valorous Phoenix is en route to the distant desert planet of M6-117. We have received a distress signal from a downed ship called Hunter Gratzner, a merchant ship of unknown origin and our mission is to investigate and help any survivors.

Nico: I wonder what this world is like.

Me: We'll know when we get there.

Lisa Loud: We have arrived at our destination.

Me: On screen.

We saw that we were at the desert planet of M6-117.

Sabrina (Pokemon): This is where the distress call came from.

Me: Yep this is it.

Nico: All the way out here.

Eli: Wow.

Missy: And it has 3 different suns. One is blue and the others are red and yellow.

Me: 3 stars of 3 different classes.

Lisa Loud: Very interesting sight.

Me: Lets engage the landing proceedures.

We got to landing and we landed near the sight where the distress call was transmitted and we got out and we saw that the planet was a desert planet and the view of the 3 suns was amazing.

Me: Wow look at this planet.

Nico: It's weird.

Eli: The air feels really thin.

Missy: Yeah it sure does.

Selene: I wonder who sent that distress call.

Me: We'll find out. Scans show that there's a crashed ship located 5 kilometers south of that station there.

Nico: Wow.

Me: Lets go.

We flew off and then we found the crashed ship. Parts of it were all over.

Me: Whoa. Looks like whoever had that ship had a really rough landing.

We went to the ship and we went in and we saw a woman interrogating a man chained up.

Carolyn Fry: What do you want to tell me about the sounds? Look, you told Johns that you heard something. That's fine. You don't want to talk to me that's your choice. But just so you know, there's a debate right now as to whether we should just leave you here to die.

Me: Why do you plan to do that?

Carolyn Fry then saw us.

Me: We mean you all no harm.

Nico: We are Team Loud Phoenix Storm.

Riddick: So the famous Team Loud Phoenix Storm has come.

Nico: That voice. Riddick? Is that you?

Riddick: Been a long time Nico. How has the prodigal Saiyan been doing?

Me: Riddick. You mean the most dangerous anti-hero warrior that has been persued all over the galaxy?

Riddick: That's right and it's a pleasure to meet you J.D. Knudson.

Me: Same here. I heard so much about you. You have a really amazing and incredible reputation.

Cassandra: Look, I'm sure whatever happened here isn't that bad.

Carolyn Fry: You don't know what happened to us.

Me: Carolyn listen. Tell what happened and then we can do everything we can to help you out.

Carolyn Fry: All right.

She told us everything.

Set 500 years in the future and 25 years after the Necromonger invasion of Furya, the Hunter Gratzner accidentally passes through a comet's tail while on auto-pilot. The ship along with its passengers crashes onto a desert planet. The ship's captain (Tom Mitchell) dies in the initial pass through the comet's tail, and the crash kills the navigator (Greg Owens). Among the survivors are the ship's pilot (Carolyn Fry); a dangerous criminal (Richard B. Riddick); his captor (William J. Johns); a Muslim Imam (Abu al-Walid) and his three acolytes (Hassan, Ali and Suleiman); a young stowaway (Jack); an antique dealer (Paris P. Ogilvie); and two Australian settlers (Zeke and Shazza). Riddick manages to escape in the ensuing chaos of the crash.

With their ship destroyed the passengers decide to explore the surrounding area, and discover that the planet endures perpetual light provided by three suns. While burying the dead crew members, Zeke discovers a cave opening and upon entering it he is brutally killed by unseen, vicious creatures; however, the passengers believe it was Riddick's doing. Riddick is recaptured by Johns shortly thereafter.

Fry meets Riddick, and learns of his ability to see in the dark, what he obtained while in prison.

---

Nico: So that's it.

Me: Yeah. You guys are all from 479 years into the future. Somehow this system and you all got here to our time in the year 2021.

Carolyn Fry: How is that possible?

Me: We don't have any idea.

Nico: Yeah. But Riddick is a very elusive target to many bounty hunters all over the universe. He has a massive bounty on his head.

Laney: I wonder how much.

Nico: More than you can imagine.

Eli: What's the story of Riddick?

Nico: He's the last of the Furyans. They were once a very powerful warrior race from the planet Furya. But they were all thought to have been wiped out from the evil Necromongers.

Shanan: I've heard of them. They are evil death-worshipping monsters that want to destroy all life on planets and kill people that don't convert to their ways. They are that dangerous.

Nico: That's right. But to tell you all about them, I have to tell you all about Riddick first.

---

Early Life

Riddick was born on Furya and inherited the traits of an Alpha Furyan, which gives him an advantage in strength and endurance over normal Furyan infants. Before Riddick's birth, a Necromonger officer named Zhylaw consulted an Elemental seer (implied to be Aereon), who prophesied that a male child born on the planet Furya would be his ultimate downfall. To forestall this prophecy, Zhylaw attacked Furya in an attempt to massacre all male children, going so far as to personally strangle newborn infants with their umbilical cords, including Riddick himself. In doing so, Zhylaw believed that he had culled his own doom, but unbeknownst to him an infant survived. It is possible that this particular infant's inherent advantages were key to his survival. It is unknown who collected the infant Riddick from where Zhylaw had left him for dead, or how he got off planet. As his official records read "Place of Birth: Unknown," it is clear whoever was responsible did not reveal Riddick's origins to any authorities.

Little is known about Riddick's childhood, save that he was, by his own admission, educated in the penal system.

While Riddick retained memories of massacre on Furya, these memories were repressed and forgotten, likely due to his extreme youth at the time. Instead, he believed his mother attempted to kill him at birth by strangling him with his umbilical cord and dumping him in a liquor store trash bin. This is likely the story contained in his records and just as likely told to him repeatedly by those with little care for the child Riddick's sense of self worth.

As Riddick grew older he began receiving periodic visions of a Furyan woman named Shirah; visions which he believed to be signs of mental instability. It would not be until his encounter with the Necromongers that his repressed memories would finally escape their imprisonment and he would realize that he had a homeworld and a tragic past of which he had never been consciously aware.

Once grown, Riddick became a Company ranger. It was here while in the military that he learned how to pilot ships. He was assigned to Sigma 3, where he worked as a sweeper. Sweepers worked in the tunnels, where they drew out spitfires. It was incredibly dangerous, and the method of drawing them out required two sweepers to lay in wait while another acted as a distraction for nearby spitfires so the other two sweepers could kill them. Riddick was wounded multiple times doing this, and since the ranger team played dice to choose the decoy, Riddick learned to cheat at dice. During his tour on Sigma 3, he learned how corrupt the Company was.

He was promoted to the prestigious Strikeforce Academy on Sigma 3's moon. There, he became a much more efficient soldier. After graduating from the Academy, he was once again assigned to Sigma 3, this time to "enforce security." Riddick learned that life on Sigma 3 was nearly slavery, and enforcing security there meant murdering and torturing. Riddick spoke out against it, but the Company refused to change their inhumane system on Sigma 3. Instead, the Company disposed of the evidence Riddick gathered and sent him to a prison known only as Deep Storage.

Riddick spent less than three years in Ribald S Correctional Institute. Before his third year was up, he overpowered a guard and took his uniform. Riddick shot two guards and a pilot before escaping on the prison planet's only space freighter.

The Company put a million-credit contract on Riddick and he became a wanted man on five planets in three systems, and was pursued by nearly every bounty hunter, bushwhacker and Mercenary in the space lanes. Every time he killed one of them, their deaths were added to his list of serial killings.

Over several years, Riddick evaded all who wanted to kill him, though several times he was caught. He spent time in the Hubble Bay Penal Facility and Tangiers Penal Colony, among other places. in Psychological Restraint Station Q9, he took a psychological evaluation, by a Dr. Snyder, which stated that he was a violent sociopath and a murderer. He escaped each prison with relative ease.

During one escape, Riddick joined a mercenary outfit that augmented a company of E-TAC soldiers fighting in the Wailing Wars. Of the 500 men in that outfit, Riddick was supposedly the only man to leave the planet alive. Rumors suggested that Riddick killed most of his own platoon.

Once, Riddick was captured and brought to Ursa Luna Maximum

Security Prison - also known as Slam City- by a pair of hired guards. He had been put into cryosleep during their journey to the prison. When the warden of the Slam City demanded that Riddick be woken up to prove that he was alive, Riddick woke with calculated violence, killing one merc and capturing the other. He briefly held a mercenary hostage and stole both their transfer fee and cigarettes before escaping into the dark, unlit bowels of the prison. There, he survived attempts on his life by the guards, Shiners (individuals with medically augmented night vision) and automated security weapons.

He escaped the prison area of Slam City, killed a medtech and stole his uniform. He then moved towards the hangar, but his cover was blown while doing so. He killed two guards, and escaped in a spaceship. Riddick only spent 11 hours and 22 minutes in Slam City.

Following Riddick's escape, a uniformed, shotgun wielding "lawman" named William J. Johns arrived at the facility, having responded to Ursa Luna's report of an escaped convict. Though Johns agreed to hunt Riddick, the prison staff had developed such a fear of Riddick that they did not want him brought back to Slam City, and instructed that he be taken to Hubble Bay Penal Facility instead.

(Previous to the Butcher Bay game, Ursa Luna was the original source of Riddick's eyeshine. After losing his recently stolen cash to the Shiners, Riddick encounters Cutter, the slam doc who gave the Shiners' their enhanced night vision and pays the doctor in cigarettes to perform the same surgery on his eyes. Despite this surgical eye shine origin being documented in multiple canon sources [including Pitch Black, the novelization, the Slam City flash movie and even the pop up bonus info on the TCoR DVD] many considered it retconned by the origin given in the Butcher Bay game - see below.)

Some time after the events of Slam City, Johns managed to capture Riddick and bring him to the Butcher Bay Correctional Facility. Johns met with Warden Hoxie to negotiate his pay, while the head guard Abbott escorted Riddick to his cell in the "single-max" security area. Riddick familiarized himself with the facility, and soon instigated a riot after killing Rust, Abbott's puppet and leader of the Aquilan gang. During the confusion, he escaped into the prison's sewer system. Fighting through the sewers against mutant "dwellers", Riddick eventually met Pope Joe, who agreed to heal Riddick's arm in exchange for retrieving a lost radio. Following the surgery, Shirah told Riddick that he "[had] been blind too long", and granted him his trademark "eyeshine" night vision. Immediately afterwards, he accused Pope Joe of tampering with his eyes, but Joe assured Riddick that he merely treated his injured arm. Riddick then continued his escape, while using the eyeshine to his advantage. He confronted and nearly killed Abbott in the latter's apartment in order to use his eyes to bypass a retinal scanner, but was caught by Johns and Hoxie.

Riddick was then transferred to the "double-max" security area, where he planned to infiltrate its mining facility. After confronting and killing Abbott one last time, Riddick made his way down to the mines, where he met an inmate of great influence in the area named Jagger Valance, who wished to escape with him. Riddick agreed and retrieved a makeshift bomb to create a distraction, only to be discovered and caught by the guards. During his transfer to another section, the explosion from the bomb unleashed an outbreak of creatures called "Xeno", and Riddick fought his way to Valance during the chaos. Unfortunately, Johns caught up to him again, but Riddick, having no intention to stay, stabbed Johns in the side and very nearly killed him in a fight, only to be accidentally shot by Jagger, who was himself gunned down by the guards. Riddick was then placed in the "triple-max" area, where inmates are kept in cryonic sleep, awakened daily for two minutes of exercise. After some time, Riddick discovered a flaw in the system and made his escape. He then hijacked a Heavyguard and fought his way through Butcher Bay's corporate offices to reach Hoxie. With help from Johns, Riddick confronted Hoxie in his office and killed his personal guard. Already tired of dealing with the prison officials, Johns helped Riddick to elude the guards, and the two tricked them into killing the warden. They then stole a ship and escaped the prison.

Some time after, Riddick woke from cryosleep to see their ship dragged unwillingly into the Dark Athena, a gigantic mercenary vessel run by Gale Revas and her second in command, Spinner. Riddick managed to avoid capture as Revas and her men took Johns away, stealing her hairpin in the process. Using the same stealth tactics as he did in Butcher Bay, Riddick searched for a way off the ship, killing the guards and mercenaries along the way. Many of the guards appeared to be automated drones, human bodies with implanted machine parts controlled remotely from within the ship.

Upon entering the vents, he met a little girl named Lynn, also hiding from the guards in the ventilation. After agreeing to help her, Riddick made his way to the prison cells and found several people captured, including the former Captain of the Dark Athena before Revas took control. There he met Lynn's mother, Ellen Silverman. She agreed to make Riddick the tools needed to escape through the air vents if he could get the right parts. She also asked him to find Lynn because she was concerned for her safety. Another prisoner named Max Dacher, a friend of the Silvermans, offered his technical skills to help Riddick escape on a ship and unlock doors for him if Riddick found him a Data Pad. Dacher also suggested opening the ship's prison cells to keep the mercenaries occupied long enough for them to escape. In order to get the tools for Silverman, Riddick cut a deal with Jaylor, an ex-mercenary on the *Athena*, who asked him to kill a former friend of his named Margo Marvins. Riddick found and killed Margo and Jaylor kept his word. Having again met with Lynn, Silverman made him a makeshift vent tool from the parts he had collected. After finding a Data Pad for Dacher, Riddick moved on and stayed in contact with Dacher via video communication at computer terminals on the ship. Riddick freed the prisoners and fought his way back to the cells, but most were killed, including Ellen Silverman. After consoling Lynn, Riddick made his way to the hangar area. Unfortunately, Revas killed Dacher as he prepared the ship for their escape, and Riddick finally confronted her face-to-face. As they fought, he stabbed her in the neck with her own hairpin and she was presumed dead. With the ship disabled, Riddick entered an escape pod. As he prepared to leave, Lynn pounded on the door, begging Riddick to take her with him. Unfortunately, Revas survived the fight and fired a missile at Riddick's pod, causing it to crash on the planet Aguerra Prime below.

Riddick survived the crash and woke up weeks later on the shore of a beach (the same beach seen in the introductory tutorial level). Making his way into an abandoned city, he discovered that the planet was under siege from Revas' troops, who were capturing civilians and harvesting their bodies to use for their drones. Arming himself with a SCAR Gun, Riddick realized his only way off the planet was to get back to the *Dark Athena*, and fought his way to the port where the Athena was docked, getting the attention of the mercs in the process. Spinner attacked Riddick in a robotic mech suit, but Riddick managed to defeat him. He got back onto the Dark Athena and made contact with Lynn. She informed Riddick her mother showed her how to make the drones turn on Revas' crew and attack them instead. Before Revas and her men could execute Riddick, fighting broke out between the drones and the mercenaries. In the chaos, Riddick rescued Lynn, who informed him of another escape ship, and got her to safety. He then made his way up the ship and Riddick confronted Revas one last time, wearing a suit of armor with heavy weapons. He defeated her by pushing her into an elevator shaft, sending her falling to her death. Lynn met up with him and entered the elevator. She asked if Revas would come back, and Riddick answered "When I say goodbye, it's forever."

After Riddick and Lynn seemingly went their separate ways, Johns tracked Riddick to a marketplace on Aquila Major, where he tried to hide in a crowd unsuccessfully. A few days later, Riddick encountered Rykengolls, pirates outside a shipping lane, and took their ship after killing them. Riddick then went to Outskirts, but Johns tracked him down and caught up with him near a brothel. On Lupus 5, Riddick killed a mercenary named Dresden, who was also hunting him. Riddick then went to the Conga System, where he was caught by Johns, who used children in peril to catch Riddick. Johns decided to travel on a ghost lane to avoid any more trouble.

22 weeks after departure, while its crew and passengers are in cryo-sleep, the Hunter Gratzner passes through a comet's tail while on autopilot. Debris from the comet ruptures the hull and kills some of its crew, including the captain, Tom Mitchell. The remaining crew is awakened and docking pilot Carolyn Fry crash lands on the nearby planet, M6-117, despite nearly dumping the passenger compartment; although some survive, the ship is split in two. Riddick escapes and ambushes Johns following the crash, but he is quickly subdued and chained to the ship's hull. The survivors find the planet to be near desert, its orbit around three suns keeping the surface in perpetual daylight, along with an abandoned geological research settlement. Meanwhile, Riddick manages to break free of his

restraints and flees from the crash site, keeping a safe distance. While hiding in a nearby boneyard, he eavesdrops on Johns and Fry discussing the events of the crash. Riddick prepares to kill Fry for nearly purging the ship's passengers, until she reveals that her crewmate Owens stopped her from doing so. Instead, he simply cuts off a lock of her hair. Later, one of the survivors, Zeke, kills another survivor thinking it was Riddick, who has been casually watching the event from Paris' chair. When Zeke is later attacked and dragged into a hole by an unknown creature, Johns finds Riddick at the scene and recaptures him. Fry and Shazza accuse him of the murder, but Riddick denies involvement and suggests investigating the hole further. Once they finally find something worse than him, Riddick agrees to help the other survivors in exchange for his freedom. On the way back to the settlement, he casually introduces himself to Paris and helps himself to more of his liquor.

At the settlement, the survivors find a supply of water and a spaceship they can use to escape the planet, though lacking power cells needed to start it up. Riddick later questions Fry about the skiff's diagnosis, realizing she is aware of his piloting experience, and successfully turns her against Johns with the knowledge of his drug addiction. Investigating the area further, Riddick quickly deduces what happened to the original inhabitants, and these suspicions are confirmed when another survivor, a boy named Ali, is killed by a swarm of the same creatures. They come to learn that the planet has a native species of extremely deadly, bat-like Bioraptors that only hunt in darkness, staying in the planet's cave systems otherwise. Finding an Orrery of M6-117's orbit, the survivors realize that the suns will soon become eclipsed by the planetary alignment, plunging the surface into darkness for an unspecified length of time, to which Riddick playfully asks Fry if she's afraid of the dark. They quickly race back to the crashed ship to collect the power cells, other supplies and the other survivors before this occurs.

As they arrive at the crash, the eclipse begins and the creatures emerge from their underground caves and attack the survivors, ripping Shazza in half. Riddick encounters Hassan while hiding aboard the wreck, but is unable to save him from an attacking Bioraptor. As the survivors debate on what to do, Riddick defends Fry when Johns threatens her and compels him to stand down. Fry in turn reveals that Riddick has perfect night vision and trusts him to lead them to safety. After Paris is killed, Riddick realizes that Jack, a young runaway disguised as a boy, is female and on her menstrual cycle, and informs the others that the creatures are following them using her blood. When Johns suggests leaving Jack behind to lure the creatures away, Riddick instead wounds Johns in a duel and leaves him as the bait. Upon discovering the Bioraptors have a blind spot, Riddick debates with Imam Abu al-Walid on the former's belief in God, and openly admits his contempt for the deity. While running through a canyon, a Bioraptor attacks Jack, but Riddick singlehandedly fights and kills it. Soon, the group is whittled down to Riddick, Fry, Jack and the Imam; Riddick has the other three wait in a nearby cave with bioluminescent worms that will keep the creatures at bay while he hauls the power cells. Concerned, Fry follows Riddick and finds him ready to take the escape craft for himself, but manages to convince him to help rescue Jack and the Imam.

Returning to the cave, Riddick and the others proceed to the ship. Riddick is attacked by two of the creatures, but is saved by Fry's sacrifice. As they prepare to take off, Riddick waits for the last possible minute to kill as many of the creatures as possible with the ship's engine blast. As they are leaving the planet, Jack asks what they should do if they run into bounty hunters or other law enforcers asking where to find Riddick. Riddick advises her to "Tell 'em Riddick's dead. He died somewhere on that planet."

Sure enough, Riddick, Jack, and Imam are picked up by the mercenary ship Kublai Khan. Although Riddick attempts to conceal his identity from the mercenaries by impersonating William J. Johns over the intercom, they quickly voice-print and identify him.

Using the ship's extinguishing foam to conceal their heat signatures, Riddick ambushes the mercs and kills some of them, but stops when they threaten his companions. Captured by the mercenaries, the trio rapidly discover that their captors have unusual plans for them. After being separated from Imam and Jack, Riddick is brought to the captain's quarters. Having a bomb injected into his neck for her safety, the ship's owner, Antonia Chillingsworth, explains she is a collector of criminals, whom she freezes and keeps as statues that are, in her view, art. Although the criminals are frozen, they are still alive and conscious. To her, Riddick is the ultimate "masterpiece" for her collection. After he criticizes her taste, Chillingsworth tests Riddick by placing him in a small arena along with Jack and Imam and forces him to fight a pair of deadly bioluminescent aliens called Shrill. Riddick fights and kills the Shrill, then removes the explosive in his neck before Chillingsworth can detonate it, blowing a hole in the wall for them to escape.

With the Kublai Khan on high alert, Riddick, Imam and Jack make their way to an escape ship, encountering more mercenaries and monsters along the way, including Alexander Toombs. Upon reaching the ship's hangar, Riddick challenges Chillingsworth's right-hand man, Junner, asking if he wants "a shot at the title" (the very words Spinner taunted him with on Aguerra Prime) and buries a knife in his eye as promised, only to be shot in the shoulder by an angry Chillingsworth. Fortunately, Jack shoots Chillingsworth in the head just before she can kill Riddick. The act unnerves Riddick and Imam as the three escape from the mercenary ship. As a result, Riddick decides to deliver both Jack and Imam to New Mecca.

For the next 5 years, Riddick makes his home on the icy world of U.V.6, mapping out the terrain and hunting the local wildlife to survive. One day, Riddick takes shelter from a blizzard in a cave, killing a monstrous alien that had been stalking him. Shirah commends him for this, but reminds Riddick that he cannot escape his own destiny. Riddick boasts he can escape anything, to which Shirah reminds him of his time at Butcher Bay. After some reminiscing, Riddick asks Shirah the reason for her visit. She informs him of the coming threat of the Necromongers, and stresses the importance of learning who he really is. When Riddick asks to know the truth about himself, several visions of the events to come flash before his eyes.

5 years later, Riddick encounters 3 mercenaries that were sent by Toombs to hunt him and kills 2 of them. Later, Riddick manages to evade Toombs himself and his 4-man crew. After killing or disposing of his crew, Riddick confronts and interrogates Toombs, who reveals he is trying to collect a new 1.5 million bounty placed on Riddick's head. Leaving Toombs for dead, Riddick steals his ship and sets

course for Helion Prime, from which the bounty originated. While in cryo-sleep, Riddick is plagued by visions from Shirah during the flight, who tells Riddick he is the last of a warrior-race called the Furyans.

When Riddick lands on Helion Prime, he confronts Imam in the city of New Mecca, believing he is responsible for the bounty. Imam explains that he only gave information on Riddick's location to the one who placed the bounty. That evening, Imam introduces him to Aereon, an envoy of the Elementals, who arranged for Riddick to be brought to Helion. She explains he is part of a prophecy that states a lone Furyan will one day challenge an unstoppable evil and bring balance back to the universe, and says the Necromongers are the ones the prophecy foretells. Riddick initially refuses to help until Imam mentions Jack. After Riddick fights off a group of Helion soldiers thinking he is a spy, Imam explains that Jack went looking for him years earlier, missing his brother-like influence. She became a criminal and was sent to prison on the planet Crematoria.

Following this, the Necromonger army attacks Helion Prime, wiping out the planet's defenses in one night. Despite Riddick's best efforts, Imam is killed in the attack while protecting his family. An enraged Riddick heads to the city forum, where the Helion Prime leaders are gathered before the Necromongers and the Lord Marshal. He challenges and dispatches Imam's killer, Irgun, with ease. Suspicious of his abilities, the Lord Marshal has Riddick taken into his fortress to confirm his identity. Placed before the psychic Quasi-Deads, who claim Riddick is a Furyan, the Lord Marshal orders his death. With a little help from the Purifier, Riddick escapes the Necropolis, only to run into Toombs again, this time with a new 5-man crew. In order to find Jack, Riddick allows himself to be captured so he can be transported to Crematoria, a dead world where daytime surface temperatures scorch the surface of the planet.

Upon arriving at Crematoria, Riddick is reunited with Jack, who now goes by the name of Kyra. Their reunion is cut short at "feeding time", when the guards release Hellhounds to attack inmates. Riddick encounters one face-to-face, but manages to befriend it with a stare. Later, after scaring off some guards harassing Kyra by killing one with a teacup, Riddick confronts her over her decision to leave New Mecca. She still blames him for abandoning them, but they eventually reconcile.

Back on Helion Prime, the Lord Marshal commands Necromonger Commander Vaako to find Riddick and have him killed, so Vaako sets out with a small group of Necromongers and a Purifier to bring him down. Vaako is curious as to why the Lord Marshal is so afraid of Riddick. With encouragement from his rabidly ambitious wife, Dame Vaako, the two learn, before he achieved his current title, the Lord Marshal destroyed the Furyans' homeworld of Furya and its citizens. This occurred after a seer foretold that a male Furyan would cause his downfall. They deduce Riddick is the one around whom the prophecy is centered.

As Toombs and his crew argue over Riddick's bounty with the prison warden, Vasilev, and his guards, the warden reveals he has pictures of the incoming Necromongers, who have picked up the trail left behind by Toombs' ship. A gunfight erupts, with the staff emerging victorious. The warden and guards depart, running through man-made tunnels towards the ship hangar, locking the rest of the prison down to prevent the inmates from escaping. Riddick, Kyra, and some of the inmates decide to reach the hanger first by traveling on the surface, surviving by keeping pace with the temperate zone created between the scorching heat and freezing cold of Crematoria's daily cycles. They reach the hangar, but Vaako and his contingent of soldiers have arrived on the planet, hastily taking out the warden and his guards. Riddick and company are forced to fight the Necromongers.

Amidst the numerous casualties, Vaako narrowly defeats Riddick. With help from Shirah, Riddick suddenly manifests a powerful energy burst that knocks out both himself and most of the Necromongers. Vaako leaves Riddick for dead as the rising sun burns Crematoria's surface. Vaako and the surviving Necromongers make their escape, taking Kyra, who believes Riddick has perished. Riddick nearly burns to death, but is suddenly saved by the Purifier. He explains that if Vaako were killed, the Lord Marshal had offered to spare Riddick's life in exchange for assurance that Riddick will not attempt to kill him; however, the Purifier goes on to say Vaako will likely claim Riddick's death, in fear of failure, leaving the Lord Marshal vulnerable. Before walking into the sunlight and his death, the Purifier reveals himself to also be a Furyan. Vaako returns to the Legion Vast, where the Lord Marshal promotes him. Riddick flies Toombs's ship back to Helion Prime, intending to rescue Kyra. Not quite convinced of Riddick's death, the Lord Marshal orders the "Ascension Protocol", which will ultimately destroy all life on Helion Prime. Dame Vaako spots Riddick, who has infiltrated the Basilica. She suggests to her husband that Riddick be allowed to fight the Lord Marshal, hopefully injuring him and allowing Vaako to deal the final blow so he may assume power, based on the Necromonger philosophy "you keep what you kill."

Disguised as a soldier, Riddick infiltrates the throne room, where he comes face to face with the Lord Marshal, who reveals Kyra has converted to their faith. After lamenting to himself that the Necromonger has killed everyone he knew and loved, Riddick does battle with the Lord Marshal, whose unique powers prove too great for Riddick to handle, although Riddick manages to put up a good fight.

Before the Lord Marshal can deliver the final blow, Kyra stabs him in the back, but he backhands her into a spike column, mortally wounding her. Vaako, sensing an opportunity to vanquish his superior and claim leadership, strikes out at the Lord Marshal, who narrowly escapes the blow. Riddick, however, had positioned himself where the Lord Marshal retreated, and stabs the Lord Marshal in the head, killing him.

Riddick turns to the mortally wounded Kyra, and she dies in his arms after telling Riddick that she was "always" with him. As he collapses with shock on the Necromonger throne, the Legion Vast kneel before him, and Riddick repeats the Necromonger adage "you keep what you kill," realizing he is now the new leader of their empire. The Necromonger fleet abruptly departs, sparing Helion Prime as Riddick orders the Necromonger fleet to leave the planet alone.

For 5 years, Riddick has been neglecting the Necromongers as Lord Marshal and has yet to take the sacred oath or lead them to the Underverse. Several assassins try to take him out by order of Necromonger commanders, but all of them fail. Seeing that he has let his animal side slip past, he orders Commander Vaako to take him to his home planet. When Riddick arrives on a planet, he quickly finds it is Not-Furya, and the Necromongers quickly betray and try to kill him. Kronesends Riddick falling off a cliff, and the Necromongers believe him to be dead.

Riddick emerges from the fall with a broken leg, and narrowly avoids a pack of jackals native to the planet by hiding in a sulfur pool, sending away a straggler with a thrown piece of his armor. After building a makeshift brace for his leg, Riddick spends the next six months healing, adopting a jackal pup as his own and raising it. He and his pup become familiar with the planet as they discover dangers like the mud demons, which fully emerge when the ground is wet. After taking measures to immunize himself and his jackal, Riddick fights his way past some of the demons and travels across a savannah until he finds Mercenary Station P7. Knowing there is an approaching thunderstorm that will bring out the mud demons, Riddick scans himself inside, sending out a distress beacon to any merc ship near by.

Two merc crews arrive: Santana's, who are hell bent on decapitating Riddick for the bounty, and Boss Johns', who only want the truth about William J. Johns death. Both merc crews feud with each other, and Riddick begins picking them off one by one, stealing and hiding both of their ship's power nodes, leaving them unable to take off. Riddick then tries making a deal with the Captains, but the plan is ruined when Santana tries to kill Riddick from behind, only for Riddick's pet jackal to attack Santana in kind. Riddick tries to kill Santana but Dahl shoots him with several tranquilizers to bring him down. A helpless Riddick can only watch as Santana kills his Jackal before being knocked out by Boss Johns.

Riddick is captured and chained up as Boss Johns demands to know about the death of his son in the M-344/G System, but Riddick gives little answers. The storm hits the base and the mud demons emerge, killing two of the mercs. In anger, Santana tries to behead Riddick, but Riddick disarms him and kicks his machete through his head, slicing it in half. The mercs free Riddick and they ride off on their Jet Hogs to the location where Riddick buried the power nodes. While Riddick digs for the nodes, he tells Boss Johns about his son and confirms that he did not kill him (at least not directly), but that Johns was a junkie perfectly willing to kill a kid to save his own neck. As Boss Johns refuses to believe otherwise, Diaz tries to kill them both, but Riddick kills him before he gets the chance.

With their jet hogs destroyed, Riddick and Boss Johns make their way with a node each across the storm-swept plain fighting mud demons. Riddick gets bit and a tooth gets broken off in his chest, so Boss Johns takes Riddick's node and leaves him to fight for his life. Riddick makes it up to a steep cliff where he uses a hot rock to cauterize his wound and fights a hoard of mud demons with only his fists and razor. Fortunately, Boss Johns' craft arrives to blast the remaining mud demons as Dahl brings him on board.

Boss Johns gives Riddick Santana's Ship, and they agree to settle their differences another day, with both ships parting ways. Riddick returns to the Necromonger fleet, who have arrived at the Threshold for the ceremony to ascend Vaako as Lord Marshal. Riddick confronts Krone, demanding to know if Vaako is alive or dead, and kills him when he takes too long to answer. Riddick asks a servant the same question, to which she replies "Both". Riddick then looks on as Vaako's ship descends into the Underverse.

---

When he was done we were shocked!

Me: Whoa. You went through one hell of an interstellar battle.

Nico: Yeah he told me all that himself.

Felix Faust: So what led you to become chained up?

Riddick: They think I killed a man here when in actuality I didn't.

Eli: He's telling the truth. I sense a terrible presence here and it's underground.

Me: Oh man.

Nico: I heard you have an amazing new ability that allows you to see in the dark.

Riddick then got up and showed us his eyes and they were shined up.

Me: Wow those eyes look wicked.

A girl named Jack came.

Jack: Where the hell can I get eyes like that?

Riddick: You got to kill a few people. And then you got to get sent to a slam where they tell you that you'll never see daylight again. You dig up a doctor and you pay him 20 menthol cools to do a surgical shine job on your eyeballs.

Jack: So you can see who's sneaking up on you in the dark?

Riddick: Exactly.

Me: Very crafty.

Eli: Like seeing everything without the signals of heat.

Me: Like having night vision in your eyes.

Nico: That's interesting.

Me: This I got to see.

I formed a shroud of darkness and enveloped the room in pitch black darkness.

Me: What can you see Riddick?

Riddick: I see you guys here with no problems. Darkness doesn't bother me at all.

Me: That is amazing.

I removed the shroud.

Hunch: Wait. You mean you've been in a prison before all this?

Riddick: Yes I have.

Nico: Riddick has a very impressive reputation. He just recently escaped from Butcher Bay.

Shanan: That's one of the toughest maximum security prisons in the galaxy.

Laney: Whoa.

Nico: Yep. Only the worst of the worst goes there. Riddick went there because he killed three mercenaries of a guild. That's why bounty hunters from all over the universe are all after him.

Lana: Wow. He must have one nasty record.

Nico: Yep.

Me: Wow.

Itachi: (to Nico) You say it like you've been to Butcher Bay before.

Maria: (realizes something) You have, haven't you?

Nico: Yes I have. But I went there to kill the worst criminals ever.

Me: Wow. That's incredible.

Nico: Yep. That's how I know Riddick. He and I came from a very similar lifestyle. We are both the last surviving members of our races. Riddick is the last of the Furyans and I used to be one of the last of the Saiyans. Both our races are very dangerous. Except my race was once the most feared race in the universe. The Furyans were not nearly as powerful as the Saiyans but they packed just as big a fighting spirit.

Carolyn Fry: That's big. What happened to the Saiyans?

Nico: Well it's a really ugly story.

Nico went over his race's history.

---

The **Genocide of the Saiyans** is the very brief but incredibly disastrous conflict between the Frieza Force and the Saiyanrace. It should be noted that "Genocide of the Saiyans" is not an official term, but commonly used. As indicated by the name, one of the more infamous results of the conflict was the near-complete extermination of the Saiyan race in Universe 7.

Frieza's involvement in the genocide was unknown to most for a time, as the Frieza Force spread a false story of the genocide referred to as " **Collision with Giant Meteorite** "(巨大隕石の衝突) to avoid unnecessary animosity with remaining Saiyans.

Upon arriving back, Bardock realizes that Frieza may be planning to wipe out the Saiyans, and so he and his wife Gine choose to send their young son Kakarot away to Earth to keep him safe. The Saiyan prince Vegetaand his ally Raditz both hear the call back but chose not to respond to it, and stay on the planet they were conquering. Nappa - the general of the Saiyan army - also remains on his mission and does not return to the planet within the allotted time.

King Vegeta, supreme ruler of the Saiyan race, had been plotting to save his eldest son and heir from Frieza's grasp and to attempt to defeat Frieza and reclaim his rightful throne over his people. On the day that the genocide takes place on, King Vegeta gathers his most powerful Saiyan elites and launches an attack on Frieza. Vegeta and his elites arrive on Frieza's Spaceship and after killing numerous guards, successfully push their way into Frieza's chamber. However, upon arrival, King Vegeta's men are so stricken with fear, they cower behind their leader.

King Vegeta, alone, launches his attack on Frieza. Frieza effortlessly dodges a swift punch from the Saiyan king, and with an amazing display of power, kills the king with a single punch to the jaw as Zarbon and Dodoria bear witness. Frieza then also slaughters Vegeta's elites, and finally informs Zarbon and Dodoria that it is time to extinguish the Saiyan race with one final attack. Zarbon is initially skeptical, thinking it was no longer necessary to commit genocide against the Saiyan race now that King Vegeta and his elites were dead, although Frieza reminded him that the rest of the Saiyans would most likely follow King Vegeta's example in the near future.

As Frieza's ship looms over Planet Vegeta, the final hour arrives.

Bardock flies up toward Frieza's ship, in the hopes that he may be able to thwart the tyrant's attack. After witnessing Bardock's approach, Frieza orders his army to be released and to engage the lone Saiyan warrior. After killing numerous soldiers, Bardock eventually makes it to Frieza's ship, and calls the tyrant out for one final confrontation. Frieza then appears from his ship, comfortably sitting in his hoverchair.

After coming face to face with Frieza, Bardock launches a powerful energy ball at the tyrant. However, Frieza, with the lift of a finger, creates a massive sun-like energy ball, which he launches at Bardock and the planet below while maniacally laughing. Bardock is obliterated by Frieza's attack, along with many of Frieza's own soldiers close by. The energy ball then proceeds to slam into Planet Vegeta, and after burying itself into the planet's core, Planet Vegeta blows up, killing nearly the entire Saiyan race in the process. Observing the "beautiful fireworks", Frieza laughs and congratulates himself on his new found "accomplishment" before leaving in his ship to continue business as usual. In a single day, the mighty Saiyan race was drawn near complete extinction.

---

When he was done most of us that hadn't heard it were shocked and so was Carolyn Fry and Riddick too.

Mirror Master: Hey, Superman's race was extinct too.

Superman: Yes it was. But J.D. saved many of us before Krypton exploded.

Nico: That's right.

Riddick: You guys have been through a lot.

Nico: We sure have.

Me: Yeah.

Carolyn Fry: What happened to all you guys was a bunch of mixed reactions.

Me: That's right.

Ashi: (to Riddick) Why don't you join the team? We'll protect from anyone that comes after you?

Riddick: You really think you can take down all the bounty hunters after my head?

May: Hey, we managed to take down a cult this morning, didn't we?

Me: We sure did. We've been through a lot in over 5 years Riddick. Our power is incredibly strong and we have overpowered many villains that are powerful enough to completely decimate the entire universe with just a breath. And in the end they all met their end.

Nico: That's right. With great power comes great responsibility.

I then unsheathed my sword and cut him free.

Me: We won't force you Riddick. It's your choice. So we'll let you think it over. Anyway lets get over to that geologist station here. There might be some clues as to what went down here on this planet.

We did so. We saved Ali from unknown creatures.

Tala: First, we need to take down the creatures of this planet.

Nico: We don't even know if there's any life here at all.

Me: Yeah I don't think this planet is even inhabited.

We went to the sample room.

Johns: True but there is life here as we saw on the attack on the little one.

Imam: We have to be ready for them.

Me: And we will.

Carolyn Fry: 22 years ago. These coring samples are dated. Last one is 22 years ago this month.

Me: 2478.

Nico: Weird.

Johns: Is there something special about that guys?

Me: Hmm.

I went over to a model of the system and spun a wheel and it showed a timeline of the orbital periods of the planets and then it came to 22 years and showed a perfect alignment of planets and the planet M6-117 right in the middle in between 2 big planets. One planet was blocking out the blue sun and a Saturn-Like planet was blocking out the red and yellow sun and the planet M6-117 was entombed in a shroud of darkness.

Carolyn Fry: An eclipse.

Nico: Oh no.

Riddick: You're not afraid of the dark are you?

Me: It's an eclipse that happens once every 22 years.

Mumbo: J.D.'s mostly not afraid of anything. But it might be hard for us to fight in the dark.

Me: Then we got to be ready for this. Fry we're gonna have to get some of your things from the ship that crashed and then we can use our ship to get you guys out of here and back to Earth.

Nico: How much time do you think we have before the Eclipse starts?

Me: I don't know. Couple of hours maybe. The model says this eclipse lasts about a month.

Eli: Whoa.

Carolyn Fry: You guys came all the way here from Earth?

Me: I know. Really far from here.

Spring Man: Alright. Let's get to work!

Lola: Uh guys! We better get to work fast!

We came out and we saw that the planets are aligning right now!

We saw a huge Saturn-Like planet with 2 sets of rings rising over the horizon!

Shazza: (Australian Accent) If we need anything from the crash ship I suggest we kick on. That sand cat's solar!

Me: Lets get to work now! Lets go!

We went back to the crash ship and got some stuff out of it. Then the suns were being obscured by the rings of the giant Saturn-like planet. It was an amazing sight to see.

We then heard screeching.

DC Enchantress: Is it still possible to fight those creatures?!

Me: Yep it sure is and I now know why they weren't seen. The creatures only come out at night.

We looked at some mounds over in the distance and we saw a massive swarm of the creatures coming!

Me: Oh man! COME ON GUYS!

Everyone went inside the ship and then I teleported everyone into the ship.

Then we heard strange whooping sounds and then I activated my infrared vision and Riddick had his eyes looking at the mounds. His eyes saw everything in a deep purple glow and I saw creatures flying.

Carolyn Fry: What is it Riddick. What is it now?

Riddick: Like I said. It ain't me you got to worry about.

Me: Get inside fast!

The suns were totally blocked out by the planets and it was now TOTAL DARKNESS!

The creatures were all over the place.

Me: It's really creepy being in this kind of darkness.

Metal Man: Shanan, do you know what those are?!

Shanan: As a matter of fact I do. They are called Bioraptors. They are nocturnal and they hunt by sonar. Like the cave creatures we met in Romania.

Nico: Whoa.

Shanan: They have a huge weakness we can use against them. They are VERY PHOBIC of light. Light burns them like sunlight does to vampires.

Eli: That's interesting.

Nico: I can form a ball of artificial moonlight and we can blow them apart as we make our way to our ship.

Carolyn Fry: That's a good idea.

Paris: That's an interesting idea.

Imam: It just might work.

Me: If we can gather as many Bioraptors as we can in one spot, we can blow them apart in the very thing they are afraid of and hit them hard.

Ali: (Speaking Arabic) إنها لقطة طويلة ولكنها قد تؤدي الغرض. (It's a longshot but it just might do the trick.)

Suleiman: (Speaking Arabic) أنا أتفق معك. (I agree with you.)

Me: All right lets do it. Luan we're gonna need you and Eddy most of all. Princess Celestia, Light Skylanders, Light Lily, we'll need you all too.

Princess Celestia: Okay.

Grundy: GRUNDY SMASH MONSTERS!

Me: Lets do it.

We went outside and it was COMPLETELY PITCH BLACK DARKNESS! We couldn't see ANYTHING even in front of our noses.

Eli: Man it sure is dark.

Me: Lets get ready.

We went to the sandcat.

Me: The sandcat may be solar but Nico's artificial moonlight is as bright as the sun so it will be handy for it.

Carolyn Fry and the crash ship survivors got on board the sandcat.

Me: Riddick when I yell now put your goggles on. This is gonna be very bright.

Riddick: Understood.

Nico: Here we go.

Nico formed a ball of energy and then he threw it into the sky.

Me: Now!

Nico clenched his hand and Riddick put on his goggles and then a massive flash of light exploded out from high in the sky and it was as bright as 1,000 suns and it illuminated a massive area of land on the planet and turned night into day. An artificial moon was formed and it was as bright as the sun! We saw a massive number of Bioraptors around us and they screeched in pain as they bursted into flames from the intense light!

Orion: Let's give Grundy a hand, guys!

Megaforce Rangers: LEGENDARY RANGER MODE! SUN FLARE

SQUAD!

The Megaforce Rangers turned into the Sun Vulcan Rangers!

Me: Lets go!

Shazza drove the Sandcat as it was working again and Grundy punched many Bioraptors all over the place and Luan blasted them with light beams and blew them apart.

Puppetmon: (Echoing) Puppet Pummel!

He fired a massive barrage of energy blasts from his hammer!

Varie Knudson: Take this one! (ECHOING) SOLAR HELIX!

Varie formed 4 balls of light in her wings and fired a massive helix chain of rainbow light and it hit and obliterated many Bioraptors all over.

Shazza: Amazing! You guys are powerful!

Shred Naught: Have some of this!

Shred Naught spun his huge chainsaw around and slashed numerous Bioraptors to pieces.

Me: Just beyond that canyon is our ship!

Nico: We're almost there!

Machinedramon: (Echoing) Giga Cannon!

Machinedramon fired a massive volley of energy blasts from his cannons and they hit numerous Bioraptors and blew them apart.

Nico: ALL RIGHT!

We were blasting numerous Bioraptors all over the place left and right.

Fortress Maximus, Larry the Lobster, Energon Scorponok and Solar Man used the Earth and Autobot Cyber Planet Keys and they enhanced Fortress Maximus's Photon Rifle, Larry's strength, Scorponok's Stinger and Solar Man's Solar Blaze 100-fold.

Fortress Maximus and Larry the Lobster: PHOTON LOBSTER BLAST!

Energon Scorponok and Solar Man: SCORPION BLAZE STORM!

Princess Celestia, Light Skylanders and Light Lily: LIGHT MEGA BLAST!

They fired waves of energy, light and fire.

Selene, Riddick, Luan, Eddy, Princess Celestia and me: STARLIGHT SUPER BLAST!

We fired waves of stars and energy.

They fired a Kamehameha Blast powered by the planets of the Riddick Universe and they blew apart many Bioraptors all over the place.

We got to the ship.

Sour Sweet: We're home free!

We got onto our ship and we got it ready for takeoff.

Nico: PUNCH IT!

Me: LIFTOFF!

We got the ship in the air and we zoomed out of there!

Me: That was a close one.

We went back to Earth.

Carolyn Fry: Thank you guys so much for saving us.

Me: Anytime Carolyn. This was an awesome adventure.

We saw Nico's ball of artificial moonlight vanish just as we cleared the planet.

Me: Just in time too.

Nico: Yeah that was a close one.

We went back home to earth and got ready for the usual battles. We got food from Lynn's Table to go and we were getting having our lunch in the gym and then Steam Smythe, Madame Masque, Red Ghost, Titania, Brass Knuckles, Shiva, Fixer, See-More, Absorbing Man and Speed Demon then appeared.

Me: Steam Smythe, Madame Masque, Red Ghost, Titania, Brass Knuckles, Shiva, Fixer, See-More, Absorbing Man and Speed Demon

See-More: Glad you guys made it back safely.

Steam Smythe: It really is an honor having you here, Riddick.

Riddick: Honor's all mine.

Madame Masque: And don't worry. No bounty hunters are going to get you.

Red Ghost: If they try anything, Miklho will take care of them.

Me: We won't let that happen anytime soon.

Titania: (to me) Heard you went to the world of Gormiti.

Me: We sure did.

Brass Knuckles: Who did you kill there?

Me: His name was Magor and he was the creator of the Volcano and Darkness tribes.

Jessica Herleins: That's right and it was good that he is destroyed.

Toby Tripp: Thank goodness for that.

Frankenstein then appeared and he was back for round 2.

Me: Frankenstein. Back for round 2.

Frankenstein Monster: I sure am.

Me: Nice.

Frankenstein Monster: Well, it's a good thing I'm in a battle on the month of Halloween.

Nico: That is a good thing.

Laney: It sure is.

Me: This is gonna be awesome.

We got the battles underway.

---

Battle 1: Sakura Haruno, Fluttershy, Tree Hugger, Tornado Bolt, Mage Meadowbrook, Life Skylanders, Plant Lola, Ronin Warriors, Scavenger and Bonecrusher VS Steam Smythe

---

Steam Smythe was first.

Steam Smythe: (to Sakura) Who did J.D. rescue this time?

Sakura Haruno: Her name is Noriko and she is an Owl Mage.

Fluttershy: She is a really amazing creature and an amazing girl.

Tree Hugger: Far out flyer.

Tornado Bolt: She sure is. I think she is amazing.

Mage Meadowbrook: You got that right.

Stealth Elf: Noriko is an amazing flyer too.

Plant Lola: She sure is.

Ryo: Boy she sure is.

Cye: I think so too.

Steam Smythe: Indeed. Lets do it!

They fired waves of earth, leaves, grass, flowers, elements and energy and smashed him down.

Sakura Haruno: OH YEAH!

Fluttershy: That was fun.

## Battle 2: Timmy Turner, Twilight Sparkle, Luster Dawn, Princess Cadance, Flurry Heart, Star Swirl the Bearded, Magic Skylanders, Crystal Laney, Sean, Trevor, Hanna, Sabrina (Pokemon) and Molly Hale VS Giulietta Nefaria A.K.A. Madame Masque

Madame Masque was next.

Madame Masque: (to Timmy) Noriko would definitely get along with Luz. After all, they're both related to Owls.

Zak: He sure does remind me of them. Ghost Rider was made by the Devil and The Punisher was made when he lost his entire family by the hands of a heartless murderer.

Applejack: Howard Saint is who he was I think.

Red Ghost: Yes that's right.

Applejack: Okay good. I wasn't sure if I had the name right.

Apple Bloom: What Howard Saint did was absolutely horrible! But his deeds are nothing compared to what the Necromongers did to Riddick's people.

Frozen Fright: Yeah no kidding. They wiped out his entire race.

Rockhoof: (Scottish Accent) Aye. It's horrible that happened to Riddick's people.

Flashwing: Yeah they did nothing to deserve all that and they were killed anyway.

Stone Luna: We got to find the Necromongers and destroy ALL of them.

Doc: Yeah what they did to many races all over the universe is absolutely despicable.

Dru: You got that right.

Red Ghost: You said it. Lets dance!

They fired waves of energy, earth and rock and smashed him down.

Zak: OH YEAH!

Applejack: YEEHAW! That was great!

Titania: (to Fabia) Think it's possible to bring back Riddick's people?

Fabia: Absolutely. They did nothing to deserve being wiped out like that.

Princess Celestia: After finding out about what happened to Riddick's people, we decided to form a program called the Anti-Necromonger Resistance. They are a group of people

from the 26th Century that rise up against the Necromongers.

Amber Morning cooed and raspberried.

Princess Celestia: They are bad people.

Minuette: After everything they did to many creatures all over the universe they deserve nothing short of the worst ever punishment we can dish out.

Twinkleshine: Yeah so many people have suffered all because of them and they need to be stopped.

Lemon Hearts: But their empire is always constantly moving from planet to planet from what we heard.

Moondancer: But if we catch them at just the right time, we can destroy them for good.

Lyra Heartstrings: That's right. They must be stopped before they wipe out all life.

Twilight Sparkle: That's right. They need to pay for their crimes.

Spotlight: Absolutely!

Light Lily nodded in agreement.

Ryu: We won't let them get away with this.

Chun-Li: Big time.

Titania: That is crazy. But it's a good idea to form a movement to destroy the Necromongers. Lets do it!

They fired blasts of light and magic and energy and smashed her down.

Fabia: OH YEAH! That was awesome!

Princess Celestia: That was amazingly fun!

Snowdrop: Nico was there before he joined the team and he killed many criminals there.

Tahu: Right you don't know about this.

Gali: All of Team Loud Phoenix Storm has a massive bounty of $725 Trecentillion. That's 725 with 903 zeroes.

We heard the huge bounty on our heads and we were absolutely floored that we have such an epic price on our heads.

Ashi: That is an inconceivable bounty!

Spoiled Rich: Unbelievable! That is more money than what anyone is worth!

Shiva: You're telling me. But because of how powerful you all are I don't think anyone will come near you all.

Kim Possible: You're not kidding there.

Maud Pie: (Monotonously) There were a lot of them.

Marble Pie: Yeah it was amazing how many of them came at us.

Featherweight: Yeah they were coming at us like mad.

Somnambula: (Egyptian Accent) No kidding. It was intense.

Absorbing Man: Boy their minds were so badly damaged by the Markers. When they found out that you destroyed the Brethren Moons and the Necromorphs and the Markers, they wanted some form of revenge. How many Unitologists were there?

Sprocket: We counted 523,352,367,958,568,475 of them.

Absorbing Man: HOLY COW! That is a massive number of them! We're gonna need tons more prisons around Saturn.

Steel Lynn: Laney said the exact same thing.

Jake: You got that right.

Rachel: Yeah no kidding.

Absorbing Man: That has to be the biggest arrest record ever for you guys.

Starlight Glimmer: Like Absorbing Man said, we are gonna need a lot more prisons around Saturn for that many people who have been mentally damaged by the Markers and all that.

Cozy Glow: I've been helping J.D. come up with a design for the prison ever since.

Cozy Glow showed a really interesting picture. It was a picture of Saturn and it had a vertical ring set and the rings were an enormous and massive jail!

Speed Demon: WOW! That is a really good idea. J.D. did you see the picture Cozy Glow made?

Me: Boy I sure did and it was a really good idea. I thought it was amazingly well thought out.

Nico: This is gonna be so fun.

Frankenstein: I have some new weapons for some of your friends.

Nico teleported and he opened the safe and in it was three weapons for Sun Shang Xiang, Xiao Qiao and Lian Shi.

For Sun Shang Xiang, it's a set of Wind and Fire Wheel called Legacy of the Sun Family, the model for these new weapons is based on her Royal Hoops weapon from Dynasty Warriors 7, but the gems on the large gold rings are red, and there are tigers etched on the six blades

For Xiao Qiao, it's a set of Double Iron Fans that called Qiao's Eternal Grace, the model for these new weapons is based on her Fatal Grace weapon from Dynasty Warriors 4: Xtreme Legends, but the fans are red with a gold tiger painted on them.

And for Lian Shi, it's a crossbow called Guardian's Crossbow, the model for this new weapon is based on her Elite Crossbow weapon from Dynasty Warriors 7, but the crossbow's bow is shaped like red angel wings with a tiger painted on them.

Once in hand, they'll get a massive power and energy increase, along with beautiful large red angel wings, and tiger earrings.

Nico: YEAH! Frankenstein you have failed this world again!

Troy Burrows: Rangers that's a Super Mega Win.

---

We cheered wildly.

?: I will make you all pay for what you did to Mack!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, and the eight large colored orbs that were orbiting around the legs of Lincoln's sisters were glowing, and that means big trouble was coming.

Nicole: Uh oh, I should've known you'd be here, Bowyer.

A figure came out from the shadows, and it was none other than the anthropomorphic bow, Bowyer, another member of the Smithy Gang.

Me: First, Mack, and now, Bowyer.

Nicole: That's right, Dad. Mack was known as the Master of Fire, but Bowyer is known as the Master of Lightning Magic, and he's also dangerous.

Shizuka Marikawa: Nicole, let me deal with that walking bow.

Nicole: Okay, Shizuka, but be careful.

Suddenly, Shizuka's eyes turned neon blue, and she was surrounded by a neon yellow energy aura with lightning and dragons flying around her, and as she approached Bowyer, she left behind neon yellow, lightning, and dragons with every step. Then, Shizuka was surrounded by a massive vortex of yellow energy with lightning crashing down, dragons flying around the vortex, and there was a neon blue phoenix inside the vortex. Then, as the vortex faded, Shizuka emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Shizuka Marikawa grew to 6'0" in height, she had the body of a goddess, she has neon blue eyes and a neon yellow energy aura with lightning and dragons surrounding her, Shizuka's bangs on her long yellow hair had neon blue lightning bolts, she had a yellow dragon with the Thunder Kanji in its claws emblazoned on her forehead, she had on dragon earrings with the Thunder Kanji in its claws and a necklace with a dragon with the Thunder Kanji in its claws, and she has large yellow angel wings on her back, and they were surging with lightning. She has a new sword in her hands called Survivor of Fujimi High School, it's a sword with the anti-zombie apocalypse symbol etched on the 6'5" massive, wide, double-edged blade, large angel wings for the crossguard, large gem for the hilt, a longer black handle, and a large sphere pommel. Shizuka Marikawa had on a sleeveless white blouse with a blue phoenix, black skirt with lightning, black leather ankle-high combat boots, and a black sleeveless trenchcoat with lightning bolts on the coattails and the anti-zombie apocalypse symbol on the back. Shizuka Marikawa had on her brand-new Bracelets of The Champions of The Universe with blue gems on her wrists, her new Belt of Elemental Bravery with large blue gem for the belt buckle on her waist, and her Eater of Sins revolver holstered on her right hip. There was a yellow kanji below the anti-zombie apocalypse symbol that said, "Shizuka Marikawa, Head Nurse of Takashi's Group, Survivor of Fujimi High School, Master of Lightning, and Loving Future Wife of Lincoln Loud."

鞠川静香、タカシグループのヘッドナース、藤見高校の生存者、稲妻の達人、そしてリンカーンラウドの愛する未来の妻

Shizuka Marikawa has transformed into SUPER ANGEL 750,000,000,000 SUPERCELL LIGHTNING STORM DRAGON ANGEL OF HOPE!

We were amazed by Shizuka Marikawa's transformation, including Takashi and his friends, and when Lincoln saw what happened to Shizuka, he had a firetruck red blush on his face. Plus, we also saw that Takashi and his friends now have the same sword as Shizuka holstered on their backs now.

Me: Whoa, Shizuka's transformed.

Nico: You said it, J.D., and she's going to torch that walking archery bow to ashes.

Lincoln: Wow, Shizuka, you look beautiful. How do you feel?

Shizuka Marikawa: (Divine Echoing Electrical Voice of Hope) **I feel incredible, Linky, and now, I'm going to torch that walking archery bow. Would you like to join in?**

Lincoln: Of course, Shizuka.

Lincoln transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and unholstered his massive Sword of Taranis from his wider muscular back, and he'd joined Shizuka Marikawa.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Let's get that walking bow.**

Shizuka Marikawa and Lincoln went after Bowyer, who fired lightning at them, but they absorbed the blasts, and Shizuka Marikawa fired powerful blasts of neon yellow energy, lightning, and dragons at Bowyer, and Lincoln fired powerful neon blue energy blasts with elemental forces orbiting around the blue cores, elemental forces, super lightning, and massive blasts of ice at Bowyer, and they exploded with incredible power.

Then, Lincoln grabbed Bowyer, and he sucked out all of Bowyer's lightning powers and magic, and he, along with the rest of us, made them our own.

Shizuka Marikawa: **Shall we end Bowyer once and for all, Lincoln?**

Lincoln: **You got it, Shizuka.**

Shizuka Marikawa and Lincoln: **DRAGON ELECTROSTORM KAMEHAMEHA!**

Shizuka Marikawa and Lincoln fired two massive neon yellow and neon blue energy blasts surrounded by lightning and dragons flying around the energy waves, and as they hit Bowyer, they exploded with incredible power, killing Bowyer and Super Hakaing his spirit for good. We cheered for what Shizuka Marikawa and Lincoln did, as they holstered their weapons, and they powered down. But, Shizuka Marikawa's new body, clothes, and weapons were permanent. Then, Lincoln picked Shizuka Marikawa up in his abnormally large and powerful muscular arms, and he hugged her, and as they locked eyes, the two of them kissed passionately, as we cheered for them.

Shiva: How did you like seeing the usual battles, Riddick?

Riddick: They were actually enjoyable to watch

See More: Good to know.

Fixer: Now, here's where you make the big decision.

Absorbing Man: Join us or keeping working alone.

Speed Demon: Like J.D. said, we won't force you to join.

Riddick: Well you guys are amazing at what you do and I feel safe with you all from the bounty hunters that are always after me.

There was a pause.

Riddick: All right I will join you guys.

Me: Awesome! You will feel really safe with us.

Riddick: I'm glad I will.

Selene: (To the viewers) This was one awesome adventure in the dark and the light. I hope you all like it and also Riddick is going to be safe with everyone.

Me: Yep he sure will.

Riddick: (To the viewers) You're not afraid of the dark are you? Because Evil better beware… (Shows eyes) There's a new boogeyman in town and he is me.

We had a good rest of the day and then we had dinner and went to sleep.

TO BE CONTINUED…

Part 2 done.

The Chronicles of Riddick is one of my favorite movie series. Vin Diesel did an amazing and incredible job in all those movies. Pitch Black from the year 2000 was awesome. I even played the game The Chronicles of Riddick: Escape from Butcher Bay and that was awesome and amazing! And really Challenging. I watched all the Riddick Movies and they were awesome. The only game I hadn't played yet for it was Assault on Dark Athena. But it was really cool how Riddick can literally see in the dark with those eyes of his. Everything to him was glowing purple. Like a true night vision camera. The first part for the chapter was for the awesome figure series and cartoon show Gormiti. I don't know if any of you are familiar with that one but it was awesome. The second part was for the 1999 movie Zenon: Girl of The 21st Century. That was one of my favorite Disney Movies from my childhood. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next rescue is gonna be Yomi the Lich and she is gonna be in the world of Apollo 18 and we're going to destroy those incidious rock monsters on the moon. Me, Eli, Allie, Missy and the Rayquaza Gene-Slammer will go to meet them and destroy those rock monsters. She will also have a Solrock and Lunatone Gene-Slammer with her named Kara and Kora Kahananui from Hawaii. Lincoln's rescue is gonna be in the world of the series HELLSING and we're going to kill The Major and rescue girls there. Get ready for an awesome and explosive battle as we face Burning Godzilla and stop him from exploding and melting down and taking the entire planet with him. We're also going to learn a terrible secret from Eli about his parents and how he was taken in by me.

See you all tomorrow for part 3.

# A NUCLEAR KAIJU MELTDOWN

On the moon, me, Allie, Eli, Missy and Mina Necturne the Rayquaza Gene-Slammer were there to meet another girl and gene-slammer. But this rescue was gonna be really strange.

Me: So the next rescue is on the moon.

It was a really amazing sight to be on the moon.

Mina Necturn: Are we really on the moon?!

Mina concentrated and groaned as her legs fused together.

Me: We sure are and the moon is amazing from up here.

She turned into Rayquaza!

Me: YEAH!

Missy: I've always wanted to see what it's like on the moon. My dream before I wanted to become a scientist was to be an astronaut.

Eli: That's all right Missy. But at least you're getting to see what it was like now.

Missy: That's true and I had no idea we can breathe in space like this.

Me: We have amazing powers that enable us to do anything.

Allie Wilde: We sure do. (Sees something) Wait what's that?

We saw what looked like pieces of an Apollo Moon Lander but it wasn't that of Apollo XI. It was something else.

We went up to it and we saw a name on it. It was Apollo XVIII!

Me: Apollo XVIII. (Gasp) This is the lander from the movie Apollo XVIII!

Missy: That horrifying movie about that cancelled mission from the 70's and had those horrifying rock spiders in it!? WHOA!

Me: Yeah. After seeing that me and Nicole are never gonna look at rocks the same way again.

---

In December 1974, the crew of the cancelled Apollo 18 mission is informed that it will now proceed as a top secret Department of Defense (DoD) mission, disguised as a satellite launch. Commander Nathan Walker, Lieutenant Colonel John Grey, and Captain Ben Anderson are launched toward the Moon to place detectors to alert the United States of any impending ICBM attacks from the USSR.

Grey remains in orbit aboard the Apollo command module Freedom while Walker and Anderson land on the South Pole of the Moon in the Apollo Lunar Module Liberty, on December 25. While planting one of the detectors, the pair take rock samples which Anderson describes as feeling "strange". In the background, the camera captures a rock moving into a nearby crater. After returning to Liberty, the pair hear noises outside and the motion sensor camera captures a small rock moving nearby. Houston claims the noises are interference from the ICBM detectors. The next day, Anderson finds a rock sample on the floor of Liberty despite having secured the samples. During their ICBM set-up, Anderson discovers footprints that lead them to a bloodstained and abandoned (but still functional) Soviet LK lander. Anderson explores a nearby crater, which he describes the ground as "feels softer". Inside the crater, he finds a dead cosmonaut as well as a broken helmet. Walker queries Houston about the Soviet presence, but he is told only to continue with the mission. While they are sleeping, Walker is woken by strange noises and something bumping into the lander.

The following day, the pair find that the flag they had planted is missing. Having completed their mission, the crew prepares to leave, but the launch is aborted when Liberty suffers violent shaking. An inspection reveals extensive damage to Liberty. Walker finds their shredded flag nearby; the motion sensor camera is also missing, and the rover tipped on its side. He then finds non-human tracks outside Liberty, and cites them as evidence of extraterrestrial life. Walker feels something moving inside his spacesuit and is horrified as a spider-like creature crawls across the inside of his helmet; he disappears from view and Anderson finds him unconscious outside of Liberty. Walker later denies the events. A wound is discovered on Walker's chest, and Anderson removes a Moon rock embedded within him. After having removed the rock, Walker smashes it with a hammer. The pair find themselves unable to contact Houston or Grey due to increased levels of interference from an unknown source.

Anderson speculates that the true purpose of the "ICBM warning devices" is to monitor the aliens, and that they are the source of the interference. Anderson and Walker attempt to switch the devices off, only to discover they have been destroyed, with the same non-human tracks surrounding them. Walker shows signs of a developing infection, such as vein discoloration (possibly caused by necrosis) and blood-shot eyes, and he becomes contentious and paranoid. The mission cameras capture the rock samples moving around in the interior of Liberty, revealing that the aliens are camouflaged as Moon rocks. Increasingly delusional, Walker attempts to destroy the cameras within Liberty with a hammer, but he accidentally damages other controls, causing Liberty to depressurize. Realizing the Soviet LK lander is their only source of oxygen, the pair travel to the LK lander in their Lunar rover. Walker becomes agitated, believing he should not leave the Moon because of the risk of spreading the infection to Earth, and causes the rover to crash. As the rover crashes, the camera catches glimpses of the large space rocks, which begin to grow legs similar to that of spiders.

Anderson awakens and tracks Walker to the crater where they found the cosmonaut. Walker is pulled into the crater by the creatures. Anderson gives chase, but he is confronted by the aliens, and flees to the Soviet LK. Anderson uses its radio to contact USSR Mission Control, who connect him to the Department of Defense. The deputy secretary informs Anderson that they cannot allow him to return to Earth, admitting they are aware of the situation and believe he is also infected. Anderson manages to contact Grey and they make arrangements for Anderson to return to Freedom. Anderson prepares the lander for launch, but Walker arrives, revealing he survived the alien encounter and demanding to be let in. However, he is now completely psychotic and when Anderson refuses to let him in, he tries to break the lander's window with a hammer. Before Walker can enter the vehicle, he is swarmed with rock aliens which break his helmet open and kill him; his body is dragged away by a much larger alien rock.

Anderson launches, but the DoD tells Grey that Anderson is infected, and orders him to abort the rescue or ground communication (without which the CSM will be unable to return to Earth) will be cut off. The lander's engines shut off as it enters orbit; while it is in free fall, small rocks within the craft float in the air, some of which reveal themselves to be rock aliens. Anderson is attacked and infected by the rock aliens, preventing him from controlling the vehicle. Grey warns Anderson that he is approaching too fast, and the footage ends abruptly, implying that the LK and Freedom collided.

The film concludes with a statement giving the "official" fate of the astronauts, describing them as having been killed in various accidents that left their bodies unrecoverable. An epilogue notes that many of the rock samples returned from the previous Apollo missions are now missing.

---

Allie Wilde: We have to watch out for the Rock Spiders.

Missy: They could look like any size rock here.

Me: Look sharp everyone.

We had our senses ready.

We looked around and then we saw a rock move and sprout legs and it was a ROCK SPIDER! We blasted it and then a Lich named Yomi appeared and with her was a Solrock & Lunatone Gene-Slammer. They were Kara and Kora Kahanahui and they were from Hawaii. We caught one of the Rock Spiders and I put it in a cage and then I had Eli cover his eyes and I put on my blind man glasses and I snapped my fingers and then Kara and Kora reverted back and they were naked and I put space helmets on them and then Mina reverted back too.

Mina was human again. But naked.

Mina: (covers herself) Lucky we meet two Gene Slammers today!

Kara Kahanahui: (Covers herself) Yeah no kidding.

Yomi: But those rock aliens were ugly.

Me: Yeah no kidding. But I did manage to capture one.

I had one in an indestructible glass box that was unbreakable.

Kira Kahanahui: (Covers herself) Very clever

I gave Mina and the twins clothes and they put them on.

Yomi: Are you going to reveal to the world what went down here on the moon with Apollo 18?

Me: I sure am. Everyone has a right to know what happened.

Missy: It's not going to be pretty.

I took a piece of the Apollo 18 lander and we went back to Earth and I called a press conference in Washington D.C. and told everyone all over America about what happened and the entire country was shocked and more.

* * *

After destroying all the insidious rock monsters from Apollo 18, Lincoln, me, Nico, Eli, Nicole, Alucard (HELLSING), Seras Victoria, Buffy Summers, Robin, and The Goths of Darkness were heading to the world of the series, HELLSING, by using The Simulator, and not only is Lincoln going to rescue the ten girls there, but we're going to also kill The Major.

* * *

**The Major**, also referred to as " **Montana Max** ", is the main antagonist of the manga series *Hellsing* and its OVA adaption *Hellsing Ultimate* . He is the supreme commander of the Millennium Organization who seeks to plunge the world into an endless state of war.

He is voiced by Nobuo Tobita in the Japanese version of the OVA (who also played Brajira of the Messiah in *Goseiger* and Zetsu in *Naruto* ), while Gildart Jackson plays him in the English dubbed version.

A former first lieutenant of the SS, Adolf Hitler issued a special order (#666) placing him in charge of a top-secret project, the main focus of which was the perfection of an artificial vampirization process. The success of this project would allow the Nazis to utilize vampires in battle and turn the tide of the war in their favor. The operation was attacked and shut down by a young Walter Dornez and Alucard in Warsaw, Poland, in 1944. However, the defeat proved to be only a minor setback, as the Major and his subordinates managed to escape to South America unharmed. There they resumed their research.

Although other Nazi officers with higher ranks accompanied Millennium to their South American hideout and attempted to exert their authority, the vampire officers loyal to the Major quickly executed them. Depending on the translation used, the Major is either the sub-commander or the founder of Millennium, as well as the leader of a Werewolf special force.

The original purpose of the Nazi vampire research was to ensure Germany's victory in World War II and to create a Reich that would last for a thousand years (hence the name "Millennium"), but the Major claims that he has "no purpose". He states that he simply wishes to start an endless war. In his famous "I Love War" speech, he elaborates on his love for all facets of war, regardless of which side is winning. While addressing Integra Hellsing's question as to his specific goal, he says that he has no goal. He explains that while others settle on no means in obtaining their goals, he will settle on no goals in obtaining his means.

In the final chapters, the Major and Integra Hellsing duel to the death. As the final battle starts, the Major's left side is blown off by

Seras' attack, revealing himself to be a cyborg. After this discovery, Integra debates whether he was a monster or not, since he wasn't literally human. The Major responds by saying that he was human for as long as his will existed, regardless of his body. His reason for despising Alucard is that, though the Major is a human who looks like a monster, the vampire is a monster who looks like a human, and that was something that he can never forgive. Shortly afterwards, Integra ends the Major's cruel life once and for all with a single bullet to his head.

---

Lincoln: Wow, we're here in the world that Alucard and Seras Victoria came from, and I think I know what we're going to do here, not only am I going to rescue the ten girls there, but we're going to also kill The Major.

Me: That's right, big guy. I remembered that you and Seras told us about The Major, Alucard.

Alucard (HELLSING): That's right, J.D., and knowing your family's history with Nazis, you definitely didn't like him from the second I told you about him.

Me: No I didn't.

Robin: That's true, since J.D.'s grandfather was a WWII veteran, and he'd fought against The Nazis in World War II.

Nico: But, we're going to get the chance to kill him and his freakshow menagerie of Artificial Vampires for good.

Lucy Loud: These Artificial Vampires are a disgrace to True Vampires, I'll enjoy getting rid of all of them.

Buffy Summers: Same here, Lucy.

Me: You got that right.

?: HELP!

Suddenly, Lincoln heard the sound of ten girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the ten girls, but they were cornered by The Major, and he was going to kill them.

Lincoln: Guys, I found the girls, but that insane little Major has cornered them, and he's going to kill them. Come on, let's go.

The Major was laughing malevolently as he was about to kill them. When suddenly…

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and then a phoenix cry was heard as gears and fists swirled around the explosion and then they converged and we came out and we rushed on over, and as Lincoln unholstered his massive Sword of Taranis from his wider muscular back, he cuts down The Major with incredible strength, and The Major exploded, killing him, and he was Super Hakaied forever. Then, Alucard (HELLSING) sensed that the Artificial Vampires created by The Major were also destroyed when Lincoln killed The Major, and they were also Super Hakaied.

Lucy Loud: Gasp, the Artificial Vampires created by The Major have been destroyed when Lincoln cut down The Major, incredible.

Seras Victoria: (British Accent) That's impressive.

Me: They were all symbiotically linked to him somehow. I guess their life force was linked up to him.

Then, Lincoln and Nicole went up to the ten girls who were located here, and when Lincoln saw them, he immediately recognized them. The ten girls were Haruka Ozora, Kanata Higa, Claire and Emily Thomas, Ayasa Tachibana, Narumi Toi, Akari Oshiro, Kanna Aragaki, and Mai Sunagawa from Harukana Receive, and Miyuki Aiba from Tekkaman.

Lincoln: Oh wow, it's Haruka Ozora, Kanata Higa, Claire and Emily Thomas, Ayasa Tachibana, Narumi Toi, Akari Oshiro, Kanna Aragaki, Mai Sunagawa, and Miyuki Aiba.

Nicole: From Harukana Receive and Tekkaman, awesome.

Lincoln: Are you girls okay?

Haruka Ozora: Yeah, we're okay, thanks to you.

Then, when Haruka Ozora and the other nine girls saw who it was that saved them from The Major, their faces all lit up like red Christmas lights upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, deep sapphire blue thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Haruka Ozora: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made nine clones of himself, and he and the nine clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Haruka Ozora: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

We returned home to The Estate, and we got rid of an evil organization of Artificial Vampires and monsters created by the Nazis that Alucard and Seras Victoria knew about long ago, and they will never return to plague the world ever again with the threat of global war.

* * *

After putting down The Major and his freakshow menagerie of Artificial Vampires, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and we got a shower after that.

Then, we were heading down to the beach for some fun and a volleyball game, and we soon found out when Lincoln rescued

Haruka Ozora, Kanata Higa, Claire and Emily Thomas, Ayasa Tachibana, Narumi Toi, Akari Oshiro, Kanna Aragaki, and Mai Sunagawa from The Major, their world has already merged with ours. Plus, we were in our beach clothes for our trip to the beach, and with us were two of Sonic's friends from Mobius, Antoine D'Coolette and his wife, Bunnie D'Coolette.

Lincoln: This is going to be fun, a trip to the beach for an awesome volleyball game.

Haruka Ozora: You said it, Lincoln, and you're going to be on our team.

Nico: Whoa, that was quick.

Me: Well, he did rescue them from that insane Major, who was going to kill them. But, Lincoln cut him down, and sent him and his freakshow menagerie of Artificial Vampires to Oblivion for good.

Sonic: Plus, it's good to see you and Bunnie again, Antoine. Sorry we haven't kept in touch for a while.

Antoine D'Coolette: (French Accent) That's okay, Sonic. Plus, we'd heard about everything that all of you have done with Team Loud Phoenix Storm, so we decided to join you.

Lincoln: And it's a pleasure to meet you and Bunnie, Antoine.

Antoine D'Coolette: (French Accent) You too, Lincoln.

Lynn: Wonder who's going to play against Linc, Haruka Ozora, Kanata Higa, Claire and Emily Thomas, Ayasa Tachibana, Narumi Toi, Akari Oshiro, Kanna Aragaki, and Mai Sunagawa?

Me: That'll be me, Varie, Misty Tredwell, Palutena, Leina Vance, Zarya Moonwolf, Zoey Hanson, Corina Bucksworth, Bridget Verdant, and Kikki Benjamin.

Lori: Ooh, ten against ten, this is going to be good.

Jirachi: We're also going to keep an eye out, in case those Team Skull numbskulls come after us again. They just don't know when to quit.

Ninetails: Ugh, you said it.

Lori: We originally thought they were going to crash our pool party to celebrate the downfall of Team Dark Phoenix Storm and Morag, but, the one who tried to crash it was none other than Evil Lynn.

Lynn: Yeah, the only time we catch those Team Skull numbskulls is at the beach. But, we'll make our move on them soon.

Garrett: We've heard about the many Pokemon Teams that you've taken down in the past, that's awesome.

Nico: Yeah, but Jessie, James, and Meowth were canned from Team Rocket, and they joined us before we took down Giovanni and Team Rocket for good.

We got our volleyball game underway, it was Lincoln, Haruka Ozora, Kanata Higa, Claire and Emily Thomas, Ayasa Tachibana, Narumi Toi, Akari Oshiro, Kanna Aragaki, and Mai Sunagawa against me, Varie, Misty Tredwell, Palutena, Leina Vance, Zarya Moonwolf, Zoey Hanson, Corina Bucksworth, Bridget Verdant, and Kikki Benjamin.

Lincoln made the first serve, and I returned it. We also saw how skilled Haruka and her friends are in volleyball, as they returned our spikes and serves, and Lincoln also helped out with a few spikes of his own.

Lynn: Dang, Lincoln's really good at volleyball.

Lola: You said it, he's keeping up with J.D., and Haruka and her friends are definitely no pushovers in volleyball.

Electro: They sure aren't, and I read the Harukana Receive manga long ago, and there's something you guys should know: Haruka and her friends are members of The Umuru High Beach Volleyball Club.

Nico: That's right, and they're really good athletes.

Lynn: Awesome.

Our volleyball game ended with Lincoln, Haruka Ozora, Kanata Higa, Claire and Emily Thomas, Ayasa Tachibana, Narumi Toi, Akari Oshiro, Kanna Aragaki, and Mai Sunagawa winning the game.

Me: Wow, that was a good game, Linc.

Lincoln: Thanks, J.D. That was a really good game.

We continued on with our fun at the beach, and Lincoln and Antoine were surfing on the waves, and we were playing in the sand or in the water. But, our fun was interrupted when the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large colored orbs that were orbiting around the legs of Lincoln's sisters, and the eight large purple orbs orbiting around Menat's legs were glowing, and that means big trouble was coming.

Poromon: Guys, Team Skull boneheads coming in hot.

Antoine D'Coolette: (French Accent) Let me send them running for their lives like the cowards they are.

Antoine D'Coolette unholstered his sword, and as he curled up into a ball with his sword still out, he went after them, and he shredded their clothes, exposing their boxers, and as they screamed like girls, they ran for their lives.

Antoine D'Coolette: (French Accent) And don't let me catch you pansies anywhere near here again!

Antoine D'Coolette holstered his sword, and he'd returned to us, plus, he'd also took a photo of them screaming like girls, and we laughed hysterically at the photo. We continued our fun, and then, we'd returned home to the Estate, and we were going to like having Antoine D'Coolette and Bunnie with us in the team.

---

Later we were all flying to Missy's house to meet her parents. Nico was nervous as all get out and he was shaking like a leaf.

Lynn: C'mon, Nico! You've got nothing to worry about!

Nico: Well, it's just that Missy's parents will probably be mad and think that I had something to do with her… disappearence.

Aligned Megatron: I'm sure they won't think that, Nico.

Eddy: (gives Nico a gun) But here's a gun to defend yourself just in case.

Nico: Oh thanks Eddy. (Takes it) But I will use it only when needed.

Me: Besides Nico we helped you out when you met May's mom and dad. So we can do the same when you see Missy's mom and dad again.

Nico: Thanks guys. You are true friends.

We landed.

Missy: Here we are guys.

We looked at Missy's house and we saw that IT WAS A MASSIVE MANSION! It was amazing!

Me: WHOA! Missy I didn't know your family was filthy rich!

Missy: My dad is a very well known Anesthesiologist and he makes a lot of money every year.

Maria: Wow! Missy your dad and my mom are very similar. She too is an anesthesiologist and she is also a judge for the Federal Court System.

Qin: It's true.

We walked up to the door and Missy knocked on it and answering it was the butler.

Butler: Yes?

Missy: Hello Albert. Its been a while.

Albert: Why Ms. Melissa its been a while. Your mother and father have been most worried.

Missy: I have had some strange occurences happen to me and also I'm now a member of the world famous Team Loud Phoenix Storm.

Me: Hello sir.

Missy: We would like to speak with my mom and dad. Nico is going to want to talk to my family about what went down.

Albert: Of course. Right this way.

We went in and we were absolutely in awe at Missy's amazing house.

Me: Wow Missy your house is amazing.

Missy: It sure is.

In the living room, Dr. Rodgers and Molly Rodgers were watching TV and Albert came in.

Albert: Madam and sir you have a bunch of special guests.

Missy came in.

Missy: Hey mom, hey dad.

Dr. Rodgers: Missy! You're okay!

Molly and Dr. Rodgers went over and hugged her for the first time in a while.

Molly Rodgers: We missed you honeybunch.

Missy: I missed you too. I have some awesome friends for you all to meet.

We came in.

Celestia: Hello, Mr. and Mrs. Rodgers!

Nico: (nervously) If you need me, I'll be outside.

Lori: (stops Nico) Oh no! You stay right here and literally talk to Missy's parents, mister!

Nico: (to Lori) Did I mention the two of them called you ugly before we got here?

Lori: That's not gonna work buddy.

Shaggy: Like yeah! Being cowards is what WE do.

Scooby Doo: Reah!

Dr. Rodgers: Why Nicolas Chan it sure has been a while.

Nico stopped and looked.

Nico: It sure has been a while.

Molly Rodgers: Come on in. And it's an honor to meet the world famous Team Loud Phoenix Storm.

Missy: We have so much to tell you.

Me: But it's awesome to meet you.

We told them everything.

Maria: Missy was a really big help in the recent zombie adventure we were on.

Trypticon: Despite the fact that a thug nearly rape her in a gas station.

Dr. Rodgers: SAY WHAT?!

Nico: But don't worry! I killed the thug before he could go through with it.

Jack Landors: I would've shot him in the head.

Nico: It's a weird story.

Missy: But yeah it happened. But I'm okay.

Qin: It's great to see you again Mr. and Mrs. Rodgers.

Molly Rodgers: Same here Qin and it's great to see you too. You and Nico sure have grown.

Qin: We sure have.

Molly Rodgers: (To Missy) But more importantly where have you been honey?

Missy: Well it's a really strange story.

Francesca: It's a really weird one.

Missy went over everything that happened to her. She told them that 3 years ago she was walking to her dorm in college when she was suddenly hit with a dart full of Mewtwo DNA and she was turned into the most powerful artificially made Psychic Pokemon ever: MEWTWO! And she disappeared and hasn't been seen for 3 years. Until we came and helped her regain her humanity in Nowhere, Kansas.

Molly Rodgers: Oh my goodness!

Me; I know. It's amazing. But Missy has been a really big help to the team. She has been an amazing help on some of my rescues.

Eli: Just recently we went to the moon.

We told them all about everything Missy did with us and more and they were really proud of her. Missy's little brother Caleb and her little sister Erika were amazed at how awesome their sister had become. Nico was sad for some reason.

Nico: It feels like I failed my friends.

May: That's not true, Nico! We've been over this!

Me: Yeah you are not a disappointment to your friends.

Nico: I know that! I was referring to the friends I made before I met you guys! I should've been there to prevent Qin and Missy from getting Gene Slammed.

Metroplex: Oh, that's what you meant.

Lola: You're still wrong though.

Me: Yeah Nico you are totally wrong on that!

Qin: What happened to me and Missy was totally not your fault. You had no idea that any of this would happen to us.

Eli: Besides we managed to help you reunite with them and we managed to help them out. Just ike we helped you during the 20 Days of Darkness.

Missy: That's right Nico. It was thanks to J.D. and everyone that we were reunited with you after all this time.

Qin: The Quantum Trio is back together at last.

Molly Rodgers: I haven't heard you guys call yourselves that in a long time.

Allie Wilde: I thought it was a really cool name.

Misao: I think it's a great name myself. Also Nico don't beat yourself up over what happened like this. That's what I like to do.

Me: Misao you got to learn how to let go of the past and move on. What happened to you was not your fault like we keep saying.

Eli: Yeah man.

Nico: Oh you're right. Thanks guys.

Me: You're welcome.

We had a teleporter set up for when we can go to Missy's house for the holidays or to have Missy's family come to us. We went back to the estate.

Later we were getting ready for our next mission.

Yamato Man: (to Nico) Since it was your childhood friend's parents we visited, it's your turn to lead today.

Nico: I know but it's great that Missy's parents aren't mad at me.

Me: They never were.

Nico: But thanks for sticking up for me guys. You all are true friends.

Me: We would always be there for you buddy even after everything you went through.

Misao: That's right.

Laney: And you went through so much for us too.

Missy: That's right Nico. And you have an amazing wife like May. You are a really lucky guy.

Nico: Thanks Missy. And thanks guys. Okay here's our next mission. We're gonna go into the Simulator for an epic battle. We're gonna go into battle against Godzilla as he is about to have a meltdown.

Eli gasped when Nico heard that.

Me: Uh oh. Eli what is it?

Eli then broke down crying.

Nico: Eli what's wrong?

I went over and me and Nunnally were comforting him.

Nico: Was it something I said?

J.D. 3: Oh right you guys don't know about this. But what happened when Godzilla was gonna have a meltdown was when Eli lost his parents. His adoptive parents.

We gasped in absolute shock!

Nico: Oh man!

Brass Knuckles, Steam Smythe, Madame Masque, Red Ghost, Titania, Shiva, Fixer, See-More, Absorbing Man and Speed Demon then appeared.

Brass Knuckles: Can me, Steam Smythe, Madame Masque, Red Ghost, Titania, Shiva, Fixer, See-More, Absorbing Man and Speed Demon go with you guys?

Nico: You all sure can.

Steam Smythe saw Eli crying.

Steam Smythe: Uh oh. Why is Eli crying?

Me: Oh right you guys don't know about this. But we're going into battle with Godzilla as he is about to have a meltdown and Eli lost his adoptive parents on that day.

They gasped.

Speed Demon: Oh man. Eli I'm so sorry.

Eli: (Crying) I'll be all right.

Nico: Are you sure?

Eli: Yeah. I'll make it.

Then we went to the Simulator.

* * *

In the Simulator we were getting ready and we went in and it activated and we saw that we were in Tokyo and much of the city was destroyed.

Cuckoo Clocker: It's like a warzone out here!

KRABBOOOOM! KRABBBOOOOOOMMM! KRABBBBOOOOOOMMMM! KRABBBBOOOOOOMMM! KRABBBOOOOOOMMM! KRABBBBOOOOOOOOOOOOOMMMM!

We saw Burning Godzilla emitting an incredibly hot temperature as he was covered in glowing red, orange and yellow patches on his body and his temperature was rising.

Nico: WHEW! Man his body is hot! What do you think it is?

Me: Lets see.

I looked through my infrared vision and it showed that Godzilla was at a temperature of 1,184˚Celsius or 2,163.2˚Fahrenheit and rising fast!

Me: WHOA MAN! He's at 2,163 degrees fahrenheit!

Laney: That is hot!

Lana: And look at who he is fighting!

We saw that he was fighting DESTOROYAH!

Eli: It's Destoroyah!

Nico: WHOA!

Steam Smythe: Maybe we should do our entrance on Destroyah!

Nico: We don't have time! When Godzilla hits 1,200˚Celsius or 2,192˚Fahrenheit that's when he will meltdown! We have to help Godzilla take down Destoroyah first! Then we got to freeze Godzilla with everything we got! We got to hurry!

Eli: Right! Lets get him!

Grave Clobber: Hey, big guy! Hope you don't mind the help!

Burning Godzilla nodded.

Nico: Don't get to close to him!

Grave Clobber: Okay!

Nico: FIRE!

Carol fired a massive blast of Burning Godzilla's orange spiral ray and it hit Destoroyah and exploded in a massive number of explosions!

KRABBBBBOOOOOMMMMM!
KRABBBBBBOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOMMMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOOMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOOMMMMMMMMMM!
KRABBBBBBBBBOOOOOOOOOOOOOOOOMMMMMMM!

Burning Godzilla fired a massive orange spiral ray blast and it hit Destoroyah and exploded all over him in massive fiery explosions.

KRABBBBBBOOOOOOOOOOOOMMMMMMM!
KRABBBBBBOOOOOOOOOOOOOMMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOMMMMMMMM!
KRABBBBBBBOOOOOOOOOOMMMMM! KRABBBOOOOOMMM!

Nico: WHOA!

Lola: That is unbelievable! Carol can you suck out all that radiation from Godzilla like you did to the Xenothium Monster?

Carol: I don't think I can handle that much radiation. Godzilla got this way because he absorbed so much nuclear fission from the explosion of Vaas Island.

Absorbing Man: You guys see anything I can absorb?!

Nico: Uuhhh.

Nico looked around and he saw metal beams.

Nico: Those metal beams should do it!

Absorbing Man touched them and turned into pure metal.

Swift Foot: Bring it on, Dickstroyah!

Eli: THIS IS WHAT YOU GET FOR HURTING JUNIOR!

We fired waves of energy and blasted Destoroyah all over and massive fiery explosions were blasting out of the ground and the area with incredible power!

---

The area around us was turning into a massive and unrelenting inferno of epic proportions.

Nico: When Godzilla melts down can we contain the explosion?

Me: We could but the heart of Godzilla would be as powerful and as hot as a billion suns!

Eli: He's right!

Titania: Son of a bitch! What does it take to kill this guy?!

Nico: Hmm.

Eli: I remember! It takes extreme cold to destroy a monster like Destoroyah!

Carol: Right! Absolute zero temperatures will do it!

Lana: Ice users power up!

Dana: Lets do it!

Ghuul: I brought my Liquilizer with me too!

Nico: Good. Fire!

They fired waves of ice energy and the blasts all hit Destoroyah all over and then he erupted into a massive cloud of white smoke and it showed that he was dead.

Lana: YEAH!

Nico: Not done yet! Lets get ready. Colonel what's his temperature at now?

I looked at Godzilla and it showed that he was at 1,192˚Celsius or 2,177˚Fahrenheit!

Me: 1,192˚Celsius!

Nico: Stand by!

Masker Mind: One problem down. One to go.

Nico: Yep.

Me: 1,199. 1,200!

He was at 1,200˚Celsius or 2,192˚Fahrenheit!

(SOMBER OPERA SONG PLAYS)

Nico: FIRE AT WILL!

Me: ICE USERS FREEZE!

We fired a massive barrage of ice energy blasts and Nico used Eis Shenron's ice powers. Lana, Dana, Vexen, Captain Cold, Ben as Arctiguana, Bella used Ultimate Big Chill's Endothermic Fire, Killer Frost, May, Alexis, Julie Tancheno, Gray Fullbuster, and many of us with ice powers fired massive barrages of Ice Energy blasts and they all hit Godzilla all over. G-Force had freezer guns and U.L.T. Lasers firing all at Godzilla like mad.

Speed Demon: I'll get the civilians out of here!

Nico: Hurry!

He used his speed and Flash, Rainbow Dash, Sonic, Turbo and all the Superspeed Users got them out.

Nico: It's working guys!

The radiation levels of Godzilla skyrocketed dramatically! It was like being next to a hundred billion nukes going off all at once.

We were absorbing nuclear radiation all over the place and surprisingly it was making us more powerful.

Trypticon, Aligned Megatron, Metroplex and Celestia used the Decepticon, Animatron, Gigantion and Equestria Cyber Planet Keys and they enhanced Trypticon's Particle Beam Cannon, Aligned Megatron's Fusion Cannon and Celestia's light powers 100-fold and Metroplex's crane club turned into an Axe.

Trypticon and Aligned Megatron: FUSION PARTICLE BLAST!

Metroplex and Celestia: SUNLIGHT AXE SHOT!

Rarity, Sweetie Belle, Thunder Terror, Mistmane, Sable Spirit, Water Skylanders and Liquid Leni: WATER ICE JEWEL STORM!

Titania: SMASHING ICE PUNCH!

Lincoln: ICE LIGHTNING STYLE: THUNDER ICE BEAM!

Frosta: ICE STYLE: SHINING BLIZZARD!

PErfuma: ICE NATURE STYLE: ABSOLUTE ZERO FLOWER BEAM!

Entrapta: ICE TECH STYLE: ICE CRYSTAL CANNON!

Hilda: (British Accent) ICE WIND STYLE: SUBZERO BLIZZARD!

Yuna: ICE WATER STYLE: CHILLING TIDAL WAVE!

Nanami: ICE WATER STYLE: TUNDRA WATER BALLOON BARRAGE!

Julie: ICE EARTH STYLE: CHILL QUAKE!

Toph: ICE EARTH STYLE: ICE BOULDER!

Mai: ICE FIRE STYLE: SUBZERO LAVA!

Jessica: ICE FIRE STYLE: TUNDRA FIRE CANNON!

R. Mika: ICE STRENGTH STYLE: TITANIC TUNDRA SMASH!

Menat: ICE SPIRIT STYLE: FROSTY SPIRIT BLAST!

Litchi Faye Ling: ICE FIRE STYLE: CHILLING BLAZE STAFF!

Colette: ICE LIGHT STYLE: FROZEN SHINE FEATHERS!

Ryuko: ICE DARK STYLE: CHILLING BLACK ICE BLADE!

They fired waves of ice infused elements and the blasts all hit Burning Godzilila and he was frozen all over.

Lincoln and his Harem: ICE FINAL SMASH: ABSOLUTE ZERO CANNON!

They fired a massive ice beam which instantly froze Burning Godzilla!

Slobber Trap: Is it really working?!

Nico: It sure is! We have him beat.

Lola: LOOK!

We saw Godzilla's skin burn off and he disintegrated and he let out one last roar as he died and melted into nothing. He was gone. Godzilla was dead and gone. Nothing was left of him.

Nico: Godzilla's gone.

Laney: He sure is.

Lana: Yeah.

Me: He turned Tokyo into a ghost city.

Allie Wilde: And it looks like they paid for it in the end.

Lily: Paid for what?

Missy: All of it. All that stupid use of nuclear energy.

Yuko: What happened because of it was awful.

Me: No kidding.

We then sensed the radioactivity disappearing and we saw in the smoke a figure emerge and it was GODZILLA JR.! HE WAS BACK!

Eli: This is how Jr. came back.

See-More: Eli, now that it's over, can we talk more about what happened to your adopted parents? If it's okay with you.

Eli: Yes but lets go to Lynn's Table.

Nico: Okay buddy.

We left the simulator and went to Lynn's Table to have lunch.

---

We had lunch at Lynn's table.

Burst Man: Goddammit, we could've checked if Eli's adopted parents were still alive back there!

J.D. 3: Burst Man this did not take place in this universe remember?

Burst Man: Oh right. Sorry.

Eli: It's all right.

Aerith: Besides I still am with Eli.

Red Ghost: What were your adopted parents' names?

Eli: I can't remember. It's all a blur to me.

Nico: Uh oh.

Shiva: Do you at least remember what they looked like?

Eli: No. It's all a blurr.

J.D. 3: I found him with a big bruise on his head. He had a concussion from the battle.

Shiva: Oh man.

Brawlrus: Can't you restore his memories?

Me: I don't think it works that way. I've had amnesia myself remember?

Nico: Right these things take time.

Brawlrus: Right sorry.

Madame Masque: Why don't you tell us what you CAN remember?

Eli thought hard and he couldn't remember anything about his adopted parents. He did however tell us about how he lost Aerith because of Sephiroth and that is what caused him to want revenge on him.

Pam: Well, we already know that Sephiroth killed Aerith.

Me: Yeah we sure do.

Nico: Yep.

Fixer: Look, Eli. Even if you don't remember much about your adopted parents, I'm sure they would be very proud of you.

Nico: That's right buddy.

Eli: (Smiles) Thanks guys.

Me: You're welcome.

Nico: The usual battles should be starting right about now.

Then Puff, Copperhead, Killer Shrike, The Mummy, Shendu the Demon Sorcerer of Fire, Hsi Wu the Demon Sorcerer of The Sky, Xiao Fung the Demon Sorcerer of Wind, Johnny 13, Femme Fatale, Mr. Fizz, Mysterio, King of Flan, Bluto, Torch Tiger, Ship Org and the Stitch Sisters appeared.

Nico: Puff, Copperhead, Killer Shrike, The Mummy, Shendu, Hsi Wu, Xiao Fung, Johnny 13, Femme Fatale, Mr. Fizz, Mysterio, King of Flan, Bluto, Torch Tiger, Ship Org and the Stitch Sisters.

King of Flan: (Spanish Accent) Looks like you guys have had an amazing adventure.

Puff: Glad to see you guys are in one piece.

William: Was there any doubt?

Copperhead: We're just glad Destroyah got taken out first.

Killer Shrike: Otherwise, many people would've died.

Mummy: (to me) We heard you went to the moon this morning.

Me: Yep I sure did and it was awesome.

Shendu: What did you find over there?

Me: Well we found Yomi and the Kahanahui Twins. Yomi is a Lich and the Kahanahui Twins are both a Solrock and a Lunatone Gene-Slammer. But also on the moon we found Rock Spiders. You know those ugly rocks that were ready spiders from the movie Apollo 18.

Killer Shrike: That movie was scary!

Puff: You're not kidding! How creepy!

?: You're not kidding.

A figure came out and it was PIECEMEAL from Season 3 of Mighty Morphin!

Trini: Piecemeal!

Piecemeal: Been a while rangers.

Me: I remember you! But it's absolutely a darn shame that you didn't get your own full episode around.

Nico: Yeah what a ripoff!

Piecemeal: I can't believe I didn't get my chance to have a full fight against you Rangers! (to Zak) Meanwhile, you and your family got to fight a villain with my name before joining Team Loud Phoenix Storm.

Zak: Yeah no kidding.

Nico: That was freaky and ugly. But yeah what a ripoff that you didn't get to fight the rangers.

Piecemeal: Yeah no kidding. But it look like I'm gonna get my shot.

Nico: Yep. Lets get the battles underway.

We did so.

---

Battle 1: Lynn Sr., Rainbow Dash, Scootaloo, Pickle & Barley Barrel, Magma Gloom, Flash Magnus, Air Skylanders, Air Lincoln, Megaforce Rangers, Balto, Jenna, Lily Loud, Rosey, Wind Man and Yamato Man VS Puff

---

Puff was first.

Puff: (to Lynn Sr) Eli not remembering his adopted parents is kinda similar to how Laney got amnesia before.

Lynn Sr.: Yeah I know. That was crazy. Amnesia is not a good thing.

Rainbow Dash: J.D. got it before as well and he said that it's like you're a shadow lost in a world you don't remember.

Scootaloo: That was crazy. But thank goodness that J.D. got his memory back.

Pickle Barrel: Same with Laney. But the memories will come back.

Barley Barrel: He just has to retrace his steps somehow.

Puff: That's true. But this adventure must've been a brutal one.

Magma Gloom: It sure was. You should have seen what went down.

Flash Magnus: It was epic! It started out as a battle with Destoroyah and then it escalated rapidly into a battle against Godzilla to stop him from a Meltdown.

Whirlwind: Yeah no kidding! That was so awesome!

Air Lincoln: It sure was.

Puff: How did Godzilla become like that?

Troy Burrows: He absorbed so much nuclear energy that he turned into a living time bomb and he was gonna explode and take the entire planet with him.

Gia Moran: Yeah it was crazy!

Puff: That's intense! Good thing you guys stopped him from melting down like that or who knows what would have happened.

Balto: Boy you're telling me. That was nuts.

Puff: It sure was. Whoa is that Balto?

Lily: That's him.

Puff: I didn't know you knew Balto, Lily.

Lily: Yep I helped him in the Alaskan Wilderness in the 1925 Diphtheria Epidemic.

Everyone was amazed and a bunch of people came to the ring.

Man 1: Can you tell us all about it Lily?

Lily: I sure can. It was a really harrowing and really cold adventure.

Lily went over the events of chapter 51.

---

Lily: I'm in Nome, Alaska.

Lily had a thermometer device on her arm and it said the temperature was -35 degrees.

Lily: 35 below. That's cold.

Lily walked around and saw that no one was on the streets.

She saw the local hospital and went in. Lily saw lots of children that were extremely sick and near the verge of death.

Lily: Oh man. I'm in the 1925 Diphtheria Epidemic. Good thing I've had a Diphtheria shot.

Lily went back outside and saw the famous wolf dog Balto.

Lily: Balto?

Balto: Yeah.

Lily: My name is Lily Loud and I want to do everything I can to help the children.

Balto: I had a feeling you would. Lets go.

Balto and Lily set out to find the lost sled dog team with the medicine for the children. The hospital urgently requested more Diphtheria Antitoxin from Anchorage, Alaska. They tried to send it by sea but pack ice from the Bering Sea came in and made that impossible. They tried delivering it by plane but Blizzards and Whiteout conditions made visibility zero and grounded all planes until conditions improve. The antitoxin was shipped by rail from Anchorage to Nenana, 550 miles away from Anchorage. The Sled

Dog team that was sent from Nome to Nenana had to deliver it back from Nenana, 550 miles away from Nome and 550 miles back. The Sled Dog team was 100 miles away from Nome.

They walked over lots of snow and ice. The temperature was dropping the further they went.

Balto sniffed their scent.

Balto: Come on Lily. Steele and his team passed this way.

Lily: We've got to hurry.

As Balto and Lily kept going they went through blowing snow and extreme cold.

The eventually found the lost sled dog team at the bottom of an ice hill.

Lily: There they are.

Lily and Balto slid down the hill and the dogs saw them.

Star: Balto!

Nikki: Is that?

Kaltag: Balto, how did you find us and who is she?

Balto: Is anyone hurt?

Star: We're all okay but our musher hit his head and he didn't get up.

Kaltag: And he's not moving.

Lily: Oh man. I'm Lily Loud and we came to help you.

Balto: Where's Steele?

Ronul: He abandoned us.

Nikki: Steele is a traitor!

Balto: Typical. All right lets load up. Lily you be Musher.

Lily: Okay. I'll try.

Balto, Kaltag and Star load the musher onto the sled and Balto was lead dog.

Lily checked for a pulse on the musher and he was still alive.

Lily: Balto, being part wolf may have been a weakness for some. But for you it's a great gift.

Balto: Why do you say that, Lily?

Lily: Because you have the power and the strength to help and become a great inspiration. You can do it Balto. I believe in you. All you have to do is believe in yourself.

Balto then began to realize that being part wolf is not a weakness but a powerful strength.

Lily: Ready Balto?

Balto: Ready.

Lily: What about the rest of you?

All: Ready.

Lily: All right. Mush!

---

And off they went. They were braving the treacherous conditions of the Alaskan wilderness. The temperature was -50 degrees, whiteout conditions and blizzards almost made it impossible to see ahead of them, the wind chill was -85 degrees and it was cold.

They entered a forest and saw numerous scratch marks were in the trees.

Star: There's marks all over the trees.

Lily: It must be Steele. He's trying to throw us off the trail.

Balto was sniffing the air and he found the right road and pointed with his ear to the west northwest.

Balto: This way.

Lily: Mush!

They went on and they had to cross over the Rocky Mountains.

They crossed over an ice bridge and Lily heard the bridge cracking.

Lily: Uh oh! The bridge is cracking! Mush!

They ran and got off the bridge just in time as it fell apart.

Balto: Whew! That was a close one. Good call Lily.

Lily: Thanks guys. Lets keep going.

As they kept on going Balto accidentally tickled Star's nose and Star sneezed.

Kaltag: Gesundheit.

The sneeze triggered an avalanche of snow on a nearby mountain and Lily saw it coming.

Lily: Avalanche! Mush!

They all ran and the avalanche was closing in and Balto saw a cave entrance and they went inside it.

As they went deeper and deeper into the cave they saw that it was a big ice cave.

Lily: Wow. What an ice cave.

Balto: It truely is a beautiful sight.

Nikki: Yeah.

As they walked on a drop of water landed on Balto's head and saw that the icicles on the ceiling looked like they could fall with the slightest of noise.

Balto: Shh!

Lily: (Whispering) We have to stay quiet.

They went deeper into the Ice Cave and Lily was walking beside the sled.

The sled then made a thump as it landed off a step and it made an icicle fall and it hit the arch in the sled.

The ceiling was about to fall.

Balto: Mush!

Lily grabbed hold of the sled and got on as they ran and icicles fell and Lily used her Water Powers to swat away falling icicles from the sled and medicine.

They saw the exit and a bunch of icicles broke off and they got out just in time.

* * *

Back in Nome, everyone thought that the medicine wouldn't get there and hope was lost. Until Balto started howling.

Lily and the team came over the hill and they saw Nome up ahead and someone had created an artificial Aurora Borealis to be used as a signal beacon.

Hope has Arrived.

Lily: There it is. Hang on Children! We're almost there!

Balto: Jenna.

The lantern at the telegraph station was lit and all the lights in the town came on and all the townsfolk came to the track and cheered wildly as Lily and the team came in and parked in front of the hospital.

Doctor Curtis Welch came out and saw Lily on the sled.

Dr. Welch: Thank you. Thank you so much miss?

Lily: My name is Lily Loud and you must be the doctor.

Dr. Welch: Yes I am. Lily. You, Balto and the Sled dogs have saved us all.

Lily: We did what we had to do for Nome.

20 minutes later, the Antitoxin was administered to the children and a man came out.

?: Lily, Balto?

Lily: Yes?

?: I'm Rosy's dad. She wants to see you both.

He took them both into the hospital and Rosy just woke up.

Rosy: Mommy?

Rosy's mom: Rosy darling.

Rosy: I fell asleep.

Rosy's mom explained what happened and Lily was invited over.

Rosy: Are you Lily?

Lily: Yes I am.

Lily sat on Rosy's bed and Rosy hugged her.

Balto got Rosy's musher hat and brought it over to her.

Rosy saw Balto.

Rosy: Balto. I'd be lost without both of you.

Lily: I'm so glad that you're okay Rosy. We had to do what we had to do.

Rosy was so happy.

---

At the White House, President Calvin Coolidge awarded Lily and Balto the Congressional Gold Medal for their heroic deed in saving all of Nome from total destruction. Even though Alaska wasn't made an official state until 1959, it was still part of the US Territories.

In a local newsstand in Washington D.C., Lily saw herself in the paper and purchased one.

A vortex appeared and she left and the exercise ended.

---

When she was done everyone was amazed.

Man 1: Wow! Lily you are a true hero.

Woman 2: That is amazing.

Rosey: It sure is. I would be lost without Lily.

Lily and Rosey hugged.

Puff: Yeah they sure are. I heard that there's a statue up in Nome of you Lily.

---

We cheered wildly. Then I sensed something.

?: We will destroy you all for what you did to Lord Ganondorf!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large colored orbs orbiting around the legs of Lincoln's sisters, and the eight large purple orbs orbiting around Menat's legs were glowing, and that means big trouble was coming.

Link: Oh no, I was hoping never to hear those voices ever again.

You can come out now, Twinrova.

A figure came out from the shadows, and it was none other than Twinrova, the twin Gerudo Witches and servants of Ganondorf.

Nicole: Twinrova, The Twin Sorceresses of Fire and Ice, I should've known they'd show up here.

Nico: So, the twin mothers of Ganondorf have arrived, but we'll kill the both of them once and for all.

Minerva Mink: Commander Nico, allow me to deal with those two witches.

Nico: Okay, Minerva, but be careful, they control the powers of fire and ice.

Suddenly, Minerva Mink's eyes turned neon blue and a red energy aura with fire, ocean waves, and ice and angels, as she unholstered her Sword of The Heavenly Angel from her back, and as she had approached Twinrova, she left behind flames, ocean waves, and ice crystals, angels, and red energy with every step. Then, Minerva Mink was surrounded by a massive vortex of red energy with flames and ice crystals surrounding it, and angels flying around the vortex, and there was a yellow phoenix inside the vortex. Then, as the vortex faded, Minerva Mink emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Minerva Mink grew up to 6'0" in height, she had the body of a goddess, she has neon blue eyes and a red energy aura with flames, ocean waves, and ice crystals and angels surrounding her, her long yellow hair and enormous yellow tail had red and blue highlights, she had an angel with the Fire and Ice Kanjis in its hands emblazoned on her forehead, she has on angel earrings with the Fire and Ice Kanjis in its hands and a necklace with an angel with the Fire and Ice Kanjis in its hands, her large yellow angel wings now have red tips on the yellow feathers, the massive, wide, double-edged blade of her Sword of The Heavenly Angel grew to 6'5" in length and the long black handle grew longer, her new outfit when she got her Sword of The Heavenly Phoenix remained the same, but her red blouse has flames and ice crystals on it and her heels changed to red leather ankle-high combat boots, and she now has on her new Bracelets of The Champions of The Universe with red gems on her wrists, her new Belt of Elemental Bravery with large red gem for the belt buckle, and her new Eater of Sins revolver holstered on her right hip. There was a gold kanji below the angel that said, "Minerva Mink, Beautiful Star of Animaniacs, Master of Water, Fire, and Ice, Outsmarter of Dumb Villains, and Loving Future Wife of Lincoln Loud."

ミネルバミンク、アニマニアックスの美しいスター、水、火、氷のマスター、愚かな悪役のアウトスマート、そしてリンカーンラウドの愛する未来の妻

Minerva Mink has transformed into SUPER ANGEL 750,000,000,000 TRI-ELEMENTAL MINK ANGEL OF BEAUTY AND LOVE!

We were amazed by Minerva Mink's transformation, but when Lincoln saw her, he had an atomic red blush on his face.

Me: Oh man, did Minerva just…?

Nico: Oh yeah, Colonel, Minerva Mink's transformed. Plus, Lincoln's got an atomic red blush on his face. But, what surprised me is that Yakko and Wakko haven't gone crazy, like they always do when they see Minerva Mink or Hello Nurse.

Lincoln: Wow, Minerva, you look beautiful. How do you feel?

Minerva Mink: (Divine Echoing Elemental Voice of Beauty) **I feel incredible, Linky, and now, I'm going to take those two witches down. Would you like to join in?**

Lincoln: Of course, Minerva.

Lincoln transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and unholstered his massive Sword of Taranis from his wider muscular back, and he'd joined Minerva Mink.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of

Justice) **Let's get those witches.**

Minerva Mink and Lincoln went after Twinrova, who fired blasts of fire and ice at them, but they had dodged them, and Minerva Mink fired powerful blasts of red energy, fire, water, and ice at Twinrova, and and Lincoln fired powerful neon blue energy blasts with elemental forces orbiting around the blue cores, elemental forces, super lightning, and massive blasts of ice at Twinrova, and they exploded with incredible power.

Then, Lincoln and Minerva Mink grabbed Twinrova, and they'd sucked out all of Twinrova's powers of fire and ice, and he, Minerva, and the rest of us, made them our own.

Minerva Mink: **Shall we put an end to those twin witches for good, Linky?**

Lincoln: **With pleasure, Minerva.**

Minerva Mink and Lincoln: **DIVINE TRI-ELEMENTAL KAMEHAMEHA!**

Minerva Mink and Lincoln fired two massive Kamehameha waves made of red and neon blue energy with fire, water, ice, and angels surrounding the two massive energy waves, and as they hit Twinrova, they exploded with incredible power, killing Twinrova and Super Hakaing their spirits for good. We all cheered for Minerva Mink and Lincoln did, as they holstered their weapons, and they powered down. But, Minerva Mink's new body, clothes, and weapons were permanent. Then, Lincoln picked Minerva Mink up in his abnormally large and powerful muscular arms, and he hugged her, and as they locked eyes, the two of them kissed passionately, as we cheered for them.

Lola: I'm proud of Linky getting together with Minerva Mink. In fact, he's the only male to get close to Minerva Mink without going crazy, like Yakko and Wakko.

Yakko Warner: That was long ago, besides, I think those two make an awesome couple.

Wakko Warner: Me too, Yakko.

Nico: I'm surprised you two didn't go nuts when you saw Minerva Mink transform, Yakko.

Yakko Warner: We knew Lincoln was the only male who was able to get close to Minerva Mink, and he didn't go nuts when he saw her, he maintained his cool. Plus, Wakko and I will find ourselves a girl one day, it's only a matter of time.

Nico: Well, who knows? Maybe, that chance will come for you and Wakko, Yakko.

Wakko Warner: That's right, Nico, but for now, we just have to be patient.

Me: Yep.

Hsi Wu: Another set of usual battles done.

Eli: Thanks for helping me today, guys.

Xiao Fung: Physically or emotionally.

Eli, Both, actually.

Me: You're welcome Little bro.

Johnny 13: Oh. Well, it was our pleasure anyway.

Femme Fatale: Just remember that even though you can't remember your adopted family, we count as your family too.

Me: Absolutely.

Mysterio: Now, what do you guys say we celebrate?

Nico: Lets do it!

Eli: YEAH! (To the viewers) This was an awesome adventure and we saved the world from Godzilla's inevitable explosion. But I hope you all loved this one.

Me: I know I did.

Nico: Me too.

We got to celebrating and then we went back to the estate and rested and then went to sleep.

TO BE CONTINUED…

Part 3 done.

Godzilla VS Destoroyah is one of my favorite movies. It was made in 1995 and was made to commemorate the 40th anniversary of Godzilla. The first part was for Apollo 18 from 2018 and that was a freaky movie. Never saw the movie but it was freaky. The second part was for the series HELLSING and that was a freaky one. Never saw it but it was good from what I heard. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this. Thanks guys. The rescue for me is gonna be in the world of The Chronicles of Riddick and me, Allie, Missy, Eli, Nico and the Tiamat Gene-Slammer are gonna walk around Butcher Bay and kill numerous evil criminals as well as blast the evil staff and crew there. We're also going to meet a Catoblepas named Tolepas and she is gonna be in the Triple Max section and she will also have a Lanturn Gene-Slammer from Egypt named Panya and she is Tolepas adopted daughter. The 2nd part for Lincoln's rescue is gonna be for The Pirates of Dark Water and Allie will get a new sword and it will be infused with the 13 treasures of Rule and she will use their all powerful magic to destroy the evil Dark Water of Mer. And she will also use their powers for helping us destroy evil. Part 4 is gonna be for the brutal and gorey movie CHILDREN OF THE CORN! I hope you don't have weak stomachs for this because it's gonna be bloody and gorey. No usual battles this time because we're going to be brutal but combos, techniques and final smashes will still be used.

See you all tomorrow.

# Cult of The Corn

WARNING: This chapter is gonna be bloody and gorey. Read at your own risk.

On a distant planet, me, Nico, Eli, Allie, Missy and Morgan Vladimir the Tiamat Gene-Slammer were at a prison and it was really BUTCHER BAY CORRECTIONAL FACILITY, one of the toughest prisons in the Galaxy.

Morgan Vladmir: This must be Butcher Bay.

Morgan concentrated and groaned as her hair fell out.

Nico: Yep this is it.

Me: Wow so this is Butcher Bay Correctional Institute.

Morgan turned into THE TIAMAT!

Nico: YEAH!

Eli: This is gonna be good. I can't wait to crack some criminal skulls. (Cracks knuckles)

Me: Me too.

Allie Wilde: This is gonna be awesome.

Missy: Yes it sure will be.

Me: Lets unleash a blood bath.

We walked into the prison and then we marked all the evil people there with pitch black auras and killed them all over left and right.

**Butcher Bay Correctional Facility** is perhaps one of the most notorious Triple-Max prisons ever created. Situated on a harsh desert planet, it is billed as inescapable. The sands surrounding the prison are fitted with landmines. Inmates who manage to actually get out of the prison itself, an impossible feat, must find a way to survive in an endless desert. The prison is home to some of the most wanted criminals in the galaxy. Riddick himself mentions that Butcher Bay is unusual from the other slams he has been to because the Bay does not attempt to tame its inmates. It simply holds them and lets them rot.

Butcher Bay is a three level max prison, with the 'single-max' (level one) being on the surface of the planet, the 'double-max' (level two) being underground and functioning as a mining facility, with the 'triple-max' (level three) lastly being a massive storage facility where the most violent prisoners are kept, often in stasis.

Two of the main forces or higher-ups that run Butcher Bay is head of security Abbott, and the warden Hoxie. Hoxie runs the prison with the air of a businessman, although maintaining tight control of the dealings within and without. While a pencil pusher, Hoxie is still in good physical condition, as he beat the bounty hunter Johns for attempting to help Richard B. Riddick at one point with nothing more than his fists. The head guard, Abbott, is Hoxie's watchdog. He is a thug with authority behind him. Abbott and his guards seem to enjoy the power they wield over the inmates, and prisoners being beaten to within an inch of their lives for little (or no) reason is not an uncommon occurrence. However, Abbott later find Riddick to be a harder inmate to break than any of the other prisoners.

The Single Max zone is built on the surface of the planet, and is more of the "traditional" prison area. Inmates are kept in shared cells with a common recreational area. With level one being more of a sleepy part of Butcher Bay, there is relatively little order in the area, with gangs staking out territorial claims throughout the cells. However, Single Max is secured by auto turrets that lock-on to any inmate attempting to enter a restricted area, carrying a weapon, or conducting an act of violence of any kind. The court-yard has a wide hole in the center of it, which leads to the sewage systems. This area is filled with deformed and deranged humans, who cannibalize the prisoners occasionally tossed into the sewers. Inside the sewers, an inmate named 'Pope Joe' resides in a protected area. He is slightly deranged, but offers medical assistance in return for favors.

When Riddick arrives at Butcher Bay, he is introduced into the Single Max section and given a cell. He promptly upsets the balance of power by killing Abbott's left hand man, an inmate named Rust who lead one of the gangs in the Single Max section. Abbot used Rust to help control the inmates in this section. When Riddick killed Rust, Abbott offered him the chance to take Rust's place, an offer Riddick quickly rejected, earning him Abbott's malice. Afterwards, Riddick started a riot, forcing Abbott to "clean" the Single Max section by opening the hole in the recreational area and throwing unruly inmates down it. In the midst of the riots, Riddick attempted to flee to the sewers. A single guard shot Riddick, but then Riddick grabbed him and used hims as a cushion for his fall. Fighting his way through the sewers with a shotgun and a dying flashlight, Riddick met Pope Joe, a hermit who lived down in a safe section of the sewers. Pope Joe explained that the inhabitants of the sewers were tracking him due to the bleeding caused by a gunshot wound prior to Riddick's fall. Pope Joe offers to clean and suture his wound for him if Riddick will get his radio, which he refers to as "blessed voice box". Riddick agrees and retrieves the radio. Pope Joe takes care of his arm and tells him how to escape the sewers. A mysterious voice of Shirah then tells Riddick "… You've been blind far too long…" At this time, Riddick gains his eyeshine ability. Riddick is momentarily blinded by the lights in Pope Joe's Den. Riddick then grabs Joe and demands to know what he did to him. Joe explains that he only stitched his arm for him and nothing else, and offers Riddick some welding goggles to protect his eyes from the light. Using his new-found eyeshine, Riddick navigates the tunnels and emerges in the guards quarters. Riddick then searches the Guard's quarters for Abbott, as he requires Abbott's eyes to fool the retinal scanner blocking access to the starport. Riddick tricks Abbott into opening the door for him, then proceeds to beat him savagely. However, he is stopped by Johns, who decides to take Riddick to look for a more generous buyer. However, Hoxie then confronts Johns and takes Riddick back into custody. He proceeds to beat Johns in his office, then sends Riddick away to the Double Max facility.

In Double Max, the facility operates as both a high level security prison and a mining facility. The inmates have established a fighting arena, where the winner gets credits, weapons, or packets of cigarettes. The guards are not disturbed and even encourage the fights in a bid to eliminate the most dangerous prisoners. The place has no access to natural light, creating the perfect environment for Riddick to sneak in.

Riddick was attempting to escape, but failed to retrieve Abbott's eyes for the retina scanner. When he reached Double Max, he was informed by the other inmates that Abbott rarely ventured down to Double Max. However, he would come in the event that an inmate was caught with drugs or was becoming too successful in the fight ring. Riddick opted for the fight ring (though in the actual game, the player can also choose to buy drugs), which was essentially a gladiator match that pitted two inmates against each other until one of them died. Riddick continued fighting until he found himself face-to-face with a guard named Bam. Riddick succeeded in killing Bam in the fight, drawing Abbott down after him. Abbott and four guards took Riddick into a room with no cameras, where Abbott begin to beat Riddick with a club. Riddick, after several blows, unleashed the Wrath of the Furyans. The resultant energy killed Abbott's henchmen and sent Abbott himself crashing through a large door. Riddick then proceeded to kill Abbott, taking his cardkey. Riddick worked his way down into the mines from there, meeting an inmate named Jagger Valance. Jagger formed a plan to help Riddick escape. He had Riddick retrieve and plant a bomb which would throw the guards into chaos and also open a hole to let him and Riddick get to a ship on a nearby docking bay. Riddick succeeded in planting the bomb, but was captured by several guards immediately after. While transporting Riddick in a container along with two guards the bomb detonated, causing massive damage to the mines and disabling the container. While one guard watched Riddick, the other went out into the caverns to check the damage. Riddick killed the guard watching him, then watched as subterranean creatures, drawn by the explosion, killed the other one.

After the bomb exploded, the creatures began to infest the mines, attacking the miners and guards alike. As a result, a massive firefight occurred between the guards and the aliens. Meanwhile, a massive evacuation began, which provided Riddick an opportunity to escape. When he finally reaches the starport, Riddick finds Jagger attempting to force a starship's door open with a screwdriver. Jagger hands the screwdriver to Riddick, who begins to open the door when Johns once again appears, knocking Jagger aside and aiming his gun at Riddick. He fails to notice the screwdriver however, and as he moves towards Riddick, Riddick stabs him in the side with it, as well as sending the gun flying towards Jagger. Riddick and Johns wrestle over the screwdriver, both men nearly killing the other a few times, when Jagger takes a shot at Johns, grazing him but also hitting Riddick, who is hurt, but not mortally injured. As Johns and Riddick lay wounded on the floor, several guards arrive, spot the gun in Jagger Valance's hand, and promptly shoot him dead. Riddick and Johns, now on crutches, once again find themselves in Hoxie's office. Hoxie threatens to kill Johns if he tries anything else, and decides to put Riddick into the Triple Max section, in cryo-storage.

This prison area is located on the top of the tower in the middle of the prison. it's where the Warden keeps all of his most prized and dangerous convicts. Keeping them in a cryosleep, dizzy and sleepy, they are allowed 2 minutes of limited exercise before being sedated and returned to their respective cryotubes by robotics.

Riddick was put into cryo-sleep and brought here, waking up once every day for two minutes of mandatory exercise before a heavy sedative was administered, knocking him out. The second day, the exercise session is shared with another inmate, who appeared to be borderline catatonic. This continued for some time until Riddick, noticing a pattern, tricked the machine by laying down in the other inmate's cryotube. When the machine attempted to drop the other inmate in, Riddick tossed him back out. This threw off the administration of Riddick's sedative, who remained fully awake when the inmate's tube (now inhabited by Riddick) was put back into the storage chamber. Riddick kicked his way out of the tube, and then started to make his way out of the triple max facility. Riddick fought his way through the corporate offices of the facility to a docking pad where Johns' ship was, as well as Johns himself. Riddick knocked Johns out, then took off in the ship. Instead of heading off-world, however, Riddick crashed the ship into Hoxie's office. Riddick proceeded to jokingly ask what price he would get for Johns. Hoxie began trying to bargain for his life, but ultimately hit a switch that sealed him and his desk chair in a metal safety chamber in the upper wall, also activating two robotic body guards. Riddick destroyed both with a minigun detached from the ship, then used a rocket launcher attached to one wrecked robotic arm to blast open the chamber with Hoxie in it, causing him to fall to the floor. Riddick demanded the codes for Hoxie's ship, which he promptly gave up. Johns woke up at that point and asked Riddick if he had a plan to get out yet. Riddick glanced at him and merely asked, "How's your eyesight?". An alarm then sounded, and several guards ran into Hoxie's office, as Riddick (disguised as a guard) escorted Johns at gunpoint down the hall (outside of the office) toward the starport. When the guards broke into Hoxie's office, they found Hoxie taped to a chair, gagged and dressed in Riddick's cryo suit and goggles, with a rifle taped to the chair pointed at them; they immediately opened fire (believing the person to be Riddick), killing Hoxie. As Hoxie's ship powered up in the dock yard, Riddick removed the guard's helmet he was wearing as he sat in the pilot's seat, with Johns in the back as they took off and headed for space.

Commonly known as Pigsville, it's the area where all the guards (hacks), including Abbott, live. Some prisoners who behave and those who give information also have rooms here. There is a passageway connecting The Pit and the guard quarters. During Riddick's escape from Double Max, one of the guards mentions that the shower area in the Guard's quarters has been sealed off.

We were killing and blasting numerous prisoners all over the place with incredible fury and power and more and we were killing them all over the place left and right and while we were doing so we met a Catoblepas named Tolepas and a Lanturn Gene-Slammer from Egypt named Panya. It was a brutal blood bath and Butcher Bay Prison was now under Team Loud Phoenix Storm Control and then I had Nico and Eli cover their eyes and I put on my blind man glasses and snapped my fingers and Panya reverted back and she was naked. Morgan reverted back too.

Morgan was human again. But naked.

Morgan: (covers herself) Shiva was right. This is 10 times tougher then Arkham!

Nico: Yep.

Tolepas: But that is 52,353 criminals killed.

Panya: (Covers herself) (Egyptian Accent) They brought all that on themselves.

Missy: Yes they have.

Me: Well most of them were criminals but the others were bad cops.

Nico: True.

I gave Morgan and Panya new clothes and they put them on.

Me: But this gives me a good idea.

I snapped my fingers and beamed the entirety of Butcer Bay Prison to Earth and modified it. I modified it in different ways. The single max level will be for the juvenile delinquents and bullies, Double Max will be for bank robbers and criminals like that and the triple max level will be for those that are insane and are murderers and mad scientists.

---

After killing numerous criminals, as well as the evil staff and crew on Butcher Bay, Lincoln, me, Nico, Eli, Nicole, Marinette, and Allie Wilde were heading to the world of The Pirates of Dark Water on the planet Mer, and not only is Lincoln going to rescue the ten girls sighted there, but we're going to destroy the evil Dark Water of Mer once and for all.

Lincoln: Wow, we're back in the world of The Pirates of Dark Water, and I think I know what we're going to do here, not only am I going to rescue the ten girls sighted there, but we're going to destroy the evil Dark Water of Mer once and for all.

Me: That's right, big guy, and the only way to do that is the 13

Treasures of Rule.

Nico: I remembered you telling me about this long ago, and you've dealt with Bloth and his crew long ago.

Me: Yep, and we used the 13 Treasures of Rule to destroy the Dark Water of Mer. And now, we're going to do so again.

Eli: This is awesome!

Allie: Wow I haven't watched The Pirates of Dark Water in a long time. It was years since I saw that show.

?: HELP!

Suddenly, Lincoln heard the sound of ten girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the ten girls, along with Ren and his crew, but they've been cornered by Bloth and his crew and The Dark Dweller, who've come back from the dead, and they're going to kill them.

Lincoln: Guys, I found the ten girls, but they, along with Ren and his crew, have been cornered by Bloth and his crew and The Dark Dweller, who've come back from the dead, and they're going to kill them. Come on, let's go.

We rushed on over, and Lincoln punched Bloth hard in the stomach, and sent him flying towards the rest of his crew. Suddenly, we saw the 13 Treasures of Rule glowing with incredible power, and they'd fired thirteen powerful blasts of light, which came together and formed into a powerful sword called The Destroyer of The Dark Water of Mer, it's a large golden sword with two pirate scimitars etched on the 6'5" massive, wide, double-edged golden blade, large golden angel wings for the crossguard, a large blue gem for the hilt, longer red handle, and a large golden faceted sphere pommel, and it was infused with the 13 Treasures of Rule.

Allie Wilde grabbed the sword, and when she did, she was surrounded by a massive vortex of fire and energy, as we felt her getting stronger and stronger and stronger still. The fury of her rising power is so great, it caused The Dark Dweller and his minions so much excruciating pain. When the vortex of fire and energy faded, Allie Wilde emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Allie Wilde was now 5'11" in height, she had the body of a goddess, she now has neon emerald green eyes and a red energy aura with fire surrounding her, she has a fire phoenix with the Fire Kanji in its claws emblazoned on her forehead and large orange angel wings with fire coming from the tips of the feathers and her nine massive and long yellow fox tails with orange tips, she has on phoenix earrings with the Fire Kanji in its claws and a necklace with the phoenix with the Fire Kanji in its claws for the pendant, she now has on a sleeveless blue blouse with a red phoenix on it, a blue skirt with flames on it, blue pants, and blue leather ankle-high combat boots, and a red sleeveless trenchcoat with flames on the coattails and a Ninetales with a phoenix on the back. Allie Wilde now has on her new Bracelets of The Champions of The Universe with red gems on her wrists, her new Belt of Elemental Bravery with large red gem for the belt buckle, and her new Eater of Sins revolver holstered on her right hip. There was a blue kanji below the Ninetails and the phoenix that said, "Allie Wilde, Master of The Flames of The Phoenix, Destroyer of The Dark Water of Mer, Ninetales Gene-Slammer, and Strong Supporter and Loving Future Wife of James Dean Knudson."

アリー・ワイルド、フェニックスの炎のマスター、マーのダークウォーターの駆逐艦、ナインテイルズ・ジーン・スラマー、そしてジェームズ・ディーン・クヌッドソンの強力な支持者であり愛情深い未来の妻。

Allie Wilde has transformed into SUPER ANGEL 750,000,000,000 PHOENIX NINETALES FIRESTORM ANGEL OF JUSTICE!

Lincoln, Nico, Eli, Nicole, and Marinette were amazed by Allie's transformation, but as for me, I had an atomic red blush on my face when I saw Allie's transformation.

Lincoln: Wow, Allie's achieved her new Super Angel 750,000,000,000 transformation.

Nico: You said it, Linc, and it was because of that new sword that was formed by the 13 Treasures of Rule, and that new sword was also infused with the 13 Treasures of Rule. This is going to be good.

Me: Wow, Allie, you look beautiful. How do you feel?

Allie Wilde: (Divine Echoing Firestorm Voice of Justice) **I feel incredible, J.D., and now, it's time for me to destroy The Dark Water for good.**

Allie went after The Dark Water, along with The Dark Dweller and his minions, and Lincoln went after Bloth and his crew. Lincoln fired a powerful neon blue energy at Bloth and his crew, and killed them, and the explosion Super Hakaied their spirits. Then, Allie attacked The Dark Dweller and his minions with her new sword, and the infusing of the 13 Treasures of Rule were causing them severe pain. Then, Allie fired a powerful wave of fire infused with the all-powerful magic of the 13 Treasures, and as it hits The Dark Dweller and his minions, along with The Dark Water, it exploded with incredible power, and it had obliterated The Dark Water, The Dark Dweller, and his minions for good. Allie Wilde powered down, but her new body, clothes, weapons, and jewelry were permanent. I went up to her, and we hugged and shared a kiss. I was so proud of Allie for what she did.

We checked on Ren and his crew and they were okay, and Lincoln and Nicole went up to the ten girls who were located here, and when Lincoln saw them, he immediately recognized them. The ten girls were Edelgard, Bernadetta, Dorothea, Petra, Mercedes, Annette, Ingrid, Lysithea, and Hapi from Fire Emblem, and Anna Sasaki from When Marnie Was There.

Lincoln: Oh wow, it's Edelgard, Bernadetta, Dorothea, Petra, Mercedes, Annette, Ingrid, Lysithea, Hapi, and Anna Sasaki.

Nicole: From Fire Emblem and When Marnie Was There, awesome.

Lincoln: Are you girls okay?

Edelgard: Yes, we're okay, thanks to you.

Then, when Edelgard and the other nine girls saw who it was that saved them from Bloth and his evil crew of pirates, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, deep sapphire blue thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern

ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Edelgard: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made nine clones of himself, and he and the nine clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Edelgard: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

We returned home to The Estate, and Allie showed everyone what she did, and they cheered wildly for what she did in destroying The Dark Dweller, his minions, and The Dark Water, and they cheered wildly for Lincoln in rescuing more of Celica's friends from Bloth and his bloodthirsty crew of pirates.

After destroying The Dark Water of Mer, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and we got a shower after that.

Then, we were heading down to Japan for a game of soccer, and it turns out that when Lincoln rescued Raimon Natsumi and Kudou Fuyuka from Shinzon, their world has merged with ours.

Lincoln: This is going to be awesome meeting the Inazuma Japan soccer team.

Raimon Natsumi: You're going to like meeting them, Lincoln. Plus, we have a soccer match against an opposing team today, and it's against the Dark Angels.

Me: The Dark Angels, I remember them all too well. Their members have some incredible powers, but some of their members are loyal to The Demon King, and I know who they are: Desuta, Astaroth, Hebimoth, Satanathos, Belzebu, and Mephisto. They have dark powers, they're pure evil, and some of them are from The Underworld.

Nico: So, we're going to be facing a soccer team of demons. This is going to be an epic soccer match between Heaven and Hell.

?: Can we help you out with this?

We heard a voice, and we were greeted by former Dark Angel members, Nenel, Elfel, Guel, Winel, and Sein.

Me: Nenel, Elfel, Guel, Winel, Sein. It's good to see you guys again.

I went up to the former Dark Angel members, and we hugged.

Nenel: You too, J.D. You sure have grown a lot since the last time we met, and you're now the leader of Team Loud Phoenix Storm.

Me: That's right. And we heard that Desuta, Astaroth, Hebimoth, Satanathos, Belzebu, and Mephisto are back, and they want revenge on Inazuma Japan.

Elfel: That's right, and we need to stop them.

Lincoln: That's exactly what we're going to do.

We got inside the stadium, and we got into the uniforms of Inazuma Japan, but ours has the phoenix in front and the angel on the back. Then, we saw the opposing team come inside to the stadium, The Dark Angels, Desuta, Astaroth, Hebimoth, Satanathos, Belzebu, and Mephisto.

Desuta: So, the famous Team Loud Phoenix Storm has joined Inazuma Japan.

Me: That's right, Desuta, and we're not going to show you or your demonic team members any mercy in this match.

The match got started, and we weren't showing The Dark Angels any mercy, as we were using many blocks and maneuvers against them, and we were also aware of their dark powers, so we'd dodged their attempts to use their dark powers to cheat. Lincoln showed them no mercy, as we used an epic technique called Heaven's Judgement, as the soccer ball was covered in light, and Lincoln kicked it hard, and not only did it sail past Belzebu, it eventually ended up in the goal, and we won the match against The Dark Angels.

Desuta: Impossible, how could we lose to Inazuma Japan again, along with Team Loud Phoenix Storm?!

Lincoln: You underestimated your opponents from the very beginning, Desuta. You and your team had no cooperation, and you tried to use your dark powers to cheat. None of you have any honor at all, and you were nothing but a disgrace to the world of soccer.

Nenel: That's right, Desuta. It was thanks to J.D., that we'd seen the error of our ways, and now, we want nothing to do with you all.

Desuta: Why, you miserable traitors! You will all die for this!

Lincoln then fired a blast of light, which hits Desuta, Astaroth, Hebimoth, Satanathos, Belzebu, and Mephisto, and it stripped them of their dark powers, and we also broadcasted their cheating tactics to everyone in Japan. As soon as their crimes were made public, The Dark Angels were in big trouble. As punishment, not only did Lincoln strip them of their dark powers, but they were banned from any and all soccer tournaments for life, and as if that wasn't enough, they were arrested and were thrown in the Crematoria Prison for Life, and they were put in separate cells in Solitary Confinement, chained to walls, and they were bound in straitjackets, so they couldn't escape.

* * *

At school we were getting our stuff from our lockers for class.

Mystique: Am I the only one who thinks something's not right?

Nico: What makes you say that Raven?

Mystique: Just being cautious.

Lola: Hey look at Chelsea.

We saw Chelsea come down the hall wearing awesome shades and she got up onto a table.

Chelsea: Check it out!

Chelsea took off her shades and then opened her eyes and we saw that she had her eyes turned into cat eyes! WHAT THE WHAT!?

Me: WHOA!

Eli: Wow! Cat eyes look cool on her!

Dana Tan: WHOA! Chelsea you got spliced!

Max Gibson: Man girl your dad must've had a spaz fit when he saw you do that.

Me: Wow! Chelsea you look awesome with cat eyes!

Chelsea: Thanks J.D. I do look cool.

Me: I'll say.

Lola: You look awesome Chelsea!

Lana: No kidding there.

Luan: Yeah you look awesome. Cat's purrfect for you. (Laughs to rimshot) Get it?

We laughed at her joke.

Me: That was a good one.

Nico: This has to be Dr. Cuvier's work.

We then went and interrogated him.

Cuvier: Of course I'm not using my old experiments! I gave those up when I joined the Masters of Evil.

Chomper: Then why did a friend of ours have cat eyes?

Cuvier: Lets see.

Chelsea came in and Cuvier immediately recognized it.

Cuvier: Yes this is my handiwork but I did not do this. My laboratory was raided by you guys ages ago.

Me: Right I remember that. That was intense and your serum did prove to be quite useful. But lets go see.

Chelsea: Can I still keep these eyes?

Me: You sure can Chelsea. Normally I would be against this since this is playing with fire but I can accept this.

Nico: You are one of our friends Chelsea.

Missy: Yep. Welcome to the Spliced club.

Chelsea: Thanks guys.

We went to Cuvier's old lab.

We went in and to our shock it was not Cuvier this time, it was our old enemy HELGA VON GUGGEN!

Me: Helga Von Guggen! I thought you were dead!

Helga: Team Loud Phoenix Storm. We meet again! And I see you had the nerve to recruit a Megatron not from this universe.

Aligned Megatron: (growls) Don't make me shoot you with my fusion cannon!

Me: Stand down Megatron. I'm amazed you came back Helga. Especially after with how I mutated you by pumping you with over 40 vials full of Dr. Cuvier's serum.

Nico: Yeah that was nuts.

Eli: What do you plan to do with Dr. Cuvier's serum?

Helga: I'm going to reopen the Splicing Fad as you called it and get people spliced as part of my newest and most amazing fashion trend.

Optimus: Your wish came true in a way, Helga. These days, we have members who can turn into Pokemon and animals.

Eddy: Now we just need to find Gene Slammers who turn into dinosaurs and Digimon.

Nico: That would be interesting to see. As well as some of the aliens that Ben knows.

Alan Allbright: It sure would be cool.

Laney: Yeah.

Me: That would be awesome. But how did you come back Helga? We made sure there was nothing of you left when we killed you.

Helga: Easy.

She showed that she had a dark orb imbedded in her hand!

We gasped!

Me: A dark orb! I knew it!

I blasted the Dark Orb and destroyed it and then we arrested her and sent her to prison. We put her in the Neptune Prison.

---

Later we were getting ready for our next mission and Qin, Missy and the Underground Girls had new jumpsuits on.

William: Don't those jumpsuits ever get tight on you girls?

Maria: Don't worry they have been modified so that they can fit their gene-slammer forms too.

Qin's was red, Missy's was orange, Sydney's was blue, Nanette and Georgina's were red, Sheila, Rice and Maxxine's were purple and Kendra's was green.

Nico: That's smart thinking.

Eli: Yep.

Torch Man: By the way, J.D., today's the day you lead.

Me: I know, Torch Man, and I've got just the mission for us.

Poromon: Where are we going this time?

Me: Nebraska. Scans are showing an increase in supernatural energy there.

Poromon: Oh boy.

We were off to Nebraska.

## GATLIN, NEBRASKA

We arrived in Gatlin, Nebraska.

Shiv: Here we are in Nebraska!

Me: Yep.

We were at the town of Gatlin.

Laney: Something doesn't feel right.

Me: Yeah I feel it too.

Eli: Weird. Where is everybody?

Me: It's like they all just vanished. I've got a really bad feeling about this.

Maria: I don't think I'm gonna like what we'll find out.

Me: Lets get to searching.

We got to searching the town and it was completely deserted. It was a total ghost town. Not a single person anywhere.

Lucille Loud: (Scottish Accent) This is too weird lads.

Me: I know.

Then I heard something.

CRUNCH!

I looked at wait I stepped on and I saw that I had stepped on a severed hand!

Me: EW! WHAT THE!?

Snake: (turns green) I think I'm gonna hurl! (VOMITS)

Snake threw up. Unfortunately, he vomited all over Poromon.

Poromon: HEY! Thanks a lot!

Nico: Snake!

Snake: Sorry dudes.

Me: Not just that. Look!

We saw the entire street completely littered with the butchered and eviscerated remains of EVERY SINGLE adult citizen ofthe town! The whole town was dead!

Me: Oh my God!

Poliwag: NOW I'M GOING TO VOMIT! (VOMITS)

Poliwag threw up. Not on Poromon. But on Kendra.

Kendra: OH SICK! POLIWAG!

Poliwag: Sorry.

Me: Oh man. What did this?

Nico: This is completely inhuman.

Eli: Whatever it was, this was a total town annihilation.

We then saw little footprints on the ground.

Me: Hmm.

Aylene: What is it?

Me: These footprints are human. But this was not the work of one person. Many did this.

Nico: Looks like these are the world of little kids.

Liam: Oh man. It's the Children of the Corn.

I gasped when I heard Liam say that.

---

The Children of the Corn, often referred to as "The Children", is a fanatical religious cult of young children that obsessively serve the supernatural dark entity known only as He Who Walks Behind the Rows and act as the titular main antagonists in the Children of Corn film series and the short story Children of the Corn by Stephen King.

The Children of the Corn were once the innocent children of the isolated town of Gatlin, Nebraska who were corrupted by the wicked entity, He Who Walks Behind The Rows, and led by Isaac who acted as the human representative of the demon god spirit who led the evil cult in which the demon god was worshipped as a twisted depiction of the Christ. Isaac spread the worship of his awful deity to all the older children of the fictional town of Gatlin and when he had all of them under his command, he ordered them to kill all the adults in Gatlin, leaving only his teen worshipers.

Isaac then imposed the demon god's rule to all his followers, forbidding games and leisure and having everyone older than 19 or 21 years old, and every passer by, sacrificed in the cornfield. In the novel, the teen children fail to kill the main protagonist who escapes in the cornfield and gets killed by the demon god himself, and to punish that failure "He who Walks Behind he Rows" decreases the age of sacrifice to 18 or 19 years old.

In the first - and most famous - movie adaptation, the second-in-command Malachai takes over the cult and binds Isaac to a corn-cross, planning to sacrifice him to the evil deity, but Isaac gets ressurrected by "He who Walks Behind the Rows" who kills Malachai through him. Isaac apparently dies alongside his master when the protagonists and all the children who broke free of the demon god's grasp manage to set the cornfield ablaze.

---

Eli: Oh man!

Paige: This is not good guys!

Sonic: I knew it was only a matter of time before we finally go after Isaac Chroner and his cult.

Shadow: Yes, that's true, but most of its members are innocent children under the control of He Who Walks Behind The Rows. We'll need to free them from his influence, and get them out of there. I have a feeling that the battle tonight is going to get bloody and gory.

Nico: You're right, Shadow. Normally, it goes against our code to kill children, but Isaac Chroner is not a normal child, he's the leader of this demonic religious cult who worships a demonic entity that has ordered the children of Gatlin, Nebraska, to kill all of the adults in town. Isaac Chroner has to die,

Firefly: We're killing all of those fuckers!

Me: Not ala of them Garfield. They were all brainwashed.

Firefly: Brainwashed?

Me: By a demonic force.

Brittney: That's right and this is the work of a Feldgeister.

Nico: What's that?

Me: You mean the Corn Spirits of German Folklore?

Brittney: Yep. This type of demon is completely different however. But I read the book about The Children of The Corn and this is the world of the demon He Who Walks Behind The Rows.

Brittney went over his history as well as Isaac Chroner's history.

## HE WHO WALKS BEHIND THE ROWS

He Who Walks Behind the Rows is the unseen presence acting as the overarching antagonist of Stephen King's horror short story Children of the Corn and the 2009 remake. While serving as the main antagonist in the 1984 film and its sequels and remake. He is a demonic spirit posing as a twisted fertility deity, who corrupted the children of the remote town of Gatlin into a murderous cult bent of sacrificing every adult around.

### Children of the Corn

In the original short story and the 2009 remake, set in 1975, Burt and his wife Vicky travel by car through the American country-field, hoping to save their crumbling marriage with a second honeymoon. They run over a boy who was carrying a case and an ugly crop-crucifix, and discover that the boy was already dying of a sliced throat. (It later turns out that the boy was wounded when trying to escape the cult.) They resolve to bring the boy's corpse to the nearest police station and venture in the seemingly abandoned town of Gatlin, arguing all along the way. Frightened, Vicky insists to leave at once, but Burt rudely ignores her.

While Vicky returns to the car (but cannot leave since Burt kept the keys), Burt starts investigating, not knowing that Isaac and his followers are watching his every move, and eventually discovers that twelve years ago, the children relinquished their former names and killed anyone over twenty years old. Alerted by the car horn, he rushes to Vicky, but the children take her away and sabotage the car.

Burt fights off the children and flees through the corn-fields, witnessing Vicky's dead body, crucified to a crop-cross with barbed wire with her eyes gouged out and her mouth stuffed with corn husks, as were the local priest and policemen (survivors of the massacre killed by "He Who Walks Behind the Rows" himself). He discovers that all exits of the corn-fields were closed-up, and feels a presence looming closer. He is then attacked by crops and haunted by the boys he killed, before being murdered by a monster just as the harvest moon rises in the night sky.

At the end, Isaac announces to his cult that "He Who Walks Behind the Rows", furious at having to kill Burt himself, lowered the maximum age to eighteen. All his eighteen-year-old followers, including Isaac's top enforcer Malachai Boardman, are lead to their death into the corn-fields, where Burt in turn was turned into a "scarecrow". Malachai's pregnant girlfriend Ruth, who secretly hates the cult, ponders on burning the corn-fields to the ground, but is too afraid to do so. (However, the remake implies that she eventually will.)

Children of the Corn (1984 film)

The movie begins with Isaac preaching to the children of Gatlin while the population is praying to God after a bad harvest. The children later murder every adult in Gatlin, while Isaac witnesses with a smug grin. Three years later, Burt and Vicky, who in this movie travel through the countryside towards the city where Burt is to start his new job.

Like in the story, their troubles begin when they run over a mortally wounded boy who was fleeing the cult, and start searching for a police station. They end up in Gatlin after the old gas-station attendant refuses to help them (the children keep him alive in exchange of gasoline and new victims). While Malachai punishes two children who were playing, Burt and Vicky explore the dilapidated town, whose buildings are smeared with Isaac's sermons pained in blood. They are eventually attacked by the children, who capture Vicky and prepare to sacrifice her.

Burt discovers the cult and its gloomy rituals, but manages to fight away the murderous children and meets Job and Sara, two children who are not under the influence of "He Who Walks Behind the Rows", with Sara seemingly possessing powers of her own. Later, a jealous Malachai kills the gas-station attendant and usurps Isaac, preparing to sacrifice him and take command, despite Isaac yelling at him for disobeying their foul deity. That night a tempest rises, seemingly caused by "He Who Walks Behind the Rows", and becomes increasingly violent. Before Isaac is sacrificed, a young man named Amos is first, where after walking into the cornfield, his screams are heard by everyone. The demon then goes for Isaac in the form of a fiery liquid, the liquid envelopes a begging Isaac, and causes the corn cross he's on to explode and fly away. While everyone is distracted, Burt sneaks into the corn-fields and defeats Malachai in a fistfight.

He saves Vicky and tells the children to stop following the cult and shakes the demon's control over them, with only Malachi and Amos' widow Rachel still remaining faithful. Before they can leave, the demon appears to all of them as a possessed Isaac and kills a frightened Malachi by snapping his neck, while everyone runs to the nearby barn. "He Who Walks Behind the Rows" then rises under the shape of red clouds and attacking the barn with gusts of wind. Burt and the redeemed children manage to douse the entire corn-fields with the town's supplies of gasoline, and Burt throws a Molotov Cocktail in it, blasting the entire corn-field into oblivion and seemingly destroying the evil spirit, whose screaming face appears in the explosion.

Later that, Burt and Vicky attempt to get their car going, but are attacked by Rachel, who despite the demon showing how little the children mattered to it, is still fanatical. Burt manages to knock her out before he and Vicky depart towards the nearest town with Job and Sarah, whom they plan to adopt.

The Final Sacrifice

This sequel to the 1984 adaptation features John, a reporter investigating on the Gatlin events, and his son Danny, who take residence in an inn of Hemingford, as the citizen are giving shelter to the surviving children of the cult. As John is getting romantically involved with Angela the innkeeper, Micah, one of the children, is still under the control of "He Who Walks Behind the Rows" and corrupts the children again, restarting the cult.

As the children start a new killing spree in Hemingford, John and a college professor named Frank theorize that something in the corn harvest of Gatlin is turning the children insane. Micah brings Danny into the cult, but he cannot bring himself to sacrifice his newfound friend Lacey, and John and Frank intervene. They flee to the haunted corn-fields, that prevents them from escaping, and "He Who Walks Behind the Rows" possesses Micah, turning him into a monster. Frank gets mortally wounded, but manages to activate the Harvester and set it ablaze, killing Micah (who reverts to normal before horribly dying) and destroying the corn crops from Gatlin, freeing the children for good.

## Isaac Chroner

Isaac Chroner was a teen preacher, leader of the fanatical teen cult called The Children of the Corn, and the main antagonist of Stephen King's Children of the Corn. His second-in-command was the envious Malachai Boardman.

He was portrayed by John Franklin in the 1984 adaptation, and Preston Bailey in the 2009 remake.

### Children of the Corn (1984)

Not much is known about Isaac in his earlier years. A child named Job in the film states that when Isaac was younger that he was a preacher and everyone looked up to him, although Job and his sister Sarah found Isaac to be rather strange than interesting.

Isaac was also responsible for the the mass murder of the citizens of Gatlin as he spread his religious influence into the children of the town. Isaac converts the town into a "holy" ground where nobody can enter and no one can leave, even the children that live in it.

Isaac would then assert his control over the children, including his enforcer Malachai. Threatening them that if they disobey him, then they would sinning against "him".

A year after the slaughter of the adults, Isaac gets informed that two people were possibly going near the town. Knowing that these two people could pass through, Isaac prepares the children for the sacrifice of the two people.

The two people, who are named Vicky and Burt enter the town where they observe the town being quite empty and abandoned. When Burt investigates the town to try to look for help, Vicky gets captured by Malachai, who he brought to Isaac. Despite this, Isaac tells Malachai that "he is displeased", which leads to Malachai questioning Isaac's leadership. This leads to Malachai betraying Isaac and puts him in the place of Vicky to sacrifice.

Later that night, Isaac senses the presence of He Who Walks Behind the Rows. Despite his pleas, Isaac is presumably killed. However, unbeknownst to Malachai, Isaac is possessed by Him, and kills Malachai. Isaac is not seen or heard of again.

## Children of the Corn 666: Isaac's Return

It is revealed that Isaac did not die from the events from the first film, but instead was put into a coma for over nineteen years. Once he wakes up, he is determined to bring back the forgotten religion and bring back He Who Walks Behind the Rows. It is also revealed that Isaac has a son named Matt, and hopes that his son can pass on the legacy to him as the next prophet.

Isaac is confronted by Gabriel, who was the firstborn of the children, since his birthright was denied due to Isaac having favor for his son instead of him. Gabriel uses his power against Isaac and reveals himself to be He Who Walks Behind the Rows, where he then impales Isaac to the floor, and kills him.

## Children of the Corn (2009)

In the 2009 remake, Isaac is nine years old and the cult leader of the children. In the film, Isaac, in the corn, notices two people heading toward Gatlin along with his eighteen year old second-in-command, Malachai. Isaac goes back to Gatlin to warn the children of the incoming of the outlanders, saying that they are like the "blue man" who was a police officer who was sacrificed for trying to stop the children in the town massacre.

When Isaac notices that Vicky is later left by herself in Burt's car while Burt is investigating, he has the children attack Vicky and Malachai later kills her in the attack. When Burt rushes outside to check his dead wife, he is confronted by the children. Isaac then taunts Burt by throwing a small knife into his arm. However, when Burt escapes, Isaac confronts Malachai and it is revealed that Malachai angered the god-like entity He Who Walks Behind the Rows by killing Joseph (a child who tried escaping) in the corn. Isaac then makes Malachai pray to show his loyalty to the the religion.

At the end of the film, Burt is killed by He Who Walks Behind the Rows. However, Isaac reveals to the children that due to their inability to kill Burt, the age of sacrifice has been lowered from ninteen to eighteen (previously was lowered from twenty to nineteen due to their failure in killing of the town police officer, who they call "the blue man"). Which leads to Malachai and the others who are eighteen to walk into the cornfields, where they offer themselves to Him.

When she was done we gasped!

Nico: Whoa man!

Shadow: Looks like we're going to kill him and the demon.

Me: You're right, Shadow. Normally, it goes against our code to kill children, but Isaac Chroner is not a normal child, he's the leader of this demonic religious cult who worships a demonic entity that has ordered the children of Gatlin, Nebraska, to kill all of the adults in town. Isaac Chroner has to die, and He Who Walks Behind The Rows has to be destroyed by burning the cornfield he dwells in.

Lincoln: That's right, and to make sure no one falls under the brainwashing of He Who Walks Behind The Rows.

Lincoln casted a spell, and we were surrounded by a protective aura/force field, and there was a circle of Christian Crosses circling around our feet.

Silver the Hedgehog: Lincoln, what kind of spell did you use?

Lincoln: It's a very powerful protection spell to prevent us from being brainwashed by He Who Walks Behind The Rows. It's a lot like the protection spell Ed Cowart used when we went after the Werecats in New Orleans a few days ago.

Shadow: I get it, and even though many of us have powers that prevent us from being brainwashed, there are some of us who are susceptible to being brainwashed. Nice work.

Lily Loud: That's our bro.

Me: Good thinking buddy.

Electro: Well, might as well eat some of this corn before we go into battle.

Me: Max no. I have a better idea. But first we can't let the Children of the Corn know we're here.

We went to hide and in another part of the town we made a makeshift base for us. I formed a burger tree and we had lunch while we came up with a plan of attack.

Manaphy: We're not going to eat this corn?

Me: No. It's stained by the blood of the people that demon killed.

Nico: We are going to make sure this demon pays.

Me: Lets go!

We were off and in the middle of the cornfield, the cult was getting ready. Suddenly…

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above the field and a phoenix cry was heard as fireballs rained down onto the corn and burned it all over the place and then we came out.

Horsea: We finally found you! You're in very big trouble!

Me: You will pay for everything you did! This whole town is dead all because of you!

HWWBTR: You think I give a flying fuck about anything you say!? I WILL KILL EVERYONE!

Brittney: Not on my watch! (Chants Incantation)

She fired a wave of magic and freed the kids from his evil grasp. But then the kids all broke down crying and were even throwing up over all the place after realizing that they did so many horrifying crimes against their wills!

Varie, Ino, Aylene and Lori were comforting the kids.

Isaac Chroner: The famous Team Loud Phoenix Storm, how dare you desecrate our blessed cornfield.

Me: This cornfield is steeped in the blood of the many adults that you forced the children to kill long ago, Isaac Chroner, and all for the worship of a demonic entity who seeks to kill every living thing on Earth. You will pay for your crimes, and you, your fanatical followers, and your so-called God will die in a pool of blood and burn in this entire corn field!

Isaac Chroner: Kill them!

We transformed and powered up, and we fired powerful blasts of fire and energy, which hits the fields of corn, and with every powerful hit, He Who Walks Behind The Rows screamed in excruciating pain. This angered Malachi, Isaac's second-in-command, along with the other fanatical cult members and they tried to attack us, but we attacked them with powerful blasts of fire and energy, along with Isaac Chroner, as they screamed in excruciating pain, as their blood was being spilled on the field.

KRABBBBBBOOOOOOOOOOMMMM!
KRABBBBBBOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOMMMMMMM!

We killed Isaac and Malachi and the fanatical cult members.

Jirachi: You're all alone now!

Me: And now it's time for you to go back to hell!

HWWBTR: Oh I don't think so!

We then felt a massive rumble and then a massive number of zombies popped out of the ground and it was ALL OF THE UNITOLOGISTS, CRIMINALS, DRAGONOIDS AND EVIL HENCHMEN WE KILLED!

Tentacool: Good thing these are just generic villains.

Me: I've wanted another crack at them! LETS GET THEM!

Nico: And then you are next demon!

Me: ATTACK!

We roared at the top of our lungs and went at them. We were ripping them apart all over the place. Starting with the Dragonoids. Blood and guts were splattering all over the place with incredible and indiscriminate fury. Nico stabbed a man and disemboweled him and ripped out his intestines and used them like a lasso and then he had them wrap around a soldier's neck and then ripped his head off then Eli fired a Force Lightning blast and electrocuted a man to where he exploded in a massive pile of blood and guts and then Saya fired her machine guns and fire blasts and incinerated and blew a bunch of soldiers heads off in a bunch of explosions of blood. Aylene slashed a man's head off and then she and Varie slashed and cleaved a bunch of men in half and Nico punched a man's head off and Nunnally smashed a man's head off with a hammer and then Alice slashed a man's head open with a dagger and ripped his brain out and Applejack punched a man through his chest and ripped out his beating heart and Rainbow Dash used her super speed and smashed numerous men into pieces and splattered their blood and guts everywhere! I slashed a bunch of criminals and kicked them in the crotch and slashed one criminal's throat and decapitated him and Nico blasted a criminal's leg off and stabbed him and disemboweled him and splattered his intestines everywhere. Blood, guts and carnage was splattering all over the place and really saturating the ground all over with blood and gore. Linka blasted a bunch of criminals with lightning and electrocuted them into ashes and Selene was really showing off her skills as she was slashing and cutting numerous criminals all over and drinking their blood all over. I stabbed a criminal in his chest and ripped his throat open with my bare hands and Lola incinerated him and Laney slashed a bunch of criminals and disemboweled them all over the place and more and Lana froze a bunch of criminals all over and turned them into ice cubes. I slashed a criminal's head off and grabbed him and threw him to Evilseed where he had one of his plant tyrannosaurus's eat him and it splattered his blood and guts everywhere in one chomp. Vypra slashed a criminal all over with her sword and I grabbed a criminal by his hand and ripped his arm off and used his crowbar and smashed it into his eye and rip his head off. Nico grabbed a Criminal by his face and ripped it off of him and then he plunged his hand into his stomach and ripped out his intestines and used them like a lasso and tied a criminal and threw him to Evil-Lyn where she blasted him with his staff and destroyed them both and Nico kicked a criminal and his foot went all the way through his chest and smashed his heart out. Then Lynn and Luan blasted him with lava and light and Nico and May blasted and hacked numerous criminals all over with blasts of ice and lightning and destroyed them all over the place and more.

Nico: Try this bloodbath on! KLENDATHU NIGHTMARE STYLE NINJA ART: ARMY OF WARRIOR BUGS!

Nico fired a wave of darkness and it formed into a massive army of warrior bugs and they savagely shredded and dismembered numerous soldiers into bloody messes.

Robo Blaze: Tronics! Get them!

Robo Blaze and Robo Roxy summoned a massive army of Tronics.

Dark turned into Plantmenace.

Plantmence: Time to use the cornfield to my advantage!

He was slashing and pulverizing the corpses all over.

Nico fired waves of energy and I fired waves of fire and burned them all over.

Eddy aimed his blaster at the demon and shot him in the head.

Eddy: Eat this!

BANG!

He blasted the demon and the demon laughed at him.

HWWBTR: (LAUGHS) Pathetic. I'm a demon and I am forever.

Brittney: We'll see about that.

Brittney pulled out her book and scrolled through the pages and found the exorcism incantation.

Brittney: (Reading Incantation)

The demon screamed and roared in pain.

Me: Destroy the Cornfield everyone!

KRABBBBBOOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMM

The cornfield was erupting into a massive and incredibly epic raging inferno as massive wall of fire were incinerating everything all over.

Mystique, Optimus, Chomper and Megatron used the Autobot, Decepticon, Earth and Animatron Cyber Planet Keys and they enhanced Mystique and Chomper's powers and turned Optimus Prime's left arm cannon into a bigger cannon and enhanced Megatron's fusion cannon 100-fold.

Mystique and Optimus: FUSION AUTOBOT CANNON!

Chomper and Aligned Megatron: TYRANNOSAURUS FUSION BURST!

Me, Liam, Maxxine, Applejack, Apple Bloom, Goths of Darkness, Loud Kids and Anti-Unitology Conglomerate: VILLAIN DEATH MEGA BURST!

We fired massive waves of energy and incinerated massive amounts of corn and the demon was roaring and screaming in pain as the corn field was being incinerated at a rapid pace.

Lincoln: FIRE LIGHTNING STYLE: SCORCH THUNDER BLADE!

Mai: FIRE STYLE: BLAZING METEOR!

Tyris: FIRE STYLE: DRAGON'S BREATH!

Toph: LAVA STYLE: SCORCH WAVE!

Julie: LAVA STYLE: LAVA HAMMER!

They fired massive blasts of fire and elements and incinerated numerous acres of corn all over. The entire corn field was incinerated in an instant.

Lincoln and his harem: FIRE FINAL SMASH: MEGA SCORCH CANNON!

They fired a massive fire beam which destroyed the demon.

Brittney finished the incantation and sent its spirit back to Hell for good.

We had the demon and the cult completely eradicated! I had all the boys cover their eyes.

They reverted back. Missy, Qin, and the Underground Girls were huamn again as they covered themselves.

Missy: Good thing our actual clothes didn't get destroyed.

I gave them their clothes for them.

Qin: Thanks J.D.

The children were all crying because of what they did under the demon's control and it was a heartwrenching scene.

Eli: These poor kids. They went through a nightmare.

Laney: Yeah no kidding.

?: Soon, all of you will perish in flames!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large colored orbs orbiting around the legs of Lincoln's sisters, and the eight large purple orbs orbiting around Menat's legs were glowing, and that means big trouble was coming.

Celica: Oh no, that voice. It's been a long time, Surtr.

A figure came out of the shadows, and it was none other than Surtr, King of Múspell, The Kingdom of Flame, and holder of The Blood of the Flame Dragon.

Edelgard: You tyrannical monster, I can't believe that you've come back from the dead.

Me: What can you tell us about him, Celica? It seems like you and your friends have a nasty history with him.

Celica: You won't like what I'm going to tell you about him, J.D.

Celica proceeded to tell us about Surtr, and we weren't going to like it one bit.

Surtr (Fire Emblem)

Surtr is the main antagonist of the second book of Fire Emblem Heroes. He is the king of Múspell, the kingdom of flame, and holds the blood of the Flame Dragon. His personal skill, Múspellflame, makes him immune to all damage.

He is voiced by Tesshō Genda in the Japanese version and by Kirk Thornton (who also voiced Iago in Fire Emblem Fates, Saïx in the Kingdom Hearts series and Shadow the Hedgehog from Sonic the Hedgehog.) in the English version.

Biography

Surtr is the king of Múspell, a kingdom engulfed in fire, which rivals the kingdom of Nifl, a kingdom bathed in ice and snow. Prior to the events of Book II, Surtr and his army invaded Nifl and killed its queen, leading Fjorm, one of the three princesses of Nifl, to seek revenge against him.

Surtr's army consists of thousands of soldiers, including heroes from other worlds, as well as Laevatein and Laegjarn, his daughters, and his tactician, Loki. He also creates an alliance with Veronica, the ruler of the Embla Empire. Despite this, Surtr doesn't seem to trust or care for any of them, a fact that becomes more notable as the story progresses.

Prior to the beginning of Book II, Fjorm and Surtr engage in battle, but Fjorm is quickly overwhelmed due to Surtr's monstrous power and his invincibility granted to him by Múspellflame. After being rescued by the Order of Heroes, she explains the situation to them, telling them that Múspell destroyed her homeland and that Surtr killed her mother right before her eyes.

Fjorm, now joined with the Order of Heroes, manages to later confront Surtr Upon seeing them, Surtr immediately declares himself as their king. When asked by Alfonse what gives him the right to commit the atrocities that he has, Surtr responds by calling Alfonse "tepid" and "dull", stating that a true ruler seizes power for himself and that there can only be one kingdom. With no other peaceful options at their disposal, the Order of Heroes engage Surtr, Loki, and Laevatein in battle.

While they are successful in defeating Loki and Laevatein, they are unable to even scratch Surtr. As the Order flees, Surtr gloats about his success in destroying Nifl and another kingdom, which he claims took 6 months and 3 months to destroy respectively.

Later on, Surtr's newly forged alliance with Veronica begins to fall apart, due to Veronica and Surtr's ambitions greatly differing. As Veronica leaves, stating that she only pledged to offer Surtr her heroes, Surtr vows to destroy Embla and Veronica after he destroys Askr, taking pleasure in the thought of watching Veronica suffer as she burns.

Shortly after, Surtr ambushes the Order of Heroes as they attempt to journey into Nifl. He is seemingly willing to allow them to pass, but warns them that if they do, they would abandon a village of innocent Askran citizens, which Surtr threatens to burn to the ground. Afterwards, Surtr explains in disturbing detail how being burned alive is "one of the most painful ways to die".

Despite his threats, the Order of Heroes are able to deceive Surtr by signaling the townsfolk to escape before he can attack, allowing the Order to proceed into Nifl simultaneously. Seemingly undeterred, Surtr sends Laevatein to track them down.

Sometime later, Surtr arrives in Nifl, where he ambushes and viciously attacks Gunnthrá in the sanctuary at Snjarhof before the Order of Heroes arrives. He then shows Fjorm Gunnthrá's burnt body, since Gunnthrá refuses to tell him what she is planning. Surtr then proceeds to burn her to death. After Gunnthrá dies, he is surprised that Kiran, the Summoner of the Order of Heroes, is the one Gunnthrá trusted when she gave her remaining powers to the Breidablik. Before leaving, Surtr decides that Kiran will be his next victim.

Later, Surtr orders Veronica to come with him Múspell, and threatens to attack her if she refuses. When Xander confronts him, Surtr fights him and Veronica. He defeats them and breaks Xander's arm. After Veronica gives in and agrees to go to Múspell, Surtr spares Xander's life and plans to sacrifices her to the Rite of Flames.

When the Order of Heroes finally confronts him at his castle, Surtr mocks them, only to be weakened by the Breidablik, which now has the ability to neutralize his Muspellflame. Despite finally defeating him, he comes back to life almost immediately after without any injuries, taunting them that there is no hope for them to kill him. As he prepares for his finishing blow, the Order is forced to retreat. According to Laegjarn, this only happened because Surtr had completed the Rite of Flames and would have died if he had not done so.

When the Order of Heroes returns to his castle in order to stop the Rite of Flames, Surtr is first seen attacking Laevatein for failing to defeat the Order of Heroes and orders her to sacrifices herself to the Rite of Flames, only Laegjarn to intervene and sacrifice herself instead, which ultimately leads to her death after being defeated by the Order of Heroes. He later encounters Helbindi, who has betrayed him in order to help Ylgr, the youngest princess of Nifl, and Veronica escape, and kills him, but not before Helbindi warns him that he will die for everything he has don. When the Order of Heroes confronts him in his throne room, he fights them himself, and is finally killed for good.

Surtr later appears in Xenologue 4 as a minion of Hel and in Book IV as a illusion.

Personality

Surtr is an unrelenting and despicable man who is motivated solely by his bloodlust and thirst for destruction. He is insane and relishes in the destruction he leaves behind. Surtr seems to take pleasure in seeing his victims suffer, especially Fjorm, as he has no second thoughts in killing her mother and elder sister in front of her eyes.

Despite being a king, he values nobody in his kingdom, stating that a true ruler "puts his people to the flame". He also appears to be incredibly untrusting towards any of his subordinates. However, in the pursuit of ultimate conquest, he's willing to put up with whoever he needs to work with until their use comes to an end.

In addition, Surtr does not tolerate failure and has been known to severely punish his own subordinates for this, even killing their friends and family. For example, when Helbindi repeatedly failed to stop the Order of Heroes, Surtr burned the slums where he lived and killed everyone there, including Helbindi's sister. This even extends to his own children, which is seen when he attacks Laevatein for failing to defeat the Order of Heroes and decides that she would be more useful as a sacrifice to the Rite of Flames.

When Celica was finished, we were horrified by the dark history of

Surtr.

Me: That heartless monster, all he desires is to set the world on fire and destroy everything and everyone.

Nico: A monster like that doesn't even deserve to live.

This also enraged Antoine D'Coolette, and we felt something inside him snap, as his eyes narrowed in anger and fury at that fiery tyrant.

Antoine D'Coolette: (French Accent) I've had it up to hear with this fiery monster to last an eternity.

Suddenly, Antoine D'Coolette's blue eyes had turned neon blue and he was surrounded by a neon red energy aura with light and darkness, and as he'd approached Surtr, he left behind neon blue energy, light, and darkness with every step.

Antoine D'Coolette: (French Accent) Surtr, the crimes you've committed against the other kingdoms can never be forgiven, nor for the lives that you've callously taken. And now, I will make sure that you pay for all of them infinite-fold!

Then, Antoine D'Coolette was surrounded by a massive vortex of neon red energy with the Sun and The Moon orbiting around the vortex, a coyote running around the vortex, and a phoenix of light and dark energy inside the vortex. Then, as the vortex faded, Antoine D'Coolette emerged, but he was changed forever.

Antoine D'Coolette had grown up to 6'11" in height, he had large and powerful upper and lower body muscles and eight-pack abs, his yellow hair had grown to reach the lower part of his neck, he had a coyote with the Light and Dark Kanji emblazoned on his forehead, he had neon blue eyes and a neon red energy aura with light and darkness surrounding him, he had on coyote earrings with the Light and Dark Kanjis in its paws and a necklace with a coyote holding the Light and Dark Kanji in its paws for the pendant, he had large white angel wings on his back, he has a new sword in his hand called The Sword of Heaven and Hell, it's a large broadsword with a Light and Dark Gem embedded on the 6'5" massive, wide, double-edged long blade, the hilt of the sword is a large golden ring with a large blue gem inside it and a golden cross right on top, a white angel wing and black demon wing for the crossguard, a longer black handle, and a large blue sphere surrounded by white angel wings for the pommel. Antoine D'Coolette had on a long black buttoned-up silk coat with designs and a phoenix on the back, a pair of white gloves, white shirt with red phoenix underneath, long black pants, and black leather combat boots covered in silver armor. Antoine D'Coolette had on his new Bracelets of The Champions of The Universe with red gems on his wrists, his new Belt of Elemental Bravery with large red gem for the belt buckle on his waist, and Eater of Sins revolver holstered on his right hip. There was a white kanji right below the phoenix that said, "Antoine D'Coolette, Long-Standing Member of The Freedom Fighters, Master of Light and Darkness, Skilled Swordsman, and Brave Warrior of Team Loud Phoenix Storm."

アントワーヌ・ドゥーレット、フリーダムファイターズの長年のメンバー、光と闇のマスター、熟練した剣士、そしてチームラウドフェニックスストームの勇敢な戦士。

Antoine D'Coolette has transformed into SUPER ANGEL 750,000,000,000 TWILIGHT COYOTE ANGEL OF BRAVERY!

We were amazed by Antoine's transformation, and when Bunnie saw what happened to him, she had an atomic red blush on her face, upon seeing what happened to her husband.

Sonic: Whoa, looks like Antoine's transformed, that's awesome.

Me: You said it, Sonic.

Bunnie D'Coolette: Wow, Antoine, you look truly incredible. How do you feel?

Antoine D'Coolette: (Divine Echoing Twilight Voice of Bravery and French Accent) **I feel incredible, mon amor, and now, I'm going to take care of this destructive tyrant once and for all.**

Antoine D'Coolette went after Surtr, who fired a blast of fire at him, but Antoine absorbed the blast, and it made him stronger, and he fired powerful blasts of light, darkness, and red energy at Surtr, which exploded with incredible power. They continued clashing, and

Antoine continued absorbing the fire from the attacks, and he was getting stronger and stronger and stronger. Then, he grabbed Surtr, and he sucked out Surtr's fire powers and abilities, and he, along with the rest of us, made them our own. Then, Antoine slashed off Surtr's arms, and he screamed in excruciating pain.

Antoine D'Coolette: **And now, this is the end for you, Surtr. TWILIGHT BLADE OF JUDGMENT!**

Antoine D'Coolette covered his blade in holy and dark fire, and he charged out in full speed, and he'd slashed Surtr through his stomach, and then, Surtr screamed in excruciating pain, as he exploded in purple flame, and he was Super Hakaied forever. We cheered wildly for what Antoine D'Coolette did, as he holstered his new blade and powered down, but Antoine D'Coolette's new body, clothes, weapons, and jewelry were permanent.

Antoine D'Coolette: Surtr, you have failed this universe.

Sonic: That was so awesome. Antoine definitely didn't show Surtr any mercy for what he's done in the past, and he cut him down.

Me: You said it, Sonic.

Bunnie went up to Antoine, who then picked her up, and they shared a passionate kiss, as we cheer for them.

Lola: Who votes to erase their memories?

No one raised their hands.

Me: No one. But the least we can do is give them new homes. Lets get them to the orphanage

Maxxine: (To the viewers) This was a brutal adventure. But we now have seen the last of the Children of The Corn and the cult. The children's parents and the adults were avenged.

Me: Yep. Great job everyone. Lets go home.

We did so and put the children into the orphanage. They were gonna need a lot of help after this. We later went back home and went to sleep.

TO BE CONTINUED…

# Revenge of Slappy The Dummy

In New York City, me, Allie, Eli, Missy and Laura the Glaceon Gene-Slammer were walking through the city.

Laura Emerson: Where are we now?

Laura concentrated and groaned as her temperature got cold.

Me: BRR! That is cold. But it looks like we're in New York City.

Laura turned into GLACEON!

Eli: YEAH! But I think I know why we're here. Look.

We saw the 2 Stupid Dogs: The Big Dog and Little Dog.

Me: The 2 Stupid Dogs.

Allie Wilde: Wow I haven't seen them in a long time.

Missy: That feels like forever since I watched that show.

We went over and we met them and they were really funny dogs. They both were crazy too. I remembered watching their cartoons years ago and they were funny. We learned all about teir enemies and more and we'll face them later on in the future. We then also met a Nekomata named Mikomata as well as a Skarmory Gene-Slammer named Emma Lexitus and I put on my blind man glasses and had Eli cover his eyes and then I snapped my fingers and Emma reverted back and she was naked. Laura reverted back too.

Laura was human again. But naked.

Laura: (covers herself) Do you two want to join us?

Little Dog: You bet we do!

Big Dog: Where's the food?

Me: There's lots of food back home and Fluttershy can take care of you all.

Little Dog: Oh boy!

Mikomata: But it's good that you have helped my little friends here.

Emma Lexitus: (Covers herself) Yeah it sure was.

I gave Emma and Laura new clothes.

Then…

Meow.

Little Dog saw a cat.

Little Dog: CAAAAAAAAAATTTTT!

He hid behind Big Dog.

Big Dog: WOOF!

GIRLY SCREAM!

The cat fell down in a frozen pile.

We laughed at that.

Me: Oh that always cracks me up!

Allie Wilde: Me too!

We went back home.

---

After helping the Big Dog and Little Dog, Lincoln, me, Nico, Eli, Nicole, and Cole Evans were heading to Nowhere, and not only is Lincoln going to rescue the thirteen girls there, but we're also going to help Courage help a hungry dragon who wants to eat Muriel, but we'll help the dragon if he doesn't eat Muriel, Eustace, and the family.

Lincoln: So, we're heading to Nowhere, and I think I know what we're going to do here, not only am I going to rescue the thirteen girls there, but we're going to help Courage help a hungry dragon who wants to eat Muriel, but we'll help the dragon if he doesn't eat Muriel, Eustace, and the family.

Me: That's right, big guy.

Nico: When Francesca called us and told us what just happened this morning, it was already in total chaos. I hope we get there in time.

Cole Evans: We will, don't worry.

We arrived at the Bagge farm and everything was decorated in an awesome nautical theme. Courage was dressed up as a seadog and was playing the accordian.

Me: Wow everything is all decorated for nautical.

Nico: Yep.

Eli: This is awesome.

Muriel: Ahoy me mateys!

Muriel came out with a huge tray full of seafood.

Muriel: 12 bells means it's time for grub in the galley.

Courage: Yay!

Francesca: Oh boy!

We went to the table for an awesome seafood feast.

Eustace: Lousy stinkin fish thing.

Eustace came over.

Muriel: Ah it's me first mate.

Eustace: Just cut the fancy talk and lets get to eating. (Muriel pulls out a bib) And I ain't wearing no bib neither!

Me: Oh Eustace, Muriel makes awesome seafood.

Muriel: That's right. And you may not care much, but Courage, Francesca, J.D. and friends and I are enjoying our new Seafood Sunday Luncheon. Aren't we guys?

Courage: You got that right.

Me: And I do love some good fish.

Nico: Me too.

Eli: Love some good fish.

We were given lobsters and fish.

Muriel: Don't you guys think that the sea-fairing atmosphere makes the food taste better?

We got to eating.

Me: (Eating lobster) Mmm. It sure does Muriel. (Gulps)

Eli: (Eating clams) Delicious.

Nico: (Eating Salmon) Yep.

Eustace: Makes me want to puke in the ocean. (Eating Lobster)

Later we got to putting the dishes away and Eustace, Muriel, Courage and Francesca were outside.

?: HELP!

Suddenly, Lincoln heard the sound of thirteen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the thirteen girls, along with Courage, Muriel, Eustace, and Francesca, but they were cornered by the dragon, and he was going to eat them.

Lincoln: Oh man, guys, I found the thirteen girls, along with Courage, Muriel, Eustace, and Francesca, but they were cornered by the dragon, and he's going to eat them. Come on, let's go.

We rushed on over, and Lincoln saved the thirteen girls, along with Courage, Muriel, Eustace, and Francesca, from getting eaten by the dragon. But, he was already mad that we interrupted his lunch, and he was going to try again, but Lincoln's already had it with him.

Lincoln: Hold it!

The dragon ceased as soon as he heard Lincoln yell.

Lincoln: Alright, now what's the idea trying to eat the Bagge family?

William: I'm a dragon, and I have to eat people, that's my job.

Then, Lincoln noticed something, William has dorsal fins and flippers.

Lincoln: Wait a second, now I know what you are, you're not a flying dragon that eats people, you're an English water dragon.

William: A water dragon?

Lincoln: That's right. Come on, follow me.

We headed out for a large lake, and we soon saw another water dragon come out of the water.

William's Brother: Ah, the famous Team Loud Phoenix Storm, it's an honor to meet you.

Then, William's Brother got out some fish fries and fish-popsicles, and we joined him in the water and we enjoyed the food. Then, William went into the water, and he actually liked it.

William: Wait a second. (Looks at fins) These aren't wings, they're fins, and my feet, they're flippers.

Then, William swims up to the darker green water dragon.

William's Brother: (Puts on Monocle) William, is that you, brother?

William: Tell me, Brother, I'm not a flying dragon, am I?

William's Brother: No, Mom and Pop lost you during a storm. You must have been adopted by flying dragons.

William soon realized that Lincoln was right about who he really is.

William: Why, the lad was right, no wonder I can't stand the taste of people. (Swims up to us) I'm so sorry for trying to eat you, but I have to thank you for not only showing me what I really am, but you also reunited me and my brother.

Lincoln: You're welcome, William.

Then, after a nice seafood lunch, Lincoln and Nicole went up to the thirteen girls who were located there, and when Lincoln saw them, he immediately recognized them. The thirteen girls were Ichika, Nino, Miku, Yotsuba, and Itsuki Nakano from Quintessential Quintuplets, Princess Comet from Princess Comet, Haruka Koumi, Noa Kashima, Narumi Sawara, Mari Sasshou, Hitomi Gonou, Nana Lida, and Bernina from Rail Wars.

Lincoln: Oh wow, it's Ichika, Nino, Miku, Yotsuba, and Itsuki Nakano, Princess Comet, Haruka Koumi, Noa Kashima, Narumi Sawara, Mari Sasshou, Hitomi Gonou, Nana Lida, and Bernina.

Nicole: From Quintessential Quintuplets, Princess Comet, and Rail Wars, awesome.

Lincoln: Are you girls okay?

Ichika: Yeah, we're okay, thanks to you.

Then, when Ichika and the twelve girls saw who it was that saved them from being lunch, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, deep sapphire blue thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Ichika: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twelve clones of himself, and he and the twelve clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Ichika: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

We returned home to The Estate, and we saved Muriel and Eustace and the family from being lunch, and we helped William the Water Dragon realize what he really is, and he was reunited with his long lost brother, in the process.

---

After our rescue in Nowhere, we were then training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and we got a shower after that.

Then, we were heading down to deal with The Panther Claw crime organization, a major enemy of Honey Kisaragi, and we found out that when Lincoln rescued Honey Kisaragi, her world has merged with ours.

Lincoln: So, we're finally going to deal with the Panther Claw crime organization, right, Honey?

Honey Kisaragi: That's right, Linky. It was because of Panther Claw that my father was murdered by them long ago.

Lincoln: The Panther Claw crime organization crossed the line when they murdered your father long ago, and we're going to make sure that they never return to hurt anyone ever again.

Me: He's right, Honey, and we always live up to that promise. We will get justice for your murdered father, and make sure that the Panther Claw crime organization dies here.

We got to work by going after the Elite Warriors, Scud Panther, Gorgon Claw, and Freddy Claw, and Lincoln formed a cloud of darkness to obscure their view, and then, we attacked them by unholstering our weapons, and we cut them down, and left quite a bloodbath. Then, we went after the main three members of the organization, Panther Zora, Panther Jill, and Prince Zera.

Panther Zora: So, the famous Team Loud Phoenix Storm has finally arrived.

Me: That's right, Panther Zora, and we came here for one reason: to take you all down, and destroy your organization once and for all.

Panther Zora: We'll see about that. Kill them!

We transformed, and we went after Panther Zora, Panther Jill and Prince Zera, and we fired powerful blasts of neon colored energy and elemental forces at them, and they exploded with incredible power. Then, we slashed off the arms of Panther Zora, Panther Jill, and Prince Zera, and they'd screamed in excruciating pain, and they were on their last legs.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) Shall we put an end to the Panther Claw gang one and for all, Honey?

Honey Kisaragi: Let's do it, Lincoln.

Lincoln and Honey Kisaragi: PANTHER CLAW GENOCIDE BARRAGE!

Lincoln and Honey Kisaragi fired a powerful barrage of energy blasts, and as they hit Panther Zora, Panther Jill, and Prince Zera, they exploded with incredible power, and it Super Hakaied their spirits. Then, we felt something else happen, it also killed all the other members of the Panther Claw crime organization, and it also Super Hakaied their spirits. We cheered wildly, as we put an end to another crime organization once and for all.

Honey Kisaragi: It's finally over, at last. I've avenged you at last, Dad.

Then, Honey Kisaragi broke down, as she cried. Lincoln went up to her, and as he got down to his knees, he hugged her as she cried hard into his bare chest. It hurt us to see her crying like this, it's because of the Panther Claw crime organization that she'd lost her father.

Lincoln: It's okay, Honey, it's finally over. Your father is already proud of you for fighting against the Panther Claw organization, and you've fought to stop their nefarious schemes. You proved to be an amazing hero to everyone on Earth.

Honey Kisaragi had tears of joy in her eyes and a smile on her face, she knew Lincoln was telling the truth, and they shared a passionate kiss, as we looked on. We returned home, and we've silenced the terror of The Panther Claw crime organization, and we avenged Honey Kisaragi's father.

---

Later in our park we were getting ready for Missy and Qin to have their transformation contest as they were wearing only towels for it.

Kalus: I'm just glad no perverts are around you girls right now.

Me: Don't worry Kalus, we're going to make sure that Jiraiya, Master Roshi and any perverts aren't anywhere near here.

Qin: That's good. Missy I'm really looking forward to this.

Missy: You bet I am Qin.

Nico: It'll be good to see how you transform so fast.

Eli: It sure will be cool.

Me: Pokemon VS Komodo Dragon. That sounds cool.

Mewtwo: Indeed and it's gonna be amazing to see.

Qin: Lets do it.

We had our eyes covered and I had my blind man glasses on and Qin and Missy groaned in pain.

Missy and Qin groaned as their eyes changed.

Alexis: Are you two okay?

Qin's eyes turned green and slit.

Qin: We're okay.

Missy's eyes turned purple and glowed neon blue.

Missy: I'm okay too.

Then they both sprouted tails and Missy's fingers fused into 3 fingers on each hand.

Qin's skin turned scaly and rough.

G1 Mixmaster: How do you two feel?

They both finished transforming.

Scalebreath: We're awesome!

Missy Mewtwo: Yeah we do!

Scalebreath: Who won the contest?

Pinkie Pie: Missy won! Her transformation was the fastest.

Nico: You sure Pinkie?

Pinkie Pie: I'm definitely sure!

Spike the Dragon: We were watching the whole thing.

Missy Mewtwo: YES!

Later they reverted back and Spike covered his eyes too. When Qin and Missy were done reverting back they were naked.

Qin and Missy covered themselves.

Missy: (Tries not to fall) Whoa! Qin, how do you deal with these side effects?!

G1 Jazz: Hey, Qin doesn't have an easy time either.

Qin: It took a while for me to get used to it Missy.

I gave Missy and Qin new clothes and they put them on.

---

Later we were getting ready for our next mission.

Catzi: Nico, I hope you realize that it's your turn today. Even though I doubt we're going to have a mission.

Nico: I have a feeling that something is up. I just know something is up.

Eli then suddenly felt a nasty disturbance.

Eli: Oh no! I sense a huge disturbance in the Force.

Nico: What is it Eli?

Eli: Something escaped from the Dark Dimension.

Nico: Uh oh.

Mysterio, Killer Shrike, Hsi Wu, Shendu, Xiao Fung, Puff, Copperhead, Mummy, Johnny 13, and Femme Fatale then appeared.

Mysterio: Can me, Killer Shrike, Hsi Wu, Shendu, Xiao Fung, Puff, Copperhead, Mummy, Johnny 13, and Femme Fatale help you on the next mission this time? And if so, which Heartless Robots can I use?

Nico: You all sure can and you can use the Darkball Heartless.

Mysterio: Good choice.

Dr. Strange then came to Nico.

Dr. Strange: Nico can I talk to you in private?

Nico: Sure Stephen. What's up?

Nico was taken to a room and then Dr. Strange told Nico a REALLY SHOCKING REVELATION!

Nico: (SCREAMING AND ECHOING) WWWWWWHHHHHHHHHHHHAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA

UH OH! WE ARE IN DEEP SHIT TROUBLE!

Me: Slappy is back!?

Eli: Oh no! That is who I felt escape the Dark Dimension.

Nico: Not good. I'm not afraid of his movie form but I was afraid of his original self.

Yagura: You're not afraid of Slappy's movie form?

Nico: It was his TV appearence that spooked me. I'm not letting my guard down though.

Me: I'm not letting my guard down either. Not after everything that Slappy did.

Missy: I remember seeing how scared Nico was when he saw Slappy did all those horrible things. That was awful.

Allie Wilde: Who is Slappy?

Me: Oh right you weren't told about this Allie. Slappy is the evil dummy from the Goosebumps books.

I went over and showed her the Living Dummy books from Goosebumps.

Allie Wilde: Oh right! I remember that monster.

Arrietty: Who is Slappy?

Me: Right some of you don't know this. Slappy is a living ventriloquist dummy and he has done all kinds of horrible things.

I went over his history.

Slappy the Dummy is the main antagonist in the children's horror book series Goosebumps. He is created by R.L Stein. He is considered one of the most popular and most evil creatures in the series, as well as being the key factor to the success of one of the series' most popular story arcs: The Night of the Living Dummy Anthology. He is also a major villain in the Horrorland series and the narrator of his own series Slappyland as well as being the main antagonist in most books. He is also the main antagonist of the 2015 film Goosebumps and its sequel. He also appears as a major antagonist in the Goosebumps comics.

In the TV series, he was portrayed by Annick Obonsawin in three episodes, and Cal Dodd in two others.

## Past

Slappy was originally created by an unnamed evil sorcerer by being carved out of the cursed wood of a stolen coffin, alongside Mr. Wood. He takes the form of a ventriloquist dummy but is granted life, threatening everyone around him and becoming more of a threat as the series progressed. The only way to make him live is by saying the following incantation "Karru Marri Odonna Loma Molunnu Karrano" (said to mean "You and I are one now"). Written down on a business card, he keeps the spell in his pocket. Almost every new owner reads out the spell, causing the electricity to act strange for a few seconds.

## Night Of The Living Dummy

Slappy would soon be found in the dumpster by Lindy Powell, and later becomes her imaginary friend and ventriloquist dummy. Lindy reads the spell that is inscribed on Slappy's card and brings him to life. Lindy's sister, Kris, becomes extremely jealous of the attention Lindy is getting at school and from her mom. Soon, Kris gets her own dummy, Mr. Wood. Slappy hated his younger brother, so they would frequently fight and attempt to kill each other threw the night. Soon, Mr. Wood is crushed by a steam roller. Following Mr. Woods death, Slappy becomes twice as evil. This makes Slappy even more evil. Kris and Lindy run inside their house, and find Slappy standing up on his own two feet. Lindy sells Slappy the next day, and Slappy get's sent to an apartment store.

## Night Of The Living Dummy II

Slappy gets found once more and sent to a new home. He goes into the custody of Amy Kramer, for a new ventriloquist act. He begins causing chaos and havoc in the household, wrecking Amy's dad's guitar, vandalizing her sister's painting, and even attacking a child. All of this gets blamed on Any, and soon Slappy has taken hold of her entire life. Fortunately, another living dummy (we have yet to know if he is related to Slappy) subdues him by splitting his head open.

## Night Of The Living Dummy III

Slappy get's bought by a dummy collector, and get's his head fixed, bringing him back to life. He begins putting his evil soul into other dummies, causing havoc in the household. This is, once again, blamed on the children of the house. But this time, Slappy attempts to turn the family into dummies too. He gets stopped, however, when lightning hits him in the head, blowing him up and killing him.

## Other Series

Slappy keeps himself quiet, as the new owner finds out strange things are happening in the house. Furniture get moved, things disappear and re-appear. His behavior is akin to those of a very naughty child and a poltergeist. He also has the ability to change people into ventriloquist dolls with his green breath, in addition to animating other dolls and puppets. In Slappy's Nightmare, The Streets of Panic Park, The Dummy meets the Mummy and Diary of a Dummy he serves as an anti-hero. He also appears in the Horrorland series and Goosebumps: Most Wanted.

He also has his own series called Slappyworld where is the narrator of the series and sometimes the main villain of some books. Slappy also would serve as the lesser of two evils or an anti-hero more frequently in these books such as in The Dummy Meets the Mummy or Dairy of a Dummy.

## TV Show

In the TV show Slappy is more villainous than in the books. For example in Night of the Living Dummy 2 in the book his worst act is simply painting Amy's name in Sarah's room and squeezing a girl's hand painfully (though he doesn't break it). In the TV episode he attempts to slam a guitar on Amy's dad (though it's implied he knew Amy would stop him and break the guitar and wasn't going to hit her dad).

In the Night of the Living Dummy 3 episode, he mistreats Rocky and turns Zane into a dummy, as he does in the book. In Bride of the Living Dummy book, he threatens to hurt but not kill the kids at the birthday party, doesn't kill anyone except Mary-Ellen (which is done in self-defense) and desires to make Jillian, who is is sixteen, his "bride". In the TV episode, he is stated by Jimmy to have killed his rivals (although they were other dummies, not humans) and intends to make Jillain's younger sister Katie, who is around the age of a twelve-year-old, his "bride".

He also appears in the comic book series as the main villain of the first arc and set to appear in others. He appears in the first story arc Monster at Midnight as the main antagonist leading the monsters to attack two sisters and later appears in the second arc Download and Die! where he team-ups up with The Creeps to antagonize three young girls.

Slappy also appears in the short story crossover Gaslighted: Slappy the Ventriloquist Dummy vs. Aloysius Pendergast, where Aloysius Pendergast the protagonist of the book series of the same name fights off Slappy.

---

When I was finished, everyone that hadn't heard it was shocked and horrified!

Eli: Nico has been terrified of him and has had a nasty vendetta against him ever since.

Laney: It's true. We have known about his fear and experiences with him ever since he joined us 3 years ago.

May: It's true and it was when we met the Fright Knight.

Lana: Yep.

Lynn Sr: Nico, don't you think you're a little paranoid about this? Besides, it might be fun for Lola to try out different hobbies.

Puff: Hey, don't blame him if that turns out to be the real Slappy.

Nico: I know that's the real Slappy.

We were at the Chortle Portal and we were watching the dummy Lola had like a hawk. Nico was dressed in a trench coat and fedora hat to avoid being spotted. He knew something about that dummy.

Lola: Hey little Miniblossom, what's pink and beautiful and has blue eyes and blond hair? (Through Slappy) I don't know but have you looked at yourself in the mirror lately?

Slappy: (In his head) This girl is pathetic.

Lola: So little Miniblossom. What's the hardest part about being a dummy?

Slappy: Why don't you ask your sister Lori? She's the biggest moron I know.

Everyone but us was laughing at this. Lori was too.

Lori: (stops laughing) Wait a minute. What?!

Lola: But I didn't…

Slappy: Hey, J.D. Some tree fungus just called. it wants its' personality back!

Everyone else continued laughing as I tried not to punch someone.

I wasn't even the slightest bit intimidated.

Me: Shut the fuck up.

Slappy: Why did the tubby disgusting loser cross the road? To get away from Lynn!

Everyone but us continued laughing as Lynn was insulted.

Freon: That's it! The dummy's going down!

Nico: No. Not here. We have to wait until he really makes his move.

Me: Everyone just stay calm. He's trying to intimidate us.

Nico: Yep.

Later we were talking to Lola and Rita, Lynn and some of her sisters were not happy.

Lola: Guys, wait! I didn't say those things. Little Miniblossom did. He has a mind of his own!

Rita: Lola, we let you keep that dummy so you could get a new hobby. Not so you could insult us!

Lynn: Yeah! If you got a problem, say it to our faces!

Slappy: Your faces are the problem! (laughs)

Me: Hey you dummy! Ever take a tour of a toothpick factory!?

Lori: (glares at Lola) Literally not cool.

Killer Shrike: Ok. Why don't we all just calm down and go back to the Estate? The ones who "little Miniblossom" insulted should stay outside and destroy some trees to blow off some steam.

Nico: They can go to the park in the estate.

Me: Okay.

Nico: Lola lets go to my room.

They did so and I was with him and so was Laney, Eli, Retrax.

Nico, me, Eli, Lola, and Retrax were in Nico's room.

Lola: You guys have to believe me. I didn't say those things!

Retrax: It's okay, Lola. We know you didn't do it.

Lola: Really?

Nico: Yeah. We know it was that dummy. And that isn't really his real form.

Lola: It wasn't?

Me: Nope that was Slappy.

Lola gasped in shock!

Lola: That dummy is Slappy!? I had Slappy the Living Dummy from the Goosebumps books!?

Nico: Yep and I saw right through his ruse the very minute you showed him to us. I know all his tricks and I'm not going to let him get away with everything he did. He tormented many of us for the last time.

Me: Then we have to stop him.

Nico: Yep and I made this for us.

Nico pulled out a chart.

Copperhead: (chuckles) Nico actually made a chart detailing the telltale signs of Slappy up to no good. Nico, if you would?

Nico: Certainly. He likes causing misery and chaos around him as well as insulting people.

Me: He's worse than Manson.

Laney: Yep.

Avatar June: (reads chart) "Signs that Slappy is up to no good. Signs include: Slappy insulting people, things getting destroyed or broken, Slappy physically assaulting you, and Slappy being in different places if you put him somewhere." These are actually very detailed.

We were shocked.

Lola: Whoa!

Nico: Yep. Ever since Dr. Strange banished him to the Dark Dimension, I've been following up on the signs of Slappy and watching over them very closely in the movies and in the books like a hawk. That way I can be prepared for him in case he comes back.

Me: Wow. You really have thought this whole thing through with him.

Lola: Wow.

Xiao Fung saw a drawing.

Xiao Fung: Wait. Is this a drawing of Slappy piloting a giant robot?

Maria: I don't think Slappy's smart enough to do that.

Nico: Hey, I know Slappy's so unpredictable that you can't know what he'll pull. So sue me.

Me: Okay you've been served.

Nico: Very funny.

Me: But yeah we got to be ready for anything Slappy pulls.

Lola: Right! I'll make that monster pay for this.

Nico: You and me both Lola. We all will.

Edward: Now we just need to convince the rest of your siblings to not banish you from the family.

Nico: Edward I don't think they will go that far.

Lisa Loud: And I believe I have the evidence we need to clear Lola's name. Allow me to summon everyone.

Nico: Okay.

Lisa went and did so.

Nico: Hsi Wu, I need you to go to Amy Kramer's house. She was the first person to defeat Slappy before.

Hsi Wu: Right. Can I have her address?

Nico gave him a slip of paper with her address on it.

Nico: When you get there you better turn into a human form so you don't scare her.

Hsi Wu: Right.

Hsi Wu flew off to the address of Amy Kramer.

Nico: (To Andy Barclay) Andy since you have a lot of experiences with stuff like this because of Chucky, you will be a most big help on this mission.

Andy Barclay: I won't let you down Commander.

In the living room we had everyone gathered.

Android 21: You guys must be wondering why we called this meeting.

Luna: (glares at Lola) Is it to banish Ms. McHurtsalot from the family?

Lori: Hang on. We should literally give her another chance.

Leni: After how she insulted you, J.D., and Lynn?

Lynn: Hey, you guys forgave me, Lola, and Lori for all the times we screwed up on missions, didn't you?

Me: Yeah we did. But Lola did not say all those things.

Lori: What do you mean?

Nico: I'm afraid that dummy Lola had was really my archnemesis Slappy.

Everyone gasped in shock and horror!

Lynn: But that can't be right! He's trapped in the Dark Dimension!

Eli: I'm afraid it's all true Lynn. Slappy somehow escaped and is back to continue caushing mayhem. I sensed a huge disturbance in the Force earlier.

Nico: Now let me tell you how I was able to know it was Slappy. Ever since Stephen banished Slappy to the Dark Dimension and you all know how scared I was of him years ago before and after I joined the team right?

Luan: Yeah we know that Nico.

Nico: Well after I conquered my fear of him, I meticulously went over every single sign of Slappy throughout the books and TV Episodes and even in the movie and with these signs I was able to know it was him.

Nico told everyone the signs.

Nico: "Signs that Slappy is up to no good. Signs include: Slappy insulting people, things getting destroyed or broken, Slappy physically assaulting you, and Slappy being in different places if you put him somewhere."

When he was done everyone was shocked except for us that already knew about it.

Lily: Wow! Nico went over everything Slappy did perfectly.

May: Wait. Shouldn't we be worried about Slappy spying on us during this meeting?

Johnny 13: You don't have to worry about that.

May: Why not?

Johnny 13: Because Slappy's gone!

We saw that he was gone!

Me: Don't worry. Nico told me this would happen and I managed to slip a tracer onto him when he wasn't looking.

Nico: Very good colonel.

I pulled out a satellite radar hologram and it showed that Slappy was heading to Chicago, Illinois.

Me: He's over in Chicago.

Viceroy: (Randy Cunningham) We should wait for Hsi Wu first.

Hsi Wu: Someone call my name?

Hsi Wu and Amy Kramer came in and was saw that she was armed and ready for war. She had a 12-gauge shotgun, pistols, bombs, grenades, guns and knifes and even an M134 Minigun? What the?

Nico: Whoa! Amy you look like you're ready to go up against a whole army.

Amy Kramer: After everything Slappy put me through, I'm not gonna take any chances.

Amy Kramer: I also brought my dummy Dennis. Don't worry. Unlike Slappy, he's friendly.

Mummy: Is he also alive?

Dennis: You tell me my friend.

Mummy: WHOA!

Luan: Hey wow! Looks like Colonel Crackers and Mr. Coconuts, Eddo and Mrs. Appleblossom have another friend.

Me: Yep they sure do.

Britney Crosby: Hey, don't forget that Slappy hurt me and Molly too!

RD Sam Sharp: We haven't forgotten.

Me: Uh you and the Royal Defenders and many of you guys weren't with us when we met Britney and Molly..

RD Sam Sharp: Oh right sorry.

Laney: No worries. But Amy Kramer and Nico are not Slappy's only victims.

Nico: She is right. Slappy had numerous victims over the years.

Femme Fatale: Let's get going. Who knows what Slappy could be plotting right now?

Nico: Okay.

Me: Scans show that he is at the Abandoned Play Pals Factory.

Nico: I had a feeling he would go to that wretched dump.

Twilight Sparkle: Why what's at that factory?

Me: Oh right you guys don't know about this. But that is the very same factory that made the Good Guy Dolls. Andy got one of those dolls and it was inhabited by Chucky.

Andy Barclay: It's true. I'll tell you al about it along the way.

Nico: Okay. Shannon I know all about your bad history with Chicago…

Shannon: I know Nico. But it's time for me to grow up and put aside my hatred towards Illinois.

Nico: That a girl. Lets roll!

We were off to Chicago.

---

ABANDONED PLAY PALS TOY FACTORY, CHICAGO, ILLINOIS

---

We were hiding and we saw Slappy and he was mad.

Family Guy Penelope: Look at him. Planning his next move. Time to use an entrance to catch him off guard.

Nico: Yep. This monster has tormented everyone for far too long. Lets get him. Including me.

Slappy was fuming mad!

Slappy: THOSE MORONS! I WILL MAKE SURE THEY ALL BURN FOR THIS!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and blasted through the destroyed roof and fireballs rained down all over the floor and the spirits of the Underground Girls and Duelists appeared and swirled around the explosion as a phoenix cry was heard and then we came out and landed.

Nico: Hello Slappy! Miss me?

Slappy: Nico Chan.

Nico: This time you die.

Slappy: I'm not Slappy.

Nico: Did you really think you had all of us fooled, Slappy? I was onto you from the start!

Slappy: Well, I had to disguise myself as a version of myself that doesn't scare you. So, I picked my movie version.

Nico: You know what? Maybe we will visit the Goosebumps movie world someday next year.

Shendu: Too bad you're not going to live long enough to see us do that!

Me: That's right and I'd like you to meet my pal, Sawtooth Cecil. [I pull out a saw.]

Eli: And meet my pal, Buzzsaw Clinton. [He pulls out a chainsaw.]

REVV REVV!

Lana: And my pal, Chopshop Sam. [She pulls out an axe.]

Slappy: (POOPS OUT SAWDUST) OH CRAP.

New Wave, Titanium Toenail, The Gentleman Ghost, Griffin, Doc Ock, Count Vertigo, Juggernaut, The 10,000 Volt Ghost, Ice Demon and Deadwood then appeared.

Nico: New Wave, Titanium Toenail, The Gentleman Ghost, Griffin, Doc Ock, Count Vertigo, Juggernaut, The 10,000 Volt Ghost, Ice Demon and Deadwood.

Doc Ock: Looks like the fun has started.

New Wave: We knew it wasn't Lola who said all those things.

William: Of course it wasn't. And now, Slappy's getting his just desserts.

Me: Or Just Sawdust in this case.

Titanium Toenail: (to Slappy) I hope you wrote your will when you got here!

Nico: Because no one is going to read it or attend your funeral.

Slappy: Oh, please! You guys think you're all that?! When I'm finished here, I'll be 10 times better then you so called Masters of Evil!

Gentleman Ghost: Oh please. You're as threatening as a cute bunny rabbit. No offense to all of you who are rabbits.

Ace Bunny: None taken.

Griffin: (to Big Dog and Little Dog) It's nice having you two on the team

Doctor Octopus: How are you two enjoying the team so far?

Little Dog: It's so amazing!

Big Dog: Where's the food?

Tarantabot then appeared for round 2.

Nico: Back for round 2 Tarantabot?

Tarantabot: I sure am.

Slappy: (nervously) Tarantabot. Buddy. I didn't mean any of that back there. What do you say you help a fellow villain out?

Tarantabot: (glares at him) I hope you get used as firewood.

Nico: Insulting a robot is worse than insulting his mother.

SpongeBob: No no it was his mother he insulted.

Slappy: (Nervously) Yeah yeah.

Tarantabot fired a laser blast and it hit Slappy and burned him all over.

Slappy: (In pain) Ouch.

Me: Hey Jonny lets get cracking!

Jonny 2X4: No problem J.D.!

LOUD CRUNCH!

Jonny cracked his knuckles really loudly and then Slappy's jaw shattered into dust!

Ed: WHAT A PEST!

Edd: That's disgusting.

Ed: MAKE HIM STOP!

Nico: I'll face Slappy while you guys have the usual battles. He and I have an old score to settle.

CRASH!

Slappy got up and he was MONDO PISSED!

He roared in fury!

Eli kicked him into the air and teleported and smashed him into the ground.

?: You will pay for what you did to my comrades!

Suddenly, the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large colored orbs orbiting around the legs of Lincoln's sisters, and the eight large purple orbs orbiting around Menat's legs were glowing, and that means big trouble was coming.

Nicole: Uh oh, I know that voice from anywhere. You can come out now, Yaridovich.

A figure came out of the shadows, and it was none other than Yaridovich, lieutenant of the Smithy Gang.

Me: So, that's Yaridovich, another member of the Smithy Gang.

Nicole: That's right, Dad, and this robot is known as a master of disguise, he can make himself look like anyone. But, his true form resembles a spear.

Sari Sumdac: Let me take a crack at this guy.

Suddenly, Sari Sumdac's eyes turned neon blue, and she was surrounded by an orange energy aura with lightning and the symbol of the Autobots, she unholstered her Sword of The Autobots from her back, and as she approached Yaridovich, she left behind orange energy, gears, and lightning with every step. Then, Sari was surrounded by a massive vortex of orange energy with lightning crashing down and gears flying around the vortex, there was a robot dragon flying around, and inside of the vortex was a blue phoenix. Then, as the vortex faded, Sari emerged, but she was changed forever.

Sari Sumdac grew up to 6'0" in height, she had the body of a goddess, she has neon blue eyes and an orange energy aura with lightning and gears surrounding her, her red hair has blue highlights, she had a dragon with a gear emblazoned on her forehead, she has on dragon earrings with the Thunder Kanji in its claws and a necklace with a dragon with the Thunder Kanji in its hands, she has large red angel wings with lightning surrounding it, the massive, wide, double-edged blade of her Sword of The

Autobots grew to 6'5" in length and the long black handle grew longer, she now has on a sleeveless orange blouse with a blue phoenix, an orange skirt with lightning, yellow pants, and orange leather ankle-high combat boots, she has on an orange sleeveless trenchcoat with gears and lightning on the coattails and the Autobot symbol on the back. Sari Sumdac has on her brand- new Bracelets of The Champions of The Universe with blue gems on her wrists, her new Belt of Elemental Bravery with large blue gem for the belt buckle, and her new Eater of Sins revolver holstered on her right hip. There was a blue kanji below the Autobot symbol that said, "Sari Sumdac, Daughter of Dr. Isaac Sumdac, Amazing Ally of The Autobots, Master of Robotics and Lightning, and Loving Future Wife of Lincoln Loud"

Sari Sumdac has transformed into SUPER ANGEL 750,000,000,000 CYBER LIGHTNING ANGEL OF HONOR!

We were amazed by Sari Sumdac's transformation, including the Animated versions of The Autobots. But, when Lincoln saw what happened to her, he had an atomic red blush on his face.

Me: Whoa, Sari's transformed.

Nico: You said it, Colonel, Sari has become a Cyber Angel of Honor, and she's going to send that bad robot to the scrap heap.

Lincoln: Wow, Sari, you look beautiful, how do you feel?

Sari Sumdac: (Divine Echoing Electrical Voice of Honor) **I feel incredible, Linky, and now, I'm going to send this guy to the scrap heap. Would you like to join in?**

Lincoln: Of course, Sari.

Lincoln transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and unholstered his massive Sword of Taranis from his wider muscular back, and he'd joined Sari Sumdac.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Let's get that pile of scrap metal.**

Sari Sumdac and Lincoln went after Yaridovich, who made clones of himself to attack, but Lincoln and Sari Sumdac made clones of themselves, and Sari attacked Yaridovich and his clones with powerful blasts of neon blue energy, gears, and lightning, and Lincoln followed by firing powerful neon blue energy blasts with elemental forces orbiting around the blue cores, elemental forces, super lightning, and massive blasts of ice, which hits Yaridovich and his clones, and exploded with incredible power, and it caused his clones to vanish, and Yaridovich was already on his last legs.

Then, Lincoln and Sari Sumdac grabbed Yaridovich, and they sucked out all of Yaridovich's powers and abilities, and they, along with the rest of us, made them our own.

Sari Sumdac: **Shall we send him straight to the scrapyard, Linky?**

Lincoln: **With pleasure, Sari.**

Sari Sumdac and Lincoln: **CYBERTRON ELEMENTAL MEGABLAST!**

Sari Sumdac and Lincoln both fired two massive powerful waves of neon blue energy, along with the thirteen elemental forces, and as they hit Yaridovich, they exploded with incredible power, and he was Super Hakaied for good. We cheered wildly for what Sari Sumdac and Lincoln did, as they holstered their weapons and power down, but Sari Sumdac's new body, clothes, and weapons were permanent. Then, Lincoln picked Sari Sumdac up in his abnormally large and powerful muscular arms, and he'd hugged her, and as they locked eyes, the two of them kissed passionately, as we cheered for them. But, they transformed again, as we were going to rip Slappy the Living Dummy apart.

We smashed and pulverized him all over the place some more.

They fired a massive fire blast of light and dark and incinerated Slappy the dummy and knocked him down and then his spirit came.

Nico: This is the end for you Slappy.

Slappy: (as a spirit) Did you forget? I can possess anyone as a spirit!

Nico: (smirks) We'll see about that! HAKAI!

But rather then hold out his hand, Nico threw a punch at Slappy's spirit as he flew towards him.

Nico's fist hit his spirit and super hakaied Slappy in an instant!

We were shocked!

Me: WHOA! Nico you punched him and Hakaied him!? WHOA!

May: Wow! Way to go Nico!

Me: Hakai Punch. Very awesome variation.

Nico: Yep.

We powered down.

Count Vertigo: Did you really have to punch Slappy to Hakai him?

Nico: I wanted to close out the fight with a bang.

Juggernaut: Hey, I'm not complaining. I thought it was badass!

Me: It's a really good variation of the technique. Very well created.

10,000 Volt Ghost: And we really should go to the Goosebumps movie world next year.

Ice Demon: Now, who wants to use Slappy's corpse as firewood.

Deadwood: I've got the marshmallows.

Deadwood pulled out a bag full of giant marshmallows.

Nico: Lets go to the park at the estate and cook them.

Me: Awesome!

Lola: Thanks for believing me, Nico.

Nico: Anytime Lola and Mr. and Mrs. Loud I think you, Lori and Lynn owe someone an apology.

Lynn Sr.: Oh you're right. Lola we're sorry.

Lori: Yeah we are literally sorry.

Me: How did you find Slappy anyway Lola?

Lola: I found him in the attic I thought he was a normal ventriloquist dummy.

Nico: Wow.

Lola: Ventriloquism isn't my thing. From now on, I'll stick to pageants.

Luan: Yeah save the ventriloquism to me and Mr. Coconuts.

Eddy: Yeah and me and Eddo.

Mr. Coconuts: That's right kid.

Amy Kramer: Yep. (To the viewers) Be careful with what you find in your attic. It might be haunted.

Nico: Yep.

We went to the park in the estate and we had an awesome campfire with the wood of Slappy. But at long last, the terror of Slappy the Living Dummy has been silenced forever. Nico can now sleep more peacefully tonight knowing that he and many others will never have to see that monster again. After we had a great camping party at home we went to sleep.

TO BE CONTINUED…

---

Part 5 done.

Slappy the Living Dummy of the Goosebumps Books was one of the most iconic and most evil villains in all of the Goosebumps stories and R.L. Stine made an awesome and scary monster. What Slappy did makes him horrible and evil. The first part of the chapter was for the awesome 1993 cartoon 2 Stupid Dogs. That's one of my favorite cartoon shows from my past and it was awesome and funny. The 2nd Part was for the Courage the Cowardly Dog Episode called Food of The Dragon and that was a good one and it was funny too. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts and the guest reviewer gave me the ideas for this. Thanks guys. The first part for my rescue is gonna be in the world of the movie Anaconda and we're going to be killing one nasty and huge snake as well as rescue a Sea Bishop named Olma and a Kartana Gene-Slammer from Japan named Kyoko Yamaguchi. Me, Allie, Missy, Eli and the Stakataka Gene-Slammer will go on this rescue. For Lincoln it will be in the world of Skylanders Trap Team and we're going to Sunscraper Spire and instead of Luminous we're going to stop the Coordinator and the men that destroyed the Fire Village and left Eclair as the last of her village. She will also transform in that one. The 6th part of the saga is gonna be epic. We're going to face King Ghidorah from the 1964 movie Ghidorah the Three-Headed Monster and get ready for an epic and explosive battle as we help Godzilla, Mothra and Rodan face the 1st incarnation of Godzilla's most dangerous archnemesis. Also we're going to help Princess Salina Salno come to her senses after she was hypnotized into believing she is from Mars and destroy assassins that are out to kill her. We're not going to let those assassins from her land of Selgina get away with it.

See you all tomorrow.

# Wrath of King Ghidorah

In the Amazon Rainforest, me, Eli, Allie, Missy and Alana the Stakataka Gene-Slammer were walking on the water and we got to a dock and it lead to a deserted warehouse.

Me: Wow look at this place.

Alana Vongphachanh: (Lao Accent) Why do I get the feeling that we're about to deal with something massive.

Alana concentrated and groaned as her hair fell out.

Me: I have that feeling too Alana.

She turned into Stakataka!

Me: Yeah!

We went into the abandoned building that was right on the edge of the river and then we heard a hiss and then we saw A HUGE ANACONDA! It was really the Anaconda from the 1997 movie ANACONDA!

---

On the Amazon River, a poacher (Danny Trejo) hides from an unknown creature in his boat. While it breaks through the boat and attempts to catch the poacher, he commits suicide by shooting himself to prevent the beast from killing him.

Meanwhile, a film crew is shooting a documentary about a long-lost indigenous Amazonian tribe known as the Shirishamas. The crew includes director Terri Flores (Jennifer Lopez), cameraman and childhood friend Danny Rich (Ice Cube), production manager Denise Kalberg (Kari Wuhrer), Denise's boyfriend and sound engineer Gary Dixon (Owen Wilson), narrator Warren Westridge (Jonathan Hyde), anthropologist Professor Steven Cale (Eric Stoltz), and boat skipper Mateo (Vincent Castellanos). The group encounters stranded

Paraguayan snake hunter Paul Serone (Jon Voight), who convinces them he can help them find the Shirishamas.

Most of the crew are uncomfortable around Serone, and Cale clashes with him several times about Shirishama lore. Eventually, Cale is stung by a wasp, and an allergic reaction swells up his throat and leaves him unconscious. Serone performs an emergency cricothyrotomy, seemingly saving Cale's life, but soon after, he takes over the boat, forcing the crew to help him achieve his true goal: hunting down a giant record-breaking green anaconda he had been tracking, which he believes he can capture alive.

Mateo gets lost and is the first to be killed by the anaconda near the wreckage of the poacher's boat. A photograph in an old newspaper from this boat reveals that Mateo, Serone, and the poacher were working together to hunt animals, including snakes. The others try to find Mateo while Serone kills a monkey to use as anaconda bait. He promises that if the crew helps him find the snake, he will help them get out alive. That night, the anaconda attacks the boat crew. Serone attempts to capture the snake, but it coils around Gary, crushing him. Terri attempts to shoot the anaconda to save him, but Serone knocks her gun away and the snake devours Gary. The crew overpowers Serone and tie him up as punishment.

The next day, the boat becomes stuck at a waterfall, requiring Terri, Danny, and Westridge to enter the water to winch it loose. Denise confronts Serone and attempts to kill him to avenge Gary's death, but he strangles her with his legs before dumping her corpse into the river. The anaconda returns, and Westridge distracts it long enough for Terri and Danny to return to the boat while Westridge ascends the waterfall. Serone gets free during the attack and attacks Danny. The anaconda climbs a tree and attacks Westridge, but the tree snaps. The crew winds up in the water, Cale wakes up in the process, and Westridge is killed by the anaconda. The snake attacks Danny, but Terri shoots it in the head. Serone, still believing he can capture the snake alive, attacks her. Cale stabs him with a tranquilizer dart before losing consciousness again himself, and Danny knocks Serone into the river.

Serone manages to catch up to the group and captures Terri and Danny, using them as bait in an attempt to capture a second, much larger anaconda. The snake attacks Terri and Danny, slowly suffocating them. Serone attempts to catch the anaconda in a net, but it breaks free and attacks him, eventually swallowing him whole. Terri and Danny escape their bonds.

Terri retreats to a building and finds a nest full of newborn anacondas. The snake regurgitates Serone's corpse and chases her up a smokestack. Danny pins its tail to the ground with a pickaxe and ignites a fire below the smoke shack, setting the snake on fire. The resulting explosion sends the burning anaconda flying out of the building and into the water. As Terri and Danny recuperate on a nearby dock, the anaconda resurfaces, but Danny kills it with an axe to the head.

Afterwards, Terri and Danny reunite with Cale, who begins to revive on the boat. While floating downriver, the trio suddenly locate the Shirishama tribe, who help them escape the Amazon.

Me: Whoa! LOOK AT THAT SNAKE!

Missy: That is a nasty snake!

Eli: He's huge! Wait a second. I know that snake. It's from the 1997 movie Anaconda!

Me: I know that movie. Ugly snake! Looks like we're going to have a rescue as well as arrest Serone.

Alana Stakataka: Lets get this monster.

We went at the Anaconda and we smashed it dead by breaking its brain and then we met PAUL SERONE!

---

Paulerson "Paul" Serone is the main antagonist of the 1997 live-action film Anaconda. He is a cruel and ruthless snake hunter whose primary goal was to track down a legendary giant anaconda and capture it for a million dollar reward.

He was portrayed by Jon Voight, who also played Jim Phelps in Mission Impossible, Mr. Sir in Holes, and Thomas Reynolds in Enemy of the State.

## Meeting the Crew and Revealing Himself

While a documentary film crew is searching for a lost civilization in the Amazon, they encounter Serone, stranded and deserted on his boat. He says he started out as a priest, but turned his career to hunting snakes. He offers to help them in their search. However, he is actually taking them on the hunt for a huge and million dollar worth Anaconda.

After they discover his true nature, he produces a firearm and forces them to cooperate with him, taking the boat crew hostage. He winds up killing a person and later attempts to feed several to the Anaconda in a trap.

## Demise

In a last ditch attempt to get the million dollar prize, Serone sneaks up and ambushes Danny and Terri, the two main protagonists of the movie and uses them as bait to lure a large anaconda in. He succeeds and the Anaconda is led to them, constricting Danny and Terri in hopes in eating them, however it's attacked by Serone and angrily attempts to escape his net trap, the Anaconda succeeds and decides to go after Serone in a fit of rage. It catches Serone and constricts him, making Serone's plan ultimately backfire and is killed by the anaconda. However just before he dies, he is regurgitated by the Anaconda and mockingly winks at Terri before dying.

---

We pulverized him all over and then we got help from a Sea Bishop Mermaid named Olma as well as a Kartana Gene-Slammer from Japan named Kyoko Yamaguchi and knocked out Serone and tied him up and arrested him. Eli used energy ropes. I put on my blind man glasses and Eli covered his eyes and I snapped my fingers and Kyoko reverted back and she was naked. Alana reverted back too.

Alana was human again. But naked.

Alana: (covers herself) Let's use that snake's corpse to make wallets!

Missy: I could always use a new snake skin purse.

Olma: But thank goodness this snake will never hurt anyone again.

Kyoko: (Covers herself) (Japanese Accent) But thank you all for saving me and it looks like Serone is looking at hard time in jail.

I gave Alana and Kyoko new clothes.

Me: You're welcome Kyoko.

Eli: But this was an awesome adventure.

Allie Wilde: Boy it sure was.

I picked up the dead giant Anaconda.

Me: Wow this snake is huge and heavy.

Alana: Lets see.

Allie and Alana measured it and it was 40 feet long!

Alana: WHOA! 40 feet long! And it weighs 5,000 pounds!

We were shocked that a snake like that could be that big and weigh that much.

Allie Wilde: Wow! The largest Anaconda was over 27 feet.

Me: This is a record breaker.

We went back to the estate and we made the giant anaconda into bags and an awesome purse that is also a bookbag for Missy. Serone was sent to prison in the Uranus prison for life without parole. Turns out he was wanted in 4 countries all over South America for poaching snakes.

After dealing with the giant Anaconda, Lincoln, me, Nico, Eli, Nicole, Crash Bandicoot, Spyro, Éclair, and Leo Corbett were heading to the world of Skylanders: Trap Team, specifically Sunscraper Spire, and not only is Lincoln going to rescue the twelve girls here, but we're also going to stop the Coordinator and the men that destroyed the Fire Village and left Éclair as the last of her village 400 years ago.

Lincoln: Wow, we're in the world of Skylanders: Trap Team, specifically Sunscraper Spire, and I know what we're going to here, not only am I going to rescue the twelve girls here, but we're also going to stop the Coordinator and the men that destroyed the Fire Village and left Éclair as the last of her village 400 years ago.

Me: That's right, big guy. After what Éclair went through 400 years ago because of them, it's fair that she gets some payback on them.

Nico: Left alone for 400 years after her village was destroyed by them, they deserve to pay dearly for it.

Leo Corbett: That's right.

Spyro: At least, we're not facing Luminous in the Sunscraper Spire this time.

Crash Bandicoot: True, Spyro. Plus, from what I sensed, it looks like Éclair is the next one in J.D.'s harem to transform, and once that happens, those bastards are going to get burned by the flames of the phoenix.

Me: You got that right, Crash.

?: HELP!

Suddenly, Lincoln heard the sound of thirteen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the thirteen girls, but they were cornered by the Coordinator and the men that destroyed The Fire Village 400 years ago, and they were going to kill them.

Lincoln: Guys, I found the thirteen girls, but they've been cornered by the Coordinator and the men that destroyed The Fire Village 400 years ago, and they're going to kill them. Come on, let's go.

We rushed on over, and Lincoln punched the Coordinator hard in the stomach, and sent her flying at her men and I punched and smashed the men she had with her and sent them flying, and they crashed into each other. Then, when they saw Éclair here, they were enraged.

Coordinator: How are you still alive?! I thought we wiped out everyone from The Fire Village 400 years ago.

Éclair: It was because of the blood of The Phoenix that I survived those 400 years of loneliness, but as a result, I lost my memories. But, thanks to meeting Team Loud Phoenix Storm, my memories had returned, and I remember everything that you and those mercenaries did 400 years ago to my home and to everyone there. And I've had enough of you monsters to last an eternity.

(SIREN SONG BY YUKI KAJIURA PLAYS)

Suddenly, Éclair's eyes turned neon orange, and she was surrounded by an orange aura with flames and phoenixes, as she unholstered her Sword of The Phoenix from her back, and as she approached the very people who destroyed her village four centuries ago, she left orange energy, hot flames, and phoenixes with every step.

Éclair: I will never forgive any of you for what you did 400 years ago. You destroyed my village and killed all my friends and my family, so you could get your hands on The Phoenix Stone. And now, I will make sure that you all pay for your crimes 400 years ago infinite-fold!

Then, Éclair was surrounded by a massive vortex of orange energy with flames surrounding it, there was a phoenix flying around the vortex, and inside the vortex was a red phoenix. Then, as the vortex faded, Éclair emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Éclair was now 5'11" in height, she had the body of a goddess, she now has neon orange eyes and a neon orange energy aura with flames and phoenixes surrounding her, her brown hair now has flame highlights in it, she has a phoenix with the Fire Kanji in its claws emblazoned on her forehead, Éclair now has large orange angel wings with fire coming from the tips of the feathers and six massive and long red phoenix tails with orange feathers on them, she has on phoenix earrings with the Fire Kanji in its claws and a necklace with the phoenix with the Fire Kanji in its claws for the pendant, she now has on a sleeveless red blouse with an orange phoenix on it, a red skirt with with flames on it, and black leather ankle-high combat boots, and a red sleeveless trenchcoat with flames on the coattails with a phoenix on the back. The massive, wide, double-edged blade of her Sword of the Phoenix grew to 6'5" in length and the long black handle grew longer. Éclair now has on her new Bracelets of The Champions of The Universe with red gems on her wrists, her new Belt of Elemental Bravery with large red gem for the belt buckle, and Eater of Sins revolver holstered on her right hip. There was a gold kanji below the phoenix that said, "Éclair, Bearer of The Phoenix Stone, Lone Surviving Member of the Fire Village and the Phoenix Priestess of The Fire Village, Master of The Flames of The Phoenix, and Loving Future Wife of James Dean Knudson."

エクレア、フェニックスストーンの持ち主、ファイアビレッジの孤独な生き残りメンバー、ファイアビレッジのフェニックス巫女、フェニックスの炎のマスター、そしてジェームズディーンクヌッドソンの愛する未来の妻。

Éclair has transformed into SUPER ANGEL 750,000,000,000 FIRESTORM RAGING PHOENIX ANGEL OF LOVE!

I had an atomic red blush on my face when I saw Éclair transform, and Lincoln, Nico, and the others were impressed by her transformation.

Lincoln: Wow, Éclair has transformed.

Nico: You said it, Linc, and those bastards are finally going to get burned.

Me: Wow, Éclair, you look beautiful. How do you feel?

Éclair: (Divine Echoing Firestorm Voice of Love) **I feel incredible, J.D., and now, it's time to deliver 400 years of payback for what the Coordinator and her men did to me and the Fire Village.**

We also transformed, and we went after the Coordinator and her men for what they did to Éclair and her village 400 years ago, and we blasted them with energy blasts, and Éclair fired powerful blasts of fire, which burned them severely. Crash Bandicoot tossed Lincoln and Éclair two Traptanium crystals, which entered into the large gems of their massive swords, and when they swung their blades at the Coordinator and his men, they fired powerful blasts of Traptanium energy, which trapped them inside Traptanium crystals for all eternity.

We cheered wildly, as we powered down, but Éclair's new body, clothes, jewelry, and weapons were permanent, and I hugged Éclair as soon as she broke down, and she cried hard into my chest, and I was comforting her, then we shared a kiss.

Then, Lincoln and Nicole went up to the thirteen girls sighted here, and when Lincoln saw who they were, he immediately recognized them. The thirteen girls were Hibiki Tachibana, Tsubasa Kazanari, Chris Yukine, Maria and Serena Cadenzavna Eve, Shirabe Tsukuyomi, Kirika Akatsuki, Kanade Amou, and Miku Kohinata from Symphogear, Sochie Heim from Turn A Gundam, Christina Mackenzie and Lalah Sune from Mobile Suit Gundam.

Lincoln: Oh wow, it's Hibiki Tachibana, Tsubasa Kazanari, Chris Yukine, Maria and Serena Cadenzavna Eve, Shirabe Tsukuyomi, Kirika Akatsuki, Kanade Amou, Miku Kohinata, Sochie Heim, Christina Mackenzie, and Lalah Sune.

Nicole: From Symphogear, Turn a Gundam, and Mobile Suit Gundam, awesome.

Lincoln: Are you girls okay?

Hibiki Tachibana: Yes, we're okay, thanks to you.

Then, when Hibiki Tachibana and the other twelve girls saw who it was that saved them from the Coordinator and his men, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, deep sapphire blue thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern

ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Hibiki Tachibana: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twelve clones of himself, and he and the twelve clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Hibiki Tachibana: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

We returned home to The Estate, and we got justice for Éclair and everyone in the Fire Village who'd perished 400 years ago, and as for the imprisoned Coordinator and the men responsible for what had happened 400 years ago in the Fire Village, they've been sent to The Neptune Prison for Traitors, and put into a small holding cell in Solitary Confinement, and locked inside a safe with the sign "Do Not Open Ever!" and we also put in a powerful spell to make sure it never opens and they can never get out.

---

After getting justice for what happened to Éclair 400 years ago, we were then training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and we got a shower after that.

Then, we were heading down to meet Robin Loxley's friends, and deal with the Sheriff of Nottingham and his villainous son, Gisbourne. Plus, we'd soon found out that when Lincoln rescued Robin Loxley, her world has merged with Earth.

Lincoln: So, we're finally going to deal with Gisbourne and his father, The Sheriff of Nottingham once and for all, right, Robin?

Robin Loxley: That's right, Lincoln, for too long, those two have caused so much pain and suffering to so many of us in Sherwood. I'll finally be glad to get rid of them once and for all.

Me: Same here, Robin.

We arrived at Sherwood, and it was a dystopian nightmare, because of an environmental disaster that occurred there in the year 2270.

Me: My God, this place is a nightmare.

Robin Loxley: And as if that wasn't bad enough, Gisbourne and The Sheriff of Nottingham created a Regime, in which only the wealthy rule, and the poor are subjected to oppression and tyranny, and that is something I can't allow.

Lincoln: And we'll make sure that Gisbourne and The Sheriff of Nottingham pay for this.

We've met up with Robin Loxley's allies, Iniko, Tui, Gripper, Rose Trefgarne, Robin's father, Thomas Loxley, and Juba, and we soon got to work on the attack. Robin Loxley hacked the defenses on the mansion, where Gisbourne and The Sheriff of Nottingham reside, and we got a layout of the place, it was tightly guarded, but we found a way to get inside of the mansion via an underground system of tunnels.

Then, Lincoln made a massive cloud of darkness, which obscured the views of the guards who are at the mansion. Then, he fired massive red energy waves, which as soon as they latch onto the guards, Lincoln started sucking out and absorbing all their energy, which made him and the rest of us much stronger than ever, and it killed the guards. Then, we made our way into the mansion, and waiting for us was Gisbourne and The Sheriff of Nottingham.

Sheriff of Nottingham: So, the famous Team Loud Phoenix Storm has arrived, along with the peasant Insurgents who've caused us nothing but trouble.

Lincoln: And we came here for a reason: to take you and your son down, and put an end to your so-called Regime.

Me: Your Regime has led to nothing more than oppression and despair for the innocent all across the land, and now, we will end your lives here and now!

Grisbourne: How dare you lowly commoners threaten us like that?! YOU SHALL ALL PAY WITH YOUR LIVES!

Lincoln: The only ones paying with their lives are you and your father. Let's get them!

Lincoln transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and he unholstered his massive Sword of Taranis from his wider muscular back, and we also followed his lead, and we'd powered up and transformed, and we went after Grisbourne and The Sheriff of Nottingham. We fired powerful neon colored energy blasts and elemental forces at The Sheriff of Nottingham and Grisbourne, and they exploded with incredible power. Plus, we'd made the wealthy citizens aware of the crimes of Grisbourne and the Sheriff of Nottingham, and as soon as the wealthy citizens found out, they were outraged and called for The Sheriff of Nottingham and his son to be brought to justice, and this outrage from the wealthy has enraged The Sheriff of Nottingham and Grisbourne to the point where they were blinded by rage.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **And now, this is the end for your Regime and an end to your pathetic lives.** (To Robin Loxley) **Robin, let's end these tyrants once and for all.**

Robin Loxley: You got it, Linky.

Lincoln and Robin Loxley: SHERWOOD JUSTICE MEGABLAST!

Lincoln and Robin Loxley fired two massive waves of energy, and inside it were Robin Hood and his Merry Men, and as the massive energy waves hit The Sheriff of Nottingham and Grisbourne, the two energy waves exploded with incredible power, and the explosions killed The Sheriff of Nottingham and Grisbourne, and their evil spirits were Super Hakaied for good.

Lincoln: **Sic Sempur Tyrannus.**

We cheered wildly for what Lincoln and Robin Loxley did, as we powered down and holstered our weapons. Then, Lincoln picked Robin Loxley up in his abnormally large and powerful muscular arms, and he'd hugged her, and as they locked eyes, the two of them kissed passionately, as we cheered for them.

We returned home to the Estate, and we also brought an end to two oppressive tyrants, and ended their oppressive Regime in Sherwood for good, and united the people of Britain in Robin Loxley's world together once again.

In Skylands, we were over at Skylander Academy.

Shadow the Hedgehog: Here we are at Skylanders Academy.

Missy: Wow! Just like when we saw it.

Me: Yep and I want to show you guys around while we're here.

Nico: This is gonna be so cool to see what it's like here.

Spyro: You guys will love it. We do so much here. We'll show you all around.

We saw Skylander Academy and it was amazing.

---

The Skylanders Academy, also referred to as the Skylander Academy or the Skylands Academy, is an island that first appeared as the main hub world in Skylanders: Trap Team. It serves as the training ground for potential Skylanders. It is also the area where the Minis were trained from being Sidekicks to full-fledged Skylanders, and where Imaginators are enrolled to also become part of the team.

The Skylanders Academy was established by Buzz in order to train future Skylanders to protect the Skylands. Since its debut, the Academy serves as the main headquarters for Skylanders and the supporting cast.

In the Return of the Dragon King arc, the school was damaged by the Undead Dragon King Malefor, who sought to destroy the Academy to build a fortress in its place as revenge for the troubles Spyro, Cynder and Hex had caused him. The evil dragon was eventually defeated by the Skylanders, and although the Academy was in ruins, it was set to be rebuilt. During the adventures set afterwards, the school was successfully renovated. However during the Rift into Overdrive arc, the Giantswere forced to break off pieces of the island in order to take out most of Kaos's attacking forces.

In Skylanders: SuperChargers, the Skylanders Academy once again serves as a hub world and is viewed as a symbol of hope for Skylands during its darkest hour when Kaos and The Sky Eater struck.

In Skylanders: Imaginators, the M.A.P. replaces it as a hub, but the Academy can be acessed for its previous purposes with the exception of the store. The appearance is the same as its SuperChargers appearance, with smaller changes to its colors and decoration. Its library can also be accessed twice in the main story after being wrecked by the Sorcerer Doomlander.

---

Lori: I always like the fact that the Skylanders literally learn so much here.

Nico: They do learn a lot here yes.

Me: But this academy was built for the people of Skylands so they can learn all about the great champions of Skylands and the great protectors of the lands as well as learn how to be future Skylanders for the protection of Skylands. The Skylanders have a great responsibility like we do.

Hugo: That's right. But let me show you where most of that information comes from.

We went to the library and we saw that it was all really huge and we saw amazing books.

Twilight Sparkle gasped in excitement and she was in her reading frenzy mode.

Twilight Sparkle: Ohmygoshohmygoshohmygoshohmygosh!

Sunset Shimmer: Looks like Twilight is excited.

Me: Boy like a kid in a candy store.

Nico: Lets get to reading.

We got to reading and we started with the history of Skylands.

---

Skylands is the main setting in the Skylanders series. It is a magical world in the center of the Universe that contains an endless expanse of clouds with large and small floating islands; each with its own world, inhabited by both normal and fantastic creatures. Protected by the Skylanders, it is under constant threat by evil.

Everything in Skylands was created by the Ancients with Mind Magic, first created for everlasting peace until The Darkness was accidentally unleashed. With no known beginning or end, Skylands is a wondrous world filled with magic and mystery, both light and dark. Magic flows through everything in Skylands, from every rock, tree, and beast. It is also home to the Skylanders, including Spyro, who serve as Skylands' greatest protectors. The Portal Masters and the Skylanders protected Skylands and its magical Core of Light for generations, using their magical powers and weaponry to keep peace and balance in their world so that all creatures can thrive.

Throughout the history of Skylands, brave explorers have piloted airships far and wide to see what lies beyond its cloud-filled skies. Some were lost in the Great Black Whirl Storm while others were shipwrecked on strange and dangerous islands. But one thing has always proven true: there is seemingly no boundary or end to the world of Skylands.

---

Then came The Darkness.

---

The Darkness is the overarching antagonist of the Skylanders series, debuting in Skylanders: Spyro's Adventure. It is the ultimate force behind most of the evil in the series, being depicted as a large mass of dark, ominous storm clouds or as a swirling clump of darkness. The Darkness later returns in Skylanders: SuperChargers as the true main antagonist.

## History

Centuries ago when the Ancients were eagerly exploring the universe using the Rift Engines, they accidentally created a sinister rift engine that opened a portal to a forbidden world. From this portal emerged The Darkness, who proceeded to wreak havoc and unleash dark forces across Skylands. The Skylanders and Portal Masters of old held back the minions of The Darkness until a solution was made known when the Ancients created the Core of Light, which repelled the Darkness to the dark corners of Skylands.

Despite being driven away, The Darkness was still out there, notably lending its assistance to Dark Portal Masters which it corrupted with dark thoughts, in their evil schemes. It played a role in wiping out Voodood's entire tribe when they marched to battle the evil force, resulting with Voodood being the only survivor. When The Darkness attempted to corrupt the Core of Light, its influence nearly consumed Spyro, and it was Master Eon's timely spells that saved the young dragon from a horrible fate. The Darkness also destroyed Boom Jet's homeland, but the Air Skylander managed to rescue the citizens just in time. Elves who chose to be evil and embraced the effects of The Darkness are called Drow, but they retained their love for nature.

## Skylanders: Spyro's Adventure

For generations, the Core of Light repelled The Darkness until Kaos returned from his exile and destroyed the Core, allowing him to use The Darkness for his own gain to take over and rule Skylands as its emperor. After the Core of Light was restored by the new Portal Master and their Skylanders, The Darkness was repelled once more.

In the 3DS version of Spyro's Adventure, The Darkness came to the Radiant Isles and brought with it Hektore, who proceeded to capture the Mystic Seekers and forced them to create the Dark Mirror that shrouded the Radiant Isles from the rest of Skylands. After Hektore was destroyed, The Darkness was driven away.

### Skylanders: Trap Team (3DS)

Though not appearing in the main story, The Darkness took over the Midnight Museum, attempting to engulf its relics in "eternal forgottenness". It could only be repelled for small amounts of time with the museum's light spheres, giving just enough time for the Skylanders to retrieve the relics before it engulfed the building.

### Rift into Overdrive

It was revealed that a small, remaining portion of The Darkness was collected after being pushed back by the Core of Light. This fragment of darkness was sealed inside a vial behind an elemental door within the Skylanders Academy where no one could gain access to it. However, the Darkness fragment was able to transfer its power to strengthen Kaos, who was locked away in his Traptanium prison after the events of Skylanders: Trap Team. Because of this, Kaos was able to leave his cell for short periods of time without the Skylanders knowing, eventually leaving his prison completely. After planning his escape, Kaos and Glumshanks broke open the elemental door within the school and took away The Darkness fragment to be used for their latest evil plan in ruling Skylands.

### Skylanders: SuperChargers

The fragment of The Darkness grew into a large power source for Kaos' Sky Eater, consuming the magic of Skylands as the machine ravaged the skies. It eventually became sentient, gaining a voice and seemingly seeks to help Kaos rule not only Skylands, but the entire universe. However, the Darkness grew impatient with Kaos' negligence in taking matters seriously, informing the Portal Master that the Skylanders were making the Core of Light into a weapon against him. Glumshanks soon pointed out that if The Darkness destroys Skylands, there would be nothing left of Skylands for Kaos to rule over. The Darkness easily manipulated Kaos into siding with it on this goal, driving the evil Portal Master to fire a suspicious Glumshanks in the process.

When Skylands was at its knees, with the Core of Light destroyed by the Sky Eater, Kaos displayed hesitation on destroying Skylands, as without it, he would not be able to rule it like he always wanted. The Darkness, having had enough of waiting, forced the evil Portal Master to cooperate by removing the dark powers it had given to Kaos. Not wanting to lose his powers, Kaos begrudgingly initiated the destruction sequence of Skylands, satisfying The Darkness, who returned Kaos' powers to him. After the Skylanders defeated Kaos within The Sky Eater, The Darkness easily subdued the heroes and commanded Kaos to destroy the Dark Rift Engine to forever crush their hopes of saving Skylands. Instead, Kaos turned on the Rift Engine, having had enough of being ordered around. As it was being pulled into the portal from whence it came, The Darkness swore vengeance and it seemed the day was saved once again. Suddenly The Darkness emerged from the dark portal, now using remnants of The Sky Eater as armor in a final assault against the Skylanders. After a lengthy battle, the force behind all evil was defeated.

Secret Agent Secrets

Spyro mentioned that The Darkness was locked away, presumably back to its own dimension after its battle with the Skylanders.

Me: Whoa. Skylands is amazing.

G1 Shrapnel: There's a lot of history about Skylands.

Me: You're not kidding. It's history that dates back thousands of years ago.

Laney: That is so cool.

Twilight and the girls were reading about the Skylanders of their respective elements.

Twiight Sparkle: Wow. The elements of the Skylanders are amazing.

Princess Luna: And Light and Dark Skylanders are both brand new.

Me: That's what really amazes me. How did the Light and Darkness Elements come?

Spyro: It was because of the destruction of Cloudcracker Prison. The explosion was so powerful that it caused 2 new elements to be made: Light and Darkness.

Me: Wow. That explosion must've shook the very foundation of Skylands to the brink.

Eli: No kidding. That's amazing.

Me: Lets see what it says about each of the Skylanders.

We started with Magic.

**MAGIC SKYLANDERS**

Spyro - ALL FIRED UP!

Spyro is a purple dragon who is the titular character of Skylanders: Spyro's Adventure, and one of the playable Skylanders in the series. He has a Dark counterpart and a Legendary counterpart. He is one of the three Skylanders that come with the console version starter pack of Spyro's Adventure, the other two being Gill Grunt and Trigger Happy.

Spyro's Series 3 variant is Mega Ram Spyro.

Spyro is the great, stout-hearted hero of legend, not to mention the number one defender of Skylands. Hailing from a rare race of magic purple dragons, Spyro was born in a land far away from Skylands' furthest frontiers. From a young age, Spyro became a battler for good; a warrior against evil and protector of the peace. His fearless exploits and heroic adventures were even recorded in the Scrolls of the Ancients (and those Ancients didn't keep a record of just any old thing). One of the many Portal Masters who watched Spyro's success with acclaim and applause was the bearded legend himself, Master Eon. It was Eon who transported Spyro through the Portal of Power to his citadel at the Core of Light. Here, Spyro met the Skylanders squad and swiftly agreed to join them in battling all things nasty.

During his time as as a Skylander, Spyro defeated the evil dragon Cynder when she was menacing Skylands for many years, freeing her from the sinister control of the Undead Dragon King Malefor. After Cynder vowed to fight for good, she and Spyro went on a dangerous quest in which the Undead dragoness came out smiling. Afterwards, Spyro convinced Master Eon to sign Cynder up as one of the Skylanders. Spyro was also the one who inspired Lightning Rod to become a Skylander after telling the storm giant his stories of faraway places and dangerous adventures.

There was an incident with Spyro when The Darkness attempted to corrupt the Core of Light. Spyro nearly suffered a terrible fate when he was almost consumed by the darkness, but he was saved by Master Eon. The old Portal Master then taught Spyro how to control and focus his dark magic. When the young dragon fully harnessed it, he became his sinister alter-ego: Dark Spyro. Combined with his brave heart and careful control, Spyro was able to use this dark power to fight the forces of evil without losing himself to the darkness. But doing this worries his fellow Skylanders at times.

When a group of Skylanders absorbed Petrified Darkness and became darker versions of themselves after a battle with Kaos, it was Spyro who helped them tame that darkness to use it against evil, as he had learned to control that evil power previously.

## The Machine of Doom

Spyro, Gill Grunt, Eruptor and Boomer were on Eon's island with the other Skylanders listening to Gill Grunt's concert, much to their discomfort. Shortly afterwards, Flynn and Hugo crashlanded in their hot air balloon nearby, with Spyro having to save Boomer from where the balloon had landed due to the troll having put dynamite in his ears to mute out Gill Grunt's singing. Hugo informed the Skylanders and Master Eon urgent news of flying sheep attacking the Mabu Market, though the Skylanders didn't believe it at first until they saw an image of the market being attacked in Eon's portal.

After reaching the Market, Spyro, Gill Grunt, and Eruptor found out that the sheep weren't really flying, but were being carried by invisible trolls led by a Spell Punk. While the other Skylanders fought the trolls, Spyro went after the Spell Punk and captured him, forcing the wizard to reveal that they were looking for the Chattering Key and that he and the trolls were testing out an invisibility spell, but the trolls wanted to cause mayhem, therefore drawing attention to themselves. Appearing as a frightening projection of his head, Kaos scolded the Spell Punk, and transported the wizard and the remaining trolls back to his lair. Spyro confronted the floating head of Kaos and demanded to know why he was after the Chattering Key. The evil Portal Master refused to answer the young dragon and disappeared.

Back on Eon's island, Spyro learned from Hugo that the Arkeyans created the Chattering Key as an artifact used to opening a tomb that contains an ancient Arkeyan weapon that Kaos was seeking. Knowing that Kaos would go after such a weapon, the Skylanders decided to get the Key before Kaos does. Using Flynn to transport them to their next destination, the young dragon led Eruptor, Boomer, and Gill Grunt on a journey to the Forest of Fear where the Key is held. The Skylanders soon came in contact with the Fungus Rings of Despair that grew within the forest, trapping them in hallucinations of their worst fears. Spyro's irrational fear came to life, as he saw Master Eon in chains and being tortured by Kaos, who was absolute ruler of Skylands and the universe. The young dragon broke free of his fear by blasting fire at the hallucinations and freed the other Skylanders from the grip of the Fungus Rings of Despair.

The Skylanders soon discovered the Chattering Key, which was being guarded by the statue of a stone Wyvern called Fido. Spyro devised a plan, and his friends confused Fido enough for the purple dragon to snag the Key, and the Skylanders made a quick getaway with the Wyvern in hot pursuit. Before they could leave with the key, Kaos appeared, having captured Flynn. The evil Portal Master revealed that he had used the Skylanders to brave the terrors of the Forest so that he can steal the key from them, and was willing to release Flynn in exchange for it.

Not wanting to endanger Flynn's life for the sake of their mission, Spyro gave Kaos the Chattering Key, and the tyrant summoned a tomb of the Pyramid of Just Rewards that contained the Arkeyan weapon, the Machine of Doom. Kaos opened the tomb, activating one of its pillars that destroys the advancing Fido with a beam of light. The evil Portal Master then used Flynn as a hostage to keep the Skylanders from following him. With the help from the Chattering Key, Spyro and the Skylanders ventured inside the pyramid through the other side where they stumble upon the Machine of Doom itself. As Kaos reached the Machine, Boomer eagerly tried to control the evil contraption but failed, and the weapon itself began to break apart and pyramid around them started to crumble. As Kaos laughed maniacally at Boomer trying to control the Machine of Doom, Spyro was the only one who figured out Kaos' real scheme.

The machine was really a trap designed by the Arkeyans to capture anyone who might be tempted to steal a weapon capable of destroying the Core of Light, knowing that anyone who passed through the Forest of Fear, got the Chattering Key, and unlocked the tomb was too dangerous to walk free. Kaos tricked the Skylanders into seizing the Machine of Doom therefore springing the trap, intending to bury the heroes alive. As Kaos and his minions were making their escape as the pyramid was crumbling around them, Flynn was rescued during the chaos. Spyro attempted to stop Kaos from escaping in his transport portal, but failed when the tyrant fired a magic lightning bolt at the young dragon.

Boomer, having successfully gained control over The Machine of Doom, used the mechanical titan to destroy the portal that Kaos was about to use to escape. Despite knowing that Kaos deserved to be left inside the pyramid in the very trap he tried to spring on the heroes, Spyro recalled Master Eon's ways on what the old Portal Master would do in a situation like this. Making his decision, the young dragon saved Kaos from being buried alive, and the Skylanders narrowly made their escape using The Machine of Doom just as the pyramid crumbled down into a pit.

The Machine of Doom broke apart as a result of the endeavor, and the Skylanders landed outside of the crumbled remains of the pyramid while Kaos made his escape unnoticed. Spyro, Gill Grunt, Eruptor, and Boomer were then greeted by Master Eon, who Spyro informed that he and the other Skylanders had underestimated Kaos, but the young dragon declared that he won't do it again. Although Kaos had been stopped, Spyro knew that this was only the beginning since the evil Portal Master would strike again but that next time they would be ready for him. The young dragon then celebrated their victory as Gill Grunt began to sing a song again.

## Spyro versus The Mega Monsters

Spyro was training with Drill Sergeant, Jet-Vac, and Trigger Happy in mastering his Daybringer Flame attack. However he ended up failing the training session when his attempt to use the Daybringer Flame missed a Goliath Drow illusion and singed only Drill Sergeant and Trigger Happy. Disheartened at the fact that he failed his training again, Spyro was soon tasked by Master Eon to go with Stealth Elf to Stinky Swamp to find a terrible monster the elf had encountered. After saving a Mabu named Snuckles from a couple of Chompies, Spyro and Stealth Elf were attacked by an unusually, giant titchy toad. The toad's toxic saliva caused Spyro and Stealth Elf to fall asleep during the struggle, unable to save Snuckles from the giant titchy toad that was about to devour him and vampire vines that threatened to pull the Mabu apart. The Mabu was then saved by the arrival of Kaos, who used a magic staff to defeat the toad. The evil Portal Master claimed that he was turning over a new leaf by taking down evil doers, much to Spyro and Stealth Elf's complete disbelief.

When the residents of Skylands started praising Kaos for saving them from various mega-sized creatures, Spyro suspected that Kaos was up to something, refusing to believe that the 'evil' Portal Master would suddenly turn over a new leaf out of the blue. He, Jet-

Vac, and Drill Sergeant were soon sent to The Desert of Columns to help the Molekin, Diggs, escape from a strangely familiar troll monster, but Kaos saved the day once again, greatly irritating Spyro. Back at Eon's Citadel, the Skylanders, Master Eon, and Hugo were confronted by the Warrior Librarians of the Eternal Archives lead by Chief Curator Wiggleworth, who had learned of Spyro's legendary and heroic exploits from the books of the Ancients. The Warrior Librarians had come to warn Master Eon that their Eternal Archive, a library that holds not only the dangerous books ever written, was in terrible danger.

Upon arriving at the Archives, the Skylanders confronted a mega-sized Chompy Pod that was impervious to all of their attacks due to its current size. The plant soon spored five giant Chompies, in which Spyro ultimately mastered his Daybringer Flame attack in taking down one of the large monsters. As the Skylanders were outmatched by the remaining giants, Kaos appeared, saving the Skylanders from the giant enemies by suspending the Chompies in midair using his magic staff.

Kaos then revealed that as a child he wanted to borrow a book called World Domination for Beginners and other related books from the Eternal Archives, but was told by Wiggleworth that they weren't available for loan (in order to keep the books from falling into the wrong hands). The evil Portal Master threatened to release the giant Chompies upon the heroes if Wiggleworth didn't hand over a forbidden book to him. When Wiggleworth refused, Kaos released the Chompies to devour the group. Stealth Elf stole the magic staff from Kaos, and used its power to enlarge Spyro two times the size of the giant Chompies, allowing the dragon to defeat the giant enemies while his fellow Skylanders dealt with Kaos and destroyed his magic staff. After the battle, Spyro realized that Kaos's true plan was to test his staff on a few creatures (growing them into a giant size), trick the people of Skylands into thinking he was saving them from the mega-sized animals just so he could attack the Archive and blackmail its curator, who Kaos thought would be blinded by hero worship like others have.

Realizing he was defeated, Kaos fled the scene, but not before revealing that his plan was only the beginning. Afterwards, some of the Skylanders, including the ones present, were brought to the Eternal Archives to help the Warrior Librarions repair the damage done. Master Eon congratulated Spyro on his victory in stopping Kaos, and was more surprised that the purple dragon shared the glory with his fellow Skylanders who assisted him. Spyro then went with Master Eon after hearing that Wiggleworth wanted to show the young dragon something within the Archive's vault. The Portal Master showed Spyro the book Kaos was after, the legendary Book of Power, a book of prophecy that shows the most dreadful predictions, such as the fall of the Skylanders, and Spyro himself.

## Gill Grunt and the Curse of the Fish Master

After the other Skylanders repaired the walls of the Eternal Archives, Spyro called Gill Grunt over to the halls of the Archives so that he and the Gillmen could look into the Book of Power with Master Eon, Hugo, and Wiggleworth. The two Skylanders were horrified to see a vision in the book showing the Core of Light destroyed and darkness swarming the skies, before seeing a glimpse of the Mask of Power; an evil artifact created by a group of Spell Punks that was scattered across Skylands by the old Portal Masters long ago into eight pieces hidden in objects that were completely opposite to the fragments.

Realizing that Kaos had already found the Tech fragment of the Mask and wanted to reassemble it to use the Mask to destroy the Core of Light, Spyro and Gill Grunt became determined to find the rest before the evil Portal Master does. Master Eon was able to find the location of the Water Fragment from the Book of Power and sent Gill Grunt to Deep Water Wasteland to locate it, while Spyro stayed behind with the old Portal Master.

Spyro soon came to Deep Water Wasteland after hearing from Master Eon that the Gillman was having trouble with pirates lead by Captain Grimslobber, but was relieved that Gill Grunt managed to escape with the help of Zap and Wham-Shell. The young dragon then revealed that Kaos was looking for the Water Fragment as well, and the trio of Water Skylanders quickly continued on with their mission, leaving Spyro to worry about Zap's well-being before he returned to Master Eon via portal.

Spyro later assisted Gill Grunt, Wham-Shell, and Zap in their battle against Captain Grimslobber and his band of pirates on board the Fearsome Fang, successfully winning the struggle with the help of the Merfolk. When Grimslobber fell overboard and was eaten alive by a Cloud Kraken, Kaos appeared and revealed that he had beaten the Skylanders to the Fish Master's Crown that supposedly contained the Water fragment to the Mask of Power. As the evil portal Master made his leave, Spyro, Gill Grunt, Zap, and Wham-Shell quickly made their escape off of Grimslobber's sinking ship and back in the vault of the Eternal Archives.

It appeared that the Skylanders had failed their mission, but Gill Grunt checked Grimslobber's satchel he brought back with him and held a dirty rag the captain had used to wrap the Fish Master's Crown. The rag then magically revealed itself to be the Water Fragment, making the Skylanders realize that Kaos had stolen nothing more than a worthless broken crown. Knowing that Kaos would be after the next fragment to the Mask of Power, Spyro and Gill Grunt both knew that the Skylanders would be ready for him.

## Cynder Confronts the Weather Wizard

Spyro's only appearance was when Cynder, Hex, and Zook returned to the Eternal Archives after retrieving the Undead segment to the Mask of Power. The purple dragon proceeded to inform his allies that Master Eon was kidnapped and the culprit was Squirmgrub, a Warrior Librarian traitor who was working for Kaos all this time.

## Stump Smash Crosses the Bone Dragon

With Master Eon kidnapped, Spyro became temporary leader of the Skylanders in his place. Without a Portal Master, it was difficult for the Skylanders to search about Skylands for Eon and Kaos without the use of a Portal. Spyro furiously lashed out at Chief Curator Wiggleworth for trusting Squirmgrub, who was a traitor, and blamed him for Master Eon's capture. Hugo soon revealed that the Giggling Forest has stopped laughing for some reason, and Spyro assigned Stump Smash, Wrecking Ball and Flameslingerto find out what was going on.

After the group's close encounter with the Bone Dragon, Spyro attempted to negotiate with Glumshanks into telling the Skylanders where Kaos was. The purple dragon was able to trick the troll butler into blurting out Kaos's location by pretending to be unimpressed with the evil Portal Master, with Glumshanks becoming defensive of his master. Upon learning where Kaos was, Spyro went with Flameslinger and the other Skylanders to the Giggling Forest to find the Bone Dragon, only to be overwhelmed. Spyro was turned into a stone statue by the rampaging Bone Dragon's petrifying breath despite his efforts.

Fortunately, Stump Smash was able to bring down and convince the Bone Dragon to un-petrify everyone, including Spyro, returning them to normal. Kaos however, also recovered from the spell and began firing dark magic at the Skylanders as he attempted to capture the Bone Dragon who was believed to the Life Segment to the Mask of Power. Master Eon quickly casted a few quick spells to subdue Kaos and his minions, and revealed that the Life Segment wasn't the Bone Dragon, but a stone heart that was given to the creature years prior. Defeated, Kaos fled, but not before vowing revenge. Spyro quickly grabbed and captured Squirmgrub, whose armor was shattered away by Master Eon and was intentionally left behind by Kaos. With the evil Portal Master gone, and the Bone Dragon returning to his eternal rest, Spyro celebrated their accomplishment with the Skylanders, but it was far from over.

## Trigger Happy Targets the Evil Kaos

Spyro was sent to bring Trigger Happy, Smolderdash and Food Fight back to Eon's Citadel after their battle with the Water Viper. He soon accompanied the three Skylanders to Wool Mountain to find the Magic segment to the Mask of Power that was revealed to have taken on the form of a sheep. During the search, Kaos arrived with six troll fighter planes and began attacking all of the sheep. With the help of Trigger Happy, Spyro was able to destroy the planes in time for the other Skylanders to find the Magic segment to the Mask of Power.

However soon after retrieving the segment, all of the Mask of Power segments were stolen by a Goliath Drow who was an agent of Kaos. Spyro, along with the other Skylanders who previously took part in the search for the parts of the Mask of Power, were teleported to Kaos' Kastle to stop Kaos from using the Mask of Power. Despite getting through the castle's defenses, the Skylanders were unable to stop Kaos from putting on the Mask. With it, Kaos was able to steal the Skylanders' powers, including Spyro's, leaving them defenseless. Before the evil Portal Master could finish the Skylanders off, they were safely teleported back to Eon's Citadel.

As Kaos began to spread havoc across Skylands, Spyro was the one who lifted the Skylanders' spirits when they began to lose hope. With his guidance, the Skylanders were able to build a makeshift tower around the Core of Light in an attempt to protect it. When Kaos came to the island, the Skylanders were once again outmatched by the Mask of Power's abilities and Master Eon became subdued by Kaos. Before Kaos could unleash his attack on the Core of Light, Trigger Happy, joined by the other Skylanders, coaxed Kaos into using all of their abilities at the same time, causing the evil Portal Master to lose control. The Mask of Power was then yanked off Kaos's face, restoring all of the Skylanders back their powers and allowing them to fully destroy the Mask of Power.

With Kaos defeated once again, Spyro knew that the evil Portal Master would return, but was certain that he and the Skylanders will be ready for him.

Skylanders: Spyro's Adventure

Spyro and Trigger Happy were present with Master Eon when Kaos and The Darkness approached the Core of Light. When Kaos summoned his minions to destroy the Core of Light, Spyro was the first to charge into battle before the other Skylanders present, taking out a few red Cyclops Choppers with his horns before taking airborne to fight the enemies from the air. He was briefly seen during the fight flying in the background while being chased down by a Cyclops Mammoth.

As they were claiming victory however, Kaos destroyed the Core of Light using his Hydra, and Spyro, along with the other Skylanders, were banished from their world. Spyro and the other Skylanders eventually reached Earth, where they were turned into toys as a result of that world having no magic, waiting for the new Portal Master to help them save Skylands. While being frozen, Spyro spent much of his time planning on how to lead his Skylanders home, also crossing the mind of breathing fire at Kaos in retaliation for banishing him and the Skylanders to Earth. Soon, a new Portal Master was assigned by Master Eon to lead Spyro and the Skylanders back to Skylands to stop Kaos's tyranny.

After Kaos was defeated, Spyro, Gill Grunt, and Trigger Happy were the only Skylanders present at the Ruins with Flynn, Cali, Hugo, and Master Eon, listening to Kaos make idle threats in his temporary prison. The three Skylanders all shared a knowing glance to one another, as Kaos rambled on vowing that he'll keep returning until Skylands was his if he was to be banished to the Outlands again. Instead, Kaos was banished to Earth where he shrunk and turned into a toy, and shortly after his departure, Spyro, Gill Grunt, and Trigger Happy celebrated their victory together.

## Skylanders: Giants

Still frozen on Earth as toys, and placed inside a toy store display, Spyro, Gill Grunt, Stealth Elf, Eruptor and Stump Smash were few of the Skylanders who witnessed Kaos breaking free of his statue-like form due to his power as a Portal Master. As Kaos plotted to destroy Earth after he takes over Skylands, Spyro called out to the tyrant that he would like the see him try and do so, bringing the evil Portal Master's attention to the Skylanders in toy form. Kaos took the chance to taunt the frozen Skylanders, before using a nearby Portal of Power to return to Skylands with the assistance of his butler, Glumshanks.

## The Kaos Trap

When Hugo called upon the other Skylander teams to assist Stealth Elf, Pop Fizz and Wash Buckler against an army of trolls at the Radiant Isles, Spyro's team of Skylanders was unable to go and help out as they were busy battling a Drow Raiding Squad. The purple dragon then suggested Hugo to contact Gill Grunt's team of Skylanders to see if they were available.

## Champions

Spyro is the Skylander who crowns the winner of the Legendary Tournament and is notably one of the past crowned champions of the arena. According to Déjà Vu, he is the most legendary of all Skylanders. When Déjà Vu felt discouraged by Fist Bump, Trail Blazer, and Fling Kong before the Finals, Spyro approached his fellow Skylander and lifted her spirits by telling her about how he became a Skylander, his adventures in Skylands, and how raw power alone doesn't make Skylanders powerful. He encouraged Déjà Vu to believe in herself just before the finals began. Déjà Vu would later win the tournament thanks to Spyro's support. With his fire breath, the purple dragon sculpted a block of metal into a statue of Déjà Vu that now stands alongside other statues of previous champions of the tournament.

## Return of the Dragon King

Sometime after the Legendary Tournament, Spyro rescued a fairy named Calliope from a tentacle beast in the mini-story, Sprite Fight. Unknown to Spyro, Calliope stole his powers from him while she was thanking the young dragon.

Spyro, Spy Rise, Weeruptor, Jet-Vac and Wallop were hidden onboard Gurglefin's ship while it was en route to the Wilikin Village. When the ship became ambushed by Captain Frightbeard and his group of Cyclops pirates, the Skylanders leapt out from the ship's trap door to battle their enemies. While taking on Captain Frightbeard, Spyro's fire breath was ineffective against the large seadog, confusing the young dragon. He was quickly pulled back by Spy Rise in time to avoid Frightbeard's swinging blade and Wallop took the chance to knock the pirate unconscious. Afterwards, everyone on the ship wondered what was going on with Spyro's fire breath, and they concluded that they may find answers back at the Skylanders Academy.

Once there, Spyro was placed inside one of Mags' inventions to detect anything bad inside the young dragon. However after the scan, the readings revealed that Spyro was healthy despite him losing his abilities. Hex soon arrived after a Drow ambush and revealed that her powers were affected as well. After talking with Persephone, the Fairy Queen revealed that all but Spyro and Hex's most simplest of powers were stolen. Spyro and Hex both remembered their encounter with Calliope, discovering that she was the fairy who used her magic to steal their powers. With the help of

Mags' wrench to detect Calliope's magical signature, Spyro and Hex travelled to the Cadaverous Crypts with Mags, Flynn and Wallop to track down Calliope.

Along the way, they came upon Cynder being cornered by Rotting Robbies and Bone Chompies. Wallop, Hex and Spyro saved the dragoness, who revealed that her powers were also stolen by Calliope. The four Skylanders followed Mags' direction to where Calliope went and they pursued the fairy through the caves. Before the Skylanders could stop Calliope from breaking her crystal that held their powers, she shattered the gem under orders of a dark shadow, who absorbed the powers of Spyro, Hex and Cynder and instantly became revived. As the Skylanders looked upon their enemy, recognizing him, they were struck down by a massive fire breath released by none other than the Undead Dragon King Malefor.

When coming back to their senses, Spyro and the other Skylanders found themselves imprisoned. Calliope, who was tending to them, explained that because of their actions against his plans, Malefor had decided to take revenge by destroying what they had worked hard for - the Skylanders Academy. Unable to escape on their own, Cynder took out her frustration on Calliope, but Spyro intervened by pointing out that Cynder, who he forgave despite her dark past, should know better than to blame Calliope for their predicament. Cynder apologized and tried to convince the fairy to help them with Hex by sharing their experiences with Malefor and their sacrifices, but Calliope was ashamed and flew away. Fortunately, Flynn and Mags soon arrived to free the Skylanders, and they set off to stop Malefor before he can destroy the school. Once at the Academy, Spyro boldly challenged Malefor to a fight he'll never forget with Hex, Cynder and Wallop by his side.

Spyro, Cynder and Hex challenging Malefor.

Despite Malefor's boasting, Spyro, Cynder, Hex and Wallop stood their ground, willing to fight Malefor for the fate of Skylands. By distracting him, the Skylanders had Mags trap Malefor with chewing gum and the Dread-Yacht was redirected towards Malefor by Hex's magic, crashing the vessel into him, but it only slightly damaged his armor. The evil dragon once again attacked, directing his fury towards Spyro, who Malefor claimed to have fought before time and time again. This confused the group as Hex was the one who defeated Malefor before. Unable to do any further damage, they were starting to lose the battle again until Calliope and Persephone intervened, and directed Spyro to attack Malefor's chestplate to reveal the crystal he used to drain the Skylanders' powers.

To destroy the chestplate, Hex used a spell on Spyro that would redirect his speed into a stronger impact with an orb. Once Malefor's chestplate was shattered, Spyro destroyed the crystal inside and released the powers of all defeated Skylanders, restoring their strength. Malefor attempted to continue his attack despite this setback, but at full power, the Skylanders managed to quickly tie his tail to the Dread-Yacht's anchor. With Wallop throwing the ship over the island, Malefor was dragged along. Despite his pleas of help to Calliope, she and the others only watched as Malefor plummeted to the lower parts of Skylands. Spyro afterwards wondered why Malefor believed they both fought before, only for Master Eon to point out that despite the young dragon's memories being fragmented, the present is what matters. Calliope regretted having starting the trouble of Malefor to begin with, but Master Eon assured that the Skylanders Academy would be rebuilt and the Skylanders and their allies would help her find her family regardless.

## Rift into Overdrive

During the last day of school at Skylander Academy, Spyro engaged Stealth Elf in a friendly pie-eating contest but lost. Three months later after Kaos' escape from the Villain Vault, the purple dragon quickly came to Master Eon when Skylands was being threatened by strange rifts that consume everything in their path and disrupt the connection between the Portals, turning them off completely. As the nearby Skylanders gathered at the Academy's courtyard, Spyro calmed their concerns and explained to them about a great threat Kaos was using to cut off the connections between Portals. While Spyro remained at the Skylander Academy, he enlisted Stealth Elf, Jet-Vac, Terrafin and Gill Grunt to go to Know-It-All Islandand see if the Stone Heads know something about the Rift Engines.

Spyro afterwards overlooked the defenses around Skylander Academy in preparation for any attack Kaos could pull. The defenses were put to the test when Kaos launched an assault on the school with an armada. Thanks to the Omni-Disruptor that was retrieved from Magus' castle (Issue #5), Mags was able to call in Skylander reinforcements through a broadcast across all of Skylands and beyond. Hordes of Skylanders arrived to aid in the defense of the Skylanders Academy, scaring away Kaos' attack force and earning the heroes their victory. However Spyro was certain that the war was far from over, knowing that all hope was on the Rift Engines that Jet-Vac, Stealth Elf, Terrafin and Gill Grunt were sent to find.

## Secret Agent Secrets

After the events of SuperChargers, Spyro was locked in an argument with Kaos, who had appointed himself as the Skylander Academy's new Evil Consultant of Ultimate Evil. The purple dragon expressed his distrust of the dark Portal Master, assuming Kaos was up to no good as always. Eventually both Spyro and Kaos were forced to cooperate and work out a plan when Buzz pointed out that his elite team of Skylanders, Boomer, Ghost Roaster and Voodood, had disappeared while on a convert mission and hadn't reported in for months. Spyro and Kaos appointed SuperChargers, Spitfire, Stormblade and Nightfall, their first mission to find the lost Skylanders at what was left of Motleyville.

While waiting for Spitfire, Stormblade and Nightfall to report back on their mission, Spyro and Kaos once again got into an heated argument. Before things could escalate into violence, Mags was forced to step in and place Spyro and Kaos in timeout. Knowing that the Skylanders Academy was depending on their leadership, Spyro offered to treat Kaos the respect an ally deserves as they were now on the same side. Now on better terms, both Spyro and Kaos pinpointed the location where the missing Skylanders had disappeared. Spyro then left the Academy under Buzz and Kaos's care as he sent himself to search for their comrades. It is presumed that he found the missing Skylanders off-screen after they defeated Spellslamzer.

## Skylanders: Imaginators

Spyro engaged Stealth Elf in a friendly race around the Skylander

Academy, ending with Stealth Elf being the victor. Suddenly, a streak of magic shot into the academy library and a Doomlander emerged, stealing a book regarding Imaginite. While Spyro and Stealth Elf attempted to engage the creature, it proved to be too strong for them. It was fortunately driven away by the arrival of the Senseis. Spyro later tracked down the Sorcerer Doomlander to the Cradle of Creation where Master Eon instructed the young dragon to meet up with the new Portal Master and their Imaginator. As Spyro expected, the evil mastermind and the creator of the Doomlander was Kaos.

When the Skylander defeated Kaos's Doomlander, Spyro congratulated their efforts and returned to M.A.P. with them to meet up with Stealth Elf. Afterwards, the dragon Skylander lent his assistance to his fellow teammates through the story until Kaos and Brain used Mind Magic to mind control all of Skylands, including the other Skylanders. Because he was a dragon, Spyro was immune to the brainwashing spell and journeyed to the Dragon Temple with the Skylander to find out a way to reverse the spell that had also occured thousands of years ago. After finding the other Dragons, they and Spyro used their dragon magic to undo the brainwashing spell across most of Skylands, freeing the other Skylanders.

Spyro then helped the other Skylanders bake a giant cake that they would use to infiltrate Kaos's new impenetrable fortress. Once inside, the Skylanders took their battle to Kaos and Brain with the help of the new Portal Master and their Imaginators. Spyro and the other Skylanders quickly captured Brain after he switched sides and assisted the heroes against Kaos, threatening the Ancient because of his previous loyalty to Kaos. The dragon was skeptical that Brain was trustworthy after his claims of turning over a new leaf, but seemingly gained his trust when Brain shrunk Kaos and Glumshanks and trapped them inside a jar. As part of a deal he made with the Skylanders, Brain was appointed the new professor of Skylanders Academy and began telling the Skylanders a story offscreen.

In the Thumpin' Wumpa Islands, Spyro accompanied Mags to the Wumpa Islands but discovered that Dr. Neo Cortex's latest invention had inadvertantly caused the islands' musical vibes to go off-beat.

While investigating the island's disturbance, Spyro caught sight of Fake Crash wearing a robot suit that was causing the bad vibes and guided the Skylander around the island with Mags.

Double Trouble - BOOM SHOCK-A-LAKA!

Double Trouble is a magical tiki-masked sorcerer Skylander in the Skylanders series. He has a purple counterpart called Royal Double Trouble, who is available in the Starter Pack of Skylanders: Battlegrounds.

Double Trouble once lived all on his lonesome in a tropical Skylands rainforest. Here, he foraged for rare roots and exotic plants for his potions. During one such forage, the solitary sorcerer discovered the Whispering Water Lily, a wondrous plant said to multiply the strength of any spell. Straight away, he tried it out. He greedily gobbled the lily down, and then… Belch! Gurgle! Pop! Three tiny copies of himself appeared from nowhere. It seemed that he had slightly misunderstood the lily's powers. Luckily, his clones were charming, clever and cute - and he could certainly do with companionship. There was just one drawback: the clones had an annoying tendency to explode on contact. Still, they turned out to be exactly what Master Eon was looking for, so the hallowed one wasted no time in making Double Trouble a Skylander.

Double Trouble was the one who discovered Zoo Lou and saw his potential after the furry shaman drove off the trolls that had invaded his homeland.

Double Trouble was on board Flynn's balloon with Hugo and Warrior Librarian, Squirmgrub, when they were on their way to the Storm Titan Games to inform Master Eon of the location of the next segment to the Mask of Power. However Lightning Rod's stray hammer crashed into the air balloon, causing it to spiral out of control. The passengers were saved from the crash by Drobot, and Hugo afterwards informed Eon of the next fragment to the Mask of Power.

Despite not being able to communicate with the other characters, Master Eon and Pop Fizz are both able to understand what Double Trouble is saying. The shaman was sent to Tempest Towers with

Lightning Rod, Drobot, Pop Fizz, Cali, and Flynn to retrieve the Air fragment that was believed to be a Land Whale. Along the way, Double Trouble's clone managed to sneak on board Kaos's Drow zeppelin after the evil Portal Master captured Cali for the path to Tempest Towers. It is revealed the shaman can see through the eyes of his doubles. Once the Skylanders managed to get to Tempest Towers before Kaos, Double Trouble and Flynn were left outside the city wall to keep an eye out for Kaos.

While Kaos attempted to enter the Cyclops city, Double Trouble and Flynn snuck on aboard the Drow zeppelin to rescue Cali just before the evil Portal Master and his army of Drow engaged in an all-out battle with the Cyclops Queen and her army. With Flynn's help, Double Trouble and Cali took control over Kaos's Drow zeppelin to use as a way to get off the island, while Kaos and his Drow forces pursued the escaped Land Whale on foot. It was soon revealed that the Air segment wasn't the Land Whale, but one of the city's towers as it is made from the heaviest stone in Skylands, the opposite of the Air element. The Skylanders were able to carry the tower back to the Eternal Archive thanks to a supersized Lightning Rod, and celebrated their victory. However they were unaware that they was a traitor in their mist, revealing the locations of the fragment to the Mask of Power to Kaos: Squirmgrub.

Skylanders: Spyro's Adventure

There are three things that would have been running through Double Trouble's mind during his frozen state: Magic, Magic, and Magic! That's right! This masked, magical guru has spent so long thinking about the subject that he's hardly ever made a friend in his life. Aww!

Voodood - AXE FIRST, QUESTIONS LATER!

**Voodood** is an orc Skylander in *Skylanders: Spyro's Adventure* . He is in the Magic element.

The Ooga Warriors were one of the most revered tribes in all of Skylands, yet something haunted them - every night, wild dragons would circle their houses and any warrior not taking shelter would end up missing, presumably eaten. However, the only weapon that could destroy these dragons was the legendary Axe Reaver, long lost for centuries and said to increase in power if its wielder had true inner magic. The Ooga Orcs once had a reputation for being the fiercest fighting force around. Any Orcs who fancied signing up had first to retrieve a pebble from deep within the trouser-wettingly terrifying Cave of Trials. One such wannabe was Voodood. Down he went, into the dark dirty depths. Suddenly, a beam of light appeared ahead, Voodood stumbled forward into a chamber containing the skeleton of a dragon. In place of the dragon's heart lay a gleaming gem with an axe sticking out.

Voodood stepped from the cave with something far better than a pebble; he had the magical Axe Reaver, along with the skull of the slain dragon (which he would later adapt into an outlandish hat). The Ooga folk made Voodood their leader at once, and he became a great Orc hero. But even the Ooga could not defeat the dreadful Darkness. The whole tribe marched to meet this new threat, but only Voodood returned alive. So, as you might have guessed, he joined the Skylanders.

*Secret Agents Secrets*

Voodood, Boomer, and Ghost Roaster were Buzz's elite team of Skylanders when they mysteriously disappeared while on a mission at Motleyville and hadn't returned for months. SuperChargers Spitfire, Stormblade and Nightfall, were assigned to find the lost Skylanders at their last known location. Upon getting ambushed by Spell Punks lead by Spellslamzer, the SuperChargers were suddenly defeated and knocked unconscious by Voodood, Boomer and Ghost Roaster, who were now working for Spellslamzer.

With the three SuperChargers imprisoned, Spellslamzer announced his plan to raid the Mabu Radiance mines of its rare and powerful minerals, controlling the crystal supply to become the supreme power in all of Skylands. As Stormblade wondered why Voodood, Ghost Roaster, and Boomer would turn their backs on Skylands and Master Eon, Ghost Roaster revealed that he and the other two Elites grew tired of being tossed aside and forgotten while the Skylanders such as the SuperChargers, SWAP Force and the Giants were more appreciated. Voodood later caught Spitfire, Stormblade and Nightfall when they attempted to escape, and Spellslamzer had the three

SuperChargers strapped helplessly to the front of their own vehicles as the evil Spell Punk and his army rode out towards the Mabu mines.

During their attack on the Radiance Mines, Voodood and Boomer turned against Spellslamzer, revealing that all three Elites were pretending to be evil from the start. However, Ghost Roaster remained on Spellslamzer's side, holding onto the belief that he and the Elites would simply be tossed aside and forgotten even if they turned in Spellslamzer. The remaining Elites and the freed SuperChargers would then engage Spellslamzer, his minions, and Ghost Roaster in battle. When it seemed that Ghost Roaster would destroy Stormblade, he instead threw his explosive ball and chain at the Radiance crystals under Spellslamzer, blowing them up and knocking Spellslamzer unconscious. The Skylanders welcomed Ghost Roaster back to the side of good and the SuperChargers as full-fledged Skylanders.

Wrecking Ball - WRECK-N-ROLL!

**Wrecking Ball** is a grub worm Skylander in *Skylanders: Spyro's Adventure* . He is in the Magic element. He also has a flowery counterpart, Buddy Wrecking Ball who was available only on *Skylanders: Lost Islands* for a limited time.

Once upon a time, Wrecking Ball was nothing more than a common or garden grub. His adventure began when he became a speciality ingredient in a wizard's magical stew. After being chucked into the cooking concoction, a curious occurrence took place. The hungry little grub worm took a sip, and then a gulp, and ended up devouring the whole lot. When the wizard came in to check on his cauldron, instead of his tasty stew he found one enormous grub who had grown to over twenty times his original size. And as Wrecking Ball was still a little peckish, he popped the wizard in his mouth too - only to spit him straight back out again (even a grub's standard's, the wizard tasted like a warthog!). The story soon spread, raising smiles across the Skylands world. Soon the plucky grub bounced into Master Eon, who evidently felt that the Skylanders could do with a serious stomach among their ranks.

*Stump Smash Crosses the Bone Dragon*

Wrecking Ball was assigned with Countdown and Flameslinger to accompany Stump Smash to the Giggling Forest to investigate why the trees had stopped giggling. There, they discover that several of the living trees and Kaos' trolls were turned to stone by an unknown force, which soon revealed itself to be an angry Bone Dragon. During the attack, Flameslinger's bow was turned to stone by the Dragon's petrifying breath and Flynn's hot air balloon was petrified as well. The beast cornered the Skylanders, but Wrecking Ball quickly expelled a Power Belch at the Bone Dragon to drive it away, allowing the Skylanders to escape with a partially petrified Glumshanks.

Upon learning more about the Bone Dragon at the Eternal Archives, Wrecking Ball once again went with Stump Smash and Countdown to Troll Bastion to attack the fort and find Kaos. They fought against many trolls, eventually coming into contact with General Disaster. When the troll general readied two dozen missiles to fire at Wrecking Ball, the grub worm simply lashed out his tongue and swallowed General Disaster whole before he could fire his weapons. The Skylanders found the petrified forms of Kaos and Master Eon, and Wrecking Ball cried out to Stump Smash in alarm when he saw the ent Skylander was about to smash Kaos's statue to pieces as retribution for Eon's petrification but stopped. With the help of Wrecking Ball's gassy indigestion from eating General Disaster, the Skylanders were able to escape the Troll Bastion on Flynn's balloon.

Back in the Giggling Forest, Wrecking Ball, Stump Smash and Countdown discovered the other Skylanders had been petrified by the rampaging Bone Dragon. They were able to bring the beast down and calm him, and the Bone Dragon restored all those petrified. Kaos however, immediately began attacking the Skylanders upon being unpetrified, intending to capture the Bone Dragon for the Life segment to the Mask of Power. He was stopped and driven away by Master Eon and his spells, allowing the Skylanders to secure victory.

*Skylanders: Spyro's Adventure*

After being banished from Skylands along with the other Skylanders, being a frozen statue was a living nightmare for Wrecking Ball. This lively, giant blue grub is never content unless he's smashing things around him (though never on purpose). His thoughts were a mix between food and how to unleash his rapidly building energy.

Ninjini - ANY LAST WISHES?

**Ninjini** is a Magic ninja genie, and one of the eight Giants in *Skylanders: Giants* . She has an alter ego called Scarlet Ninjini.

As a ninja with command over the Magic Element, Ninjini was a real force to be reckoned with back before the Arkeyans came along. Her skills, power and snazzy hairstyle drove an evil sorceress mad with jealousy, and using dark magic the sorceress trapped Ninjini inside an enchanted bottle. There she remained for years and years, but she didn't waste a single moment. Instead, she spent her time getting more awesome by the day, developing her Magic abilities and learning how to skillfully wield double swords. Eventually she became too powerful to contain, and managed to squeeze her way free of her enchanted prison. She swore then to use her Magic, ninja skill and massive size to protect Skylands from those would do it harm.

*The Kaos Trap*

Ninjini was helping Spyro and Stink Bomb battle against a raid of Drow in an unknown area of Skylands. When Hugo called upon them to assist Stealth Elf, Pop Fizz and Wash Buckler on a Level 13 threat, Spyro's team was unable to help out as they were tied up with their current situation.

Pop Fizz - THE MOTION OF THE POTION!

**Pop Fizz** is a gremlin alchemist who is one of the MagicSkylanders in *Skylanders: Giants* . He is of the Magic element. His Series 2 counterpart is called **Super Gulp Pop Fizz**, and his Series 3 counterpart is **Fizzy Frenzy Pop Fizz** .

In *Skylanders: SuperChargers*, Pop Fizz is redesigned as a SuperCharger named Big Bubble Pop Fizz.

Nobody is quite sure who Pop Fizz was before he became an alchemist, least of all Pop Fizz himself. After many years of experimenting with magical potions, his appearance has changed quite significantly. In fact, no one even knows his original colour. But it's widely known that he is a little crazy, his experiments are reckless, and the accidents they cause are too numerous to measure. Understandably, he has had a difficult time finding lab partners, or anyone that even wants to be near him. In hopes of making himself more appealing to others, he attempted to create the most effective charm potion ever - but that just turned him into a big, wild, berserker. Or maybe that's just how he saw the potion working in the first place…

Dune Bug - CAN'T BEAT THE BEETLE

Hailing from a race of beetles changed by the powerful secrets hidden in a buried Arkeyan city, Dune Bug was next in line to become the defender of those secrets. As a small pupa, Dune Bug and his father would travel to the ruins where he learned to read the ancient writings using his father's magic staff. On the day Dune Bug was to be given his own magic staff, the city fell under attack by the evil Sand Mages of Doom, who were after the secret Arkeyan tomes. Knowing what he had to do, Dune Bug used his magic to defeat the Mages and bury the city deeper into the ground until it was forever out of their reach. Dune Bug earned his magic staff that day - and a place alongside the Skylanders.

Hoot Loop - LETS RUFFLE SOME FEATHERS!

Hoot Loop was raised by a guild of magicians in Skylands' most famous traveling circus. At a young age, he perfected illusions and spells that only the very best of their guild could perform, and even mastered the art of teleportation! It was then that Hoot Loop gave a performance that few would ever forget. Using his incredible powers, he fought off the invaders and saved the circus -

to the raucous applause of the many spectators - including Master Eon, who presented Hoot Loop with an opportunity to learn some real magic as a member of the Skylanders.

Star Strike - SHOOT FOR THE STARS!

Looking for a way to magically banish the Skylanders, Kaospoured through every dusty scroll and ancient tome he could find. Upon stumbling across a rare and extremely powerful spell, he began to recite its words. However, he sneezed midway through the incantation. As a result, instead of sending the Skylanders far away, Star Strike was plucked from her home in the distant cosmos and brought into Skylands. Surprised, Kaos thought he'd won a powerful new ally in the mysterious and reserved Star Strike. But she knew evil when she saw it and promptly unleashed her fierce magical powers on him. Word of her victory over Kaos spread quickly and she was soon asked by Master Eon to join the Skylanders.

Trap Shadow - HIDE AND SLEEK!

Once part of an elite tribe of hunters in a remote area of Skylands, Trap Shadow used his cat-like cunning, ingenious traps and mystical stealth abilities to catch nearly everything that could be caught. As a result, his fame around Skylands grew so much that it attracted the attention of an evil cadre of wizards. They plotted to capture Trap Shadow and use his abilities to ensnare the most uncatchable thing of all - Master Eon himself. But Trap Shadow could sense them coming from miles away. Outsmarted and outmaneuvered, each of the wizards was easily captured by Trap Shadow's bewildering array of traps and snares until they were all locked away for good. Having saved Master Eon, he quickly made Trap Shadow a Skylander.

Blastermind - MIND OVER MATTER!

Blastermind was once the "hide and sheep" champion of the Sardonic Mountains, where he and his friends played regularly. But when he was about to set a new Skylands record, the ground collapsed and Blastermind fell into a deep, mysterious cavern filled with shimmering crystals. As his friends circled the hole up top, they suddenly found themselves face to face with a dangerous Ham Dragon, who had felt the rumble of the collapse. Down below, Blastermind felt helpless. But fortunately, the cavern was filled with Psionic Power Crystals once used by the Ancients to amplify their thoughts. When the crystals "heard" Blastermind's worried thoughts about saving his friends, they found him worthy - and bestowed upon him awesome psionic powers, which he used to get out of the hole and mentally blast the circling Ham Dragon. Soon after, Blastermind joined the Skylanders as part of the Trap Team, using his new Traptanium Psionic Helmet to fight evil everywhere!

## Cobra Cadabra - CHARMED AND READY!

Though Cobra Cadabra was an assistant to The Great Mabuni, a traveling magician that performed all over Skylands, he wanted more than anything to become a magician himself. Unfortunately, the guild of Mysteriously Mad Magic Masters of Mystery, who for centuries taught all of the greatest magicians, would not permit it. And so Mabuni decided to teach the cobra himself, even though it was forbidden. They studied everything together, from vanishing acts to snake charming. But when the guild discovered this, they sent a team of magic rabbit enforcers to punish them both. Although the beastly hares were the most powerful of their kind in Skylands, Cobra Cadabra remained brave. Playing an enchanted tune on his flute, he used what he had learned to cast a spell over the rabbits and lead them away. Upon hearing this, this guild was impressed by such a display of skill, and accepted the snake charmer as a member. Soon after, Cobra Cadabra was made a member of another group - the Skylanders!

## Déjà Vu - DID THAT JUST HAPPEN?

On a remote island in Skylands, Déjà Vu tirelessly worked on a machine that would make the perfect three-minute egg in half the time. After pouring over countless magic tomes, and even consulting the lost plans used to create the legendary Tower of Time, she finally completed construction of the huge machine. Unfortunately, a gang of evil giant sea slugs, searching for a way to acquire super speed, learned of her machine and set about to take it at all costs. Slow, but well armed, the massive slugs bore down on the island. But rather than allow her work be used for evil, Déjà Vu quickly jumped into action and set the clock's hands to thirteen - causing a time overload. Caught up in the blast, she was given an amazing power over time, which she then used to stop the evil slugs in their tracks and spin them home. Now as a Skylander, Déjà Vu uses her incredible powers to turn back the clock on evil!

Enigma - OUT OF SIGHT!

Summoned by a Mabu Mystic, Enigma comes from a nameless place "between the worlds." Though the Mystic was really just looking for someone to play Skystones, he was quickly enraptured by Enigma's stories about his mysterious homeland. Unfortunately, the Darkness got wind of these stories, and seeking another realm to conquer, sent minions to lay siege on the gateway that remained open. Making matters worse, the Mabu had no idea how to close it. So, with a legion of minions fast approaching, Enigma chose to use his Sigil of Mystery to seal the doorway - cutting him off from his home forever. This large sacrifice caught the attention of the Trap Team, who welcomed Enigma and gave him a new home as a protector of Skylands. He now uses his Traptanium Sigil to put a world of hurt on evil everywhere!

Splat - THE ART OF WAR!

Splat grew up in a typical faun village, which was perfectly manicured and orderly. Every day in school, she and her classmates would recite the same poems, play the same music, and paint the same picture - which was always a portrait of their great ancestor, Fluty Hoofdancer. But this didn't suit Splat. The only art she wanted to learn was the art of war! After school, she would sneak off to the river and practice her own free form fighting technique against Chompies and other creatures that were causing trouble. When the elder fauns learned of this, they were outraged. But soon thereafter, a band of Drow attacked the village to steal their valuable art, and while the other fauns cowered in fear, Splat stood her ground. Unleashing her self-taught fighting style, she defended her village and sent the Drow running. Now as a member of the Skylanders, Splat makes quite the impression wherever she goes!

Buckshot spent years looking for a way out, but found no way to escape the enchanted labyrinth. Over time, however, the magic of the realm began to grow within him, strengthening his already formidable powers. While his siblings had lost all hope of freedom, Buckshot continued to test the boundaries of the maze, using his mystical bow and arrows to try to penetrate the walls around him. Eventually, Buckshot's powers became so potent that he even learned how to teleport. With this new ability, he was finally able to open a portal back into Skylands and free his siblings. Now as a Sensei of the Bowslinger class, Buckshot always keeps one eye on the target - and the other on the lookout for the Spell Punk that had banished him!

Mysticat was a curious creature, and had his own question that even he could not answer. He was puzzled as to why others wanted to enter the Enchanted Desert so badly. So he decided to venture himself to find the answer. But instead of finding answers, he was attacked by wandering gypsies and evil sand raiders that scoured the desert for lost treasure. After fighting them off with his impressive sorcery skills, he returned to the elders and explained what happened. It was then that they revealed the true nature of the desert to him. They told him that what he saw was a vision of his own destiny - and that he was meant to protect all of Skylands, not just the Enchanted Desert. Master Eon was then invited to enter the desert to meet Mysticat to see if their two destinies were intertwined. When Eon emerged the next day, it was clear to him that Mysticat was meant to be one of his best Senseis… and that he would one day shave his beard. But he kept that part to himself.

Pain-Yatta - SO LONG, SUCKER!

Pain-Yatta encountered the Skylanders at Telescope Towers, where he got into a brawl with them. In the end, he was beaten and trapped.

After his capture, the Skylanders took him and Chomp Chest to the

Secret Sewers of Supreme Stink for their Villain Quests, along with fighting some of the local mutants and Goo Chompies along the way. His Villain Quest was with one of the Skaletones, Bag O' Bones, called "I'm With The Band". He then explained to the heroes that he was the manager of the Gecko Chorus along with a few other bands, and that the geckos had just finished their latest single that they wish to deliver to the Capybara King, but they had to cross enemy lines and trusted only Pain-Yatta as an escort. After successfully delivering the gramophone to him, he was awarded with Bag O' Bones' gratitude, the Rubber Glove Hat, and a new outfit.

Growing up, Pain-Yatta's best friend was the legendary Unocorn, a unicorn with a churro-horn that sprinkles magical cinnamon from time to time. While the cinnamon donuts for breakfast were incredible, being so sweet and delicious made them both easy targets for those looking for yummy treats. But Pain-Yatta had no problem protecting the both of them with his giant sucker! One day, however, the Unocorn went missing, and Pain-Yatta was beside himself. He tried desperately to find his buddy, but to no avail. That's when the Doom Raiders tricked him into thinking that the Skylanders were behind it all, and Pain-Yatta fell for it hook, line and sinker. He joined up with the band of villains and ventured out to get revenge on the Skylanders, but was eventually captured by the Trap Masters. Master Eon explained that the Skylanders had nothing to do with the Unocorn's disappearance and said he would help Pain-Yatta find his friend, if he became a Skylander Sensei and trained new Imaginators in the ways of smashing! Pain-Yatta agreed and the search for the missing Unocorn continues.

Funny Bone - I'VE GOT A BONE TO PICK!

Funny Bone once lived on Punch Line Island - the funniest place in the Land of the Undead and home of the Eternal Chuckling Trees that magically make everyone laugh when the breeze tickles them. But after hearing stories of this, the evil Count Moneybone sent his minions to investigate if this magic could be used to make a "Funny Bomb" that would render Skylands helpless with laughter. Funny Bone was in the middle of burying his neighbors' birthday cake on a breezeless day when the invaders arrived. Seeing their large axes, Funny Bone instantly knew that the Chuckling Trees were in danger. Without hesitation, he sprang into action, fighting off the minions and driving them from his humorous home. Now as a Skylander, Funny Bone delivers his own punch line to evil!

Krypt King - I'VE GOT THE EDGE!

The perfect blend of sword and sorcery, Krypt King wandered Skylands for years as the disembodied spirit of a knight - until he found his way into the depths of an ancient Arkeyan weapon vault. Upon finding an enormously powerful suit of armor, the spirit decided to make it his own. Unfortunately, this triggered a long dormant auto defense system. With alarms blaring, a massive sealed chamber was opened, revealing a huge army of war machines. Krypt King launched himself towards the attack force, swinging his newly found giant sword until every machine was utterly destroyed. Realizing the power he wielded could serve a broader purpose, Krypt King sought out the Skylanders and was made a member of the Trap Team, where he now uses his massive Traptanium blade to cut down evil!

Short Cut - CUT TO THE CHASE!

Short Cut was renowned for making the finest clothing in all of Skylands. With his magic shears, no thread was too thick, no cloth was too bunchy, and no pattern was too hard to follow. But one day, a fleet of flying sailing ships appeared overhead, crewed by raucous Skeleton Pirates. Having plundered a cargo of golden yarn from fortunetelling soothsayers, their leader demanded that Short Cut stitch together a magic hat that would tell him the futures of everyone in Skylands - or suffer the consequences! Not wanting to see his work used for evil, he bravely snuck onto the ship that night and sewed the pants and shirts of the sleeping pirates together so they were unable to fight. Short Cut then used his magic shears to cut the sails and wrap them around the ship, preventing the pirates from escaping. His brave actions caught the attention of Master Eon, who quickly made Short Cut a member of the Trap Team, where he now uses powerful Traptanium Shears to cut evil's future short with every snip!

Fiesta - IT'S PARTY TIME!

Despite being Undead, Fiesta had always been the life of the party. He was once the head member of a popular mariachi band in the personal court of Count Moneybone, who all undead citizens respected immensely. In his spare time, Fiesta and his bandmates played music for all of the new arrivals that entered the Underworld. However, a day came when the new arrivals were actually several Skylanders, who had come on a mission to stop Count Moneybone from unleashing a robot army on all of Skylands. Fiesta then realized that he, like so many others, had been fooled by the evil Count into thinking he was kind and generous - not the vengeful monster he truly was. Unbeknownst to the Skylanders, Fiesta and his bandmates helped to distract the robot army so they could infiltrate Moneybone's mansion and put a stop to him. Even though the Skylanders were unaware, this act of bravery and defiance did catch the attention of Master Eon, who recruited him at once.

Chopscotch - CHOP 'TIL YOU DROP!

The only thing that ever mattered to Chopscotch was mastering her weapon of choice, the giant axe, while rocking out to her favorite musical idol, Wolfgang. It never bothered her that she was short in stature or that all of the other ghouls in the Underworld laughed at the way she spoke in rhymes as she made up her own lyrics to Wolfgang's guitar jams. So when Wolfgang joined the villainous Doom Raiders, she was devastated. But instead of letting it destroy her, she chose to put her axe skills to good use, and fought Wolfgang and his Moon Goons when they attempted to curse her entire town during an evil concert. Her willingness to stand up to her long time hero came as a surprise to everyone, and soon all of the villagers were speaking in rhymes in her honor. Soon after, she met Master Eon, who was so impressed at her fighting abilities and positive outlook that he recruited her as a Sensei for the Smasher

Class. Now she teaches new Skylandershow to fight… and how to rhyme!

Pit Boss - THE SCALES OF JUSTICE!

Each visitor was permitted to ask one question, but Pit Boss became alarmed when the same question was asked by several different people - how to deal with the growing threat of Kaos! With such a great concern, Pit Boss knew that it was time for action, not words. He left the Order of the Snake in search of this threat, and soon it was clear that Kaos was worse than Pit Boss had imagined. Knowing he could not stop Kaos on his own, Pit Boss joined the Skylanders, and due to his great wisdom and mystical powers, Master Eon enlisted him into the Sensei program as a Sorcerer Master.

So Shroomboom took a twig and a strand of spider web and made a slingshot. One by one, he launched all of his friends over the garden fence before flinging himself over to join them. Then he guided them all to the edge of the island and leapt to freedom, using his mushroom cap to catch a friendly breeze. Now as a member of the Skylanders, Shroomboom continues to perform courageous deeds… but he can be hard to find on pizza night.

On one such occasion, Stink Bomb was so surprised that he instinctively released a cloud of vapor so pungent that it caused his master to disappear and never return. With this newly discovered ability, Stink Bomb developed his own form of martial arts known as Kung Fume, and wandered the land teaching it to all those who wished to learn. So when a legion of Lumberjack Trolls invaded the forest and overpowered the elves, it was Bushwhack who set out to stop them. Drawing out the trolls, he used his enchanted axe and knowledge of the forest to capture them and destroy their tree-cutting machines. Afterward, Bushwhack not only was made a ranger but a Skylander. One year, during the biggest racing event of the season, High Five learned that the Troll Racing Team had stolen the valuable trophy and were going to use the race to cover their escape. He quickly took action, jumping into the race and using his amazing flying skills to weave and dodge his way to the front of the pack, where he caught up to the trolls and brought them down. Fortunately, Tuff Luck was patrolling the area and immediately jumped into action when she saw what was happening. Between her awesome skill and unbeatable good luck, she single-handedly drove off the minions. She then drank from the magical waters, as was custom for her tribe. After deciding that the ancient trees would make an exquisite display in her Royal Courtyard, she commanded her army of chainsaw-wielding trolls to chop down the entire forest. This angered Ambush, the mystical tree-knight, who saw the atrocity and swore revenge! Wielding his mythic sword, he fought off the trolls and forced Kaos' mother into hiding. ## AIR SKYLANDERS

Other dragons were envious of her beauty, while unicorns shunned her for her ability to fly. But Whirlwind found peace within the dark and stormy clouds, where she learned to harness the tempest power within her. Despite her turbulent youth, she was the first to defend both dragons and unicorns when the trolls began hunting them, unleashing her ferocity in a brilliant and powerful rainbow that could be seen throughout many regions of Skylands. Once hatched, the young hatchlings can live for only mere moments before they magically return to their shells… only to be hatched again in an endless cycle.

Wanting to prevent such evil from happening to others, Sonic Boom joined the Skylanders and has trained her young to defend Skylands each time they are hatched.

But when his homeland was raided, he chose to sacrifice his wings to a young mother so she could fly her children to safety. This act of nobility caught the attention of Master Eon, who sought out the young Sky Baron and presented him with a gift - a powerful vacuum device that would allow him to soar through the skies once again. Jet-Vac accepted the gift with gratitude, and now daringly fights evil alongside the other Skylanders.

No longer able to fit amongst the rest of his colony, the young prince broke the long standing tradition and stepped out into the open world - where his size and strength would be put to good use in the legendary battle between the Giants and the Arkeyans.

Boom Jet - BOMBS AWAY!

No matter what Boom Jet did, he always had to be the best. He could be seen day and night above his home in the Billowy Cloudplains gunning his engines and performing daredevil maneuvers as he trained to become the best sky surfer in all of Skylands. Unfortunately, Boom Jet never had a chance to compete for the championship because a day came that changed his life forever. The Darkness had come. And with his town on the verge of being completely consumed by the ominous evil force, Boom Jet took action. Using his incredible flying skills, he raced from house to house, rescuing all of the citizens and carrying them to safety… just before The Darkness destroyed his homeland. It was then he realized the protection of Skylands was more important than personal glory, so he sought out Master Eon to offer his services to the Skylanders.

It was unnatural and ominous, billowing with evil, and leaving only desolation in its wake. Free Ranger was standing at its edge, moments from boldly leaping into it, when he was stopped by none other than Master Eon. Pop Thorn - STRAIGHT TO THE POINT!

Pop Thorn hails from a race of creatures known as Pufferthorns. Often considered one of the cutest creatures in all of Skylands, they are generally quite timid and puff out sharp spines when scared. It is this ability that long ago led to the unfortunate legacy of being used as combs by giant trolls everywhere, being the sharp spines are perfect for brushing out tangles from their long, matted hair. But not long ago, one Pufferthorn took a stand. Tired of his race being used for nothing more than good grooming, Pop Thorn used his naturally thorny abilities to stand up and fight back against the giant trolls. Soon after, Master Eon made Pop Thorn a Skylander. And to this day, no trolls dare to comb their hair.

Tales of her heroism soon made their way to Jet-Vac, who traveled to Cats Eye Mountain and recruited Scratch to the Skylanders.

Although it was considered an honor, Blades dreamed of becoming a knight so he could go on adventures in faraway lands. But one evening, a deafening roar shook the castle and a wave of fear swept over. The serpent had awoken! Fighting his fear with each step, Blades descended into the chamber. As he entered, the golden beast grinned and made Blades an offer - he would leave the kingdom unharmed and slumber for another hundred years, as long as Blades agreed to remain in the dungeon for eternity. Knowing the safety of the kingdom was more important than his ambition, Blades accepted the offer. Then suddenly, the fear was gone and the serpent vanished - for it turned out the only way to defeat the serpent was to confront his fear. News of this bravery soon found its way to Master Eon, who came to see Blades at once and made him a Skylander.

Snot had heard stories about the idol, particularly that it was made of solid gold. The villains quickly seized control of the temple that housed the idol and were on the verge of taking it. But a day came when a fleet of dragon hunters appeared on the horizon, seeking to capture the fabled creature. Despite the danger, Gusto stepped forward to defend it. The hunters could see that Gusto was not a soldier and didn't even have a real weapon - just a "curved stick." However, he was no coward! And, throwing his large boomerang, Gusto hit his surprised opponents again and again - until the hunters surrendered and were forced to retreat. For standing up for himself and protecting the Cloud Dragon, Gusto was given a new Traptanium Boomerang and made part of the Trap Team!

Epically strong and heroically competitive, Thunderbolt grew up on legendary Mount Cloudpierce. Every year, his people held a contest to determine who would wield the Storm Sword - a legendary blade with the power to change the seasons in Skylands. To Thunderbolt, this would be a great honor. But on the day he won the contest and was about to be presented with the sword, a Frost Mage snatched it and plunged all of Skylands into a wintery deep-freeze. Undaunted, Thunderbolt bravely took chase. Riding twin bolts of chained lightning, he overtook the mage, reclaimed the sword, and restored balance to the weather systems in Skylands. This did not fulfill her curiosity, nor did it sway her belief there was something else beyond the limits of her world. Soon she built a custom ship, the Sky Slicer, and raced to the furthest reaches of Skylands in search of its end - but no end could be found. She wanted answers, and so she came to the one person that could help her - Master Eon. The Portal Master instantly saw the unquenchable thirst for exploration that resided in Stormblade, and asked her to join the Skylanders on a very special mission that would take her through the uncharted rifts between worlds!

## Air Strike - FIGHT AND FLIGHT!

Before he began training Brawlers, Air Strike trained birds - especially the rare Blue Zephyr Falcons. They were once one of Skylands' most endangered species, but Air Strike taught them how to defend themselves from predators… and not fly into windows. Birds would come from all over Skylands to learn his proven techniques. But despite their new defensive skills, the Blue Zephyr Falcons continued to be hunted by a band of evil trolls, who liked to use their eggs in blue-bacon omelets. So it was time for Air Strike to strike back! He journeyed to the peak of the Zephyr Mountain and single-handedly took down the trolls, rescuing the stolen eggs. After returning them to their mother, one of the eggs hatched, revealing a very energetic Falcon that would not leave his side. Air Strike named him "Birdie" - and together, they now use their skills to train Skylanders, despite Master Eon's crippling fear of falcons.

## Bad Juju - THE SPIRIT IS WILLING!

**Bad Juju** is a witch doctor spirit who first appeared as one of the Air villains in *Skylanders: Trap Team* . In *Skylanders: Imaginators*, Bad Juju has traded a life of crime to become a Sensei, training Imaginators of the Swashbuckler Battle Class with a new appearance and accompanied by her son **Juju Junior** .

Just like her name suggests, Bad Juju had always been bad. From her humble beginnings as a witch doctor, where she put curses on her patients instead of curing them, to being the Golden Queen's right-hand sorcerer, she had spent her entire life as a villain. Being captured by the Skylanders didn't do much to change her attitude either. At least, that was the case until the day she conjured up more then she bargained for - a son named Juju Junior. That was when she finally decided it was time to come to change her lifestyle. She didn't want to raise Juju Junior inside a prison thinking that his magical mother was a criminal. So she asked Master Eon to give her a chance to be a hero instead. As luck would have it, Eon was looking for a Swashbuckler Sensei who could help train Imaginators the value of being good. Not bad for Bad Juju.

WILD STORM - THE ROAR OF THUNDER!

By the time he was 10 years old, Wild Storm had already mastered the Air Blade. With no family of his own, he spent much of his youth traveling throughout Skylands, offering his combat services to the highest bidder as a soldier of fortune. On one such occasion, he was hired by Kaos to break into a pirate outpost in Skyhighlands to steal their legendary gold detector. But little did Wild Storm know, he was only being used by Kaos to scout their defenses - and he was captured by the pirates! While imprisoned in the highest tower, the powerful winds blew through his cell, fueling his anger. But Wild Storm would not be contained! Harnessing the storm's energy, he grew 3 times his size and exploded out of his prison - vowing to put a stop to Kaos once and for all. Soon after, he met Master Eon, who agreed to help him, provided Wild Storm would share his skills in swordsmanship with other Skylanders, as a Sensei of the Knight Class!

## FIRE SKYLANDERS

Sunburn - ROAST AND TOAST

Born in the center of an active volcano, Sunburn is part dragon, part phoenix, and 100% fire power. He is very proud of his unique heritage, and is the only dragon and phoenix hybrid known to exist in Skylands. This rare combination makes him a desirable target for dark wizards and bounty hunters that seek to gain power by unlocking the secrets behind Sunburn's ability to teleport. Joining the Skylanders gave Sunburn a way to help defend the world from evil, but also provided him with protection, as he remains one of the most sought after creatures in Skylands.

Eruptor - BORN TO BURN!

Eruptor is a force of nature, hailing from a species that lived deep in the underground of a floating volcanic island until a massive eruption launched their entire civilization to the surface. He's a complete hot head - steaming, fuming, and quite literally erupting over almost anything. To help control his temper, he likes to relax in lava pools, particularly because there are no crowds.

Flameslinger - LET THE FLAMES BEGIN!

Flameslinger is an Elven archer with incredible aim. In fact, he is so good that he wears a blindfold just to prove it. When he was young, he rescued a fire spirit from a watery doom and was gifted an enchanted bow and magical fire boots that he now masterfully uses to defeat evil throughout Skylands. With the scorched earth he leaves behind, you can always tell where he has been.

Ignitor - SLASH AND BURN!

On his first quest as a knight, Ignitor was tricked by a cunning witch into wearing a magical suit of armor that he was told would resist fire from a dragon. But as it turned out, it was made of cursed steel. He journeyed to a dragon's lair where a single blast of fire transformed him into a blazing spirit, binding him to the suit of armor for eternity. Despite this setback, Ignitor remains a spirited knight who is always fired up to protect Skylands from evil… and find the witch that tricked him.

Hot Dog - SEE SPOT BURN!

Hot Dog was born in the belly of the Popcorn Volcano. While on a nearby mission, a team of Skylanders had come across the stray fire pup when the volcano erupted and Hot Dog came rocketing straight into their camp, accidentally setting Gill Grunt's tent on fire. Using his nose of danger, he helped the Skylanders complete their mission - even pouncing on a Lava Golem like a blazing comet when it threatened his new friends. After displaying such loyalty and bravery, Hot Dog was brought back to Eon's Citadel where he became a Skylander - and then he proceeded to bury Eon's staff.

Hot Head - HEY! I'M ON FIRE!

Hot Head had always been a short tempered fire giant. But it was when magical oil was discovered in Skylands that fuel was really added to the fire. As exciting as the discovery was, the celebration lasted only 5 minutes - coming to an abrupt halt when Hot Head needed to cool off and plunged into the thick black pool, causing the entire island to explode! Though it would be another 2,000 years before magical oil was discovered again, the impact that it had on Hot Head was immediate. He was instantly infused with magical oil, giving him the ability to generate an infinite supply of fuel - making him incredibly volatile, highly combustible, and ready to torch anything that got in his way.

Blast Zone - BLAST AND FURIOUS!

As a young furnace knight, Blast Zone was part of the Skylands Bomb Squad, specializing in the safe disarming and removal of troll bombs. But it was not long before the trolls got tired of Blast Zone constantly thwarting their evil plans, so they decided to go after the furnace knight himself. Late one night, an army of trolls snuck into Blast Zone's village and threw 100 bombs down his chimney. Acting quickly, Blast Zone swallowed each bomb and then belched a jet of fire back at the invaders - sending them fleeing with their boots on fire. The tale of the attack eventually reached the ear of Master Eon, who knew the brave furnace knight had all the makings of a Skylander.

## Fire Kraken - BURN TO BE WILD!

Raised on a small island surrounded by a vast ocean of fire, Fire Kraken was the swiftest, most agile warrior his tribe had ever seen. And when a fleet of Fire Troll ships arrived to steal the legendary Burning Heart, a huge elemental crystal that fueled the fiery seas, Fire Kraken leapt into action. Using a magical staff to control his natural ability to wield fire, he set the mighty ships ablaze, forcing the trolls into a hasty retreat. Having saved the Burning Heart as well as his homeland, Fire Kraken soon joined the Skylanders, where he knew his skills would help those in need.

## Fryno - CRASH AND BURN!

Fryno was once a member of the notorious Blazing Biker Brigade and spent most of his youth riding around Skylands with the rest of his crew. But what Fryno did not realize was that, while he enjoyed a life of freedom and adventure, his crew was responsible for acts of burglary throughout Skylands. When Fryno discovered that he had been riding around with a bunch of villains, he burned with rage and demanded that they make amends for the wrong they had done. This resulted in an epic fight, which Fryno won, and the disbanding of the Blazing Biker Brigade. Fryno was in the midst of returning the valuables his crew had stolen when he met Master Eon, who was impressed with his good character and fighting abilities, and offered him a membership to a new crew - the Skylanders.

## Smolderdash - A BLAZE OF GLORY!

Smolderdash had always wanted to be a royal defender of the Fire Temple - home of the First Flame, a sacred torch that had been ignited by the original Fire Source. Unfortunately, she had been born during an eclipse and was believed by her people to be cursed, which prevented her from such an honor. But when Kaos stole the flame and used it to light the candles on his birthday cake, it was Smolderdash who went after it. Blazing like a comet, she dashed into Kaos' Lair, repelled the troll security force with her flaming whip, and retrieved the sacred flame just before Kaos blew out the candles. Smolderdash returned home as a champion of her people and was finally granted the honor of becoming a royal defender. But she graciously declined, having set a new goal for herself - to help fight against Kaos as a member of the Skylanders.

Ka-Boom - BOOM TIME!

Ka-Boom hails from an ancient volcanic island known as Munitions Forge, where he and his people crafted machinery that was used all throughout Skylands. But the ruthless Captain Ironbeard wanted the forge for himself so he could build an unstoppable pirate armada. With a fleet of pirate ships approaching, Ka-Boom went to work, creating the greatest anti-pirate weapon ever forged - The Boom Cannon! When Ironbeard arrived with his invaders, Ka-Boom met them at the edge of the docks with his cannon lowered, still smoldering red hot from having just come out of the fire. One by one, he sank their ships until Captain Ironbeard finally retreated. Now as a valued member of the Trap Team, Ka-Boom uses his Red Hot Traptanium Cannon to blast evil in the broadsides!

Torch - FIRE IT UP!

Torch's childhood was spent working with her grandfather as a dragon keeper, where she helped tend to a stable of dragons that protected her village. One year, an evil Snow Dragon unleashed a terrible blizzard that trapped her entire homeland inside a massive ice glacier! Torch was the only one to escape. Having always been fearless, she set out at once to rescue the villagers and her dragons from their chilly fate. Armed with her Firespout Flamethrower, she fought hard through the treacherous conditions and bravely defeated the Snow Dragon in an epic battle. After the village was free from its icy doom, Torch returned home to find her grandfather missing. The only token left behind was his lucky flaming horseshoe. Now as a member of the Skylanders, Torch wields her powerful flamethrower as well as her lucky horseshoe in hopes it will one day lead her to the grandfather she had lost.

Trail Blazer - THE MANE EVENT!

Trail Blazer was always hot tempered, especially when he saw anything as being unfair. One day, he came across another unicorn that was trapped in a net. But it wasn't just any unicorn. It was the mythical Unocorn - a magical creature with a Churro Horn that sprinkled enchanted cinnamon throughout Skylands. Trail Blazer freed it at once. Soon after, the Dark Wizards who had set the trap returned, and were very angry to find their dastardly deed had been thwarted. But Trail Blazer was much more fired up - for it turned out the spicy cinnamon from the Churro Horn had somehow rubbed off on him and mixed with his elemental fire. So he was literally set ablaze with fury! He then ran fiery circles around the wizards, forcing them to flee and never return. After realizing his newfound fury could be used to fight evil everywhere, Trail Blazer sought out the Skylanders, who immediately welcomed him as a member.

Wildfire - BRINGING THE HEAT!

Wildfire was once a young lion of the Fire Claw Clan, about to enter into the Rite of Infernos - a test of survival in the treacherous fire plains. However, because he was made of gold, he was treated as an outcast and not allowed to participate. But this didn't stop him. That night, Wildfire secretly followed the path of the other lions, carrying only his father's enchanted shield. Soon he found them cornered by a giant flame scorpion. Using the shield, he protected the group from the beast's enormous stinging tail, giving them time to safely escape. And though Wildfire was injured in the fight, his father's shield magically changed him - magnifying the strength that was already in his heart - making him the mightiest of his clan. Now part of the Trap Team, Wildfire uses his enormous Traptanium-bonded shield to defend any and all who need it!

Spitfire - FUEL THE FIRE!

Spitfire was on pace to become the fastest driver in the Super Skylands Racing Circuit. With his lightning quick reflexes and nerves of steel, this tech enhanced flame spirit was absolutely unbeatable. But during the championship event at Skywinder Canyon, he was illegally bumped off course by a goblin racer and sent flying into the canyon wall in a fiery explosion! Most thought that this would put an end his racing career. But three weeks later, he was back on the track, more fired up than ever to claim the title. Unfortunately, it was then that all of Skylands fell under the rule of Kaos in his Sky Eating machine, and the racing came to an end. That's when Spitfire was approached by Master Eon with an offer that could get him back behind the wheel as the new leader of an elite driving team - the Skylander Superchargers!

Hammer Slam Bowser

Bowser is the king of the Koopas and believes himself to be the supreme, unquestioned ruler of a kingdom far from Skylands. A hot-tempered and spiky-shelled warrior, he was transported to Skylands by traveling through a rift that had been created by Kaos' terrible Sky Eater. The Skylanders sent out a distress call across all the dimensions to call for reinforcements, and for reasons known only to Bowser himself, he has decided to join this epic battle against Kaos and the Darkness in his Clown Cruiser as the newest and most lethal of all the SuperChargers!

Ember - FAN THE FLAMES

Ember was raised inside the Dragonfire Dojo, having come from a long line of Fire Sentinels that were skilled in the art of Dual-Blades. It was the dream of her father that Ember would follow their tradition and take over the family training facility, and so she practiced every day. She was naturally gifted, and soon even the greatest Dual-Blade Masters were no match for Ember. When Kaos heard of this, he took over her village and banned martial arts entirely, for fear of an uprising. But Ember fought back, unleashing an impressive barrage of Samurai pyrotechnics that drove the invaders away. Even though her village was free, she knew then that there was greater evil out there that needed to be stopped, and so she joined the Skylanders to train others in the art of the Sentinel Battle Class. One day though, Ember plans to return to her homeland and reopen her family's school, but not until Skylands is safe once and for all.

Flare Wolf - READY TO ROCKET!

When Flare Wolf was young, he worked all summer to earn the coveted Fireworks Badge from the Wolf Scouts. In doing so, he had earned the right to light the fireworks in the annual St. Wigglewort's Day celebration - an honor of which Flare Wolf was extremely proud. But on the day of the celebration, a band of evil Ice Ogres attacked his village and took the entire community hostage! The only weapons at his disposal were the town's supply of fireworks they were saving for the evening festivities. One by one, Flare Wolf lit them in the center of the Ogre camp, launching a dazzling display of pyrotechnics that sent the Ogres running. Not only had Flare Wolf saved his village, he had also given its residents the most spectacular fireworks show they had seen in over 100 years! Even Master Eon was impressed, and offered Flare Wolf a position at the Academy as the Official Fireworks Launcher. But after seeing him in action, he quickly realized that Flare Wolf had much more to offer as a Sensei!

Tae Kwon Crow - WHO DARES FACE ME?

Tae Kwon Crow was once the leader of a villainous band of air pirates in Skyhighlands. But pirating was never his true passion. All that really mattered to him was stopping anyone that "dared" to do anything that he deemed out of character. If a cake maker "dared" to make a pie instead, he would put a stop to it. If an ordinary sheep "dared" to baaahh longer than normal, he would end that nonsense right then and there. Tae Kwon Crow could not even stand it when anyone even "dared" of thinking of daring to do anything. But after he was captured by the Trap Masters, Master Eon dared him to change his ways and use his abilities for good instead. At first, Tae Kwon Crow was angry that Eon would dare make such a bold suggestion, but he soon realized that he could actually serve as a role model to young Ninjas and help them avoid the dark path that he went down. Forsaking his katana for the more traditional roundhouse fire-kick, Tae Kwon Crow now defends Skylands from whoever dares threaten it.

Gill Grunt - FEAR THE FISH!

Gill Grunt was a brave soul who joined the Gillmen military in search of adventure. While journeying through a misty lagoon in the clouds, he met an enchanting mermaid. He vowed to return to her after his tour. Keeping his promise, he came back to the lagoon years later, only to learn a nasty band of pirates had kidnapped the mermaid. Heartbroken, Gill Grunt began searching all over Skylands. Though he had yet to find her, he joined the Skylanders to help protect others from such evil, while still keeping an ever-watchful eye for the beautiful mermaid and the pirates who took her.

Slam Bam - ARMED AND DANGEROUS!

Slam Bam lived alone on a floating glacier in a remote region of Skylands, where he spent his time ice surfing, eating snow cones, and sculpting amazing ice statues. It was a peaceful life, until Kaos destroyed the glacier, stranding Slam Bam on an iceberg that drifted through the skies for days. He awoke on Eon's Island, where he was taken in and trained to become a Skylander. Now his ice sculptures serve as a frosty prison for any evil-doer that gets in his way.

Wham-Shell - BRACE FOR THE MACE!

Wham-Shell was the long-standing king of a kingdom deep in the oceans of Skylands that for a long time lived peacefully. Soon after, he joined the Skylanders to help defend against this type of atrocity ever happening again.

Zap - RIDE THE LIGHTNING!

Zap was born into the royal family of water dragons, but a riptide washed him to a distant sea, where he was raised by electric eels. Growing up, he excelled in everything and even created a special gold harness that allows him to carry an endless electrical charge and shock things at a great distance. Zap also proved to be a gifted racer, outstripping any opponent… with the possible exception of the dolphins. With them, it became a good natured challenge to see who could keep up with Zap. But an electric current in his wake often reminded them who they were dealing with. Despite his mischievous streak, Zap grew to be a true protector of the seas and Skylands.

Chill - STAY COOL!

Chill was the sworn guardian and personal protector of the Snow Queen. As captain of the queen's guard, her many heroic deeds earned her the respect of the entire ice kingdom. But when the Cyclops army began to expand their empire into the northern realms, the Snow Queen was taken prisoner during her watch and Chill has never forgiven herself for letting it happen. Ashamed and embarrassed, she left the Ice Kingdom behind and sworn never to return until she could reclaim her honor. Now as a member of the Skylanders, she remains courageous and strong, while always on the lookout for her lost queen.

Thumpback - HAIL TO THE WHALE!

Thumpback was once a crew member of The Phantom Tide, the most fearsome pirate ship in all of Skylands. But the actual pirating part about being a pirate didn't interest Thumpback so much as the benefits that came with traveling on a large ship. After all, his real passion was fishing. But when his chance came to finally ensnare the most elusive creature in the sky - the Leviathan Cloud Crab - he was pulled over board and carried off into the horizon. This was actually quite fortunate, because sometime later The Phantom Tide and its entire crew were banished to the Chest of Exile. Thumpback's pirating days were over, but his legend as one of the first Skylanders had only just begun.

Freeze Blade - KEEPING IT COOL!

When he was young, Freeze Blade's family moved from the Frozen Wastelands of Vesh to the Great Lava Lakes. As it turned out, this was a very difficult adjustment for Freeze Blade. Not only was he the sole one of his kind, it was also incredibly hot and there was no ice to skate on whatsoever. But over the years, he learned to fit in with the other fire-like creatures and even discovered he had a magical ability to ice skate on any surface… even bubbling lava. One day, while out setting a new frozen lava speed record, he came across Blast Zone, who had just been ambushed by some nasty Spell Punks. After Freeze Blade stepped in to defend him, Blast Zone was so impressed by his skill in battle that he introduced him to Master Eon, who invited him to join the Skylanders.

Punk Shock - AMP IT UP!

Daughter to the most royal family in Wondrous Waters, Punk Shock never really accepted her role as an undersea princess. She preferred a much more exciting life - hunting with her electric crossbow and listening to super-charged music. After journeying to the outer reaches of her kingdom to find adventure, Punk Shock returned home to discover adventure had found her. The kingdom and its people were magically frozen by the Snow Trolls, who were there to steal valuable treasure. Punk Shock used her awesomely charged crossbow to single handedly defeat the Snow Troll army and melt the ice that trapped her kingdom. Gill Grunt heard of the battle and quickly recruited Punk Shock into the Skylanders.

Rip Tide - GO FISH!

Rip Tide was known far and wide as one of the best Aqua-Fighters in Skylands. He mastered a multitude of water techniques and astonished tournament spectators with his ability to adapt his fighting style to any opponent. Amongst his repertoire were Swordfish Fencing, Hammerhead Heaving, and even the rare Blubber Whale Wallop - which he had used on numerous occasions in the legendary Rumble in the Reef. His unrivaled skill as a swordsman soon drew the attention of Master Eon. But when Kaos learned of this, he sent forth a legion of Squidface Brutes to stop Rip Tide before he could join the Skylanders… and everyone knows how that turned out, except for the Squidface Brutes, who after being knocked senseless can't remember a thing.

Wash Buckler - EIGHT LEGS AND NO PEGS!

Wash Buckler was an orphan Mermasquid, who grew up on one of the roughest pirate ships in Skylands. While most pirates were interested in pillaging and plundering, Wash Buckler had other ideas for the future of pirating. Over the years, he earned the respect of his crew and eventually convinced his fellow pirates that they didn't all need to be cantankerous bad guys. Thus, they set forward doing heroic deeds. Of course, this new good guy image did not sit well with other pirating crews, who attempted to sabotage Wash Buckler at every turn. But he was no ordinary pirate, and he defended his ship and his crew against the many attacking hordes. It was then that Master Eon took notice of Wash Buckler and asked him to join the Skylanders.

## Echo - LETS MAKE SOME NOISE!

Echo lived in an undersea kingdom that was built around an enormous oyster shell, and at its center was the Pearl of Wisdom. Every day water dragons from all around the kingdom would come to ask questions of the Pearl. Because this was a sacred ritual, anyone living near the Pearl were required to speak only in whispers. This was challenging for Echo, who lived directly next to it. She had a gift - and it was loud - and often got her in trouble. One day, a gang of sea horses known as the Aqua Jocks rode into town and claimed the Pearl for themselves. They cast an unbreakable bubble around it and began dragging it away with enormous chains. The nearby water dragons, who had been quiet for so long, were unable to even call for help. Then Echo appeared - and with her loudest sonar blast, she shattered the bubble and blew the sea horses out of the kingdom! Her heroic actions caught the attention of Gill Grunt, who recruited her as a Skylander. Now Echo sounds off against evil all throughout Skylands!

## Flip Wreck - MAKING WAVES!

Most of the dolphins of Bottlenose Bay spent their days playing in the waves. However, Flip Wreck was different. Always the adventurous one, he took it upon himself to be a self-appointed protector of his undersea world. One day, while exploring an underwater graveyard of shipwrecks, he came across a massive Ice Viking ship that was still intact. Suddenly, a huge crew of Ice Vikings burst out from inside and began leading an attack on the unarmed dolphin residents. Flip Wreck took off at once and quickly fastened together armor, shield, and sword using pieces from the nearby wrecks. He then single-handedly defeated the Ice Vikings, who retreated never to be seen again. For his heroic actions, Flip Wreck was made a Skylander and now turns the tide against evil in Skylands!

For a while, Lob-Star was able to keep the peace while still keeping his hidden identity. But when a giant Leviathan threatened to swallow up Lob-Star's guests and capture the King Fish himself, he had no choice but to swim into action. Calling on every trick his mysterious training had taught him, Lob-Star defeated the Leviathan and drove it out of Star City. For risking everything, Lob-Star was recruited by Master Eon to join the Skylanders. Now, as part of the Trap Team, he uses his powerful Traptanium Throwing Stars to serve up defeat to anyone who threatens Skylands!

Snap Shot - CROC AND ROLL!

Snap Shot came from a long line of Crocagators that lived in the remote Swamplands, where he hunted chompies for sport. After rounding up every evil critter in his homeland, Snap Shot ventured out into the world to learn new techniques that he could use to track down more challenging monsters. He journeyed far and wide, perfecting his archery skills with the Elves and his hunting skills with the wolves. Soon he was the most revered monster hunter in Skylands - a reputation that caught the attention of Master Eon. It then wasn't long before Snap Shot became the leader of the Trap Masters, a fearless team of Skylanders that mastered legendary weapons made of pure Traptanium. It was this elite team that tracked down and captured the most notorious villains Skylands had ever known!

Dive-Clops - LOOK OUT BELOW!

Believe it or not, Dive-Clops is actually the twin brother of Eye-Brawl. When he was young, his bat-wings were blasted off by pirates while flying over the Swirling Sea, causing him to plunge into the abyss below. After rolling on the bottom for several days, he was discovered by an underwater civilization of Jelly Dwarves. They were instantly fascinated by the bizarre looking eyeball and took him back to their Corral Castle, where they built him a magnificent dive suit that would allow him explore the depths of the sea. Grave Clobber was once a great pharaoh who ruled the Golden Desert long ago. That was until his seven jealous brothers buried him in an underwater tomb while he was sleeping. But the remaining brothers still fought among themselves, and their infighting ultimately led to their kingdom falling apart and the family name being lost forever… almost. Because Grave Clobber eventually rose from his watery grave, and when he discovered what his brothers had done to their kingdom, he hunted each of them down and clobbered them. This was how he came to the attention of the Golden Queen, who now ruled the desert herself. She recruited Grave Clobber into her gang of Doom Raiders, but when the Skylanders defeated them once and for all, Master Eon thought that perhaps there was more to this mummy than meets the eye. He gave the old pharaoh a chance for redemption, and since nobody clobbered better than Grave Clobber, he was the perfect choice to be a Sensei trainer for the Brawler Class.

King Pen - STAY FROSTY!

King Pen hails from a militaristic unit of penguins who protect the Cloudmelt Glaciers. During an epic battle, King Pen was trapped in an avalanche and had to take refuge in a nearby cave for the remainder of the winter season. During his solitude, he was visited by a mysterious Yeti Master, named Snow Wah, who began teaching him an ancient combat style known as "Flipper-Fu". King Pen was already a skilled fighter, but the wise teacher helped him to understand the spiritual and philosophical nature of warfare, turning the penguin into an unstoppable force. When he finally emerged from the cave, tales of his newfound abilities spread far and wide. When Master Eon caught wind, he recruited King Pen into his top secret training program, where he quickly rose up the ranks to become the leader of the Skylander Sensei. Years later, King Pen returned to the site of the avalanche to thank his teacher, but no evidence of Snow Wah or the cave was ever found - leaving many to wonder if the Yeti had ever existed at all.

Tidepool - IN A LEAGUE OF MY OWN!

Long before she became a Sensei, Tidepool was an undercover agent for a top secret organization known as the Aqua Marines. However, one day she was betrayed by her superiors, who were part of an even more top secret organization intent on destroying Skylands. Using her spy training, Tidepool made it her personal mission to seek out every member of this evil shadow group and bring them to justice. This did not go unnoticed by Master Eon, who felt that someone of her caliber would be perfect to train new Skylanders as a Sensei of the Quickshot class. However, Tidepool was not easily convinced that she could even trust Eon and the Skylanders after being deceived by her last organization. To earn her trust, she requested that everyone pass a truth test that she would conduct. Thankfully, all of the members of the Skylanders Academy passed with flying colors… except for Flynn, who insisted that he was 50% Mabu and 50% enchilada sauce. Tidepool felt that he was 100% meathead.

When she eventually discovered that Kaos had been behind his disappearance, she constructed a battle suit and went after him, leaving the luxury and comfort of her family's wealth behind. Countdown was discovered by a group of Yetis who were snowboarding one particularly chilly morning when they came across a big bomb encased in ice. After bringing it back to their cabin, they were shocked when it actually came to life. No one, not even Countdown himself, has any memory of where he came from or how he ended up frozen in the mountains. Since becoming a Skylander, Master Eon has been graciously trying to help piece together fragments of his past. But this has proven difficult, as

Countdown loses some of his memory every time he explodes - which happens a lot. In the meantime, Countdown has enjoyed working with Eon and fighting alongside the Skylanders to defend their world against evil - even though he occasionally forgets what he is doing.

Magna Charge - ATTRACT TO ATTACK!

Cloudbreak, where he not only found his long lost father, but also uncovered an evil plot to take control of the magical volcano during the next eruption ceremony. With his father safe, Spy Rise decided to pursue a new career - as a member of the Skylanders.

But the clan began to abuse their power, and soon spread nightmares far and wide for its own amusement. But Blackout would not stand for it. So he learned to teleport directly into the nightmares the clan created and fought the creatures within. After helping him put a stop to the Dark Stygian, Eon then made Blackout a Skylander, serving as the protector of the Realm of Dreams and beyond!

Knight Mare - NOWHERE TO HIDE!

When it was stolen by an unknown force, Knight Mare was called upon to retrieve it. She knew it would be dangerous because if the Oracle was asked the wrong questions seven times, it would unleash a terrible curse upon all of

Skylands. Fortunately, she found it in a cave - with a gang of Bicyclopes about to ask their seventh wrong question. Nightfall - DARK AND DANGEROUS!

It was gigantic, and before she could comprehend what she was looking at, it hatched! Out came a creature 100 times larger than anything she had ever seen! She fired the engines and raced back to warn her people. Just as the last citizens boarded an evacuation ship, the colossal head of the Leviathanbroke the surface of the water and let out a terrible roar! This act of heroism caught the attention of Master Eon, and the rest is Skylander history!

Starcast - A SHOT IN THE DARK!

No one knows where Starcast came from, including Starcast himself! He was first seen falling out of the sky and landing directly on top of Master Eon, after he had made a wish for a Ninja Master to train the new generation of Skylanders. While it appeared that Eon's wish had come true, it was later revealed that Pop Fizz had simultaneously made a wish to get out of anger management lessons with the old Portal Master. Therefore, it was impossible to determine if Starcast was the result of one wish or the other. But after a brief martial arts display, it was clear to all that the mysterious Starcast was a very skilled ninja warrior. And seeing as how Master Eon had to walk around in crutches for the next few weeks, it was also clear that anger management class would have to be postponed - so it was a win-win!

Princess Luna picked an amazing group for her as The Princess of The Night and The Dark Skylanders.

Lastly was Light

**LIGHT SKYLANDERS**

Spotlight - TIME TO SHINE!

Spotlight was discovered by Master Eon in the Prismatic Palace, where the Portal Master had ventured seeking the Crystal Orb of Light. Upon finding the Orb, Eon reached out and gently touched it - causing a brilliant light to emanate in all directions. Having been infused with Eon's magic, the Orb glowed magnificently. And when Eon slowly lowered his hand from his shielded eyes, Spotlight stood before him in a respectful bow. Her power of Light was unknown to him, for it was not of the eight common Elements in Skylands. But sensing that the Ancients sent Spotlight to him for a reason, he took her to the Core of Lightand trained her to defend it as a member of the Skylanders. And when none other than evil Portal Master Kaos destroyed it - Spotlight vanished!

Knight Light - SEE THE LIGHT!

Before the destruction of the Core of Light left him stranded in the Light Realm, Knight Light was the protector of the Starlight - the source of light, wisdom and vast energy in Radiant City. But an evil villain known as Luminous wanted the Starlight for himself. Without warning, Luminous attacked, and the two took to the skies in an epic battle which lasted several days. In the end, Knight Light stood victorious and Luminous was imprisoned within Sunscraper Spire so that he could no longer pose a threat to Skylands. Astroblast - READY, SET, GLOW!

While on a secret mission in troll territory, Astroblast crash landed on a remote island where he stumbled upon an ancient relic not seen in thousands of years - a legendary Rift Engine. These magical machines were believed to have the power to travel through the portals between Skylands and other worlds! Shortly after the discovery, an army of trolls appeared on a nearby canyon ridge and quickly charged toward Astroblast. Knowing that the Rift Engine would be very dangerous in the wrong hands, he pulled out his pulse laser and prepared to defend the relic against the incoming horde. After an epic shootout, the trolls fled in defeat. When Astroblast then brought the relic back to his ship, the Sun Runner, it surged with power and a hologram of Master Eon appeared. Eon thanked him for saving the Rift Engine and beckoned him to return it to the Skylander Academy. Astroblast accepted the invitation and was made a Skylander shortly thereafter.

Aurora - THE SPEED OF LIGHT!

Aurora is the niece of Master Eon. For years, he tried to keep her identity a secret so that she would remain safe from harm. But as she grew older, Aurora wanted nothing more than to become a Skylander, but Eon would not permit it. So without telling him, she wore a disguise and studied swordplay and combat arts under the name "Boss Blades McSlashinator." Soon, everyone was talking about this new mysterious hero and her amazing abilities. Even Master Eon was notably impressed, but when he learned the skilled fighter was none other than his own niece, he once again refused her entry into the Skylanders team. However, before she could protest, Eon smiled and told her it was because he was immediately promoting her to his Sensei program, where she would train the Swashbuckler Class under her true name and identity. Although he did later admit that "Boss Blades McSlashinator" sounded pretty cool.

---

The Light Skylanders are perfect for Princess Celestia and they go great with her as Princess of The Sun and The Day.

Me: Wow! You girls picked great teams for you as Princesses of The Elements of Skylands.

Twilight Sparkle: Boy we sure did. That is amazing.

Nico: Yeah it sure is.

Eli: Look at what it says about Cloudcracker Prison.

Eli was reading a book about it.

---

CLOUDCRACKER PRISON

The Trap Masters serve as the guards of the prison to prevent the most notorious Villains of Skylands from escaping.

However in *Skylanders: Trap Team*, Kaos blew up the prison with a frequency modulator machine, and sent both the Trap Masters and the Traptanium (which reformed in the shape of Traps) down to Earth, releasing the villains in order to strengthen his dark army. Its explosion was also so great that the very foundations of Skylands were shaken, releasing the Light and Dark elements from their respective realms.

After the events of *Trap Team*, Cloudcracker Prison has since been rebuilt. However, some of its prisoners were offered a second chance to redeem themselves in exchange for their suspended prison sentences.

Golden Queen - I REIGN SUPREME!

The **Golden Queen** is a golden statue who is one of the Earthvillains introduced in *Skylanders: Trap Team* . She is the former leader of the Doom Raiders, a group of the most notorious villains in Skylands.

In *Skylanders: SuperChargers* and *Skylanders: SuperChargers Racing*, she has her own vehicle, the Glitter Glider, as part of the Sea Racing Action Pack in the former game, and as part of The Nefarious Tour in the latter game in which she can be unlocked as a playable racer by defeating her in her Boss Pursuit and Villain Race on her home track, The Golden Temple. Her face is on the Sea Trophy, which is included in the Sea Racing Action Pack itself with

Deep Dive Gill Grunt and the Reef Ripper. She also appears in *Skylanders: Battlecast* as one of the two bosses of the Earth Realm in the Second Dimension, once again with Grave Clobber's assistance.

A wicked queen made entirely of gold and rich beyond her wildest imagination, the aptly named Golden Queen would gladly trade her entire fortune for just a little more. But why trade when you can steal? And that's what she did. She stole, and stole, and stole! But no matter how much she took, it was never enough. Through evil sorcery, she even learned how to turn people and objects into solid gold. However, that STILL wasn't enough. The idea that any amount of treasure in Skylands did not belong to her was infuriating, so she embarked on a quest to take every last cent of it. But she couldn't do it alone. It was then that she formed the Doom Raiders - the most notorious group of villains ever assembled. As the leader, the Golden Queen promised riches, world domination, and even all-you-can-eat shrimp in order to recruit special criminals to serve her cause. Together, the Doom Raiders terrorized Skylands until Master Eon and the Trap Masters put a stop to them, locking up all of them inside Cloudcracker Prison!

During her rehabilitation, Master Eon gave the Golden Queen and other villains a choice - either remain imprisoned in the newly-rebuilt Cloudcracker Prison or become Skylander Senseis, teaching a new generation of Imaginators their formidable battle skills as well as how to stay clear of a life of crime. The villains accepted the deal but first had to prove themselves by re-arranging all the books in the Academy's library, a task which took almost two years, and much to the Queen's dismay, had nothing to do with gold. But this gave her an opportunity to rethink her insatiable desire for treasure and that maybe there is more to life than stealing. She now trains the Sorcerer Class and considers herself *mostly* reformed.

Chompy Mage - CHOMPY POWER!

The **Chompy Mage**, also known as **Vengar** in *Skylanders: Battlegrounds*, is a former antagonist who first appeared as the boss of Wilikin Village in *Skylanders: Giants* . He is a wizard aligned with the Life element who has the ability to summon Chompies and transform into a giant Chompy. He formerly disliked anyone who isn't a Chompy, and always has a Chompy puppet on his left hand which he occasionally speaks for. His brother is the Sheep Mage.

Before the events of *Skylanders: Trap Team*, the Chompy Mage became the latest member of the Doom Raiders, but he is no longer part of the villainous gang. He appears yet again in *Skylanders: SuperChargers* and *Skylanders: SuperChargers Racing* with his own vehicle, the Chompy Buster, as part of the Land Racing Action Pack in the former game, and as part of the Malevolent Tour in the latter game. He also appears in *Skylanders: Battlecast* as one of the two bosses of the Life Realm in the Second Dimension, with Broccoli Guy's assistance.

Later, in *Skylanders: Imaginators*, the Chompy Mage is one of the ten villains who trades in a life of crime to become a Sensei. He now trains Imaginators who belong to the Bazooker Battle Class, hence why he traded in his staff for a Chompy-firing bazooka. He also has a holiday counterpart called Jingle Bell Chompy Mage.

Believe it or not, the Chompy Mage actually hatched from inside a Chompy Pod. At least that is how his Chompy hand puppet tells the story. Having been raised by Chompies, it is no surprise that the old magician is a little strange. He simply grew up embracing the Chompy way - believing that Skylands would be a better place if everyone was a Chompy - an illegal enchantment which he has actually tried to perform on several occasions.

Wolfgang - LET THERE BE ROCK!

Wolfgang wasn't always a werewolf. He was once a handsome, brilliant musician set to marry a beautiful princess. Before the wedding, he planned to unveil his ultimate symphony to the greatest music aficionados in Skylands, convinced they would love it and instantly hail him as the best composer of all time. But they didn't. They hated it - and even worse, it actually physically hurt when heard. Turns out Wolfgang had unintentionally discovered the musical note for pain. Being shunned like this drove Wolfgang utterly and completely mad, physically transforming him into the werewolf he is today. With the princess no longer wanting to marry him, he turned to a life of crime, terrorizing the royal subjects and using his evil music as a weapon. The Golden Queen took note of this and realized that Wolfgang could make a powerful ally, if she could control his rage and keep him in line. And that's a pretty big "if!".

After becoming part of the Doom Raiders, Wolfgang led a group of Moon Goons on an attempt to curse Chopscotch's entire town during an evil concert. They were defeated by Chopscotch, who once looked up to Wolfgang as her favorite musical idol.

Chef Pepper Jack - HOT HOT HOT SAUCE!

**Chef Pepper Jack**, also known as **Pepper Jack**, is an anthropomorphic chili pepper who is one of the Fire trappable villains in *Skylanders: Trap Team* . He is part of a group of notorious villains called the Doom Raiders.

Chef Pepper Jack was once the most renowned celebrity chef in all of Skylands - until he discovered ancient recipes for evil delicacies. That's when he turned his thriving restaurant business into a formidable criminal empire. The scam was simple: he would fly his zeppelin fortress over a village and order the townsfolk to surrender all of their money. If they didn't, he would promptly serve up a main course of spicy pepper bombs that would blow everything to smithereens! The Golden Queen valued both his explosive and non-explosive culinary skills and recruited him into the Doom Raiders at once. Now, when he's not serving time in Cloudcracker Prison, he's serving up atomic omelets of doom!

The Gulper - GULPER CAN FLY!

**The Gulper**, also known as **Gulper**, is a gelatinous blob who is a Water villain in *Skylanders: Trap Team* . He is part of a group of strong villains called the Doom Raiders.

From the moment he oozed from the ceiling of the Gelatinous Caverns, The Gulper had possessed an enormous appetite and insatiable thirst for anything and everything he could stuff in his mouth. At a young age, he won first place in the annual Deep-Fried Triple-Cheeseburger eating contest - and has proudly worn the Crown of Gluttony ever since. But it was his particular affinity for soda, which causes him to grow to colossal proportions and go on rampages, that first caught the eye of the Golden Queen. She was looking for special types of people - or creatures - to join her Doom Raider gang that was bent on unleashing total mayhem. It was also her desire to recruit someone who was incredibly dim-witted, so that if they were ever captured, the Skylanders would not be able to extract any useful information. The Gulper fit these requirements to a tee!

Dreamcatcher - DREAM TIME!

Cloudcracker is not the first prison from which Dreamcatcher has escaped. She had actually escaped from Lucid Lockdown within the Realm of Dreams - before escaping from the dream realm itself! Not only can she read your mind while you're sleeping but she can bring your worst nightmares to life. Using her mischievous powers of dream-stealing, she has driven entire villages to the point of madness - all for the sheer thrill of it. Her playfully evil nature is what got her noticed by the Golden Queen, who needed a good psychic for her evil schemes… and also for relationship advice. Loving both cunning plans and gossip, Dreamcatcher was happy to oblige and promptly joined the Doom Raiders. Although due to her aforementioned mischievous nature, the Golden Queen has found the relationship advice questionable.

Dreamcatcher and the other Doom Raiders terrorized Skylands without end until they were eventually confronted and defeated by the Trap Masters. Afterwards, they were locked away inside Cloudcracker Prison where they would never again threaten Skylands.

Dr. Krankcase - THE DOCTOR IS IN!

**Dr. Krankcase** is a mad scientist who is one of the playable Tech villains in *Skylanders: Trap Team* . He is a former member of the Doom Raiders, a group of notorious villains.

No one is really quite sure exactly what Dr. Krankcase is a doctor of… but his technical engineering achievements are legendary. The secret to his success lies in his modified concoction of glowing green goo, which causes wooden objects to come to life and turn evil. His unique skillset makes him a valuable asset to the Doom Raiders, who have plenty of nefarious uses for evil wooden creatures called Evilikins. It is also commonly known that Dr. Krankcase served as an evil inspiration to Kaos once upon a time, who had figured out how to make his own wooden creatures, the Wilikins, come to life after reading about the doctor's exploits in the Minion Monthly Catalog. Kaos also respected Dr. K's interest in world domination and doom engineering, not to mention his well-documented love of pickles.

Nightshade - DARK DAYS AHEAD!

**Nightshade** is a thief who is one of the Dark trappable villainsin *Skylanders: Trap Team* . He is the Doom Raider of the Dark element.

A charismatic ninja thief, Nightshade is by far the most famous burglar that Skylands has ever known. Very smooth, charming, classy, and old-school cool. He was born rich and doesn't need the treasure he steals. He only does it to show off how awesome he is. When the Core of Light was destroyed and the Dark Realm was cut off from the rest of Skylands, Nightshade was rumored to have finally retired from the game. But now that the Midnight Museum is set to host one of Skylands' rarest treasures, the Dark Eye of Unvisibility, everyone knows it's only a matter of time before Nightshade resurfaces for one last, big heist.

Luminous - LIGHTS… CAMERA… ME!

**Luminous** is the Light Doom Raider in *Skylanders: Trap Team* . He is the main antagonist of the Sunscraper Spire Expansion Pack.

Being from the element of Light, Luminous has always feared the dark. Even his own shadow used to frighten him so he became determined to find a source of light so powerful and bright, no darkness, not even shadow, exists. This quest drove him quite mad and he set out to destroy all who opposed him. Finally, he managed to find what he was looking for - The Starlight. A source of light and energy so great, darkness could never escape. But it was protected by the Skylanders and Luminous was unable to get his hands on it. When the entire Light Realm became cut-off from the rest of Skylands, Luminous seized the opportunity and tried once again to steal this Starlight, but what he didn't know was that a Skylander of the Light Element, Knight Light, was left behind as well. After an intense battle over several days, Knight Light was able to imprison Luminous in Sunscraper Spire, where he remains to this day. Just hope nobody lets him out.

Me: Whoa! Skylands has as many villains as we do.

Spyro: Well maybe not that many but it's right up there.

Laney: That is amazing.

Me: Yeah no kidding. Also I just realized something. If Kaos is the one that banished the Skylanders to Earth, then there is one good thing that he did for us and that is give us the great champions of Skylands. They joined us in a great cause to protect not only Skylands but the entire universe from total destruction.

Nico: Wow! That is amazing.

Flynn (Skylanders): That is so awesome! BOOM!

G1 Bumblebee: I think we can all agree that the Skylanders have been a big help to us.

Me: They sure have. And the history they have is amazing and incredible.

Laney: You got that right. That is so amazing.

Smolderdash: I'm glad you all like everything we do.

Camo: (Spanish Accent) Si. We do have amazing history.

Twilight Sparkle: It sure is amazing. And I'm honored to be the archenemy of Kaos.

Me: I agree Twilight. Princess of Friendship and The Magic Skylanders VS Dark Former Apprentice of Master Eon.

Nico: Good matchup title.

Me: Thanks. It was the best I could come up with.

Nico: Yep.

Flynn (Skylanders): That's right. BOOM!

We later went back to Earth.

* * *

Back at the World Tree Estate, we were getting ready for our latest mission.

G1 Iron Bison: FYI, J.D.? It's your turn to lead today.

Me: Yes I know. Also I have just the mission for us. We're gonna go to Japan and see how King Ghidorah came to Earth and battle him.

Eli: Cool! This is gonna be an interesting sight. We're going back in time to 1964.

Me: Yep. We're going to see what he was like 57 years ago.

Missy: I've never seen King Ghidorah before.

Nico: This will be the first time you've seen him.

Carol: And it'll be awesome for you to see him in action.

Me: Yep.

New Wave, Titanium Toenail, Gentleman Ghost, Griffin, Doc Ock, Count Vertigo, Juggernaut, 10,000 Volt Ghost, Ice Demon and Deadwood then appeared.

New Wave: Can me, Titanium Toenail, Gentleman Ghost, Griffin, Doc Ock, Count Vertigo, Juggernaut, 10,000 Volt Ghost, Ice Demon and Deadwood go with you guys?

Me: You all sure can. We're going to Japan back in 1964 and we're going to see how King Ghidorah came into being as well as help take him down.

Eli: And we're going to even help take down the assassins that are trying to kill Princess Selina Salno.

Me: I remember her. She was the princess that had a major hit put on her by some of her own people.

I went over her history.

---

Princess Maas Selina Salno is the monarch of Selgina and a supporting character in the 1964 Godzilla film Ghidorah, the Three-Headed Monster.

Selina is the next in line to rule the nation of Selgina, but there is a threat on her life (from her uncle who wants to kill her so that he may rule), and she is sent to Japan to hide. En route, she is overtaken by a mysterious voice and forced to jump out of her plane, which was rigged to explode. while falling, Selina falls through a dimensional rift, and is unharmed on impact. She lands in the water and floats adrift for awhile, until she is fished out by fishermen, to whom she trades her ancestral bracelet for his clothes. She then takes on the persona of a Venusian (Martian in the English dub) prophetess, who warns the world of the arrival of King Ghidorah, and the re-emergence of Godzilla from the Pacific Ocean and Rodan from Mount Aso. She is taken seriously by almost no-one but the Shobijin and a journalist called Naoko Shindo. Shindo takes Selina to a hotel for an interview, but the assassins who sabotaged her jet break into the room and try to kill her, but her life is saved by the quick thinking of the Shobijin who had stowed away in Shindo's purse. She is later brought in for psychoanalysis, where it is revealed that her Venusian ancestors took refuge on Earth when Ghidorah ravaged their home world and their consciousness is able to survive through their descendants. She is evacuated from the hospital when the enduring kaiju battle draws near. When the Shobijin inform the group of protagonists that the infant Mothra is on the other side of a nearby hill, they leave the car, allowing Selina to slip away. Detective Shindo soon realizes that she is absent, and finds her in a small gorge nearby, where she is being shot at by the only surviving assassin. A bullet grazes her head, and she remembers her true identity. She immediately recognizes the assassin and calls him a traitor before he is crushed by falling boulders. She is finally interviewed by Naoko Shindo and establishes that she may hold romantic feelings for Detective Shindo.

---

When I was finished everyone was shocked that her own uncle wants to kill her!

Carol: That is not right! What her uncle did is horrible!

J.D. 3: I remember meeting Princess Salno. I helped her kingdom many times before. And I even helped bring her uncle to justice.

Me: Wow that is amazing! But that was 57 years ago wasn't it?

J.D. 3: Yep. And here's what she looks like.

He fired a hologram screen from my crest in the middle of my forehead and it showed a picture of Princess Selina Salno and she was really beautiful.

Lola: Wow! She is beautiful!

Laney: Wow! She sure is.

Me: No kidding. Wow. Lets head to the simulator for this mission.

We did so.

---

We got ready and we went into the Simulator and it activated and we found ourselves in Japan back in 1964.

Blot: This must be the place.

Me: Yep. Tokyo, Japan - 1964.

Nico: Wow. Tokyo looks as busy here as it does in the 21st Century.

Laney: Yep.

Eli: It's amazing. I know where to find King Ghidorah. He came to Earth as a meteor that crashed in a gorge.

Lola: Wow.

Eli: And I know where to find it. Follow me.

We flew off to Mount Kurodake.

Titanium Toenail: When we find those assassins, let's make them cry with today's entrance.

Me: Smart thinking.

We arrived at Mount Kurodake.

Me: Here we are.

Lynn: Is that it right there?

We saw the meteor and it was sticking out like a sore thumb.

Laney: Wow that meteor is huge.

Mega Man: Wow that Meteor is huge.

Nico: Wow.

Lisa Loud: The magnetic energy it's emitting is incredible.

I saw that my compass was spinning like mad.

Me: Whoa! That is some powerful magnetic energy.

Motormaster: Alright. Let's blast that thing!

Me: Wait! Look!

We then saw the meteor flash all over and it was emitting intensely powerful heat!

Nico: WHOA! Look at that!

BOOM! BOOM BOOM BOOM BOOM BOOM BOOM!

Then we saw it split open then powerful fountains of sparks and powerful winds came from it. Then a massive fiery explosion blasted out of the meteor!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fireball went up into the sky and it was exploding many times and then it was forming into something.

Missy: What is that!?

It formed into KING GHIDORAH!

Me: It's King Ghidorah!

Carol: King Ghidorah is born!

New Wave: (to Motormaster) Should've blasted it instead of wasting time talking.

Motormaster: Hey don't look at me!

Nico: All right that's enough. Right now we got to get ready for battle!

Me: Lets evacuate all the citizens of Tokyo now!

Hun Gurr: What about the assassins?!

Me: We'll have to split up and take the fights to both. Carol, you, Eli and Missy summon Godzilla and some of the Kaiju you know to help out. The Rest of you all come with me. We're going to take down the assassins.

Carol: You got it J.D.

Vince Pusateri: Be careful honey.

Carol: You got it. Lets go little bro.

Eli: You got it!

Missy: Lets do it!

Maria: (to Carol) Be careful, sis.

Carol: I will.

Gentleman Ghost: Maria, Carol's always careful.

Maria: I know but I'm worried for her.

Me: She will be fine. Lets go!

We were off.

We arrived at a clinic and we saw the Assassins in it.

Cutthroat: There they are. Let's do the entrance now.

BANG BANG!

Me: They started shooting! Lets go!

We went at the assassins.

BANG BANG BANG!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted a hole in the roof of the hospital where the assassins were shooting and spirits of the Total Drama contestants and Scooby Doo swirled around the explosion and a phoenix cry was heard and then we busted in and kicked the assassins all over.

Me: You sickos are in big trouble!

Nico: Time for you to die!

Vince: You want to get to Princess Selina Salno, you got to go through us!

Malness: J.D. Knudson, you have a lot of nerve showing yourself here.

Me: Malness. Its been a long time.

Malness: It sure has. Now I can kill you for everything you did to his excellency.

Me: We'll see about that.

Laney: He must be one of the assassins you faced as your immortal caveman self J.D.

Me: I guess so. He does have a lot of experiences over the last 75,000 years.

Juggernaut: (grabs Malness) I'm gonna rip you in half now.

Then Juggernaut got hit in his armor by a gunshot and he let him go. Then Malness fired a shot and it grazed me in my face and cut my right cheek!

Me: AH!

Nico: Why you!

Nico kicked him in the face and knocked him down.

I fired a beam of energy and it hit 3 of the assassins and killed them. But Malness escaped.

Juggernaut: (grabs an assassin) Fine. I'll just rip YOU in half!

Pacifica Northwest: Go ahead. At least one of these asshole deserves to be ripped in half by you.

Juggernaut: Thanks.

He ripped him in half and splattered all of his blood and organs everywhere!

Laney: Take that!

Deadwood: Do we go after him or help Missy and the others?

Me: Missy and the others have everything under control.

KRABBBBOOOOOOMMMM!

KRABBBBBBOOOOOOOOOOOOOOMMMM!
KRABBBBOOOOOOOMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOMMMMMMM!

King Ghidorah 1964 fired gravity rays and they hit a mountain and sent a rockslide down and it crushed the car Malness was driving and he got out battered and mangled but okay. He went after the princess.

We saw the car smashed.

Leozack: His car's destroyed but he's still going!

Me: He is a tough guy. But I know where he is headed.

We saw him go down the mountain and then we saw him shoot a sniper rifle at the princess and thankfully it missed. But a bullet grazed her head and she fell and landed in some bushes. I fired a laser beam and it hit him in his hands.

Me: Cain go!

Juggernaut: With pleasure!

I went down and helped the Princess.

Ice Demon: Are you okay?

Varie: She just has a concussion but she'll be all right.

Juggernaut: (Grabs Malness) NOW I can rip you in half!

Malness: Oh you want a piece of me huh? You want some!? You want a piece of me!?

Juggernaut: No. I want two!

RRRRRIIIIIIIIPPPPP!

He ripped him in half!

Lobo: (to the Princess holding up two fingers) How many fingers am I holding up?

Princess Selina: Two. What happened? (Sees me) J.D.? Is that really you?

Me: It sure is Princess and you're gonna be all right.

Varie bandaged her head.

Princess Selina: What happened? Where am I?

Me: You're in the mountains of Japan. And you had a bunch of assassins after you. We killed them. I believe you know that one.

I pointed to the brutally butchered body of Malness.

Princess Selena: That's Malness! But why?

Me: Your uncle that's what.

Laney told her everything and she was shocked. But she always knew that her uncle would try to kill her many times before.

Me: We're going to place you into our protection.

10,000 Volt Ghost: (Electrified voice) Oh, and Ghidorah's outside.

She saw the battle.

Princess Selina: My god!

Nico: I know.

Me: But we'll deal with your uncle later. Right now we have to help you and stop King Ghidorah.

Nico: Right.

Zhalia: MOVE THE SKY! LEGENDARY TITAN OF SPIRIT, TAO!

She summoned Tao - The Legendary Titan of Spirit!

Nico: Lets get him!

We went at King Ghidorah.

King Ghidorah fired Gravity Beams and blew much of the area all over into flaming explosions.

KRABBBBBBBOOOOOOOOOOMMMMM! BOOM BOOM BOOM BOOM BOOM BOOM BOOM BOOM BOOMM!

We fired energy waves and they hit King Ghidorah and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Count Vertigo: Let's see if Ghidorah can't get dizzy. (uses his powers on Ghidorah.)

Ghidorah 1964 was dizzy and then he fell to the ground.

Eli: Taste this!

He fired a massive blast of Force Lightning and electrocuted Ghidorah all over.

Troy: Don't leave us out, guys!

?: I will make you all pay for ruining my plans to rule the universe!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large colored orbs orbiting around the legs of Lincoln's sisters, and the eight large purple orbs orbiting around Menat's legs were glowing, and that means big trouble was coming.

Link: Oh no, I was hoping never to hear that voice ever again. You can come out now, Yuga.

A figure came out of the shadows, and it was none other than Yuga, the treacherous wizard who'd sought to gain Ganon's dark powers and rule the universe.

Me: Yuga, I should've known you'd come out, as soon as you heard the news of Ganondorf's death.

Yuga: Because of what you did in destroying Ganondorf, you also destroyed his dark powers, and you ruined my attempts to rule the universe, and now, I will make all of you pay for this!

Akko Kagari fired a blast of magic from her Staff of Circe, and it hits Yuga, and he screamed in pain.

Me: Link, can you tell us about Yuga? It seems like you have a nasty history with this wizard.

Link: Of course, J.D.

Link proceeded to tell us the dark history of the treacherous wizard, Yuga.

Yuga

Yuga is the main antagonist of The Legend of Zelda: A Link Between Worlds. He pretends to work for Princess Hilda until the end of the game, where he fuses with Ganon and betrays her, intending to take over the universe.

Biography

Background

Yuga worked as a high-ranking adviser to Princess Hilda for many years, alongside Ravio, Link's counterpart in Lorule. As Hilda was struggling to prevent the destruction of her dying kingdom, she eventually discovered that Lorule needs a Triforce to sustain itself. Indeed, in the beginning of time, the Loruleans destroyed their own Triforce to stop the wars for its control that almost destroyed their world.

Yuga ventured into the Lorulean Sacred Realm and discovered the existence of Hyrule and its Triforce. Hilda and Yuga then decided to steal the Hylian Triforce and restore Lorule to its former glory (though Yuga had more selfish reasons). However, Ravio disapproved of their plan and left, hoping to find someone brave enough to stop their ambition. Yuga then heads to Hyrule and sets into motion the conflicts between both worlds.

# A Link Between Worlds

Yuga is first seen in the Sanctuary, where he abducts the Priest's daughter Seres by turning her into a painting, after effortlessly defeating the Captain of the Guard. He is confronted by Link but he avoids his strikes by turning into a wall painting, leaving him to knock himself out on the wall, and departs.

Link and Yuga meet again in the Eastern Palace, where he turns Sage Sahasrahla's disciple Osfala into a painting and abducts him. He reveals that he is after the descendants of the Seven Sages who sealed Ganon into the Dark World. (In this timeline, Ganon killed Link during the final battle of Ocarina of Time, forcing the Seven Sages to banish him themselves.) Yuga plans to use them in order to revive Ganon, who was sealed prior to the game.

Link battles Yuga and emerges victorious, but the revengeful wizard turns him into a painting and leaves him here. However, Link gained a magic bracelet from Ravio that enables him to turn back to normal and to become a painting at will.

Yuga then casts a spell that makes impossible to enter or exit Hyrule Castle, keeping Princess Zelda at his mercy, and sets out to abduct all the descendants of the Seven Sages. With them all in his power, he returns to the castle and turns Zelda into a painting, only to be confronted once again by Link, who gained the Master Sword and used it to enter the castle. Link defeats the soldier-monsters that Yuga conjured from paintings to stall him, and defeats him once again.

Furious, Yuga retreats to Lorule and proceeds to resurrect Ganon through the Seven Sages' descendants' power and merges with him, becoming Yuga Ganon. Yuga Ganon scatters the paintings of the descendants all over Lorule, within dungeons guarded by powerful monsters, and attacks Link who followed him. Yuga Ganon overwhelms Link with a shockwave of reddish black dark energy. Just as Yuga Ganon is about to strike down Link, Princess Hilda appears and restrains him with her magic. She then sends Link to collect the Sages in order to gain the Triforce of Courage, and become powerful enough to face Yuga Ganon.

However, it is revealed when Link returns to Lorule Castle with the Triforce of Courage that Princess Hilda manipulated him to gain the Triforce for herself. She takes the Triforce of Wisdom from Zelda's painting and calls forth Yuga Ganon to take the final Triforce from Link.

After Link defeats Yuga Ganon, Hilda demands him to hand over the Triforce of Power but the demon wizard reveals his plan to seize the Triforce for himself to remake all worlds in his image. He then proceeds to turn Hilda into a painting, which he absorbs to steal the Triforce of Wisdom.

Now having two pieces of the Triforce (and a new look), he sets his sights on Link's last piece to claim his "place among the gods". Still, Yuga Ganon is finally destroyed by Link, sending Ganon's soul back to the Dark World.

Ravio then barges in and convinces Hilda that they cannot doom Hyrule even with Lorule at stake, for this destructive conflict is exactly what Hilda's ancestors wanted to prevent by destroying their Triforce. Overcome by remorse and sadness, Hilda returns Link and Zelda to Hyrule, where they promptly wish to their Triforce to restore the Triforce of Lorule, saving both worlds.

---

When Link was finished, we were indeed disgusted by Yuga's crimes.

Me: He's worse than a treacherous wizard, he's a wannabe God who sought Ganon's dark powers for his selfish desire to rule the world.

Nico: And we know just how dangerous Ganondorf's dark powers were in the warlock's hands. That's why he had to be stopped.

Akko Kagari: I've had just about enough of this treacherous wizard.

Suddenly, Akko Kagari's crimson red eyes turned neon crimson red, and she was surrounded by a purple energy aura with magic stars and witches hats, she still had her Staff of Circe out, and as she approached Yuga, she left purple energy, magic stars, and witches hats with every step.

Akko Kagari: Yuga, your selfish desires to gain Ganon's dark powers and rule the universe can never be forgiven. You're a disgrace to the world of magic, and now, I will put you down once and for all!

Then, Akko Kagari was surrounded by a massive vortex of purple energy with stars surrounding it, a witch was flying around the vortex, and inside the vortex was a blue phoenix. Then, as the vortex faded away, Akko Kagari emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Akko Kagari grew up to 6'0" in height, she had the body of a goddess, she has neon crimson red eyes and a purple energy aura with magic stars and witches hats surrounding her, her brown hair now has purple highlights, she has a witch with the Magic Kanji emblazoned on her forehead, she has on witch earrings with the Magic Kanji, a necklace with a witch with the Magic Kanji on its broom, her purple angel wings grew larger, the 6'0" brown staff of her Staff of Circe grew to 6'5" in length, she now has on a purple blouse with a red phoenix, purple blouse with magic stars on it, and purple leather ankle-high combat boots, and she has on a large dark purple pointed witch's hat with red belt on it with a sun belt buckle on it. Her dark purple long-sleeved coat grew longer for her new body, and she now has on her brand-new Bracelets of The Champions of The Universe with blue gems on her wrists, her new Belt of Elemental Bravery with large blue gem for the belt buckle, and her new Eater of Sins revolver holstered on her right hip. There was a light purple kanji below the image of her with Lincoln that said, "Akko Kagari, Student and Defender of Luna Nova Academy, Master and Defender of Magic, Amazing Member of Team Loud Phoenix Storm, and Loving Future Wife of Lincoln Loud."

ルナノヴァアカデミーの学生兼ディフェンダー、マジックのマスター兼ディフェンダー、チームラウドフェニックスストームの素晴らしいメンバー、リンカーンラウドの愛する未来の妻、アッコカガリ

Akko Kagari has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL MAGICSTORM ANGEL OF LOVE!

We were amazed by Akko Kagari's transformation, including her friends. But, when Lincoln saw what happened to her, he had an atomic red blush on his face.

Me: Whoa, this is incredible, Akko has transformed.

Nico: You said it, bro, and she's going to show that treacherous wizard a thing or two about the magic that we wield.

Lincoln: Wow, Akko, you look beautiful, how do you feel?

Akko Kagari: (Divine Echoing Celestial Voice of Love) **I feel incredible, Linky, and now, I'm going to teach that treacherous wizard a thing or two about the magic that we wield. Would you like to join?**

Lincoln: Of course, Akko.

Lincoln transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and unholstered his massive Sword of Taranis from his wider muscular back, and he'd joined Akko Kagari.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Let's get that treacherous wizard.**

Akko Kagari and Lincoln went after Yuga, who fired a blast of magic at them, but they dodged it, and Akko Kagari fired powerful blasts of purple energy, magic, and stars right at Yuga, and Lincoln fired powerful neon blue energy blasts with elemental forces orbiting around the blue cores, elemental forces, super lightning, and massive blasts of ice, which hits Yuga, and they exploded with incredible power.

Then, Lincoln and Akko Kagari grabbed Yuga, and they sucked out his magic, powers, and abilities, and they, along with the rest of us, made them our own.

Akko Kagari: **Shall we put an end to this magic show, Linky?**

Lincoln: **With pleasure, Akko, it's time for the grand finale.**

Akko Kagari and Lincoln: **CELESTIAL STARSTORM GRAND FINALE!**

Akko Kagari and Lincoln fired powerful waves of neon purple and neon blue energy surrounded by the stars and magic, and as they hit Yuga, they exploded with incredible power, killing him and it'd Super Hakaied his spirit. We cheered wildly for what Akko Kagari and Lincoln did, as they'd holstered their weapons and Akko powered down, but Akko Kagari's brand-new body, clothes, and weapons were permanent. Then, Lincoln picked Akko Kagari up in his abnormally large and powerful muscular arms, and he'd hugged her, and as they locked eyes, the two of them kissed passionately, as we cheered for them.

We cheered wildly!

We later went back to Gotham Royal York and Princess Selina Salno was with us and we were at Lynn's Table having a good meal.

BlackWarGreymon, Trickster, Box Ghost, Ssserpent, Onyx, Living Laser, Pterodactyl Ghost, Toad, David Cain, Count Spankulot, Cheese Monster, King of Flan, Rex Goodwin, Ship Org, The Stitch Sisters and Bluto then appeared.

Me: BlackWarGreymon, Trickster, Box Ghost, Ssserpent, Onyx, Living Laser, Pterodactyl Ghost, Toad, David Cain, Count Spankulot, Cheese Monster, King of Flan, Rex Goodwin, Ship Org, The Stitch Sisters and Bluto.

Box Ghost: Actually it's just BlackWarGreymon, Trickster, Box Ghost, Ssserpent, Onyx, Living Laser, Pterodactyl Ghost, Toad, David Cain and Count Spankulot but the rest are here for fun.

Me: That makes sense.

BlackWarGreymon: Another busy day.

William: You guessed right.

GULP! BOING! BLAM!

She flexed her muscles and in her biceps was an image of a massive tank ready to fire! They went at Bluto and pulverized him all over and smashed him down.

Nico: Yep.

Me: We sure did.

We later went back to the estate and got ready for sleep.

TO BE CONTINUED…

---

Part 6 done.

This chapter was for the awesome 1964 movie that made the debut of King Ghidorah called Ghidrah the Three-Headed Monster. Back then 57 years King Ghidorah was called Ghidrah. Now he's called Ghidorah and he has evolved in many incarnations over the last 57 years. So awesome! King Ghidorah has been one of my favorite monsters since I first saw him back when I was a kid. The first part was for the 1997 movie Anaconda with Jon Voight, Ice Cube and Jennifer Lopez. So awesome! I hope you guys aren't afraid of snakes in that one. The 2nd part was for the Skylanders Trap Team expansion called Sunscraper Spire which gave rise to the Light Element Skylanders. Same with the Dark Skylanders but for the Midnight Museum. So awesome! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Etstheclarencefan, Nflemingful and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next rescue for me is gonna be in the world of Voyage to The Planet of Prehistoric Women and me, Eli, Allie, Missy, Maria and the Copperajah Gene-Slammer are gonna go to the planet Venus and we're going to meet a Ratatoskr named Devona as well as a Tapu Fini Gene-Slammer from Laos named Anya Thammavongsa. Lincoln's rescue will be in the Midnight Museum of Skylanders Trap Team and instead of Nightshade, Lincoln and Lucy Heartfilia will face Lucy's so-called father Jude Heartfilia and Lucy will transform in that one. I hope you all don't have weak stomachs because we're gonna go up to Scotland and destroy the Sawney Bean Clan, the most ruthless canniballistic clan that ever terrorized all of Scotland back in the 16th century and they have come back from the dead to get revenge. They will be eating people like mad and paralyzing much of northern Scotland with fear.

See you all tomorrow.

# Scotland's Canniballistic Clan

(WARNING: THIS CHAPTER IS GONNA HAVE A LOT OF GOREY THINGS IN IT. READ AT YOUR OWN RISK)

---

On the planet Venus, me, Eli, Allie, Maria, Missy and Aarna Ramachandran the Copperajah Gene-Slammer were amazed to see that the planet was now fully terraformed.

Aarna Ramachandran: Are we actually on Venus right now?

Aarna concentrated and groaned as her nose got bigger.

Me: Venus wasn't like this before when we were here for the Venus Race.

Aarna turned into COPPERAJAH!

Me: Awesome!

Allie Wilde: This is amazing. Venus went from a poisonous and scorching hot smoldering planet to a fully terraformed planet like Earth.

Maria: Boy it sure did. It's amazing. I think it's much better this way.

Me: Well scientists think that Venus was once like Earth in every way millions of years ago. But it became a poisonous and smoldering hot planet because of a runaway greenhouse effect.

Allie Wilde: This is amazing. I heard Mars became like this. Now the planets, Earth, Mars and Venus are fully like Earth. I like them this way.

Eli: I do too. But this is very familiar.

Then we heard divine singing.

Me: Whoa! Now I see why Venus got like this. This is the world of the 1968 movie Voyage To The Planet of Prehistoric Women. One of my favorites and a great movie from my dad's past.

Astronauts landing on Venus kill a creature that resembles a pterosaur which is worshiped by the local women. They attempt to kill the astronauts by means of their superhuman powers, but fail. The astronauts eventually escape from the planet, and their robot, damaged in a flow of volcanic lava and ultimately shut down by his human companions for their own survival, becomes, in a plot twist ending, the women's new god.

Eli: Wow! That was cool.

Missy: It sure was.

Eli: I think it's really amazing that were here on Venus and more.

We walked around and we met a bunch of beautiful women that lived in a tribal village on the planet and it was amazing. Planet Venus is now an Amazon Planet. It was awesome! We also met a Tapu Fini Gene-Slammer named Anya Thammavongsa from Laos and she looked amazing. Also with her was a Ratatoskr named Devona and she was a Squirrel Girl from Norse Myth and she was amazing. We went to a rock and I put on my blind man glasses and then Eli covered his eyes and then I snapped my fingers and Anya reverted back and she was naked and Aarna reverted back too.

Aarna was human again. But naked.

Aarna: (covers herself) Why can't all planets be modified to be inhabitable without space helmets?

Me: It doesn't work that way Aarna. There are many planets all over the universe that require space helmets.

Allie Wilde: Yeah sorry but it's just the way it is.

Maria: Not for us though.

Eli: Yeah.

Devona: But it's awesome that you guys came here for me and Anya.

Anya: (Covers herself) (Lao Accent) But it's great that Venus is now like this.

I gave Aarna and Anya new clothes and they put them on and we later went back to Earth.

---

After our adventure on Venus, Lincoln, me, Nico, Eli, Nicole, Leni, and Lucy Heartfilia, along with The Skylanders were heading to the Midnight Museum in The Skylands, and not only is Lincoln going to rescue the eleven girls located there, but we got word that Lucy Heartfilia's so-called father, Jude Heartfilia, has returned from the dead and wants revenge on us.

Lincoln: Wow, we're in the Midnight Museum in The Skylands.

Me: I've always wanted to see what the Midnight Museum is like. I've heard many incredible things about this place and how it's the capital of the Dark Skylanders in a sense. So awesome.

---

The **Midnight Museum** is an Expansion Pack in *Skylanders: Trap Team* . It focuses on the Dark element, and comes with the Dark Trap Master, Knight Mare, and a Dark Trap.

The Midnight Musuem is a museum of Darkness that exhibits many ominous artifacts, including the prized Dark Eye of Tomorrow. It is guarded by Spyclopters, which will transport the Skylander to the nearest drop area if they are caught. The Dark Doom Raider, Nightshade, threatens to steal the Dark Eye from the heavily guarded museum and use it to steal everything in Skylands.

---

Nico: It sure is amazing. I heard from Nightshade that he planned to steal a powerful artifact called the Dark Eye of Tomorrow so that he could use it to steal everything from Skylands.

Me: That eye must've been really powerful.

Lincoln: It sure is and I think I know what were going to do here, not only am I going to rescue the eleven girls located there, but we're also going to kill Jude Heartfilia, who has returned from the dead and wants revenge on us and prevent Jude from using the Eye to steal everything.

Me: You said it, big guy. That bastard's got some nerve escaping from The Warp. He just won't stay dead.

Nico: After what he and Weiss' so-called father, Jacques, did on Remnant, that sore loser bastard just doesn't know when to quit.

Eli: But, we'll finally be rid of him for good, and we'll have him either Super Hakaied or banished to The Further.

Spyro: That guy's certainly nothing but a psychotic monster, I'll be glad to get rid of him for good.

Knight Mare: You said it Spyro.

?: HELP!

Suddenly, Lincoln heard the sound of eleven girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the eleven girls, but they were cornered by Jude Heartfilia, who's now completely insane, and he was going to kill them.

Lincoln: Guys, I found the eleven girls, but that bastard, Jude Heartfilia, has cornered them, and he's going to kill them. Come on, let's go rip him to shreds.

We then rushed on over, and Lincoln punched Jude Heartfilia hard in the stomach, and he belched out massive amounts of blood, and when he saw us here, he was indeed enraged beyond belief.

Me: Jude Heartfilia, I should've known you'd return again for Round 3, you just don't know when to quit, do you?

Jude Heartfilia: It was because of that bitch of a daughter that my fortune was lost and my plans to destroy the Fairy Tail Guild were ruined, and it also got worse when you all killed me! I HATE YOU ALL SO MUCH!

Our auras flared up and we got stronger, as a result of Jude's hatred of us.

Me: You can hate us all you want. But all you are doing is just making us more powerful. Also you don't give a flying fuck about anyone but yourself.

Lucy Heartfilia: It was because of your cold-hearted attitude towards me that I severed my ties to a monster like you. The memories of what you did to Arixam and trying to demoralize us by teaming up with Weiss' bastard father to turn Remnant against Team Loud Phoenix Storm are still fresh, and I've had it up to hear with you to last an eternity.

Me: Practically all of us have!

Suddenly, Lucy Heartfilia's eyes turned neon blue, and she was surrounded by a neon blue energy aura with the 13 Signs of The Zodiac surrounding her, she unholstered her Defender of Fiore and The Fairy Tail Guild from her back, and as she approached her so-called father, she left blue energy and the 13 Signs of The Zodiac with every step.

Lucy Heartfilia: Jude Heartfilia, your vile crimes against Fiore and The Fairy Tail Guild can never be forgiven, along with your crimes against the entire world. In the name of Team Loud Phoenix Storm, you are hereby sentenced to death once again!

Then, Lucy Heartfilia was surrounded by a massive vortex of blue energy with stars around it, the 13 Astrological Signs of The Zodiac were orbiting around the vortex, and inside the vortex was a white phoenix. Then, as the vortex faded, Lucy Heartfilia emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Lucy Heartfilia was now 5'11" in height, she had the body of a goddess, she now has neon blue eyes and a neon blue energy aura with stars and the 13 Signs of the Zodiac surrounding her, her blonde hair now has blue highlights, she has a phoenix with the 13 Signs of the Zodiac emblazoned on her forehead, she has large blue angel wings with stars reflecting on them, she has on phoenix earrings with the Star Kanji in its claws and a necklace with the phoenix with the Star Kanji in its claws for the pendant, she now has on a sleeveless blue blouse with a white phoenix on it, blue skirt with stars on it, blue leather ankle-high combat boots, and a blue sleeveless trenchcoat with stars on the coattails with the 13 Signs of The Zodiac in a circle on the back. The massive, wide, double-edged blade of her Defender of Fiore and the Fairy Tail Guild sword grew to 6'5" in length and the long black handle grew longer. Lucy Heartfilia now has on her new Bracelets of The Champions of The Universe with light blue gems on her wrists, her new Belt of Elemental Bravery with large blue gem for the belt buckle, and Eater of Sins revolver holstered on her right hip. There was a white kanji below the 13 Signs of The Zodiac that said, "Lucy Heartfilia, Member of The Fairy Tail Guild, Girlfriend of Natsu Dragneel, Master of The Celestial Spirits and The Stars, Defender of Fiore and Earth, and Destroyer of Jude Heartfilia."

ルーシィ・ハートフィリア、フェアリーテイルギルドのメンバー、ナツ・ドラグニルのガールフレンド、天の精霊と星のマスター、フィオーレと地球の擁護者、ジュード・ハートフィリアの駆逐艦

Lucy Heartfilia has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL ZODIAC STELLAR ANGEL OF HOPE!

We were amazed by Lucy Heartfilia's transformation, and when Jude Heartfilia saw it, he fell into a really black rage, as he was now seething with rage, and his eyes turned red with hate.

Lincoln: Whoa, Lucy has now transformed.

Nico: You said it, big guy, she's now an Angel of The Stars and The Celestial Zodiac. Oh, I bet if Natsu sees her now, he'll be blushing like mad.

Leni: And she's totes going to give that so-called father of hers his death sentence.

Me: You're right on that one, Leni.

Lucy Heartfilia: (Divine Echoing Stellarstorm Voice of Hope) **You're right about that, J.D. And now, it's time for you to die, Jude Heartfilia.**

Me: Yep. Lucy how do you feel?

Lucy Heartfilia: **I feel amazing J.D. Now to give this bastard what for!**

Lincoln: Let me join in, Lucy. Since I happen to be a father, it makes sense that I also get a few blows in on your so-called father.

Lucy Heartfilia: **Thanks Lincoln. I appreciate that.**

Lincoln transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and he unholstered his massive Sword of Taranis from his wider muscular back, and joined Lucy Heartfilia, as they went after Jude Heartfilia, and they fired powerful blasts of neon blue energy, elemental forces, massive blasts of ice, super lightning, and stars at Jude Heartfilia, and they exploded with incredible power. Then, with their massive swords, they slashed off Jude Heartfilia's arms and slashed his eyes out, permanently blinding him. Then, Lincoln slashed off Jude Heartfilia's crotch and burned it to ashes.

Lucy Heartfilia: **Ooh, nice one, Lincoln. Shall we deliver the final blow?**

Lincoln: **Let's do it.**

Lucy Heartfilia and Lincoln: **STARSTORM OF THE 13 SIGNS OF THE CELESTIAL ZODIAC!**

Lucy Heartfilia and Lincoln fired powerful blasts of stars with the 13 Signs of The Celestial Zodiac in them, and as they hit Jude

Heartfilia, they exploded with incredible power, killing him for good, and his evil spirit was Super Hakaied for good. We cheered wildly for what Lucy Heartfilia and Lincoln did, as they holstered their massive swords on their backs and powered down, but Lucy Heartfilia's new body, clothes, jewelry, and weapons were permanent. Judy Heartfilia was now nothing more than a forgotten memory.

Then, Lincoln and Nicole went up to the eleven girls who were sighted there, and when Lincoln saw them, he immediately recognized them. The eleven girls were Yuna Kagurazaka from Galaxy Fraulein Yuna, Rushuna Tendo, Mikan Kurenai, and Setsuna Oomido from Grenadier, Mey-Rin and Ran-Mao from Black Butler, Natsu Iwashimizu and Matsuri Tendou from 7 Seeds, Yuri Honjo, Mayuko Nise, and Kuon Shinzaki from High-Rise Invasion.

Lincoln: Oh wow, it's Yuna Kagurazaka, Rushuna Tendo, Mikan Kurenai, Setsuna Oomido, Mey-Rin, Ran-Mao, Natsu Iwashimizu, Matsuri Tendou, Yuri Honjo, Mayuko Nise, and Kuon Shinzaki.

Nicole: From Galaxy Fraulein Yuna, Grenadier, Black Butler, 7 Seeds, and High-Rise Invasion, awesome.

Lincoln: Are you girls okay?

Yuna Kagurazaka: Yeah, we're okay, thanks to you.

Then, when Yuna Kagurazaka and the other ten girls saw just who it was that saved them from Jude Heartfilia, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, deep sapphire blue thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Yuna Kagurazaka: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made ten clones of himself, and he and the ten clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Yuna Kagurazaka: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

We returned home to The Estate, and as soon as we told the Fairy Tail Guild what happened, and we showed them Lucy Heartfilia's transformation, they cheered wildly, and Natsu and Lucy kissed. Now, we are finally rid of Jude Heartfilia, and that bastard's not coming back for more ever again.

---

After putting down Jude Heartfilia for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds.

Suddenly, there was a bright light that surrounded the Estate, and we covered our eyes to prevent us from looking at it. Then, the bright light faded away, and we uncovered our eyes. But, as we did, we saw there was a lot of people in the Estate. But, Lincoln immediately recognized them, as soon as he saw them. They were Tenchi Masaki, Ryoko Hakubi, Ayeka Masaki Jurai, and her little sister, Sasami Masaki Jurai, Mihoshi Kuramitsu, Kiyone Makibi, and Ryoko Hakubi's mother, Washu Hakubi.

Lincoln: Wow, it's Tenchi Masaki, Ryoko Hakubi, Ayeka Masaki Jurai, her little sister, Sasami Masaki Jurai, Mihoshi Kuramitsu, Kiyone Makibi, and Ryoko Hakubi's mother, Washu Hakubi.

Nicole: Wait a second, from Tenchi Muyo, that's awesome! And just like you and Dad, Tenchi has a harem with the five girls you mentioned, Lincoln.

Me: That's awesome.

Then, as soon as Tenchi and the others regained their vision, they immediately saw us.

Tenchi Masaki: Oh wow, Team Loud Phoenix Storm, it's an honor to meet you all.

Lincoln: You too, Tenchi.

Me: (Bows) It's an honor to meet you Tenchi.

Shanan: And to all of you Princess Ayeka. I have known all about the people of Jurai for a long time and it's awesome to have you all here with us.

Washu Hakubi: We heard about your many adventures, including the takedown of Team Dark Phoenix Storm. Now, that was epic.

Lincoln: We had to put a stop to Mr. Mind or he was going to destroy everything, and some of them are new members of The Masters of Evil, and we also found out that we had ancestry in Scotland 400 years ago, and we got justice for our Scottish ancestors by locking Morag up in prison for 50 years, but J.D. also put a curse on her, and if she escaped to seek revenge, she'll die.

Nico: You got that right, Linc.

Washu Hakubi: That's incredible.

Tenshi Masaki: And we've got something to ask. Can you help us take down Kagato for good?

Lincoln: Of course, that guy has caused all of you nothing but trouble for the last time.

Washu Hakubi: Thank you all.

We then got to work, and we went after Kagato, who was hiding out in an abandoned warehouse out in the lower New York Bay. But, he had guards patrolling the area outside. Lincoln and The Goths of Darkness got to work by making a massive cloud of darkness to darken the skies and clouded their vision. Then, Lincoln fired powerful blasts of red energy, which as soon as they latch onto the guards, Lincoln started sucking out and absorbing all their energy, which made him and the rest of us much stronger than ever, and it killed the guards. Then, we made our way into the warehouse, and waiting for us was Kagato.

Kagato: So, the famous Team Loud Phoenix Storm has finally arrived.

Lincoln: That's right, Kagato, and we're here for one thing: to take you down for good.

Me: And make you pay for the crimes that you've committed.

Kagato: We'll see about that!

We transformed and unholstered our weapons, and we went after Kagato, and we blasted him with powerful blasts of neon colored energy and elemental blasts, and we'd slashed at Kagato with our sharp blades, and he was bleeding badly. Then, Lincoln sprouted out his eleven massive blue wolf tails with stingers, and they went at Kagato, and they pierced Kagato in his arms, legs, chest, back, and stomach, paralyzing him, and Lincoln began sucking out Kagato's powers and abilities, and he, along with the rest of us, had made them our own, and Kagato was screaming in excruciating pain. Then, Lincoln retracted his tails, and Kagato was left bleeding in pain.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) And now, this is the end for you, Kagato.

Everyone: SPACE PIRATE GENOCIDE BLAST!

We fired powerful energy blasts at Kagato, and as they hit, they exploded with incredible power, and the explosion killed him and the blasts also killed any space pirate loyal to Kagato, and Super Hakaied their spirits for good. We cheered wildly, as we holstered our weapons and powered down. Then, we'd returned home to the Estate, and Tenchi, his harem, and Washu Habuki were made new members of the team. We've got rid of another space pirate organization that was a threat to the world for good, and that serves as a lesson: terrorize the galaxy, and there'll be hell to pay.

---

Later, Max Goof was outside skateboarding in Great Lakes City with Ronnie Anne, Lincoln, Nikki, Casey, Sameer, Laird, Bobby

Zimmeruski, Twist and his gang, P.J., Tank, Roxanne, and Stacy Bolton. We were watching them in action, and it was awesome.

Suddenly, Max Goof was called to the rooftop of The Casagrandes' apartment in Great Lakes City by someone, and we then followed Max Goof. As soon as we got to the rooftop, a figure came out, and to our surprise, it was none other than Leon Belmont, the legendary Vampire Hunter from 1094 A.D.

Max Goof: Leon Belmont. I'm surprised to see you here.

Me: Same here.

Leon Belmont: Forgive me for calling all of you here. But, I was hoping to meet those who destroyed my former friend, Mathias. I want to thank you for what you did.

Lincoln: You're welcome, Leon.

Leon Belmont: And there's a reason I asked to meet with you all. My old enemy, Walter Bernhard, the vampire lord I destroyed long ago has come back from the dead.

We gasped in horror, as soon as Leon Belmont told us the news.

Max Goof: Walter Bernhard, I'd heard that he was the first vampire lord in 1094 A.D., before Mathias Cronqvist used The Crimson Stone to make Walter's soul his, and he was transformed into Dracula. But, how is this possible?

Leon Belmont: It was because of a black orb filled with a malevolent dark energy, I'm afraid that is what brought Walter back from the dead, and it also repaired The Ebony Stone.

We soon found out what that black orb was.

Max Goof: A Dark Orb. So, that's how Walter's returned from the dead, and we found out about The Ebony Stone when we went after Dracula, it creates a shroud of darkness around an area, trapping it in eternal night, and it made Walter invulnerable to all weapons. That was, until you entered a soul and blood covenant with Sara's soul, and the whip that Rinaldo gave you was transformed into The

Vampire Killer, the bane of the children of the night.

Leon Belmont: That's right.

Max Goof unholstered his Unbreakable Bonds of Friends and Angels Keyblade from his back.

Max Goof: If The Ebony Stone can be broken by The Vampire Killer, then a Keyblade should shatter The Dark Orb that repaired The Ebony Stone. We've dealt with Xehanort long ago, and we know that The Heartless, The Nobodies, and The Unversed are afraid of The Keyblade, the weapon used to slay them.

Leon Belmont: The only way to find out is when we go after him.

Lincoln: Yes, that's right. We're not going to let Walter Bernhard get away with what he's done 900 years ago.

Me: That's right, Linc. What Walter did to Sara and Rinaldo's daughter cannot be forgiven, he has to be destroyed here and now.

We returned home to The Estate, and thanks to Leon Belmont, we have been made aware of Walter Bernhard, who returned from the dead, thanks to a Dark Orb and it repaired The Ebony Stone that was shattered long ago by Leon Belmont, who forged The Vampire Killer by forming a soul and blood covenant with Sara's soul, and we aren't going to let Walter Bernhard get away with his crimes, he's going to pay for everything he's done in 1094 A.D.

Later we were walking to the mall.

Me: This is gonna be a good shopping spree.

?: Too bad it will soon be your last day in this world.

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large colored orbs orbiting around the legs of Lincoln's sisters, and the eight large purple orbs orbiting around Menat's legs were glowing, and that means big trouble was coming, as we saw a swarm of bats flying in the skies, and it landed, transforming into a dark figure.

The figure that was none other Walter Bernhard, the vampire lord from 1094 A.D., and the one who's responsible for kidnapping Sara, and giving her the curse of the vampire, but that led to the forging of The Vampire Killer, the bane of the children of the night.

Max Goof: Walter Bernhard, I should've known you'd be here. We were warned about your return by your old enemy, Leon Belmont, and we already know of how you returned, thanks to The Dark Orb, and it also repaired The Ebony Stone.

Walter Bernhard: I see. It seems that Leon has made you all aware of that, interesting.

Suddenly, Max Goof's transformed into his Super Angel 10,000,000,000 form. But, we'd suddenly felt something snap deep within Max Goof's mind, and he's suddenly growing stronger and stronger and stronger still, as he unholstered his Unbreakable Bonds of Friends and Angels Keyblade from his back, and as he approached Walter Bernhard, he left white energy, light, and crosses with every step.

Max Goof: You kidnapped the loved ones of many brave warriors to alleviate your boredom, and you also gave your kidnapped victims the curse of the vampires, turning them into your undead minions. You toyed with the lives of humans, and you take sadistic pleasure in the pain and suffering that you spread. You make me sick, Walter Bernhard, and now, I will kill you AND the night, once and for all!

Then, Max Goof screamed like a madman, as he was surrounded by a massive vortex of white energy with crosses orbiting around the vortex with angels flying around the vortex, and inside the vortex is a gold phoenix. Then, as the vortex faded, Max Goof emerged, but he was changed forever.

Max Goof grew up to 6'10" in height, he now had large and powerful muscles and eight-pack abs, and his clothes grew longer for his brand-new body, the massive, wide, double-edged crimson blade of his Unbreakable Bonds of Humans and Angels Keyblade grew to

6'5" in length and the long black handle grew a little longer, he now has neon blue eyes, a powerful white energy aura with crosses and angels surrounding him, and his white angel wings grew larger and the white feathers have yellow tips, and he now has on a necklace with an Angel holding the Light Kanji in its hands. Max Goof now has on his brand-new brand-new Bracelets of The Champions of The Universe with red gems, his new Belt of Elemental Bravery with large red gem for the belt buckle on his waist, and an Eater of Sins revolver holstered on his right hip, and his kanji has gotten an improvement, as the new and improved kanji said, "Max Goof, Champion of The College X-Games, Next Generation Knight of King Mickey's Court, Master of Light and the Angels, Slayer of Evil, and Destroyer of Walter Bernhard."

マックス・グーフ、カレッジXゲームのチャンピオン、ミッキー王の宮廷の次世代騎士、光と天使のマスター、悪の殺し屋、ウォルター・ベルンハルトの駆逐艦

Max Goof has now transformed into SUPER ANGEL 750,000,000,000 CELESTIAL PHOENIX ANGEL OF LIGHT!

We were amazed by Max Goof's Super Angel 750,000,000,000 ascension, and Roxanne was blushing, and to Walter Bernhard, he was now in trouble.

Me: Whoa, Max Goof has now ascended.

Nico: That's right, Colonel, and he's going to make sure Walter pays for his crimes.

Max Goof: (Divine Echoing Angelic Voice of Light) **That's right, Commander. It's time for you to die, Walter. Prepare yourself!**

Walter Bernhard: Well, this is interesting. But, I am beloved by the night, and now, you will have a taste of my dark powers!

Max Goof went after Walter Bernhard, and he swung his improved Keyblade at Walter Bernhard, and as soon as the Keyblade hits The Dark Orb-infused Ebony Stone, both The Dark Orb and The Ebony Stone shattered into pieces, which sunk into darkness.

Walter Bernhard: What?!

Max Goof: **And now, you have nothing left to protect you, Walter Bernhard, and now, you will die here and now!**

Walter Bernhard: Not yet, the power of the night is still full. And now, I shall teach you the meaning of true terror!

Castlevania: Lament of Innocence OST- Dark Night Toccata

Max Goof went after Walter Bernhard, who fired three dark energy balls at Max Goof, but he dodged them, as soon as they exploded, and then, Max Goof fired powerful blasts of white energy, light, and crosses at Walter Bernhard, and they exploded with incredible power. Then, he also attacked the evil vampire lord with powerful slashes from his Unbreakable Bonds of Humans and Angels Keyblade, but the last swing of his Keyblade, defeated Walter, as he screamed in pain.

Walter Bernhard: (Groaning in Pain) It can't be, this should not have happened.

Suddenly, we saw Leon Belmont appear, and he and Max Goof spoke to Walter Bernhard, as he was now dying.

Max Goof and Leon Belmont: **Sara's suffering… , and Rinaldo's grief.** (Walks up to Walter Bernhard) **Carve them into your cursed body, and perish!**

Walter Bernhard: (Screams in pain) But… (Slowly Dying) With my powers, I will one day come back to life. And when I do, you will be the first one to die by my hand.

Max Goof: **I think not, Walter Bernhard, and now, your time of judgement has arrived. LEGACY OF THE BELMONT CLAN!**

Max Goof summons the spirits of Leon Belmont, Trevor Belmont, Juste Belmont, Simon Belmont, and Richter Belmont, the five greatest hunters of The Belmont Clan, and they attacked Walter Bernhard with lashes of The Vampire Killer whip, and with one last attack from Max Goof, Walter Bernhard died in the resulting explosion, and he was Super Hakaied forever.

We cheered wildly for what Max Goof did, as he powered down, but his new body, clothes, jewelry, and weapons were permanent. At last, Walter Bernhard was destroyed forever, and the last of the Belmont Clan's dreaded enemies in Dracula and Walter Bernhard were gone forever.

---

Later we were walking home from another awesome shopping trip at the mall.

RD Lana: So, Missy. Got a costume for Halloween?

Missy: Haven't really thought about it yet but I will.

Laney: You'll think of something.

Eli: And we have plenty of time before the holiday.

Nico: Yep we sure do.

?: Well well well. What do we have here?

We saw a really thuggish mean kid with a mohawk hair style and he had black punk clothes and had a scar on his face that looked like claw marks and he had a skull on his shirt and spiked bracelets on.

Missy: Clyde Finster!

Nico: Not this douchebag again!

Qin: Oh no!

Rarity: Missy. Is this your ex boyfriend?

Missy: Worse. This is Clyde Finster and he was the worst ever bully in school. He tormented all the kids and made us all look like a bunch of fucksack idiots!

Clyde Finster: And you have always been my favorite target Missy the Sissy!

Missy: You haven't changed a bit Clyde the Douchebag!

Bludgeon: You have no idea who you're dealing with.

Clyde Finster: Oh I don't huh? All you are is just a bunch of morons!

Missy: Why don't you come say that a little closer? Unless of course you're a big fat fucking chicken!

Clyde Finster: WHAT DID YOU JUST CALL ME!?

Missy: You heard me! I called you a big fat fucking chicken and I eat people like you for breakfast!

Clyde Finster: YOU ARE SO FUCKING DEAD!

Missy: Bring it on motherfucker!

He charged at Missy roaring at the top of his lungs ready to kill her and then…

KRAKROW!

Missy kicked him in the face with devastating force with a powerful haymaker kick and sent him crashing into a fire hydrant.

Lynn then went over and sat on his face and then…

FFFFFFFAAAAAAAAAAAAAAAAAAAAAAAARRRRRRRRRTTTTTTT!

She farted in his face and then he gagged and coughed and vomited.

Ironhide: Please tell me that was a Dutch Oven!

Lynn: It's something I invented called the Facesitting Brown-Cheeser.

We laughed at that.

Nico: (LAUGHS) THAT'S FUNNY!

Eli: YEAH! (LAUGHS) SO FUNNY!

Sheila and Tom came and slapped the cuffs on him.

Sheila: Looks like Clyde is up to no good again.

Tom Lair: Just can't take a hint can you Clyde.

Irma Lair: You busted him before dad?

Tom Lair: Oh yeah sweetie and let me tell you he has been in trouble more times than anyone we know.

Sheila: This is his 733rd offense.

Me: Whoa! That must be one impressive R.A.P. Sheet.

Tom Lair: Yep. It sure is. It's back to jail for you Clyde. Lets go.

Clyde was taken away.

---

Back at the estate we were getting ready for our next mission.

RD Lori: Nico, you know it's literally your turn to lead today, right?

Nico: I sure do and we're going back to Scotland. Something is going on in Northern Scotland.

Eli: What is it?

Nico: No idea but there have been reports of people disappearing under strange circumstances there.

Varie: That's weird.

Laney: Yeah.

BlackWarGreymon, Trickster, Box Ghost, Ssserpent, Onyx, Living Laser, Pterodactyl Ghost, Toad, David Cain and Count Spankulot then appeared.

BlackWarGreymon: Can me, Trickster, Box Ghost, Ssserpent, Onyx, Living Laser, Pterodactyl Ghost, Toad, David Cain and Count Spankulot go with you guys?

Nico: You all sure can. We're going to Northern Scotland to investigate people disappearing there.

Trickster: Oh boy. We better get over there then.

Nico: Yep. Lets go.

We were off to Northern Scotland.

---

NORTHERN SCOTLAND

---

We were flying over Scotland.

Dr. Ghastly: How does it feel to be back in Scotland, Lincoln?

Lincoln: It feels amazing Dr. Ghastly. Now that Morag is gone and there's no Team Dark Phoenix Storm to make things worse, maybe I can check on the Loud Castle.

Me: Awesome. And speaking of Morag, I have great news. She tried to escape prison 3 days ago and she died just as she was about to get out beyond the prison rec yard.

Lori: Did she really?

Me: Yep. That curse I put on her did her in and sent her sorry big ass off to Oblivion.

Nico: Good riddance. I hope that bitch likes Hell.

Trickster: I hope Angus is okay.

Nico: Well he is thankfully not where we're going. Loch Loud is on the western side of the country where as we're going to the north side.

Eli: That's a relief.

We arrived and we arrived in a small and deserted village that was not far from the northern coast of Scotland.

Laney: This must be it.

We saw no one out on the streets and there was no one in the village at all.

Lana: Weird. Where is everyone?

Nico: No idea. They're all gone.

Me: This whole village is as quiet as a graveyard.

Mandy: It's like everyone just vanished.

Terrance: It's deja-vu all over again!

Nico: Lets see.

Nico did a scan and he saw that there were NO PEOPLE ANYWHERE! The whole town was empty. Everyone vanished without a trace.

Nico: Whoa. Everyone in this whole village is gone.

Lola: Geez.

Ssserpent: Are we too late?

Nico: I don't know.

Eli: Wait I sense something. This way.

We followed Eli and we got to an ally and we saw that it was empty but we heard crying.

Lucille Loud: (Scottish Accent) I hear crying.

Lucille went to a trash can and she opened it and in it was a little girl at around 5 years old.

Lucille: Little lass are you all right?

Girl: (Crying hard) No! They took my parents!

Lucille: Who took your parents lass?

Rotwood: Can you describe what you saw before your parents were taken?

Girl: (Sniffles) I can try. We were just about to have dinner when suddenly they came in and hurt my parents and then took them away.

Me: Did you get a good look at what the attackers looked like?

Girl: Yes they looked like people from long ago and they looked like something I read in a story.

Me: Story?

I pulled out my book on Scottish Folk tales and turned it to a certain man.

Me: This him?

I showed her the picture.

Girl: Yes that's him! He had a huge number of people with him!

Me: The Sawney Bean Clan has returned from the dead!

We gasped in shock!

David Cain: I hope this doesn't mean what I think it means.

Nico: I'm afraid it does. The most evil and most ruthless Canniballistic Clan in all of Scotland and the World has returned to terrorize all of Scotland again.

Me: Just as I feared. I knew it was only a matter of time before they returned.

Eli: Not good.

Nico: Hold on. I want to try out something that might help us cover more ground.

Lois Griffin: Oh God. It better not be like my former husband's antics.

Nico: It's not. J.D. you know you can regenerate limbs right because you're immortal right?

Me: Yeah why?

Nico: Well since we're all immortal maybe the same thing can happen to us. Can you slash off my arm so I can see if it will grow back?

Me: I sure can. But it will hurt.

Nico: I'm ready.

Nico held out his hand and then…

SLASH!

I slashed off his arm.

Toad: And now, we wait.

Nico regrew his arm back!

Me: It worked!

We saw Nico's severed arm turn into mush and it remerged with him.

Me: Whoa. That's right you have Majin Buu's powers.

Nico: Right I forgot about that.

Alucard: (pats Nico on the back) It was a good try, dude.

Nico: At least I know now that I can regenerate my limbs and all that.

Eli: Yep.

Living Laser: Let's look for more clues on where the Sawney Bean Clan might have gone.

Me: Well they used to live in a cave on the west coast of Scotland over 500 years ago. But there's only one cave that I know that they are likely to use: Smoo Cave.

Mandy saw something.

Mandy: Wait. Some police are looking at something in the river.

Nico: I see them too.

We went over and we saw that they were pulling out severed limbs with the skin and muscles eaten off.

Onyx: (turns green) Oh, God. I think I'm gonna hurl!

Onyx threw up on Horsea.

Horsea: HEY! OH SICK!

Maria: Hey hurl on your own mascot!

Onyx: Sorry.

Bubble Man: Officers, is this some kind of crime scene?!

Officer: Aye lad. 7,233 people murdered in over 48 years.

Nico: The Sawney Bean Clan has been really busy.

Officer: Sawney Bean Clan? They are just a myth.

Eli: No they are all too real.

Count Spankulot: They have been very bad for all these murders!

Nico: They sure have and we need to stop them. After we have the usual battles.

Rothar: We need to tell the remaning people in Scotland what's really going on here!

Nico: They do have a right to know.

Laney: Right. We got to tell them what's going on now.

Box Ghost: We should call Angus too!

Eli: What are we waiting for!?

Nico: Lets go!

And with that we flew all across Scotland to warn all the people about the Sawney Bean Clan returning.

Squidward: Attention, people of Scotland! This is very important. The Sawney Bean Clan is taking over the world!

Everyone was silent.

Squidward: OUR world!

The people of Scotland gasped and they were shocked that they are real! After all these years they were now proven to be VERY REAL!

We regrouped and everyone was gathered and they had shotguns, rifles and machine guns and more.

Pterodactyl Ghost: I'm gonna fly over to where their hideout is.

Nico: Okay be careful.

He flew off.

Then Whirlin, Manta Bayarsh, Dumbbeltron, Marionette Shadow, Gameface, Count Nocturn, Kerbero Gangan, Electropede and Ryugu Tamatebacco appeared.

Nico: Whirlin, Manta Bayarsh, Dumbbeltron, Marionette Shadow, Gameface, Count Nocturn, Kerbero Gangan, Electropede and Ryugu Tamatebacco.

Whirlin: We heard what's been going on here.

William: Then you know how dangerous the Sawney Bean Clan are,

right?

Electropede: Yep we read about them in books.

Manta Bayarsh: Is this a repeat of what happened the day before Slappy came back?

Maria: Well, this time, no one's mind controlled.

Dumbbeltron: I guess that makes sense.

Marionette Shadow: (to me) Heard you went to Venus today.

Me: Yep.

Gameface: What did you find there?

Me: Beautiful amazon women.

I told them everything.

Whirlin: Cool! Sounds like my kind of place.

Nico: Yep.

Whirlin: Wow! Venus is now fully terraformed!? That's amazing!

Gameface: That's amazing.

Frightwing came out.

Nico: Frightwing. Back for round 2.

Frightwing: Yep. This is gonna be fun.

Nico: Yep.

Frightwing: Okay, I might be a monster but even I cross the line on what's going on here!

Nico: This was an evil family that lived back in the 16th Century and they killed over 5,000 people in 25 years.

Laney: And now they killed over 7,300 people in just under 48 hours. They are moving fast.

Nico: We got to hurry before they strike again. Lets get the battles underway.

We got the battles started.

Frightwing was next.

Nico: This is gonna be awesome.

Frightwing: It sure will. But check out what's in my safe.

Nico teleported and opened it and in it was a bunch of weapons. They were called the Swords of The Miraculous.

The Swords of The Miraculous, they're a collection of swords with the Miraculous symbols etched on the 6'5" massive, wide, double-edged blades, large angel wings for the crossguard in the colors of their suits, large colored gems for the hilts, longer black handles, and large colored faceted sphere pommels. Once in hand, they'll get a massive power and energy increase, and they'll merge with the weapons given to you through treasure battles.

Nico was amazed.

In Space Rangers: LETS ROCKET!

They transformed!

Andros: "Power Red!"

Carlos: "Power Black!"

T.J: "Power Blue!"

Ashley: "Power Yellow!"

Cassie: "Power Pink!"

Zhane: "Power Silver!"

All: "Power Rangers Power Up!"

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Oh yeah! Frightwing you have failed this world.

Troy Burrows: Rangers that's a Super Mega Win.

---

We regrouped.

Maria: Now for the Sawney Bean Clan.

Nico: Time to make those monsters rue the day they came back after half a millennia to get revenge.

Me: This is gonna be good.

Angus: (Scottish Accent) Aye lads. Lets show no mercy on those monsters.

Nico: Lets make those douchebags pay for their crimes in full.

Angus: Aye they will pay for everything they did.

Lucille: I think the Inferno is too good for them lads.

Lucy Loud: I agree myself.

Pterodactyl Ghost came back.

Pterodactyl Ghost: I found them and they are in the cave J.D. said.

Nico: Awesome. Lets go.

We were off to Smoo Cave.

---

## SMOO CAVE

---

We were outside of Smoo Cave.

Nico: That's it all right.

We then smelled a really horrible stench coming from it and it was the smell of human flesh and it was gross!

We threw up at the mere smell of it and it was disgusting.

Nico: Yuck. Lets get them.

We went at them.

They laughed malevolently as they were eating.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above the cave and stars and a phoenix cry was heard as elements swirled around it and spirits of the masters of the stars and the Xiaolin Showdown Warriors swirled around the explosion and then they converged and we came out.

May: You guys are in serious trouble!

Nico: Big time!

Sawney Bean: (Scottish Accent) (DEVILISHLY) YOU GUYS ARE GONNA MAKE GOOD HUMAN LIMB SOUP!

Nico: Your reign of terror ends forever Sawney Bean Clan! WELCOME TO THE 21ST CENTURY!

We fired waves of energy and elements and blasted them all over and we jumped back and the people of Scotland all blasted them all over with bullets and grenade launchers and elephant gun blasts.

Orion: Time to get rid of these cannibals for good!

Megaforce Rangers: LEGENDARY RANGER MODE! S.P.D.!

The Megaforce Rangers turned into the SPD Rangers!

Blood and guts were splattering all over the place as we were blowing numerous members of the clan to pieces and banishing their spirits to the Warp for all eternity.

Qin: You hungry?! Eat this!

Qin threw numerous fireballs and they hit the Sawney Bean Clan all over and blasted them in massive fiery explosions!

KRABBBBBBOOOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMMM!
KRABBBBBBBOOOOOOOOOOOOOOOOOOOOMMMMMMMMMM!

We were REALLY blasting them all over!

Missy: They're dropping like flies!

Nico: Lets hit them with one grand combo blast!

RD Lana, Bludgeon, Ironhide and Rarity used the Earth and Equestria Cyber Planet Keys and they enhanced Bludgeon's Electric Cannon, RD Lana's powers, Ironhide's Water Gun and Rarity's powers 100-fold.

Ironhide and Rarity: JEWELED NITROGEN SUPER BLAST!

They fired blasts of lightning, nitrogen, darkness and energy.

Ronnie Anne: MEL GIBSON FIRE STYLE: APOCALYPTO!

Ryuko: MEL GIBSON DARK STYLE: HACKSAW RIDGE!

They fired waves of elements and energy and they formed into said movies.

Lincoln and his Harem: MEL GIBSON FINAL SMASH: MEL GIBSON MOVIE MEGABLAST!

They fired a massive laser powered by all the movies throughout Mel Gibson's career which exploded on contact with the Sawney Bean Clan.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The Sawney Bean Clan was obliterated and banished to the Warp forever.

Count Nocturn: Those… things won't hurt anyone anymore!

Kerbero Gangan: I swear I'm gonna lose it if we run into another cannibal!

Lucille: I don't think we'll run into anymore cannibals this month lads.

Electropede: Oh, thank God!

Black Knight Ghost: Time to let the people of Scotland know it's safe now.

Ryugu Tamatebacco: Exactly what I was thinking.

We went and told everyone all over Scotland that the Sawney Bean Clan is gone. This time for good and everyone rejoiced and cheered.

Me: Nico can I let it loose now? I've held in my crud for this long.

Nico: Go for it J.D. We all feel like throwing up.

Me: Thank you. (VOMITS!)

Lola, Lana, Luna, Luan and many of us hurled our guts out!

Lucille: (To the viewers) Sorry you all had to see that. But at least the Scotland people are safe again.

Me: That's true Lucille. (VOMITS)

Nico: Yuck! Lets get you guys back home to rest.

We went back to the estate and rested up. This was the most bloodiest and most gore-filled adventure ever. We enjoyed the rest of the day before going to sleep.

TO BE CONTINUED…

Part 7 done.

The Sawney Bean Clan were one of the most disgusting clans of cannibals in all of history and they were horrible! I can't believe that they were that insidiously gross in what they did back in the 16th Century. It was horrible! The first part for this chapter was for the 1968 movie Voyage to The Planet of Prehistoric Women and that was one of the most interesting movies from my dad's past I've seen. The second part was for the Midnight Museum expansion for Skylanders Trap Team and that was so awesome. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Etstheclarencefan, Nflemingful and ninjakingofhearts and the guest reviewer gave me the ideas. Thanks guys. The next rescue for me is gonna be for a black harpy named Loviya and she and a Galaran Rapidash Gene-Slammer named Nikki Laramie and she will be from Wyoming. Nikki Laramie is the long lost sister of Lara Laramie and Me, Allie, Missy, Maria, Eli and Leia the Kyogre Gene-Slammer will meet her in Canterlot and we're going to help out in the annual Friendship Festival. It's gonna be so cool to see it and meet many ponies and creatures and even look for potential future members of the Knights of The Friendship Table. The 2nd part for Lincoln's rescue is gonna be in the world of Captain Cluck's Chicken Factory from Skylanders Superchargers and we're going going to see how Cluck not only makes awesome chicken but also we're going to face Eric Cartman and his friends from South Park. Reason: I hate that show. The next chapter is gonna be epic! We're going into another Kaiju Battle as we take on 2016's version of Godzilla called SHIN GODZILLA! We're going to face the scariest version of Godzilla ever made by Japan.

See you all tomorrow.

# A GODZILLA OF DEATH

Over in Canterlot, me, Eli, Allie Wilde, Maria, Missy, May and Leia the Kyogre Gene-Slammer were there for a really specially occasion. Today was the annual Friendship Festival and it was one of the biggest festivals in all of Equestria.

Me: This is gonna be so cool and it's gonna be awesome to be doing a concert for the Friendship Festival today.

Leia Necturn: Wait. The annual Friendship Festival is today?!

Leia concentrated and groaned as her body began to expand.

Me: That's right Leia and it's gonna be so cool to be at this festival.

Leia turned into Kyogre!

Leia Kyogre: Might as well be prepared just in case.

Allie Wilde: What is the Friendship Festival?

Me: It's a festival held in Canterlot to bring ponies from all over Equestria Together.

Maria: This is gonna be so awesome.

Me: Yep and Twilight is having me and some of us put on a very special charity concert for it too.

Maria: That explains why you have your new axe with you.

Eli: This is gonna be so cool.

Missy: It sure is. Nico told me that you guys sing really awesome songs.

Me: Yep and this is gonna be awesome.

Twilight Sparkle saw us.

Twilight Sparkle: Glad you all could make it.

Me: Wouldn't miss it for the world Twilight. This is gonna be so awesome and it'll be awesome to do a concert for you all.

Twilight Sparkle: Well we're glad you all can come.

Ponies and creatures from ALL OVER Equestria came and it was awesome!

Spike had a bunch of documents.

Spike: 'Scuse me! Dragon on the move! Important princess documents comin' through!

S04E26 Unnamed Earth Mare #1: Whoa! Everypony from Manehattan to Saddle Arabia is here!

Apple Cobbler: I know, filly! We almost couldn't book a stable!

Clear Skies: Princess Twilight must have her hooves full with this giant Festival!

Female Pony 2: Are you kidding?! She's smart and organized and cool under pressure! There's nothing she can't handle!

Me: Wow this is so awesome. It's amazing how many creatures and ponies are here. Also we're probably the first humans ever to be here.

Eli: I know. It's so awesome.

We then saw a bunch of kids throwing rotten fruit, vegetables and eggs and toilet paper at a replica of a statue of the Armageddon 23 and they were laughing at them.

Eli: Wow! They sure are showing the statue copy you made of the Armageddon 23.

Me: Glad the kids are having fun with that.

We got to work on the concert as we set up the stage for the performance. When it was time we got the concert underway and everyone cheered as I came up onto the stage.

Me: Good afternoon everyone and thank you all for having me and all of Team Loud Phoenix Storm come and perform for you all today.

Everyone cheered.

Me: As you all know, me and my team are the great heroes of all of Equestria and we all did so much and saved you all from certain doom. Well we aren't the only ones that saved you all as well. There is also Twilight Sparkle and all her friends. They have done so much before they joined the team as well. I have a montage of all of Twilight's adventures before and after we showed up.

I played a chronicle of all the adventures we did. Defeating Nightmare Moon and Saving Princess Luna from Herself, Redeeming Trixie Lulamoon, Saving the Crystal Empire, Preventing Chrysalis and The Changelings from taking Over Equestria, Redeeming Discord, Twilight's Ascension to Princess, Stopping the Everfree Forest from Invading, Defeating Tirek, Twilight Getting her Amazing Castle, Redeeming Starlight Glimmer, The Birth of Flurry Heart, Overthrowing Chrysalis and Freeing the Changelings from her Evil Reign, Destroying The Storm King, Establishing Twilight's School of Friendship, Freeing the Pillars of Equestria and saving Stygian, redeeming Sunset Shimmer, Redeeming the Dazzlings, Redeeming Cozy Glow, The Ascension of Apple Bloom, The Great War of Equestria, The Battle with Team Dark Phoenix Storm and the Ascension of Twilight's Friends into Princesses and many more adventures.

Everyone cheered wildly for Twilight and us.

Me: Thank you all. But as you make know, Twilight and her friends have done so much before they joined us and they have done so much after joining us too. So that's why I had this concert put on for you all, to raise money to help those that were impacted by the monsters that plagued Equestria. The Armageddon 23 have destroyed countless lives over the years and have done terrible atrocities that have affected the lives of many ponies and creatures in Equestria and all that. So without any further delay lets get this concert started!

Everyone cheered.

Me: The first song for your enjoyment is The Night Begins to Shine and this is a song that I sang when the 2017 Total Solar Eclipse was on.

Everyone was excited for this one.

I got the song started and then a Total Solar Eclipse formed above the stage.

Me: (Singing Divinely)

I saw you dance

From the corner

I caught your name

In a conversation

Playing hard-to-get

But I can understand

When I look at you

I see the story in your eyes

When we're dancing

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

When we're dancing

The night begins to shine

Talk 'til dawn

My heart was racing

I took you home

In the driving rain

Had my mind made up

I wanna feel your touch

When I look at you

I see the story in your eyes

When we're dancing

The night begins to shine

The night begins to shine

The night begins to shine

The night begins to shine

When we're dancing

The night begins to shine

The night begins to shine

(Night begins to shine)

The night begins to shine

Had my mind made up

I wanna feel your touch

When I look at you

I see the story in your eyes

When we're dancing

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

The night begins to shine

The night begins to shine

When we're dancing

The night begins to shine

Night begins to shine

The night begins to shine (the night begins to shine)

Night begins to shine

The night begins to shine (the night begins to shine)

The eclipse was beautiful and when I was done everyone cheered wildly!

Eli: WOOHOO! WAY TO GO BRO!

Me: Thank you! Now for this next song, I'm gonna have Twilight and friends come up here.

They did so.

Me: We're going to sing one of their awesome songs called Shine

Like Rainbows.

We got the song going.

[Applejack]

Once upon a time

You came into my world and made the stars align

[Rarity]

Now I can see the signs

You pick me up when I get down so I can shine

[The Rainbooms]

Shine like rainbows

Shine like rainbows

Shine like rainbows

Shine like rainbows

[Rainbow Dash]

Friends, you are in my life

And you can count on me to be there by your side

[Sunset Shimmer]

And when the music comes alive

We sing our songs to lift us up so we can shine

[The Rainbooms]

And the sound that we hear in our hearts

Makes a crescendo

And the light that ignites in the dark
It makes us all glow
[Me and the Rainbooms]
And shine like rainbows
We shine like rainbows
Shine like rainbows
We shine like rainbows
Together we stand
As the rain begins to fall
And holdin' our heads up high
As the sun shines through it all
[Me and The cast]
And the sound that we hear in our hearts
Makes a crescendo
And the light that ignites in the dark
It makes us all glow
And shine like rainbows
We shine like rainbows
Shine like rainbows
We shine like rainbows
[The Rainbooms]
We shine like rainbows

Rainbows formed all over the stages and they were beautiful and they were awesome! When the song was finished everyone cheered wildly.

Allie Wilde: SO AWESOME!

Maria: YEAH!

We had a great concert for everyone and we also met a Black Harpy named Loviya and a Galarian Rapidash Gene-Slammer named Nikki Laramie who shockingly is actually the long lost sister of Lara Laramie. We went to a place where no one would see us and I put on my blind man glasses and Eli covered his eyes and I snapped my fingers and Nikki reverted back and she was naked. Leia reverted back too.

Leia was human again. But naked.

Leia: (covers herself) Is there still time to enjoy the rest of the Festival?

Me: There's plenty of time.

Nikki Laramie: (Covers herself) I can't wait to see Lara again. I missed her.

Maria: Now we have 3 Rapidash Gene-Slammers with us.

Me: Yep. I'm one of them.

Eli: That's awesome.

Loviya: It sure is. It's so cool that you all have so many awesome gene-slammers with you all.

Allie Wilde: It sure is.

We had a great rest of the day at the Friendship Festival and it was great. We raised more than enough money to help those impacted and it was awesome!

After helping out in the Friendship Festival in Canterlot, Lincoln, me, Nico, Eli, Nicole, Zarya Moonwolf, Salem (RWBY,) and Loni Loud were heading to Captain Cluck's Chicken Factory in the Skylands, and not only is Lincoln going to rescue the twelve girls there, but we got word that Eric Cartman and his friends were here, and they want revenge for what happened to them when Nico was possessed by The Digimon Emperor.

Lincoln: Wow, so this is Captain Cluck's Chicken Factory, this is so awesome.

Me: I've always wanted to see what this factory was like and I heard that Cluck makes really huge and awesome chicken here.

Nico: Boy seeing all that huge chicken is making me hungry.

Eli: Me too.

Lincoln: And I think I know what we're going to do here, not only am I going to rescue the twelve girls there, but we got word that Eric Cartman and his friends were here, and they want revenge for what'd happened to them when Nico was possessed by The Digimon Emperor.

Me: That's right, big guy. But, the town of South Park is completely dysfunctional, just like Springfield and Quahog, along with the people.

Nico: And they won't accept an apology from us, they're too wrapped up on revenge on me because of what The Digimon Emperor did when he possessed me.

Eli: They're a lost cause, and they need to be stopped for good. And I sense that Zarya is the next one to transform, this is going to be good.

Salem: What did Eric do?

Me: A more accurate question is What HASN'T he done. He is one of the worst kids I've ever seen.

I pulled up his history.

---

**Eric Theodore Cartman**, more commonly known by his surname **Cartman**, is one of the four main protagonists as well as the main antagonist of the adult animated sitcom *South Park* . He also appears as the main antagonist of the 2017 video games, *South Park: The Fractured But Whole* and *South Park: Phone Destroyer.*

He is an eight-to-ten-year-old boy who lives in the fictional town of South Park, Colorado near Denver. He has been the longtime arch-nemesis and companion of Stan Marsh, Kyle Broflovski and Kenny McCormick. Despite hanging out with them, none have considered him a true friend. He was also the social rival of Stan's girlfriend and love interest Wendy Testaburger and later the abusive boyfriend of Heidi Turneruntil their final split, as well as the only son of Liane Cartman.

Being disliked by nearly almost everyone in town, Cartman is a fat, bigoted, racist, sexist, cowardly, foulmouthed, manipulative, tyrannical sociopath constantly spreading hate speeches and bullying as well as deceiving and using others (especially Kyle and Butters) to achieve his goals.

He is voiced by co-creator Trey Parker, who also voices many other characters on the show, as well as Kim Jong-il in *Team America: World Police* and Balthazar Bratt in *Despicable Me 3* .

Cartman has an intensely heated rivalry of-sorts with Kyle due to his constant immoral scheming and disrespect for other cultures, especially his tendency towards anti-Semitic words and actions. Their particular enmity has intensified over the course of the series and the struggle between them can be seen as one between good and evil later on. He has slightly-lesser animosities with Stan, Kenny, Wendy and Butters among many others: he pokes fun at Kenny coming from a near-destitute family, teases Stan and Wendy's feelings for each other while openly deprecating their respective ideals and takes advantage of Butters's generous nature by leaving him in the dust when anything goes wrong.

Also, no matter how much Kyle and the rest of the boys keep telling Cartman the truth he refuses to believe the young Jew (or anyone else for that matter). Cartman is delusional which makes him believe he is awesome and better than everyone but he is too ignorant and arrogant to see the truth. He had always been in denial about the facts he was overweight and disliked by nearly everyone in town (especially Kyle and the other kids). However, he was truthful when he admitted to being racist (making fun of other Jews, ripping on African-Americans, etc.). It was shown that he worships those such as Adolf Hitler and the Ku Klux Klan much to the dismay of Kyle and Jerome "Chef" McElroy; he also worshipped Mel Gibson for his role in *The Passion of the Christ* which he believed to prove Jews as scum.

Cartman is often very immature and quite a coward, being reduced to tears once or twice with a passive hit from Kyle - however, he shows remarkable knowledge when he wants to sometimes verging on the role of a knowledgeable and master manipulator as he manages to gather large crowds to his will via impressive speeches and surprising charisma.

Cartman's plans vary from story to story but are typically small-scale and petty such as cheating someone out of money or obtaining a new toy/gadget - though he also has grander plans, some of which have verged on world domination though he always fails to achieve his goals (with one notable exception). Some of his more evil plans revolve around committing murder (or genocide) which usually happens.

Cartman is a spoiled brat who will do anything to get what he wants. Denying Cartman of his goal is a dangerous game as he easily develops obsessions over such things and can be extremely vindictive when feeling wronged and if sufficiently annoyed gains a psychopathic glee in destroying perceived enemies. Despite this Cartman has no qualms about whining, begging and manipulating people as well and a foul temper that explodes at any moment.

The cause of Cartman's flaws seemed to be a product of his environment as having been given everything from an early age he came to expect such treatment and his lazy, selfish behavior was rewarded rather than punished by his mother Liane Cartman who normally seemed all-but-incapable of disciplining her demonic child regardless of the abuse she received.

Unlike other characters (e.g. Kyle, Stan, Kenny and Butters) he did not actually seem to learn from mistakes and continued to do things that backfired blaming everyone except himself for the results.

Another recurring theme in the series is Cartman seen doing something selfless and it somehow always turns out to be a coverup for some selfish plot - the effort put into these master plans show that Cartman is not as stupid as he acts and smarter than he lets on but are usually doomed to failure due to the actions of others (especially Kyle and the rest of the children) or other factors.

While Cartman has always been a crass child he was not originally seen as entirely evil; however, the show's fifth season was when his character arc took a turn for the worst and ultimately became the psychopath and sociopath of today.

Cartman is notable for having a large criminal record and having crossed Moral Event Horizon. Although having committed many atrocities before he has only been arrested in any way about six times. Cartman's record includes but remains not limited to:

Murder and Attempted Murder: In "Butt Out" Cartman stabbed Rob Reiner with a fork essentially killing him. This could be considered self-defense; Reiner had been trying to lynch him through conspiracy and gathering a mob. However, Reiner reappeared in "200" and "201" proving he did not actually die. When he flashbacked to 1776 in "I'm a Little Bit Country" he brutally murdered a messenger boy with a log although this was in his imagination and therefore not a real crime. He was responsible for the murders of many people in other episodes. He shot and killed two members of a Chinese mafia group in "Wing" but that was also in self-defense. He murdered dozens of people while they were zombies in "Pinkeye" which was unnecessary as all he had to do was kill a zombified Kenny; however, he was not aware of this at the time. He electrocuted several Mexicans to death with a taser after soaking them in water and attempted to murder Butters to prevent him from crossing the U.S-Mexico border in "The Last of the Meheecans". He accidentally bashed Kenny's skull with a frying pan in "Timmy 2000" while trying to hit a bug that looked like Christina Aguilera on his face. Though it was the side-effects and a hallucination from overdosing on Ritalin he did not mean to legitimately murder Kenny.

When he tried to kill Timothy "Timmy" Burch's disabled turkey Gobbles with an overhead stage light in "Helen Keller! The Musical" it accidentally killed Kenny instead due to him rigging the wrong one. He attempted to kill Kyle and later Kenny and Stan in "Toilet Paper" using a wiffle bat, not comprehending the stupidity of this plan. He tried to use a firearm on the President of FOX in "Cartoon Wars Part II" without realizing it was not loaded. In "Tsst" he conspired to kill his mother because he felt oppressed after she hired the Dog Whisperer Caesar Milan to help deal with Cartman's behavior. In "Scott Tenorman Must Die" he set up Scott's parents to be murdered and turned their corps into chili; this counted as parricide since "200" and "201" revealed he and Scott shared the same biological father. He and the other three boys conspired to have Sarah Jessica Parker murdered in "The Tale of Scrotie McBoogerballs" resulting in her getting shot by a hunter. He even tried multiple times to convince others and himself to kill Kyle. In "Mysterion Rises" and "Coon vs. Coon & Friends" although he does not directly murder anyone he manipulated Cthulhu into murdering those he personally deemed evil which included hippies, Jews, the people of San Francisco and Justin Bieber. In "Funnybot" he used his language skills by talking Germans into killing Kyle but this also failed.

Enforced Suicide: In "T.M.I." Cartman was put in an anger-management group and while there used his iPhone to send a series of text messages to the wife of the psychiatric doctor trying to get a reaction out of him. The messages placed the doctor's wife in a very bad position because Cartman forced her to commit suicide by saying he was engaging in sexual activities with prostitutes he met online. It is unknown how he got the wife's phone number as he required it to have made the texts. He banished Kenny (aka Mysterion), Stan (aka Toolshed), Kyle (aka Human Kite), Timmy (aka Iron Maiden), Clyde Donovan (aka Mosquito) and Token Black (aka Tupperware) to a "dark oblivion" in "Coon vs. Coon & Friends" after which Kenny was forced to get himself impaled on a spike under a cliff in order to die and respawn allowing him to save his friends. He did this again in "Bass to Mouth" when he tricked Jenny Simon into eating a cupcake Cartman secretly spiked with a strong laxative. He caused Jenny to crap her pants in class and as a result she attempted suicide. The suicide failed and she survived but suffered a fractured pelvis and had to be taken to the hospital while placed under suicide watch. He even caused one student named Pete Melman to crap his pants so much he needed new clothes from his mother, therefore exposing him to the embarrassing-news website run by Wikileaks named Eavesdropper and making him think about suicide. A year before he instigated the event of a student named Corey Duran crapping in his pants and made a hazing ritual out of it causing him to kill himself.

Attempted Genocide: In "The Passion of the Jew" he tried to get people to exterminate the Jews and in "Ginger Kids" tried doing the same to the "Gingers". When he became one of the latter he created the Ginger Separatist Movement and instead planned to kill all "non-Gingers", not wanting to live out his whole life as any kind of minority. In "Mysterion Rises" and "Coon vs. Coon & Friends" he and Cthulhu attempted to wipe out Jews by attacking synagogues.

Vandalism and Destruction: He mentioned in "The Death of Eric Cartman" that he broke a man's fence without telling him about it. He also destroyed most of the stuff in Butters' room with a baseball bat in the same episode. He did this in "AWESOM-O" when he messed up the entire Stotch house trying to find an embarrassing videotape Butters had of him making out with a Justin Timberlakecardboard cutout while dressed up as Britney Spears. He helped TP houses in "Toilet Paper" and "The Ring" and since Butters was put in jail for it both times Cartman was instead praised for being honest when confessing the crime for real.

Theft, Shoplifting, Fraud and Plagiarism: In "Fatbeard" Cartman stole his mother's credit card and presumably her ID as well, using it to buy plane tickets to Cairo, Egypt for himself, Clyde, Butters, Kevin Stoley and Kyle's adoptive Canadian brother Ike Broflovski. In "Christian Rock Hard" he replaced the word "Baby" in love songs with "Jesus" which was plagiarism and fraudulent as his short-lived band Faith Plus One was technically not Christian Rock. He pretended to be mentally disabled in "Le Petit Tourette" and "Up the Down Steroid". He did it again in "Freak Strike" when he decided to go on Maury Povich's show and pretend to be an out-of-control teenage prostitute to obtain a valuable prize after Butters unintentionally scammed him out of one by appearing on the same show with fake testicles attached to his chin as a practical joke by the rest of the boys and "Ass Burgers" when he faked autism by putting hamburgers in his butt. He stole many voter ballots from the election in "Obama Wins". In "Poor and Stupid" Cartman went to a local grocery store with Butters in hopes of finding Vagisil there; Butters forgot to bring money because Cartman did not tell him to. Cartman decided to ingest multiple Vagisil products and left without paying. This is not even counting all the times where Cartman conned or attempted to con other's out of his money.

Embezzlement: In "Probably" Cartman started his own church after he and the other kids caught Father Maxi having sex in the local church confessional with Clyde's aunt. Cartman made every kid in town evangelists and asked for their money to be sent to charity. In reality he took full advantage of them because he spent it all on himself. In "Kenny Dies" he convinced the American government to approve stem cell research through an impassioned speech and singing only to use the resources he acquired to replicate the restaurant Shakey's Pizza, thus leaving Kenny and many other people unable to be healed much to Kyle's outrage.

Arson: These were accidental and unintentional because in "Pre-School" the boys as children tricked a younger Trent Boyett into starting a fire which they believed they could put out with their urine but were unable to. In "Butt Out" Cartman and the other boys were smoking and threw their cigarettes away to avoid being caught by Mr. Mackey but they landed in a dumpster near the school and set it on fire. He did it again in "1%" but committed arson in his own room. He was told to grow up and so divided his multiple personalities into his stuffed animals and got rid of them through brutal and weird ways. He did not mean to set his own room on fire and might've been sleepwalking when he did it. However, since it wasn't his property it still counts.

Graverobbing: In "Korn's Groovy Pirate Ghost Mystery" the boys unearthed Kyle's dead grandmother from the local cemetery and planned to use it to scare the living daylights out of a couple of the 6th Graders. This brought up false rumors about the people in South Park having sexual intercourse with corpses and then-recent pirate-ghost hysteria to a whole new level.

Breaking and Entering: In "Tonsil Trouble" and "Mecha-Streisand" he broke into Kyle's room; in the former episode he admitted to breaking into Kyle's room before. The purpose was to steal the Triangle of Zinthar needed to complete the Diamond of Pantheos and give Kyle HIV. He broke into the veal ranch in "Fun with Veal". Cartman also busted into several houses in "About Last Night…" to steal television sets.

Armed Robbery: In "Two Days Before the Day After Tomorrow" Cartman got Kyle into a stickup. He pointed a gun at Kyle and demanded he be given his "Jew Gold". Kyle gave Cartman a bag of rocks first and then presumably threw another bag into a fire. In "Go God Go Part 2" he robbed two kids of their Prank Time Phone with a presumably-expensive laser gun.

Piracy: In "Fatbeard" he and some of the other kids in South Park assembled several groups of Somalian pirates to plunder ships in increasingly aggressive ways until they were all shot by American snipers. This crime was ignored by the government because the soldiers thought Cartman and his friends were hostages due to their skin colors.

Smuggling: He became the leader of a fried chicken cartel under the control of Colonel Sanders in "Medicinal Fried Chicken". However, this did not count because KFC was not illegalized in South Park and merely had restaurants shut down.

Abuse and Torture: In various episodes he abused Mr. Kitty whenever the cat attempted to get some of his food. In addition, "Douche and Turd" mentioned that he broke Kenny's pet cat's leg. In "Crack Baby Athletic Association" Cartman made babies diagnosed with fetal cocaine syndrome play a game of basketball with a bag of cocaine and videotaped it; Cartman was making a profit out of this and did not give the babies any credit which also counted as slave labor. In "The Snuke" he used farts to torture the Hakeem family. However, this did not count because Cartman did not use weapons but rather his own bodily gas to annoy and provoke them. What Cartman did was actually government-sponsored and therefore not branded into his criminal record. Unfortunately, in "Tsst" he kidnapped a fellow student named Billy Turner and forced him to play a Jigsaw-esque game by cuffing one of his ankles to the school flagpole. Cartman said he spiked Billy's lunch milk with poison and it would kill him unless he sawed off his own leg and got the antidote. In "Ginger Cow" he made Kyle cut his hair and farted in his face while forcing him to enjoy it because he threatened to make Christians, Muslims and Jews disband their mutual peace. He eventually got both ends of the deal as he lied about having a huge penis to both wrongfully keep his self-respect and allow peace itself to be destroyed.

Assault and Battery: Done several times, although many of these were not crimes but just fighting with friends and others. He beat up Jimmy Valmer when he wasn't expecting it in "Casa Bonita" and considering the latter was handicapped it could be a crime. In "The Coon" he attacked a man and woman with the metal claws on his hands, scratching the man's face up and causing the woman to run away in terror ( in his defense, he thought the woman was being raped). In "Coon 2: Hindsight" he brutally assaulted Bradley Biggle (aka Mint-Berry Crunch) and Clyde for absolutely no reason at all. Cartman did this again in "Mysterion Rises" when he beat up a little girl in an airport after she asked him what the former was like. He attacked Pip Pirripand Token with a rock in "Cartman's Silly Hate Crime 2000" causing their bones to break which was mild assault but was arrested for a hate crime instead.

Enforced and Committed Cannibalism: In "Scott Tenorman Must Die" Cartman tricked a farmer into killing Scott's parents, took the corpses and ground them up into chili so he could serve it in a Chili Con Carne Festival. Cartman did so and therefore tricked Scott into cannibalism. In "A Ladder to Heaven" he mistook Kenny's ashes for chocolate milk mix and drank them, eventually becoming possessed by his soul.

Kidnapping and False Imprisonment: He locked Butters in a bomb shelter for three days in "Casa Bonita" and kidnapped 63 hippies, trapping them in his basement in "Die Hippie, Die". He held the Hakeems prisoner in "The Snuke" (though this was government-sanctioned) and took Butters from a mental hospital without permission from officials in "The Death of Eric Cartman".

Forceful Confinement: During the events of "Coon 2: Hindsight", "Mysterion Rises" and "Coon vs. Coon & Friends" he (as The Coon) forced Butters to stay in a small jail cell in his basement. He also locked away 63 hippies there in "Die Hippie, Die" and tricked Butters into being trapped inside a bomb shelter in "Casa Bonita".

Prostitution: After Kyle caused him to have a severe concussion and amnesia in "Cow Days" he began to think he was a Vietnamese prostitute named Ming Lee and it was implied he prostituted himself to Leonardo DiCaprio. He did this in "Chickenlover" and "Freak Strike" but did not have real sex with anyone, pretending to be a prostitute. In "Cartman Joins NAMBLA" he became the poster child for NAMBLA the pedophile organization though he was not aware of this until the police showed up with the Marlon Brando NAMBLA.

Rape: In "Cartman Sucks" he (technically) gave Butters a blowjob without his knowledge and put Butters' penis in his mouth.

Drug Possession:: In "Crack Baby Athletic Association" Cartman gave some crack to babies diagnosed with fetal cocaine syndrome and videotaped them playing with a bag of it, putting the video on the Internet. He also gave crack to a pregnant woman addicted to it. The crack he possessed may have come from his mother and she was seen smoking some after having sex with two men in "Jakovasaurs".

Unlicensed Surgery: In "Jared Has Aides" he, Stan and Kyle performed unlicensed liposuction on Butters with a hose to make him thinner in hopes of getting money from a weight loss scam. They even framed him by simply running away and hiding causing yet another grounding for Butters from his parents.

Assorted Terrorism: Cartman admitted to this in "Cartoon Wars" when trying to get Family Guypulled entirely through threats from Islamic bombers and threatening the FOX President with a handgun. He formed an anti-China organization with Butters in "The China Problem" and held an entire building of hostages at gunpoint with Butters wounding two police officers and a civilian with badly-aimed gunshots that hit them in the genitals. His attempt to split up the U.S. through manipulating a drunken army of southerners to plunder towns and march on the capital might count although this was not for political reasons so much as it was for making Stan and Kyle his slaves because of a bet they made. In "The Coon" he tried to bomb a hospital to lure out Mysterion by planting dynamite in it. He managed to set the explosives but ditched the plot and decided helping Mysterion would be more preferable. In "Mysterion Rises" and "Coon vs. Coon and Friends" Cartman along with Cthulhu performed numerous terrorist actions against assorted groups, cities and individuals. He also participated with his anger-management classmates and Stan's father Randy Marsh in "T.M.I." in terrorizing a FedEx building and threatened to not release the hostages until their demands were met. He caused numerous plane crashes and nationwide panic to happen in "World War Zimmerman". In "Tonsil Trouble" Cartman snuck into Kyle's room, drew HIV-contaminated blood from himself and squirted it into Kyle's mouth giving him HIV as well. This was terrorism because Cartman intentionally made someone critically- and terminally-ill to satisfy a desire for revenge. The motive for this was Kyle laughing in disbelief after hearing that his arch-nemesis received a deadly virus which would kill him within less than a decade (ironically, Cartman had frequently talked about Kyle getting this particular disease before). Cartman thought he was being insensitive and shared the virus, giving Kyle AIDS for real so he would not be laughed at anymore.

War Crimes: The drunken Southern Civil War army he led was seen looting, pillaging, attacking civilians and burning down buildings. It was also implied by Cartman at one point his troops raped women (when offering Kenny a spot he said "Join me, and you shall have many plunders and women!" although he did not specifically reference rape). He also employed at least two other child soldiers which were Kenny and Butters.

Blackmailing, Framing, Incrimination, Tyranny, Scapegoating, Submitting False Evidence and Obstruction of Criminal Investigations/Justice: In "Dances With Smurfs" Cartman used the lie he made about Wendy killing the Smurfs as the key plot device for his movie. He then used the movie to frame Wendy by poorly dressing up as her and doing the same thing he claimed she did. Not only did he provide a sneak peak for all the students of South Park Elementary to see on his morning show, but he also released it on DVD and Blu-Ray to stores across America. This lawbreaking led to the creation of the James Cameron movie Avatar. In "Coon 2: Hindsight" Cartman (aka The Coon) tried to blackmail Captain Hindsight into joining his superhero team. He framed Trent twice in

"Pre-School" for arson and the assault of a schoolteacher to get out of trouble and avoid his wrath for 5 years. He committed blackmail in "The Passion of the Jew" when he pressured Kyle into seeing The Passion of the Christ and told him to have the Jews apologize for the death of Jesus. However, this kind of blackmail was emotional because Cartman did not threaten Kyle with extortion, a videotape or photos. Another example was shown in "Cancelled" when Joozians were caught having weird alien sex (sucking on each others' "jagons" while sticking their fingers inside their "thrushers" after getting high on alien drugs) in front of him and the other boys. Kenny took a picture of them doing this and Cartman used it to their advantage. However, this crime may not count because Cartman broke these laws on another planet and did it to save Earth from being destroyed. Unfortunately, Cartman may be held accountable in the Intergalactic Justice System because he indeed broke the laws of another planet and may be an example of extradition. However, he had his memory erased afterwards and could not remember anything. In "Cartman's Incredible Gift" people who had actual supernatural powers accused Cartman of being a fraud and sued him. In order to avoid the lawsuit Cartman intentionally framed them for the murder of Veronica Crabtree and caused them to be arrested with one shot and killed. He framed his mother in "The Poor Kid" after finding out his family had the second-lowest income rate in his hometown just before Kenny's family. He engineered a plan to get into a foster home by creating a meth lab in his backyard and getting her arrested. The police found out later and arrested Cartman as well, placing him in jail for two months. In "The Red Badge of Gayness" the drunken Southern Civil War army demanded the Confederate States of America to be a separate country and almost achieved this through blackmailing Bill Clinton by threatening to release a bluff video of him with Marisa Tomei. He also framed Butters numerous times for things he and the other boys did which all resulted in Butters being arrested by authorities and/or grounded by his strict and abusive parents Stephen Stotch and Linda Stotch. In "Scott Tenorman Must Die" he stole the dead bodies of Mr. and Mrs. Tenorman from a crime scene while Officer Barbrady was still investigating. In "Mexican Joker", when Cartman realizes how he can manipulate I.C.E. through an anonymous call (due to their profound incompetence) into arresting Kyle's family and having them separated into migrant detention centers, despite the fact that Kyle and his family are U.S. citizens. Cartman's motivation for doing this while not due to anti-semitic reasons, was his way of getting back at Kyle, for all the times he was being a "dick" to him and for his own sadistic amusement. Given that Cartman perceived Kyle as "dick" due to Kyle calling Cartman out on his misdeeds, the latest instance being that Cartman attempted to snap one of their female classmates' bra, which is arguably a form of sexual assault. Cartman called Kyle in advance and wanted him to apologize for "every time he was ever a dick to him". Since Kyle was completely justified and Cartman was being completely delusional in thinking he was owed an apology as all of these instances are implied to be Cartman getting called out for his own faults in terms of morality and mentality.

Vigilantism: Due to Cartman's attempts at crime-fighting and violent methods of dealing with crime in "The Coon" and "Coon 2: Hindsight" he was technically in violation of laws regarding vigilante actions. However, due to his constant ineffectual attempts this was overlooked by South Park authorities.

Hate Crimes: He bashed Token and Pip with a rock in "Cartman's Silly Hate Crime 2000" although he was later proven not to have done this for racial reasons and therefore released from jail almost immediately but it still counted as a mild case of assault. However, his attempts against Jews, hippies, "Gingers" and "non-Gingers" (while he thought he was one) may count as his motivations were specifically because of them being members of certain ethnic and social groups. During his actions with Cthulhu against them, San Francisco and Justin Bieber during the events of "Mysterion Rises" and "Coon vs. Coon & Friends" he along with Cthulhu performed numerous terrorist actions against these and more assorted groups, cities and individuals which could also be considered hate crimes.

Slander: During the events of "Breast Cancer Show Ever" he repeatedly cracked jokes and made remarks at the expense of breast cancer patients which angered Wendy and upset Stan and Kyle to the point the former ruthlessly beat him up in a fight on the school playground. In "HUMANCENTiPAD" Cartman declared not only in general, but on national TV that his own mother "Fucked [him]" because she refused to let him have the latest variants of an iPad. While speaking figuratively audiences and Dr. Phil assumed him to mean it literally. In a less liable manner Cartman slandered Wendy in "Dances With Smurfs" by accusing her of being a slut, embezzling money from the school, performing genocide on the Smurfs and numerous other atrocities but escaped any liability by adding "allegedly" at the end. He also did this in "The Snuke" when he told the CIA the Hakeem family were a group of terrorists. However, this lie served a good purpose because Cartman ended up stopping Britain from invading America again. He tried to make people think Kyle was a homosexual in "Cartman Finds Love" which culminated in him singing a song for Kyle much to his anger.

Resisting Arrest: In "Cartman's Silly Hate Crime 2000" he escaped custody after being found guilty of committing a presumed hate crime. He bribed Kenny to drive him to Mexico in a battery-operated kiddie car and therefore put the police on a wild goose chase ending near the U.S.-Mexico border. He did it again in "Casa Bonita" when Kyle's mother Sheila Broflovski and the other boys found out he had Butters locked up in a bomb shelter and later sent to a nearby dump which scared the entire town just so Cartman could go to the nearest Casa Bonita restaurant for Kyle's 9th birthday. When Sheila said the police were on their way to arrest him for Butters' kidnapping he ran into the establishment and tried to avoid them while enjoying what Casa Bonita had to offer in the process. The chase ended after Cartman tried one last-ditch effort to escape by jumping off a 20-foot waterfall only to get cornered.

Contempt of Court: In "Sexual Harassment Panda" he sued Stan for sexual harassment and took full advantage of this in court. However, Cartman was being used by Kyle's father Gerald Broflovski so he could make money by telling him to sue South Park Elementary as well.

Violation/Obstruction of the Pure Food and Drug Act: In "Ass Burgers" Cartman pretended he had autism spectrum and Asperger syndrome disorders by placing multiple hamburgers in his butt and farting on them. He gave one to Kyle who liked it a lot. Cartman then started a business in which he placed multiple hamburgers up his butt to give them the taste Kyle loved. He was later found out and forced to shut down. This violated the Pure Food and Drug Act because Cartman put hamburgers up his butt and sold them to customers. Since the burgers were up his butt they were contaminated and most likely had bacteria such as E. coli in them which was known to make people very sick. Some of the customers who ate might've even died from the germs. He did this again in "Bass to Mouth" when he spiked laxatives into cupcakes and tricked students into eating them. He even made the school faculty spike more laxatives mixed in with horseradish sauce and served with pizza making virtually the entire school crap their pants. He also did this to Mr. Mackey with more cupcakes and made him crap his own pants, farting his whole body across the hallway.

Violation of Firearm Laws and Use of a Deadly Weapon: The Glock pistol Cartman carries around with him was almost certainly illegal and unregistered. Although unexplained where he obtained it he likely did during the events of "Wing" (it was the same weapon he used to fight off Chinese triads during said episode). He constantly used it to threaten people such as Kyle and the President of FOX. He stole a taser from his mom to defend himself from an older Trent after he was released from juvenile hall in "Pre-School".

Underage/Hit-and-Run Operation of a Motor Vehicle: In "Poor and Stupid" he hijacked a NASCARrace car and ran over several spectators and pit crew members culminating in the deaths of eleven people. He later repeated this, going off the racetrack and into a trailer campsite presumably killing many more. In addition he ran over Danica Patrick on purpose after she was eliminated.

Hitchhiking: In "Imaginationland" Cartman hitchhiked to Washington, D.C. to get Kyle to "suck his balls" for proving leprechauns existed but in Colorado hitchhikers face up to 2 years in prison.

When I was done everyone was shocked!

Nico: WHOA MAN! That is one horrible R.A.P. sheet.

Eli: He's Pure Evil Incarnate!

?: HELP!

Suddenly, Lincoln heard the sound of thirteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the thirteen girls, but they were cornered by Eric Cartman and his friends, and they were going to kill them.

Lincoln: Guys, I found the thirteen girls, but Cartman and his friends have cornered them, and they are going to kill them. Come on, let's go.

We rushed on over, and Lincoln fired a wave of Earth, which sent Cartman and his friends back a few steps.

Eric Cartman: Well, if it isn't the loser force.

Lincoln: Call us what you want, but you and your friends wouldn't listen to reason when we told you that The Digimon Emperor was the one who possessed Nico, and caused him to attack all of you, but what he did might've been considered a good thing: South Park was nothing more than a town full of dysfunction, the adults were completely stupid and corrupt, but to also make things worse, all of you are the same.

Me: That's right! All of South Park deserves to be destroyed!

Nico: Just like what happened in Springfield and Quahog.

Eric Cartman: I don't care, and now, you will all die!

Eric Cartman was about to attack, until Zarya Moonwolf fired an energy arrow from her Defender of Gemina and Drake City long bow, which hits Cartman in the shoulder, as he screamed in pain.

Zarya Moonwolf: I've had it with you dorks to last an eternity!

Me: Same here.

Lincoln: Me too!

Suddenly, Zarya Moonwolf's eyes turned neon blue, as she was surrounded by a blue energy aura with wolves surrounding her, and as she approached Eric Cartman and his friends, she left behind blue energy, magic, and wolves with every step. Then, Zarya Moonwolf was surrounded by a massive vortex of blue energy and magic with wolves running around the vortex, and there was a snow white phoenix inside the vortex. Then, as the vortex faded, Zarya Moonwolf emerged, but she was changed forever.

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

Zarya Moonwolf grew to 5'11" in height, she had the body of a goddess, she now has neon blue eyes and a neon blue energy aura with magic and wolves surrounding her, she now has a wolf howling at the full moon emblazoned on her forehead, she has wolf earrings with the Moon Kanji in its claws and a necklace with a wolf pendant with the Moon Kanji in its claws, Zarya now has large dark blue angel wings with stars and the full moon reflecting on them, she has on a dark blue sleeveless blouse with a snow white phoenix, dark blue skirt with a wolf howling at the full moon, blue pants, blue leather ankle-high combat boots, and a sleeveless dark blue trenchcoat with magic and stars on the coattails, and on the back is the full moon with a wolf and a phoenix. Zarya Moonwolf has on her new Bracelets of The Champions of The Universe with dark blue gems on her wrists, her new Belt of Elemental Bravery with large dark blue gem for the belt buckle, and Eater of Sins revolver holstered on her right hip. There was a white kanji below the full moon with the wolf and the phoenix that said, "Zarya Moonwolf, Princess of The Phoenix Wolf Moon, Brave Second-In-Command of The Mysticons, Long Lost Sister of Arkayna Goodfey, Master of Moonlight Magic and Arrows, and Loving Future Wife and Supporter of James Dean Knudson."

ザリア・ムーンウルフ、フェニックス・ウルフ・ムーンの王女、ミスティコンの勇敢な副司令官、アルカイナ・グッドフェイの長く失われた姉妹、ムーンライト・マジックとアローズのマスター、そして愛する未来の妻とジェームズ・ディーン・クヌッドソンの支持者。

Zarya Moonwolf has now transformed into SUPER ANGEL 750,000,000,000 MOONLIGHT STELLAR WOLF ANGEL OF LOVE!

We were amazed by Zarya Moonwolf's Super Angel

750,000,000,000 transformation, and I had an atomic red blush on my face and I did a ton of wild takes, the same as the ones Buster Bunny did when he saw Babs Bunny in spandex in the episode, Dating Acme Acres Style, and Eric Cartman and his friends were already enraged.

Lincoln: Wow, Zarya's transformed into her new Super Angel 750,000,000,000 form.

Nico: You said it, big guy. And it looks like her transformation's got J.D. going nuts.

Then, Nico pours water on me, and steam was coming off me.

Me: Thanks, I needed that. But, Zarya, you look beautiful. How do you feel?

Zarya Moonwolf: (Divine Echoing Moonlight Voice of Love) **I feel incredible, J.D., and now, I'm going to make that twerp and his friends pay for everything they've done.**

Lincoln: Yeah, we'll make them feel the fury of the wolf.

Me: You said it, big guy.

Lincoln growled, and he transformed into Lincoln The Nocturnal, and I growled and I transformed into J.D. The Nocturnal, and we unholstered our massive swords from our backs, and we went at Eric and his friends, and we'd blasted them with powerful blasts of neon colored energy and elemental forces, and we also fired powerful blasts of moonlight at them, which exploded with incredible power.

Lincoln: (Beastly Voice) **Shall we deliver the grand finale, J.D. and Zarya?**

Me: (Beastly Voice) **Let's do it, Linc.**

Zarya Moonwolf: **Yeah, let's get them.**

Lincoln, Me, and Zarya Moonwolf: **DIVINE MOONLIGHT WOLF MEGABLAST!**

Lincoln, Me, and Zarya Moonwolf fired massive waves of moonlight with wolves running around, and as they hit Eric Cartman and his friends, they exploded with incredible power, and they were knocked out, and we tied them up with neon blue energy straitjackets, so they couldn't escape.

Then, we were also in for a surprise: Lincoln made a call to The President, and told him of the town of South Park, along with all its crimes and dysfunction from the adults and the children itself. So, he'd given us the order, arrest Eric Cartman and his friends. Then, once that happens, The President also gave the order to have South Park destroyed for good, and the dysfunctional adults were also killed in the explosion. Lincoln and I changed back to normal, and we'd holstered our massive swords on our backs.

We cheered wildly, as Zarya Moonwolf powered down, but Zarya Moonwolf's brand-new body, clothes, jewelry, and weapons were permanent. Then, I picked her up in my arms, and we share a passionate kiss. Then, Lincoln and Nicole went up to the thirteen girls, and when Lincoln saw who they were, he immediately recognized them. The thirteen girls were Hyuuga Saki and Mishou Mai from Futari Wa Pretty Cure Splash Star, Aino Megumi, Shirayuki Hime, Omori Yuko, and Hikawa Iona from Happiness Charge Pretty Cure, Natsuumi Manatsu, Suzumura Samgo, Ichinose Minori, Takizawa Asuka, and Laura from Tropical Rouge Pretty Cure, and Aishela from Record of Grancrest War.

Lincoln: Oh wow, it's Hyuuga Saki, Mishou Mai, Aino Megumi, Shirayuki Hime, Omori Yuko, Hikawa Iona, Natsuumi Manatsu, Suzumura Samgo, Ichinose Minori, Takizawa Asuka, Laura, and Aishela.

Nico: From Futari Wa Pretty Cure Splash Star, Happiness Charge Pretty Cure, Tropical Rouge Pretty Cure, and Record of Grancest War, that's awesome.

Lincoln: Are you girls okay?

Hyuuga Saki: Yeah, we're okay, thanks to you.

Then, when Hyuuga Saki and the twelve girls saw who it was that saved them from Eric Cartman and his friends, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, deep sapphire blue thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Hyuuga Saki: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twelve clones of himself, and he and the twelve clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Hyuuga Saki: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

We returned home to The Estate, and as soon as we showed Arkayna, Piper, and Emerald of Zarya's transformation, they cheered wildly, and as for Eric Cartman and his friends, they were thrown in a new wing in the Crematoria Prison called The Nihilistic Juvenile Delinquents Juvie Facility, it's a wing made for them specifically, because of their crimes, and they were put in separate cells in Solitary Confinement and chained to walls, where they'll stay for the rest of their lives.

After throwing Eric Cartman and his friends in prison, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

Then, it was time for a big football match in Gotham Royal York Middle School, and Lynn, Lincoln, and their team are ready for the match against the football team from Hazeltucky, and there won't be any cheating from any members of Hazeltucky.

And with us was Soma Cruz, the good incarnation of Mathias Cronqvist A.K.A. Dracula, but he's not like Dracula, despite that he has Dracula's Power of Dominance, the ability to absorb the souls of evil monsters and use their powers and abilities in combat.

Me: This is going to be an awesome football match today.

Nico: That's right, Lynn, Lincoln, and their football team is playing against Hazeltucky, and thanks to the brand-new protocols we put in place, there won't be any cheating from Hazeltucky.

Lori: That's right, and it's an honor to meet you, Soma Cruz.

Soma Cruz: You too, Lori, and I want to thank you guys for what you did in killing my former evil self, and sending him to Oblivion for good.

Me: You too, Soma.

The football match began, and it was already starting to get good, Lynn's team were already starting out good against Hazeltucky, and our mascots are keeping an eye on Hazeltucky for any kind of sign of trouble. Eventually, the match was won by our home football team, thanks to Lincoln scoring the winning touchdown, and he won another trophy, which will be displayed in his trophy case. We were proud of Lincoln winning the football match against Hazeltucky.

But, as we were heading home, Soma suddenly sensed two heartbeats in the distance, and the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large colored orbs orbiting around the legs of Lincoln's sisters, and the eight large purple orbs orbiting around Menat's legs were glowing, and that means big trouble was coming, and we saw who they were: they were none other Hawk and Hank, the two stinkers of Hazeltucky, and they broke out of their prison to get their revenge on us.

Me: Oh great, Hawk and Hank, I should've known you two stinkers would show your ugly mugs here again.

Hawk: Shut it, you piece of crap. We're here to take revenge on you all for the humiliation you dealt to us.

Hank: And we'll destroy you and Gotham Royal York, and leave it all in flames.

Lincoln: That's not going to happen.

When they saw Lincoln turn into a 16-year-old 7'0" tall, white-haired hunk with abnormally large and powerful upper and lower body muscles, they crapped themselves five times in their pants, and their eyes widened in shock. They were screwed. Then, Lincoln threw two punches to their faces, and knocked out their teeth, and sent the two of them flying towards a manure field, and they were covered head to toe in manure. Then, Lincoln fired neon blue energy blasts, which transformed into straitjackets and tied them up, and Lincoln had beamed them back to The Uranus Prison, where they were eventually then put into separate cells in Solitary Confinement, and chained to a wall, where they'll never escape, and this time, they'll stay in there for the rest of their lives, until the day they die.

Lincoln: That's it for Hawk and Hank, but we still don't know how they broke out of prison.

Me: Something tells me we'll soon find out when we head out for our next mission.

We returned to the Estate, and Lincoln put the trophy in his trophy case, then we got ready for our next mission.

* * *

In Long Island, New York we were walking down the street. With us was Oil Man, one of the Robot Masters we found and reprogrammed.

Maria: Thanks for coming with us, Oil Man.

Oil Man: My pleasure Maria and it's an honor to be part of the famous Team Loud Phoenix Storm.

Nico: We're glad you could be with us.

Me: Here we are guys.

We saw that we were in front of a house. But it wasn't just any ordinary house. It was the house of the Infamous 1974 DeFeo Family Murders!

THUNDERCLAP! THUNDERCLAP!

Nico: Whoa man! The DeFeo House.

Eli: I've read many legends about that house.

Lily: What is scary about this house?

Me: Lily have you ever heard about the DeFeo murders?

Lily: No.

Me: Well it happened 47 years ago. On November 13th, 1974, Ronald DeFeo Jr., the eldest son of a family of 7, went berserk and he shot and killed his entire family: His mother and father, and his younger brothers and sisters in cold blood. He was arrested and sentenced to 6 sentences of 25 to life. Ever since then, this house was said to be haunted by the ghosts of the DeFeo family and they will not be at rest until their killer Ronald DeFeo Jr. is dead.

Nico: But he died in prison didn't he?

Me: Yes he did. They don't know how. But it was either from a heart attack, stroke or cancer in my opinion.

Eli: Let me guess, we're gonna go in there and find the DeFeo ghosts and do a seance and tell them about Ronald DeFeo Jr.'s demise in prison.

Me: Bingo. Lets go.

Shaggy: GO IN THERE!? (Whimpers) Like not on your life! No Way! No way are me and Scoob going in there!

Oil Man: (I'm about to say something) In that case, why don't you two stay outside in case someone unfriendly tries to attack us?

Shaggy: Like that's a good idea.

Scooby Doo: Reah.

Nico: Wow.

Me: Well okay.

We went in and we saw that the house was old and empty.

Gary looked around in fright.

Gary: Meow!

The house was a creepy sight like it was not touched in years.

Me: Whoa. Looks like no one has been in here for years.

Eli: Yeah.

Me: Lets get to work.

We got to doing a seance.

Hook: Whoever's in there, come out. We won't hurt you. (smirks) Much!

Nico: Hook these are ghosts we're dealing with.

Hook: Oh sorry.

Me: Okay Lucy do your stuff.

Lucy drew a symbol on the floor and lit some candles.

Lucy Loud: Spirits of the DeFeo family, hear my call. Show yourselves and tell us all.

Then the wind blew and the candles blew out and then out came the SPIRITS OF THE DEFEO FAMILY: Ronald DeFeo Sr. (43) and Louise DeFeo (née Brigante, 43); and his four siblings: Dawn (18), Allison (13), Marc (12), and John Matthew (9).

Me: Whoa!

Lucille Loud: (Scottish Accent) That is amazing lass.

Ronald DeFeo Sr.: You all must be Team Loud Phoenix Storm.

Me: That's right.

May: (to Shaggy and Scooby) It's okay. You two can come in now. They're friendly ghosts.

Shaggy: Well okay.

They came in.

Me: (To the DeFeo's) We have good news for you. You don't have to haunt your house anymore. Your so-called son is dead now. He died in prison 7 months ago.

John Matthew: Did he really?

Dawn DeFeo: Wow that's great.

Allison DeFeo: What our brother did to us was unforgivable.

Me: I know. I would've gladly made sure he got the chair for his crimes.

Eli: Me too. He was a heartless monster.

Nico: Yeah he should have been put down like a mad dog.

Ronald DeFeo Sr.: Yeah. But at least we can now rest knowing that he is dead. Thank you all for telling us.

Louise DeFeo: Yes. Thank you all.

Then a beam of golden light shined down onto them.

Laney: Whoa!

They went up to Heaven knowing that they can finally rest in peace.

Me: Rest well to all of you.

Ronald DeFeo Sr.: Thank you all. Thank you.

The light faded.

G1 Ratchet: In my medical opinion, they looked very healthy as spirits.

Me: I agree with you there Ratchet. But now they can finally go to their Eternal Rest.

Nico: In peace.

Me: Yep.

Allie Wilde: They did nothing to deserve being killed like that.

Maria: Yeah no kidding. I wonder what happened to Ronald DeFeo Jr.

In Hell, Ronald DeFeo Jr. was being tortured and burned in the scalding river of boiling blood and he was being brutally tortured by the demons of Hell in a tremendously brutal fashion.

---

Back at the estate we were getting ready for our next mission.

Kerchak: J.D., I hope you know it's your turn to lead today.

Me: Yep I know and I have just the mission for us. We're going to Japan.

Nico: Again?

Me: Well this time is different. We're going to face Godzilla.

Nico: Another Godzilla?

Me: Yep but this is a completely different Godzilla. It's called Shin Godzilla.

I went over his history.

---

Shin Godzilla (in Japanese: シン・ゴジラ, Shin Gojira), is a new radically reinterpreted incarnation of Godzilla and the titular main antagonist of 2016 horror disaster kaiju film, Shin Godzilla, and also an antagonist in the crossover event 4-D short Godzilla vs. Evangelion: The Real 4-D.

Shin Godzilla is a bizarrely hyper-evolved lifeform, mutated by feeding on nuclear waste dumped on the seafloor in the 1950s. Now capable of spontaneously self-mutate itself to different situations, the Giant Unidentified Lifeform came ashore in Tokyo in 2016 and immediately wreaked havoc, with all of the Japanese Self Defense Forces's weapons having no effect on him. He was finally defeated by a complex plan orchestrated by government official Rando Yaguchi, but still could not be killed and remained a potential threat as he stood frozen in the ruins of Tokyo.

Unlike many past incarnations of Godzilla before him (who were either villains, anti-heroes or heroes), Shin Godzilla was neither, but instead was driven by his instinct for survival and adaptation. He was at first unaware of humans, until they hurt him, which with these factors puts him at odds with humanity. Compared to his past incarnations, Shin Godzilla is also significantly more grotesque, monstrous, and biologically bizarre due to his capacity for evolve itself at near-constant state through self-mutation.

## Origins

This Godzilla originated as a prehistoric marine animal of some kind, proposed by Professor Goro Maki to be a relative of Paleozoic marine reptiles, which managed to survive into the 20th century. When the United States dumped barrels of nuclear waste into Tokyo Bay in the 1950s, the creature began feeding on this waste, causing him to mutate. By 2016, the creature had grown into gigantic size and was dwelling in the waters of Tokyo Bay.

## Arrival

Godzilla first appeared as a huge tail in his first form. When government tried to convince civilians that the monster's inability to move on land, Godzilla suddenly developed legs and crawl out of Tokyo Bay in his second form. As Kamata-kun, Godzilla destroyed several buildings and streets, killing a tens or even thousands of civilians. As the government tried to organize attack on the monster, Godzilla evolved into his third form. However, the attack was cancelled when the Prime Minister noticed evacuating civilians. This allowed the beast to escape and prepare for another attack.

## Waiting in hide

The government did their best to find out where Godzilla hides, but the monster was nowhere to be seen in the ocean. Meanwhile, Godzilla constantly evolved, increasing his size, developing extremely durable skin and a cooling system to become invulnerable to both heat and humanity's attacks.

## The Return

After over two weeks, Godzilla got out of Tokyo Bay in his fourth form. Due to suddenness of attack, the government was unprepared. Godzilla was already walking across Japan, killing civilians and exposing them to radiation that he emits. The government was trying to evacuate survivors and kill the beast. Unfortunately, Godzilla's skin was far too durable to be penetrated by weaponry. Godzilla was unstoppable and walked towards Tokyo.

## First Atomic Breath use

Desperately trying to stop Godzilla, the Prime Minister allowed the United States to bombard Godzilla. The several bombings on Godzilla's back made him bleed. However, the creature was barely injured and instantly regenerated damage. In order to prevent future injures, Godzilla quickly developed an offensive abilities. After a while, Godzilla's body started to emit a very intensive purple glow and the monster's jaw began to tore up in half. Suddenly, Godzilla start splitting up a black cloud that, in seconds, covered the entire city. Then, Godzilla covered his eyes in silver membrane and quickly changed the cloud into thermal flames that completely burned Tokyo in minutes. Next, Godzilla began to shoot out a purple beam that penetrated the remaining buildings and helicopters, on the occasion, killing the Prime Minister.

## Hibernation

After burning Tokyo, an extremely drained Godzilla entered the hibernation state. In this state, Godzilla's body was emitting a very little to no radiation and monster himself was not moving. Still, Godzilla's body was acting like a natural jammer, disrupting drones that get too close to him. But this doesn't work on humans, what allowed research team to get a sample of Godzilla's flesh. The government and scientists concluded that even small parts of Godzilla's body can regenerate and create newer clones of Godzilla. They also concluded that Godzilla's body can convert air or water into radioactive isotopes. The United States gave Japan two weeks to evacuate or defeat Godzilla, otherwise they will drop a hydrogen bomb into the monster.

## Operation: Yashiori

Eventually, after fifteen days, Godzilla woke up. Immediately the government send a trains laden with explosives to enrage Godzilla. Almost immediately after awakening Godzilla, drones are sent to distract him to deplete his atomic energy. Godzilla responds with dorsal plate beams, destroying buildings in the process of destroying the drones. The energy from his dorsal plates depletes and he is hit by multiple missiles. In response, Godzilla shoots his mouth beam and another beam fired from the spare head on his tail (due to the mouth on the spare head opening during Godzilla's dormancy). Godzilla's energy depletes, leaving him helpless as he walks towards into a line of skyscrapers with explosives in them. The government detonates the explosives and Godzilla is buried in the rubble. The first team of pump trucks are sent and begin to force feed Godzilla the coagulant. Godzilla immediately recovers and shoots his heat ray at the first team, killing them. Godzilla gets back up, roaring angrily before trying to walk away. However, larger force of driverless trains are sent en masse towards Godzilla. The explosion causes him to fall down again, giving the second team the chance to force feed him the coagulant again. Godzilla gets back up, however, and destroys the second group, seemingly unfazed. However, he begins slowing, letting out one more roar before freezing in the middle of Tokyo. With Operation: Yashiori a success, the Americans's countdown has been paused, but the Americans warn if Godzilla were to be unfrozen, they will nuke him. Godzilla unfreezing takes twenty days, giving Japan the time to recover from the attack. However, they have no choice but to live together with Godzilla. As Godzilla stood frozen, humanoid creatures with Godzilla's dorsal plates begin sprouting out of his tail, frozen in their seeming escape.

---

When I was finished, everyone was shocked.

Eli: Whoa! I remember watching that movie on my birthday a while back. But it was before I joined the team.

Laney: Wow! This is gonna be a scary one.

Whirlin, Manta Bayarsh, Dumbbeltron, Marionette Shadow, Gameface, Count Nocturn, Kerbero Gangan, Electropede and Ryugu Tamatebacco then appeared.

Ryugu Tamatebacco: Can me, Black Knight Ghost, Whirlin, Manta Bayarsh, Dumbbeltron, Marionette Shadow, Gameface, Count Nocturn, Kerbero Gangan, and Electropede go with you guys this time?

Me: You all sure can. We're going to face Shin Godzilla.

Gameface: Oh man! I saw that movie and that was the scariest version of Godzilla ever.

Eli: It sure was.

Me: Not nearly as big as the one was saw in 20,000 years but it's one of the scariest. Lets head to the Simulator.

We did so.

---

In the simulator we got ready and then we went in. It activated and then we saw that we were in Tokyo and it was deserted.

Beelzemon: Here we are. Now, all we have to do is wait.

Me: Yep. We have to wait for him to wake up. Which should be right about… Now.

KRABBBOOOOOOOOOMMMM!
KRABBBBBBBBOOOOOOOOOOOOOMMMMM!
KRABBBBBBOOOOOOOOOMMMMM!

Me: NOW!

We went at him and I snapped my fingers and we teleported to another planet.

Manta Bayarsh: Shouldn't some of us go back to the city and rescue any injured people?

Nico: Don't worry I did a scan on the city when we got there and it showed that there were no people in the area around Shin Godzilla.

Me: Good thinking Nico. And with us fighting Shin Godzilla on the planet Glaren we can fight him without having to worry about his radioactivity.

Nico: J.D., keep the big asshole distracted! I have an idea on how we can pull off the entrance!

Weather Vane: I hope you know what you're doing, Nico.

Nico: Don't worry. I do.

Weather Vane formed a storm cloud for them to hide in.

I flew at Shin Godzilla and blasted him all over and the blasts hit him and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBOOOOOOOOOOOOOOOOMMMMMM!
KRABBBBBBBBBBBBBOOOOOOOOOOOOOOMMMMMM!

Nico: Ok. We'll wait 10 minutes. J.D. should have weakened Shin Godzilla a bit by then. After that, we catch him off guard with our entrance!

Kerbero Gangan: You think it'll work?

Nico: It sure as hell will.

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

I had fired a massive energy blast and it hit Shin Godzilla and exploded and he roared in pain. Then Shin Godzilla fired a powerful focused Atomic Ray blast and I was flying all over and dodging it like mad and the beam was so powerful that it sliced through some of the mountains of the planet with ease.

Nico: Whoa! I didn't know Shin Godzilla could do that!

Weather Vane: That is amazing. He can fire his atomic ray like a deadly laser.

Shin Godzilla then fired a massive number of atomic lasers from his back and I was dodging them all over the place.

Nico: WHOA! That is amazing!

Then when that was done, Shin Godzilla fired an atomic laser blast from his tail and I dodged that and it was cool.

Me: Oh that is amazing!

Burner Man: Can we all agree that this version of Godzilla is the most scariest?

We all did so by nodding.

But then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above Shin Godzilla and smashed him down as a phoenix cry was heard and then the spirits of all the Power Rangers monsters from over the course of 46+ Years swirled around it and then converged and everyone else came out and then we all went at Shin Godzilla!

Electropede: Someone power me up with electricity!

Lincoln: Coming up!

Lincoln, Linka, Paula and Fiona fired a massive blast of lightning at Electropede and he absorbed it and fired a massive blast of lightning at Shin Godzilla and the blast hit him on his chest and exploded.

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Shin Godzilla roared in pain and then we saw that the explosion blew a huge hole in his chest and revealed his huge beating heart!

Arixam: (to Maria) Shall we attack him together?

Maria: Lets do it!

They both fired a massive blast of water and it slammed right into Shin Godzilla and smashed him down with the force of a Megatsunami.

Qin: Try these fireballs on for size!

She threw a massive shower of fireballs and they hit Shin Godzilla and exploded all over.

KRABBBBBOOOOOOMMMM! KRABBBOOOOOOOMMM!
KRABBBBBBOOOOOOOOOOOMMMMM!
KRABBBBOOOOOOOOOOMMMMM!
KRABBBBBOOOOOOOOOOOMMMM!
KRABBBBBBBBOOOOOOOOOOOOOMMMMMMMM!

Nico: Lets see how he likes this! Sun Gun!

The 4-Star Dragonball on his bracelet glowed and Nico fired a massive shower of fireballs and they hit Shin Godzilla all over and exploded.

Eli: Time for some backup!

Eli lifted his hand up and a massive fiery explosion bursted out of the ground and went high into the sky and the massive fireball exploded numerous times and then formed into King Ghidorah!

Eli and Carol went onto King Ghidorah's middle head!

They fired waves of energy at Shin Godzilla and they hit him all over and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOMMMMMMM!
KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOMMMMMMMMM!
KRABBBBBOOOOOOOOOOOOMMMMM!

Ratso: Remember this guy, asshole?!

Whirlin: Time to blow this guy away!

Nico: Go for it! WHIRLWIND SPIN!

The 6-Star Dragonball on his bracelet lit up and Nico fired a massive tornado of energy wind and Whirlin spun around and formed a huge tornado of wind and spun Shin Godzilla all over.

Yuko: Take this!

Yuko fired a massive blast of fire and it turned the Tornado into a deadly tornado of fire and burned him all over.

Slinkman: (to Missy) If we ever live through this, how would you like to partcipate in our rant sessions?

Missy: I would like that Slinkman.

They fired energy blasts at Shin Godzilla and they hit him and exploded.

Black Knight Ghost: I think we're making good progress.

Me: Just about there! Lets up the ante and hit him with more powerful attacks!

Laney: Lets do it!

Troy: You heard the man!

Megaforce Rangers: Legendary Ranger Mide: Dragon Blitzkreig!

The Megaforce Rangers turned into the Changeman Rangers!

Troy Burrows: Time to tear this monster apart.

RD Clyde: Time to age his tail!

He fired a time ray blast and it hit Shin Godzilla's tail and disintegrated it into dust.

Marionette Shadow: Not so tough without your tail, are you?!

Laney: Yeah!

Lola fired a massive shower of fireballs.

RD Lucy: Just a few more hits and he's down!

Me: We're almost there guys!

We fired wave after wave of energy blasts and elements.

Count Nocturn: Sorry. But this is goodbye!

Lola and Paula fired waves of energy and lightning.

Bowser: Time for me to go Giga Bowser and take this asshole down!

Bowser went GIGA BOWSER and he fired a massive blast of fire from his mouth and it hit Shin Godzilla and burned him all over.

Shin Godzilla then vomited blood and we jumped away and we saw the blood melt rocks like they were nothing!

Nico: GEEZ! That blood is radioactive!

Me: YUCK!

Oil Man, Hook, Ratchet and Gary used the Earth and Autobot Cyber Planet Keys and they enhanced Oil Man's Oil Slider, Hook's Rocket Launcher, Ratchet's Laser Scalpel and Gary's powers 100-fold.

They fired a massive barrage of Rasengans powered by the stars and planets of Star Wars. The blasts all combined and they hit Shin Godzilla and carried him up into the sky and he exploded with incredible power!

***KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

The explosion released a flash of light that was as powerful as a billion suns and the explosion shook the very foundation of Glaren to the brink! When the smoke cleared Shin Godzilla was destroyed and completely gone!

Me: WHOA! That was powerful!

Gameface: Looks like it's game over for Shin Godzilla!

Me: Yep. The world can now be safer.

Nico: This calls for a good meal at Lynn's Table.

Me: You read my mind buddy.

?: I should've never trusted those two pieces of crap to get the job done!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large colored orbs orbiting around the legs of Lincoln's sisters, and the eight large purple orbs orbiting around Menat's legs were glowing, and that means big trouble was coming.

Soma Cruz: Oh no, I was hoping I wouldn't hear that voice ever again. You can come out now, Dario Bossi.

A figure came out of the shadows, and it was none other than Dario Bossi, a well-known arsonist and one of The Dark Lord candidates.

Me: So, that's Dario Bossi.

Nicole: That's right, Dad. Shelia told me that she's been after him for a string of arsons in Gotham Royal York.

Soma Cruz: And there's something you guys should know: Dario Bossi is one of the candidates for The Dark Lord, and like me, he's inherited one of the powers of Dracula: the power over Hellfire.

We gasped in horror at what Soma Cruz told us about Dario Bossi.

Dario Bossi: That's right, and I was the one who broke Hawk and Hank out of prison, so they can kill you all, along with you, Soma Cruz, but those two brain-dead morons couldn't get the job done. If you want something done right, you'll have to do it yourself.

The Duke: (Scottish Accent) So, it was you who broke Hawk and Hank out to kill us. That's it, I have had it up to hear with you to last an eternity.

Suddenly, The Duke's eyes turned neon orange, and he was surrounded by an orange energy aura with the elemental forces of Fire, Ice, Water, Earth, Light, Darkness, Nature, and Lightning, as he'd unholstered his Sword of The Loud Clan from his back, and as he approached Dario Bossi, he'd left behind orange energy and the elemental forces of Fire, Ice, Water, Earth, Light, Darkness, Nature, Space, Stars, and Lightning with every step.

The Duke: (Scottish Accent) Dario Bossi, you can never be forgiven for the string of arsons in Gotham Royal York, but what has also damned your soul is that you inherited a piece of Dracula's dark power, and you used it for your crimes. That is unforgivable, and now, I will make you pay for your crimes once and for all!

Suddenly, The Duke was surrounded by a massive vortex of orange energy with the ten elemental forces, we also saw some of the legendary creatures of Scottish Myth circling around the vortex, and there was a red phoenix inside the vortex. Then, as the vortex faded, The Duke emerged, but he was changed forever.

The Duke grew to 7'0" in height, like Lincoln, and he has abnormally large and powerful upper and lower body muscles and eight-pack abs, his long white hair has gone down to his neck, and he has orange highlights, he has an orange Celtic Triquetra with the ten elemental forces around the Celtic Triquetra emblazoned on his forehead, he has neon orange eyes and a neon orange energy aura with the ten elemental forces Fire, Ice, Water, Earth, Light, Darkness, Nature, Space, Stars, and Lightning surrounding him, he has massive white angel wings, he has on Celtic Triquetra earrings with the ten elemental forces surrounding it, and a necklace with a Celtic Triquetra with the ten elemental forces surrounding it across his bare chest, he has on an orange Scottish kilt around his waist with long red trenchcoat flaps held up by his new Belt of Elemental Bravery with large red gem for the belt buckle on his waist, he has on weighted orange bands on his massive biceps and thighs, he has on his new Bracelets of The Champions of The Universe with red gems on his wrists, he has on dark blue pants with the elemental forces, and black leather ankle-length combat boots. He has on his new large Blue Lantern ring on his left ring finger and eight large orange orbs orbiting around his legs. He then had an orange Celtic Triquetra tattooed on his wider muscular back, and there's an orange kanji tattooed on The Duke's wider muscular back right below the Celtic Triquetra that said, "Duke Lincoln, Scottish Ancestor of Lincoln Loud, Protector and Male Heir of The Loud Clan, Master of The Elemental Forces, and Brave Defender of Scotland's

Vast History."

リンカーン・ラウドのスコットランド人の祖先、ラウド氏族の保護者および男性の相続人、エレメンタル・フォースのマスター、スコットランドの広大な歴史の勇敢な擁護者、デューク・リンカーン

Duke Lincoln has transformed into SUPER ANGEL 750,000,000,000 ELEMENTAL CELTIC ANGEL OF SCOTTISH BRAVERY!

We were amazed by Duke Lincoln's Super Angel 750,000,000,000 transformation, he's become a very handsome and strong young man, just like his descendant, Lincoln.

Me: Whoa, looks like Lincoln's Scottish Ancestor has now become a handsome young man, like Lincoln.

Nico: You said it, bro.

Lincoln: Whoa, Duke Lincoln, you look awesome. How do you feel?

Duke Lincoln: (Divine Echoing Elemental Voice of Bravery and Scottish Accent) **I feel very incredible, Lincoln. So, this is what happens when you transform, incredible. And now, I'm going to make sure Dario Bossi pays for his crimes. Want to join in?**

Lincoln: You got it, Duke.

Lincoln transformed into Super Angel-Ebonwu Infinity Elemental Thundersnow Buffalo Angel of Frozen Lightning Justice, and unholstered his massive Sword of Taranis from his wider muscular back, and he'd joined Duke Lincoln.

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Let's put that hothead's fire out for good.**

Lincoln and Duke Lincoln went after Dario Bossi, who fired two massive fireballs at them, but Lincoln and Duke Lincoln stopped it with their bare hands, and they absorbed it, and it made them stronger. Then, they attack Dario Bossi with powerful blasts of orange energy, neon blue energy with elemental forces orbiting around the blue cores, elemental forces, and massive blasts of ice and lightning, which hits Dario Bossi, and exploded with incredible power. Dario kept firing blasts of fire at them, but they continued absorbing it and it made them stronger, and it made Dario even more angrier.

Then, Duke Lincoln and Lincoln grabbed Dario Bossi, and they sucked out all of Dario's fire powers, and they, along with the rest of us, made them our own.

Duke Lincoln: **Shall we put an end to this monster once and for all, Lincoln?**

Lincoln: **Let's show Dario Bossi what happens when he messes with the true honor of Scotland's history.**

Duke Lincoln and Lincoln: **CELTIC SCOTTISH HONOR ELEMENTAL MEGABLAST!**

Duke Lincoln and Lincoln fired massive waves of orange and neon blue energy, and inside it was the thousands of years of Scotland's history, and as they hit Dario Bossi, they exploded with incredible power, and the resulting explosion killed Dario Bossi, and Super Hakaied him for good. We cheered wildly for what Duke Lincoln and Lincoln did, as they holstered their massive swords on their backs, and powered down, but Duke Lincoln's new clothes, weapons, and jewelry were permanent and he had the power to turn into his big muscular form at will. We were proud of what Duke Lincoln did to Dario Bossi, including his family and Lucille.

Me: Awesome. Now we can head back.

We went back to Earth.

---

Back on Earth at Lynn's Table we were having an awesome meal and then Lythos, Stratos, Hydros, Pyros, Chillyfish, Black Manta, Oculous, Black Lance, Magma and the Salami Swami appeared.

Me: Lythos, Stratos, Hydros, Pyros, Chillyfish, Black Manta, Oculous, Black Lance, Magma and The Salami Swami.

Chillyfish: You guys sure had fun.

Lythos: I take it you guys had another busy day?

William: We sure did.

Stratos: I can tell it was very busy.

Me: Yep. We were facing Shin Godzilla. He's 2016's version of Godzilla. The scariest one yet.

Hydros: But at least Shin Godzilla's gone now.

Nico: Thank goodness.

Pyros: (to me) I heard you guys went to the annual Friendship Festival earlier.

Me: We sure did.

Chillyfish: How was it?

Nico: WHOA! This I got to see.

?: I can't wait.

A figure came out and it was HARDTOCHOKE from episodes 20 and 40 of Lost Galaxy!

---

He shot lightning bolts from his hands and attacked the Rangers' Galactabeasts with the Evil Zords before they turned on him. With the Stratoforce Megazord and Centaurus Megazord back on the side of good, they attacked Hartochocke with punches and kicks before he was blasted by the Zenith Carrierzord. Afterwards, the Galaxy Megazord was able to destroy Hardtochoke with little difficulty with the Galaxy Megazord Saber.

Hardtochoke was later resurrected by Hexuba in the Lost Galaxy to exact revenge against the Galaxy Rangers (on Captain Mutiny's orders) and fought the Rangers once again on the Terra Venture. It took a combination of Leo and Maya's Quasar Launchers, Damon's Transblaster, Karone's Beta Bow, and Mike's Magna Blaster to destroy Hardtochoke.

---

Leo Corbett: Hardtochoke!

Hardtochoke: Been a while rangers.

Me: I remember you! You had the Centaurus and Stratoforce Zords attack the Galactabeasts and then they turned on you. And then you came back for round 2 to get revenge on the rangers after Hexuba resurrected you.

Hardtochoke: That's right. Good memory on you J.D.

Me: Never missed an episode.

Maria: Your name actually fits you.

May: (laughs) It's really hard for anyone to choke you!

We laughed. That was really funny.

Me: That was a good one May!

Baihumon: You better believe he was. This was the ugliest version of Godzilla too.

Rainbow Dash: Out of all the Godzilla's that we have seen from over the course of 67+ Years, this version of Godzilla is the scariest.

Scootaloo: Eli told us that this version of Godzilla not only can fire his atomic breath like deadly focused lasers but also vomit out radioactive blood.

Stratos: Man that is lethal! Whoa!

Pickle Barrel: Yeah it sure was lethal. We saw it vomit a wave of blood and it hit a bunch of rocks and they dissolved like they were in acid.

Barley Barrel: Yeah it was gross and intense.

Magma Gloom: Eli also said that this version of Godzilla was amphibious and goes through a weird metamorphosis.

Flash Magnus: Yeah it was freaky.

Whirlwind: It sure was. And scary too. The scariest form would have been if it got wings.

Stratos: A Godzilla with Wings!? That would have been scary but awesome.

Air Lincoln showed a wicked picture of Shin Godzilla with huge wings and they were wicked and Stratos was amazed.

Chillyfish: You mean the house that was home to that family on Long Island that was murdered in cold blood?

Starlight Glimmer: That's right and it was a terrible history back then.

Cozy Glow: Yeah it sure was. Ronald DeFeo Jr. went bonkers and killed his entire family in cold blood.

Trixie: Yeah what he did was terrible.

Triple Berry: And he died in prison 7 months ago.

Juniper Montage: A lot of legends surrounded that house and people believed that it was haunted by the ghosts of the DeFeo family and that they would not rest until Ronald DeFeo Jr.

was brought down with them.

Chillyfish: Right! The Amityville Horror. Those movies were scary and creepy.

Hex: Yeah and they were our kind of movie.

Lightning Lisa: But we proved that it was Haunted.

Manny: We sure did and we told the spirits there that Ronald DeFeo Jr. is dead.

Diego: And he deserved it too.

Chillyfish: You got that right. Lets do it!

They fired waves of magic, stars, bones and energy and smashed him down.

Gi: OH YEAH!

Starlight Glimmer: That was amazing!

---

Battle 7: Yusuke Urameshi, Pinkie Pie, Maud Pie, Marble Pie, Featherweight, Somnambula, Tech Skylanders, Steel Lynn, Rex, Ratso and Chow VS Black Manta

---

Black Manta was next.

Black Manta: (to Yusuke) What Ronald DeFeo Jr. did to his own family makes him no different from some of the enemies you've faced.

Yusuke: Yeah except it was drugs that did all that to him and it made him kill his family. But that is not an excuse.

Pinkie Pie: What he did makes him a big time partypooper.

Maud Pie: (Monotonously) He was worse than Sulfur melting in lava.

Marble Pie: What happened to that family was bad.

Featherweight: Yeah it sure was.

Somnambula: (Egyptian Accent) It sure was. Poor family never saw it coming.

Sprocket: They were asleep and they got snuffed out as they were in bed.

Steel Lynn: Yeah. They did nothing to deserve it.

Rex: It's so sad.

Black Manta: Yeah no kidding. Lets have a moment of silence for them. At least they can rest knowing that Ronald DeFeo Jr. is gone forever.

They nodded and put their hands on their chests and even took off their hats if they had any and prayed for them.

They then got the battle underway and fired waves of energy, gears, metal and lightning and smashed him down.

Yusuke: YEAH!

Pinkie Pie: BEST USUAL BATTLE EVER!

---

Fluttershy: The most fun thing was the concert we did with J.D. That was amazing.

Tree Hugger: It sure was far out dudes.

Tornado Bolt: I thought pelting that copy statue of the Armageddon 23 was fun too.

They laughed.

Mage Meadowbrook: J.D. made a copy statue of the Armageddon 23 and the kids all pelted it with rotten fruit, vegetables and eggs and covered it with toilet paper.

Stealth Elf: That was really cool.

Black Lance: That is something. Wow!

Plant Lola: It was really fun.

Toon Link: Everyone had a lot of fun there.

Tommy: I have a feeling that is gonna be just as awesome.

Twilight Sparkle: Yeah and I have a feeling that the one year anniversaries of the August 2nd Battle with Xehanort and the October 10th Battle with Team Dark Phoenix Storm are gonna be just as awesome in the future.

Luster Dawn: I have that same feeling myself.

Princess Cadance: I do too. It was so awesome to be part of the Friendship Festival again and this time the Storm King didn't appear.

Oculous: Thank goodness and I'm glad you all had so much fun.

Flurry Heart: We all sure did and it was the first ever Friendship Festival that I've ever been too. It was amazing.

Star Swirl: So amazing. And it was also the first ever festival I've been to in over 1,000 years.

Spyro: That is amazing. But we all had so much fun.

Oculous: Glad you all had so much fun. I also heard that some of you went after the guys from South Park.

Crystal Laney: Yeah Zarya told us what happened and we had no idea that Eric Cartman and his friends all had that big of a nasty reputation.

Pocahontas: That was awful. But at least we got them sent to prison where they belong.

Oculous: That is a good thing. Lets do it!

They fired waves of ice, magic and energy and smashed him down.

Tommy: YEAH!

Twilight Sparkle: That was amazing!

## Battle 10: Koji, Princess Celestia, Amber Morning, Minuette, Twinkleshine, Lemon Hearts, Moondancer, Lyra Heartstrings, Twilight Sparkle, Light Skylanders, Light Lily, Lauren & Graham, RD Luan and RD Lucy VS Magma

Magma was next.

Her name is Loviya and she is what's called a Black Harpy.

Princess Celestia: She is a really gifted flyer and is a perfect candidate for the Goths of Darkness.

Amber Morning cooed and flew around.

Princess Celestia: She sure is an amazing girl huh?

Minuette: Boy is she ever. She is also very knowledgeable in black magic.

Twinkleshine: Yeah it's really something.

Lemon Hearts: I think it's really cool how she knows all about Black Magic.

Moondancer: She and the Goths of Darkness are gonna get along great.

Lyra Heartstrings: I agree with you there. It's awesome.

Magma: I think so too. Twilight I'm glad you all had fun at the Friendship Festival.

Twilight Sparkle: It was the most fun we've ever had.

Spotlight: We all thought it was really amazing.

Light Lily: (Coos in agreement)

Spotlight: It was really fun huh?

Magma: I'm glad. (Sees Lauren & Graham) Wait aren't you two Lauren and Graham from the town of Dante's Peak?

Lauren: That's right.

Graham: It's awesome to be with the team after everything we went through.

Magma: I heard that the whole town of Dante's Peak was completely destroyed when that whole volcano exploded.

Lauren: It sure was.

Lauren showed him a newspaper from that day and it was intense. The volcano looked like Mount St. Helens and had the entire southwestern side of it completely blown off and the whole town of Dante's Peak was completely destroyed. Nothing of it was left.

Magma: Boy that must've been awful for you. I'm sorry if this is too painful for you but can you tell us everything that happened?

Graham: We sure can.

---

It starts with me looking up stuff on the computer. I was on an app that detects Volcanic and Seismic activity. Something caught my eye in Washington state.

Me: Uh-oh. Earthquakes in the small town of Dante's Peak.

I pull up a satellite map and found out that the whole town is right next to a volcano that's scheduled to erupt in the next 24 to 72 hours.

Me: (Gasp) This is bad! We got to move.

I slide down into the Living Room where the Loud Kids, Naruto and the girls, Dawn, Jeri, Jessie, Joan, Varie, Aylene, and Vince are playing games, reading books, and playing card games.

Me: Guys we have a volcanic destruction alert in Washington state.

A small town named Dante's Peak is in grave danger.

Sakura: What's wrong?

Me: Dante's Peak is a small town that has a volcano 2 miles northeast of it that's gonna blow within the next 24 to 72 hours.

Varie: What!? Why haven't they left yet?

Me: It says here that evacuation orders are being made. We have to go there and help people. Who wants to come with?

Vince: I will gladly help partner.

Me: I had a feeling you would.

Lincoln: I will go too.

Linka: Same here.

Fu: I'm in.

Sakura: I'll go too. People may need some medical help as well.

Naruto: I'll go too.

Hinata: I'll help too.

Tenten: Me too.

Ino: I'll go too.

Lily: I'll help too.

Laney: I'll go too.

Lucy: I'll come with too.

Dawn: Same here.

Marie: I want to help out too. This'll show that I'm on the path towards redemption.

Varie: I'm coming too.

Carol: Me too.

Me: Wow. I've got a lot of volunteers. All right lets go.

We flew out towards Washington State and we arrived in 1 hour.

The whole town was in the high school gymnasium and the streets were quiet.

Me: It sure is quiet here.

Varie: It's an evacuation meeting.

Then without warning a huge earthquake rattled the area

Me: It's begun.

Less than a minute later the Volcano erupted.

KABOOOMMM!

Ash clouds and rocks went high up into the sky and it was an incredibly intense sight.

Me: WHOA!

Vince: Unbelievable!

Lincoln: That is one of the scariest things I've ever seen.

Me: No kidding.

Carol: This is not good guys.

Fu: Yeah.

Me: All right guys we have to evacuate everyone within a 20 mile radius of the volcano. Help as many people as possible. Go up the volcano and get people down from it. Lets go people! Lets go, lets go, double time, lets go!

We split off and rescued as many people as possible as the earthquakes were getting worse. The sky was getting dark as the volcanic ash plume was creating a dirty thunderstorm. Lightning was illuminating the ash clouds and ash was snowing down. The whole town was totally in peril. People were trying to drive out and some were running on foot. The town was crumbling apart and everything was being destroyed.

Varie was getting people out when she saw a little girl sitting on the porch of a blue house crying and she had a kitten with her.

Varie: Are you all right?

?: (Crying) No. My parents are gone and I'm scared. Me and Lila are afraid.

Varie: It's okay sweetheart. Everything is gonna be all right.

Naruto: Varie! We're heading to that hotel over there for shelter.

Varie: Okay. [to the girl] You'd better come with us.

?: Okay. I'm Claire.

Varie: It's a pleasure. I'm Varie.

Claire came with them.

Fu and Sakura came down from the Volcano and with them was an elderly woman and her dog Ruffy.

In a hotel room that had lots of seismographic equipment and computer gear they met Paul Dreyfus, Stan, Nancy, and Greg.

Paul: Oh my goodness.

Claire was still crying as Varie was comforting her.

Ruth: What is happening out there?

Sakura: Ruth, that mountain is a volcano and it's gonna destroy the whole town with the fury of Mount St. Helens.

Ruth: (Shocked) What?

Me: Varie!

Varie: In here.

Me and everyone else came in.

Lincoln: Everyone has been evacuated.

Ruth: Wait a minute where's Rachel, Lauren and Graham?

?: (On a Radio) Paul? Paul it's Harry. Can anyone hear me?

Me: I got it. [Picks up the radio] Harry? We hear you. My name is J.D. Knudson. Me, Varie and my friends here came and got everyone within a 20 mile radius out of the town.

Harry: You saved this whole town from destruction J.D. and we owe you all big time. Where's Paul?

Me: He's right here.

I hand the radio to him.

Paul: Harry, where are you?

Harry: We're up at Mirror Lake at the lodge. The road's down but we're okay.

Paul: This is turning into something really catastrophic. I'll send the helicopter as soon as the ash clouds clear away.

Harry: Listen Paul get the heck out of there before it's too late okay? Don't wait for us.

Me: Let me talk to him. [Paul gives me the radio] Harry, we're gonna come up there and get you so hang tight. Is Rachel, Graham and Lauren with you?

Harry: Yes they are. Graham and Lauren went up the mountain to get Ruth. Where is she?

Me: She's right here with us in the hotel room. She and her dog Ruffy are okay. Fu and Sakura brought them down. Just hang on Harry. We're on our way.

Harry: Thank you so much J.D.

Me: You're welcome. [Puts the radio down] Varie, you get everyone out of here at sunrise. Vince, you see if there's anything worth saving here in town when the ash stops.

Varie: You got it. Be careful.

Vince: You can count on me partner.

Me: Fu, Sakura, Naruto, you three come with me. Lets go!

We ran off and flew towards the Volcano. Over the forests we saw the road gone.

Me: A rockslide wiped out the road. No wonder.

We then saw numerous trees on fire caused by lava flows and the entire lodge was burning.

Sakura: The lodge is on fire!

Fu: [Points to the lake] Look. Waves on the water. They must've taken a boat onto it.

Me: Maybe, lets move!

We flew out over the lake and saw that it was green and all the fish are dead.

Naruto: All the fish are dead.

Me: This is not a good sign.

I take a beaker out and put some water into it and discovered that it was acid.

Me: This water has been turned into acid because of volcanic activity.

Naruto: They went on a lake of acid?

Sakura: That's crazy!

Me: Lets go!

They flew farther and they saw a boat heading for a nearby dock and someone was paddling with something.

Me: That's them! Come on!

Naruto: SHADOW CLONE JUTSU!

Naruto made four Shadow Clones and they flew towards the boat and picked up the people.

Me: It's Harry, Rachel, Graham and Lauren.

They got to the shore and we looked them over.

Me: Are you Harry?

Harry: Yes. I'm Harry Dalton, Volcanologist.

Me: It's a pleasure to meet you. I'm J.D. Knudson.

Sakura: I'm Sakura Haruno.

Naruto: I'm Naruto Uzumaki Namikaze.

Fu: And I'm Fu. I don't have a last name.

Rachel: We've heard so much about you all. Is the whole town evacuated?

Me: Yes. The whole town is evacuated. Ruth and Ruffy are in the hotel we're at and Varie is having everyone leave at Sunrise.

Graham: Thank goodness. We thought they died in the lava.

Naruto: No they didn't. Now we have to get you guys out of here.

Me: Yeah. I sense an even bigger eruption on the horizon in the next to 12 hours.

Naruto: Yeah. I can feel it. Lets go guys.

Sunrise came and we picked them up and flew towards the sight where Varie, Vince, Carol, Lincoln, Linka, Laney, Lucy, Lily, Marie, Hinata, Ino, Tenten, and Dawn were at. The National Guard was called in and FEMA and the American Red Cross were called in too.

Me, Naruto, Sakura and Fu were carrying Harry, Rachel, Graham and Lauren and just as we entered the town the Volcano exploded with a powerful Lateral Eruption.

KRABBBOOOOOOOOOOOOOOOOMMMMMMMMMM!

Me: WHOA!

Varie: Look at that!

Me: Let's hightail it guys!

We flew out of town just in the nick of time as Pyroclastic Clouds raced down the volcano at a blazing speed and destroyed the entire town completely.

We landed by Varie, Vince and team.

Vince: J.D.! Thank goodness you're safe man.

Me: Yeah. That was intense.

Varie: J.D.!

Varie hugged and kissed me.

Varie: Thank goodness you're okay.

Rachel: J.D. you have no idea how grateful we are that you saved all of Dante's Peak.

Me: I'm glad we could help Rachel.

Lauren: Claire!

Claire: Lauren!

Lauren and Claire hugged and it turns out that Claire and Lauren are best friends in school.

Lauren: What happened to you Claire?

Claire: My parents are gone. I have nowhere to go.

Rachel heard this.

Rachel: You poor thing.

Me: Rachel? What are you gonna do now? Are you gonna rebuild Dante's Peak from the ground up or move on and live somewhere else?

Rachel: We're gonna move somewhere else.

Laney: That's a wise choice. Volcanoes destroy everything and have hurt and killed numerous people over the centuries.

Carol: Yeah. Volcanoes only destroy because of intense pressure.

Marie: This was absolutely horrible. I can't believe how much power Volcanoes have. Were there any fatalities?

Me: No. We got everyone out and we suffered no casualties. But some people have bad injuries. Seattle has built a shelter for all the people.

Graham: That's good. Now we all can recover and move on.

Ruth: Thank goodness.

Hinata: I'm just glad that everyone is all right.

Ino: Me too. But lets look over the injured and see if they need any help.

Sakura: Right.

Later in Seattle they were looking over the injured and there were lots of hurt people.

?: Claire?

Claire saw a woman with brown hair.

Claire: Mommy!

She hugged her mom and cried hard.

Varie: Are you Claire's mom?

?: I sure am. I've heard so many good things about you Varie. I'm Heather.

Varie: It's a pleasure to meet you. Claire has been forever scarred by this whole catastrophe.

Heather: I know. We don't have a home anymore. It's all gone.

Varie: We have lots of new houses going up in Royal Woods, Michigan. I figure it would be perfect for you all to start over there.

Heather: That's a great idea. We have nowhere to go.

After all the people recovered we had a press conference in Washington D.C.

Me: Good afternoon everyone. I'm sorry for interrupting your activities again but less than 24 hours ago, a massive volcanic eruption of Mount St. Helens strength completely destroyed the little town of Dante's Peak in Washington state. The volcano produced a powerful level 6 Eruption on the Volcanic Explosivity Index chart and there is nothing left of the whole town. Me, Varie and my friends Vince Pusateri, Naruto Uzumaki, Sakura Haruno, Fu, Hinata Hyuga, Ino Yamanaka, Tenten, Dawn, and the Loud siblings all responded to this catastrophe and got everyone out of there. There are no casualties but the whole town of Dante's Peak in it's entirety is a complete and total loss. The evacuation warnings came too late and it was mass panic among the entire town. That volcano completely destroyed the entire town and there is nothing left of it now.

A newspaper article showed the whole catastrophe and it was terrible. The volcano now has a striking resemblence to Mount St. Helens and the entire southwestern side of the summit of the volcano was completely blown apart in a powerful lateral eruption. This means that the volcano is lying dormant yet again for the next few thousands of years.

The people of Dante's Peak now live in Royal Woods and Detroit and they now live in a new home.

---

When they were done everyone that hadn't heard it and even the people in the whole restaurant was shocked! But thankfully they were all okay.

Magma: Oh man! That's horrible. That must've been horrible having to see the entire town you lived in get completely blown away by a volcano.

Lauren: It was.

Twilight Sparkle: No kidding. But thank goodness no one died or got hurt.

Princess Celestia: That is a good thing.

Lyra Heartstrings: That was before Team Loud Phoenix Storm was even founded? Whoa.

Magma: That is amazing. But lets do it!

They fired waves of energy, light and magic and smashed him down.

Koji: OH YEAH!

Princess Celestia: That was amazing!

---

Battle 11: Kole, Princess Luna, Snowdrop, Children of The Night, Ink

Rose, Moonlight Raven, Dark Skylanders, Shadow Lucy, Lucille Loud, Ralph, Vanellope, Bowser and Bertie VS The Salami Swami

---

Salami Swami was next.

Salami Sawami: (to Kole) (Hindu Accent) Loviya would definitely get along great with Morpheus.

Kole: She would get along great with all the members of the Goths of Darkness.

Princess Luna: And she would make a great member of the Children of The Night.

Snowdrop: I agree with you there.

Gari: That would be amazing. And her knowledge of Black Magic is amazing.

Ink Rose: It sure is. I think she has amazing talents.

Moonlight Raven: I do too. That is awesome.

Blackout: I agree with you there. It's awesome.

Shadow Lucy: It sure is wicked.

Lucille: Indeed it is lads.

Ralph: I agree too.

Vanellope: You got that right.

Salami Swami: Yeah. Lets do it!

They fired waves of darkness and energy and smashed him down.

Kole: Take that!

Princess Luna: A True victory of the night.

---

Battle 12: Lost Galaxy Rangers, Megaforce Rangers, Nico, Ice Luan, Lana, Lola, Laney, Lucy, Lisa and Lily VS Hardtochoke

---

Hardtochoke was next.

Nico: This is gonna be good!

Nico teleported and opened Hardtochoke's safe and in it was a bunch of swords.

They were called th Defenders of Domino City, they're a collection of swords with the Millennium Puzzle etched on the 6'5" massive, wide, double-edged blades, the wings of The Winged Dragon of Ra for the crossguards, longer red handles matching Slifer The Sky Dragon, and large faceted blue sphere pommels with purple gems for Obelisk The Tormentor. Once in hand, they'll get a massive power and energy increase, along with sleeveless trenchcoats with The Millennium Puzzle on the back and the pyramids of Egypt on the coattails.

Megaforce Rangers: LEGENDARY RANGER MODE! LOST GALAXY!

Nico: Lets get him!

Rangers: GALAXY QUASAR LAUNCHERS! FIRE!

They fired energy blasts and the group fired waves of energy and elements and the blasts all hit Hardtochoke and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Nico: Hardtochoke, you have failed this universe!

Troy Burrows: Rangers that's a Suuper Mega Win.

---

We regrouped and everyone cheered wildly.

Me: That was awesome!

Black Manta: Well, this was a good way to celebrate Shin Godzilla's defeat.

Black Lance: And to continue the Friendship Festival.

Oculous: And it's good that you guys destroyed South Park.

Magma: Yeah! There was no one worth recruiting from there.

Salami Swami: Now, let's continue the victory party!

Me: Good idea. Also believe it or not, South Park is right where I used to live. It was in Colorado right in between Breckenridge and Bailey.

Nico: That is coincidental. And I remember seeing what South Park was like when we were there to destroy Extroyer.

Laney: That's right! I remember now. But thank goodness we didn't see the town.

Nico: Yeah.

Count Nocturn: (To the Viewers) This was an awesome adventure! We destroyed 3 powerful Kaiju and showed that we can take down the most dangerous of monsters.

Me: We sure did. Great job today everyone. Lets go home.

We went back home and had a good rest of the day and we went to sleep.

TO BE CONTINUED…

Part 8 done.

Shin Godzilla from 2016 is one of the scariest versions of Godzilla that I've ever seen and it was so awesome how this version of Godzilla was able to fire a focus beam of atomic energy from his mouth as well as fire many lasers from his spines and even fire an atomic laser blast from his tail. It was awesome! The first part of the chapter is for the awesome Friendship Festival that was from the start of the MLP Movie from 2017 and that was amazing. The 2nd part was for Skylanders Superchargers and the Captain Cluck's Chicken Factory Level is one of my favorite parts. Also the reason I don't like the show South Park is because Eric Cartman is ONE BAD KID! All of the show is bad. It has many things I hate in it. Thank God I never watched it. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next rescue for me is gonna be in the funny world of George of the Jungle and we're going to not only see what George of the Jungle was like before he married Ursula but we're going to meet a Gandharva named Mina and also meet a Green Dragon Gene-Slammer named Mira McLaughlin who is REALLY the daughter of Morag that was sent away Before the war with TDPS broke out. The Green Dragon part is from Dungeons & Dragons. Me, Missy, Allie, Eli, Maria and the Pheromosa Gene-Slammer will go in that one. The 2nd part for Lincoln's Rescue will be in the world of The Nutty Professor 2: The Klumps and that is gonna be funny. And not only will we face Buddy but also face Cletus Kasady A.K.A. Carnage and Girl Jordan is gonna transform and she will no longer be blinded by vengeance but will forgive him but still punish him. The next part is for where we face SPACE GODZILLA! We're going to help Godzilla from 1994 take him down.

# GODZILLA FROM SPACE

In the Jungles of Africa, me, Eli, Allie, Missy, Maria and Leana McDougal the Pheromosa Gene-Slammer were walking around. But this part of Africa was the home of George of The Jungle.

Leana McDougall: Are we in George's home?

Leana concentrated and groaned as her hair fell out.

Me: Yep we sure are.

She turned into Pheromosa.

We heard a Tarzan Yell and we saw George and then we saw him swing on a vine and then…

CRASH!

We saw him crash into a tree head on!

Me: OUCH!

Eli: That must've hurt.

Maria: Not to him it doesn't.

Missy: But that is so funny.

Allie: It always is funny.

Me: Yep.

We got to learn all about how George got there.

---

While touring Uganda with local guide Kwame and a trio of porters, San Francisco heiress Ursula Stanhope is tracked down and joined by her fiancé, Lyle Van De Groot, with two poachers named Max and Thor. Kwame tells the group of the "White Ape", a local legend of a superhuman primate that rules the jungle. The next day, Lyle, insistent on taking Ursula home as soon as possible, goes into the jungle with her to find the White Ape and they are attacked by a lion. Lyle knocks himself out trying to flee while Ursula is saved by the King of the Jungle, George, who takes Ursula to his tree house home and cares for her, introducing her to his three animal friends, Ape, a sapient, talking gorilla who raises George, Shep, an Asian elephant that acts like George's dog, and Tookie, a toco toucan. George is smitten with Ursula and attempts to woo her; Ursula reciprocates his attraction, and her time spent with George makes her no longer wish to return home.

Lyle, Max and Thor find the treehouse and Lyle confronts Ursula and George. Max and Thor make to shoot Shep for his ivory, and Ape shouts at Shep to run. Everyone is stunned by the sight of a talking ape and Max and Thor decide to tranquilize and capture him. George runs to stop them and is accidentally shot by Lyle, who thought his gun was a novelty lighter. Lyle and the poachers are imprisoned and Lyle is identified as the shooter by the porters; Max and Thor are released and resolve to capture Ape to make a fortune in Las Vegas. Meanwhile, Ursula takes George home to get medical help for his wound and to see the human world he belongs in.

While Ursula is at work, George explores San Francisco and uses his vine-swinging to rescue a paraglider that got tangled in the Bay Bridge. Ursula, uninterested in marrying Lyle, admits the truth to her parents, but her overbearing mother Beatrice objects. At a party intended to celebrate Ursula's engagement, Beatrice takes George aside and coldly tells him she will not let Ursula's engagement fall apart, and refuses to let George be with her. In Africa, Max and Thor capture Ape, who manages to order Tookie to find George before he falls unconscious. Tookie flies to San Francisco and George returns to the jungle, leaving Ursula in the night. While comforted by her parents, Ursula realizes she loves George and goes to find him; though Beatrice is dismayed, her father is more approving.

Ape tricks the poachers into circling the jungle and returning to the treehouse where George confronts and fights them. During the fight, they try to defeat him by tickling him, but George somehow endured and eventually incapacitated them with a little help from Ursula and his animal friends. However, Lyle arrives: the narrator explains that Lyle escaped prison, joined a cult, and is now an ordained minister. Lyle has the mercenaries he brought with him subdue George and takes Ursula to the nearby Ape River, where he has a boat waiting to escape while he performs a marriage ceremony. However, the river is a harsh series of rapids that hurtle the two into danger. George escapes the mercenaries and performs a big swing to reach Ursula and Lyle, only to crash painfully into a massive tree. The impact was so hard that the tree falls over the river and he pulls Ursula to safety. Lyle ends up in a cave and, believing he is still sharing the boat with Ursula, proclaims them wedded; he lights his lighter and beholds that he just married himself to a gorilla.

George and Ursula declare their love for each other and marry, with Ursula moving into George's treehouse. Some time later, the two are raising a son, George Jr., who they present to the animals from atop Pride Rock.

---

We were really surprised and amazed. Also we had no idea that George was the long lost survivor of a plane crash. But we were amazed how he was able to survive for all this time thanks to his friends in Africa. So cool. Along the way we helped him out and we met Mina a Gandharva from Hindu myth as well as a Green Chromatic Dragon Gene-Slammer named Mira McLaughlin and SHOCKINGLY she was the daughter of Morag. We also found out that Mira is the exact polar opposite of her so-called mother. We helped George bring Lyle back to justice as well as bring the poachers to justice too. I put on my blind-man glasses and had Eli, George and Ape cover their eyes and then I snapped my fingers and then Mira reverted back and she was naked. Then Leana reverted back too.

Leana was human again. But naked.

Leana: (covers herself) Mira, I'm sorry. If there were any way we would've dealt with your mother, we would've taken it. But she forced our hand.

Mira McLaughlin: (Covers herself) (Scottish Accent) It's all right lass. But my mother brought all this on herself now.

Eli: She sure did.

I gave Leana and Mira new clothes and they put them on.

Mina: Thank goodness you all took her down.

Eli: Yeah that was a big battle.

Allie Wilde: It sure was.

George: You guys did great.

Ape: Good show guys!

We got to having a nice talk before heading back to the estate.

After our adventure in the Jungle, Lincoln, Me, Nico, Eli, Nicole, Girl Jordan, Mallow, The Dalmatian Family, Wang Yi, and Zhen Ji were heading to the world of The Nutty Professor 2: The Klumps, and not only is Lincoln going to rescue the eighteen girls sighted there, but we're going to face Buddy, and we'd found out that Cletus Kasady A.K.A. Karnage has returned from the dead, and Girl Jordan is going to face him, but she won't be blinded by vengeance, she'll forgive him, but she'll still punish him.

Lincoln: Wow, we're in the world of The Nutty Professor 2: The Klumps.

Me: That movie is so funny. I would always laugh so hard at the funny parts of it.

Nico: Me too! They were funny!

Lincoln: And I think I know what we are going to do here, not only am I rescue the eighteen girls sighted there, but we're going to face Buddy, and we'd found out that Cletus Kasady A.K.A. Karnage has returned from the dead.

Girl Jordan: That's right, Linky. Plus, after what you did in saving me from being blinded by revenge after what Kasady did, I will forgive him, but I'm still going to punish him for his bloody crimes.

Nico: That's right, and that was a good idea you had, Girl Jordan. You can forgive Kasady, but you're still going to punish him for his murderous crimes.

Me: That's a very noble deed you're doing G.J. And we're so happy you aren't blinded by vengeance.

Wang Yi: And I'll also help you out, Girl Jordan. Like you and the others, I too was blinded by revenge against a certain individual. But, Lincoln helped me realize that even if I were to take my revenge, it'll also destroy me in the end, and it was thanks to him, I've decided to no longer follow on that path of vengeance.

Zhen Ji: And there's also the matter of dealing with Carnage.

D.J. Dalmatian: The two things that Symbiotes hate are sound and fire. So, here's the plan, me and Lady Zhen Ji will get the Carnage Symbiote off Kasady and destroy it, and Girl Jordan and Lady Wang Yi will deal with Kasady, and Lincoln deals with Buddy Love by separating him from Professor Krump.

Dylan Dalmatian: That's a good idea, D.J.

Eli: Yes, and I also sense that Girl Jordan is also going to transform, this is going to be good.

?: HELP!

Suddenly, Lincoln heard the sound of eighteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He then saw the eighteen girls, but they were cornered by Buddy and Cletus Kasady A.K.A. Carnage, and Cletus Kasady was going to kill them.

Lincoln: Guys, I found the the eighteen girls, but they were cornered by Buddy and Cletus Kasady A.K.A. Carnage, and Cletus Kasady is going to kill them. Come on, let's go.

We rushed on over, and Lincoln fired a blast of fire at Cletus Kasady A.K.A. Carnage, which'd caused the bloodthirsty murderer to back away in fear, along with Buddy. When Kasady saw us here, he had a malicious grin on his face, and he was laughing insanely.

Suddenly, Girl Jordan's eyes turned neon blue, and she was surrounded by a blue energy aura with ocean waves and sea dragons, she unholstered her Sword of The Neptune Crusaders, and as she'd walked towards Cletus Kasady, she left blue energy, ocean waves, and sea dragons with every step.

Girl Jordan: Cletus Kasady, though it was because of you that I was left blinded by vengeance, I have decided that I will forgive you, but for the murderous crimes you've committed, you still need to face your punishment for all those lives you've taken.

Then, Girl Jordan was surrounded by a massive vortex of blue energy with ocean waves around the vortex and sea dragons swimming around the blue ocean waves, and there's an ocean blue phoenix inside the vortex. Then, as the vortex faded, Girl Jordan emerged, but she was changed forever.

Girl Jordan grew up to 6'0" in height, she had the body of a goddess, she has neon blue eyes and a blue energy aura with ocean waves and sea dragons surrounding her, her long hair is no longer in a large braid, but is now left flowing and with ocean blue highlights in the bangs, she has a sea dragon with the Water Kanji in its claws emblazoned on her forehead, she has on sea dragon earrings with the Water Kanji in its claws and a necklace with a sea dragon with the Water Kanji in its claws for the pendant, she has large aqua blue angel wings with water dripping from the tips of the feathers, the massive, wide, double-edged, blade of her Sword of The Neptune Crusaders grew to 6'5" in length and the long black handle grew longer, but changed to blue with fish scales around it, she has on a yellow sleeveless blouse with an aqua blue phoenix, blue skirt with ocean waves, blue pants, and blue leather ankle-high combat boots, and a sleeveless ocean blue trenchcoat with ocean waves and a sea dragon on the back. Girl Jordan has on her brand-new Bracelets of The Champions of The Universe with blue gems on her wrists, her new Belt of Elemental Bravery with large blue gem for the belt buckle, and her new Eater of Sins revolver holstered on her right hip. There was a blue kanji below the sea dragon that said, "Girl Jordan, Dodgeball Angel Queen of Gotham Royal York, Master of Water and The Sea Dragon, Loving Future Wife of Lincoln Loud, Member of The Neptune Crusaders, and Defender of The Seas."

少女ジョーダン、ゴッサムロイヤルヨークのドッジボールエンジェルクイーン、水と海のドラゴンのマスター、リンカーンラウドの愛する未来の妻、ネプチューンの十字軍のメンバー、そして海の擁護者

Girl Jordan has transformed into SUPER ANGEL 750,000,000,000 MAELSTROM SEA DRAGON ANGEL OF LOVE!

We were amazed by Girl Jordan's transformation. But, when Lincoln saw what happened to her, he had an atomic red blush on his face.

Me: Whoa, Girl Jordan has now transformed, and she looks like a true Angel of The Seas.

Nico: You said it, and Kasady is going to get what he deserves.

Lincoln: Wow, Girl Jordan, you look beautiful. How do you feel?

Girl Jordan: (Divine Echoing Maelstrom Voice of Love) I feel incredible, Linky, and now, I'm going to take care of handling Kasady's punishment.

Lincoln: And I'll take care of that obnoxious Buddy.

Girl Jordan, D.J. Dalmatian, Zhen Ji, and Wang Yi were off to take care of Cletus Kasady, who changes into Carnage, as the Carnage Symbiote comes out, which was what D.J. Dalmatian and Zhen Ji were waiting for, as they fired sound orbs at Carnage, and the sound was so loud, it caused The Symbiote to come off of Cletus Kasady, and it was trapped inside of a sound orb made by D.J. Dalmatian. Then, Zhen Ji and D.J. Dalmatian fired blue and red fire, and the combined sound and fire was so powerful, it destroyed the Carnage Symbiote and reduced it to ashes.

Then, Wang Yi and Girl Jordan went after Cletus Kasady, and fired powerful blasts of fire and water, along with blue energy, phoenixes, and sea dragons, which hits the murderous nihilistic maniac, and knocked him down, and Girl Jordan tied him up in a straitjacket, and she'd beamed Cletus Kasady to the Miranda Prison for Nihilistic Sadomasochists, and he was put in Solitary Confinement, and he was chained to a wall, where he'll stay there until the day he dies.

Then, Lincoln was facing Buddy Love, but he found out how to get rid of Buddy Love. He fired a blast of light, which separated Professor Krump from Buddy Love, and Lincoln put Buddy Love into a crystal prison, and beamed him to The Pluto Prison for Tyrants for good, good riddance to a crazy but totally obnoxious ladies man.

Then, Lincoln and Nicole went up to the eighteen girls sighted there, and when Lincoln saw them, he immediately recognized them. The eighteen girls were Oishi Kawaii from Oishi High School Battle, Akari Kanzaki and Ichino Yanigida from Battle Athletes, Marika Kato, Chiaki Kurihara, Mami Endo, and Lynn Lambretta from Bodacious Space Pirates, Leone Rhodes, Lila Hart, Metical Flair, Naira Savage, Rupiah Rood, and Koron Steiner from Bulk Slash, Chris Partn and Tillis from Burning Rangers, Saori Kawai, Ouka Hayasaka, and Mahiro Muto from Buso Renkin.

Lincoln: Oh wow, it's Oishi Kawaii, Akari Kanzaki, Ichino Yanigida, Marika Kato, Chiaki Kurihara, Mami Endo, Lynn Lambretta, Leone Rhodes, Lila Hart, Metical Flair, Naira Savage, Rupiah Rood, Koron Steiner, Chris Partn, Tillis, Saori Kawai, Ouka Hayasaka, and Mahiro Muto.

Nicole: From High School Battle, Battle Athletes, Bodacious Space Pirates, Bulk Slash, Burning Rangers, and Buso Renkin, awesome.

Lincoln: Are you girls okay?

Marika Kato: Yeah, we're okay, thanks to you.

Then, when Marika Kato and the other seventeen girls saw who it was that saved them from Buddy Love and Cletus Kasady A.K.A. Carnage, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, deep sapphire blue thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Marika Kato: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made seventeen clones of himself, and he and the seventeen clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Marika Kato: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

We returned home to The Estate, and not only are we rid of Buddy Love, but finally, we were rid of Cletus Kasady A.K.A. Carnage, and he'll never terrorize anyone ever again. Girl Jordan had powered down, but her new body, clothes, weapons, and jewelry were permanent, and he shared a hug and kiss with Zhen Ji, Wang Yi, and Girl Jordan, as we cheered for them.

---

After dealing with Buddy Love and Cletus Kasady A.K.A. Carnage, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

Then, it's time for a basketball match in our gym, and it was between the two teams of Lincoln and myself. On Lincoln's team, he's got the Loonatics, and on my team, I've got The Looney Tunes, who changed into their Tune Squad uniforms from Space Jam: A New Legacy. We invited The Masters of Evil to watch the basketball match, and The Tiny Toons were already excited to see the match.

Buster Bunny: Oh man, this is going to be awesome.

Nico: You said it, we saw how good your mentors are at when it comes to playing basketball, now it's going to be a match between The Looney Tunes and The Loonatics, with Lincoln leading his team with The Loonatics and J.D. leading The Tune Squad.

Lincoln: Let's make this a good match, J.D.

Me: You got it, big guy.

Then, the gym changed to an awesome basketball court out in the stars, and everyone was amazed by the scene, and we saw two tall basketball baskets, and the scoreboard appear out of nowhere, and as soon as the buzzer started, it was on.

Me and The Tune Squad were definitely on our game, along with Lincoln and The Loonatics, and Lynn and her friends saw how good Lincoln is, as he was dribbling the ball, and scoring three-pointers and a couple of slam dunks, and passing the ball over to The Loonatics. But, we were also in for quite the surprise when we saw Ace Bunny score some slam dunks, and the Tiny Toons were going wild.

Bugs Bunny: Well, I'll be, doc.

Me: Yeah, Ace has also gotten the same skills as you when you played basketball, Bugs, that's so awesome, and your students are going wild.

Nico: Whoa, this is awesome, the crowd is fired up as the match is getting good.

While we were having fun on the basketball court, our mascots were keeping watch. We were told of Perfecto Prep's attempts of spying on the Acme Acres students, but we didn't have to worry about it, especially since Babs Bunny put super glue in their straitjackets after they were arrested for trying to attack Lincoln and his wives on the beach in Acme Acres months ago.

The clock had 59 seconds left, and we were already tied. Just one more basket would decide who the victor would be. Then, Lincoln shot a three-pointer right into the basket, and as soon as the air horn sounds, it meant that Lincoln and The Loonatics had won the basketball match, and the crowd roared in victory.

Me: Whoa, now that was a good game, Lincoln.

Me and Lincoln shook hands, and we hugged, same with The

Looney Tunes and The Loonatics.

Lincoln: Thanks, J.D. But, that was intense.

Lola Bunny: But, what surprised us was that The Loonatics had the same skills us when it comes to playing basketball.

Ace Bunny: I think those skills kicked in, as soon as the basketball was in our hands, and we showed no mercy when it comes to basketball.

Buster Bunny: But, that was so awesome. It was quite an exciting match.

Vypra: If you thought it was exciting, just wait until we have our dodgeball game on Halloween. It'll be just as exciting.

Babs Bunny: Uh oh, we've also heard about J.D.'s reputation as The Dodgeball Champion of Gotham Royal York, and Lincoln and Girl Jordan are known as The Dodgeball Angel King and Queen of Gotham Royal York, and they're known to be tough players. I'd hate to have to face off against them on the court, we'd be at their mercy.

Plucky Duck: But, when it comes to dodgeball, you'd better pray that you survive against those three.

Babs Bunny let out a scream of fright, until she heard Plucky Duck laughing. But, that led to her to get out her mallet, sneak up behind him, and whacked him on the head, knocking him out, and he had a lump on his head, and swirling eyes and birds swirling around his head and chirping.

We laughed hysterically at the sight.

Lori: Plucky, you shouldn't have scared Babs Bunny like that, you know she's good with swinging a mallet.

Plucky Duck recovered, but he has a bag of ice on his head to reduce the lump on his head, and we'd gotten a shower after that, and we got ready for our next mission, and it was Nico's turn to lead the team.

Later at the Jupiter Prison it was time for another rant fest with the most hated Babysitter in the world: ICKY VICKY!

Ember Mcclain: Alright, Missy. You're about to participate in one of our favorite activities!

Missy: Those Icky Vicky rants that Nico told me about? This is gonna be awesome! I heard so much about Vicky and how big a monster she is.

Nico: You would also hate her to the bone with every fiber of your being.

Eli: Too bad bro couldn't come with.

Apple Bloom: He's helping out over at Sweet Apple Acres with Applejack during the Applebuck Season.

Nico: That's very thoughtful of him. Especially after how Applejack harvested the entire orchard by herself without sleep for 10 days.

Eli: It sure is. I'm glad that bro is helping out with her.

KH Kairi: Hey, everyone! We're back like we promised. And we brought a new friend!

Missy: Hello everyone. Name's Missy Rodgers.

Nico: Long story.

KH Kairi: Yep. Shall we get it on?

Everyone cheered.

Nico: Lets get ready to (Fire Hair Flares up) (Echoing) RUMBLE!

Kairi Yano: Want to give it a shot Missy?

Missy: You bet!

Kairi Yano: Ladies first.

Missy: Very gentlemanly.

Missy went up to Icky Vicky. She had a nasty hateful look in her eyes at her.

Missy: I have just one thing to say to you Icky Fuckwhore Vicky.

Icky Vicky: And what's that?

Missy took a huge breath in.

Missy: YOU HAVE AN UGLY MOTHERFUCKING BUTT!

She poked her eyes, slapped her face and hit her on the head with a baseball bat.

Everyone laughed hilariously.

Nico: (LAUGHS!) THAT WAS SO FUNNY!

G1 Shockwave: Who wants to go next?

Lars Loud: None taken.

Right Suzuki: Want to meet my pet?

Icky Vicky: What pet?

Right used his powers and had a Mutant Bear appear and it was like the same one that mutilated Maria before my birthday 3 years ago! Maria jumped into Eddy's arms in fright!

Eddy: OOF! You're giving me a hernia Maria!

Maria: DON'T LET THAT BEAR GET ME!

The mutant bear mauled Icky Vicky and Yamato summoned a bear and it mauled her too!

Wheeljack was next!

G1 Wheeljack: YOU KNOW WHAT?! I'D RATHER GET KILLED IN AUTOBOT CITY BY THE MEGATRON THAT CAME FROM THIS UNIVERSE THAN HAVE YOU AS A BABYSITTER!

Nico: YEAH! YOU TELL THAT PSYCHO!

G1 Wheeljack: Oh and another thing! YO MAMA SO FUCKING UGLY THAT DRACULA WOULDN'T DRINK HER BLOOD!

Billy & Mandy Dracula: Dracula wouldn't touch her with Wolf Man's teeth!

Everyone laughed at that!

Yamato: My turn.

He went up to Vicky and then…

SLASH!

He slashed her right across her face and cut her eyes and she screamed in pain!

Nico: WHOA! Nice one!

Prisoner 1: That's gonna hurt!

Yamato: She deserves it for everything she did. (To Vicky) YOU DON'T DESERVE TO SEE ANYTHING AFTER EVERYTHING YOU DID!

Lucky: LUCKY! YOU TELL HER!

Lucky went up to her.

Lucky: How about this one?

He put in the Eridanus Kyutama and fired a blast of water and it hit Vicky with the power of a Firehose and smashed her all over.

Lucky: LOOKS LIKE YOU ARE ALL WET!

Everyone laughed.

Tsurugi: Time to make this rant legendary!

He went up to her and then…

Tsurugi: I WILL BURN YOUR UGLY BUTT ALL OVER WITH THE FULL FORCE OF A BILLION PHOENIXES!

Nico: You all sure can. We're going after Space Godzilla.

**SpaceGodzilla** (in Japanese: スペースゴジラ, *Supēsugojira* ) is a major antagonist in the *Godzilla* franchise.

He is the overall secondary antagonist of the Heisei series, serving as the titular main antagonist of the 1994 40th anniversary film, *Godzilla vs. SpaceGodzilla* and the overarching antagonist of *Godzilla vs. Biollante* and *Godzilla and Mothra: The Battle For Earth* . He also serves as the main antagonist of the video games *Godzilla: Save the Earth* and *Godzilla Unleashed* .

He was portrayed by the suit actor Ryō Haritani, who would later portray Destoroyah in the follow-up film.

Synopsis

He is an extraterrestrial genetic clone of Godzilla, and is a highly intelligent, sadistic, and evil monster who desired to kill Godzilla and rule the Earth.

Movies *Godzilla vs. SpaceGodzilla*

SpaceGodzilla was created when Godzilla's cells entered a black hole and emerged from a white hole, then merged with crystalline alien organisms and mutated rapidly from energies released by supernovas. There are two given explanations as to how Godzilla's cells ended up in space. The first is that when Mothra headed into space in *Godzilla vs. Mothra*, she took some of Godzilla's cells with her. Another explanation is that the cells came from Biollante after she fled to space following her final battle with Godzilla.

Whatever the case, SpaceGodzilla headed towards Earth and encountered the mecha, M.O.G.U.E.R.A., whom the crystal kaiju quickly defeated. With that, he continued towards Earth and landed on Birth Island where he fought Godzilla. After knocking the King of the Monsters out with his Corona Beam, SpaceGodzilla captured Godzilla's son in a crystal prison below ground and retreated, with Godzilla hot on his heels, determined to save his child. The crystal kaiju found his way to the city of Fukuoka, which he destroyed, then raised enormous crystals from the ground to create himself a fortress. M.O.G.U.E.R.A. attempted to fight SpaceGodzilla again, but was defeated once more, and then Godzilla joined the fray. While this was happening, the crystal kaiju's weakness was discovered and the King of the Monsters and M.O.G.U.E.R.A. used it to defeat him. After his defeat, SpaceGodzilla then turned into tiny crystal-like particles, floating through space for all eternity.

Video Games *Godzilla: Save the Earth*

In *Godzilla: Save the Earth*, SpaceGodzilla is the main monster of the Vortaak aliens as they invaded Earth. With his help, they were seemingly able to control the other monsters. After the other monsters controlled by the Vortaak were defeated, the player monster fought SpaceGodzilla in the final boss fight and one of SpaceGodzilla's shoulder crystals was destroyed, opening a black hole that sucked him inside.

*Godzilla Unleashed" SpaceGodzilla is a malevolent fusion of Godzilla's DNA and an unknown collection of extraterrestrial minerals and energies. SpaceGodzilla has an unknown potential for psychic abilities, including telekinesis, telepathy, levitation, mind control, and the manipulation of many basic elements. SpaceGodzilla can temper crystal towers from the earth around him,* *which he uses to magnify and focus his psychic energies. SpaceGodzilla's greatest weapon is the fact that despite his gargantuan frame he possesses human-level intelligence. This makes him a tremendous potential threat to all humanity and all of the earth. SpaceGodzilla has attacked earth only twice before-once as a free agent and once as an ally of the Vortaak. But his thirst for power knows no allegiance. and needs none. „* ~ SpaceGodzilla's Biography in *Godzilla Unleashed* .

Twenty years after the events of *Godzilla: Save the Earth*, strange crystals suddenly appeared in space and crashed all over the Earth, causing global disruptions and catastrophes. SpaceGodzilla was responsible, planning to use the crystals to free himself. He was no longer an ally of the Vortaak and had become the leader of the Mutant faction, now manipulating everything himself, and the player monster battled him, once again, as the final boss (unless playing as either SpaceGodzilla himself or another Mutant under his faction). If the player was allied with any of the non-Mutant factions, SpaceGodzilla ended up being defeated. If the player was a Mutant, then crystals arose all over the Earth as SpaceGodzilla took over.

*Godzilla (2014)*

SpaceGodzilla appears in the 2014 Playstation 4 *Godzilla* game as a playable monster. In the introductory cutscene, he can be seen fighting Ghidorah.

Comics *Godzilla: Kingdom of Monsters*

SpaceGodzilla appeared in the final issue of the series *Godzilla: Kingdom of Monsters*, where he was seen standing on the moon and looking at Earth with sinister intent.

*Godzilla: The Half-Century War*

SpaceGodzilla arrived in Bombay, India in 1987 after being drawn there by Dr. Deverich's monster beacon. When SpaceGodzilla arrived, both Godzilla and Mechagodzilla were already battling. SpaceGodzilla covered the area in crystals and knocked Mechagodzilla out of commission. As Godzilla and SpaceGodzilla battled, Ota Murakami took command of Mechagodzilla's wreckage and fired its weapons at SpaceGodzilla's crystals, draining his power supply and toppling a crystal onto him. Godzilla seized the opportunity and obliterated SpaceGodzilla with his atomic breath.

*Godzilla*

SpaceGodzilla appeared as the secondary antagonist of the series *Godzilla*, behind Monster X. SpaceGodzilla arrived on Earth along with Monster X, Gigan, and Hedorah. The space monsters wreaked havoc all over the Earth, forcing humanity to free the Earth monsters they had captured in order to fight the space monsters. The monsters Battra and Titanosaurus fought against SpaceGodzilla in London, but were defeated. SpaceGodzilla then traveled to New York to help Monster X battle Godzilla, Kiryu, and Kumonga. Though Kumonga was defeated in the battle and Kiryu was rendered inoperable, Kiryu managed to fire its Absolute Zero cannon at SpaceGodzilla, freezing him where he stood. Godzilla then used his atomic breath to blast SpaceGodzilla, apparently destroying him.

*Godzilla: Rulers of Earth*

SpaceGodzilla returned in *Godzilla: Rulers of Earth* . Having survived his earlier battle with Godzilla, SpaceGodzilla returned to Earth to resume his conquest. En route, he was attacked by the Cryog aliens, who sent two Mechagodzillas and Gigan to attack him. SpaceGodzilla easily destroyed the Mechagodzillas, and after a long battle defeated Gigan. SpaceGodzilla continued his descent to Earth, but was attacked by the Trilopods, genetically engineered monsters created by the Cryog. SpaceGodzilla crashed in Los Angeles, and was overwhelmed by the Trilopod army. Godzilla was taken to Los Angeles shortly afterward, and the two enemies were forced to work together in order to survive. Together, Godzilla and SpaceGodzilla destroyed the Trilopods, but Godzilla passed out from exhaustion shortly after. Still filled with hatred for his Earthly counterpart, SpaceGodzilla kicked Godzilla while he was down, but eventually retreated back to space before more Trilopods could arrive.

?: You will pay for ruining my plans to rule The Netherworld!

Suddenly, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large colored orbs orbiting around the legs of Lincoln's sisters, the eight large orange orbs orbiting around Duke Lincoln's legs, and the eight large purple orbs orbiting around Menat's legs were glowing, and that means big trouble was coming.

Nicole: Oh no, I was hoping I'd never hear that voice. You can come out now, Galamoth.

A huge dark figure came out of the shadows, and it was none other than Galamoth, a 10,000-year-old magical demonic being who'd sought to usurp Dracula's throne, and rule as the Dark Lord of The Netherworld.

Laney: So, that's Galamoth.

Nicole: That's right, Laney. Galamoth is a 10,000-year-old magical demon, who'd sought to usurp the throne of Dracula, and rule as The Dark Lord of The Netherworld, but he's never fulfilled that plan, and as soon as he heard of Dracula's death, he's come out of hiding.

Prince Adam: So, we've got to deal with a demonic usurper, who's also proved himself to be a thorn in Dracula's side. Let me deal with him, guys.

Suddenly, Prince Adam's eyes turned neon blue, as he was suddenly surrounded by a white energy aura with stars, he unholstered his 2002 Sword of Power and his new Defender of Eternia sword from his back, and as he approached Galamoth, he left white energy, light, and stars with every step.

Prince Adam: You're already too late, Galamoth. Dracula is finally gone for good, and now that you finally showed yourself, your 10,000 year plan to take over Dracula's throne is about to be foiled for good.

Then, Prince Adam was suddenly surrounded by a massive vortex of white energy with light and stars surrounding it, there was a gold phoenix flying around the vortex, and there was a gold phoenix inside the white vortex. Then, as the vortex faded, Prince Adam had emerged, but he was changed forever.

Prince Adam transformed into He-Man, and he grew to 7'0" in height, his huge upper and lower body muscles became much more massive and powerful and he gained eight-pack abs, the leather straps of his battle harness turned silver with red gems and the chest piece remained the same, he has a gold phoenix with the Light Kanji emblazoned on his forehead, he now has on phoenix earrings with the Light Kanji in its claws and a necklace with a phoenix with the Light Kanji for the pendant of the necklace, his 2002 version of his brown loincloth has stars on it, black pants with stars, and brown leather ankle-high combat boots, his 2002 Sword of Power merged with his Defender of Eternia sword and the large angel wings crossguard turned into the crossguard of his 2002 version of The Sword of Power, and the massive, wide, double-edged blade grew to 6'5" in length and the long black handle grew longer, he now has large white angel wings with yellow tips on the large white feathers, he now has on his brand-new Bracelets of The Champions of The Universe with red gems on his wrists, his new Belt of Elemental Bravery with large red gem for the belt buckle on his waist, Blue Lantern ring on his left ring finger, and Eater of Sins revolver holstered on his left hip. There was a gold kanji tattooed on his back that said, "Prince Adam also known as He-Man, Most Powerful Man in the Universe, Descendant of King Grayskull, Defender of Eternia, and Master of Light and The Stars."

アダム王子は、ヒーマン、宇宙で最も強力な男、グレイスカル王の子孫、エターニアの擁護者、光と星のマスターとしても知られています

Prince Adam has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL COSMOS ANGEL OF LIGHT AND HOPE!

They were amazed by Prince Adam's transformation, and to a power-hungry demon like Galamoth, he's now in trouble.

Eli: Whoa!

Nico: Whoa is right, Lieutenant. Prince Adam has now transformed, and this is going to mean big trouble for someone like Galamoth. (To He-Man) How do you feel, He-Man?

He-Man: (Divine Echoing Cosmic Voice of Hope) **I feel incredible, Commander Nico, and now, it's time for me to put an end to this power-hungry demon once and for all.**

He-Man went after Galamoth, who fired powerful blasts of dark energy at He-Man, who countered the attack by firing powerful blades of light from a swing of his massive blade, and cut the blasts of dark energy down. Then, He-Man fired powerful blasts of light, white energy, and phoenixes made of light at Galamoth, which exploded with incredible power. Then, with his new and improved blade, he cuts Galamoth's arms off, and the demon screamed in pure excruciating pain.

He-Man: **And now, this is the end for you, Galamoth. ETERNIA COSMIC LIGHT BLADE STORM!**

He-Man fired a powerful storm of blades made of pure light and stars, and as soon as they hit the evil demon, they exploded with incredible power, and Galamoth died in the resulting explosion, and his evil spirit was Super Hakaied forever. Everyone cheered wildly for what He-Man did, as he powered down, and changed back to Prince Adam, but Prince Adam's new clothes, weapons, large white angel wings, and jewelry were permanent.

Space Godzilla was defeated and destroyed!

Nico: WE DID IT!

They cheered wildly!

Part 9 done.

Space Godzilla is one of my favorite monsters of Godzilla. Came out in 1994 and it was awesome! The first part was for George of The Jungle and that was a funny and awesome movie. The 2nd part was for the movie The Nutty Professor 2: The Klumps and that movie made me laugh so hard that I thought I was gonna pass out from a busted artery. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Etstheclarencefan, Nflemingful and ninjakingofhearts all gave me the ideas for this. Thanks guys. Next rescue for me is gonna be in the Sierra Nevada Mountains in the world of Homeward Bound: The Incredible Journey, one of my favorite childhood movies from when I was a kid. That rescue is gonna have me, Fluttershy, Eli, Maria, Missy and the Nihelego Gene-Slammer meet a Tentacle named Fionia as well as a Blacephalon Gene-Slammer from Cambodia named Chanthavy Samneang. We're also going to find a little girl named Molly that is lost in the Sierra Nevada Mountains and we're going to meet Chance the American Bulldog, Shadow the Golden Retriever and Sassy the Himalayan cat and we're going to be hiking through the mountains when we find them. It'll be a good adventure. For Lincoln's rescue we're gonna go to Antarctica and we're going into the world of the movie Whiteout. The next chapter is for the Powerpuff Girls episode Three Girls and A Monster and we're going face a Godzilla monster of the Powerpuff Girls and this was the one monster that the Powerpuff Girls couldn't take down except for Bubbles asking him nicely to leave. This is gonna be a chapter where The Powerpuff Girls will be arguing except for Bubbles and Bunny.

See you all tomorrow.

# THE TOWNSVILLE GODZILLA

Over in the Sierra Nevada Mountains in California, me, Allie, Missy, Maria, Eli, Fluttershy and Laniya Thorndyke the Nihilego Gene-Slammer were walking through the beautiful forested mountains and they were magnificent. It was the perfect way to clear our minds after going on so many awesome adventures.

Me: Nothing like a magnificent hike through the forest.

Eli: You said it. It's so peaceful out here.

Maria: Boy it sure is. I think it's awesome.

We saw all kinds of magnificent creatures and landscapes. But also we saw a rather interesting sight. We saw a Golden Retriever, an American Bulldog and a Himalayan Cat out in the forest. They were the pets from the movie Homeward Bound: The Incredible Journey, one of my favorite movies.

---

Chance, a selfish and free-spirited American Bulldog and the narrator of the film, explains that he is the pet of Jamie Burnford, but expresses no interest in his owner or being part of a family. He shares his home with Shadow, a wise old Golden Retriever owned by Jamie's brother Peter, and Sassy, a pampered Himalayan cat owned by Peter and Jamie's sister Hope. That morning, the children's mother, Laura Burnford, marries Bob Seaver, and Chance causes trouble by devouring the wedding cake in front of all the guests.

Shortly after the wedding, the family has to temporarily move to San Francisco because Bob must relocate there for his job. They leave the pets at a ranch belonging to Kate, Laura's college friend. Shadow and Sassy miss their owners immediately, but Chance sees it as an opportunity to relax and be free. Later in the week, Kate goes on a cattle drive, leaving the animals to be looked after by her neighbor Frank. However, half of her message to him is lost, leading him to believe that she has taken them along, leaving the animals alone. Unsure about the disappearance of their host, the animals fear they have been abandoned. Shadow, refusing to believe that his boy would leave him, decides to make his way home. Not wanting to be left alone on the ranch, Chance and Sassy decide to accompany Shadow on his journey.

They head into the rocky, mountainous wilderness of the Sierra Nevada with Shadow leading. After a night spent in fear of the woodland noises, the group stops to catch breakfast at a river. However, two black bear cubs interrupt Chance and a large brown bear causes the group to retreat. At another river, Sassy refuses to swim across to follow the dogs and instead tries to cross via a wooden path further downstream; halfway across, the wood breaks and she falls into the river. Shadow tries to save her, but she goes over a waterfall to her apparent death. Guilt-ridden, Shadow and Chance go on without her. Unknown to them, Sassy survives and is later found on the riverbank by an old man named Quentin, who nurses her back to health.

Over the next two days, Shadow and Chance try unsuccessfully to catch food and encounter a mountain lion, which chases them to the edge of a cliff. Shadow gets an idea to use rocks positioned like a seesaw as a way to outsmart the mountain lion. While Shadow acts as bait, Chance pounces onto the end of the rock and sends the mountain lion over the cliff and into a river. Sassy hears the dogs barking in celebration and follows the sound to rejoin them.

The animals continue on their way, but Chance begins pestering a porcupine, ending up with a load of quills in his muzzle. The animals then encounter a little girl named Molly, who is lost in the woods. Loyalty instinct takes over and they stand guard over her during the night. In the morning, Shadow finds a rescue party and leads them back to the girl. They recognize the animals from a missing pets flyer and take them to the local animal shelter, but Chance mistakes it for an animal pound and the trio panic. As the medical staff removes the quills from Chance's muzzle, Sassy sneaks in and frees Shadow. Together, they retrieve Chance and escape the shelter, unaware that their owners are on their way to get them.

Finally reaching their hometown, the animals cross through a train yard, where Shadow falls into a muddy pit and injures his leg. Despondent, he tells Chance and Sassy to go on without him, and when Chance argues passionately, tells the younger dog he's learned all he needs; "Now all you have to learn is how to say goodbye." Heartbroken, Chance insists he won't let him give up. Near dusk, Chance and Sassy finally make it home and are happily reunited with their owners. Shadow initially fails to appear, but eventually he limps into view and happily comes running home at the sight of Peter. Chance narrates how it was Shadow's belief that brought them home and how the years seemed to lift off of him, making him a puppy again as he reunited with his boy. The film ends with Chance musing about how he truly feels "home" with his family, before happily running into the house at the smell of food.

---

Chance had the porcupine quills in his muzzle removed by Fluttershy and the pets were in good hands thanks to us. We then heard crying and heard a little girl and we found her lost. Her name was Molly and she was lost. We promised to find her parents.

Laniya Thorndyke: Don't worry. We'll get you to your parents.

Laniya concentrated and groaned as her hair fell out.

Molly (HB:TIJ): What's happening to her?

Me: Lots of things have happened to many of my team.

Laniya turned into NIHILEGO!

Allie Wilde: Cool!

Me: Lets get movie.

Fluttershy: Oh chance we'll get you all back to your owners.

Chance: Thanks Fluttershy.

We walked down the mountain and I had Molly in my arms.

Me: (to Molly) How did you wind up all the way out here all by yourself?

Molly (HB:TIJ): I was looking at birds and I got lost.

Me: Oh it's all right.

Missy: We'll find your family. The ranger station is not far from here.

Me: It's just down the way.

At the ranger station, Molly's parents were worried and her mom was crying. The dad was comforting her. As we approached the ranger station we encountered a Tentacle girl named Fionia as well as a Blacephalon Gene-Slammer named Chanthavy Samneang from Cambodia. We got to the ranger station and then the parents were overjoyed to have Molly back as well as happy she was okay. Laniya and Chanthavy went behind a tree and I put on my blind man glasses and Eli covered his eyes and I snapped my fingers and Chanthavy reverted back and she was naked. Laniya reverted back too.

Laniya was human again. But naked and hiding behind a tree.

Laniya: (covers herself) Try not to get lost again, okay, Molly?

Molly (HB:TIJ): I won't.

I gave Laniya and Chantavny new clothes.

Fionia: That was a good hike.

Fluttershy: It sure did.

Me: Now we got to get these three pets back to their owners.

Missy: Lets do it.

We teleported all the way to San Francisco and then Chance, Shadow and Sassy were reunited with their family and then we went back to the estate and told everyone everything.

After our adventurous hike through the Sierra Nevada Mountains, Lincoln, Me, Nico, Eli, Nicole, and Tara Markov Logan A.K.A. Terra were heading to Antarctica in the world of the 2009 movie Whiteout, and not only is Lincoln going to rescue the fifteen girls sighted there, but we're also going to rescue Special Deputy U.S. Marshal Carrie Stetko, UN Security Agent Robert Pryce, and Delphy, and we're also going to deal with Australian Biologist and dangerous serial killer Russell Haden. We were wearing parkas since we're in Antarctica.

Me: Brr! It's cold down here.

Lincoln: Wow, we're in the world of the 2009 movie Whiteout, and I know what we're going to do here, not only am I going to rescue the fifteen girls sighted there, but we're also going to rescue Special Deputy U.S. Marshal Carrie Stetko, UN Security Agent Robert Pryce, and Delphy, and we're also going to deal with Australian Biologist and dangerous serial killer Russell Haden.

Me: That's right, big guy. I've been after Russell Haden for a long time, he's a dangerous serial killer who's committed a lot of murders over the years, but he's eluded capture from the UN every time they get close.

Nico: But, now, we'll bring him to justice once and for all.

Eli: And he'll either be sent to prison or be sentenced to death.

Me: Yep. Here's his info.

I pulled it up.

---

**Russell Haden** was an Australian-born biologist and pilot who was also a mass murderer who appeared in the 2009 movie, "Whiteout".

Not much is known about Haden's life, his past or where in Australia he originally came from but by the time "Whiteout" began, he was a biologist already stationed or assigned to work at the United States's Amundsen-Scott South Pole Station in Antarctica along with various other scientists from all over the world.

At some point, during the research, he and a group of other scientists went out on a trek but along the way, they discovered diamonds which they hid and later smuggled back to the Base, resulting in the creation of a diamond smuggling ring operating in the Base.

Haden eventually formed a secret partnership with Dr. John Fury, one of the doctors at the Base and at the time of U.S Federal Marshal Carrie Stetko's return to the Base, Haden while maintaining his innocent and charming personality began targeting and personally killing those involved in the smuggling ring so that they would not be able to confess to the authorities, even going so far as to disguise himself to ensure that his identity stayed hidden.

Haden's first target was a scientist named Anton Weiss whom he killed with an ice-axe, the same axe that would become Haden's primary weapon in the killings he committed before dumping Weiss's body out of the plane they were both in. Weiss's body was later discovered by a pilot, prompting both Dr. Fury and Carrie to go out and investigate.

Haden who had gotten to the Base beforehand simply gave the assumption that nothing was wrong but after presumably hearing about John Mooney who wanted to talk to Carrie, Haden went back out into the field and confronted Mooney, fatally wounding the other man by stabbing him in the throat, leaving Mooney to bleed to death.

Once he'd finished, Haden then hid in a corner, lying in wait for Carrie.

When Carrie arrived and saw Mooney on the couch, bleeding, Haden struck, attempting to kill Carrie but she managed to outsmart him and fled but unfortunately, Carrie later lost two fingers in the process due to frostbite which left her devastated.

Haden returned to the Base and removed his gear while maintaining the appearance that nothing was wrong.

When the third scientist, a man named Michael Rubin who had gone missing and was suspected of being the killer finally emerged, Haden struck again, dragging Rubin who was attempting to escape outside into the freezing cold. As before, Rubin presumably intended to kill Rubin via the ice-axe but lost it when the two fell down some steps.

Haden tried to remove the axe but changed his mind before leaping over the stairs and calmly walking after Rubin. Once he reached Rubin, Haden used his strength to break Rubin's neck, killing Rubin but Haden's plans of escaping were scuppered when Carrie emerged, striking him with a shovel which knocked him out and led to his capture and arrest.

Having being cuffed, Haden was dragged back to the Base and placed into an office area where Carrie and Robert Pryce, a UN security agent interrogated Haden who simply told them who he was and his nationality before demanding to speak to his consulate.

After insulting Carrie by telling her that she looked good with a few parts missing, referring to the two fingers she'd lost in the snowstorm when he'd chased her, Carrie and Robert turned the tables by threatening to remove Haden's fingers, the threat of which was so severe that Haden told them that he had hid the canisters he was looking for in his gear and after they backed off, Haden discovered that his pinky finger also had a small cut on it which caused Haden's ugly side to emerge again as he called Carrie a crazy bitch.

Carrie and Robert placed Haden in the brig while they searched for the canisters but Haden escaped, attacking and stabbing Delfy before fleeing again. Carrie soon realized that Haden was planning on using a plane to escape the Base, forcing her and Robert to head after Haden but Haden after realizing they were onto him, fled the plane and headed to the Base entrance, obviously intending to lock them out for good.

Once they reached Haden, a brutal, vicious fight ensured with Haden quickly gaining the upper hand due to his superior strength but Robert fought back and managed to grab the bag that Haden had been carrying with the distraction giving Carrie just enough time to cut the rope holding Haden.

As a result, Haden was dragged, screaming into the raging storm, presumably freezing to death.

---

When I was finished we were shocked.

Nico: Geez! This guy is bad news.

?: HELP!

Suddenly, Lincoln heard the sound of fifteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He then saw the fifteen girls, along with Special Deputy U.S. Marshal Carrie Stetko, UN Security Agent Robert Pryce, and Delphy, but they were cornered by Russell Haden, and he was going to kill them.

Lincoln: Guys, I found the the fifteen girls, along with Special Deputy U.S. Marshal Carrie Stetko, UN Security Agent Robert Pryce, and Delphy, but they were cornered by Russell Haden, and he's going to kill them. Come on, let's go.

We rushed on over, and Lincoln punched Russell Haden hard in the stomach and I punched him in the face, and then, Lincoln bound the serial killer in a neon blue energy straitjacket. Then, we teleported back to The Estate to warm back up, and Lincoln and Nicole went up to the thirteen girls, and when Lincoln saw them, he immediately recognized them. The thirteen girls were Aoi, Kanade, Akane, and Misaki Sakurada, An Shirogane, and Uzuki from Castle Town Dandelion, Shizuku Kurogane, Ayase Ayatsuji, Touka Toudou, Nene Saikyo, and Sara Bloodlily from Chivalry Of A Failed Knight, Alis Landale from Phantasy Star, Cauntia Valmon Farnes, Myunfa Rufa, and Leerin Marfes from Chrome Shelled Regios.

Lincoln: Oh wow, it's Aoi, Kanade, Akane, and Misaki Sakurada, An Shirogane, Uzuki, Shizuku Kurogane, Ayase Ayatsuji, Touka Toudou, Nene Saikyo, Sara Bloodlily, Alis Landale, Cauntia Valmon Farnes, Myunfa Rufa, and Leerin Marfes.

Nicole: From Castle Town Dandelion, Chivalry Of A Failed Knight, Phantasy Star, and Chrome Shelled Regios, awesome.

Lincoln: Are you girls okay?

Aoi: Yeah, we're okay, thanks to you.

Then, when Aoi and the twelve other girls saw who it was that saved them from Russell Haden, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, deep sapphire blue thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver

Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Aoi: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twelve clones of himself, and he and the twelve clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Aoi: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

Another successful rescue was accomplished by Lincoln, and as for Russell Haden, he was convicted and found guilty for the murders he committed, and he was sentenced to death. He was executed by Lincoln firing a powerful neon blue energy ball with elemental forces orbiting around the blue core, and as it hits the serial killer, it exploded with incredible power, and the explosion killed him, and his spirit was banished to The Further for eternal torment.

* * *

After the conviction and execution of convicted serial killer Russell Haden, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

Then, it's time for some synchronized swimming in our massive pool in the gym, and it was going to be me and my harem and Lincoln and his harem. We were in our swim clothes for this one, and we were going to do some artistic swimming for this sport.

Lincoln: This is going to be interesting.

Me: You said it. I've heard about synchronized swimming before, but now, it's our first time doing it.

Nico: And it'll be in two teams: you and your harem and Lincoln and his harem. This is going to be good.

Missy: And don't worry, our mascots are keeping watch, so that Sergio, Sancho, and the party birds don't crash it and turn it into a pool party. If I see those party animals, they're getting the boot.

Nico: You said it, but they need to watch out for Sergio, he'll pull whatever trick to try and wreck the synchronized swimming, and turn it into a wild pool party for him, Sancho, and their party pals. I still remember what Ronnie Anne told us: if Sergio tries one more stunt like that, no more throwing or going to any more wild parties ever again.

We proceeded with the synchronized swimming, as Lincoln and his harem were up first, and they all dived into the pool. Then, they got into position for one of the many synchronized swimming moves, The Water Wheel. Plus, there was an added surprise to this one, the swim suits of Lincoln's harem all started to glow, and they put on a spectacular show of colors and light, and it was amazing. But, this show was also getting started, as they form into a projector, and the film showed our victory against Team Dark Phoenix Storm, Xehanort and the True Organization XIII, and so many more of our adventures from from over the last five years.

Lori: Wow, that was literally beautiful.

Leni: You said it, Lori. Plus, Lincoln and his harem also showed our victories over Team Dark Phoenix Storm, Xehanort and the True Organization XIII, and many more from over the last five years.

Nico: Ooh, the Water Wheel, one of the many moves in synchronized swimming, but adding a touch of color with the glowing swim suits from Lincoln's harem, and showing our victory against Team Dark Phoenix Storm, Xehanort and the True Organization XIII, and so many more from over the last five years. That was so beautiful.

We saw the scores from the judges, and they were all 10s.

Lincoln and his harem got out of the pool, now it was me and my harem's turn, and I've got a few surprises up my sleeve for our turn.

Me and my harem jumped right in, and we proceeded to form into a Ten-Sided Star, and we also had our little surprise in store for the judges. With a single thought, I made some water dragons that had shot up into the air, and they swam around in the air, and then, the rest of us saw them shimmering with beautiful colors.

Nico: Wow, a Ten-Sided Star with water dragons flying in the air, and are shimmering with beautiful colors, that was awesome.

Just like with Lincoln and his harem, we got all 10s from the judges.

While we were continuing on with our synchronized swimming, the mascots were keeping watch over the Estate, and more importantly, keeping an eye out for Sergio, Sancho, and the rest of those party birds. Suddenly, they saw something heading this way: it was Sergio, Sancho, and the party birds, and they were heading for the Estate. The mascots came running to the pool, and to us.

Poromon: Guys, we've got trouble heading our way. Sergio, Sancho, and their party pals are heading to the Estate, they think we're throwing a wild party, because of the colorful displays. They're going to crash our synchronized swimming competition.

Lincoln: Not to worry, Poromon. Like I said, I am The Man With A Plan.

Suddenly, we heard the sounds of cages dropping, and snapping shut with a loud clang. We'd headed outside, and we'd seen what the cages had caught: Sergio, Sancho, and the party birds.

Sergio: Rrawk, let us out. We saw the lights, and we want to have a pool party!

Me: Sergio, we weren't throwing a party, we were doing a synchronized swimming competition.

Lincoln: Yeah. Wait a second, how did you know about it? (Gasps) Were you spying on us?

We got Sergio, Sancho, and the party birds out of their cages. But, Sergio found out he's now in deep trouble, as soon as Lincoln found a spy pigeon, and we'd put him in a cage, and we glared at Sergio, Sancho, and the party birds, and they were in deep trouble now.

Sergio: (Nervously) Rrawk, would you look at the time?

Sergio, Sancho, and the party birds tried to fly out of here, until Sergio and Sancho went flying into a wall, and they fell to the floor.

Sergio: Ow.

We continued on with our synchronized swimming competition, but we had Sergio, Sancho, and their party bird pals chained to perches, so they couldn't escape. At the end of the competition, me and my harem and Lincoln and his harem were tied in the scores. It was a lot of fun participating in a sport in the Olympics, and in the process, we foiled Sergio, Sancho, and the party birds from crashing our big synchronized swimming competition and trying to turn it into a wild, out-of-control pool party. Sergio didn't get punished this time, but as it stands, that troublemaking, sassy parrot is already on thin ice if he tries a dumb stunt like that one more time.

Later at Sweet Apple Acres, Popeye was there to get some eggs.

Popeye: You just need some vitaminsk.

He pulled out some spinach and gave some to the chickens and then.

BOOM BOOM BOOM BOOM BOOM BOOM KABOOM!

The chickens shook all over and then billions and billions of eggs were laid by them and they clucked happily!

Popeye: That is egg-ceptional! (Laughs)

He brought the eggs over.

Freon: Remind me again we have all of these pancake ingredients and eggs?!

Me: It's for our special charity all you can eat pancake and omelette breakfast. We're going to cook a record-setting amount of pancakes and omelettes for the homeless.

Permafrost: It's in honor of my mom.

Nico: This is perfect.

Nora: I can't wait to eat all these pancakes.

Me: We'll eat some of them Nora. Lets get to cooking!

We got to cooking. And it wasn't just eggs and pancakes we were cooking. We were also having steaks too courtesy of the cows that the Ripping Friends know from when we took down the Ovulator. We made tons and tons of food!

Ink Rose: I feel sorry for the poor fool who eats all of these.

Me: You mean them?

We saw Shaggy, Nora, Scooby, Eustace and Nico were eating pancakes, steaks and eggs all over and the homeless people were chanting.

Homeless: EAT EAT EAT EAT EAT EAT EAT EAT EAT EAT!

We laughed.

Nico: (EATS) SO DELICIOUS!

Nora: (EATS) SO YUMMY!

Brawl: Take it easy, boss! You'll get fat!

Nico: No I won't!

French Narrator: (French Accent) 3 Hours Later.

Shaggy, Nora, Scooby, Eustace and Nico were stuffed and bloated.

Shaggy: Like that was so amazing.

Scooby: Reah. I'm stuffed.

Me: I would say so. That was enough food to feed 1,000 people.

Nico: I'm full.

Nora: BBBBBBBBBUUUUUUUUUUUUUUUUUUUUUUUUUUUUUURRRRRRR

We were amazed that Nora belched that loudly and powerfully.

Timon: Whoa nice one Nora.

Nora: Thanks. Man I am stuffed.

Nico: Me too. I ate like a pig!

May: Honey you are a pig.

Nico: Oh. Right.

We laughed.

Prowl: I hope you guys are proud of yourselves.

Me: Oh we are Prowl. We raised enough money to give the homeless new homes and new places to live and help them out 100 times over.

Nico: Boy no kidding.

Laney: This was a huge success.

Lincoln: How many pancakes and omelettes did we make?

Lisa Loud: Based on the amount of eggs, beef, flour, ingredients and the number of people that attended, we made 743,235,293.235

pounds of pancakes, steaks, omelettes and scrambled egg meals.

Po Kong: And it was all delicious.

Nora: Glad you liked it too Po Kong.

Me: And we made more than enough money to give the people that lost their homes new lives again.

Laney: We sure did.

We cheered.

---

Later we were getting ready for our next mission.

Khybon: F.Y.I., J.D.? It's your turn to lead today.

Me: Yep. I know and it's gonna be a good day. So far things have been very quiet.

Laney: Yeah maybe now we'll get some rest after fighting all these monsters.

Nico: Maybe. But we'll see.

Then Seadramon, MetalSeadramon, Harpymon, Stonedozer, Bizarro, Pete, Electrocutioner, Beautiful Gorgeous, Saix and Skulker appeared.

Skulker: Can me, Seadramon, MetalSeadramon, Harpymon, Stonedozer, Bizarro, Pete, Electrocutioner, Beautiful Gorgeous, and Saix go with you guys?

Me: You all sure can. We're going to a weapons shop to so we can stock up just in case.

Eli: Okay then.

We were off.

Narrator: The city of Gotham Royal York…

(Pull back to reveal the picture as part of the front page of the Gotham Royal York Tribune, with the banner headline "THE CITY OF GOTHAM ROYAL YORK WINS TEAMWORK AWARD.")

Narrator:… wins teamwork award!

(Pull back again to show the paper in the hands of a man, who crumples it up and tosses it over his shoulder. A woman on a nearby bench moves a trash can to catch the paper, without looking up from her own reading, then sets it back in place. Next, a garbageman picks up the can and empties it into his dump truck. He drives off, revealing a man being held up by a masked robber. Close-up of these two; the robber is pointing a banana at the man, who points this fact out. They have a good laugh, after which the robber pulls a gun on the man. Pan over to an intersection, where a Boy Scout is helping an old woman cross a busy street. When they reach the other side, she collapses to the ground. Two paramedics run up with a stretcher, put her on it, and load her into an ambulance. They zoom off into the countryside; in the distance, we can see the frame of a house being put up. Close-up of this work, where a group of men-apparently Amish-are raising one of the walls. The man on top pounds some nails into place then stops to wipe his forehead and take a cold drink. As he relaxes, the camera turns upward until it is pointing at the sun, then zooms in. Pull back to the sound of seagulls calling to one another. When the camera turns down again, it is pointing along the dock and over the water. After a few moments of quiet, a small patch begins to churn and bubble. Side view of the dock; something very large and loud is emerging. There is a quick shot of the dock from above, and we can see a swath of scaly hide. The camera returns to ground level and pulls back slightly to show what might be two thick legs and a tail covered with spikes. We hear a screeching roar throughout the emanation. Cut to the woman on the bench, still reading. )

CRASH!

(A sudden tremor shakes the book out of her hands and into the trash can. The man who threw the newspaper away comes into view, looking worried. The trash can is picked up by the same garbageman and emptied into the dump truck.)

CRASH!

(But a second tremor causes him to drop it in along with the trash. The robber is still pointing his gun at his intended victim.)

CRASH!

(Only to lose hold of it when a third tremor strikes. The man grabs it and points it at the robber, who puts his hands up. Cut to the Boy Scout and the old woman, who is now on the ground again.)

CRASH!

(When a fourth tremor occurs, he shrugs his shoulders in resignation-no paramedics this time.)

CRASH!

(In the countryside, a fifth tremor causes the house frame to collapse as the workmen look on, stunned.)

At the weapons shop we were looking around.

Sea Clamp: Look at all these weapons!

Me: So many of them.

Eli: Yeah there sure are a lot of them.

We saw grenade launchers, plasma blasters, lasers and more.

Laney: What are we gonna do with them all?

Me: We'll have to decide on that later.

We bought out their entire inventory.

But then…

CRASH!

We felt a massive tremor.

Me: What was that!?

Nico: No idea!

Owner: Why do you guys need to buy all these weapons?

Saix: We live in a city where giant monsters tend to go on a rampage. It's obvious why we need to buy from here.

Owner: Good point.

Me: What do you think caused that huge tremor?

Nico: No idea.

CRASH!

15 minutes earlier:

(Cut to the exterior of Gotham Royal York City Hall, zooming in, then dissolve to an extreme close-up of a finger running around the rim of a partially filled goblet. We hear a high-pitched humming, and the finger moves to play notes from two other glasses. In an overhead shot, we see several such glasses and two hands moving among them to play music. Finally, in a shot from behind, the performer is revealed to be the Mayor, sitting on a stool in his office so he can reach the table. Close-up of him, still playing. The note from one glass causes him to stop, surprised. He drinks a little bit from it and tries again, then repeats the procedure. Now he has it right, and he raises the glass.)

Mayor: Mmmm! Apple juice!

(He sets it down and prepares to start again, but a tremor shakes all the glasses on the table. Extreme close-up of one glass, in which a drop jumps up and falls back to cause ripples, then of the Mayor's monocle. Cut to the exterior of Gotham Royal York City Hall, which is crushed when a huge foot stomps on it. We hear people screaming and sirens blaring as its owner roars.)

(Close-up of the hotline as it begins buzzing, then pull back to reveal the kindergarten classroom. Bunny, Bubbles and Blossom are sitting at a table in the foreground, drawing. The left side of the table is o.c.)

Blossom: Buttercup! Hotline!

(Quick pan to the left side; now we see Buttercup and Bubbles. The former is also drawing.)

Buttercup: I'm not getting it. You get it.

(Shift back and forth between the two girls with each successive line. Bubbles' eyes follow.)

Blossom: I'm busy drawing up new tactical maneuvers.

Buttercup: Well, I'm busy drawing the carnage from my last battle.

Blossom: Nobody cares to see your gore. Now answer it!

Buttercup: Well, your plans stink. You answer it!

(Close-up of Bubbles, who now begins turning her head to follow the argument as if watching a tennis match.)

Blossom: (from o.c.) You're just a big bully!

Buttercup: (from o.c.) And you're Little Miss Bossy Boots!

Bunny: Uch there they go again.

Blossom: (from o.c.) Oh, yeah?

Buttercup: (from o.c.): Yeah!

Blossom: (from o.c.) Oh, yeah?

Buttercup: (from o.c.) Yeah!

(At the end of this exchange, Bubbles flies out of her seat and over to the hotline to answer it. Camera shift: now she is in the foreground and her sisters are at the back.)

Blossom: Oh, yeah?

Buttercup: Yeah!

Bubbles: Hello, Powerpuff Girls hotline.

(Through the phone we hear a loud roar, and Bubbles has to hold the receiver at arm's length.)

Bunny: Monster attack!

(Close-up of Blossom, her face brightening.)

Blossom: Ah! Opportunity to put my plans into action! (She takes off. Cut to Buttercup.)

Buttercup: No way! It's booty-kicking time! (She takes off as well.)

(Cut back to Bubbles, still holding the receiver and looking up o.c. after her departing sisters. Bunny follows. Bubbles drops her head sadly, hangs up, and takes off after them; a quick flash of the school exterior as she leaves. Cut to Blossom and Buttercup in flight; Bubbles catches up to them after a moment. Suddenly she stops short, and the other two do likewise. She shrieks.)

Bubbles: Birds!

Bunny: Look out!

Blossom: What?

(They are momentarily engulfed by a large flock of screeching birds and cry out themselves. Bubbles looks after them as they fly away, while Blossom and Buttercup are still ducking and covering.)

Blossom: Everyone okay?

Bunny: Yeah!

Bubbles: They're scared!

Buttercup: They're scared of the monster. Well, I'm not scared of any monster. Are you? (Bubbles shakes her head.)

Blossom: Well, then, come on! Let's go!

(Cut to a "driver's seat" view of the road unwinding toward the camera; after a moment, the girls pull into view and zoom ahead. Next, they are seen from above, surveying the scene as they approach. From the ground, we see a section of highway at rush hour and hear car horns honking. The camera turns up to an electronic message sign that reads "MONSTER ATTACK," and changes to "EXPECT DELAYS" as the girls fly over it. They continue across Townsville, passing a group of helicopters hovering around a burning building, and they finally land facing the camera-first Blossom, then Buttercup, then Bunny, and finally Bubbles. They look up o.c., and Bubbles shrieks again.)

Bubbles: People!

(A mob stampedes past them as they throw up their arms to protect themselves. After the dust clears, we arrive.)

Me: Looks like we're not the only ones that heard something.

(The ground shakes. The girls and all of us look up o.c. again in surprise, and the camera moves behind us as we hear the same roar that Bubbles heard over the hotline. Pull back slowly to reveal a truly colossal lizard creature with spikes all over its head and running down its back. It roars again. Extreme close-up of the monster's foot as it is lifted up, leaving a depression in the sidewalk and revealing the girls and all of us standing at a distance and looking up o.c. Zoom in on us.)

Girls: (softly, in awe) Whoa…

Me: That is one TREMENDOUS MONSTER!

Coconuts: It doesn't see us yet. Before it does, let's use our entrance on it.

Me: Right. Lets go!

We flew at the monster and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blew the huge monster back and a phoenix cry was heard and then the spirits of Digimon and 2nd-In-Command villains appeared and swirled around the explosion and then they converged and we came out and I was now the size of the monster and we teleported to another planet to avoid damaging the city.

Beautiful Gorgeous: Where are we now?

Eli: It's Glaren. J.D. chose this planet again to avoid having people get hurt.

Nico: Smart thinking.

Me: Now it's time to give this monster and big time butt-kicking!

Laney: Lets get him!

Crash Man: Is this another Godzilla monster?!

Adult Blossom: Nope. This is a monster we faced before.

She told us all about him.

The Giant Orange Dinosaur is a one-time villain from the Cartoon Network original series, The Powerpuff Girls, only appearing as the main antagonist in the episode, "Three Girls and a Monster".

He was voiced by Kevin Michael Richardson.

Biography

In "Three Girls and a Monster", a happy, peaceful day of teamwork and togetherness in Townsville, was interrupted, by a Giant Orange Dinosaur emerging from the sea, walking up on shore, and destroying everything in sight. The Mayor called The Powerpuff Girls to save the day. At the time, Blossom and Buttercup were arguing, and Bubbles was staying out of the fight. She was the one to answer the phone, while her sister fought. As soon as she answered the phone, the horrendous screen of the dinosaur is all that was heard.

The Powerpuff Girls arrived on the scene, to find The Giant Orange Dinosaur, wrecking buildings, crushing cars, and sending herds of people and animals, running and screaming for their lives. The Powerpuff Girls were astonished by the massive size of The Giant Orange Dinosaur, seeing how towering he was, over all the building of Townsville.

Blossom was the first to attack the monster. She had a method, of attacking the monster in a sequential, organized manner, but before she could even land her first attack on him, The Giant Orange Dinosaur saw her and smacked her out of the sky, sending her plummeting into the ground, where she smashed a hole through the pavement of the road. Bubbles and Buttercup soon followed.

Blossom brought out another plan on defeating the monster, but Buttercup told her that instead of attacking him in fancy patterns, they should just dive head first, right into battle, and beat him senseless. Buttercup did just that, beating the Giant Orange Dinosaur silly, landing a punch and a kick every single second, with no rhythm for rhyme. Absolutely nothing she did had any affect on him, and The Giant Orange Dinosaur eventually knocked Buttercup out cold again, not sustaining a single bit of damage from Buttercup's attack. Blossom scoffed at Buttercup for her incompetence, telling her that her was way even worse than her's.

Blossom tried using another well-thought-out method of destroying the Giant Orange Dinosaur, this time, using Bubbles to help her. Blossom and Bubbles span around like a tornado, but again, the Giant Orange Dinosaur crushed them with his hands, before they could even start attacking him. Buttercup laughed at and teased Blossom for her failure and then took Bubbles with her, for another attack.

Buttercup brought Bubbles with her for another mindless attack at the Giant Orange Dinosaur. Just like before, not a single scratch or bruise happened to the Giant Orange Dinosaur, and all it needed to do to stop them was give them one quick smack with his hand, sending them back down to the ground again.

Blossom and Buttercup went up to the Giant Orange Dinosaur at the same time, both attacking him in their own way. Neither of which had any effect, and Bubbles counted down the numbers, before the Giant Orange Dinosaur, smacked them out of flight again.

Blossom and Buttercup continued to bicker over which way to defeat the Giant Orange Dinosaur, neither of them learning from their mistakes, or even considering ways to change their methods. Bubbles eventually got fed up with their fighting and their team's lack of productivity and screamed at both of them to shut up. Bubbles flew up to the Giant Orange Dinosaur, herself. She got right up in his face and politely asked him to please stop destroying their town and leave. The Giant Orange Dinosaur stood there, silently for a few seconds, before turning around and leaving, back to the ocean again, having done exactly what Bubbles asked. Bubbles went back down to Blossom and Buttercup and gave them a well deserved scream, telling them that what she did, was the proper way of defeating the Giant Orange Dinosaur.

When she was done we were floored!

Nico: Whoa! This monster is huge!

Lana: No kidding!

Seadramon: ICE BLAST!

He fired a blast of ice from his mouth.

Nico: Take this you monster! NUOVA STAR!

The 4-Star Dragonball glowed on Nico's bracelet and he threw a huge ball of fire and it hit the monster and exploded in a massive pillar of fire.

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Eli: Lets show this monster TRUE Kaiju Power!

Carol: Yeah!

Kickback: Good thing we bought those weapons, huh?

Nico: It sure is! FIRE!

Everyone fired plasma missiles and energy blasts and they hit the monster and exploded all over!

KRABBBBBBBBBOOOOOOOOOOOOOOOMMMMM!
KRABBBBBBBBBOOOOOOOOOOOOMMMMMMMMM!
KRABBBBBBOOOOOOOOOOOOMMMMMMM!
KRABBBBBBBOOOOOOOOOMMMMMM!

Carol fired a powerful blast of Godzilla's Orange Atomic Ray and it hit the monster and exploded!

KRABBBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOO

MetalSeadramon: (Echoing) RIVER OF POWER!

MetalSeadramon fired a massive energy stream at the Monster and it hit him and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Harpymon: (Echoing) WIND SEEKER!

Harpymon fired a blade of energy and it hit the monster's arm and slashed it clean off and the monster roared in excruciating pain.

Sideways: (to Blossom and Buttercup) What the Fuck you are you two doing?!

Buttercup: (Ignoring him) Are you out of your mind?! You know darn well it takes good old-fashioned butt-whooping!

(Cut to just behind Bubbles' head as she too slides in on her face to stop in front of her sisters.)

Blossom: That kind of brutality doesn't work. It never works!

Buttercup: Oh, yeah? Says who?

Blossom: Says me! (Close-up of her; she produces a set of diagrams.) Just look at these plans. They're foolproof!

(On the end of this line, pan from her to Bubbles, who has just peeled herself up and looks somewhat worse for wear, and over to Buttercup.)

Buttercup: You're the fool! (She flexes her arms.) Look at these muscles. This is what fighting is all about!

(She kisses her hand loudly. Cut back to Blossom, still holding her diagrams.)

Blossom: Brains! (Back to Buttercup.

Buttercup: Brawn!

(Pull back to show the two arguing, Bubbles and Bunyn sitting between them and looking very worried.)

Blossom: Brains!

Buttercup: Brawn!

Blossom: Brains!

Buttercup: Brawn!

Blossom: It's the brains and I'll prove it to you! (She takes off.)

Buttercup: (calling after her) Oh, no, you don't! You're not stealing all the glory! (She takes off.)

(Bubbles and Bunny are left sitting by themselves. Cut to a side view of the monster, looking very bored and annoyed by what it's dealing with. Blossom flies all around it in various patterns, while Buttercup pounds it from various angles. After several seconds of this, pull back to show Bubbles watching from the ground. She turns around sadly.)

Bubbles: (sighing) Three… two… one… (Zoom in on her as she counts.)

CRASH! CRASH!

(Two crashes shake the camera. Pull back to show a pair of smoking craters in the ground, with Bubbles and Bunny standing between them. Blossom and Buttercup climb partway out and moaning woozily. After a moment, they become alert and very angry.)

Blossom, Buttercup: (pointing at each other) YOU-!

(Zoom in slowly on Bubbles and Bunny as they argue. They both still looked very worried. The camera movement gradually puts the others out of view.)

Blossom: This is all your fault!

Buttercup: My fault!?

Blossom: If you would have just stayed out of the way, my plan could have worked!

Buttercup: You were in my way!

Blossom: Your way won't work!

Buttercup: Baloney! It's your way that won't work!

Blossom: Well, if mine won't work, then neither will yours!

Buttercup: Well, yours certainly won't!

Blossom: Yours won't!

Buttercup: Yours won't!

Eli then grabbed Blossom and Buttercup.

Eli: Excuse me girls but I must discipline the nannygoats!

BLAM!

Eli bashed their heads together!

Stonedozer: We're in the middle of a fight here!

Maria: Try ignoring us now.

Me: I swear you two act like a couple of fucking two-years-olds every time there's a major monster battle.

Nico: Yeah! Stop fighting with yourselves over which is better and help us.

Jindrax: Everything was going well until you two started arguing!

Adult Blossom: I can't believe we were like that.

Nico: Well you know how kids are.

Lola: Yeah me and Lana fought al the time like that.

Nico: Guys lets focus!

Me: What in the world are they fighting about?

Eli: Brains over Brawn.

Me: One of the oldest battles thats been around ever since the Beginning of Time.

Pete: Now, let's not be too hard on them. I mostly prefer brawn myself.

Nico: Combination of both for me.

Eli: Same here.

Bastion: I had to learn the hard way that you need a healthy combination of brain and brawn.

Itasis: Really?

Skunk: It's a long story.

Nico: Yeah.

Laney: We'll tell you all about it later.

Bizarro: Give monster big hug!

Bizarro punched the monster and smashed it down.

We fired waves of energy and smashed the monster all over.

Veon: (to Buttercup and Blossom) So, you two still want to argue? Because Eli can't bang your heads together twice in the same day.

They gulped and decided to put aside their pride and help out.

Nico: Good choice.

Electrocutioner: (to the monster) Sorry to keep you waiting!

He fired lightning at the monster and electrocuted it!

Me: Keep going guys! We got the monster almost beat!

Girl Jordan and Oceanus Shenron fired blasts of powerful water and smashed the monster down.

Troy: Let's kick things up a notch!

Megaforce Rangers: LEGENDARY RANGER MODE! NOVA FLASHTEAM!

The Megaforce Rangers turned into the Flashman Rangers!

Eli fired a massive Force Lightning Blast and electrocuted the monster all over.

Tania: Time to summon the big guns!

She summoned her Amazoness Monsters!

Laney and Tania and the Amazoness monsters fired energy and elemental blasts and the blasts all hit the monster and smashed it down.

They summoned all the birds to attack the monster and the monster was smashed down in a massive and powerful explosion!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Then we heard a voice.

?: You will all pay for what you did to Yggdrasill!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large colored orbs orbiting around the legs of Lincoln's sisters, the eight large orange orbs orbiting around Duke Lincoln's legs, and the eight large purple orbs orbiting around Menat's legs were glowing, and that means big trouble was coming.

Lloyd Irving: Oh crap, I was hoping never to hear that voice again. You can come out now, Kvar.

A figure came out of the shadows, and it was none other than one of Mithos Yggdrasill's followers, Kvar, and the man responsible for the death of Lloyd Irving's mother.

Me: So, this guy is one of Yggdrasill's followers, huh? Lloyd, what can you tell us about Kvar? You know a lot more about this guy.

Lloyd Irving: You won't like what I'm going to tell you about this guy, J.D.

Lloyd Irving proceeded to tell us about Kvar, and as predicted, we won't like what we're going to hear about him.

---

Kvar

Kvar the Fury Tempest or simply known as Kvar, was a villain that appeared in Tales of Symphonia. He was the man in charge of the Asgard Human Ranch. His voice was done by Shigeru Ushiyama in Japanese and English Dubbed by Chris Edgerly.

History

More than 17 years ago before the story, Kvar developed the Angelus Project, which was to find a host thatcould produce a cruxis crystal within the body. Anna became one of the hosts and was one of the few to have actually survived. When she was rescued by

Kratos, Kvar hunted for hosts around the world. Eventually, he and the humans met at the Iselia Human Ranch and removed Anna's exsphere, but without a Key Crest, her mana went out of control and she attacked Kratos and her son, Lloyd Irving. Although Kratos got the exsphere away from Kvar, he had no choice but to mortally wound Anna due to her being out-of-control. Kvar took it as an opportunity and sent the family down a cliff.

14 years later at the present, Kvar was informed that many escaped prisioners were hiding in Luin. He orders an attack where many would be killed and any survivors would be taken to the Human Ranch. There, renegades (including Botta) invaded and Kvar went after them. Lloyd eventually finds out that Kvar was responsible for his mothers mutation (and that his father needed to kill her) after knowing how the exsphere he used once belonged to her. At some point, Kvar realized that some of the data was stolen and suspected Pronyma seeking revenge due to her jealously of him about to get promoted with the Angelus Project Exsphere. Kvar was left to fight the party after hearing that Pronyma knew about the Mana Cannon. After the battle, Raine Sage self-destructed the place and that Kvar attempted to get the exsphere from Lloyd, but he attacked Colette instead. Kvar was stabbed four times in total by Lloyd and Kratos and died in the end.

---

After Lloyd Irving was finished, we were completely horrified and enraged at Kvar's evil, heartless and sadistic actions.

Lloyd Irving: And there's also something else, guys, Kvar is also the one who murdered my mother 17 years ago.

We gasped, and our eyes turned red with anger.

But, that's the straw that broke the camel's back, as we suddenly felt something in Ace Bunny's mind snap and we saw his blue eyes turn neon blue, and he had a yellow energy aura with yellow flames and stars surrounding him, and he'd unholstered his massive Sword of Tu'er Ye sword from his back, and as he approached Kyar, he'd left behind yellow energy, yellow flames, and stars with every step.

Ace Bunny: (Growling Angrily) Kyar, you heartless, sadistic, cold-hearted bastard! It was bad enough that you sided with that fallen angel Yggdrasill, but to find out that 17 years ago that you murdered Lloyd Irving's mother to get the Exsphere, and you didn't care about the blood you spilled! You will pay for what you did with your life, and I will send your soul straight to Oblivion for this, you bastard!

Ace Bunny screamed like a madman, as he was surrounded by a massive vortex of yellow energy with stars and yellow fire around the yellow vortex, there was a rabbit hopping around the vortex, and in the vortex was a blue phoenix. We'd felt his power and energy rising like crazy, and he was getting stronger and stronger and stronger still. Then, as the vortex faded, Ace Bunny emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Ace Bunny grew to 6'11" in height, he now had large and powerful upper and lower body muscles and eight-pack abs, as shown by his suit's top, which turned into a black tank top with yellow phoenix on it, his long-sleeved black trench coat and black pants from when he transformed into his Super Angel 10,000,000,000 have gotten bigger and longer, he now has on a necklace with a rabbit holding the Star Kanji in its paws for the pendant, his black combat boots with a tinge of yellow turned into black leather ankle-high combat boots with a tinge of yellow, his yellow rabbit emblazoned on his forehead is now holding the Star Kanji in its paws, the massive, wide, double-edged blade of his Sword of Tu'er Ye grew to 6'5" in length and the long black handle grew longer, and his black angel wings with yellow tips on the feathers grew larger for his new body. He also had on a Blue Lantern Ring on his left ring finger, and he has on his new Bracelets of the Champions of The Universe with yellow gems on his wrists, his new Belt of Elemental Bravery with large yellow gem for the belt buckle on his waist, and his Eater of Sins revolver holstered on his left hip. Ace Bunny's transformed into SUPER ANGEL 750,000,000,000 CELESTIAL YELLOW INFERNOSTORM RABBIT ANGEL OF HOPE!

We were amazed by Ace Bunny's transformation, and when Lexi saw what happened to him, she was already blushing like mad.

Me: Holy crud!

Nico: You said it, man, Ace has now ascended to his new Super Angel 750,000,000,000 form, and it's going to be lights out for that bastard, Kyar, once and for all.

Ace Bunny: (Divine Echoing Stellar Voice of Hope) **That's right, Nico. And now, it's time for you to die, murderer!**

Ace Bunny went after Kyar, who fired a blast of lightning from his scepter, but Ace Bunny dodged it, and he fired powerful blasts of yellow fire, yellow energy blasts, stars, and optic laser blasts, which hits Kyar, and exploded with incredible power. Then, Ace Bunny fired a blast of red energy, which hits Kyar, and sucked out all of his lightning powers, and he, along with the rest of us, had made them our own. Then, Ace Bunny slashed off Kyar's arms with his newly improved Sword of Tu'er Ye, and he screamed in excruciating pain.

Ace Bunny: **This is the end, Kyar. I hope your miserable soul is ready for an eternity of agonizing torment in The Further. DARK STYLE NINJA ART: EARTHBOUND IMMORTAL CUSILLU!**

Ace Bunny fired a massive wave of darkness and yellow energy, which transformed into The Monkey Earthbound Immortal Cusillu, and it fired a blast of purple energy, which ripped Kyar's soul from his body and devoured it, and it wound up in The Further forever, and his body was reduced to ashes, as a result.

Ace Bunny: **Reap what you have sown, bastard.**

Ace Bunny holstered his massive Sword of Tu'er Ye on his back and powered down, but his new body, clothes, weapons, and jewelry were permanent, and we cheered wildly for what Ace Bunny did, and even Lexi Bunny hugged Ace Bunny, and they shared a kiss as we looked on.

Tech E Coyote: (Laughs) It's about time those two got together.

Nico: Given their ancestors' history, it was a matter of time. Plus, I'm sure Devack saw what Ace just did to Kyar, and he's already impressed. If you and the others do something like that, the other

Dark Signers are going to be just as impressed, Tech.

Tech: You got that right.

?: HELP!

Lincoln and Nicole went up to a mountain and they saw eight girls sighted there, and when Lincoln saw them, he immediately recognized them. The eight girls were Ester from Ben 10 Omniverse, Mina Mongoose, Shade the Echidna, Belle the Tinkerer, Lanolin, Marine the Raccoon, Honey the Cat and Princess Undina from both IDW and Archie

Lincoln: Oh wow, it's Ester, Mina Mongoose, Shade the Echidna, Belle the Tinkerer, Lanolin, Marine the Raccoon, Honey the Cat and Princess Undina.

Nicole: From Ben 10 Omniverse and Both the IDW and Archie Sonic Comics, awesome.

Lincoln: Are you girls okay?

Ester: Yeah, we're okay, thanks to you.

Then, when Ester and the other seven girls saw who it was that saved them from Lucky the Rabbit and his gang, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, deep sapphire blue thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen

Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Ester: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made seven clones of himself, and he and the seven clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Harpymon: Now for the finishing blow!

Bubbles: Wait! Let me handle this.

Tentacool: What do you have in mind?

Me: I guess we'll find out.

[Without another word, she flies up and we were back in the city. The camera follows her flight, which stops at the level of the monster's head, then shifts to behind her. The monster roars at top volume, but Bubbles does not move. Cut to a close-up of her as she addresses it, acting like a nervous little kid would in front of a grown-up-fidgeting, stammering, scuffing her toes against the "ground"-and being as polite as she can.)

Bubbles: Um… excuse me, Mr. Monster? Um, I was wondering if you would, uh, be so kind as to stop destroying Townsville. We like our town very, very much, and I would appreciate it if you would just… leave. Pretty please with sugar lumps on top?

Side view of the monster's head, with Bubbles still holding her ground. It looks as though the monster has a slight grin on its face, impressed by Bubbles' nice, polite, little request to leave peacefully. Long pause. Pull back. Another long pause. Finally, the monster turns around and stomps o.c. Cut to behind Bubbles as it goes back into the water; after it has submerged, close-up of her.)

Bubbles: (calling after it) Thank you! (She giggles.)

(Now she does a happy backflip and flies down to her sisters, who have been watching the whole proceeding in a state of total shock.)

Our jaws fell to the ground.

CLANG!

We pulled up our jaws and Blossom and Buttercup's mouths are agape.

May: Close your mouths, you two. You'll catch flies.

Bubbles: (satisfied) There. (yelling) THAT'S HOW YOU GET RID OF A MONSTER, YOU BIG, FAT, DOO-DOO HEADED NINNIES!

Me: That was really well done Bubbles!

Nico: Yeah! Way to go!

Bunny: Awesome job sis.

Adult Bubbles: Just like how I did it the first time.

Me: Well this calls for a celebration. Lets head to Lynn's Table.

Nico: You read my mind.

Moe: (To Blossom and Buttercup) You girls better learn something from this. Because if you nitwits don't I'll tear your tonsils out!

We laughed.

Me: You said that a lot back during some of your best episodes made during the Great Depression and the War.

Moe: That is true. Feel like a long time ago.

Me: Its been over 75 years.

We got the city repaired and went to Lynn's Table and had a great meal. Then The Rowdyruff Boys, Whiplash, Dayu, Hank Scorpio, Condiment King, Kangor, Crimson Dynamo, Raven Branwen, 2016 Morbucks and Robo-Roxy then appeared.

Me: The Rowdyruff Boys, Whiplash, Dayu, Hank Scorpio, Condiment King, Kangor, Crimson Dynamo, Raven Branwen, 2016 Morbucks and Robo-Roxy.

Brick: Just another day in Gotham Royal York, huh?

William: Don't you know it?

Me: You got that right.

Whiplash: Sorry you guys couldn't deal the finishing blow.

Maria: It's fine. As long as it leaves Gotham Royal York alone.

Me: Yep.

Dayu: We'll need to keep an eye on it. It shows a lot of promise.

Hank Scorpio: (to Me) You did the right thing reuniting Molly with her family.

Me: Thanks. She was lost in the Sierra Nevada Mountains after chasing birds. Thank goodness we were in the area.

Condiment King: Think you'll ever see her again?

Me: We might.

?: I hope so.

A figure came out and it was SAMURHIVE from a flashback in Episode 4 of Time Force!

Wes: Samurhive!

Samurhive: Been a while rangers.

Me: I remember you! You were only introduced in a flashback. But the rangers didn't get to fight you in an episode.

Samurhive: That's right J.D. Good memory.

Me: Never missed an episode.

May: It's a real shame that you didn't get to have an episode.

Me: Yeah what a ripoff!

Samurhive: I know! I would've taught the Rangers the importance of using a sword!

Nico: That would have been cool.

Eli: It sure would.

Me: But it looks like you're gonna get your shot.

Po Kong: He sure is. I know it's not my turn but I want to have my fun too.

Me: Okay.

Gusty: The group met a Golden Retriever named Shadow, a Himalayan Cat named Sassy and an American Bulldog named Chance. They were trying to cut through the Sierra Nevada Mountain Range to get back home to San Francisco.

Sunburn: Yeah and Chance had a bunch of porcupine quills in his

face.

Butch: Ouch! That must have hurt!

Fire Lori: Yeah it did but thankfully Fluttershy was able to heal him up and make him better.

Boomer: Geez!

Lynn: I know how much pain Chance must've been in. Because I got hit in the leg by a porcupine myself. I mistook it for a squirrel and then I got hit in the leg by its tail and quills got stabbed into my leg.

Lynn pulled down her sock and showed that she had nasty scars on her ankle from where porcupine quills were removed from her. OUCH!

Butch: GEEZ! That must've hurt!

Lynn: It did. It felt like I was being stabbed all over by a bunch of rabies shot needles.

Part 10 done.

This chapter was for the awesome Powerpuff Girls episode Three Girls And A Monster and that was the biggest monster that was introduced in the show. The episode aired on October 6th, 2000 and it was awesome. The first part was for Homeward Bound: The Incredible Journey and that was one of my favorite childhood movies. The 2nd part was for the 2009 movie Whiteout. Never saw that one but it was intense. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Etstheclarencefan, Nflemingful, braedencarnes22 and ninjakingofhearts all gave me the ideas for this as well as the Guest Reviewer too. Thanks guys. Next up for my rescue is where me, Eli, Allie, Missy, Maria and Bonnie Terrez the Dragonair Gene-Slammer journey through the episode of Courage the Cowardly Dog called SERPENT OF EVIL RIVER! We're going to not only meet Carmen the Opera Singing Sea Serpent but also meet Kiyome the Sea Slime and a Greninja Gene-Slammer named Lillian Rodriguez and here's the shocking part, Lillian is also one of Nico's best friends that was in his school. The 2nd part will be for the Powerpuff Girls

Episode TOUGH LOVE and we're going to kill Him in that one and Mallow is going to transform in that one as well. Speaking of Him as you have seen in the usual battles, tomorrow we're going to an alternate version of Earth that takes place 100 years into the future and we're going to battle Him on THAT world too. It's for the Powerpuff Girls episode Speed Demon, one of the darkest episodes of the show and we're going to help kill Him there. Get ready for one helluva dark episode in that one.

See you all tomorrow.

# The Dark Armageddon of HIM

Flying over the plains of Nowhere, me, Allie, Missy, Maria, Eli and Bonnie Terrez the Dragonair Gene-Slammer were flying and we saw a river.

Bonnie Terez: Another adventure in Nowhere.

Bonnie concentrated and groaned as her body got longer.

Me: Yep but it looks like this one is out on a river in the jungle.

Bonnie turned into Dragonair!

We saw that we were on Evil River, which is an orange water river located in Central America.

Eli: This river looks really ominous.

Allie: It sure does.

Later we saw the boat Eustace, Muriel, Francesca and Courage were on and we saw that they were after Carmen the Opera-Singing Sea Serpent and she had a magnifcent and beautiful voice. She brought Courage, Francesca and Muriel to her so she can sing for her and a river pirate named Sharky was after her. We would not let a sea serpent with a magnificent voice like her be captured by a pirate dirtbag. We met a Sea Slime named Kiyome and she was a jellyfish slime too and we also met a Greninja Gene-Slammer named Lillian Rodriguez and she went to school with Nico long ago.

Missy: Lillian!? Is that really you?!

Greninja: Missy? It is you.

Missy: You have become a Greninja.

Greninja: Because of those Team Rocket scientists.

Me: Those dirtbags!

Eli: They need to pay for their crimes.

Me: Looks like we found another one of Nico's friends.

We tied up Sharky and Carmen was helping us and then I put on my blind man glasses and Eli and Eustace and Courage covered their eyes and I snapped my fingers and Lillian reverted back and she was naked. Bonnie reverted back too.

Bonnie was human again. But naked.

Bonnie: (covers herself) I think we'll see 2 more childhood friends of Nico before the year's over.

Me: I have that same feeling myself.

Francesca: Me as well.

Lillian: (Covers herself) Yeah no kidding. But it will be awesome to see Nico again.

Missy: Oh Lillian.

She and Lillian hugged and were reunited again.

I gave Bonnie and Lillian new clothes and they put them on.

Francesca: But it was awesome seeing Carmen perform. Her voice is awesome.

Eli: It sure is.

Missy: And it looks like Sharky here is going to the slammer.

Eli: Yep.

We went back to the estate and Nico was so happy to see Lillian again and so was Qin.

After meeting Carmen the Opera Singing Sea Serpent, Lincoln, Me, Nico, Eli, Nicole, Tyler Bowman, Adult Blossom, Adult Bubbles, Adult Buttercup, Lola, Lana, Young Blossom, Young Bubbles, and Young Buttercup were heading to Townsville in the past via The Simulator, and not only is Lincoln going to rescue the ten girls located there, but we're also going to save the townspeople who've been turned into hatred-filled minions by Him, and we're also going to kill the evil King of Darkness.

**Narrator:** The city of Townsville. The city of brotherly love. ( *laughing* ) Or should I say, sisterly love? Love for those devout doers of dangerous deeds and dutifuluh, things. ( *Cut to the girls in flight.* ) The Powerpuff Girls!

( *They stop short at the sound of meowing and dash in; an old woman looks up at a tree, in whose branches a cat is caught. The girls arrive on the scene and go to work. Blossom picks the woman up, and Buttercup uproots the tree and tips it over so Bubbles can rescue the cat, which promptly licks her cheek. The woman is set back on the ground, and the cat is returned to her. She pats each girl on the head. They take off, and she waves after them.* )

( *Cut to the exterior of Pokey Oaks Kindergarten as the girls fly in; inside, pan slowly along the classroom and stop at the end. The teacher steps into view, her foot landing on a stray toy roller skate. She sails into the air and down o.c., but Blossom carries her back into view. Buttercup pulls up a chair for her to be set down on, and Bubbles brings her an apple. Halos appear above the heads of the girls, now back at their desk, and the class applauds their efforts.* )

( *Close-up of the hotline, buzzing and with a big smile on its face, then to the exterior of the school as the girls take off. A quick flash of the exterior of Townsville Hall as they fly in, then of the window in the Mayor's office. They crash through, ready for anything; close-up of the Mayor, struggling mightily with some piece of apparatus. Pull back to show this as a large jar of pickles he is trying to open. Finally, he gives up and holds it out for the girls. Ms. Bellum stands near him. Blossom flies into view and takes the jar. She holds it up for Buttercup, who zaps it with a quick blast of her eye lasers, and Bubbles then succeeds in removing the lid, much to the Mayor's delight. All five help themselves to pickles as a celebration, and we next see the office window from outside as the girls crash out through it.* )

( *Cut to the exterior of their house as they fly in through the front door. Inside, the Professor is hard at work in his lab, his back to the camera. They fly up behind him; he turns around and smiles at them. He holds up a flask of liquid, to which Bubbles adds a drop from a test tube. Blossom pours in a shot from another flask, and Buttercup shakes the mixture vigorously. The Professor watches the flask intently, the girls gathering around him, as it bubbles and froths. After a few seconds, it explodes and chars them evenly all over. They stand stunned for a moment, then laugh. We do not hear them laughing.* )

**Narrator:** ( *laughing* ) Those little scamps are so adorable. How we just love the Powerpuff Girls!

( *Pull back slightly. The image begins to waver and ripple as if being reflected off the surface of a body of water.* )

**"Him":** ( *from o.c. effeminate voice to evil* ) Ohh, how I **HATE the Powerpuff Girls!**

( *On the end of this, his claw strikes the water and breaks up the image, then pulls out of view.* )

**Narrator:** Hate the Powerpuff Girls?! Who could hate the… ( *uneasily* ) Oh, no. ( *Camera turns up as he continues.* ) Please don't let it be "Him"!

( *Stop on "Him," sitting in a full bathtub. He is very angry, seething with fury at how Townsville loves the Powerpuff Girls so much.* )

It was None other than HIM!

---

**HIM** (sometimes spelled **Him** ) is the secondary antagonist of *The Powerpuff Girls* franchise. He is one of the most powerful adversaries of *The Powerpuff Girls*, as well as one of their crueler opponents.

He is voiced by Tom Kane, who also portrayed Magneto in *Wolverine and the X-Men* .

HIM talks in a chilling voice that echoes at all times as if in a cave and which sounds like Tiny Tim alternating between high-pitched, silly and almost gentle when amused or thoughtful to evil, very sinister and growling when he is angry or enraged. He made his first ever appearance in " *Octi Evil* ", where he possessed Bubbles's stuffed doll, Octi in an attempt to break the Powerpuff Girls up and he cleverly disguised his own voice to lure her into his trap.

His next main episode was in " *Telephonies* ", where he is one of the villains the Girls visit to investigate the crank calls. It's also revealed that he can alter his own voice at will, changing from feminine and chirpy to masculine and angry in just a few seconds depending on his moods. He also formed a "partnership" with Mojo Jojoand Fuzzy Lumpkins when they discovered the Gangreen Gang were behind the calls. It's also shown that Mojo Jojo calls Him "Sir" and has some respect for him.

During " *Tough Love* ", he used his own powers to spread the seeds of anger and hatred into Townsville at night which triggered the residents rising up against the Powerpuff Girls and unwillingly becoming his puppets. While most villains prefer to destroy Townsville themselves or through their own sheer strength. He often disguises himself or creates psychological events or catastrophes which he uses as an attempt to cause the Powerpuff Girls to break mentally. He has shown numerous satanic forms, most of which are revealed in apocalyptic or hellish situations or realms. These forms, in turn, can often greatly enhance his power and cause him to grow to enormous size.

In " *Speed Demon* ", set 50 years into an alternative future and with the Girls themselves having gone missing, HIM managed to gain control of the entire planet including Townsville which in turn, resulted in his powers becoming great, and during a fight against the Girls, he was able to withstand the full force of their attacks without even bothering to defend himself.

He took little or no damage in the fight, even finding the Girls' actions amusing. In this setting, he was also able to change into a much larger and more sinister-looking version of himself. Luckily, the Powerpuff Girls managed to go back in time to avoid this from ever happening, though if HIM manages to outlive them, the world will end the same way.

In " *Meet the Beat-Alls* ", Him joins forces with Mojo Jojo, Fuzzy Lumpkins, and Princess Morbucks as the 4 evil doers together formed their own band called "The Beat-Alls" which lasted for short time and later became disbanded due to the arrival of the chimp named Moko. When forced to engage in battle, he is an entity to be reckoned with, as he heralds doom in every direction.

In " *The Boys Are Back In Town* ", he resurrects and improves The Rowdyruff Boys, though the Powerpuff Girls manage to find a way to defeat them once again.

HIM also appeared in the rock musical episode " *See Me, Feel Me, Gnomey* ", where, like other villains, he is seen causing chaos and terrorizing people in Townsville, the Powerpuff Girls when they arrive, he, like the other villains, defeating them succeed. Yet, when it comes to the Gnome, he is responsible for eliminating all the villains, including HIM, but later, when HIM and all the villains revive, the Gnome loses power.

He is also seen along with all the other villains singing " *Why Can not We All Get Along?* ", giving to understand that it can also have redeeming features, including in his villainy.

---

**"Him":** ( *effeminate voice, mocking tone* ) "Oh, Powerpuff Girls, save us!" "Oh, Powerpuff Girls, we need you!" "Oh, Powerpuff Girls, we love you!"

( *As he continues, he submerges up to his eyes and the bathwater boils and turns red.* )

**"Him":** ( *evil voice* ) **Powerpuff Girls! Powerpuff Girls!** ( *Pull back across the room; he sits up.* ) **POWERPUFF GIRLS!**

( *Close-up of the steam rising from the bath. A rubber duckie is lifted into view, and "Him" leans in to talk to it.* )

**"Him":** ( *effeminate voice, to evil and back* ) Oh, Mr. Quackers, am I the only one who **HATES** those miserable little brats, hmm? ( *He* *squeezes the duckie, making it squeak.* ) You hate them too? Oh, I knew I could count on you. But how could I possibly beat them- ( *to evil* ) - **with all that LOVE surrounding them?**

( *He squeezes the duckie again and holds it up to his ear.* )

**"Him":** ( *effeminate voice* ) What's that, you say? ( *Squeak; he grins broadly.* ) Yes! ( *to evil* ) **That's brilliant!**

( *Pull back to show the entire bathtub. He reclines into it and lifts one leg as he continues.* )

**"Him":** ( *effeminate voice* ) Oh, Mr. Quackers, you are *soooo* smart. Quite a positively evil scheme you've hatched. ( *sitting up* ) And I'll finally get rid of those girls-

( *The water erupts into a red geyser behind him, silhouetting him, and he raises his arms.* )

**"Him":** ( *evil voice* ) - **FOREVER!**

( *The water washes over the screen; when it drains away, we see a very long shot of Townsville. The clouds begin to swirl and circle, the full moon turns red, and a second red spot appears to make a pair of eyes. The entire collection resolves into Him's face, laughing evilly and looking down at the city.* )

**"Him":** ( *effeminate voice* ) Poor, unsuspecting Townsville, all snug in your beds. Unaware of the evil that takes place high above your heads.

( *Now his arm is visible.* )

**"Him":** ( *stirring air with claw* ) And so with a flick of my wrist and a twirl of my claw- ( *The clouds swirl again; transition to evil voice.* ) - I'll get rid of those girls **once and for all!**

( *A broad swath of pinkish-red vapor emerges from the clouds; camera turns down to follow it as it descends toward Townsville and spreads across the buildings. It permeates the streets and works its way into the sewers. Next, it engulfs the tree that had the cat stuck in it, Pokey Oaks Kindergarten, Townsville Hall, and the house. All* *the places the Girls had helped out at the day before. Back to Him's head, still floating above the city. He starts laughing evilly; the sky dissolves to morning as the laughter dies away and he fades from view.* )

The Simulator activated, and we were in Townsville.

Lincoln: Whoa, we're in Townsville in the past, and I think I know what we're going to do here, not only am I going to rescue the ten girls located there, but we're also going to save the townspeople who've been turned into hatred-filled minions by Him, and we're also going to kill the evil King of Darkness.

Me: That's right, big guy.

Lola Loud: And from what we were told about Him from the girls and Professor Utonium, Him is the ultimate embodiment of evil, even worse than The Devil.

Lana Loud: But, we're finally going to get rid of Him for good.

Eli: That's right, and not only that, but I sense that Mallow is going to transform, as well.

Suddenly, our auras were flaring up like crazy, because of the negative energy caused by Him, and we were getting stronger and stronger and stronger still.

Adult Blossom: The negative energy in the air, it's because of Him, now I remember. Him made all of Townsville hate us and kill us, just for his own sick twisted plan to destroy us and all of Townsville.

Me: He truly is pure evil incarnate, he must be destroyed for good.

Eli: You got that right.

?: HELP!

Suddenly, Suddenly, Lincoln heard the sound of ten girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He then saw the ten girls, along with the girls' counterparts, but they've been cornered by the townspeople corrupted by Him, who was laughing malevolently, and they were going to kill them.

Lincoln: Guys, I found the ten girls, but they, along with the girls' counterparts, have been cornered by the corrupted townspeople and Him, and they're going to kill them. Come on, let's go.

We rushed on over, and Lincoln trapped all of the possessed townspeople in a circle of pure light, and then, the townspeople were purged of Him's corrupting influence, and were freed, but they still had to remain in the circle, and I also punched Him in the face.

Him: (Demonic Voice) **Team Loud Phoenix Storm, how dare you ruin my fun? You ruined my plans to destroy The Powerpuff Girls once and for all, you will all pay with your lives!**

Me: I think not, Him. What you've done throughout the past is indeed unforgivable. You've tormented others for your own sick amusements, and have plotted more than once to destroy the world and all of mankind.

Lola Loud: You're nothing more than the embodiment of evil, and you must be destroyed for good.

Mallow: And I've had more than enough of you to last an eternity.

Lincoln: All of us have.

Suddenly, Mallow's eyes turned neon green and was surrounded by a green energy aura with leaves and flowers surrounding her, and as she approached Him, she left green energy and leaves, plants and flowers with every step. Then, Mallow was surrounded by a massive vortex of green energy with leaves surrounding it, there was a

Tsareena and Shaymin running around the vortex, and there was a green phoenix inside the vortex. Then, as the vortex faded, Mallow emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Mallow grew to 5'11" in height, she had the body of a goddess, her green hair grew longer, and the flower in her hair was blooming, she had a Shaymin and Tsareena emblazoned on her forehead and large green angel wings with light green tips on the feathers and leaves falling from the large green feathers, she had on Tsareena earrings with the Flower Kanji in its hands, a silver necklace with a Shaymin with the Flower Kanji in its hands, she had on a sleeveless pink blouse with green phoenix, grey blouse with leaves, white leather ankle-length combat boots, and a green sleeveless trenchcoat with leaves and a Tsareena and Shaymin on the back. She has a new large sword in her hand called Nature's Justice, it's a large sword with a Tsareena and Shaymin etched on the 6'5" massive, wide, double-edged emerald green blade, green angel wings for the crossguard, large green gem for the hilt, longer dark green handle, and large green faceted sphere pommel with surrounding light green gems. Mallow has on her new Bracelets of the Champions of The Universe with green gems on her wrists, hew new Belt of Elemental Bravery with large green gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There was a light green kanji on the back that said, "Mallow, Grass-Type Pokemon Trainer of The Alola Region, Trainer and Friend of Tsareena and Shaymin, Master of Grass and Nature, and Brave Member of Team Loud Phoenix Storm."

アローラ地方のアオイ科の草型ポケモントレーナー、ツァリーナとシェイミのトレーナー兼友人、草と自然のマスター、そしてチームラウドフェニックスストームの勇敢なメンバー

Mallow has transformed into SUPER ANGEL 750,000,000,000 NATURE POKEMON ANGEL OF LOVE AND LIGHT!

We were amazed by Mallow's new Super Angel 750,000,000,000 transformation, but the sight of that filled Him with so much hatred.

Lincoln: Wow, Mallow has transformed.

Nico: You said it, big guy, and now, we're finally going to destroy Him once and for all!

Me: Wow!

Mallow: (Divine Echoing Nature Voice of Love) **That's right. Prepare yourself, Him, your reign of evil is coming to an end here and now.**

We also transformed and we went after Him, and we blasted him with powerful blasts of neon colored energy, elemental forces, leaves, vines, and light, which hits Him, and they'd exploded with incredible power. I grabbed Him and then my aura flared up with incredible power and it was because MY BODY WAS SUCKING OUT ALL OF HIS HATRED AND CONVERTING IT INTO POSITIVE ENERGY and it was incredibly intense! Then, with our massive swords, we slashed off Him's arms, and not only did he scream in such excruciating pain, but we also stripped Him of his dark powers, and now, he's on his last legs.

Mallow: **Alright, everyone, let's put an end to Him once and for all, and purge Townsville of his darkness once and for all.**

Mallow, Lincoln, Me, Nico, Eli, Nicole, Tyler Bowman, and The Powerpuff Girls: PURIFYING LIGHT OF HEAVEN!

We fired massive and powerful waves of holy light, and as they hit Him, they exploded with incredible power, and the explosion killed Him, and not only was Him Super Hakaied, but the darkness he cast on Townsville was finally purged forever. We cheered wildly, and we powered down, but Mallow's new body, clothes, angel wings, weapons, and jewelry were permanent.

Then, Lincoln and Nicole went up to the ten girls located there, and as soon as Lincoln saw them, he immediately recognized them. The ten girls were Ellie from The Last Of Us, Elizabeth from Bioshock, Bullet, Es, Mei Amanohokosaka, Tsubaki Yayoi, Taokaka, and Mai Natsume from Blazblue, Daidouji and Fubuki from Senran Kagura.

Lincoln: Oh wow, it's Ellie, Elizabeth, Bullet, Es, Mei Amanohokosaka, Tsubaki Yayoi, Taokaka, Mai Natsume, Daidouji, and Fubuki.

Nicole: From The Last of Us, Bioshock, Blazblue, and Senran Kagura, awesome.

Lincoln: Are you girls okay?

Ellie: Yes, we're okay, thanks to you.

Then, when Ellie and the other nine girls saw who it was that saved them from Him, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, deep sapphire blue thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his

neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Ellie: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made nine clones of himself, and he and the nine clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Mai Natsume: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

We exited the Simulator, and we told everyone of what we did in destroying Him, and we also showed Mallow's transformation, and Ash and his friends were amazed. Finally, we were rid of Him for good, but we had a feeling that we were going to face Him again on an alternate version of Earth, but we'll make sure that Him never plagues the world and mankind ever again.

---

After destroying Him for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln was getting ready for his date with Jessica Shannon, R. Mika, Hilda, Toph, Julie Makimoto, Colette Brunel, Sari Sumdac, Ryuko Matoi, Yuna Kamihara, Entrapta, Perfuma, and Frosta tonight, and it was going to be good.

When Lincoln saw them, he had an atomic red blush on his face.

Lincoln: Wow, you girls look really stunning.

Hilda: (British Accent) Aw, thank you, Linky, and you look incredibly handsome in that fancy black suit of yours.

Lincoln: Thanks. (Takes the girls by their arms) Shall we be on our way?

Jessica Shannon: But, of course. (To the rest of us) See you guys later.

Me: Have fun tonight, Linc.

Lincoln and the girls left. But, he also had another surprise, he found out Montana Max was planning on wrecking Lincoln's date with the girls, since he was still sore at us for throwing him in prison and costing him everything, which he brought it on himself, and on top of that, he got Ed Bighead out of his ankle bracelet in O-Town, and were heading out to the fancy restaurant Lincoln and the girls were heading to.

Lincoln and the girls arrived at a fancy restaurant in the north of Gotham Royal York, and it was quite an amazing place.

Toph: Oh wow, so this is where we're having our date tonight.

Lincoln: That's right, Nico told me about this place, and I called after we got rid of Him to reserve a table at this place for tonight.

Yuna Kamihara: That's why you're known as The Man With a Plan,

nice.

Lincoln and the girls placed their orders, and outside of the restaurant, Montana Max and Ed Bighead had gotten out garbage cannons, and were planning on bombarding the restaurant and Lincoln and the girls, and they had a malevolent grin on their faces. But, before they could fire at them, two rope traps caught them by their feet, and they screamed in panic and they were both hoisted up by their feet, and were then tied up in durable and strong straitjackets. They were in big trouble once Lincoln and the girls finish their date, but they'll be in gigantic trouble as soon as Vypra finds out about their plan.

A few hours later after paying for dinner, Lincoln and the girls went up to the trap.

Lincoln: I should've known you and Ed Bighead were trying to wreck our date tonight, Montana Max.

Montana Max: (Screaming in Insane Anger and Rage) WHY DON'T YOU SHUT UP?! YOU AND TEAM LOUD PHOENIX STORM RUINED ME!

Jessica Shannon headbutted Montana Max, and knocked him out, and R. Mika tied Ed Bighead up by his tongue.

Jessica Shannon: Let's get these two stinkers back to the Estate, and tell everyone what happened.

Lincoln: Good idea, Jessica, and once Vypra finds out, those two morons are in gigantic trouble now.

Lincoln and the girls got back to the Estate with the tied-up Montana Max and Ed Bighead in tow, and this was surprising.

Me: Linc, how was your date?

Lincoln: It was awesome, we went out to that restaurant Nico told us. But, the two stinkers, Montana Max and Ed Bighead, tried to fire the garbage cannons at me and the girls and ruin our date. (Smiles) But, my trap had caught them, and now, they're in gigantic trouble with Vypra. I called her and Mrs. Bighead, and as soon as I told them, they're already mad.

Ed Bighead and Montana Max had wide eyes of horror from what Lincoln said. Vypra arrived and she dragged Montana Max back to their base for punishment, and Ed Bighead was dragged out by Bev Bighead back to O-Town to get his just desserts for trying to wreck Lincoln's date with the girls. But, they had fun on their date tonight, and foiled the stinkers from Acme Acres and O-Town.

---

Later we were watching TV and then the doorbell rang and Metal Man got it and it was Ida Quagmire, Glenn Quagmire's dad turned into a woman.

Mega Man Ice Man: Hi. You must be Ida.

Ida: I sure am and it's an honor to meet you all Team Loud Phoenix Storm.

Brian: Ida! My God it's great to see you here.

Ida: Same to you Brian.

Laney: So you are Quagmire's dad?

Ida: I sure am.

Me: Pleasure to meet you Ida. Brian told us so much about you.

Ida: I'm glad he did.

Nico: Yep.

Ida: So, how's Quagmire doing?

At this, Brian bitterly chuckled.

Ida: Was it something I said?

Brian: Oh, you want to know how Quagmire is? (gets angry) WELL, LET ME FIRST SHOW ALL THE THINGS HE'S DONE TO ME OVER THE YEARS STARTING WITH THIS VIDEO!

Brian began to play a video of Quagmire beating him up.

Rei the Ghost: Dear God! It's even worse seeing it!

Me: Gets MUCH worse than that!

We showed Ida everything Quagmire did as well as everything he did to countless women and when it was done Ida WAS BEYOND ALL WORDS SHOCKED, HORRIFIED AND DISGUSTED!

Ida: (Stomach grumbles) Do you guys have a trash can!?

I went and got her one and then she hurled her guts out into the trash can for 2 minutes!

Eli was timing it.

Eli: Wow. 2 minutes of throwing up. That's a long time.

Ida: I knew Glenn was a pervert but I didn't think it was this bad.

Maria: It's okay. You didn't know he would get even worse.

Ida: I probably shouldn't tell you guys this. But I have a collection of Porn Magazines that he gave me for safekeeping once.

Armada Starscream: Porn magazines?

Me: Oh boy.

Ida came back with a huge box and it was full of all of Quagmire's collection.

Me: We're not looking in that.

Poromon and Poliwag then snuck a peek and then they blushed an atomic bright red and Nicole pulled them away.

Nicole: Now now you guys that's not for you.

Nicole fired a massive blast of fire and obliterated the entirety of his collection.

Jetfire: (Australian Accent) What did you two see?

Poromon: WE SAW NOTHING!

Poliwag: MY EYES ARE BURNING!

Nico: Oh boy.

Me: Yeah.

G1 Shockwave: Nico, you know it's your turn to lead today, right?

Nico: I know. But we haven't gotten a mission yet.

Then the alarm went off.

Computer: ALERT! Temporal anomaly detected. Coordinates: Another Planet Earth. Location: 82,354 light-years away.

Nico: Whoa. Lets see.

Nico showed what this version of the Earth looked like and we saw that it was a molten lava Earth and it looked like it was a world from Hell.

Nico: Whoa!

Me: My God. What could've caused that version of Earth to go down like that?

Laney: No idea.

Then The Rowdyruff Boys, Whiplash, Dayu, Hank Scorpio, Condiment King, Kangor, Crimson Dynamo, Raven Branwen, 2016 Morbucks and Robo-Roxy appeared.

Kangor: (Jamaican Accent) The Rowdyruff Boys, Whiplash, Dayu, Hank Scorpio, Condiment King, Kangor, Crimson Dynamo, Raven Branwen, 2016 Morbucks and Robo-Roxy go with you guys, mon?

Nico: You all sure can. I have a bad feeling about this guys. Better summon the team. (Takes out bugle and plays Reville)

Everyone all gathered.

Nico: ATTEN-TION!

We stood in attention.

Nico: ALL RIGHT MAGGOTS LISTEN UP! We have been given our next mission and it's on another version of Earth located 82,354 light-years from our planet Earth.

Robo-Roxy: Wow! That's a long ways from here.

Nico: I know. Really far. But something is going on with this version of Earth and its got me spooked. We need to check it out and figure out what went down on that version of Earth and deal with it. Let me go over one rule and it's for you new people! Everyone does their job and no one quits! You don't follow it and you will be sent back to the estate for the remainder of the mission! DO YOU GET ME!?

Everyone: WE GET YOU SIR!

Nico: Welcome to the Roughnecks!

Me: NICO'S ROUGHNECKS!

Everyone: (SPARTAN GRUNT)

Nico: At ease everyone! We leave in 45 minutes so take that time to get what you need and get ready. We don't know what's on this version of Earth so be ready for anything that comes your way. That'll be all. DISMISSED!

Me: Lets kick the tires and light the fires commander.

We got the ship loaded and we were on our way.

---

The U.S.S. Valorous Phoenix was flying across space.

Nico: Team Loud Phoenix Storm Log, Stardate: 4342.1: We are en route to another version of Earth to investigate was caused it to turn into a world of hell. Our mission is to find out what caused it and what lead it to it becoming like this.

Me: I have a bad feeling about this Commander.

Eli: I do too.

Lisa Loud: We have arrived at our destination.

Nico: On screen.

We saw that we were at the alternate Earth and it was a blood red version of Earth with oceans made of lava.

Me: Whoa.

Nico: This looks bad. Lets head on down. Nathaniel you have the con.

Nathaniel: Right.

We then went down to the planet. When we landed, we saw that the whole planet went completely to Hell. The whole world was in ruins under a blood-red sky-absolute desolation as far as the eye can see, like the end of the world has occurred.

Bubbles: Wh… what happened?

N: My God. What happened here?

Me: The whole planet went to Hell.

Nico: My God. What could've caused this?

Samurai Jack picked up some dirt.

Samurai Jack: Something evil has ravaged this world.

Blossom: A very familiar evil.

Eli: I'm sensing a massive and evil force at work here.

Blossom: Oh no. It's Him!

Nico: Uh oh.

Laney: Whoa look there.

Laney went over and saw what looked like Xemnas' white Organization XIII Coat.

Xion: It's Xemnas old coat.

Laney: What could Xemnas be doing here?

Nico: No idea.

Nico then decided to wear Xemnas' coat and he ripped off the sleeves and it looked much better on him than Xemnas.

We then heard something and then a figure jumped out and it was SLAPPY THE DUMMY!

Me: Slappy!

Nico: Back for more, Slappy? Let's finish this up. We have to explore the rest of this Earth. (holds out hand) HAKAI!

But nothing happened.

Nico: What?!

Slappy: (laughs) What's wrong? Hakai technique not working right?

Condiment King blasted mustard into Slappy's eyes, blinding him.

Condiment King: We have to get somewhere safe!

Nico: But Slappy-

May: Nico, for once, we're going to have to let the bad guy go!

Suddenly a laser blast hit Slappy from out of nowhere and obliterated him in an instant.

?: Over here!

We saw a figure dressed in black and it had a familiar head of white hair.

?: Come with me!

Nico: Lets go!

We followed the figure.

We went down into a cave and the cave entrance vanished.

Nico: Thank you for helping us.

Nightshade: Is there even any heroes in this world?!

Maria: (the figures reveals himself) There just might be. (sadly smiles) Hello, Lincoln.

The figure was another Lincoln but he had an eye patch over his right eye and he had a scar over his face.

Alt. Lincoln: It's good to see you again Maria and it's great to see all of you too. And J.D. it's great to see you and Nico and everyone. The team is all back together.

Me: But what happened here? This whole planet is gone. It's a nightmare.

Nico: Yeah what happened here?

Alt. Lincoln: It's a really ugly story. Follow me.

We followed the Alt. Lincoln and then we came across a huge underground refuge city 1 mile under the surface of the apocalyptic land.

Me: Whoa!

Eli: Wow!

We saw the rest of the city and then we saw the rest of the team!

Alt. Lori: J.D.! Nico!

She went and hugged us.

Alt. Lori: You've come back.

Me: We did?

Dayu: What exactly happened here?!

Alt Leni: (glares at the Alternate Trinity of Violence) Why don't you ask the Trinity of Violence over there?

Alt Lana: Tell them, girls. Tell them how you went back in time and created this Hell for us!

Alt Lynn: It wasn't supposed to be like this! All we wanted was to prevent the 20 Days of Darkness!

Lynn: Wait. We actually succeeded in that?

Lola: We stopped the 20 Days of Darkness from happening!?

Lori: And it literally caused ALL OF THIS to happen!?

Nico: Oh man! So this version of Lori, Lynn and Lola succeeded in stopping me from getting possessed by the Digimon Emperor and it lead all this to happen to our world!?

Alt. Lincoln: Yes.

Me: This is horrible! What year does this all take place?

Alt. Lincoln: This version of your world takes places 100 years into the future from 2021.

Me: So in the year 2121.

Nico: What happened? Where's the J.D. and me of this world?

Alt. Lincoln sighed.

Alt. Lincoln: I'm afraid the Infernal Overlord killed you both.

We gasped in shock and horror!

Me: Him did this!?

Alt. Vypra: Yeah he did.

Me: Tell us everything.

Nico: Yeah what happened?

Alt. Lincoln: It happened on January 23rd, 2021.

He told us that after Lori, Lynn and Lola of their world succeeded in stopping Nico from getting hit by that energy blast that put the Digimon Emperor into him and stopping the 20 Days of Darkness from happening, the Powerpuff Girls most dangerous enemy Him, took advantage of this and recruited Xemnas. But then Him double crossed him and killed Xemnas and stole his power and then he took control of the whole planet and killed thousands of heroes in rapid succession which resulted in him getting stronger and stronger by the second. He killed their version of me and Nico and destroyed many members of the team and caused the last of the team to go into hiding and he even killed much of the Masters of Evil and he even killed many of the villains still running around. Him also released the Sullen 6 as his minions. 100 years passed since then and Lincoln and the remnants of both the team and the Masters of Evil have been in hiding since. Lincoln formed a team called The Phoenix Firestorm Resistance, a rebel group that is going to form a plan to kill Him.

When he was done we were shocked and horrified! Lori, Lynn and Lola mostly!

Lola: Whoa man! Thank you for stopping us just in time guys!

Lori: We literally would have made a terrible mistake.

Lynn: No kidding.

Me: This is a catastrophe!

Meowth: So, you guys are all that's left, huh?

Alt. Electro: (chuckles) Not really. We're just waiting on one more.

?: No need. Here I am.

Plankton stepped out of the shadows.

Mr. Krabs: PLANKTON!

Plankton: KRABS!

Mr. Krabs: PLANKTON!

Plankton: KRABS!

SpongeBob: SpongeBob.

Nico: But if he is here then that must mean the rest of the Sullen 6 are too!

Me: Yeah.

Plankton: But I left the Sullen 6.

Hank Scorpio: I guess you never lost your sanity in this world.

Plankton: I didn't want any of this! When Him got Norm to restore me, Crocker, Goobot, Plasmius, Jock, and Burns, I didn't mind. But that's when Him and the others started killing thousands of heroes! Including my Krabs and Spongebob! So, that's why I quit the Sullen 6.

Mr. Krabs: (smiles proudly) I knew the friend from me childhood still existed in you!

Plankton: Yes Krabs and I do miss everything we did long before we became enemies.

Lily: Maybe there is still hope for you Plankton.

Nico: Yeah. But how did Him kill both me and J.D.?

Lincoln: Yeah how did he do that?

Alt. Lori: He overpowered you through sheer brute power.

Me: Oh man.

Nico: Oh man.

Thundercracker: Relax. Now that we're here, we can help bring hope back to this world!

Alt. Lori: (sadly) What's the point? All of the other heroes are all dead. And all because of what me, Lola, and Lynn did.

Nico: Girls, remember what I said the day after Batman's identity was revealed to the public?

Alt. Lola: You told us we don't learn anything by winning all the time. And that we can either let one loss haunt us for the rest of our lives or we can learn from it.

Nico: Exactly! So, have you guys learned from this loss?

Alt. Lynn: Well I don't know.

Me: Let me show you everything we learned from that one loss and everything that happened to us ever since that day and everything we overcame before, during and after the 20 Days of Darkness.

I used my powers and showed them everything that happened and they were amazed!

Alt. Lincoln: Whoa! You guys are what we need to take back the world.

2016 Morbucks: I can't believe Him would be this evil. But Lincoln, Mallow, and Tyler sent him into oblivion before. Erasing that monster from existence forever. And the three of them and us can do it again!

Me: That's right! And I made sure that Him from our world is gone for good.

Eli: But we can make sure that this version of Him suffers the same fate.

Hunter: (German Accent) Ja! He will rue the day he messed with this world.

Me: Yep. Thank goodness this hasn't happened in our planet Earth. But we can prevent it from becoming like this.

Nico: Absolutely! Also you guys, I'm sorry if this is too painful to ask you but who else is among those that were lost?

Alt. Laney: Batman, Spiderman, Dark Spicer, many of us.

Twilight Sparkle: Oh no. What about me and my friends?

Atl. Lana: They are dead too.

Nico: Oh no.

Jungle Fury Jarrod: Where's Him and the rest of the Sullen 6 right now?

Alt. Lincoln: They live in the castle that is right over there.

He called a Periscope and Jarrod looked through it and he saw the castle and it was RIGHT ON TOP OF THE BROKEN TREE STUMP OF THE ESTATE! The castle looked like a TRUE FORTRESS from the darkness and fire of Hell.

Jungle Fury Jarrod: That castle looks so much like Grandfather's old castle.

Me: May I see?

I looked and saw that it was a spooky castle and it was right where our estate was.

Me: Oh man.

Whiplash: After we find a way to get our Hakai techniques working again, we can do our entrance.

Alt. Lincoln: The Hakai Techniques are neutralized because of a power neutralizer field that only works on Hakai Techniques.

Me: That explains why Nico's Hakai didn't work on Slappy earlier.

Eli: Yeah. Where is the Power Neutralizer?

Alt. Lana: It's 50 yards from the castle.

Alt. Ebon: I can use a portal to get us close.

Nico: Okay. But we're also going to need a ton of help. We're gonna summon all our allies from all over the universe as well as all of the Masters of Evil to help us out. It's time to take back our planet.

Laney: That's right. Him will rue the day he messed with us.

Nico: (to Alt. Lincoln) Are there any tunnels that lead to the Power Neutralizer?

Alt. Lincoln: Yes and Lana can take a group to it.

Alt. Lisa: I made this bomb for us to use on it.

Nico: Awesome. Team Loud Phoenix Storm has risen out of the ashes completely anew and reborn and stronger than ever before. Get ready Him. (Eyes Glow Red) We're coming for you and it will be your last day alive.

Me: (Eyes glow red) You will pay for everything you've done to this planet. And to us.

We got ready and first we went to the Power Neutralizer Generator.

Alt. Firefly: Time to burn this thing down! (fires heat laser)

The blast hit the Power Neutralizer and the bomb detonated and exploded!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The Neutralizer was destroyed and we had our Hakai Powers back!

Nico: Now to go for Him!

We charged and rushed into the Fortress!

Crocker told Him about the generatior being destroyed!

Crocker: NO! The generator has been destroyed!

Him: The rebels have come out of hiding. Excellent. (Evil laugh)

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the doors and a phoenix cry was heard and then the spirits of the Powerpuff Girls Villains and Genderbent Louds swirled around it and then converged and we appeared.

Nico: Sullen 6 and Him. So we meet again. For the last time!

Alt. Lola: You guys are gonna pay for everything you did to this world!

Burns: (chuckles) Oh, that's just the beauty of all this. We didn't do ANY of it. (to the Alt. Trinity of Violence) You three did!

Stalker: Don't pin this on them! All of this was all because of the 5 of you!

Alt. Lynn: No, Stalker. They're right. It's time we stopped blaming villains for stuff we did.

Alt. Lori: Yes, the three of us caused this. (smiles at us) But now, you guys are gonna help us fix it!

Me: And we'll start by killing these 5 douchebags and make sure your deaths are slow and painful!

Nico: That's right! Prepare to die!

We went at them.

Iron Boy and Iron Maniac were firing repulsor blasts at one another.

Iron Maniac: (laughs) I killed you on this Earth. And I'll gladly killed another version too!

Iron Boy: But I have one thing you'll never have.

Iron Maniac: What's that?!

Crimson Dynamo: (from behind Iron Maniac) Friends and teammates. (fires missiles at him)

The missiles hit Iron Maniac and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion blew his iron suit to scrap metal.

Tyler Bowman then grabbed him and put him in a head lock.

Jock: No! You wouldn't kill a fellow student would you!?

Tyler Bowman: A fellow student no. You? YES!

Tyler then snapped his neck and ripped his head clear off his shoulders and Amy threw his head into a fire pit!

Alt. Lori: (Plasmius grabs her by the throat) We just literally wanted to save Nico.

Plasmius: (mockingly) His heroes; how noble. Oh, wait! You didn't stop John F Kennedy from getting assassinated or make sure Hitler never rose to power. You saved your friend. [punches Alt,Lori in the stomach) And in a supreme act of selfishness shattered history like rank amateurs, turned the world into a living hell moments away from destruction and WE'RE the villains?

Wood Man walked up to Plasmius and grabbed his wrist, making him let go of Alt. Lori.

Wood Man: You talk too much, Fruit Loop.

Wood Man punched him in the face and then Danny stabbed him in the chest with a dagger of pure Ectoranium!

Danny Phantom: Enjoy hell Plasmius!

He disintegrated into dust and died.

Danny Phantom: You always were a seriously crazed up fruit loop

Plasmius!

ONCE A SERIOUSLY CRAZED UP FRUIT LOOP, ALWAYS A SERIOUSLY CRAZED UP FRUIT LOOP!

Him saw that the Rowdyruff Boys were with us now!

Him: How dare you three turn against me?! Have you forgotten who brought you three back to life?!

Brick: No, we haven't! But we know who our true friends are!

Butch: And now, we'll help them and the Powerppuff Girls kick your a** for good!

Boomer: (to Brick) Ballistic Barrage time?

Brick: (nods with a smile) Ballistic Barrage time!

The boys jump down to ground level and rush toward the girls with their feet pounding like jackhammers as they advance. They leap from wall to wall, zigzagging down the hall, and fly high before dive-bombing their target. Him is then subjected to a merciless battering, which does not end until he has been drilled into the floor. The boys jump out of the way.)

I then smashed my foot into Him's face and grabbed him and threw him into the air.

Me: Take this!

I fired a massive barrage of energy blasts and had him surrounded.

Me: Try and escape now!

I had them come at Him and they all hit at once and exploded with incredible power!

KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Him fell to the ground and then got up.

Goobot: (to Alt. Lynn) Good job, Lynn. The world's about to end thanks to you and your sisters.

Alt. Lynn: You can't let this happen. You'll be destroyed too!

Goobot: (laughs) As you humans say, "Totally worth it!"

Azula: Then we'll make sure you don't see how this world ends! (throws fire at him)

The blast of fire hit Goobot and incinerated him into ashes.

Azula: He talks too much for an Egg.

Him saw me and he was INFURIATED!

Him: YOU SHOULD HAVE DIED! I KILLED YOU!

Me: You killed this world's version of me. But I'm totally different!

I then transformed into my Super Angel-Ebonwu-Phoenix-Harmony Infinity form and Him was screaming in excruciating pain as the power of my energy was burning him alive!

I punched Him in the face and sent that monster crashing into the wall.

Crocker: Don't you get it, Knudson? You've failed! Even if you defeat us, this world's already dead!

Robo Roxy: Then, we'll make sure this world's avenged! Tronics! Help us out!

Numerous Tronics appeared.

Me: (Divine Echoing Cosmic Elemental Voice) **You are still just as fucked up as ever Crockerfucker! I've had enough of your fucked up rotten orange size brain to last an eternity. No wonder your mother hates your fucked guts. Speaking of which.**

Crocker's mother Delores Crocker came and then…

CLANG!

She was smashing his fucking head in with a steel hammer!

CLANG CLANG CLANG CLANG CLANG CLANG CLANG!

SMASH SMASH SMASH SMASH SMASH SMASH SMASH!

She smashed him all over until he was a pulpy pancake!

Laney: Take that you insane monster!

Nico: Looks like 100,000% insanity is not good for you anymore.

Plankton: Are you the Delores Crocker from this world or from the Prime World?

Delores Crocker: I'm from the Prime world.

Eli: I brought her here with us so she can get some well deserved payback on her so-called son. Call it 48 years worth of payback.

Burns: You dare side with Knudson, Plankton? Even after how you betrayed Krabs?!

Plankton: You're right. I did betray Krabs. But siding with him and J.D. is better then watching the whole planet be destroyed!

Homer: WHY YOU LITTLE!?

Homer grabbed Burns by his neck and strangled him and shook him and his money poored out of him along with gold bars, diamonds and more. (Season 2 Episode 22)

Homer: Wow! Dreams really DO come true!

Homer continued to strangle Mr. Burns until he ripped his 140 year old head clear off his shoulders and red dust came out of his neck stub. It was blood in a fine powder. Mr. Burns was dead! We were facing Him.

Troy: Alright, Him! You're the only one left!

Megaforce Rangers: LEGENDARY RANGER MODE! MIGHTY MORPHIN!

They turned into the Mighty Morphin Rangers!

Nico: Your time has come!

Nico went Super Saiyan 5!

Me: **Your reign of terror ends now! You will pay for everything you have done!**

Bleez: I wonder how big your heart's gotten over the last 100 years.

Atrocitus: Save some for me, Bleez. I haven't eaten a heart in a long time.

Brittney: We'll make sure there is enough of his heart to go around.

We went at Him and smashed and pulverized his face in!

POW! BLAM! SMASH! BIFF! CRACK! BAM! KROW! THOTH! WHAP! WHOMP!

Arrthoa, Olkiex, Slurhk, Ulfhedinn, Nom, Khorror, Junda, Seeryn, H'earring, and Faash smashed and pulverized and blasted Him all over the place!

Him was down but not out and he was weakened.

Him: You guys are a thorn in my side!

Me: **We have had that reputation. Also we're not going to hog all that glory!**

Then portals appeared all over the castle and then massive numbers of our friends from all over the universe appeared through them and then we all went at Him and then we smashed and pulverized him all over the place with incredible fury and more!

Jetfire, Rei, Starscream and Ice Man used the Earth, Autobot and Decepticon Cyber Planet Keys and they had Jetfire's back pop out a back cannon, enhanced Rei and Ice Man's powers and ice blaster 100-fold and Starscream had shoulder cannons come out.

Jetfire and Rei the Ghost: ECTO LASER MEGABLAST!

Starscream and Mega Man Ice Man: NAIL ICE LASER BLAST!

Princess Celestia, Light Skylanders and Light Lily: HOLY LIGHT SUPER BLAST!

They fired waves of energy, light and magic.

Crimson Dynamo, Loud Kids, Powerpuff Girls, Masters of Evil, Knights of the Friendshio Table: MAGIC OF HARMONY, LOVE AND FRIENDSHIP ULTRABLAST!

They fired waves of magic, elements and energy.

We fired a massive barrage of elemental and energy blasts and they formed into said planets from the Star Wars universe.

Me and my Harem: STAR WARS PLANET FINAL SMASH: SHINING PLANET BLAST!

We fired a massive barrage of planet blasts at Him.

Lincoln and his harem: STAR WARS PLANET FINAL SMASH: PLANETARY DESTRUCTO DISKS!

They fired Star Wars planet based Destructo Disks at Him.

Me, Lincoln and our Harems: ULTIMATE STAR WARS UNIVERSE FINAL SMASH: STAR WARS UNIVERSE SPIRIT BOMB!

We fired a massive Spirit Bomb powered by the Star Wars Universe at Him which explodes on contact and the entire castle exploded with incredible power!

***KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

The explosion blew his castle apart and when the smoke cleared, Him was on his last legs and his black heart was exposed and it was huge!

Eddy: Alright. There's his heart right there. (gives Atrocitus a knife) You'll need a knife to cut up the heart.

Atrocitus: Thanks Eddy.

He took the Knife.

Nico then grabbed Him's black heart and ripped it clear out of his chest!

Nico then fired a massive wave of energy and obliterated Him in an instant!

Raven Branwen: There. Him's defeated. The world's saved.

May: What's left of it anyway.

Nico: Yeah.

Him's evil spirit then appeared!

Him: You can't beat me that easily! I am eternal, I am evil incarnate!

Nico: And you are now a forgotten memory! HAKAI!

POW!

Nico used his Hakai Fist and punched him and he was wiped from existence forever!

Him was gone for good and erased!

The Red Lanterns ate the heart and Him was now gone for good.

Plankton: It's over.

Nico: Almost.

The spirits of the Sullen 5 appeared.

Nico: You guys are never welcome here. HAKAI!

They were Hakaied!

Crocker: CURSE YOU TO HELL MOTHER! (FADES)

Goobot: YOU HAVE NOT SEEN THE LAST OF ME JIMMY NEUTRON! (FADES)

Burns: I HATE YOUR FUCKING GUTS SO MUCH! (FADES!)

They were Super Hakaied and destroyed.

Plankton: Good riddance.

?: You will all die for what you did to Kvar!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large colored orbs orbiting around the legs of Lincoln's sisters, the eight large orange orbs orbiting around Duke Lincoln's legs, and the eight large purple orbs orbiting around Menat's legs were glowing, and that means big trouble was coming.

Lloyd Irving: Oh crap, I was hoping never to hear that voice again. You can come out now, Rodyle.

A figure came out of the shadows, and it was none other than Rodyle, one of the Five Grand Cardinals and another enemy of Lloyd Irving.

Nico: So, this guy is another one of The Five Grand Cardinals, in other words, Yggdrasill's followers. What can you tell us about him, Lloyd?

Lloyd Irving: Trust me, Commander, you won't like it.

Lloyd Irving proceeded to tell us more about Rodyle.

Rodyle

Rodyle is one of the Five Grand Cardinals and an antagonist in Tales of Symphonia.

He was voiced by the late Takeshi Aono in Japanese and English Dubbed by Daran Norris.

Biography

At some point before the story, Presea's sister, Alicia Combatir left to work for the Byrant family. She had to forge a deal with Rodyle in exchange for enough power to wield her fathers axe and continuing to work in his place. Rodyle performed the experiments without Cruxis knowing and plotted to overthrow Pronyma and became the leader of the Five Grand Cardinals.

Rodyle and Kvar worked together on their experiments, designing both the Mana Cannon and the Angelus Project, even though it is unknown if Kvar knew about Kvar's deception. After his death, Rodyle gathered the information stored in the human ranch. He also told Maginus that he wanted the chosen dead rather than making her journey more stressful.

After learning that Rodyle was planning to destroy the Tower of Salvation with the Mana Cannon in order to make himself the ruler of both worlds, Lloyd and Botta's groups infiltrated the Remote Human Ranch. When Rodyle was encountered, he traps the prisoners to keep them from escaping and floods the place, hoping to kill them in the process (Botta and two renegades were killed themselves). He equipped a Cruxis Crystal onto himself and turned into a monster. After his defeat, it turned out that he was tricked by Pronyma and that his body was literally falling apart. He self-destructs the place and died at the controls.

When Lloyd Irving was finished, we were disgusted by Rodyle's actions.

Lloyd Irving: And to make matters worse, he's used and manipulated his own allies, and treated them as pawns for his sick goals.

As soon as Lloyd Irving said that, Lexi Bunny's eyes narrow in anger towards Rodyle. Suddenly, Lexi Bunny's eyes turned neon blue, and she was surrounded by a pink aura with pink soundwaves, and she unholstered her Sword of Wenenut from her back, and as she walked towards Rodyle, she left behind pink energy, soundwaves, stars, and pink fire with every step.

Lexi Bunny: Rodyle, you really make me sick, you miserable son of a bitch! It wasn't bad enough that you helped Yggdrasill with his dark plans, but you also treated your own allies as your pawns, all for your own sick goals! I will make sure that you die a terrible death even worse than Kvar!

Lexi Bunny screamed like a madwoman, as she was was surrounded by a massive vortex of pink energy with stars and pink fire around the pink vortex, there was a rabbit hopping around the vortex, and in the vortex was a blue phoenix. We'd felt her power and energy rising like crazy, and she was getting stronger and stronger and stronger still. Then, as the vortex faded, Lexi Bunny emerged, but she was changed forever.

Lexi Bunny grew to 5'11" in height, she had the body of a goddess, her suit's top turned to a black tank top with pink phoenix on it, her long-sleeved black trench coat and black pants from when she transformed into her Super Angel 10,000,000,000 have gotten bigger and longer, she now has on a necklace with a rabbit holding the Star Kanji in its paws for the pendant, her black combat boots with a tinge of pink turned black leather ankle-high combat boots with a tinge of pink, her pink rabbit emblazoned on her forehead is now holding the Star Kanji in its paws, the massive, wide, double-edged blade of her Sword of Wenenut grew to 6'5" in length and the long black handle grew longer, and her black angel wings with pink tips on the feathers grew larger for her new body. She had on a Blue Lantern Ring on her left ring finger, and she has on her new Bracelets of the Champions of The Universe with pink gems on her wrists, her new Belt of Elemental Bravery with large pink gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. Lexi Bunny transformed into SUPER ANGEL 750,000,000,000 CELESTIAL PINK SOUNDWAVE ANGEL RABBIT OF HOPE!

We were amazed by Lexi Bunny's transformation, and when Ace Bunny saw her, he did wild takes just like his ancestor, Bugs Bunny.

Me: Whoa, now Lexi's the next one to transform.

Nico: You said it, Colonel, Lexi has transformed into her new Super Angel 750,000,000,000 form, and from the wild takes from Ace, he's already liking it.

Lexi Bunny: (Divine Echoing Soundwave Voice of Hope) **Tell Ace to hold those lips as soon as I end that miserable Rodyle for good. Alright, you miserable bastard, let's dance.**

Lexi Bunny went after Rodyle, and she fired powerful blasts of pink fire, pink energy blasts, stars, and brain blasts, which hits Rodyle, and they exploded with incredible power. Then, Lexi Bunny slashed off Rodyle's arms with her newly improved Sword of Wenenut, and Rodyle screamed in excruciating pain.

Lexi Bunny: **This is the end, Rodyle. hope your miserable soul is ready for an eternity of agonizing torment in The Further. DARK STYLE NINJA ART: EARTHBOUND IMMORTAL CCAPAC APU!**

Lexi Bunny fired a massive wave of darkness and blue energy, which had transformed into The Giant Earthbound Immortal Ccapac Apu, and it fired a blast of purple energy, which ripped Rodyle's soul from his body and devoured it, and it wound up in The Further forever, and his body was reduced to ashes, as a result.

Lexi Bunny: **May you never return to plague us again, Rodyle.**

Lexi Bunny holstered her massive Sword of Wenenut on her back and powered down, but her new body, clothes, weapons, and jewelry were permanent, and we cheered wildly for what Lexi Bunny did to Rodyle. Then, Lexi Bunny was caught off-guard by Ace Bunny, who rushed over and he hugged her and kissed her with fiery passion on her lips, and she returned it with equal intensity.

Me: Whoa.

Nico: I guessed that Ace had a thing for Lexi, but he hid it well. But, after what'd happened thanks to their Super Angel 750,000,000,000 transformations, that whole keeping their feelings a secret is now out the window.

Me: You got that right, Commander.

Tech E Coyote: And I'm sure Kalin is cheering for what Lexi did, using that technique on Rodyle.

Nico: I was just thinking the same thing, Tech. But, you better get ready, tomorrow is your day to transform.

Tech E Coyote: And I can't wait to see the slimy bastard I'm going to kill.

Plankton: But at least he is gone. But I don't have anywhere to go.

Alt. Lincoln: Plankton. Go with them.

Plankton: What?! But I can't leave you guys alone!

Alt. Lincoln: (smiles sadly) You have to. Their world is much better than this one.

Lily: Besides you deserve to rekindle your friendship with Mr. Krabs after everything that happened.

Laney: That's right Plankton. You need a better life.

Me: (to the Resistance) But you guys should also have a better life in our Solar System too. After everything that happened here you did not deserve this to happen to you all.

Alt. Lola: But where will we go?

Me: I built a new estate world tree for you guys on a floating colony in the clouds of Saturn.

Alt. Lori: Wow.

Nico: Yep.

Alt. Lori: Lori, promise you won't make the same mistake we did.

Lori: Okay. I literally promise.

Alt. Lori: Thanks. And please. You guys need to start taking responsiblity for your own actions.

Lori: We will literally try.

Me: What happened here was horrible.

Nico: No kidding. But at least we're going to make sure that this kind of future never happens to our planet Earth. Lets go home guys.

We went back home and the rest of the Phoenix Firestorm Resistence was given a new home in Saturn in the Saturn Floating Tree Estate.

Later at Lynn's Table we were celebrating the defeat of Him and then Zs'Skayr, Loki, Angel, Toiletnator, Katnappe, Xaldin, Common Cold, Comic Book Guy, Larxene and Rich Texan appeared.

Nico: Zs'Skayr, Loki, Angel, Toiletnator, Katnappe, Xaldin, Common Cold, Comic Book Guy, Larxene and Rich Texan.

Toiletnator: Sounds like you guys have one helluva adventure.

Angel: Yeah no kidding.

Plankton: Look, I know I'm not the Plankton that you guys killed here.

Zs'Skayr: And we're fine with that.

Loki: But you're more then welcome to work at the Krusty Krab.

Angel: And you can join either the Redemption Squad or Masters of Evil.

Toiletnator: (to me) On a happier note, we heard you went to Nowhere again.

Me: Yep we sure did.

Katnappe: Who did you kill there this time?

Me: We didn't kill anyone. We arrested someone. His name was Sharky and he was a river pirate that was after a really awesome Opera-Singing Sea Serpent named Carmen. She has a great voice.

Ultra Humanite: Ahh she sings most amazing opera.

Nico: Boy she sure does.

?: Boy no kidding.

A figure came out and it was ARTILLA from episode 28 of Wild Force!

---

With the Nexus messed up due to the interference of the fake Master Org, Mandilok released two powerful Duke Orgs: a tank-themed Org named Artilla and a helicopter-themed Org named Helicos. The General Org was hungry and Artilla and Helios were used as bodyguards in case the Wild Force Rangers interfered with his meal. They first escorted Mandilok to a Colosseum to consume the human food. When the Rangers appeared, the two Duke Orgs came in to protect their master and defeated them with shear power. With the Rangers out of commission for the time being, Mandilok and the two Duke Orgs escaped.

They later returned to the city, where Mandilok orders them to prepare two large buildings for "lunch." Before they could, they were stop by the young boy named Kite. The two Duke Orgs attacked Kite, but the boy kicked Helicos' leg and ran off, causing the two Duke Orgs to give chase. They eventually cornered Kite, and Artilla was about to use his Cannon Shot on him until the Red Ranger came in on his Savage Cycle and took the shot. Later the Yellow, Blue, White and Black Rangers came in their Savage Cycles and blasted the two Duke Orgs, but they were still outmatched and the Orgs defeated them again before escaping.

Artilla and Helicos returned again, but this time the Rangers successfully managed to capture the two Duke Orgs. The Blue and Back Rangers took on Artilla and the Yellow and White Rangers took on Helicos, but even separate, they were still more then a match for the Rangers, and they defeated them again, even with the aid of the Lunar Wolf Ranger. After Mandilok went after Princess Shayla and Kite, Merrick went after him. The Rangers ultimately acquired the upper hand, with Taylor and Alyssa slicing back Helicos' Boomerang Blades with their Golden Eagle Sword and White Tiger Baton which cut off one of Artilla's treads. Cole then tied up Helicos with Artilla's tread, causing him to fall over due to the weight, and Danny holding down Artilla for Max to cut off Artilla's turret using his Blue Shark Fighting Fins, leaving him powerless. Cole then destroyed Helicos with his Falcon Summoner Archer Mode while the other Rangers destroyed Artilla with the Jungle Sword.

Toxica enlarged the two Duke Orgs, and the Rangers tried to summon the Wildzords, but they weren't responding. Because of this, the two Duke Orgs easily overpowered the Rangers before Kite cleared away the clouds, allowing the Rangers to summon their Wildzords and form the Isis Megazord. They used theGiraffe Spear to bring Helicos down to the ground and then deployed the Isis Stare on the two Duke Orgs, freezing them in place, and with the Final Strike attack, the two Duke Orgs are destroyed once and for all.

---

Cole Evans: Artilla!

Artilla: Been a while rangers.

Me: I remember you! You and Helicos were the bodyguards of Mandilok to protect him as he eats some buildings for food.

Artilla: That's right. Good memory on you J.D.

Me: Never missed an episode.

May: What do you think of turning into a tank?

Artilla: That's a good idea. What do you guys think of an M1 Abrams tank?

William: Perfect! Just like the live action version of Brawl!

Brawl: That's a cool idea dude!

Artilla: Yeah it is!

Me: Yep.

Nico: Aw yeah! Lets get the battles underway.

We did so.

---

Battle 1: Edd/Iron Boy. Starlight Glimmer, Undead Skylanders, Danny Phantom, Shockwave and Soundwave VS Zs'Skayr

---

Zs'Skayr was first.

Zs'Skayr: (to Iron Boy) I can tell you guys are pretty much haunted by what happened in that world. But at least you got to kick Jock's ass again.

Edd: Indeed and it was good to release fury on him again.

Starlight Glimmer: But thank goodness we never have to see those dirtbags again.

Hex: Thank goodness.

Danny Phantom: Yeah along with Plasmius.

Zs'Skayr: Good riddance. Lets do it!

They fired stars, bones and energy and smashed him down.

Edd: AMAZING!

Starlight Glimmer: That was so fun!

---

Battle 2: May, Rarity, Sweetie Belle, Water Skylanders, Kid Muscle, Kevin Levin and N VS Loki

May: We're not gonna let what happened in that world happen to our world.

Rarity: No we won't darling. What happened there was terrible!

Sweetie Belle: You're not kidding. That version of Earth was awful.

Gill Grunt: You're not kidding.

Kid Muscle: Yeah that was awful.

Loki: Thank goodness we won't let that happen now that Both versions of Him here and there are dead and gone forever. Lets do it!

They fired waves of energy, jewels, water and ice and smashed him down.

May: OH YEAH!

Rarity: Rapture darling that was grand!

---

Battle 3: Skyla, Princess Luna, Snowdrop, Children of The Night, Dark Skylanders, Timmy, Wanda, Cosmo, Poof, Chloe, Trixie, Nightshade and Luminous VS Angel

---

Angel was next.

Angel: (to Skyla) Did J.D. really meet a Greninja Gene Slammer this morning?

Skyla: Boy we sure did and her name is Lillian Rodriguez. She is one of Nico's friends from his school.

Princess Luna: She was in his Gym Class and specialized in martial arts.

Snowdrop: It's great she's a Greninja and that is a powerful martial arts Pokemon.

Gari: That's right.

Blackout: That's very coincidental and it's perfect for her.

Timmy: You got that right.

Wanda: It's really awesome.

Angel: It sure is. Lets do it!

They fired waves of magic, wind, light and darkness and smashed her down.

Skyla: That was awesome!

Princess Luna: A true victory of the night.

---

Battle 4: Layla, Princess Celestia, Light Skylanders, King Arthur, and Team Rocket VS Toiletnator

---

Toiletnator was next.

Princess Celestia: It's awesome that Nico and Lillian are back together.

Spotlight: It sure is. I'm glad for them.

King Arthur: Me too.

Toiletnator: I'm happy too. Lets do it!

They fired waves of water and light and smashed him down.

Layla: ALL RIGHT!

Princess Celestia: That was so much fun!

---

Battle 5: Starfire, Twilight Sparkle, Sunny Starscout, Magic Skylanders, Gru, Thundercracker and Skywarp VS Katnappe

---

Katnappe was next.

Katnappe: (to Starfire) At least Plankton and Mr. Krabs are friends again. Like what happened between you and Blackfire.

Starfire: Except Blackfire was possessed by an evil force. Plankton had a massive wakeup call.

Twilight Sparkle: After everything that happened in that version of Earth it was a good wakeup call too.

Sunny Starscout: It sure did.

Spyro: Yeah. But after everything Plankton did, I don't think that he is gonna be welcomed back in Bikini Bottom anytime soon.

Gru: Yeah no kidding.

Katnappe: But it'll take a while for him to be forgiven. Lets do it!

They fired waves of magic and energy and smashed her down.

Starfire: Glorious!

Twilight Sparkle: That was amazing!

---

Battle 6: Beast Boy, Fluttershy, Tornado Bolt, Life Skylanders, Kayley, Jungle Fury Jarrod and Camille VS Xaldin

---

Xaldin was next.

Xaldin: (to Beast Boy) Do you think Plankton should join the Redemption Squad or Masters of Evil?

Beast Boy: It's up to him. But after everything he did to try and steal the Krabby Patty Secret Formula, he should join you guys. But again it's up to him.

Fluttershy: I agree. But he would make a great archenemy for one of our small friends like Lucy Little.

Tornado Bolt: Just who I was thinking.

Stealth Elf: Same with me. Awesome.

Kayley: I agree too.

Xaldin: I think that's a great idea. Little VS Plankton. Not a bad matchup. Lets do it!

We regrouped and cheered wildly.

Xaldin: (to us) You guys are still okay, right?

Maria: Of course we are.

Common Cold: Are you sure? I don't blame you if you aren't. That world really was Hell for you guys.

Blossom: We're honestly a little shaken up by what happened in that world. But we'll be fine.

Comic Book Guy: (sighs) Look, anytime you guys want to talk about what happened on that world with us, you can.

May: Thanks, Jeff.

Larxene: One thing's for sure. We need to make sure that dark future never comes to pass. EVER!

Me; Thanks guys. We appreciate that.

Nico: But you all did a great job today guys. Lets head home.

Blossom: (To the viewers) Never mess with the events that happened in time or there will be horrifying consequences.

Me: You got that right Blossom. Some events are supposed to be left alone.

We went back home and went to sleep for the rest of the day after having a horrifying day today.

TO BE CONTINUED..

Part 10 done.

The Powerpuff Girls episode Speed Demon is beyond a shadow of a doubt, the most darkest and scariest episode of The Powerpuff Girls. That episode was so scary that every time the people said Your Fault it sent shivers of fear down my spine. But I was too young to know what they were doing back then and it was scary. The episode aired on June 2nd, 2000 and it was scary. The first part was for the awesome Courage The Cowardly Dog episode called Serpent of Evil River and that was a great and funny episode. The second part was for another dark episode of The Powerpuff Girls called Tough Love and that one was a freaky one. It aired on

December 23rd, 1998 and that was a crazy one! This WHOLE CHAPTER was one dark chapter! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next rescue for me is gonna be in the world of Courage the Cowardly Dog yet again. But This time it will be back at the estate and it's gonna be for the episode The Shadow of Courage and we're gonna get scared out of our wits as we think a burglar is in the house but it's actually a shadow that is terrorizing the house. A Shoggoth named Sherryia will come and she will have a Digimon Gene-Slammer named Simone and she will be a Zhuqiaomon Gene-Slammer. First one ever. The 2nd part will be in the world of Skylanders Trap Team and we're going to see Kaos' friend world Wilikin World and it'll be a really interesting place to see. We're also gonna meet and fight Hans Sprungfeld A.K.A. Jebediah Springfield, the most dangerous and most ruthless and most notorious traitor of all in America's history and we're going to bring him to justice and Lillie of Pokemon is gonna transform in that one and Lusamine will be amazed. Also get ready for a big first in this as we go into the next chapter and that's gonna be a good one as we go into the world of the 1961 movie THE PIT AND THE PENDULUM! We're gonna get into one helluva fist fight with Nicholas Medina as we stop him from slashing a man in half with a deadly razor sharp pendulum axe and we're going to make sure he is stopped!

See you all tomorrow.

# The Insane Man and The Giant Axe

At the estate in the late night hours, we were trying to get some sleep.

Everyone but Eustace, Courage, Muriel and Francesca.

Courage: (Frightful Talk)

Eustace: Oh dog!

KICK!

Eustace kicked Courage off the bed and into the wall.

Courage went to the window and then he saw something on the ground and howled.

THUNDERCLAP! THUNDERCLAP!

He saw it come into the house!

Courage: AAAAAAAAAAAAAAAAAAAHHHHHHHHHHHHHH!

He went into the bedroom in fright!

Francesca: Courage what's wrong!?

Courage: (Babbling)

He turned into a burglar and then they went down to the living room and Francesca was armed with her sword and Eustace had a baseball bat and Muriel her rolling pin.

But they saw nothing.

**Courage:** "This is crazy. I saw a burglar, I did!"

Francesca: If there is a burglar where is he?

**Eustace:** "That's it, you're sleeping in the attic."

**Courage:** "But I don't wanna sleep in the attic. I'm telling you there's someone here, or my name is Shirley, and it's not."

They went back upstairs.

Then a figure appeared in the window and it was really a living shadow and it laughed!

**Muriel:** "Eustace, must he really sleep in the attic? It's so cold!"

**Eustace:** "He seemed happy to me."

Francesca went and got us and we knew something was up.

Lucilla Emerson: I can't believe I'm transforming here in the Estate!

Lucilla concentrated and groaned as her skin darkened.

Me: No that is a good thing. At least we don't have to go very far from home.

Lucilla turned into UMBREON!

Francesca: Courage said that there have been sightings of what he thinks is a burglar.

Me: If there was a burglar the intruder alarm would have picked it up.

Courage was sitting on the floor thinking and he was shivering and wrapped in a blanket. He had a thought of the burglar strangling Muriel and then bashing her on her head with a fish and then blowing a noise maker in her ear with a noise maker.

Courage: (Howls) I just know something bad is going to happen.

Then his shadow turned into a horrifying monster and he saw it roar!

Shadow: RRRRRROOOOOOOOOOOOOOOOOOOOOOOOOOOAAAAAAARRR

Courage: AAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHH!

CRASH!

He smashed through the door and came to us.

Me: Courage what's wrong!?

Courage: Come on!

We followed him and then we came to the attic door and saw a hole in the shape of him.

Eustace: Did you break that door!?

Courage: OH! FORGET THE DOOR! (Turns into a monster and roars)

Me: Whoa this must be bad!

Francesca: Oh no!

We went into the attic and then we saw nothing.

**Courage:** "But, but!"

**Muriel:** "Now, Courage, we aren't doing this all night are we?"

Muriel and Francesca went down to the bedroom.

Me: I hope this isn't a wild goose chase.

**Eustace:** "What did I tell you? If you wake me up again, you'll be sleeping with the termites, so I'm giving you one more chance to act like a real dog."

**Courage:** "Master."

Muriel: "I wonder what is taking Eustace so long, he should be here by now."

A shadow appeared and it turned into Eustace strangling Courage and Muriel and Francesca gasped and got out rolling pins and went for the attic.

POP!

Eustace: OOOGA BOOGA BOOGA!

Eustace had his eyeballs grow to the size of basketballs and he scared Courage.

Courage: AAAAAAAAAAAHHHHHHH!

Eustace laughed and Muriel and Francesca came in and then…

BONK!

They bashed him on the head and picked up Courage.

Muriel: "Now you sleep in the attic!"

They left and closed the door.

Eustace: "What did I do?

Eustace wrapped himself in the blanket.

Eustace: I can't believe I have to sleep in the attic! (His shadow turns into a bunny) Who's doing that? (Then it turned into Courage) Oh, it's you! (The shadow raspberried him and the laughed at him) Mock me, eh? Two can play at this game.

SLAP SLAP!

He blatthered the Shadow's lips and laughed.

Then…

CRUNCH!

The shadow bit his hand!

Eustace: OWWWW! I'll strangle you for that. (The shadow ran) Come back here!"

The shadow laughed and went under the door and Eustace crashed through it.

CRASH!

Eustace: OW! Now look what that dog made me do!

I was sitting with Courage and Lucilla too along with Allie, Missy, Francesca and Eli. Then we saw the shadow laughing and it went up the wall and behind the bed.

Eli: Whoa did you see that!?

Lucilla Umbreon: It's a good thing I'm an Umbreon right now!

Francesca: Yeah.

Me: What is that Shadow?

Laney: I don't know but I don't like it.

Courage: (Squeals in fright and shivers)

Eustace: There you are!

He came and strangled Courage!

Francesca: Back off Grandpa Eustace!

BONK!

Francesca and Muriel both hit him on the head with a rolling pin and Eustace let go and chased after Courage.

We went after him!

We chased him into the kitchen and we found him strangling Courage again and then…

KRABONK!

Eustace: OW!

We later went to the computer.

Courage: "Come on, come on. Evil, shadowy, evil things, search!"

Computer: "You twit. Do you mean evil shadows?"

Courage: "I don't know."

Computer: "What a loser. Of course you do."

Courage: "Okay, you don't have to get personal!"

Computer: "Searching. Search found. 1 item."

Courage: "What? What?"

Computer: "Evil shadows. I wouldn't want them in my house."

Courage: "I better stop that, I'm beginning to like it. How do I get rid of evil shadows?"

Computer: "How to get rid of evil shadows.

1. Pleasant conversation.

2. Move out of the house."

Courage: "Are you kidding? This thing is dangerous, how do you talk to an evil shadow?"

Computer: "I don't know. You're on your own, kid;)"

Me: We got to find that shadow though.

Eli: Lets look in the basement.

Courage: Things I do for love.

We turned on a flashlight.

Courage: Hey shadow! Are you down there?

A shadow monster was on the wall and it roared.

Courage: AAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHH!

Courage's heart beat fast.

Me: Whoa! Lets go.

We went downstairs.

Courage: Okay, shadow, where's Muriel? (SHADOW ROARS AS ANOTHER MONSTER) AAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHH! (CLICKS FLASHLIGHT ON AND OFF)

The shadow formed into Muriel.

Courage: Muriel! (SHADOW PULLS OFF HIS HEAD) (POP!) AAAAAAAAAAAAAAAAAAAAHHHHHHHHHH! (CLICK CLICK!) Muriel, are you okay? (Shadow forms into Muriel Burning at the Stake) (CLICK CLICK) Next it formed into Muriel about to be cut in half by a saw) Oh my goodness! (CLICK CLICK) (Next it formed into Muriel about to be pulled by her arms and legs by the rack) No, don't. No! (RIP!) (CLICK CLICK) (Then the shadow formed into Muriel about to be crushed by a spiked press) OH NO NOT THAT!

He clicked the flashlight on and off repeatedly and formed into numerous images. He formed into a wiggling ghost, then a a hammer banging on an anvil, a screw and a ball with people cheering in the background and a cuckoo clock. Then the shadow cried.

**Shadow:** Stop already!

Me: Huh?

Eli: What the?

Shadow: I can't take it anymore. On and off, on and off! You are driving me crazy!

**Courage:** "I'm driving you crazy? What have you done with Muriel?"

**Shadow:** "I haven't done anything to her."

**Courage:** "Then where is she?"

Me: Yeah!

**Shadow:** "What do I look like, her twin?

We heard the toilet flush and Muriel came out.

Me: Oh.

Shadow: See she's been in the bathroom."

**Courage:** "Okay, so why are you scaring everyone to death?"

Lucilla Umbreon: Yeah!

**Shadow:** "Well, I was the shadow of a cruel, old, rich dude."

Me: You mean Old Man Rummington?

Nico: That cruel rich man that lives right down the street from Lord Tetherby?

Shadow: That's him.

**Courage:** "Yes, yes, go on."

**Shadow:** "But that's not me, that's not me at all, I always wanted to be in showbiz, to be a star, baby, a star."

**Courage:** "Don't we all? I have an idea! Come with me."

We went outside and looked at the stars.

**Courage:** "I don't know how to make it in showbiz, but up there are the real stars. Why don't we hang with them?"

**Shadow:** "You mean become the shadow of a real star?"

**Courage:** "It's worth a try."

Me: It is worth a shot.

**Shadow:** "Never thought of that before. Sounds too romantic to me, but what the heck, it sure beats scaring the jeepers out of folks.

**Courage:** "By the way, have you seen the farmer?"

**Shadow:** "Yeah, he's hiding in that old pick-up truck in the garage. He's a bigger coward than you are."

**Courage:** "Gee, thanks. Good luck!"

**Shadow:** "Thanks, see you in the funny papers."

**Courage:** "Not bad."

We saw the shadow merge with a star and we saw one glow bright than anything we know.

Me: Wow.

Then we saw Zhuqiaomon looking at himself?

Zhuqiaomon: (sees what appears to be his reflection) Now that's one handsome Digimon.

2nd Zhuqiaomon: (In a girls voice) That's because I'm the real thing.

Zhuqiaomon: What the!? A second me!? How? I thought there can only be one of me.

Nico: That's because she's a Digimon Gene-slammer.

2nd Zhuqiaomon: That's right. My name is Simone Honou and it's an honor to meet you all.

Me: Wow! A Digimon Gene-Slammer. We never saw one like you before.

Missy: This is amazing! We have encountered Pokemon Gene-Slammers, Dragon gene-slammers but NEVER Digimon Gene-Slammers.

Eli: This is a total first.

Lana: Awesome!

Maria: Hey, we've encountered animal Gene Slammers too. I wonder if we'll ever encounter Ben 10 Alien Gene Slammers and Dinosaur Gene Slammers.

Missy: That is a strong possibility.

Nico: But Simone how did you get turned into a Digimon? Digimon are made of digital code and data. The only way for that to happen to you is if they turned Digimon Code into organic matter.

2nd Zhuqiaomon: That's exactly what happened to me.

Eli: Boy those Team Rocket Scientists have REALLY thought of everything!

Laney: No kidding. This takes playing with fire to a whole new level.

Me: But still this is amazing though. Now you have the powers of the Digimon Sovereign of the South, Zhuqiaomon. He represents fire and the phoenix.

2nd Zhuqiaomon: That is amazing.

May: Is anyone else with you?

?: Just me.

A figure came out and it was a Shoggoth!

Me: A Shoggoth!

Brittney: One of the dark monsters from H.P. Lovecraft's Necronomicon.

Sherryia: That's right. I'm Sherryia and it's an honor to meet you all.

Me: Same here Sherryia.

Miia: Awesome having you here.

Sherryia: Same here Miia.

Me: Awesome. Lets get you back to human Simone.

I put on my blind man glasses and the boys covered their eyes and I snapped my fingers and Simone reverted back and it was painful. Lucilla reverted back too.

Lucilla and Simone were reverting back.

Lucilla: (loses her tail) Is this your first time reverting?

Simone: Yeah it is! (Bones cracking) OW! IT HURTS!

Missy: It's gonna take a while for you to get used to.

Qin: Yeah it happens to me too.

Simone and Lucilla reverted back but they were naked.

Simone: (Covers herself) Whoa. Geez! EYES TO YOURSELVES PERVERTS!

I gave Simone and Lucilla new clothes. Simone's clothes were the colors of Zhuqiaomon.

Simone went to the bathroom and put them on. She came out wearing a beautiful ensemble.

Simone: Wow these clothes are amazing. (holds her head in pain while crying) No! I'm a human! Not a Zhuqiaomon!

Zhuqiaomon: You are in a way both because you are a gene-slammer of me.

Qin: Simone, reign in the power with the strength of your will.

Me: That's right Simone. You are now both human and a Digimon.

Jeri: Just like my friends.

Eli: You can become a power of good with both human and Digimon powers Simone.

Simone groaned and then a Red Aura flared up and she had an incredible power boost. The heat coming off of the aura was intense!

Laney: WHOA! That aura is amazing!

Lola: Whew! It's intense!

Nico: Wow!

Simone: Wow! I feel the power and it's now part of me.

Maria: How do you feel?

Simone: Amazing! It's like I can take on the strongest of evil Digimon with ease.

Nico: Yeah the 5 Sovereigns are amazing and powerful.

Simone: I still have a lot to learn.

After dealing with that pesky shadow that was terrorizing the World Tree Estate, Lincoln, Me, Nico, Eli, Nicole, Lillie, Lusamine, and The Skylanders were heading to Wilikin Village in the Skylands to see the Wilikin, who were Kaos' friends from long ago, and not only is Lincoln going to rescue the nine girls there, but we also got word that Hans Sprungfeld A.K.A. Jebediah Springfield, the most dangerous, ruthless, and most notorious traitor of all in America's history, has come back from the dead. This would also be the perfect opportunity for us to bring him to justice for good.

Lincoln: Wow, we're in Wilikin Village in the Skylands

Me: Looks like a giant dollhouse village.

Nico: It sure does. Lola and Sarah would love this place.

Lincoln: And I think I know just what we're going to do here, not only am I going to rescue the nine girls there, but we also got word that Hans Sprungfeld A.K.A. Jebediah Springfield, the most dangerous, ruthless, and the most notorious traitor of all in America's history, has come back from the dead.

Me: That's right, big guy, and this is going to be the perfect opportunity for us to bring him to justice for good.

Nico: Yeah, he's the source of why Springfield became so corrupt in the first place, and he must be brought to justice for good.

Eli: That's right, and I sense Lillie is going to transform, this is going to be good.

?: HELP!

Suddenly, Lincoln had heard the sound of nine girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the nine girls, but they've been cornered by Hans Sprungfeld A.K.A. Jebediah Springfield, and he's going to kill them.

Lincoln: Guys, I found the nine girls, but they've been cornered by Hans Sprungfeld A.K.A. Jebediah Springfield, and he's going to kill them. Come on, let's go.

We rushed on over, and Lincoln punched Hans Sprungfeld hard in the stomach, and sent him flying. When he saw us, he was immediately enraged. We were facing HANS SPRUNGFELD A.K.A. JEBEDIAH SPRINGFIELD!

---

**Hans Sprungfeld**, generally known as **Jebediah Springfield**, is an antagpnist in the animated series *The Simpsons* . He is the founder of the city of Springfield, and although widely regarded as a hero by its citizens, he was actually a vicious pirate, as revealed in the episode "Lisa the Iconoclast".

He was voiced by Harry Shearer, who also voices other characters in the series, such as Mr. Burns, Waylon Smithers, Kang, Legs, Mr. Largo, Herman Hermann, and Birch Barlow.

When the kids are assigned to do essays on Jebediah Springfield for the city's two-hundredth anniversary, Lisa goes to the historical society to learn more about him. While checking out his possessions, Lisa tries to play his fife, accidentally discovering Springfield's secret confession, which exposes his true colors. It reads as follows:

" *Know ye who read this there is more to my life than history records. Firstly, I did not tame the legendary buffalo, it was already tame, I merely shot it. Secondly, I have not always been known as Jebediah Springfield. Until 1796, I was Hans Sprungfeld, murderous pirate. And the half wits of this town will never learn the truth, ha ha ha ha ha ha ha ha. I write this confession so that my infamy will live on long after my body has succumbed to my infectious diphtheria.* „

He also tried to kill George Washington but was defeated. Lisa comments these facts with her parents, but only Homer believes her while Marge refuses to accept this. Next she explains that Sprungfeld got his tongue bit off in a fight with a turk and replaced it with a silver one. Lisa and Homer go on a mission to tell the citizens the truth, but instead of believing, the Springfieldians get upset at them. Both Simpsons are then taken to the local authorities and manage to convince them to dig up Sprungfeld's grave to find out, but once there they don't come upon any silver tongue.

Lisa seems to give up, but thanks to a dream she goes back to the historical society and finds the tongue, which Hollis Hurlbut (historian and head of the foundation) confesses having hid after opening the coffin. She also shows him that Sprungfeld's confession was actually written in a strip from the portrait of Washington that is kept at the society, which got stuck in Hans' boot as he was leaving after their fight. Hurlbut finally agrees to reveal the truth, so he goes and interrupts the parade so Lisa can speak to everyone, but she realizes that the myth of Jebediah Springfield has value since it brings out the best in the townspeople, and that they would lose hope and morale if the truth is to be revealed to the public. As such, she limits herself to saying that he was a great man, to which the crowd applauds, and the parade continues.

---

Hans Sprungfeld: Who dares to get in my way?!

Me: Those who knows that your foul deeds has led to the corruption of Springfield, and made it the worst place ever in America.

Nico: (Smirks) That was until we destroyed it, killed and arrested those responsible for its corruption, and made sure it was now a forgotten memory.

Me: Springfield is now nothing more than a radioactive crater and is completely destroyed!

When Hans Sprungfeld heard it, he fell into a dark rage and screamed at the top of his lungs.

Lillie (Pokemon): And we've had it up to hear with you to last for an eternity.

Suddenly, Lillie's green eyes turned neon green, and she was surrounded by a white energy aura with snowflakes, and as she approached Hans Sprungfeld, she left white energy and snowflakes with every step.

Lillie (Pokemon): Hans Sprungfeld A.K.A. Jebediah Springfield, your crimes against America over 200 years ago have led to the corruption and destruction of Springfield by the hands of Team Loud Phoenix Storm, and now, I shall bring you to justice and see to it that you pay for your crimes once and for all!

Then, Lillie was surrounded by a massive vortex of white energy with snowflakes and ice surrounding it, there was an Alolan Vulpix running around the vortex, and inside the vortex was a gold phoenix. Then, as the vortex faded, Lillie emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Lillie grew to 5'11" in height, she had the body of a goddess, her long platinum blonde hair has white highlights, she has an Alolan Vulpix holding the Snow Kanji emblazoned on her forehead and large white angel wings with snowflakes fallig from the yellow tips of the white feathers, she has on Alolan Vulpix earrings holding the Snow Kanji in its paws, a necklace with an Alolan Vulpix holding the Snow Kanji in its paws for the pendant, she has on a sleeveless white blouse with a gold phoenix, a white skirt with snowflakes and ice on it, white leather ankle-high combat boots, and a white sleeveless trenchcoat with snowflakes and ice on the coattails and an Alolan Vulpix on the back. She has a new large sword in her hand called Winter's Dawn, it's a large sword with an Alolan Vulpix etched on the 6'5" massive, wide, double-edged snow white blade, marine blue angel wings for the crossguard, a large light blue gem for the hilt, longer marine blue handle, and large faceted marine blue sphere pommel with surrounding light blue gems. Lillie has on her new Bracelets of the Champions of The Universe with blue gems on her wrists, hew new Belt of Elemental Bravery with large blue gem for the belt buckle on her waist, and Eater of Sins revolver holstered on her left hip. There was a light blue kanji on the back below the Alolan Vulpix that said, "Lillie, Fairy-Type Pokemon Trainer of The Alola Region, Trainer and Friend of Snowy The Alolan Vulpix and Magearna, Master of Ice and Cold, and Amazing Member of Team Loud Phoenix Storm."

リリー、アローラ地方の妖精タイプのポケモントレーナー、スノーウィーのトレーナーであり友人であるアロランロコンとマギアナ、氷と寒さのマスター、そしてチームラウドフェニックスストームの素晴らしいメンバー。

Lillie has now transformed into SUPER ANGEL 750,000,000,000 FAIRY SNOWSTORM POKEMON ANGEL OF LOVE AND HOPE!

We were amazed by Lillie's transformation, and when Lusamine saw it, she was amazed by what had happened to her daughter, who's now become a beautiful young woman. But, when Hans Sprungfeld saw it, he fell into a black rage.

Me: Wow, Lillie's become the second to transform.

Nico: You said it, bro, and Lusamine is amazed by what happened to her.

Lincoln: Plus, it's also sent that traitor into a black rage.

Lillie: (Divine Echoing Snowstorm Voice of Love) **That's right, Lincoln. Now, let's make that traitor pay for what he's done.**

We transformed, and we went after Hans Sprungfeld, and we blasted him with powerful neon colored energy blasts, elemental forces, and massive blasts of ice and ice lightning at him, which'd exploded with incredible power, and froze him solid. But, Lincoln fired a neon blue energy blast, destroying it and bound the traitor of America's history in an indestructible straitjacket, so he couldn't escape.

We holstered our massive blades and powered down, but Lillie's new body, clothes, weapons, and jewelry were permanent. Lusamine ran up to her daughter, and hugged her tight, and Lillie returned it as well.

Lusamine: I'm so proud of what you've become, Lillie. You've become a strong young woman and an amazing member of Team Loud Phoenix Storm.

Lillie (Pokemon): Thank you, Mom.

They both hugged.

Lincoln: I'm happy for you and Lusamine, Lillie.

Me: (Smiles) We both are, big guy.

Then, Lincoln and Nicole went up to the nine girls here, and when Lincoln saw them, he immediately recognized them. The nine girls were Ines Lorenzen and Beryl Benito from Tales of Heart, Annie Barrs from Tales of Rebirth, Illia Animi, Ange Serena, Hermana Larmo, QQ Selezneva, and Cheria Barnes from Tales of Innocence, and Ascal from Tales of Graces.

Lincoln: Oh wow, it's Ines Lorenzen, Beryl Benito, Annie Barrs, Illia Animi, Ange Serena, Hermana Larmo, QQ Selezneva, Cheria Barnes, and Ascal.

Nicole: From Tales of Heart, Tales of Rebirth, Tales of Innocence, and Tales of Graces, awesome.

Lincoln: Are you girls okay?

Ines Lorenzen: Yeah, we're okay, thanks to you.

Then, when Ines Lorenzen and the eight girls saw who it was that saved them from Hans Sprungfeld A.K.A. Jebediah Springfield, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, deep sapphire blue thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern

ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Ines Lorenzen: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Ines Lorenzen: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

After our exploration of Wilikin Village, we returned home to the Estate, and as for Hans Sprungfeld A.K.A. Jebediah Springfield, he was convicted for his crimes, and he was sentenced to death. After more than 240 years, Hans Sprungfeld was finally gonna get his just desserts. He was executed by Lincoln firing a neon blue energy blast at him, which killed him and Super Hakaied his evil spirit for good. Now, Hans Sprungfeld A.K.A. Jebediah Springfield, along with Springfield itself is now truly a forgotten memory, and when The Springfield Scumbags saw it, they cheered wildly for what Lincoln did, along with Homer Simpson, his kids, and his friends. The Springfield Treasonous 3: Joseph Quimby, Charles Montgomery Burns and now Hans Sprungfeld were all destroyed and erased from memory and history for good.

---

After putting an end to Hans Sprungfeld A.K.A. Jebediah Springfield, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, we were heading back to the gym for a little artistic gymnastics, and the ones performing in this are Lincoln, Nanami Simpson, Gluko, Batch, Shantae, Akko, Tatsumaki, Team RWBY, Emerald Sustari, Dew Gayl, Mai Shiranui, Litchi Faye Ling, and Makoto Nanaya.

Lincoln was dressed in a large orange tank top with a blue phoenix and thunderbird, large orange shorts, and large white sneakers.

Nanami Simpson was dressed in a sleeveless yellow tank top with ocean waves, red shorts, and red sneakers.

Gluko and Batch were dressed in a sleeveless purple tank top, purple shorts with the crescent moon, and black sneakers.

Shantae was dressed in a sleeveless red tank top, red shorts with magic smoke, and red sneakers.

Akko was dressed in a sleeveless purple tank top, purple shorts with red magic smoke, and purple sneakers.

Ruby was dressed in a sleeveless red tank top, red shorts with rose petals and black crescent moon, and red sneakers.

Weiss was dressed in a sleeveless blue tank top, blue shorts with snowflakes, and blue sneakers.

Blake was dressed in a sleeveless black tank top, black shorts with a black cat, and black sneakers.

Yang was dressed in a sleeveless yellow tank top, yellow shorts with flames, and white sneakers.

Emerald Sustrai was dressed in a sleeveless emerald green tank top, emerald green shorts with green flames, and black sneakers.

Dew Gayl was dressed in a sleeveless green tank top, green shorts with purple flames, and green sneakers.

Mai Shiranui was dressed in a sleeveless red tank top, red shorts with flames, and red sneakers.

Litchi Faye Ling was dressed in a sleeveless vermillion red tank top, red shorts with pandas, and red sneakers.

And Makoto Nanaya was dressed in an orange sleeveless tank top, orange shorts with acorns, and brown sneakers.

Lynn: Oh man, this is going to be good.

Me: You said, and Artistic Gymnastics are part of the Olympics. I've seen the competitors perform in this event. It's about flexibility and balance when it comes to this event.

Nazz: I remembered doing this sort of thing when we lived in Peach Creek.

Eddy: And it was the only event we got invited to, because of the fact that we had a bad reputation there long ago.

Edd: And Ed did have nightmares about Johnny that day.

Lori: You'll have to tell us about that one day.

And with us was Roddy St. James and Rita from the 2006 movie Flushed Away, and whom I helped stop The Toad from flooding the city in one of my rescues.

Lana: And it's good to finally meet you and Rita, Roddy.

Roddy St. James: (British Accent) You too, Lana.

Rita Malone: We can't thank you enough for what you did in saving Ratropolis from that slimy Toad and Le Frog, J.D.

Me: You too, Rita.

Then, it was time for the event, as Lincoln performed a Backward Somersault, and he landed on the mat perfectly.

Then, Nanami Simpson performed an amazing Aerial Cartwheel, and she landed on the mat perfectly.

Gluko and Batch performed two Cartwheels on the mat, and they landed feet first right on the mat perfectly.

Shantae and Akko performed two Handstand Forward Rolls, and that really impressed us.

Ruby, Weiss, Blake, and Yang performed four Front Handsprings on the mat, and they landed feet first on the mat perfectly.

Emerald Sustrai and Dew Gayl performed two Back Handsprings on the mat, and they landed feet first on the mat perfectly.

Finally, Mai Shiranui, Litchi Faye Ling, and Makoto Nanaya performed three Roundoffs, and they land feet first on the mat perfectly.

When they were done, Lincoln, Nanami Simpson, Gluko, Batch, Shantae, Akko, Tatsumaki, Team RWBY, Emerald Sustari, Dew Gayl, Mai Shiranui, Litchi Faye Ling, and Makoto Nanaya scored perfect 10s in their moves, and the crowd cheered wildly for them.

Me: Wow, Linc, you all did some amazing moves.

Lincoln: Thanks, J.D., and those moves definitely tested our flexibility and our balance, and I can also count those moves as another workout accomplished.

Lynn: No kidding, bro. In every one of my sports that I played, my flexibility and balance is always put to the test, so I knew what I was doing.

Teresa: You got that right, Lynn. (To Shaggy) Shaggy, didn't you incorporate some gymnastics into the workouts for Sibella and her friends when you, Scooby, J.D., and Scrappy were gym teachers at Miss Grimwood's school?

Shaggy: Like, you're right about that one, Teresa.

Lynn: You know, the sports events we've had these past few days, it feels like we're in the Olympics.

Me: I was just about to point that out, Lynn. But, the sports events these past few days have been a lot of fun.

Later we were walking through the dense forest of northern Michigan.

Then we heard farting sounds and then we came to a weird swamp.

Kaguya Otsutsuki: Is this a swamp?

Me: It looks like it.

I then tripped on a rock and then…

SPLAT!

I fell face first into a puddle and surprisingly the puddle was actually not mud.

Me: (Muffled) What the!? (Slurps) Hey! It's cheese!

Nico: Cheese?

Nico tasted some of it and it was really cheese!

Nico: It is cheese!

We saw that we were right in the middle of a Cheese Swamp!

Nico: It's a Swamp of Cheese!

Eli: Wow!

Nico: (Drools uncontrollably) I've died and gone to cheese heaven!

Mei (Overwatch): I Am Weasel? Have you been here before?

I Am Weasel: Believe it or not Mei yes I have. I was filming a documentary on I.R. Baboon and I followed him here for it.

Me: That is amazing.

Eli: And it's located right on the north side of the city.

Simone: This is so cool that there's a Cheese Swamp located right here in Michigan.

Missy: I know. I think that is cool. I was expecting a place like this normally in Wisconsin.

Nico laughed.

Nico: Because Wisconsin has lots of cheese.

Swindle: We just gonna let good cheese lay here?

Nico: No way! Lets get all we can to eat!

Me: First lets christen this swamp.

I gave Nico a flag for Team Loud Phoenix Storm.

Nico: I hereby name this magnificent swamp of cheese in honor of all cheese lovers everywhere, Cheddarglades!

We cheered for him as he planted the flag.

We got to harvesting all the cheese we can get. Thankfully because the swamp is a natural landscape, it'll have cheese forever.

Sunstreaker: That cheese better not get on my paint!

Nico: Don't worry we'll try not to make a mess.

Simone: But this is amazing that there's a cheese swamp.

Missy: It sure is. I wonder if there are anymore food environments like this.

Me: That would be an awesome sight to see.

Hunter: (German Accent) Wouldn't it be amazing if there was a Breakfast Bog?

Qin: Like with what happened when we saw Swallow Falls as a giant food animal island.

Nico: That would be awesome.

We went back to the estate.

---

We were getting ready to go onto our next mission.

Volcana: J.D., as much as I'd like to make melted cheese from all this, it's your turn to lead today.

Me: I know.

Me, Lucy and Lucille were reading Edgar Allan Poe's THE PIT AND THE PENDULUM!

Nico: Ooh that's a scary one. Let me guess, the next mission is for that.

Me: Yep. Except we're gonna go into the world of the 1961 movie.

Eli: That was a scary movie.

Varie: Vincent Price did a great job in that movie.

Simone: Boy he sure did. That was a great movie.

Me: One of my dad's favorites.

Then Zs'Skayr, Loki, Angel, Toiletnator, Katnappe, Xaldin, Common Cold, Comic Book Guy, Larxene and Rich Texan appeared.

Angel: Can me, Zs'Skayr, Loki, Toiletnator, Katnappe, Xaldin, Common Cold, Comic Book Guy, Larxene and Rich Texan go with you guys?

Me: You sure can. Our destination is 16th Century Spain. We're going into the world of The Pit and The Pendulum from 1961.

Comic Book Guy: Ah yes, a really good classic from Vincent Price.

Me: And one of the great works of Edgar Allen Poe.

Brittney: "Take thy beak from out of my heart and take thy form from out my door quote the Raven, Nevermore."

Nico: (Gulps)

We went to the simulator.

---

We went into the simulator and it activated and we were in Spain in the year 1547.

Concrete Man: Here we are.

Me: Yep. Spain, 1547 A.D.

Nico: Wow. This is a creepy place. And that must be the castle we're going to.

Me: Yep that's it.

Eli: That castle gives me the creeps. But I sense a huge evil there.

Simone: I can feel it too. It's bad.

Nico: How can you tell Simone?

Simone: I have this amazing power that enables me to feel Negative Energy and emotions.

Zhuqiaomon: That's just like me.

We went into the castle.

Zs'Skayr: This is actually my kind of place. I'm glad we decided to go here this month.

Me: Same here and Halloween is 6 days away.

Nico: That's true.

Eli: Boy and this is the work of the poem The Pit and The Pendulum.

Me: Yep.

Simone: What are your favorite works of the great Edgar Allen Poe?

Me: I like a ton of them. But my favorites have always been The Telltale Heart, The Raven, Masque of The Red Death, The Pit and The Pendulum and The Murders of the Rue Morgue.

Brittney: Those are some of my favorites too dad.

Allie Wilde: Very scary ones too.

Maria: No kidding.

Plug Man: Let's take a look around.

Me: Okay.

We got to looking around and it was a creepy castle. The place looked like it was like Beast's Castle but a million times more scary.

Xaldin: This castle sure is scary. It's worse than when Beast was under that curse.

Laney: It sure is creepy.

Lily: Yeah.

We then saw that Lori, Lynn and Lola were upset about something.

Me: Lori, Lynn, Lola?

Eli: Are you girls okay?

Lori: (sarcastically) Aside from finding out that we could've caused the entire Earth to be ruled by villains, we're literally fine!

Larxene: You girls can't seriously be upset about that!

Lynn: It's not just that! Everytime we try to do good, we end up making things worse!

Lola: Maybe villains like Plankton's former teammates were right.

Maybe none of us know how to be true heroes at all!

Nico: Girls you know that's not true! What happened to that version of Earth was avoided in this world.

Me: Yeah sure it happened there but it won't happen here.

Eli: That's right girls.

Lori: (Crying) But we literally destroyed that world!

Lola: (Crying) We ruined our home!

Lynn: (Crying) It's because of us that we destroyed the world!

They broke down crying and Bobby, Lightning and Winston comforted them.

Bobby: Oh guys.

Roxas: You girls weren't the ones who caused that world to be destroyed. It was all Him's fault.

Lori: NO! My alternate self was literally right. We have to start taking responsibility for our own actions! And that means not blaming other villains for bad stuff that we caused in the first place!

Me: Lori you're right. But that was not our doing there in that world. You girls might have done that in their world. But it was not our doing in that world. That was an alternate time.

Lynn: (gives Nico something) Here's our letter of resignation, Nico. As soon as we get home, me, Lori, and Lola are leaving the team.

Xaldin: First of all, Nico's not in charge today. And second, even if he was, he still wouldn't accept this!

Nico: And besides, this is a picture of Patrick flying an airplane. It's not a resignation.

Lynn: Oh. I'm not good at writing stuff like that.

Gravity Man: Look, you girls can't just throw in the towel right now.

We have to stop the bad guy of this world.

Lola: Or we might end up making things even worse like we always do!

Winston: Lola come on don't say stuff like that.

Me: Look we get it okay? You girls are upset about what happened to that version of Earth. What Him did to that version of the world was absolutely horrible. Sure it happened in that time but it didn't here. That is what was called an alternate time and universe.

Missy: That's right. It's what's called a temporal paradox.

Me: Yeah.

Maria: Besides, the 20 Days of Darkness may have been bad but at least it's better than having the Earth destroyed!

Nico: That's right. And we were warned that it would happen.

Me: Yep. And had we not jumped in when we did back when we met Zim, that apocalyptic future would have happened. But thank goodness it didn't.

Eli: That's true.

Twilight Sparkle: That's right.

Sunset Shimmer: Don't blame yourselves for what happened in that version of Earth. Sure you girls were trying to stop it from happening but Him wanted that to happen.

Rainbow Dash: Yeah so if anyone is to blame for that world going down like that, it's Him.

Me: That's right girls. Him was waiting for his right moment to come and he got it by unleashing that nightmare unto that version of Earth. But we made sure that he paid for it.

Plankton: Besides, at least me and Krabs are friends again.

Lily: That's true and he is going to start working at the Krusty Krab when the time comes.

Nico: Yep.

Me: The point is girls, just because it happened in that version of the world doesn't mean it'll happen in our world too. It's what's called a temporal paradox.

Fu: It's like what happened when Trunks went back in time to warn Goku and the Z-Fighters of the Impending Android Invasion.

Trunks: That's right! Even though I warned you all of the upcoming Android Attack from 20 years into the future, it happened differently.

Nico: Right I remember that.

Eli: Yeah.

Nico: And like I said before, you can either let this one loss haunt you three for the rest of your lives. Or, you can learn from it.

Rafiki: Like this.

BONK!

Rafiki hit Lori on the head with his stick.

Lori: OW! Geez! What the heck was that for!?

Rafiki: It doesn't matter! It's in the past.

Lori: But that literally hurt!

Rafiki: Oh yes the past can hurt. But the way I see it you can either run from it or learn from it.

May: That's also something Azmuth would say.

Me: Yep.

Ben: That's true.

Rich Texan: So, should we continue searching this place?

Me: Lets do it. But first girls are you okay now?

Lori: Yeah we're fine. I've literally got some sense knocked into me.

Lola: And Lori has the bump to prove it.

Me: Ouch.

Elec Man: So, who's the bad guy here?

Brittney: His name is Nicholas Medina.

Brittney went over his history.

---

In 1547 Spain, Englishman Francis Barnard (Kerr) visits the castle of his brother-in-law Nicholas Medina (Price) to investigate the mysterious disappearance of his sister Elizabeth (Steele). Nicholas and his younger sister Catherine (Anders) offer a vague explanation that Elizabeth died from a rare blood disorder six months earlier; Nicholas is evasive when Francis asks for specific details about the disease. Francis vows that he will not leave until he discovers the true circumstances surrounding his sister's death.

During dinner with the family physician, Dr. Leon (Antony Carbone), Francis again asks about his sister's death. Dr. Leon tells him that his sister died of massive heart failure, literally "dying of fright". Francis demands to be shown where Elizabeth died. Nicholas takes him to the castle's torture chamber. Nicholas reveals that Elizabeth, under the influence of the castle's "heavy atmosphere", became obsessed with the chamber's torture devices. After becoming progressively unbalanced, one day she locked herself into an iron maiden, and died after whispering the name "Sebastian". Francis refuses to believe Nicholas's story.

Francis tells Catherine that Nicholas appears to feel "definite guilt" regarding Elizabeth's death. In response, Catherine talks about Nicholas's traumatic childhood. Their father was Sebastian Medina, a notorious agent of the Spanish Inquisition. When Nicholas was a small child, he was exploring the forbidden torture chamber when his father (also played by Price) entered the room with his mother Isabella and Sebastian's brother, Bartolome. Hiding in a corner, Nicholas watched in horror as his father repeatedly hit Bartolome with a red-hot poker, screaming "Adulterer!" at him. After murdering Bartolome, Sebastian began torturing his wife slowly to death in front of Nicholas.

Catherine and Francis are later informed by Dr. Leon that Isabella in fact was not tortured to death, rather she was entombed behind a brick wall while still alive. Dr. Leon explains, "The very thought of premature interment is enough to send your brother into convulsions of horror." Nicholas fears that Elizabeth may have been interred prematurely. The doctor tells Nicholas that "if Elizabeth Medina walks the corridors of this castle, it is her spirit, not her living self."

Nicholas believes that his late wife's vengeful ghost is haunting the castle. Elizabeth's room is the source of a loud commotion, and it is found ransacked and her portrait slashed. Her beloved harpsichord plays in the middle of the night. One of Elizabeth's rings is found on the keyboard. Francis accuses Nicholas of planting the evidence of Elizabeth's "haunting" as an elaborate hoax. Nicholas insists that his wife's tomb be opened. They discover Elizabeth's putrefied corpse frozen in a position that suggests that she died screaming after failing to claw her way out of her sarcophagus. Nicholas faints.

That night, Nicholas - now on the verge of insanity - hears Elizabeth calling him. He follows her ghostly voice down to her tomb. Elizabeth rises from her coffin and pursues Nicholas into the torture chamber, where he falls down a flight of stairs. As Elizabeth gloats over her husband's unconscious body, she is met by her lover and accomplice, Dr. Leon. They had plotted to drive Nicholas mad so that she could inherit his fortune and the castle.

Leon confirms that Nicholas "is gone", his mind destroyed by terror. Elizabeth taunts her insensate husband. Nicholas begins laughing hysterically while his wife and the doctor recoil in horror. Believing himself to be Sebastian, he replays the events of his mother and uncle's murders. Nicholas seizes Elizabeth, repeats his father's promise to Isabella to torture her, and gags and places her in an iron maiden. He overpowers Dr. Leon, believing him to be Bartolome, and Leon falls to his death in the pit while trying to escape.

Francis, having heard Elizabeth's screams, enters the dungeon. Nicholas also confuses Francis for Bartolome, and knocks him unconscious. He straps him to a stone slab located directly beneath a huge razor-sharp pendulum. The pendulum is attached to a clockwork apparatus that causes it to descend fractions of an inch after each swing, ever closer to Francis' torso. Catherine arrives just in time with Maximillian, one of the servants. After a brief struggle with Maximillian, Nicholas falls to his death in the pit. Francis is removed from the torture device. As they leave the torture dungeon, Catherine vows that no one will ever enter that room again. They slam and lock the door shut; the last horrifying scene shows that Elizabeth is still alive, trapped in the iron maiden.

---

When she was done we were shocked.

Nico: Oh man! We got to find him before he slashes his next victim in half.

Me: You got that right.

Eli: I sense he has his next victim. Follow me!

We followed Eli.

Angel: I'll fly over to where he is!

Eli: The Torture Chamber is right down here!

Nico: Torture chambers are usually underground.

Angel: Oh never mind then.

We got to a door but it was locked.

Eli: It's locked.

Me: We'll blast it open with our entrance.

Ring Man: Let's bust down that door!

Me: Lets do it!

We went at the door.

Nicholas Medina laughed maniacally and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the door and the wall and a Phoenix Cry was heard and then the spirits of the Elemental Masters appeared in the explosion and converged and then I appeared and kicked Nicholas down.

Me: Game's over Nicholas!

Nicholas: Who are all of you?

Me: Your worst fucking nightmare.

Katnappe: I hope you don't have any more victims for today. Because your previous one was your last one!

Me: And we're going to make sure your death is slow and excruciatingly painful.

Nicholas laughed maniacally and he looked at us and saw us as demons from hell and we were laughing at him.

Nicholas then pulled out a knife and went at me and I kicked him in his face and punched the knife out of his hands and smashed him in his face.

Eli fired waves of Force Lightning and electrocuted him all over.

Eli: Hope that will give you a good lobotomy!

Fuse Man: Tne Hell's wrong with him?

Brittney: He's insane. He is a total homicidal maniac driven by intense delusional beliefs.

Toiletnator: C'mon! At least say that you hate us!

Nicholas was laughing like an insane lunatic and went at us and he unsheathed a sword and I clashed with him.

CLANG CLANG CLANG CLANG CLANG CLANG CLANG!

Sparks were flying all over the place and everything in the torture chamber was being set on fire.

Rubberband Man: (grabs him) Rule 1 in battle: Never take your eyes off your opponent!

POW!

He smashed his head in with a huge punch!

Chaor, Dhilas, Wamma, Staluk, Clodor, Frafdo, Blazvatan, Cyrenox, Kopond, and Quadore smashed, blasted and pulverized him all over.

I kicked Nicholas all over with a nasty flurry of deadly kicks to his stomach and he belched up a huge amount of blood.

Me: I'm going to disembowel you and make you eat your own intestines!

Nico: Or better yet! Use this.

Nico gave me a funnel and then I put it in Nicholas' mouth and then Nico stuck his finger in his mouth and threw up down the funnel and Nicholas chugged his vomit! YUCK!

Lynn: AW SICK!

Common Cold: That's gross! And I like disgusting things!

Lana: Me too! That was awesome!

Gia: Buddy, your days of klling people are over!

Megaforce Rangers: LEGENDARY RANGER MODE! MYSTIC FORCE!

The Megaforce Rangers turned into the Mystic Force Rangers!

POW!

I punched Nicholas in the face and knocked out some of his teeth.

SMASH! BIFF! CRACK! BAM! POW!

Jinx: I think he's almost down!

Eli: Lets hit him with our attacks and powers!

Nico: YEAH!

He was dead.

Comic Book Guy: (kicks Nicholas' corpse) Worst villain ever. Didn't even have any witty banter for us.

Me: Yeah but he was a lunatic all the way.

I pushed Nichola's corpse down into a bottomless pit.

Nico: Good riddance.

Laney: Yep.

?: You will all die for what you did to Yggdrasill!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large colored orbs orbiting around the legs of Lincoln's sisters, the eight large orange orbs orbiting around Duke Lincoln's legs, and the eight large purple orbs orbiting around Menat's legs were glowing, and that means big trouble was coming.

Lloyd Irving: Oh crap, I was hoping never to hear that voice again. You can come out now, Pronyma.

A figure came out of the shadows, and it was none other than Pronyma, the most loyal follower of the fallen angel, Mithos

Yggdrasil, and leader of The Five Grand Cardinals.

Me: So, that's Pronyma, the leader of The Five Grand Cardinals, and the most loyal follower of the fallen angel, Mithos Yggdrasil. Lloyd, what can you tell us about her?

Lloyd Irving: You won't like what I'm going to tell you about that bitch, J.D.

Lloyd Irving proceeded to tell us about Pronyma, and we weren't going to like it one bit.

Pronyma

Twilight Pronyma (プロネーマ Puroneema?) is an antagonist in Tales of Symphonia and the leader of the Desian Grand Cardinals. She has a more direct connection with Yggdrasill than her comrades and is the only Grand Cardinal who does not possess her own Human Ranch.

History

Leadership Role

As the leader of the Desian Grand Cardinals, Pronyma is shown or mentioned in several places. The first mention of her is from Kilia after Colette reveals her wings before Dorr and Neil, and mentioning her name when she loses in battle. The next time, she is actually seen, but through a hologram in the Asgard Human Ranch speaking to Kvar just as Lloyd Irving and his two other chosen companions barge into the control room. Having previously heard about Lloyd's connections to Kratos Aurion, her superior, she states that she can "see the resemblance", which confuses Lloyd. However, Kvar is not interested much, and claims that Pronyma is stealing information and data from his base because of her jealousy, which Pronyma denies. She then reveals her knowledge of the Mana Cannon before she shuts down the communication, leaving Kvar to fight the group.

Reawakening Colette

After Colette Brunel sacrifices her heart and becomes soulless, Pronyma is ordered by Yggdrasill to keep an eye on Kratos, who he suspects will try to indirectly help the heroes behind Cruxis's back. As time passes, Pronyma eventually receives a new order from Mithos: the Chosen and her companions are headed to the Fooji Mountains to retrieve the Rheairds, and she is to capture her. As she arrives, she sees that Yuan Ka-Fai, another of her superiors, has already captured the rest of the group except Colette. Possessing different motives, the two allow one another to procede with their respective missions. However, as she approaches the soulless Colette, she notices that her Cruxis Crystal has a Key Crest on it, and attempts to remove it. This triggers Colette's soul to return, and she rejects Pronyma, claiming that it is the birthday present Lloyd gave to her. Although shocked that the Key Crest actually could bring her soul back, Pronyma tries once again to take Colette, though now Colette knocks her away and frees her friends. Pronyma then fights them, but loses. After the party has a conversation with Kratos, she departs with him.

## Mischievous Days

Throughout the rest of the story, while Yggdrasil is interacting with the heroes as the orphan Mithos, Pronyma continues to watch over Kratos, and also contacts Zelos Wilder, a triple agent who works partly with Cruxis and the Renegades while being friends with Lloyd and the Chosen of Tethe'alla. At some point, she encounters Rodyle, and in order to ruin his plans to destroy the Tower of Salvation, she most likely fools him into thinking she is on his side, and gives him a Cruxis Crystal that she claims will control the Mana Cannon. When the heroes get captured and brought to Derris-Kharlan, Pronyma enters just as Genis Sage uses Fire Ball to hurt Yggdrasill. Furious that Yggdrasill is hurt, she tells Genis that he will suffer for he had done, even telling him that it does not matter if he is a fellow half-elf, and launches a fatal spell at him. However, the recovering Yggdrasill, who has gained a bond with Genis through Mithos, shields Genis with his body, and survives. Although confused with Yggdrasill's behavior, she follows his orders and retreats. Later at Altessa's House, during Mithos's confrontation with Lloyd and his friends, Pronyma appears when Mithos is struck by Lloyd. She claims that his wounds have not yet healed and that they should retreat. Mithos agrees, and he, Pronyma, and Kratos are teleported away.

## Death

During the party's final visit to the Tower of Salvation in order to obtain a Mana Fragment, Zelos betrays the party and tricks Colette into a magical glyph from which she can not escape. Pronyma appears and takes Colette to Derris-Kharlan, and there, she and Yggdrasill put Colette into a machine that transports Martel Yggdrasill's soul into her body. At the end of the transportation, Lloyd, and later his friends, appear to save Colette, and Yggdrasill tells Pronyma to get rid of them because it is her "fault they are still alive". She fights the group once more, but loses. Upon her defeat, Pronyma attempts to use the last of her strength to beg Yggdrasill for help, calling him "Mithos". As she does, he states that only his former companions may call him by that name and kills her.

## Appearance and Personality

Pronyma wears unusually extravagant attire, which features large, mechanical-looking gold blades that encompass her. She has long, green hair, which is partially concealed by a gold helmet, and purple eyes, accompanied by purple eye shadow. Pronyma's basic outfit consists of a red, bikini-style top with gold plates covering her breasts that extends into a violet bottom, albeit stopping short enough to reveal her thighs and red, tattoo-like markings. Her gloves consist of the same violet color, despite the top portion and fingertips of her gloves consisting of the same red as the torso of her outfit, and she wears large, gold bracelets around her wrists. Her boots are also violet, extend above her knees, and are pointed at the ends in a gold color that accompanies the large, gold bands around her ankles. Additionally, Pronyma wears a matching violet cape on the backside of her attire that extends downward from her waist.

Pronyma is frequently seen carrying out Yggdrasill's orders throughout the story, exemplifying great loyalty toward him and his ideals. She pays little attention to matters that do not concern her, such as when she attempts to capture Colette at the Fooji Mountains and explains to Yuan that he may do as he wishes with

Lloyd, as she received no orders regarding him. As leader of the Five Grand Cardinals, Pronyma is occasionally seen discussing matters with them and is even mentioned by Kvar and Rodyle directly, though not in a pleasant way. Kvar threatens Pronyma's position during their conversation before the party kills him at the Asgard Human Ranch, and Rodyle states that Pronyma "tricked" him as his body begins to reject the Cruxis Crystal he placed on himself. Pronyma possesses a cold exterior to those beneath her, yet shows respect to her superiors. She takes her position and missions very seriously, and she is constantly irritated at Lloyd's group for interfering.

---

When Lloyd Irving was finished, we were indeed disgusted by Pronyma's actions, but none more so than Tech E Coyote, as his green eyes turned neon green, and he was surrounded by a green energy aura with green lightning, green fire, and stars, he'd unholstered his Sword of Neilii from his back, and as he'd approached Pronyma, he left behind green energy, green lightning, green fire, and stars with every step.

Tech E Coyote: You really make me sick, Pronyma. Your loyalty to Mithos Yggdrasil has proved that your soul is now stained with the blood of those you've spilled. You're nothing but a cold-hearted bitch who wants nothing more than to help Yggdrasil destroy everything in his path, and destroy all of mankind. I will make sure that you die here and now, and your soul will join your fellow members in Oblivion!

Tech E Coyote screamed like a madman, as he was surrounded by a massive vortex of green energy with green fire, green lightning, and stars surrounding the vortex, there was a coyote running around the vortex, and inside the vortex was a green phoenix. We felt his power and energy rising like crazy, and he was getting stronger and stronger and stronger still. Then, as the vortex faded, Tech E Coyote emerged, but he was changed forever.

Tech E Coyote grew to 6'11" in height, he now had large and powerful upper and lower body muscles and eight-pack abs, as shown by his suit's top, which turned into a black tank top with yellow phoenix on it, his long-sleeved black trench coat and black pants from when he transformed into his Super Angel 10,000,000,000 have gotten bigger and longer, he now has on a necklace with a coyote holding the Thunder Kanji in its paws for the pendant, his black combat boots with a tinge of green turned into black leather ankle-high combat boots with a tinge of green, his green coyote emblazoned on his forehead is now holding the Thunder Kanji in its paws, the massive, wide, double-edged blade of his Sword of Neilii grew to 6'5" in length and the long black handle grew longer, and his black angel wings with green tips on the feather grew larger for his new body. He also had on a Blue Lantern Ring on his left ring finger, and he has on his new Bracelets of the Champions of The Universe with green gems on his wrists, his new Belt of Elemental Bravery with large green gem for the belt buckle on his waist, and his Eater of Sins revolver holstered on his left hip.

We also saw that Tech E Coyote doesn't have his mask on anymore, exposing his brown fur on his ears and head and the tanned-fur on his muzzle, chest and stomach. Tech E Coyote has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL GREEN LIGHTNINGSTORM ANGEL COYOTE OF HOPE!

We were amazed by Tech E Coyote's Super Angel 750,000,000,000 transformation, and that means that Pronyma is now in big trouble.

Me: Whoa, looks like Tech's become the next one to transform.

Nico: You said it, bro, and he's going to rip Pronyma apart limb from limb.

Tech E Coyote: (Divine Echoing Thunderstorm Voice of Hope) **That's right, Nico. Alright, Pronyma, it's time for you to die.**

Tech E Coyote went after Pronyma, who fired water, light, and dark magic at Tech, but he dodged it, and he fired powerful blasts of green energy, green fire, green lightning, and stars at Pronyma, and they exploded with incredible power. Then, he grabbed Pronyma, and he sucked out all of her powers, magic, and abilities, he, along with the rest of us, had made them our own. Then, Tech E Coyote had slashed off Pronyma's arms with his newly improved Sword of Neilli, as she screamed in excruciating pain.

Tech E Coyote: **And now, this is the end, Pronyma. Say hi to your fallen comrades in The Further when you see them. DARK STYLE NINJA ART: EARTHBOUND IMMORTAL CCARAYHUA!**

Tech E Coyote fired a massive blast of darkness and green energy, which had transformed into The Lizard Earthbound Immortal Ccarayhua, and it fired a blast of purple energy, which ripped Pronyma's soul from her body, and devoured it, and wound up in The Further forever, and her body was reduced to ashes, as a result.

Tech E Coyote: **Enjoy eternal torment in The Further, Fallen Angel bitch.**

We cheered wildly for what Tech E Coyote did, as he holstered his massive Sword of Neilli on his back and powered down, but his new body, clothes, weapons, and jewelry were permanent.

Me: That's Ace, Lexi, and Tech down, and Rev, Slam, Duck, and Zadavia to go.

Nico: You got that right, and right this second, the other Dark Signers are getting ready to see what Rev, Slam, Duck, and Zadavia are going to do to the lowlife scum they'll fight soon.

Me: Yep.

Simone: That was so awesome!

Qin: It sure was.

Me: Lets go to Lynn's Table to celebrate.

We went and did so and then Captain Cold, Koragg, Vortex, Waffle Woman, Dr. Light, Molten Man, Whiteout, Snake, Ebon and Dark Laser then appeared.

Me: Captain Cold, Koragg, Vortex, Waffle Woman, Dr. Light, Molten Man, Whiteout, Snake, Ebon and Dark Laser.

Captain Cold: Another busy day?

William: You said it.

Koragg: At least you put an end to another honorless fiend.

Vortex: And in 1547 A.D.

Waffle Woman: (to me) We heard your rescue was at the Estate this time.

Me: It sure was.

Dr. Light: Did you still kill anyone there?

Me: Nope. We saw that it was really a living shadow.

Dr. Light: A living shadow?

Me: Yeah. It was the shadow of Old Man Rummington.

Captain Cold: You mean that old man that was cruel and wanted everything in the world?

Me: Yep and he was rich second to Lord Tetherby.

Captain Cold: Wow.

?: That's strange.

A figure came out and it was MORTY BOARD!

Shane Clarke: Morty Board!

Morty Board: Been a while rangers.

Me: I remember you. But it's a darn shame that you didn't have your own episode. What a ripoff.

Nico: Yeah and you and Marah and Kapri are good friends at Band Camp.

Morty Board: Yeah what a shame.

Me: Yep.

Maria: Did you really know Kapri and Marah from band camp?

Morty Board: Of course I do! I even have a picture right here!

He showed us a picture and it was awesome.

Me: Cool picture. Awesome.

Marah: Good times back then.

Me: Yep.

We got the usual battles underway.

---

Captain Cold was first.

Captain Cold: (to Qin) Personally, you and I can't really blame Lori, Lynn, and Lola for what happened in that other world. After all, you told me you went back in time before to try and save your parents.

Qin: Yeah I sure feel exactly the same way. But I learned how to accept my future and I am okay with that even though my parents have been returned to me by the Aparoids.

Sunset Shimmer: When did this happen Qin?

Qin: Right you weren't with us when it went down Sunset. On one of our previous adventures we met the enemy of The Swat Kats, The Pastmaster and he gave me an opportunity for me to have my parents back. But I realized that I would be changing the past into something bad if I did. So I turned down the offer at the last second.

Sunset Shimmer: Wow I didn't know about that.

Pepperdance: (Cajun Accent) That must've been rough for you to do that Qin.

Cayenne: But at least it gave you a sense of closure.

Firecracker Burst: It sure did but now you have your parents back for real now.

Captain Cold: The Aparoids have come through for many of us and restored many of our family members that we lost over the years.

Wallflower: Boy they sure have. That is so amazing that they did all that.

Pip-Squeak: (British Accent) But sooner of later we're going to have to go after the Aparoids and take them down for good.

Gusty the Great: That's right. Though they may have done enough good for us, they are still a tremendous threat to many planets and species all over the universe and the galaxy.

Sunburn: Yeah and we can't let them do as they please anymore.

Fire Lori: That's right. They literally must be stopped.

Captain Cold: I agree with you there. Even though they did a lot of good for you all they still must be stopped.

Right Suzuki: That's right and they are a dangerous threat.

Donkey Kong: Just like the Borg from Star Trek.

Diddy: And we won't let them get away with their crimes.

Dixie: No we sure won't.

Chunky: Chunky smash those bugs!

Captain Cold: That's the spirit! Lets do it!

Apple Bloom: Poor girls went through a nightmare on that planet.

Flashwing: That is a good thing.

Stone Luna: It sure is dudes.

Yamato: No kidding. But I'm glad that it didn't happen and now it never will.

Sela: That is a good thing.

Koragg: Boy it sure is. (To Lynn) Lynn are you feeling better now?

Lynn: I sure am. I'll be okay now that I am relieved that it won't happen anytime soon.

Lightning: That's good babe. But it will never happen because we killed Him here in the past and there on that world.

Lightning: Lightning ready to strike! SHA-BLAM!

Me: The Raccoon and Cheetah are perfect for you both.

Lynn: Yeah they are! Watch this. UNLEASH THE BEAST!

Lynn ran faster than a bullet fired from a gun and punched and kicked Koragg all over the place and we didn't even see her move because she was going so fast!

She came back and Koragg exploded all over the place and was knocked down.

Me: WHOA! That was fast!

Yamato: Wow! I didn't even see you move Lynn.

Me: Cheetahs are known as the fastest animals on Land.

Koragg: Wow! That was incredible Lynn.

Raccoon: Watch this! UNLEASH THE BEAST!

He WENT INVISIBLE!

Me: What the!?

Lightning snuck up on Koragg and swiped some gold that Koragg had and came back.

Koragg: What the!?

Me: Wow! I turned on my infrared vision and I saw Lightning sneak up on you and swiped some gold from you.

Koragg: Wow! And Raccoons are known as the thieves of the animal kingdom.

Lightning gave Koragg's gold back.

Koragg: That was really crafty though.

Moe hit slapped Curly in the face, hit him in the stomach and bonked him on the head and poked him in the eyes.

Curly: Hey I haven't done anything!

Moe: Oh sorry. It's a force of habit.

Me: That gag was really funny back over 75 years ago.

Nico: Yeah! (Laughs) It sure was.

Dark Laser: Now, let's have a victory celebration with the cheese you guys found. Flipsy's hungry!

Me: Lets do it!

Toiletnator: (To the viewers) This was a wicked awesome adventure into the world of one of the great stories of Edgar Allan Poe. I hope you all liked it too.

We later went back to the estate for some rest and enjoyed the rest of the day And then went to bed.

TO BE CONTINUED…

---

Part 11 done.

This chapter was for the 1961 movie The Pit and The Pendulum with Vincent Price and that was one of the great movies that was based on one of the great books of the famous Edgar Allan Poe and it was a great movie! Vincent Price did a great job back then. The first part of the chapter was for the episode of Courage the Cowardly Dog called The Shadow of Courage and that was a wicked episode. Funny too. I don't think I've ever seen Courage scream that much. But it was funny. The second part was for the Skylanders Trap Team and Giants part called Wilikin World and it was amazing. Kaos had all kinds of amazing friends there. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next rescue for me is gonna be in the world of Dexter's Laboratory this time and we're going into the episode Accent You Hate. We're going to pulverize Gary and his friends for their hatred of Rich Kids, Freckled Kids and kids that are from different places and talk in different accents. And it will be EXCRUCIATINGLY PAINFUL! Me, Allie, Missy, Maria, Eli, Simone and the Moltres Gene-slammer will be in that rescue. We're also going to meet a Phoenix Angel named Haumia and she will be beautiful and powerful and she will also have a Phoenixmon Gene-Slammer named Sorai Takenouchi and shockingly she is Sora Takenouchi's long lost older sister! The second part for Lincoln's rescue is gonna be in the world of the scary movie JENIFER! That was a really freaky and scary one about a girl that was turned into a succubus and she had a horrifyingly disfigured face and lust for blood! We're going to kill her and this time no cop will stop us. I will talk to her first and she will talk in a horrifyingly demonic voice. Dawn of Pokemon will transform in that one. GET READY FOR A TRULY SCARY CHAPTER FROM HELL! We're going into the world of the 1960 movie BLACK SUNDAY! That movie scared the living crap out of my dad back when he was a kid and it still does to this day. We're going to take down Asa Vajda and we're going to make that witch pay for her crimes.

See you all tomorrow.

# 17th Century High Priestess of The Devil

At school, me, Eli, Allie, Missy, Maria, Simone and Kayla the Moltres Gene-Slammer were walking to our lockers and getting ready for another day of education.

Me: The next rescue is surprisingly at school.

Simone: This is gonna be cool.

Kayla Schmidt: I can't believe I'm transforming in the middle of the school!

Kayla concentrated and groaned as she got hot.

Me: Whew! Yeah. I hope your heat doesn't set off the fire alarm.

She turned into Moltres!

Me: YEAH!

Allie Wilde: But I wonder who we'll rescue here at school.

Simone: I hope it's someone that will be a master of the power of the Phoenix.

Then the door opened and we saw 3 nasty bullies come in! They had black shirts on that said 3 different things. A rich kid came by that was dressed in a spiffy suit and he was counting his money and then the shortest kid saw him.

Kid 1: I HATE RICH KIDS!

He went after the kid and pulverized him and I swooped in and kicked him in the face and Missy healed him up.

A freckled girl in a red dress came skipping by and the 2nd kid saw her.

Kid 2: I HATE FRECKLED KIDS!

He went at the kid and smashed her to pulp and Allie kicked him in the face and sent him crashing into the wall and knocked him down.

Dexter came and he was happy. But the big kid HATED HIM the most.

Gary: I HATE KIDS WITH FUNNY ACCENTS!

He went at Dexter and just as he was about to grab him I grabbed Gary and slammed him into the locker!

Me: WHO THE HELL DO YOU THINK YOU ARE YOU FUCKING ASSHOLE!?

Gary: Someone who hates kids that talk funny!

Eli then kicked Gary in the crotch and then I punched him in the face!

Sending him crashing into the wall.

Maria grabbed all three of them with her water and tied them up in it.

Missy: You want to talk about hating kids? Fine. I HATE KIDS WHO ARE RACISTS!

KRAPOW!

Missy punched Gary square in the stomach so hard that he belched up some blood!

Me: People like you make me sick! There is enough hate in the world without you are adding to it!

POW!

I punched him in the face and knocked out a bunch of his teeth!

And then I punched the other 2 kids in their faces!

Kayla Moltres: Your shirts make me want to throw up!

Maria: What do their shirts say?

Me: This one says I Hate Kids with Funny Accents.

Allie: This one says I Hate Rich Kids.

Eli: And this one says I Hate Freckled Kids.

Nicole came.

Nicole: Man these stupid blockheads! But it's good you guys caught them. I've been after them for a long time. Check it out.

She pulled out a wanted poster and showed it to us and it said Gary, Bruce and Luke The Hatred Trio. Bounty: $502,000,000,000,000,000.00.

Me: WHOA! 502 Quadrillion?

Eli: That's a big bounty.

Allie Wilde: (Whistles) That's impressive.

Nicole: It sure is. They were responsible for the assaults and murders of over 500 kids that were rich, freckled and had international ties.

Allie: That is insane!

Simone: You're not kidding.

Dexter: So, if you guys hadn't saved me-

Maria: Just be glad we did, Dexter.

Me: Now these three dirtbags are heading to the slammer.

?: You said it!

A figure came out and she was a beautiful girl with white hair and she had beautiful clothes on and she then spread wings that were surging with pure fire and she had phoenix tail feathers.

Me: Wow! You're a Phoenix Angel.

I spread my wings and they were glowing with rainbow fire.

Haumia: That's right and it's an honor to meet you J.D. I'm Haumia.

Me: Pleasure to meet you.

?: Thank goodness these two blockheads are not gonna be causing trouble.

A figure came out and it was a Phoenixmon!

Me: Wow! Phoenixmon!

Phoenixmon: That's right. I'm Sorai Takenouchi.

Me: Pleasure to meet you. Wait are you related to Sora?

Sorai Phoenixmon: That's right. I'm her big sister.

Nicole: Oh man! You're the 2nd Digimon Gene-Slammer we met.

Simone: That's right. I'm Simone Honou and I'm a Zhuqiaomon Gene-Slammer.

Sorai Phoenixmon: Wow that's amazing. I heard all about the adventures my little sister went on with her friends and I am so proud of her.

Haumia: Those must've been amazing adventures.

Me: They were.

I put on my blind man glasses and Eli covered his eyes and I made sure no one was looking. Then I snapped my fingers and Kayla and Sorai were reverting back.

Kayla: (loses her wings) I'm sorry this is painful.

Sorai: (Groans as she loses her wings) I'll be all right. As long as I get to see Sora again.

They got done reverting back and they both were naked.

I gave know new clothes and Sorai put them on.

Sorai: Wow that was painful.

Haumia: But at least J.D. gave you the power to transform at will.

Sorai: Wow.

Simone: Those are amazing clothes huh?

Sorai: (holds her head in pain) NO! I CAN'T TRANSFORM! NOT AGAIN!

Sorai slams her changing head against a locker to slow down the transformation.

Simone: Sorai, Reign in the power with your will. I did it and so can you.

Me: That's right Sorai. Concentrate and reign it in.

She concentrated and then she had a massive burst of fire explode out and she was now in control of the power!

Simone: All right!

Eli: Wow! It worked!

Sorai: Wow! I feel incredible.

Me: Awesome.

Haumia: That was amazing.

Nicole: It sure was. I'll take these three to the Principals office and have the bounty cashed in for Allie.

Allie Wilde: Wow! Thanks Nicole.

Nicole: Anytime.

Nicole took them and in seconds they got expelled and then sent to prison.

After school was done we went back to the estate and Sora was helping Laney with some gardening.

Sorai: (Offscreen) Sora?

Sora saw her sister for the first time in 10 years.

Sora T.: Sorai!? Is that really you?

Sorai: It sure is. And it's great to see you again little sis.

Sora T.: SORAI!

They went and hugged.

Sora T.: I missed you so much!

Sorai: I've missed you too sis. I have so much to tell you.

Sora T.: I can't wait to hear it. I have so much to tell you too.

They got to a good talk.

---

After dealing with Gary and his friends, Lincoln, Me, Nico, Eli, Nicole, Tracer, Lori, Lynn, Lola, Dawn, and Morrigan Aensland were heading to the world of the 2005 movie Jenifer, and not only is Lincoln going to rescue the eleven girls there, but we're also going to kill Jenifer, who's been turned into a succubus, and has a lust for blood.

---

**Jenifer** is the main antagonist of the eponymous segment of *Masters of Horror* . Despite her grotesque facial appearance, she is actually a demonic temptress that ultimately drives the men who pity her to their doom.

She was portrayed by Carrie Anne Fleming.

The story begins when policeman Frank Spivey finds a seemingly deranged man threatening to kill a blonde woman with a cleaver.

The man tells Spivey that he doesn't "know what she is" and draws the cleaver. Spivey shoots the man dead to save his mysterious hostage. He comforts her, only to discover that while she has an attractive body, her face is monstrously ugly. Despite that, she seems to be affectionate and he becomes fond of her. However, Spivey starts to become obsessed with the monstrous being which takes a toll on his home life. It only worsens when Spivey takes Jenifer in, only for her to devour the family cat, bite into his wife's mouth, and scare away his wife and son.

Jenifer manages to keep a hold over Spivey while he is engulfed in fantasies of sexual activities with her. However, Jenifer shows her demonic side when she kills and eats a neighborhood child who tries to befriend her. Spivey attempts to rid of her by selling her off to a freak-show promoter… only to later find the remains of that promoter stuffed in the fridge. Spivey takes her to a cabin in the middle of the woods and starts a new life as a shop employee, hoping that he can keep Jenifer from harming someone else.

Unfortunately, the succubus lures the shop owner's son into the cabin cellar and devours him alive. She is discovered by Spivey who then finally elects to kill her. Idiotically, he pulls her out into the open woods where he is killed by a deer hunter who shoots Spivey to save Jenifer. The deer hunter comforts her and it is shown that the cycle will begin once more.

---

Lincoln: Whoa, we're in the world of the 2005 movie Jenifer, and I think I know what we're going to do here, not only am I going to rescue the eleven girls there, but we're going to kill Jenifer, who's been turned into an evil succubus, and has a lust for blood.

Me: That's right, big guy.

Lori: Dana told me she saw that movie long ago in the theater, and Jenifer's bloodstained murderous acts terrified her so badly, she literally had nightmares for weeks.

Nico: Yikes.

Me: Jenifer is worse than that however. She is a normal girl that was made the way she is because of a Satanic Ritual done on her by her mother.

Nico: THAT'S INSANE!

Morrigan Aensland: (Scottish Accent) And I'm looking forward to sending her back to Hell where she rightfully belongs, lads.

Eli: Yes, and I sense that Dawn is the next one to transform. This is going to be good.

?: HELP!

Suddenly, Lincoln heard the sound of eleven girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the eleven girls, but they've been cornered by Jenifer, and the bloodthirsty succubus is going to kill them.

Lincoln: Guys, I found the eleven girls, but they've been cornered by Jenifer, and she's going to kill them. Come on, let's go.

We rushed on over, and Lincoln fired a blast of light, which caused Jenifer to back away, since as a succubus, she's afraid of light, but it'd also sent her backing towards a magic rune circle created by Lincoln, and it trapped her inside it.

Me: Jenifer, why are you doing this?

Jenifer: (Horrifying Demonic Voice) **I have no other choice, I must feed on blood, after getting turned into this thing. But, it feels so good, to take the lives of the living, to feed on their blood, and watch as their life runs out.** (Laughing Demonically).

Lori: She's literally lost it.

Lynn: She's given into the dark powers of Hell, and now, her soul is now eternally condemned.

Lola: She must be destroyed for good before she kills again.

Me: And the only way to do that is with the power of Holy Prayers.

Dawn (Pokemon): I've had it up to hear with that demon bitch for all eternity. Especially after how she terrorized Dana.

Suddenly, Dawn's eyes turned neon blue, and she was surrounded by a neon blue energy aura with stars surrounding her, and as she approached Jenifer, she left neon blue energy, stars, and blue nebulae with every step.

Dawn (Pokemon): Jenifer, what you've done in killing so many innocent people to satisfy your hunger for blood can never forgiven. Your soul is already stained by the blood of those you killed, and now, I will send your soul straight to Hell, where you rightfully belong!

Then, Dawn was surrounded by a massive vortex of neon blue energy with stars and blue nebulae surrounding it, there was a star dragon flying around it, and inside the vortex was a purple phoenix. Then, as the vortex faded, Dawn emerged, but she was changed forever.

Dawn to 5'11" in height, she had the body of a goddess, her long dark blue hair has purple highlights, she has a Piplup emblazoned on her forehead and she has large blue angel wings with stars and blue nebulae reflecting in the blue feathers, she has on Piplup earrings holding the Star Kanji in its flippers and a necklace with a Piplup holding the Star Kanji in its flippers for the pendant, she has on a dark blue sleeveless blouse with a purple phoenix, dark blue skirt with stars and blue nebulae, dark blue leather ankle-high combat boots, and a sleeveless dark blue trenchcoat with stars and blue nebulae and a Piplup on the back. Dawn now has a massive sword in her right hand called The Sword of The Cosmos, it's a large sword with the symbol of The Sinnoh Region and a Piplup etched onto the 6'5" massive, wide, double-edged blue blade with stars and blue nebulae reflecting on the blade, large curved upward-facing blue horns for the crossguard, a large blue gem with reflecting stars for the hilt, longer black handle, and large faceted blue sphere pommel with light blue gems surrounding it. Dawn has on her new Bracelets of the Champions of The Universe with dark blue gems on her wrists, hew new Belt of Elemental Bravery with large dark blue gem for the belt buckle on her waist, and her new Eater of Sins revolver holstered on her left hip. There was a light purple kanji on the back below the Piplup that said, "Dawn, Water-Type Pokemon Trainer of The Sinnoh Region, Trainer of Piplup and Many Pokemon, Master of The Stars, and Loyal Friend of Many."

夜明け、シンオウ地方の水型ポケモントレーナー、ポッチャマと多くのポケモンのトレーナー、スターのマスター、そして多くの忠実な友人

Dawn has transformed into SUPER ANGEL 750,000,000,000 STELLAR STARSTORM POKEMON ANGEL OF HOPE!

We were amazed by Dawn's Super Angel 750,000,000,000 transformation, but to an evil demon like Jenifer, it made her angry and enraged and she roared ferociously.

Lori: Wow, Dawn has literally transformed.

Lynn: You said it, and now, she and the rest of us are going to tear that evil flesh-eating Jenifer to shreds for what she's done.

Dawn (Pokemon): (Divine Echoing Stellar Voice of Hope) That's right, Lynn. (To Jenifer) And now, it's time for you to die, Jenifer

We'd transformed, unholstered our weapons, and we went after Jenifer, and we'd blasted her with powerful neon colored energy blasts, lava, stars, and elemental forces, which exploded with such incredible power, and it angered Jenifer to no end. Suddenly, we'd felt her life force becoming weaker and weaker.

Nico: Whoa, it feels like she's becoming weaker and weaker.

Lori: (Divine Echoing Hurricane Voice of Justice) **She hasn't fed on the eleven girls or anyone else, it's a result of her possession, like she said. If she doesn't feed on blood, she'll become weaker by the second. Now's our chance to finish her off.**

Lincoln: (Divine Echoing Cosmic Thundersnow Elemental Voice of Justice) **Let me and Morrigan go first, Lori.** (To Morrigan Aensland) **Ready, Morrigan?**

Morrigan Aensland: Let's get her, Linky.

Lincoln and Morrigan Aensland: **MOONLIGHT SUCCUBUS LIFE DRAIN!**

Lincoln and Morrigan Aensland fired a blast of moonlight energy, which sucked the life energy out of Jenifer, and it weakened her even more.

Dawn (Pokemon): **Now, everyone, together!**

Everyone: HOLY STARSTORM BARRAGE!

We fired powerful blasts of stars and holy light, and as they hit Jenifer, they exploded with incredible power.

***KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO***

Jenifer was knocked down!

Me: PATER noster, qui es in caelis, sanctificetur nomen tuum. Adveniat regnum tuum. Fiat voluntas tua, sicut in caelo et in terra. Panem nostrum quotidianum da nobis hodie, et dimitte nobis debita nostra sicut et nos dimittimus debitoribus nostris. Et ne nos inducas in tentationem, sed libera nos a malo. In nomine patris et filii et spiritus sancti. Amen!

After that her body then bursted into flames and Jenifer's spirit was sent back to Hell, where she belongs. We holstered our weapons on our backs and powered down, but Dawn's new body, clothes, weapons, and jewelry were permanent.

Then, Lincoln and Nicole went up to the eleven girls located there, and when Lincoln saw them, he'd immediately recognized them. The eleven girls were Sheila and Tanyah from Vigilante 8, Ki, Ishara, Ahmey, Coopa, Fantina, Henaro, Princess Inana, and Kalia from Tower of Druaga, and Valkyrie from the Valkyrie video game.

Lincoln: Oh wow, it's Sheila, Tanyah, Ki, Ishara, Ahmey, Coopa, Fantina, Henaro, Princess Inana, Kalia, and Valkyrie.

Nicole: From Vigilante 8, Tower of Druaga, and the Valkyrie video game, awesome.

Lincoln: Are you girls okay?

Valkyrie: Yes, we're okay, thanks to you.

Then, when Valkyrie and the other ten girls saw who it was that saved them from Jenifer, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, deep sapphire blue thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver

Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Valkyrie: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made ten clones of himself, and he and the ten clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Valkyrie: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

We went back home to the Estate, and when Lori showed Dana what just happened to Jenifer, she cheered for Lincoln and all of us who went there, now her nightmares from that movie are now over, now that Jenifer was sent back to Hell, where she'll remain there for eternity. We then went and arrested Jenifer's evil mother and sent her to the Saturn Insane Asylum forever.

---

After sending Jenifer back to Hell for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln has a date tonight with Kyoko, Misako, Cassandra Alexandra, Tyris Flare, Blaze Fielding, Jolyne Kujo, Zola (Blue

Dragon), Chai Xianghua, Kei and Yuri, Fuu (Samurai Champloo), Menat, Lucy Liberty, Princia Ramode, and Reika Kirishima, and it was Karaoke Night.

Lincoln snapped his fingers, and the 16-year-old 7'0" tall teenager was now dressed in a large orange open short-sleeved shirt, large white shirt, large blue jeans, and large black dress shoes, and he still has on his jewelry, and he casted an illusion to mask his weapons, in case there is trouble.

Kyoko and Misako were dressed in dark blue blazers with open dark blue short sleeved shirts, dark blue skirts, black pants, and black heels.

Cassandra Alexandra was dressed in a white blazer with an open purple short sleeved shirt, purple skirt, white pants, and purple heels.

Tyris Flare was dressed in a white blazer with a red open short sleeved shirt, white skirt, black pants, and black heels.

Me: Wow, you and the girls are dressed for your date tonight, big guy.

Lincoln: Yep, I heard it's Karaoke Night at a nightclub just north of Gotham Royal York.

Nico: Ooh, I remember passing by it when me and May went out a couple of times, but we've not gone there before.

Lincoln: We'll tell you about it when we get back.

Lincoln and the girls left for the nightclub in the north of Gotham Royal York, and when they got into the place, it was massive and beautiful, filled with bright lights.

Lincoln: Wow, this place is very amazing.

Then, the girls and Lincoln proceeded to sing on Karaoke Night.

Kyoko and Misako started out by singing Don't Stop Believin' by Journey, as the room changed into the city of New York.

Cassandra Alexandra followed by singing I Want To Know What Love Is by Foreigner, as the room changed into Paris, France, known as The City of Lights and Romance.

Tyris Flare followed by singing What's Love Got to Do With It by Tina Turner, as the room changed to

the peaceful farmlands of Nebraska.

Blaze Fielding followed by singing You Give Love A Bad Name by Bon Jovi, a song that Luna and the other rockers know and love, as the room changes to the streets of New Jersey.

Jolyne Kujo followed by singing You Make My Dreams (Come True) by Hall and Oates, as the room changed to the scenic Dream World.

Menat followed by singing Kiss from A Rose by Seal, as the room changed to Cairo, Egypt.

Lucy Liberty followed by singing In the Air Tonight by Phil Collins, as the room changed to the clear blue skies with airplanes flying in the air.

Princia Ramode followed by singing All Night Long by Lionel Richie, as the room changed to Las Vegas at night with bright lights coming to life.

Reika Kirishima followed by singing I Wanna Dance with Somebody by Whitney Houston, as the room changed to that of a thunderstorm with lightning raging through the skies.

And Lincoln finished off Karaoke Night by singing I Could Fall In Love by Selena, as the room changed to the infinite reaches of space with stars and nebulae in the skies, and Lincoln's divine singing was both heard throughout the place and The Estate.

We all heard their songs and Lincoln's song, and that brought smiles to our faces and tears in our eyes.

Me: Whoa, was that Lincoln?

Lori: There's literally no doubt, and he sang the very song you sang to Allie when you guys went out on your dates, and it was also the very song that brought tears to Nico's eyes. That's so beautiful.

Luna: Dudes, and Blaze Fielding just sang our favorite Bon Jovi song. Awesome.

Lynn: And I also heard Tyris Flare singing Tina Turner's What's Love Got to Do With It. She sang it divinely.

Lincoln and the girls came home, and we'd told them all that we heard their songs, and we hugged them, and we told them that the songs they sang were truly beautiful. Next time we go out, we're heading to that nightclub for Karaoke, as well.

* * *

Later we were watching TV and Rainbow Dash was looking for something.

Rainbow Dash: Guys, have you seen Tank anywhere?

Wallflower: We haven't. Why?

Rainbow Dash: (sighs) Because it's time for him to hibernate for the winter. But I can't find him anywhere.

Me: It's that time of the year again huh?

Lori: Maybe Tank literally went to his hibernating spot on his own.

Rainbow Dash: Maybe.

Me: R.D. are you still upset about what happened last year with Tank?

Rainbow Dash: Nah. I'm cool with it now. Laney showed me a book about creatures that hibernate and I'm cool with it now. I realize now that it's totally unavoidable.

Mr. Krabs: That's good lass.

Me: Lets get to finding him.

We got to searching.

Lynn was doing stuff and she had Tank with her and Maggie came in and Lynn hid Tank.

Maggie: Lynn, have you seen Tank anywhere? He has to hibernate soon.

Lynn: Sorry. Haven't seen him!

Maggie: Okay. Let me know if you have. (leaves the room)

Lynn sighed in relief.

Lynn: Tank I know you are too special to Rainbow Dash and I want her to be happy with you to be there for her.

Tank yawned.

Offroad came by.

Offroad: Hey, Lynn. Hey, Tank. (realizes something) WAIT! TANK?!

He saw Tank!

Lynn: Uh he uh uh!

Offroad: GUYS!

We came.

Rainbow Dash: Tank! There you are!

Me: Lynn what's all this about? Why do you have Tank with you?

Lynn: (Sigh) Oh guys. (Puts her face in Ed's chest) (Muffled) I don't want Tank to go from Rainbow Dash.

Me: What's that Lynn?

Lynn: (Muffled) I don't want Tank to go from Rainbow Dash.

Edd then opened Ed's mouth.

Edd: Now you were saying?

Lynn: (Voice comes out of Ed's mouth) I don't want Tank to go from Rainbow Dash.

Me: Oh Lynn.

Rainbow Dash: But Lynn it's his time to hiberate.

Lynn: (crying) I JUST WANTED TANK TO BE WITH RAINBOW DASH FOR THE WINTER!

G1 Sideswipe: Considering how you have Sheldon as a pet, that's understandable.

Lynn: (CRYING HARD)

She hugged Tank.

Rainbow Dash hugged Lynn and comforted her.

Rainbow Dash: Oh Lynn it'll be all right. Besides he'll come back in a few months.

Lynn: MONTHS!? (WAILING) I DON'T WANT HIM TO GO!

POOR LYNN.

Me: Poor Lynn.

Eli: I haven't seen her this upset since yesterday.

Nico: Also I'm getting a strong case of Deja-Vu here. Remember how Rainbow Dash was like this with Tank?

Me: I sure do.

Eli: Yeah that was sad.

Seeing Lynn cry like this was making my heart hurt as Lightning was patting Lynn's back.

Me: Lynn, Tank is not gonna be gone forever. It's just until the Spring Thaw. Right around March.

Nico: Yeah Lynn he will be back. And you have Sheldon still.

Lynn: (Sniffling) Oh man. I'll miss Tank.

Rainbow Dash: I know Lynn. I know. But he will be back.

We got to having Tank go down to Ponyville to rest for the Winter.

Later we were getting ready for our next mission.

Toad Man: Nico, now that Tank's in his hibernation spot for the next few months, it's your turn to lead.

Nico: Yep I know and I have just the mission for us. We're going into the world of a movie that J.D.'s dad knows from his childhood. J.D. said this movie scared him badly when he was a kid. We're going into the world of the 1960 movie BLACK SUNDAY!

Laney: Ooh that sounds scary!

Simone: It sure does.

Haumia: I have a feeling we're gonna need a lot of holy water in that one.

Sorai: Yeah no kidding.

Nico: Yep. This is gonna be a good one.

Captain Cold, Koragg, Vortex, Waffle Woman, Dr. Light, Molten Man, Whiteout, Snake, Ebon and Dark Laser then appeared.

Dr. Light: Can me, Captain Cold, Koragg, Vortex, Waffle Woman, Molten Man, Whiteout, Snake, Ebon and Dark Laser go with you guys today?

Nico: Yes you can. But first we're going to watch this.

Nico pulled out the case for the movie Black Sunday!

THUNDERCLAP! THUNDERCLAP!

Snake: Ooh! Black Sunday is a great movie dudes.

Me: It scared the living crap out of my dad when he was a kid.

Vortex: Wow.

Brittney: It's my kind of movie. It's what started getting me into the Gothic Subculture.

Allie Wilde: That's cool.

We got to watching the movie.

---

In 1630s Moldavia, Asa Vajda, a vampiric witch, and her paramour, Javutich, are sentenced to death for sorcery by Asa's brother Griabi. Asa vows revenge and puts a curse on Griabi's descendants. Bronze masks with sharp spikes on the inside are placed over Asa and Javutich's faces and hammered into their flesh, but a sudden storm prevents the villagers from burning them at the stake.

Two centuries later, Dr. Choma Kruvajan and his assistant, Dr. Andrej Gorobec, are traveling through Moldavia en route to a medical conference when one wheel on their carriage breaks. While waiting for their coachman to fix it, the two wander into a nearby ancient crypt and discover Asa's tomb. Observing her death mask through a glass panel, Kruvajan breaks the panel (and the cross above it) by accident while striking a bat. He removes Asa's death mask, revealing a partially preserved corpse. He cuts his hand on the broken glass and some of his blood drips onto Asa.

Returning outside, Kruvajan and Gorobec meet Katia Vajda. She tells them she lives with her father and brother Constantine in a nearby castle that the villagers believe is haunted. Struck by her haunting beauty and sadness, Gorobec becomes smitten with Katia. The two men leave her and drive to an inn. Meanwhile, Kruvajan's blood brings Asa back to life. She contacts Javutich telepathically.

He rises from his grave and goes to Prince Vajda's castle, where Vajda holds up a crucifix to ward off the reanimated corpse. However, Vajda is so terrified by the visit he becomes paralyzed with fear. Constantine sends a servant to fetch Dr. Kruvajan, but the servant is killed before he can reach the inn. Javutich brings Kruvajan to the castle under the pretext that his services are needed. Javutich leads Kruvajan to Asa's crypt. The witch hypnotizes Kruvajan and says she needs the rest of his blood. Asa then kisses him, turning him into her servant. By Asa's command, Kruvajan follows up on the request to tend to Vajda. He orders the crucifix removed from the room, ostensibly so it will not upset Vajda; this allows Javutich to return later and murder him.

Asa's plan is to revive herself by draining Katia of her life since Katia is physically Asa reincarnated. Puzzled to hear that Kruvajan abandoned his patient shortly before he died, Gorobec questions Sonnya, a little girl who saw Javutich take Kruvajan to the castle. She identifies Kruvajan's escort with a painting of Javutich. A priest and Gorobec go to Javutich's grave and find Kruvajan's body inside the coffin. Realizing he is now one of the undead, they kill him by driving a nail through his eye.

Javutich throws Constantine into a death pit and takes Katia to Asa. Asa drains Katia of her youth. When the witch goes to take her blood, the crucifix around Katia's neck thwarts her. Gorobec enters the crypt to save Katia, but Javutich attacks him and pushes him to the edge of the death pit. Constantine uses the last of his strength to pull Javutich into the pit and push Gorobec to safety. Gorobec finds Asa and Katia. Asa pretends to be Katia and tells Gorobec that Katia is the witch. Accordingly, he goes to kill Katia but notices the crucifix she is wearing has no effect on her. He turns to Asa and opens her robe, revealing a fleshless skeletal frame. The priest then arrives with many torch-carrying villagers, and they burn Asa to death. Katia awakens from her stupor, her life and beauty restored, and is reunited with Gorobec.

---

When it was done we were shocked but it was awesome and scary. We cheered wildly.

Laney: That was wicked cool.

Simone: It sure was.

Haumia: I thought it was amazing.

Nico: Yep. And that woman there, Asa Vajda is our target.

Simone: What do you know about her?

Me: She is really bad news.

I went over her history.

---

Asa Vajda (Barbara Steele) was the primary antagonist in the 1960 horror film, "Black Sunday".

Asa Vajda was a princess of Moldavia who lived during the first half of the 17th century. Asa was a witch in the service of Satan and she practiced her art along with a colleague named Igor Javutich (Arturo Dominici).

Asa's own brother, Kriavi Vajda was the head of the Holy Inquistion. Capturing Asa and Igor, he tried them for witchcraft outside the family estate. Before her sentence was carried out, Asa placed a curse on her brother's family line, shouting "It is I who repudiates you, and in the name of Satan I place a curse upon you. Go ahead, tie me down to the stake, but you will never escape my hunger, nor that of Satan!" The inquisitor had his men nail the Mask of Satan upon both Asa and Igor's faces and their bodies were burned at the stake. At the moment of her death, a terrible storm erupted and the Inquisitors fled the scene. When the storm subsided, they placed Asa's body in the tomb of her ancestors. Her coffin was outfitted with a glass window so that all who looked upon it would see the Mask of Satan staring back at them. A giant cross was erected upon the coffin to ward off evil.

Two centuries later, two scientists named Doctor Thomas Kruvajan (Andrea Checchi) and Andre Gorobec (John Richardson) traveled by coach through Moldavia on their way to a conference in Mirgorod.

Their coach suffered a broken axle near the ruins of the Vajda family chapel and while the coachman affected repairs, Kruvajan and Gorobec decided to explore the ruins. While inspecting the catacombs, they came upon Princess Asa's coffinl. A large bat flew out, startling Kruvajan. In an attempt to kill the bat, he unwittingly struck the cross affixed to Princess Asa's coffin, as well as shattering the small glass window at the head of the casket. Cutting himself on a splinter of glass, Kruvajan's blood dripped down onto the Mask of Satan, mysterioously bringing Asa back to life.

Though alive once again, she was still weak and was unable to rise from her coffin. She used what little power she had regained to resurrect her lover Igor Javutich. She then summoned Doctor Kruvajan back to her tomb, forcing him to give her his blood, making her even stronger. Working through both Javutich and Kruvajan, she continued to wreak her vengeance against the Vajda family. The prince and his heir, Constantine Vajda (Enrico Olivieri), were both killed in short order, but it was the prince's daughter, Katia Vajda (also Barbara Steele), that captured Asa's attention. The twenty-one year old princess was the spitting image of the witch and Asa sought to take possession of her, transferring her essence into Katia's body. Moments after completing the spell however, Kruvajan's student Andre Gorobec exposed her and the local villagers became aware that Asa was a witch. She was pulled out of the chapel ruins and bound to a wooden stake whereupon she was set on fire and burned to death.

---

When I was done we were shocked that she is a priestess of the devil himself!

Me: Yeah and I killed her master!

Nico: Yep you sure did.

Me: Oh yeah, we're going to take that evil witch, Asa Vajda, down, and we're going to make sure that witch pays for her crimes.

Lincoln: That's right.

Tech E Coyote got out some Retro-Fire Master Blasters, along with holy water.

Tech E Coyote: I made upgrades to The Retro-Fire Master Blasters by adding the thirteen elemental forces into them, and I also added in a component to them, so we can fire some holy water at her.

Ace Bunny: Smart thinking, Tech, since we're dealing with a 17th century vampiric witch.

Me: Right, and vampires and witches are repelled by all things holy, so not only are we packing some holy water, but we're also packing some stakes, crosses, and garlic, along the way.

Nico: Right, Colonel. Get ready, Asa Vajda, (Eyes Turn Red) we're coming for you.

Suddenly, we also saw that the spell Lincoln created when we went after Isaac Chroner, his fanatical followers, and He Who Walks Behind The Rows was still active, but it'll work to our advantage, since vampires and witches hate anything holy.

We went to the Simulator.

---

We went into the Simulator and it activated and we found outselves in 19th Century Moldavia.

Circe: Is this the place?

Nico: Yep this is it. 19th Century Moldavia.

Brittney: A Gothic Paradise for me and the Goths of Darkness.

Bonnie Terrez: I think it's amazing.

Lucille: (Scottish Accent) It is amazing lads.

We saw that we were in a scary and dark foreboding forest.

Me: Man this place gives me the creeps.

Raven: It's not that bad here.

Simone: But we're ready for anything.

Koragg: We must prepare ourselves for anything hiding in this forest.

Nico: Agreed.

We walked on and stayed alert for anything as we approached the castle of Vajda.

Laney: That must be the castle up ahead.

Lana: Scary place.

Nico: Yeah.

Batch: Are there any heroes here?

Nico: I don't see any. So it looks like it's just us.

Eli: Yeah. But I'm sensing a big evil here and it's Asa.

Nico: We better be ready for her. We got enough Holy Water?

We pulled out jars full of Holy Water and we also had garlic bulbs, silver stakes, sunlight bombs, crucifixes, darts full of EDTA, everything.

Me: Looks like we're ready for battle with vampires.

Eli: We sure are.

Ebon: If she's targeting any innocents, I'll use my portals to get them out.

Nico: Okay. But remember she is a Priestess of the Devil himself and she has powers no one can even fathom.

Brittney: Except us. We too have that kind of power.

Nico: That's true.

We went into the castle and it was creepy.

Nico: Hello? Anyone here?

Eli: Looks like no one is home.

Nico: Yeah.

Wolfgang: (Australian Accent) While we're waiting for her to make her move, we need to discuss some things.

Maria: Such as?

Wolfgang: Such as how the Hell Team Rocket got their hands on DNA not Pokemon!

Me: That's what has me stumped as well Wolfgang. After Giovanni died that should have been the end of it. But the scientists of Team Rocket all went into hiding and are continuing their work. But somehow they managed to acquire the DNA blueprints of over 1,400+ Species of Digimon.

Eli: That is very crazy. We've seen a Zhuqiaomon and Phoenixmon Gene-Slammer now.

Laney: Yeah that is amazing.

Sorai: It's amazing how many Digimon there are and Sora it's amazing how many Digimon you've seen.

Sora T.: It sure is Sorai.

Whiteout: You don't think they'll use DNA of Ben 10 aliens and dinosaurs, do you?

Nico: That is a very strong possibility.

Me: Wow we've seen animal, dragon, Pokemon and now Digimon Gene-Slammers. These eople are just playing with fire constantly and they just don't give a damn.

Simone: You're not kidding.

Dawn: It's terrible.

Nico: Yeah.

Chaor: Let's not forget that there are still Gene Slammed victims of the Paradigm Brothers still out there.

Nico: That's true and we still have to clean up their mess too.

Lola: Yeah.

Nico: I wonder if there are any Elemental Fairy Gene-Slammers.

Haumia: That would be really interesting.

Nico: Yeah.

Leni: Looks like the fashion team better totes kick it into high gear.

Maria: You read my mind Leni.

Teresa: Right.

Poromon: Maybe there's a Gene Slammer of me somewhere too.

Snake: Dude, that would be pretty cute to see!

Manaphy: That would be awesome!

Yolei: My Poromon would love having a new friend and playmate.

Maria: That would be awesome.

Max: It sure would.

Me: Yeah it sure would be cool.

Nico: That would be something.

May: What's taking Asa so long to make a move?!

King Stefan: (Scottish Accent) Perhaps she caught onto us and is changing strategies.

Eli: No she is not one that knows when to back out of a plan. She's waiting for us. She wants us to come to her.

Nico: Then we will go to her.

Laney: This is gonna be good.

We then heard a scream.

Vortex: Oh fuck! Looks like she's about to claim another victim!

Nico: Lets go!

We went down to a crypt.

Asa was sucking blood out of a man's neck and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the door of the crypt and the elements of fear swirled around it and converged and out came us ready to fight!

Me: Asa, princess of the House of Vajda and servant and high priestess of the devil. Anyone that is in cahoots with the ultimate enemy of God is the enemy of us.

Asa Vajda: Accept me. Embrace me, you will die. I can give you powers no mere mortal can understand.

Me: We already know all about that. But you are also looking at the very man that killed your so called master.

Asa Vajda: What do you mean?

Me: I killed the Devil.

Asa gasped.

Winter Soldier: We've already got powers, thank you very much!

Asa: (amused) Oh, really? Then why is it that all you have is that gun and mechanical arm?

Winter Soldier: Because I'm happy with it.

Me: But you will pay for everything you've done Asa.

Captain Cold: (aims cold gun at Asa) Just take it easy, lady. Let's not make this too difficult.

Asa: Everything to you will always be difficult.

Me: You talk too much lady!

SPLASH!

Nico threw Holy Water and it hit Asa in her eyes and burned her bad.

Nico: You don't know what the true power of God can do.

Captain Cold: Oh, screw it! (fires cold gun)

Rothar: Rock Wave!

Rothar summoned a massive wave of rocks and the blasts smashed Asa down.

Nico: Die!

Nico fired a massive Kamehameha wave and it hit Asa and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Asa got up.

Me and Blade: (In unison) You obviously do not know Who YOU ARE FUCKING WITH!

We activated a sun bomb and then 5 seconds later a massive flash of ultraviolet light blasted Asa and it sent her crashing into a nearby wall and burned her all over.

Molten Man: Let's light things up! (throws fireball)

It hit Asa and burned her bad.

Eli: Take some silver!

Eli used the Force and sent a shower of silver stakes at Asa and they stabbed her all over the place.

Dreadbane: Take this, evil witch! (swings Sword at Asa)

He slashed her and cut her arm off!

Dirt Boss: Dirt dog attack!

Dirt Boss fired energy blasts from shoulder cannons and they hit Asa and exploded!

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Dirt Boss: Target destroyed.

Nico: Almost. But we have her weakened.

May: You must be thristy. How about some water?

May secretly put holy water into the cup before giving it to Asa.

Asa drank it and then she screamed in pain as it was burning her from the inside.

Nico: Nice one honey.

Flipsy barked at her.

Dark Laser: Yoou tell her Flipsy!

Asa: Come here, you stupid dog!

Asa was about to grab Flipsy but Dark Laser grabbed her hand.

Dark Laser: (pissed) STAY THE HELL AWAY FROM FROM FLIPSY!

He slashed her hand off with his lightsaber!

Nico: You are pure evil incarnate lady!

Gumball: And I thought Mrs. Robinson was bad!

Orion: We've got her on the run now!

Megaforce Rangers: LEGENDARY RANGER MODE! ROYAL FLUSH SQUAD!

The Megaforce Rangers turned into the J.A.K.Q. Rangers!

Simone: Time to burn! (Echoing) BLAZING HELIX!

She fired a massive blast of fire and it formed into a fire helix blast and it slammed into Asa and exploded!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Gantu: (takes out plasma blaster) Have some of this!

He fired energy blasts and burned her all over.

Panda King: And some of this!

He fired fireballs at Asa and burned her all over.

Waffle Woman: Let's finish her off with some waffles!

She fired Strawberries and they hit her and exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Now lets bring the pain!

?: You will all die for what you did to Yggdrasil!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large colored orbs orbiting around the legs of Lincoln's sisters, the eight large orange orbs orbiting around Duke Lincoln's legs, and the eight large purple orbs orbiting around Menat's legs were glowing, and that means big trouble was coming.

Lloyd Irving: Oh crap, I was hoping never to hear that voice again. You can come out now, Forcystus.

A figure came out of the shadows, and it was none other than Forcystus, another loyal follower of the fallen angel, Mithos Yggdrasil.

Nico: So, another follower of that fallen angel, Yggdrasil, has shown himself. Lloyd, what can you tell us about Forcystus.

Lloyd Irving: You won't like it, Colonel.

Lloyd Irving proceeded to tell us about Forcystus, and as predicted, we weren't going to like it.

---

Forcystus

Forcystus (フォシテス Foshitesu?), full title Forcystus the Gnashing Gale, sometimes referred to as the "Desian Hero", is an antagonist in Tales of Symphonia and one of the Desian Grand Cardinals. He maintains the Iselia Human Ranch and is the most respected Desian after Pronyma, leader of the Grand Cardinals.

History

Past

It is not revealed how Forcystus came to power or how he lived his life before, but Kratos Aurion reveals in a skit that he was known as the "Desian Hero" because he killed all human organizations that fought against half-elves. Sixteen years before the story begins, Forcystus made a non-aggressive treaty with the village Iselia in order to protect the newborn Chosen of Regeneration, Colette Brunel. As long as the villagers keep away from the Iselia Human Ranch's business and area, they would not attack the village.

Attack on Iselia

Forcystus is first seen after Lloyd Irving and Genis Sage help Marble from being abused by the Desians, suspicious of Lloyd's jumping abilities. In the end, he recalls the Angelus Project and how the host was last seen close to the ranch, and suspects that Lloyd is her son. With the non-aggression treaty with Iselia broken, Forcystus orders an attack on the village, calling Lloyd out from the village. Lloyd is charged as a criminal by Desian law, his punishment to be death at the hands of the Exebula monster. With Genis' help, the Exebula is defeated, and Forcystus confirms that Lloyd is indeed in possession of the Angelus Project Exsphere. During his attempt to retrieve it, Forcystus is interrupted by the Exebula, who is revealed to be a mutated Marble due to her Exsphere being unleashed. Self-destructing, Marble inflicts heavy damage upon Forcystus, who vows to eventually get the Exsphere from Lloyd before he leaves.

## Kharlan Tree Disaster

After forming the pact with Luna and Aska, the final mana link is severed, and the party's faulty goal is accomplished. As Kratos later explains, without protection from the mana links and the Summon Spirits, the Kharlan Tree germinates in a dark and twisted form, destroying the city of Palmacosta and engulfing Martel Yggdrasill in the process. With the tree threatening to destroy both worlds, the party decides to stop it using the Mana Cannon. In order to do so, the Iselia Human Ranch's mana reactor is needed, and thus the party is forced to launch a raid of the Ranch. Waiting at the reactor, Forcystus engages the party in battle. When Forcystus is defeated, he refuses to admit defeat and chooses to fall down on the mana engine, in which the party believes him to be dead. Before they can send the signal to fire the Mana Cannon, a wounded Forcystus reappears in a final effort to dispose of the party. Colette thwarts his attempt to kill Chocolat, taking the blow instead. Infuriated, Lloyd stabs Focystus, killing him just as he glorifies Yggdrasill's "Age of Half-Elves".

## Appearance and Personality

Forcystus is a fairly built man with light green hair and sharp, piercing eyes, although only his left eye is visible due to a red eye patch covering his right eye. His attire is largely black, though he wears a gold breastplate and red jacket with white stripes, which appear on other parts of his outfit as well. The legs and boots of his attire are black with white stripes, while his boots share the same red and gold accents as his torso. He wears a gold, mechanical-like bracelet on his right arm, while his left arm is replaced by a large, gold arm-cannon, which he uses in battle to eject powerful blasts of wind.

---

When Lloyd Irving was finished, we were indeed furious at Forcystus' actions, but none more so than Rev Runner. Suddenly, Rev Runner's eyes turn neon green, and he was surrounded by a red energy aura, red fire, red lightning, and stars, as he unholstered his Sword of The Pueblo from his back, and as he approached Forcystus, he left red energy, red fire, red lightning, and stars with every step.

Rev Runner: You make me sick, Forcystus. The actions of your fellow Grand Cardinals weren't already bad enough, but to do so in the service of a fallen angel like Yggdrasil, that makes me sick to no end, and I will make sure that you pay the price for your crimes!

Rev Runner screamed like a madman, as he was surrounded by a massive vortex of red energy with red fire, red lightning, and stars surrounding the vortex, there was a roadrunner running around the vortex, and inside the vortex was a red phoenix. We felt his power and energy rising like crazy, and he was getting stronger and stronger and stronger still. Then, as the vortex faded away, Rev Runner emerged, but he was changed forever.

Rev Runner grew to 6'11" in height, he now had large and powerful upper and lower body muscles and eight-pack abs, as shown by his suit's top, which turned into a black tank top with yellow phoenix on it, his long-sleeved black trench coat and black pants from when he transformed into his Super Angel 10,000,000,000 have gotten bigger and longer, he now has on a necklace with a roadrunner holding the Thunder Kanji in its wings for the pendant, his black combat boots with a tinge of red turned into black leather ankle-high combat boots with a tinge of red, his red roadrunner emblazoned on his forehead is now holding the Thunder Kanji in its wings, the massive, wide, double-edged blade of his Sword of The Pueblo grew to 6'5" in length and the long black handle grew longer, and his black angel wings with red tips on the feather grew larger for his new body. He also had on a Blue Lantern Ring on his left ring finger, and he has on his new Bracelets of the Champions of The Universe with red gems on his wrists, his new Belt of Elemental Bravery with large red gem for the belt buckle on his waist, and his Eater of Sins revolver holstered on his left hip. Rev Runner has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL RED LIGHTNING SPEED DEMON ANGEL ROADRUNNER OF HOPE!

We were amazed by Rev Runner's Super Angel 750,000,000,000 transformation, and this also means big trouble for Forcystus.

Me: Whoa, looks like Rev's become the next one to transform.

Nico: You got that right, Colonel, and it also means big trouble for Forcystus.

Rev Runner: (Divine Echoing Lightningstorm Voice of Hope) **That's right, Commander Nico. Alright, Forcystus, get ready. The Speed Demon of Acmetropolis is coming for your soul.**

Rev Runner went after Forcystus, who fired a blast of wind at him, but Rev dodged it, and he'd fired powerful blasts of red fire, red energy, red lightning, and stars at Forcystus, and the blasts exploded with incredible power. Then, with his newly improved Sword of The Pueblo, Rev Runner slashed off Forcystus' gold gauntlet, along with his arms, and gouged out his other eye, as he screamed in such excruciating pain.

Rev Runner: **And now, this is the end, Forcystus. Say hi to your fallen comrades in The Further when you see them. DARK STYLE NINJA ART: EARTHBOUND IMMORTAL URU!**

Rev Runner fired a massive blast of darkness and red energy, which had transformed into The Spider Earthbound Immortal Uru, and it fired a blast of purple energy, which ripped Forcystus' soul from his body, and devoured it, and wound up in The Further forever, and his body was reduced to ashes, as a result.

Rev Runner: **Enjoy eternal torment in The Further, you monster.**

We cheered wildly for what Rev Runner did, as he holstered his massive Sword of the Pueblo on his back and powered down, but his new body, clothes, weapons, and jewelry were permanent.

Nico: That's Rev down, and now, only Danger Duck, Slam Tasmanian, and Zadavia are left.

Me: You got that right, Commander.

Zadavia: And this whole thing was our idea, we decided that once we transform into our Super Angel 750,000,000,000 forms, we'll use Dark Style Ninja Art techniques, based on both The Earthbound Immortals and The Dark Signers.

Me: That was an excellent idea, Zadavia.

Nico: You said it, and The Dark Signers were already cheering wildly for what Ace, Lexi, Tech, and now, Rev did. The battles to come for Danger Duck, Slam, and you are sure to be awesome, Zadavia.

We resumed the fight with Asa.

They fired waves of elements and they formed into said ghosts and monsters of Mystery Inc.

Lincoln and his Harem: SCOOBY DOO FINAL SMASH: MONSTER BEATDOWN!

The Scooby Doo Monsters suddenly showed and beat up Asa Vajda!

They knocked her out.

Maria: Is she dead?

Brittney: Almost. The only thing that can kill her powers is the Lord's Pray and a massive blast of fire.

Nico: Go for it.

Brittney prayed.

Molten Man: Light em up!

Poliwag poured some gasoline near Asa.

Eruptor: Time to burn!

Eruptor fired a wave of lava and lit the gas on fire and she then bursted into flames!

She was incinerated in an instant!

May: NOW she's dead.

Nico: Good riddance.

Laney: Yeah.

Eli: She brought all this on herself.

Nico: And now she is back in hell where she belongs.

Laney: Yep.

Nico: Lets head to Nergal's Pizza for some grub.

We did so and then we got some great pizza.

Then Vanitas, Technus, Eccentro, Bonz, Fireor, Xigbar, Rojo, Kyd Wykkyd, Dr. Polarus and Vulkanus appeared.

Nico: Vanitas, Technus, Eccentro, Bonz, Fireor, Xigbar, Rojo, Kyd Wykkyd, Dr. Polarus and Vulkanus.

Vanitas: How was 19th Century Moldavia?

William: Aside from Asa, it was good.

Technus: Good to know.

Eccentro: But now, Asa's gone for good.

Me: She is and back in Hell where she belongs.

Bonz: (to me) Good to know. We heard you faced some racist kids today.

Fireor: Please tell me those kids are in prison!

Me: Oh they are and they will spend the rest of their lives in prison.

Bonz: Good riddance.

?: Boy no kidding.

A figure came out and it was TRINOID 16: TSUTAKOTATSU from episode 27 of Abarangers, the Japanese Version of Dino Thunder!

Trinoid #16: Tsutakotatsu (トリノイド十六号．ツタコタツTorinoido Jūrokugō: Tsutakotatsu, 27) is a Trinoid comprised from Tsuta (Ivy) + Tako (Octopus) + Kotatsu.

Tsutakotatsu was able to switch his victims' minds with his tentacles. As a result Ryouga and Yukito's minds were switched, which also prevented them from transforming due to the misalignment of their Dino Guts.

In their next encounter, the Abarangers were able to trick Tsutakotatsu into restoring Ryouga and Yukito by making him think that they were already restored with one of Ranru's inventions the Ranran Change System by acting like the other, which also included having Ranru and Asuka also act like each other in a fake demonstration to further the deception.

However, when enlarged he was able to switch Tyranno and Kera's minds preventing AbarenOh from fighting at full strength. Tsutakotatsu took advantage of this until AbareKiller got in the way to steal the Abarangers' Bakuryuu in their current condition. Killed by KillerOh, which also undid the effects on Tyranno and Kera.

---

Eli: Trinoid #16: Tsutakotatsu! I remember you! You switched Ryouga and Yukito's minds to prevent them from transforming.

Tsutakotatsu: That's right Eli. Your memory is just as sharp as J.D.'s.

Me: That's my bro. But he specializes in the Japanese episodes. And Ryouga and Yukito are the Japanese Red and Blue Dino Thunder Rangers.

Tsutakotatsu: That's right.

William: It's a real shame you weren't in Power Rangers of America.

Me: Yeah what a ripoff.

Tsutakotatsu: I know! I would've made a good body swapping episode involving the red and blue rangers.

Kira Ford: (laughs) Connor and Ethan switching bodies?! I would've paid to see that!

Me: Me too!

Nico: Yeah that would have been cool.

Eli: It sure woulld.

We got the usual battles underway.

---

Battle 1: Spiderman, Starlight Glimmer, Undead Skylanders, Kyurangers, Laney, The Ripping Friends, Bounce Man and Toad Man VS Vanitas

---

Vanitas was first.

Vanitas: (to Spiderman) Do you agree that we might run into some girls gene slammed into dinosaurs and Ben's aliens?

Spiderman: I agree completely on that and there is a strong chance that we'll also encounter Yu-Gi-Oh Monster Gene-Slammers. They are living creatures too.

Vanitas: That would REALLY be strange. But it's definitely a possibility.

Starlight Glimmer: I agree with you there. It would be cool to see alien and dinosaur gene-slammers.

Lucky: It sure would and we've already seen Pokemon, Animal, Dragon and now Digimon Gene-Slammers.

Laney: Lets not forget that Valerie is also a Prehistoric Shark Gene-Slammer. She is a Megalodon.

Crag: That's right I forgot about that.

Rip: Yeah Trudy's sister is part Megalodon and they lived 35 million

years ago.

Bounce Man: That's true. I forgot about that too. But this is dinosaur DNA that Vanitas is refering too.

Vanitas: Well Megalodon is a prehistoric creature but yeah you're right. Lets do it!

Pinkie Pie: I agree with you there.

Sprocket: Whatever secrets the Team Rocket Computers have we'll gladly find out.

Joe Shimamura: And they must not be good.

Eccentro: (to Linka) I'm glad that Rainbow Dash has become accepting of Tank's hibernation.

Linka: I am too.

Rainbow Dash: Same here thank you very much.

Eccentro: You're welcome. At least you know that hibernation is totally unavoidable.

Scootaloo: Just like how Mr. Krabs molts his shell every now and then and that's completely unavoidable.

Whirlwind: And Sandy is getting ready to hiberate too.

Free Ranger: Can humans hibernate?

Linka: No humans can't do that. We have a much different nature than bears, squirrels, raccoons or anything like that.

Jaden: Yeah it's not part of us.

Jesse: That's right partner.

Alexis: But I'm glad Rainbow Dash is accepting Tank hibernating now.

Rainbow Dash: Thanks guys.

Eccentro: You're welcome. Lets do it!

They fired waves of lightning, wind and rainbows and elements and smashed him down.

Rainbow Dash: That was AWESOME!

---

---

Bonz was next.

Bonz: (to Gia) I can understand Lynn wanting Tank to stay with Rainbow Dash in the winter. I mean, if you had a pet, how would you feel if you couldn't be with him for a few months because of hibernation?

Gia: I would accept it because it's part of nature. I did a lot of research on animals and everything like that and it's all part of nature.

Fluttershy: Hibernation is all part of nature and it's completely unavoidable.

Stealth Elf: That's right.

Yamato: Yeah it's part of many creatures.

Bonz: Right. (to the Zyuohgers) Do you guys hibernate too?

Sela: Many of us do yes. The same rules of Animals on Earth apply to many people of Jyuland.

Leo: Yeah it's what we do too.

Amu: That's right.

Yamato: But me and Misao are still human so that doesn't apply to us.

Misao: Yeah that's true.

Kate Coleman: I lived up in Canada for a while so I know that.

Lucy Loud: It is interesting to see.

Wheeler: (Laughs) That is true and she would get along great with all the Fire Element users.

Sunset Shimmer: I think it's amazing that we have a Phoenix Angel with us.

Sunburn: It sure is amazing.

Kelly Rourke: I think so too.

Fireor: I'm glad. Lets do it!

They fired waves of fire and energy and smashed him down.

Twilight Sparkle: They met her at school while dealing with a bunch of bullies.

Spyro: Yeah you should have seen these guys. They were 3 kids that wore these black shirts that said that they HATED different kinds of kids with a vengeance.

Rai: Yeah no kidding! One hated rich kids, the 2nd hated freckled kids and the 3rd hated kids because of the way they talked!

Sena: Yeah what a bunch of jerks!

Taylor: And take it from me! I used to be a bully but I would go after kids at random and not focus on one kind of kid.

Xigbar: Man that is crazy! But at least you guys gave those scumbags what for! Lets do it!

They fired waves of energy and magic and smashed him down.

Erza: TAKE THAT!

Twilight Sparkle: That was amazing!

---

## Battle 7: Tracer, Rarity, Sweetie Belle, Water Skylanders, The Mask, Red Hood and Winter Soldier VS Rojo

Rojo: (to Tracer) I hope Asa stays in Hell for good this time!

Tracer: (British Accent) I have a feeling she will after everything she did.

Rarity: Indeed she will darling and we made sure of it.

Sweetie Belle: But it's really scary that J.D.'s dad was scared of that movie.

Gill Grunt: Yeah no kidding that was nuts.

The Mask: Asa deserved to die for it. (Imitating Dirty Harry) Go Ahead. Make my day!

Rojo laughed!

Rojo: That was awesome! Lets do it!

They fired waves of jewels, energy and water and smashed her down.

Tracer: Take that!

Rarity: Rapture darling that was grand!

Takanuva: I sure did and it burned her really bad. She was a TRUE vampire.

Applejack: She sure was. But thanks to our vampire hunting skills we made sure she died.

Apple Bloom: You got that right sis.

Flashwing: And she deserved it too.

Helen Lyle: You got that right.

* * *

Dr. Polaris was next.

Dr. Polaris: (to Jessica) Did J.D. really meet a Phoenixmon Gene Slammer this morning?

Jessica: He sure did and her name is Sorai Takenouchi. She is Sora's long lost older sister.

Princess Celestia: She disappeared a while back and it was before Sora became a Digidestined. Sorai's disappearance is the reason why Sora's mom was so overprotective of her and she didn't want her to get hurt anymore.

Spotlight: That's completely understandable. She was afraid she would get hurt.

Coop: That's usually what happens in parenthood.

Jaime: Yeah no kidding.

Kiva: Poor Sora. But we're happy she has her sister back.

Dr. Polaris: I am too. Lets do it!

They fired waves of light and energy and smashed him down.

* * *

Vulkanus was next.

Vulkanus: (to Shanan) Sorai would get along great with your Dad.

Shanan: You'll get no argument from me there. But what has me concerned is how Sora's mom will see Sorai again after all this time changed into a Phoenixmon Gene-slammer.

Princess Luna: Yeah we don't want what happened with Girl Jordan to happen to her too.

Snowdrop: That would not be good.

Gari: No it won't. But I have a feeling that Sora and Sorai will be okay after everything they went through.

Blackout: I have that same feeling myself.

Sonic: That's true.

Tails: Yeah.

Vulkanus: I have that feeling myself. Lets do it!

They fired waves of darkness and energy and smashed him down.

Shanan: Life wins!

Princess Luna: A true victory of the night.

---

Battle 11: Dino Thunder Rangers, Megaforce Rangers, Nico, Ice Luan, Lana, Lola, Laney, Lucy, Lisa and Lily VS Trinoid 16: Tsutakotatsu

Once in hand, they'll get a massive power and energy increase, along with sleeveless trenchcoats.

Dino Thunder Rangers: DINO THUNDER! POWER UP! HA!

Trent: WHITE RANGER, DINO POWER!

Conner: "Tyranno Power! Red Ranger!"

Ethan: "Tricera Power! Blue Ranger!"

Kira: "Ptera Power! Yellow Ranger!"

All: "Dino Power! Dino Rangers! Ha!"

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready!

Megaforce Rangers: LEGENDARY RANGER MODE! DINO THUNDER!

The Megaforce Rangers turned into the Dino Thunder Rangers and Orion turned into Ninjor!

Nico: Time for some buttkicking! Z-REX BLASTER!

They formed the blaster.

Nico: FIRE!

They fired waves of energy and elements and the blasts all hit Tsutakotatsu and he exploded!

KRABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was dead!

Nico: Tsutakotatsu you have failed this world.

Troy Burrows: Rangers that's a Super Mega Win.

---

We regrouped and cheered.

Sorai: So, when exactly do we tell my mom that I'm ok.

Shade Man: I think we need to take our time with that.

Sorai: Why?

Xigbar: You've been gone for God knows how long?

Rojo: Yeah! There's no telling how she'll react.

Me: I agree there.

Kyd Wykkyd: It's best for us to figure out how we'll get you to see you and Sora's mom again.

Dr. Polaris: Just like Vulkanus discussed with Shanan.

Vulkanus: Don't drag me into this.

Shanan: I actually suggested it.

Nico: That's all right. But anyway lets head home to rest. Great job today everyone.

Shade Man: (Transylvanian Accent) This was an amazing adventure. We've now seen a scary movie and we took down a big villain.

Me: We sure did.

We went back home and enjoyed the rest of the day and went to sleep.

TO BE CONTINUED…

Part 12 done.

Black Sunday is a movie from 1960 and it scared my dad really bad! When Barbara Steele had that skeleton instead of flesh it scared him BAD! That was a really freaky movie though. The first part of the chapter was for the Dexter's Laboratory Episode Accent You Hate. That one came out on March 11th, 1998 and that was a bad episode but I was too young to understand what it was about. The second part was for the 2005 horror movie Jenifer and that girl in that movie was ugly and scary. WICKED! Never saw that movie but it was freaky. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this. Same with the guest reviewer. Thanks guys. My next rescue in the next chapter is gonna be for the Powerpuff Girls Episode Fallen Arches and we're going to take down The Ministry of Pain, a gang of criminals that should have stayed retired even after 75 years have passed. Me, Allie, Eli, Missy, Maria, Simone and the Suicune Gene-Slammer are going to be in that rescue and we're going to meet a Winged Mermaid named Elliea and she has amazing wings and water powers and also we're going to meet a Lillymon Gene-Slammer named Miranda Mureau. The second rescue for Lincoln is gonna be a battle with the villains from the episode April Moon and we're going to make sure none of those mechanical monsters survive. The next chapter is gonna be for where we face the evil Nanite villain Alpha and we're going to make sure that monster pays.

See you all tomorrow.

# Wrath of the Alpha Nanite

Walking down the streets of the Townsville sector of the city, me, Eli, Allie, Maria, Missy and Simone and Amy the Suicune Gene-slammer were walking.

Amy Bascom: Looks like the rescue's in the Townsville sector of the city this time.

Amy concentrated and groaned as she dropped to all fours.

Me: At least we don't have to go far from home this time.

Eli: That's true.

Amy turned into SUICUNE!

Simone: Cool!

Then we heard the bank alarm!

Me: Uh oh! Looks like we got a 2-11 in Progress!

We went into the bank to confront the bad guys and then we got a shocking surprise!

(Quick series of extreme close-ups of the following: a gnarled hand, the big man's nose, the short man's eyes, the first man's monocle, and the skull from the picture. The three are standing next to the open vault door, loaded down with sacks of cash. They wear their black outfits with skulls on their chests, though they are in much worse physical shape from when the picture was taken. The one with the monocle also wears a cape.)

Old man 1: Well, look who showed up. How wonderful.

Me: And who are you three supposed to be? (He leans over us.)

Old man 1: You mean you don't recognize the most feared evildoers Townsville's ever known?! (gentler tone) Oh, forgive me, of course not. (patting my's head) It was before your time, my child. Let me introduce myself. I am Mastermind! And these are my comrades.

(Pan to his two colleagues on the end of this line, then cut to the large one.)

Old man 1 (Mastermind): (from o.c.) Counterpart…

(Grunting and straining, he holds a large sack over his head. After a moment, he drops it and doubles over in pain.)

Counterpart: (moans) Oh, my back!

(Cut to the small fellow. Two sacks sit on the floor next to him; he is asleep on his feet.)

Mastermind: (from o.c.)… and Cohort!

(Mastermind stands on the counter to address the room. Counterpart and Cohort flank him.)

Mastermind: And we are the Ministry of Pain!

---

The **Ministry of Pain** is a gang of one-time villains from the *Cartoon Network* original series *The Powerpuff Girls*, only appearing in the episode " *Fallen Arches* ".

They were voiced by Jeff Bennett.

Somewhere back in the 1950s, The Ministry of Pain used to be a team of dreaded, unmatched supervillains, who robbed banks far and wide. The only people who were able to stop them were the dynamic duo of superheroes, known as none other than Captain Righteous and his trusty sidekick, Lefty. Eventually, one day, The Ministry of Pain went into retirement, as did Captain Righteous and Lefty.

The now elderly Mastermind, watched the news channel from Pokey Folks retirement home and he griped and complained about The Powerpuff Girls for their goodness and their saving the day. He had an extreme hatred for The Powerpuff Girls, and he decided to reassemble The Ministry of Pain. He went to his fellow retirement home buddies, the now elderly Counterpart and Cohort and told them that they were getting back into the game.

The Ministry of Pain robbed a bank and The Powerpuff Girls came in to stop them. However, noticing how old and fragile they were, Blossom urged her sisters not to fight them, as she believed it would not be fair to them. Despite their qualms, Blossom still refused to fight The Ministry of Pain and didn't allow her sisters to do so either. She said that it would be a much better plan, if they were to pit them against someone, who is "on the same level" as they are.

The Powerpuff Girls went to the retirement homes of the now elderly Captain Righteous and Lefty, to ask them to return and fight The Ministry of Pain. Neither of them wanted anything to do with each other, as they got into a fight in their youths, leading to their team's disbanding in the first place. Blossom decided to wing it and tell both of them that the other wanted nothing to do with them, getting them to agree to fight The Ministry of Pain.

The Ministry of Pain was robbing another bank, when Captain Righteous showed up to stop them. The Ministry of Pain continued running away, before Lefty showed up and told them to stop again. The two got into an argument, seeing how both of them were on the scene, and they fought with each other, instead of The Ministry of Pain. Annoyed with the bickering, Mastermind threw Lefty out of the way and took off. Lefty's hip broke and Captain Righteous rushed to his aid. They decided to bury the hatchet and Lefty told Captain Righteous to stop The Ministry of Pain. Captain Righteous ran after them and talked them, putting them all in traction, because they were just too old to be fighting like that.

On the news channel, Stanley Whittfield reported the incident of five senior citizens, becoming severely injured and in critical condition, because they were forced to fight against each other. He noted that none of this would have happened, had The Powerpuff Girls just saved the day. At the end of the episode, Bubbles and Buttercup looked at Blossom in scorn, making her feel horrible guilt over her bad judgment and poor decision making.

Me: The Ministry of Pain. That group is very familiar to me.

Allie Wilde: Yeah weren't you guys big time criminals back over 70 years ago?

Mastermind: That is right my dear. It was back in the 1950's and we were terrors back then. But that's besides the point! We have come out of retirement to continue our reign of evil and do many bad and nasty things! And heed my words, Townsville: we will be victorious! (crossing lobby to us) For you see, your pathetic little city is protected by pathetic little children!

Me: For your information you old buzzard I am much older than I look.

Mastermind: How so?

Me: I'm thousands of years old.

The Powerpuff Girls came.

Buttercup: Whoa.

Blossom: We can't fight you guys.

Mastermind: You're not going to fight us?

Maria: For God's sake, you can't even throw a punch at us!

Me: Yeah and besides if we fight you at your advanced age and fragile state, we could smash you into dust before the cops could even know what to do with you.

Blossom: That's right. We could fight you but we can't. We have to respect our elders.

Me: Blossom does make a great point. I for one think the elderly are amazing and are awesome to get along with because they are full of wisdom and experiences. So we're not going to fight you. But we can do this.

?: And that's slap the cuffs on you.

CLICK!

We saw the Ministry of Pain get the cuffs put on them by a Mermaid with Wings.

Me: Hey thanks.

Elliea: You're welcome. I'm Elliea and yes I'm a mermaid with wings.

Me: Pleasure to meet you.

Simone: Very smart move not hurting them.

Me: Thanks.

We were also introduced to a Lillymon Gene-Slammer named Miranda Mureau.

I then put on my blind man glasses and had Eli and the people in the bank cover their eyes as I snapped my fingers. Amy and Miranda were reverting back.

Amy: (stands up straight) I can imagine that this is the second time you've felt this kind of pain before.

Miranda: Yeah it is! (Groans) It hurts! But at least I'm a human Digimon.

They both reverted back and Amy was naked but surprisingly, Miranda was not as Lillymon's dress, boots and gloves were still on her.

Miranda: Whoa! That was rough.

Maria: But at least we don't have to give you new clothes. You still have Lillymon's clothes on.

Miranda: I sure do. Wow.

Maria gave Amy new clothes.

Miranda: (holds her head in pain while smiling sadly) At least I'll still have these clothes on while I lose my humanity again!

Simone: You can reign the power of Lillymon in with the strength of your will Miranda. I did it and so can you.

Eli: That's right. You can do it!

She concentrated and then she glowed in a neon green aura and she was fully powered with her Digimon half!

Miranda: Wow!

We were amazed and Miranda was gonna be a fine addition to the team and we went back home. The Ministry of Pain was sent to the Saturn Insane Asylum Nursing Home Section. 70 years have not been too kind for them.

---

After taking down The Ministry of Pain, Lincoln, Me, Nico, Eli, Nicole, Disk Wars Magneto, Tech E Coyote, Terry McGinnis and Rice Fitzgerald were heading to Neo Gotham City, and not only is Lincoln going to rescue the eleven girls sighted there, but we're also going to deal with The April Moon Gang, and make sure none of them survive.

Lincoln: Looks like the rescue's going to be here in the Neo Gotham City sector, and I think I know what we're going to do here, not only am I going to rescue the eleven girls sighted there, but we're also going to deal with The April Moon Gang, and make sure none of them survive.

Me: That's right, big guy.

Nico: Terry told us about the April Moon Gang, they're a gang of cybernetically enhanced criminals, who have cybernetic weapons for limbs, given to them by Dr. Peter Corso.

Eli: And his wife, April Corso, is also a member of this gang.

Me: They have amazing cybernetic components that make them really deadly and very well built I might add.

Disk Wars Magneto: However, their cybernetic weapons are also magnetic.

Tech E Coyote: And since we have magnetic powers, we'll be able to take down The April Moon Gang for good. But, what about Dr. Corso?

Terry McGinnis: We'll have a talk with him later.

?: HELP!

Suddenly, Lincoln heard the sound of eleven girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the eleven girls, but they've been cornered by The April Moon Gang, and they're going to kill them.

Lincoln: Guys, I found the eleven girls, but they've been cornered by The April Moon Gang, and they're going to kill them. Come on, let's go.

We rushed on over, and Lincoln, Tech E Coyote, and Disk Wars Magneto fire powerful electromagnetic blasts at them, which caused them to be stuck together. I used my data eyes to see what they were made with and it showed that they were made with amazing cybernetic features and everything and it was all amazingly well built. Then, Lincoln said the password "April Moon" and it caused the gang's cybernetic weapons and limbs to self-destruct, and Lincoln fired a powerful neon blue energy blast, which hits The April Moon Gang, and destroyed them for good.

Then, Lincoln and Nicole went up to the eleven girls located there, and when Lincoln saw them, he'd immediately recognized them. The eleven girls were Igawa Asagi, Mizuki Yukikaze, Ingrid, Koukawa Asuka, Akiyama Rinko, Aishwarya Lai, Fang Bai Hua, and Uehara Kitae from Taimanin, Shinobu Kocho and Aoi Kanzaki from Demon Slayer: Kimetsu no Yaiba.

Lincoln: Oh wow, it's Igawa Asagi, Mizuki Yukikaze, Ingrid, Koukawa Asuka, Akiyama Rinko, Aishwarya Lai, Fang Bai Hua, Uehara Kitae, Shinobu Kocho and Aoi Kanzaki.

Nicole: From Taimanin and Demon Slayer: Kimetsu no Yaiba, awesome.

Lincoln: Are you girls okay?

Igawa Asagi: Yes, we're okay, thanks to you.

Then, when Igawa Asagi and the other ten girls saw who it was that saved them from Jenifer, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, deep sapphire blue thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Igawa Asagi: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made ten clones of himself, and he and the ten clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Igawa Asagi: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

We went back home to the Estate, and we took down yet another enemy of Batman 2039, and when Dr. Corso heard from us about what happened to the April Moon Gang, and to his wife, who betrayed him, he felt as though a dark cloud has been lifted from his heart. He accepted the responsibility for his part in giving them cybernetic weapons, and has been repenting for it ever since.

---

After taking down The April Moon Gang in Neo Gotham City, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, Lincoln has a date tonight with R. Mika, Menat, Ibuki, Makoto, Sam Simpson, Clover, Alex, Megan Clark, Toph Bei Fong, Yuna Kamihara, Scarlet, Perfuma, Frosta, Entrapta, Shantae, Akko, Faye Valentine, Ryuko Matoi, Colette Brunel and Jolyne Kujo. He and the girls were heading to Sidekick Academy in Canada to help Eric Needles and his friends deal with Mr. Troublemeyer A.K.A. Master XOX.

Lincoln: Alright, girls, shall we?

Megan Clark: Of course, Linky.

Lincoln and the girls left, and a few hours later, they arrived at Sidekick Academy, and they'd met up with Eric Needles and his friends, and they told them that they're going after Master XOX, and that he is the alter ego of Mr. Troublemeyer, Trevor's father. The sudden news had shocked both Eric and the others, but Lincoln had a plan: he's going to separate Master XOX from Mr. Troublemeyer.

Then, Lincoln, the girls, Eric, and his friends got to work, as soon as the alarm sounded, and it then showed Master XOX and his henchman, Brute Brutal, were causing havoc. Suddenly, an explosion had erupted, and the spirits of the damned appeared circling around the villains, and they also heard the sound of a thunderbird's screech. Then, out of the explosion, Lincoln, the girls, Eric, and his friends appeared.

Master XOX: So, the famous Team Loud Phoenix Storm has arrived, along with the sidekicks.

Lincoln: That's right, XOX, and we're here to take you down.

Eric Needles: Once and for all.

Master XOX: We'll see about that. Brute Brutal, get them!

Brute Brutal went after them, but Lincoln outfought and brutally pummeled the huge brute with brute superhuman strength. Then, he'd grabbed Brute Brutal and hoisted him up, and then, Lincoln sucked out all of Brute Brutal's brute superhuman strength and massive muscle mass, turning the henchman of Master XOX into a withered monster with twigs for limbs. Then, Lincoln had fired a powerful blast of neon blue energy, and killed Brute Brutal, and it Super Hakaied his spirit.

This sent Master XOX into a tailspin of fury, as he let out his hatred like the madman he is. But, that caused the auras of Lincoln, the girls, and Eric and his friends to flare up, and they gained a massive power boost from his hatred. Then, Lincoln fired a powerful blast of light, separating Master XOX from Trevor Troublemeyer for good.

Lincoln: And now, your days of crime are done, XOX.

Lincoln unholstered his massive Sword of Taranis, and in a flash, he runs his blade through XOX, and as he holstered his massive blade, Master XOX was cut to shreds, and he was destroyed in a flurry of neon blue slashes, and his evil spirit was Super Hakaied for good, and it'd also destroyed Xenior XOX for good, and Super Hakaied him, as well.

Mandy Struction: That does it for Master XOX, and he was a major enemy of Eric and for all of us. But, Lincoln, can you and the girls also help us out with another villain?

Sam Simpson: You mean your headmaster, Pamplemoose? Don't worry, as soon as Lincoln gathered the information about him, I already called the cops, and now, he's fired, and he's being sent straight to prison.

Lincoln pulled up his history.

---

Pamplemoose is the cruel headmaster at the Sidekick Academy. He always puts his students, mainly Eric and Trevor down and is angry every day, so he takes all of his rages out on his students, and doesn't treat them well either.

---

Lincoln showed Eric and his friends the arrest of the cruel headmaster, and he screamed in pure rage, as he was shoved into a station wagon, and was driven off. When they saw it, they'd cheered wildly for the final farewell to the hated headmaster of Sidekick Academy.

Lincoln: Eric, you and your friends have proven to be more than sidekicks. You guys are heroes, and Mandy Struction, I know that your parents are villains, but you made your choice to better than that, am I right?

Mandy Struction: Yes… you're right. I made my choice to join Eric and his friends, and I know that it'll mean that I'll cross paths with my now former family. But, when we go after them, please let me deal with them?

Sam Simpson: Of course.

Lincoln's date with the girls was amazing, plus, not only did they recruit Eric Needles and his friends, but they had also dealt with Master XOX after separating him from Trevor's father, along with Master XOX's henchman, Brute Brutal, and they arrested Pamplemoose, the cruel headmaster of Sidekick Academy, and we also found out about his crimes, and as a result of it, he was thrown in the Uranus Prison, where he was put in a straitjacket, and chained to a wall in Solitary Confinement for the rest of his life. This also means that we'll be dealing with Eric's enemies soon, but we'll be ready for them, as our knowledge of superheroes and supervillains will also help us with this one. We also had Vanna's sister Savanna help us out too and we got them to drop their differences and get back together.

---

We were later at the cave that goes under Lake Huron.

We were walking through the cave that Amy used to try and get across the border to get into America and attack her sister.

Twilight Sparkle: So this is the cave that Amy used to get across the border?

Me: Yep. It's a really amazing cave.

We went in and then we saw a strange light coming from another room and then we got in and we saw what can only be described as freaky! We saw a cave with chicken wings, legs and all kinds of meats coming up out of the ground!

William: Is this similar to the Cheeseglades?

Nico: Whoa! It's a cave with chicken wings and legs! (DROOLS WATERFALLS) Oh boy!

Me: Wow! Chicken Wing Chamber. I think this is amazing!

Laney: It's making me hungry!

Rainbow Dash: Oh boy!

Nico: Yeah!

Nico was eating chicken wings and legs like you wouldn't believe!

Poromon and Poliwag were eating too.

Eli: Hey, calm down, you two. There's plenty for everyone!

Poromon and Poliwag growled at Eli.

Nico: Share you two.

Poromon: Sorry.

Laney: Hey look there.

We saw a Gravy River! And there were pools full of different kinds of gravy too! There was Mexican Hot Tamale Gravy, Scottish Haggis Gravy, Swiss Cheese Chicken Gravy and many flavors. Ed was eating the Scottish Haggis Gravy and so was Lucille.

Drag Strip: Let's let them have fun eating.

Eddy: Yeah and it looks like Lumpy has found a new source of endless gravy for himself.

Edd: Indeed he did Eddy. Loveable oaf.

Me: One thing is for sure at least we won't be running out of chicken wings or legs and gravy anytime soon.

We laughed.

---

French Narrator: (French Accent) 2 Hours Later.

---

Nico, Poliwag and Poromon were full.

Hound: Are you guys done yet?

Nico: BBBBBBBUUUUUUUUUUUUUUUUURRRRRRRRRRRRPPPPPPPPPPP

Poliwag: BBBBBBBUUUUUUUUUUUUURRRRRRPPPPPPP!

Poromon: BBBBBBBBBUUUUUUUUUUUURRRRRRRRRRRPPPPPP!

Ed: FFFFFFFFAAAAAAAAAAAAARRRRRRRRRTTTTTTTTT!

Eddy: Nice one Ed!

Laney: Wow!

Applejack: YEEHAW! That was a good one.

Rarity: You could at least say excuse me.

Nico: Sorry Rarity. It was all that good.

Rarity: Oh that's all right. But this is amazing.

Me: Maybe we can take some home.

Eli: Good idea.

We did so.

---

Back at the estate we were waiting for our next mission.

Guts Man: J.D., you know it's your turn to lead today, right?

Me: I sure do.

Then the alarm went off.

Me: Uh oh!

We went to the computer and we saw a Portal appear right above Providence HQ!

Me: Whoa what's that!?

Nico: Whatever it is it can't be good.

Laney: I've got a bad feeling about this.

Simone: Same with me.

then we saw a glowing orange-red cloud come out and Ben and Rex immediately recognized it!

Rex: Oh no! That's Alpha! He's back!

Me: That redish cloud is Alpha!?

Nico: Oh man!

Eli: Not good!

Rex: Some of you know this but some of you don't.

He told us about Alpha.

---

Alpha is an old creation of Rex's brother, Caesar, and the main antagonist from Ben 10-Generator Rex: Heroes United.

He was voiced by Michael Emerson, who also played Zep Hindle in Saw, Benjamin Linus in Lost, the Joker in The Dark Knight Returns and Cayden James in Arrow.

Alpha was originally created in the early days of the nanites project as a means of manufacturing nanites able to be adapted for any need. Caesar programmed it with artificial intelligence so that it could control the nanites as they did their tasks.

However, Alpha became unstable with every mechanical body it formed, quickly burning out. It tried to take over an organic body, forcing Caesar to banish it to what he thought was as an empty pocket dimension. In actuality, it was the Null Void, a dimension where galactic criminals were banished, and Alpha apparently absorbed alien life, gaining a new form. It also managed to absorb alien technology that used a dimensional equivalent to nanites, giving it the power it needed to return to Rex's world to seek out Caesar, so as to stabilize itself.

However, as Alpha returned, it accidentally brought Ben Tennyson with it and upon arriving, it headed into New York City while Ben and Rex engaged each other. Alpha was interested by the presence of nanites in the humans and creatures all around it. Six attacked it, cutting a piece off of its mechanical body, which came into Caesar's possession. However, Alpha's body self-destructed, putting Six in a coma, and it later began tailing Rex and Ben.

When they met up with Caesar, Alpha showed up and attacked them, trying to get its "father" to stabilize it. Ben, Rex, and Caesar retreated to Caesar's lab, but Alpha pursued them and attacked again, though Ben and Rex escaped.

Alpha invaded Rex's base, trying to absorb all the E.V.O.s inside to get their nanites. When Ben and Rex showed up, Alpha went after Rex, hoping to gain his Omega nanite, which was its key to becoming perfect and stabilizing itself. However, Ben and Rex managed to drive Alpha off, forcing it to seek another source of nanites.

Alpha headed to the location of the second-largest nanite concentration, the Bug Jar, which was a whole city of E.V.O.s. Rex, Ben, and White Knight arrived to stop Alpha, but by the time that they arrived, it had already absorbed the nanites of every E.V.O. in the Bug Jar, gaining a new monstrous form. They began fighting and Alpha continued to try and absorb Rex's Omega nanite. Eventually it hacked Ben's Ultimatrix so as to gain more power, thanks to the inactive nanites Ben absorbed earlier. This allowed Alpha to form its own corrupt Ultimatrix and transform into mutated E.V.O. versions of Ben's aliens. It continued to try to absorb Rex's Omega nanite and Ben managed to briefly transform into Shocksquatch, catching Alpha off guard. Rex eventually managed to disable Alpha's Ultimatrix, but was finally caught, allowing it to absorb the Omega nanite and transform again. Declaring itself Alpha-Omega, it rampaged through the Bug Jar, absorbing ruined buildings and forming them into new nanites. Rex doubted that he could stop the nanite monster without his Omega nanite, but Ben turned into Upgrade and merged with Rex. They were able to take on and weaken Alpha-Omega, before Caesar showed up and extracted the Omega nanite. Thus, Rex was able to compress Alpha into a small sphere of matter and Caesar opened a rift for Ben to get home. Before doing so, Ben transformed into Upchuck and swallowed the cube Alpha had been compacted into, returning him to the Null Void before heading back to his own dimension. However, Alpha began stirring, cracking its matter prison in the depths of the Null Void. Alpha never returned after this.

---

When he was done we were shocked!

Nico: Whoa so he has come back!

Allie Wilde: But the question is HOW did he come back?

Me: That's what I would like to know.

Dr. Polaris, Vanitas, Technus, Eccentro, Bonz, Fireor, Xigbar, Rojo, Kyd Wykkyd, and Vulkanus then appeared.

Dr. Polaris: Can me, Vanitas, Technus, Eccentro, Bonz, Fireor, Xigbar, Rojo, Kyd Wykkyd, and Vulkanus go with you guys this time?

Me: You all sure can. But we're going after Rex's most dangerous enemy ever. His name is Alpha and he is the predecessor nanite project that was made before the Nanite Event.

Technus: Oh man!

Me: Lets go!

Troy Burrows: We'll use the Skyzord to go after it.

Me: Lets roll!

Donna Diego: We should probably check if Six and the others are okay!

Me: Lets go!

We went to Providence Headquarters and we got there and went inside.

We saw everyone okay.

Me: Thank goodness.

Holiday: I take it you guys saw Alpha too?

Me: Yeah we sure did.

Caesar: I was afraid he would return after all this time.

Circe: But how did he escape from the Null Void?

Me: That's what I would like to know.

Eccentro: Please tell me Alpha didn't cause any damage here!

Holiday: He didn't thankfully. But we believe that he is heading to find a strong source of nanites to get more powerful.

Me: He's heading to Kiev, Ukraine.

Nico: The Bug Jar.

Laney: Oh man. But we cured all the E.V.O.'s there.

Cricket: We have to stop him.

Blade Man: First, we should prepare ourselves for the battle ahead.

Me: Good idea. But our best chance is to use energy attacks on Alpha. Ben, Rex, you two worked awesome together so you'll play a big role in this mission.

Ben: You got it J.D.

He turned into Upgrade and merged with Rex and he got his awesome Upgrade Suit on.

Nico: That is so cool.

Eli: Yeah it is!

Simone: Wow that is amazing.

Miranda: I'll say.

Dark Spicer then appeared.

Dark Spicer: Let me help you guys too.

Vanitas: Glad you could make it, Dark.

Dark Spicer: Wouldn't miss this for the world. I heard about everything from Biowulf and Skalamander and how Alpha was that dangerous. So I wouldn't miss this for anything. Oh speaking of them.

Biowulf and Skalamander then appeared too.

Biowulf: It wouldn't be the same without us helping you out too.

Skalamander: Yeah we want to get some shots in on Alpha too.

Skwydd: This is gonna be awesome!

Me: Yeah it will be!

Bobo: Me and Six are helping out too. We barely got to help out i fighting that dirtbag last time!

Me: I understand and Rex told me that Six was in a coma. So this battle will make up for it.

Octane: Hey, you'll get no arguments from me.

Beverly Holiday: Me and my sister will help too.

Eli: Okay.

Me: Understood.

White Knight then appeared and he was in his armor.

Me: Awesome armor White Knight.

White Knight: Thanks J.D.

We were off and we were chasing Alpha.

Technus: Upgrade and Rex won't be the only combination fighting in that battle. Me and Cyborg should merge together as well.

Cyborg: YEAH!

Me: Awesome!

White Knight: This is gonna be good.

Caesar: This time we get rid of that monster we made for good.

Me: And we can do so like how Ben and Rex did before. But this time instead of sending it back into the Null Void we send the Alpha into the sun.

Caesar: That's genius: We can use the high temperature of the sun to obliterate all traces of him for good.

Nico: Yep.

Gus Grav: But why is Alpha heading to the Bug Jar?

Vulcan: There are no E.V.O.s left in there. We made sure of that.

Nico: Yes we did make sure of that but there are still traces of nanites all over the city of Kiev.

Me: He's after the nanites there to make himself stable.

May: But I don't think there are any nanites there.

Me: But there must be traces of them all over Kiev still. When the Nanite Event occured, the Earth's magnetic field sent a massive number of those nanites into a massively high concentration spot. Kiev, Ukraine is that spot.

Nico: That's true. So there must still be traces of nanites there even though all the E.V.O.'s are gone.

Laney: That is possible.

Kyd Wykkyd: I can teleport us all near his location.

Me: That would be faster. But our best chance is to hit him where it hurts with everything we got.

Nico: That's right. He wouldn't be much of a challenge in his current state.

Randy Boggs: I'll go invisible and spy on him to see what he's up to.

Me: Okay. We should be there right about now.

We arrived in Kiev.

Laney: Here we are.

We were right outside the Bug Jar and we saw the energy barrier dome destroyed.

Nico: Whoa. Good thing all the E.V.O's that were from there cured.

We went into the Bug Jar.

Me: Wow so this is the Bug Jar. It's amazing that the Nanite Event did this to the city.

Nico: Yeah it sure is. Sorry you didn't come with us on that mission J.D.

Me: It's all right Nico. I was too tired to do anything on that day.

Randy Boggs got to work and we waited for him.

Randy was invisible as he got closer to Alpha.

Randy: (quietly) Alright, tough guy. What are you up to?

Alpha was sucking in all the matter around him that still had traces of nanites in it and he was making a new body. It was just like the one he had before when he first fought Ben and Rex.

Randy went to reunite with us but he accidentally tripped knocked over a soda can.

Alpha: (hears this) Whoever is here better come out. If you do, I promise a swift end.

Randy knew that he couldn't take Alpha alone. So he kept on running. He hid behind an alleyway where Alpha couldn't see him.

Fireor: I hope Randy's okay.

Eli: I sense him. And he found Alpha.

Me: Lets get him. It's entrance time.

We went and found Randy.

Grinnade made video game noises, glad to see that Randy was okay.

Randy: Thanks Grinnade.

Me: Lets go.

Alpha looked around and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and a phoenix cry was heard as the spirits of the Kingdom Hearts Villains swirled around it and then they converged and we came out.

Rex: You are gonna pay for returning here Alpha!

Alpha: So you have come back for me brother.

Caesar: You are gonna pay for everything you did Alpha.

Alpha: How can you say that to me father?

Caesar: Because you are a dangerous thing Alpha and you need to be stopped.

Xigbar: (aims guns at Alpha) Don't take another step, asshole.

Alpha: (to Caesar) Father, does this chattering animal speak for you?

Caesar: He is a friend Alpha.

Nico: You need to be destroyed Alpha.

Me: That's right! We're not going to let you take our planet!

I transformed into my Super Angel-Ebonwu-Phoenix-Harmony Infinity form!

Me: (Divine Echoing Cosmic Elemental Voice) **Your angels of death have come for you Alpha!**

Dark Spicer: Here's your warning: Your ass is about to be kicked!

Alpha: (to Ben) I see you all have new people with devices like yours.

Dark Spicer: You're thinking way too small, dude. My Antitrix actually has mutant versions of the Omnitrix aliens.

But then, Dark realized what he just revealed.

UH OH!

Dark Spicer: (nervously) Though, that probably isn't a good thing in this case, is it?

Alpha: (chuckles darkly) It is for me.

Alpha then grabbed Dark's arm with the Antitrix.

Smoke Scream: Oh, this can't be good.

He formed a tentacle and it hit the Antitrix and hacked it and then Alpha formed an Antitrix of his own on his right arm!

Alpha: Your version of this device is most impressive. Perhaps I can find a most suitable host inside.

Me: **Stand ready.**

Alpha formed into an E.V.O. Version of Dark Spicer's Chernoboil Form!

Shanan: WHOA! He's an E.V.O. Version of a Prypiatosian-B Hybrid!

Vulkanus tried punching EVO Chernoboil but didn't even hurt him thanks to the latter's suit.

E.V.O. Chernoboil: (chuckles) If I knew how durable this form was, I would've used it the first time.

Vulkanus: (sarcastically) Don't suppose we can settle this by roasting marshmallows?

Me: **And besides Alpha, this place is widely known for the 1986 Chernobyl Nuclear Power Plant Accident. You would fit right in!**

I fired a massive blast of water and it hit E.V.O. Chernoboil and a massive cloud of steam came out.

Alpha then turned into an E.V.O. Version of Widowchimp!

Shanan: Now he's an E.V.O. Arachnichimp Hybrid!

Dust Man: (laughs) You picked Widowchimp?! Now, you're slightly smaller then us!

E.V.O. Widowchimp: (smirks) You shouldn't judge anyone by their appearance. Or even their size.

E.V.O. Widowchimp webbed up Dust Man. Bobo fired his blasters at E.V.O. Widowchimp but he dodged the shots before punching Bobo, knocking him to the ground.

E.V.O. Widowchimp: (approaches a seemingly knocked out Bobo) How fitting. By trying to harm me, you've only succeeded in destroying yourself.

But then, Bobo looked up at him with a smirk.

Bobo: Hi. (fires blaster at him)

KRAKOOM!

He blasted him in his face and sent him crashing into the wall.

I fired a massive blast of fire and it hit Alpha and exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Dark then turned into a new Ultimate Alien Hybrid! It looked like Wildvine but it was blue and it had spikes that were glowing and he had many tentacles and flowers all over.

Rojo: Wait. You picked Plantmenace's Ultimate form?

Ultimate Plantmenace: It was completely accidental. Probably because Alpha hacked the Antitrix.

Upgrade: Like with what happened with me when I turned into Shocksquatch the first time.

Nico: Wow!

Shanan: That is awesome that you have an evolved Hybrid Florauna Form.

Ultimate Plant Menace: It sure is.

Then Alpha emerged as an E.V.O. version of Dark Spicer's Mega Large form!

Shanan: Now he's an E.V.O. Tokustarr!

Cindersaur: Well, we're dead.

E.V.O. Mega Large: (laughs) With this form, I probably won't need that Omega 1 Nanite now.

Me: **Want to bet on that!?**

I flew at him with incredible speed and then punched him in the face and smashed him down and then Alpha reverted back.

Alpha just grabbed Rex.

Bonz: Go ahead. Drain Rex of his nanites. But then, you'll lose access to your Antitrix forms!

Alpha: The power you hold is impressive,

Rex: You mean that we're holding the power to kick your butt!?

Alpha: The Power to create machines. You are not worthy of such a gift. The Omega Nanite is mine.

He stole his Omega Nanite!

NOT GOOD!

His energy was rising fast!

Nico: Not good! His power level is increasing!

Alpha: I was misguided to place my trust in a father that did not want me. I never needed him. I simply needed the energy and means to do what I have always done: evolve.

He turned into a mass.

Ben: You okay?

Rex: NO! Definitely not okay! It took my Omega Nanite again and I know what it wants!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Alpha exploded and he was now at his most powerful!

Alpha: Behold Organics.

We saw that he was now ALPHA OMEGA!

Alpha Omega: (Demonic Voice) **The Beginning and the End of all things. I am Alpha Omega. THIS IS THE TWILIGHT OF HUMANITY! ALPHA OMEGA DESTROYS ALL!**

Me: **Not if I can help it!** (Snaps fingers)

We were on the planet Glaren yet again and I went giant!

Me: **Time to fight fire with fire.**

Nico: Lets get him!

Dark Spicer then turned into an Ultimate version of his Splitlife Form. He looked like Ditto except he had flames for hands and had blue skin.

Dark Spicer: Meet Ultimate Splitlife!

Shanan: An Evolved Splixson Hybrid. Very interesting.

Ultimate Splitlife: You know you just lost your ability to turn into knockoffs of my aliens, right?!

Alpha Omega: I don't need that power anymore. Now I will destroy you with what I have!

He fired a massive blast of fire and I absorbed it.

Nico: Take this one!

Nico fired 7 beams of red energy into the sky and formed a huge ball of energy and he condensed it to his size.

Nico: You will pay for your crimes Alpha Omega! NEGATIVE KARMA BALL!

He fired it and it slammed into Alpha Omega and exploded with incredible power!

**EXTREMELY TREMENDOUS AND MASSIVE KRABOOM!**

The explosion really damaged him.

Then Number 7, Evil Green Ranger, Robo Blaze, Professor XXXL, Ghost, Melter, Billy Numerous, Captain Boomerang, Whirlwind and Cluemaster then appeared.

Me: **Number 7, Evil Green Ranger, Robo Blaze, Professor XXXL, Ghost, Melter, Billy Numerous, Captain Boomerang, Whirlwind and Cluemaster.**

Cluemaster: Looks like we got here just in time!

Number 7: Are you alright, Dark?

Ultimate Splitlife: Aside from the fact that we had to fight knockoff versions of my aliens, I'm fine.

Evil Green Ranger: Is that your version of an evolved Splixon?

Ultimate Splitlife: It's also completely accidental. Alpha hacked the Antitrix to get his own earlier.

Me: **He sure did and it was something.**

Robo Blaze: Well, at least he doesn't have his own Antritrix anymore.

Dark Spicer reverted back.

Professor XXXL: (to me) We heard you encoutnered the Ministry of Pain today.

Me: **Yep we sure did.**

Ghost: What did you do with them?

Me: **We sent them to a nursing home. After 70 years you think they would take a hint and never do crime again after all these years.**

Nico: Yep. Besides they are too old to do crime anymore.

Eli: I agree.

?: I agree too.

A figure came out and it was GENERAL VALKO from episodes 14 and 15 of S.P.D.!

---

**General Valko** is a powerful alien warrior, who served Emperor Gruumm and Mora, he possesses a huge reputation of terror and destruction. He is also a Perterian general and an alien terrorist. Mora wanted Valko to become Gruumm's Second-In-Command after General Benaag's defeat and containment. Valko served Gruumm and Mora, and wanted impress Gruumm to become his Second-In-Command, right hand, general and deputy ruler of the Troobian Empire. He also controlled the powerful cyborg named Goradon. Valko wanted to impress Gruumm by destroying the Power Rangers and Delta Base and conquering the Earth with the aid of Goradon. However, Valko's efforts were in vain and led to his capture and containment in the Data Card. Valko serves as the main antagonist of the episode "Wired". Little is known about Valko. It is known that he is an evil alien warrior with a fierce reputation for terrorism and destruction. He is also general of Perterian army. In the season Power Rangers S.P.D. Valko worked for Gruumm and Mora. In the fourteenth episode, Gruumm became annoyed by all failures, which he got during his war with the Power Rangers and he was now extremely wrathful and wanted to punish Mora by turning her into her real original form - Morgana. However, Gruumm gave Mora one last chance to prove her loyalty to him and he told her to find a new Second-In-Command and general for him and a new plan to conquer the Earth. Mora proposed Gruumm Valko. Mora told Gruumm that Valko was a brutal, ruthless and terrible warrior, nearly as Gruumm, and he would be a perfect Second-In-Command and general for Gruumm. Gruumm agreed, but he said that if Valko would show himself perfectly and help him conquer the Earth, Gruumm would spare Mora, but if he fail Mora would lose her favorite child form and be transformed into her real form - Morgana, which she hates. Mora arrived at the home planet of Valko and found him. Valko was training by blasting the rocks. Valko gladly met Mora and asked what she was doing on his planet. Mora told Valko that she came to recruit him as Gruumm's new Second-In-Command and the new general of Gruumm's army. Valko was happy and said that together with Gruumm they could conquer the entire galaxy, but Mora told Valko he had to prove himself at first that he was worthy of being Gruumm's Second-In-Command and general. Gruumm told Mora that he possessed the creature of incredible power - Goradon and this powerful being would impress Gruumm to make him his Second-In-Command. Valko arrived at Earth at the rocks near Newtech City and used his seismic detector to find Goradon in the ground. Valko ordered Goradon to rise and destroy. The ground trembled under his legs and a giant crater appeared there. It was detected by seismic sensors of S.P.D. Headquarters and Rangers and Kat arrived at that place and made the analysis of rocks. Valko then arrived at Gruumm's ship and told his plan to Gruumm. Valko came to Gruumm, greeting his new master and openly admitted that he was unworthy to be Gruumm's Second-In-Command and general. Gruumm agreed. Gruumm wasn't yet satisfied by Valko and even abused him by calling him a worm. Mora introduced Valko as Gruumm's new Second-In-Command and general. Gruumm considered Valko unworthy to be his general unless Valko would prove himself worthy. Valko told Gruumm about Goradon and said that he will find a Sirian database of S.P.D. Patrol Headquarters to control Goradon. Gruumm and Mora didn't believe Valko at first, as Goradon was considered uncontrollable, but Valko convinced his new masters that he would be able to control Goradon via Sirius One Process Hyper Intelligent Krypto. Gruumm was now satisfied and sent Valko to find Goradon, activate him and bring him to Gruumm. Valko arrived in the forest and met Broodwing. Broodwing called Valko a fool for awaking Goradon, but Valko told Broodwing that he would become

Gruumm's Second-In-Command, by impressing him with Goradon. Broodwing told Valko that Goradon is uncontrollable and there's no technology able to control him. However, Valko convinced Broodwing that he would find and steal the technology on the S.P.D. Headquarters and take control over Goradon. Broodwing said Valko is even bigger fool than he thought told Valko he couldn't attack the Delta Base and would easily fail, but Valko paid Broodwing and bought a robot Tyning for the attack on the base. Broodwing was glad and sold Tyning to Valko. Valko attacked S.P.D. Base with an army of Krybots. Valko encountered the Rangers, when they trained cadets of D-Squad, and sarcastically mocked the Rangers, asking if it was disturbing the peace. Valko told the heroes that they had something he wanted and ordered them to give him it. Rangers didn't understand what Valko was talking about and the villain explained that it's Sirius One Process Hyper Intelligent Krypto. Valko threatened the S.P.D. Rangers, requiring to surrender the technology he needed, otherwise he would destroy the Delta Base. Rangers refused to give Valko what he wants and Valko threatened them. Rangers morphed, and battled Krybots. Valko fought Z, Syd, and Sky and was winning. Then he noticed S.O.P.H.I.E. and realized that he needed her. He fired at her when she tried to escape. Bridge battled Valko and nearly defeated him. Jack ordered Bridge to take cadets away and they would take care of Valko. Bridge led the cadets away and Valko was furious, as he led S.O.P.H.I.E. away, and Valko needed her. The four rangers left to fight the villain. However, Valko easily defeated the Rangers. Then Valko summoned his giant robot Tyning, who was piloted by Blue-Head Krybot, and ordered him to attack Delta Base. Valko was happy, as Broodwing finally sent his robot to aid him. The robot fired at the base, causing it to tremble. The Rangers contacted Kat and told her to call Delta Runners, but the doors were blocked, so they couldn't come. So Cruger told Kat to activate the new Defense System of Delta Base, which wasn't finished yet. Kat activated the defense system of the base and Rangers managed to defeat Tyning, but Goradon showed up and easily defeated the rangers. After Tyning was defeated, Valko watched Goradon and was amazed as he was so powerful. Valko then left. However then when S.O.P.H.I.E. went on the street, Valko attacked her. Valko happily declared that he sought for her. Valko attacked S.O.P.H.I.E. and tried to catch her and force her to work for him and control Goradon.

S.O.P.H.I.E fought Valko, but then she tried to escape from him. Valko pursued her and came to Piggy. Valko threatened Piggy and Piggy gave Valko S.O.P.H.I.E. Valko brought S.O.P.H.I.E to the big black warehouse and plugged her to many connectors. Valko activated his machine, which was connected to S.O.P.H.I.E., and started the activation of Goradon. Thanks to Piggy, Rangers found Valko's hideout. Valko attacked heroes in the forest and summoned Krybots. The Rangers battled Krybots. After defeating the Krybots, the Rangers morphed and battled Valko and they defeated him. Then Rangers then tried to arrest the villain, but he escaped and returned to his lair, summoning Goradon. Goradon attacked the city and Kat sent the Zords to the Rangers. The heroes tried to battle Goradon, but the monster was too powerful so S.O.P.H.I.E. tried to resist and free herself. S.O.P.H.I.E. freed herself and went to aid her friends as Goradon nearly defeated Delta Megazord and Rangers left without a sword. Valko attacked S.O.P.H.I.E. but she called Commander Cruger and he arrived to save her. Doggie morphed and battled the villain. Finally, Cruger defeated Valko and captured him in a data card. The Rangers later managed to defeat Goradon by using Delta Command Megazord with the help of S.O.P.H.I.E.

---

Commander Cruger: General Valko!

Valko: Been a long time Cruger.

Me: **I remember you! You were Gruumm's newly appointed Second in Command after General Benagg was defeated and you were going to destroy the rangers and the Delta Base for Gruumm to conquer the Earth.**

Valko: That's right J.D. Good memory on you.

Me: **Never missed an episode like I told all your friends.**

Valko: Whatever happened to that Sophie girl I went after before?

William: That actually is a good question. She was never seen again for the rest of the season.

Me: **Yeah that is weird.**

Nico: How unusual.

Eli: She probably went into hiding until Emperor Gruumm was either killed or captured.

Valko: That could be the case.

Me: **We'll have to find her when we kill Gruumm for real and banish him to the Warp.**

Valko: Yeah.

Me: I'll form a clone to join the battles while I hold off Alpha Omega.

I grew giant and formed a shadow clone.

Sunset Shimmer: YEAH YOU TELL HIM BEN! YEAH!

Pepperdance: (Cajun Accent) OOOWEE! YEAH!

Cayenne: Yeah that is telling him! After everything he did he deserves to be destroyed.

Firecracker Burst: You got that right!

Pip-Squeak: (British Accent) It's amazing that Caesar was able to make Alpha. But he didn't program him with a heart.

Gusty: Yeah. Can Nanites even be programmed?

Billy Numerous: Well in a sense they are machines with their own type of programming so it is possible.

Sunburn: I'm not really into learning all about biomechanical machined but it is possible.

Fire Lori: I literally think it's too complex for me.

Yin: Yeah I think it's too complex for me too.

Yang: But I think it's cool.

Billy Numerous: I do too. Lets do it pardners!

He formed 500 clones and they went at him and smashed him all down with fire and brute strength.

Rath: OH YEAH BABY!

Naruto: YEAH MAN!

Sunset Shimmer: That was amazing!

Battle 8: Julie Yamamoto, Twilight Sparkle, Luster Dawn, Sunny Starscout, Princess Cadance, Flurry Heart, Star Swirl the Bearded, Magic Skylanders, Crystal Laney, Ty, Smoke Scream and Bruiser Cruiser VS Captain Boomerang

---

Captain Boomerang was next.

Captain Boomerang: (to Julie) (Australian Accent) Alpha better not have caused any permanent damage to the Antitrix!

Julie Yamamoto: I have a feeling he didn't.

Captain Boomerang: Lets hope not. By the way how did you react when Ben told you about all this?

Julie Yamamoto: I was shocked and amazed.

Twilight Sparkle: It's amazing that Ben helped Rex before and took down Alpha the first time. It's really cool.

Luster Dawn: It sure is. Alpha is far more dangerous than any other enemy that Rex knows.

Sunny Starscout: Yeah he sure is. And he is composed entirely out of the very first nanites that were made before the second set.

Princess Cadance: Yeah. They were made of Prototype Nanites.

Flurry Hearts: It sure was amazing.

Star Swirl: It sure is. I think it's really cool that Alpha is made of nanites and all that.

Spyro: But he is far too dangerous to be kept around. The very sooner we get rid of him the better.

Crystal Laney: And the only way to do that is to send him into the sun.

Captain Boomerang: I get it. The Sun will completely obliterate his biomechanical makeup and destroy all traces of him forever.

Ty: (Australian Accent) That's right mate.

Captain Boomerang: Smart smart thinking mates.

Julie Yamamoto: It was all J.D.'s idea but I'll tell him you think that.

Captain Boomerang: Okay then. Lets do it mates!

They fired waves of magic and energy and boomerangs and smashed him down.

Julie Yamamoto: YEAH MAN!

Twilight Sparkle: That was amazing!

---

Battle 9: Tom Major, Princess Celestia, Amber Morning, Minuette, Twinkleshine, Lemon Hearts, Moondancer, Lyra Heartstrings, Twilight Sparkle, Light Skylanders, Light Lily, Replacements, Air Man and Dust Man VS Whirlwind

---

Whirlwind was next.

Whirlwind: (to Tom) Good news: Alpha doesn't have his knockoff Antitrix anymore. Bad news: he's got Rex'a Omega 1 Nanite and he's supercharged!

Tom Major: But we will get it back.

Whirlwind: Do you know what Alpha was designed to do?

Tom Major: He was the springboard for the start of the Nanite Project. It was designed to help cure diseases and all that.

Princess Celestia: It was really interesting. But Biomechanics are not my cup of tea.

Amber Morning: (Coos in agreement and makes swirly eyes for complex natures)

Princess Celestia: It sure is complex.

Minuette: But it's really amazing how Providence was able to come up with so much complex stuff.

Twinkleshine: Yeah all this is really too complicated for me.

Lemon Hearts: No kidding. It hurts my head.

Moondancer: I think it's really interesting. All the Nanites being released like that during the Nanite Event turned people into amazing people.

Lyra Heartstrings: It sure did. Cricket, Skwydd, Tuck, all of Rex's friends including him are awesome E.V.O.'s.

Twilight Sparkle: Boy they sure are. I think it's so cool how they have all kinds of amazing abilities as E.V.O.'s.

Spotlight: I think it's really cool too. Rex is a really lucky guy to have amazing powers like this.

Light Lily: (Coos in agreement)

Todd: Boy you got that right.

Riley: It's amazing.

Whirlwind: You're not kidding. Lets do it!

They fired waves of light and energy and magic and wind and smashed him down.

Tom Major: OH YEAH!

Princess Celestia: That was the most fun ever!

---

Battle 10: Aang, Princess Luna, Snowdrop, Children of The Night, Ink Rose, Moonlight Raven, Dark Skylanders, Shadow Lucy, Lucille Loud, Supernoobs, Flamefeather and Cindersaur VS Arthur Brown A.K.A. Cluemaster

---

Cluemaster was next.

Cluemaster: (to Aang) Alpha must've known that there were residue Nanites in the Bug Jar from when we cured the EVOs there. So he went to absorb those. And then, he copied Dark's aliens to get close enough to Rex to absorb his Omega 1 Nanite.

Aang: That is a very good theory. I'm amazed the Bug Jar was able to get such a massive concentration of Nanites and keep it in here even after we cured everyone.

Princess Luna: That is a very interesting. It's hard to imagine that the Nanites can stay in the ground too.

Snowdrop: The Nanite event really did a lot of harm to the planet in Rex's world before we came along.

Gari: No kidding. That must've been a brutal day for everyone.

Ink Rose: But that's why we're gonna do everything we can to fix the damage done.

Moonlight Raven: We always will find a way somehow.

Blackout: That's right.

Shadow Lucy: It's amazing that the Nanites were made to help people.

Lucille Loud: (Scottish Accent) Yeah no kidding lads.

Tyler Bowman: But we will stop those nanites.

Cluemaster: I have faith in you all. I'm sorry J.D. and the Loud Kids weren't with you all to help out.

Aang: It's not your fault. J.D. and most of us were so tired before, during and after the Great War of Equestria that they lost track of time.

Cluemaster: That battle really did wore them out. Lets do it!

They fired waves of darkness and energy and wind and smashed him down.

Aang: YEAH!

Princess Luna: A true victory of the night.

---

Battle 11: SPD Rangers, Megaforce Rangers, Nico, Ice Luan, Lana, Lola, Lucy, Laney, Lisa and Lily VS General Valko

General Valko was next.

Nico: This is gonna be good.

Nico teleported and opened Valko's safe and in it was a bunch of swords.

They were called The Hunters of The Galaxy, they're a collection of large swords with the symbol of Samus Aran etched on the 6'5" massive, wide, double-edged dark blue blades, dark blue angel wings for the crossguards, large purple gems for the hilts, longer black handles, and large dark blue faceted sphere pommels with surrounding light purple gems. Nico: First this! SPD MORPHER JUDGEMENT MODE!

He activated his morpher and a timer came on. 30 seconds later the red X lit up.

Nico: GUILTY!

Valko: Before you lock me up, give these to Simone.

He gave Nico his gun and sword.

Nico: Wow. I'll be sure she gets them. Thanks. Now lets lock him up! FIRE!

They fired waves of elements and energy and the blasts hit Valko and exploded and the blast hit Valko and locked him in a containment card!

Nico went over and picked it up.

Nico: General Valko you have failed this world.

Troy Burrows: Rangers that's a Super Mega Win.

---

POW! BIFF! BLAM!

I punched and kicked him all over.

Noah: Time to take this monstrosity down!

Megaforce Rangers: LEGENDARY RANGER MODE! SCIENCE PLATOON DYNAMAN!

The Megaforce Rangers turned into the Dynaman Rangers!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Eddy fired his blaster at Alpha Omega's spider legs but that only seemed to annoy him.

Eddy: (Alpha Omega glares at him) Aw, Hell.

Alpha Omega: Hold still. I'm going to crush you. (tries to step on him)

KRASMASH!

I punched Alpha in the face before he can do anything!

Me: Pick on someone your own size!

Maxxor: In the name of the Tribal Alliance, we're taking you down by force!

We fired energy blasts and more and blasted him all over.

Aimukk, Ere, Maxxor, and Ninren blasted Alpha all over the place.

Drag Strip, Hound, Eli and William used the Earth Cyber Planet Keys and they enhanced Drag Strip's Plasma Energy Blaster, William's Blaster, Eli's Powers and Hound's Turret 100-fold.

They donned their own variations Falcon Armor (Mega Man X5) and fired Buster Blasters at opponent which then explodes.

The blasts all hit Alpha and exploded with incredible power!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Alpha Omega was weakened bad.

Alpha: (weakly) You wouldn't kill me. Would you, father?

Caesar: Sorry, Alpha. But I don't even have a girlfriend yet.

Rex placed his hand on Alpha and then used his E.V.O. Cure powers to condense him into a ball that was very strongly compacted and Caesar used a ray to get the Omega Nanite out of Alpha's sphere.

Caesar: Got it!

Alpha was compacted into a small sphere and it was a really heavy one! Rex dropped the ball and then…

CRASH!

It landed on the street with a massive thunderous thud and it formed a crater.

Me: **WHOA!**

Nico: WOW! That thing is heavy!

Ben: Like I said, and that my friend is how you save the world.

Caesar: That was very clever little brother. The density of this sphere is over 30 grams per centimeter cube.

Me: **WHOA! That is really heavy. That has to weigh as much as a 5,000 ton beam.**

Melter: Thank God Alpha's gone now!

Rex: Trust me. He wasn't easy to defeat both times.

Billy Numerous: I can see why.

Me: **But he really put up an incredible fight.**

Captain Boomerang: But he'll never hurt anyone anymore.

Whirlwind: So, what do we do with Alpha's remains?

Me: **We throw them into the sun like I said.**

Cluemaster: We could have Ben go Upchuck, eat his remains, and burp it into the sun.

Ben: No way! That was gross enough the first time!

Me: **I'll do it. I've been wanting to try this out for a long time.**

I picked up the sphere.

Lynn: Here J.D. Wear this.

She handed me a baseball cap for the Detroit Tigers.

Me: **Oh thanks Lynn.**

I put on the cap and opened a portal that lead to the sun.

I got into a pitching position.

Nico: 3-2 Pitch!

I threw the ball and it went through the portal.

Nico: IT'S A HIGH FLY!

The sphere hit the sun and was completely obliterated in an instant as we saw a fizzle on the surface.

Nico: AND IT'S GONE!

Laney: YEAH!

Nico: Nice throw dude!

I powered down.

Me: Whew! That was intense! But at least a bad project from Providence is now gone forever.

Caesar: That's right J.D. Thank goodness.

Me: Yep. Great job today everyone. Lets go home.

?: I will make sure that all of you will die here!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large colored orbs orbiting around the legs of Lincoln's sisters, the eight large orange orbs orbiting around Duke Lincoln's legs, and the eight large purple orbs orbiting around Menat's legs were glowing, and that means big trouble was coming.

Lloyd Irving: Oh crap, I was hoping never to hear that voice again. You can come out now, Pope of Tethe'alla.

A figure came out of the shadows, and it was none other than The

Pope of Tethe'alla.

Me: **So, that's the Pope of Tethe'alla. I can sense he's not one of Yggdrasil's followers, but what can you tell us about him, Lloyd?**

Lloyd Irving: Trust me, J.D., you aren't going to like him one bit.

Lloyd Irving proceeded to tell us about The Pope of Tethe'alla, and we weren't going to like him one bit.

---

Pope of Tethe'alla

The Pope of Tethe'alla is a minor antagonist in Tales of Symphonia. He is the leader of the Church of Martel in Tethe'alla and secretly the current King of Tethe'alla's half-brother.

History

The Pope was born as the illegitimate son of the previous king of Tethe'alla making him the current king's younger half-brother. Filled with bitter and envy that his older brother is the heir to the throne, he worked his way up the social ladder to become the pope to secretly gain his trust and murder him for the throne and, in doing so, established many cruel and racist laws against half-elves. It is later discovered that he has a half-elven daughter named Kate, technically the niece of the current king who was forced to work in Sybak as a scientist. When questioned about why he established these laws, his explanation was largely vain, based on his fear of the half-elven population, with their powerful magic and slow aging process. The Pope begins to harass the group after he notices that two half-elves travel among them. The Pope bans the group from Meltokio and the Grand Tethe'alla Bridge. The Papal Knights attack the party numerous times in order to arrest or kill them. The Pope also employs Kuchinawa, a spy from Mizuho, as a means of pursuing the group. The party learns from Vharley that the Pope is a major buyer of Exspheres, and he makes the Exsphere connection between the Church of Martel and the Desians of Sylvarant. The Pope also wishes to replace the King of Tethe'alla, and he has been slowly poisoning him to make it seem like he dies of natural causes. The Pope was later removed from power by the King of Tethe'alla, after heavy persuasion from Tethe'alla's Chosen, Zelos Wilder.

When Lloyd Irving was done, we were indeed furious at this racist. Not only was he cruel towards half-elves, he even nearly stole the throne of the King of Tethe'alla for the purpose of establishing cruel and racist laws to the half-elves themselves. But, that had caused something in Danger Duck's mind to snap, his eyes turned neon blue and he was surrounded by an orange energy aura with orange fire, orange lightning, and orange stars, as he unholstered his Sword of Penelope from his back, and as he'd approached The Pope of Tethe'alla, he left orange fire, orange energy, orange lightning, and stars with every step.

Danger Duck: You make me sick, you piece of crap. You aren't just a cruel racist towards half-elves, but you also nearly stole the throne of The King of Tethe'alla for the purpose of establishing cruel and racist laws to the half-elves themselves. That also makes you a paranoid usurper and a cruel racist, and I will make sure that you draw your last breath!

Danger Duck screamed like a madman, as he was surrounded by a massive vortex of orange energy with orange fire, orange lightning, and stars surrounding the vortex, there was a duck running around the vortex, and inside the vortex was an orange phoenix. We'd felt his power and energy rising like crazy, and he was getting stronger and stronger and stronger still. Then, as the vortex faded away, Danger Duck emerged, but he was changed forever.

Danger Duck grew to 6'11" in height, he now had large and powerful upper and lower body muscles and eight-pack abs, as shown by his suit's top, which turned into a black tank top with an orange phoenix on it, his long-sleeved black trench coat and black pants from when he transformed into his Super Angel 10,000,000,000 have gotten bigger and longer, he now has on a necklace with a duck holding the Fire Kanji in its wings for the pendant, his black combat boots with a tinge of orange had turned into black leather ankle-high combat boots with a tinge of orange, the duck emblazoned on his forehead is now holding the Fire Kanji in its wings, the massive, wide, double-edged blade of his Sword of Penelope grew to 6'5" in length and the long black handle grew longer, and his black angel wings with orange tips on the feather grew larger for his new body. He also had on a Blue Lantern Ring on his left ring finger, and he has on his new Bracelets of the Champions of The Universe with orange gems on his wrists, his new Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, and his Eater of Sins revolver holstered on his left hip. Danger Duck transformed into SUPER ANGEL 750,000,000,000 CELESTIAL ORANGE INFERNOSTORM ANGEL DUCK OF HOPE!

We were amazed by Danger Duck's Super Angel 750,000,000,000 transformation, and this also means big trouble for The Pope of Tethe'alla.

Me: Whoa, looks like Danger Duck's become the next one to transform.

Nico: Oh yeah, and he's going to give that paranoid and cruel racist pope his punishment.

Danger Duck: (Divine Echoing Firestorm Voice of Hope) That's right, Nico. Alright, you bastard, it's time for you to die!

Danger Duck went after The Pope of Tethe'alla, and he fired powerful blasts of orange fire, orange energy, orange lightning, and stars at him, and they exploded with incredible power. Then, with his newly improved Sword of Penelope, he slashed off The Pope of Tethe'alla's arms, and he screamed in excruciating pain.

Danger Duck: (Divine Echoing Firestorm Voice of Hope) And now, it's time to send you on your way to join Mithos Yggdrasil's goons in The Further. DARK STYLE NINJA ART: EARTHBOUND IMMORTAL ASLLA PISCU!

Danger Duck then fired a massive blast of darkness and orange energy, and it transformed into the Hummingbird Earthbound Immortal Aslla Piscu, and it fired a blast of purple energy, which ripped The Pope of Tethe'alla's soul from his body, and devoured it, and wound up in The Further forever, and his body was reduced to ashes, as a result.

Danger Duck: (Divine Echoing Firestorm Voice of Hope) May your soul suffer the torments of The Further forever.

We cheered wildly for what Danger Duck did, as he holstered his massive Sword of Penelope on his back and powered down, but his new body, clothes, weapons, and jewelry were permanent.

Me: Alright, and now, all that's left is Slam and Zadavia.

Nico: You got that right, and those last two goons had better say their prayers.

Me: Yep.

Rex: (To the viewers) This was an epic adventure! I am now glad we've finally seen the last of Alpha.

Me: We all are. Oh right.

I got the cannister that had the Omega Nanite and I used my powers to reinject it back into Rex and then we went back home to rest and sleep.

TO BE CONTINUED…

Part 14 done.

Heroes United: Generation Rex and Ben 10 was one of the most awesome crossover movies I've seen and it was awesome! The movie came out on November 25th, 2011 and it was AWESOME! I loved how 2 shows came together in that one. The 1st part of the chapter was for the Powerpuff Girls episode Fallen Arches which came out on July 28th, 2000 and that was a cool episode and Blossom may have done some poor decisions in that one but they were wise ones. The second part was for the Batman Beyond episode April Moon and that one was a really interesting one. That one came out on Earth Day or April 22nd, 2000 and that was a cool one. Think of the 2nd part as a sequel to said episode to finish what Batman of 2039 started. The 3rd part of this chapter for Lincoln's date was for the Canadian funny cartoon show called Sidekick and it was a really funny show. AWESOME! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the idea for this one. Thanks guys and thank you guest reviewer for this. The next rescue for me is gonna be back in the world of Di-Gata Defenders and we're going to kill Nazmul. Me, Eli, Allie, Maria, Missy, Simone, Miranda and the Leafeon Gene-Slammer are gonna go and we'll also meet a Mermaimon Gene-Slammer named Lorelai McFinnigan from Scotland and she will also have the faeries from Neopets: Eithne, Illusen, Fyora, Siyana, Nereid, Ember, Nuria, Briana, Jhudora, Jhuidah and Taelia. My best friend Alan Bushman got me into Neopets a long time ago and it was cool! The rescue for Lincoln is gonna be in the world of the 2013 movie Carrie. I know it sounds repetitive but I want everyone to see what it was like for us when we first saw it. The next chapter is gonna be for the awesome iconic movie from 1939 The Wizard of Oz! But this one is a sequel for the movie and we're going after The Wicked Witch of The West who has returned for revenge. We're going to meet Dorothy Gale and her friends in the world of Oz and we're going to kill the Witch and make sure she never comes back. It's also going to honor the awesome crew of the movie from 82 years ago.

See you all tomorrow.

# The Wonderful World of Oz

IN MEMORIUM OF THE CREW AND STARS OF THE WIZARD OF OZ

---

On the planet of RaDos, Me, Allie, Eli, Missy, Maria, Simone, Miranda and Taylor the Leafeon Gene-Slammer were there to not only rescue another monster girl and meet another gene-slammer but also destroy another one of the Di-Gata Defenders enemies.

Taylor Emerson: So this is Seth's world, huh?

Taylor concentrated and groaned as her skin turned green.

Me: Yep it sure is.

Simone: Seth told me all about what he and his friend do here on RaDos.

Taylor turned into LEAFEON!

Missy: Cool! And I heard from Nico that you guys faced one of their many enemies before.

Me: Yep and from the looks of things we're going to kill another one of their enemies as well as rescue another girl.

Allie Wilde: Wow. I wonder who it will be.

Me: We'll find out soon.

We then saw another one of the Di-Gata Defenders enemies and it was NAZMUL!

---

**Lord Nazmul** was the leader of the Order of Infinis. He is brother to the Defender's mentor, Alnar, and was once a Wizard of Yan.

Fifty years before the main storyline, Nazmul fought alongside the Wizards of Yan against the Ethos in the Battle of Yan-Sumos. But greed, corruption, and the promise of eternal life clouds his mind of all reason. He betrays the Wizards, with the goal to use enough energy to complete a powerful spell that would offer eternal life to him and his followers.

As a result of the banishment of the Ethos to the Dark Realm the megalith was formed. But before he can use the Megalith's power to suppress RaDos, his body is destroyed by the Wizards when the Spell of Binding is cast.

Although it seems that Nazmul was killed, his spirit survives, tied to a Di-Gata stone within a robotic body. Although Nazmul still remains powerful, his body is deteriorating, and he needs to find someone who can hold his incredible power for his new host body.

Order of Infinis

After his body was destroyed, Nazmul lays low for twelve years, as his subordinate Brackus heads the Order in his stead. However, when the new Di-Gata Defenders begin their search for the Pure Stones to reseal the Megalith, Nazmul reveals himself and regains control.

Even though Nazmul is the leader, Brackus has plans to seize control and rule RaDos with the Megalith. Nazmul is completely aware of Brackus' treachery, but does not act on stopping him right away, as his body is very weak, and Brackus is more influential over the Yin-Tos Army than he is. He allows Brackus to work behind his back for the Pure Stones, while Nazmul sets his sight on a new host body. At first he wishes for Mel to be his host, as she is also a Wizard of Yan. He uses the Mortagarian shape-shifter Kali to infiltrate the Defenders and for her to decide which Defender is most suitable. His final choice is for Kara to be his new host, as her body is ideal for channelling sigil energy.

When Brackus has all four Pure Stones, Nazmul makes his move and imprisons him, with plans to kill him. He now has Kara captured, and has his scientist Flinch prepare her as his new host. But unknown to him, Brackus' army and the Defenders begin an assault on his Keep, allowing Brackus to escape. Seth intercepts Nazmul from taking over Kara, and mortally wounds him in the process.

## Imprisonment

As his body will not last for much longer, his loyal subject Malco allows himself to be Nazmul's new host. With his superhuman body and power, Nazmul attacks Brackus' forces, and banishes him to the Dark Realm for his treason. He sets his sights on the Defenders, who are trying to rebind the Megalith. Seth is able to use his Nova Stone's secondary function, a prison, to seal Nazmul's spirit inside the stone.

After the Megalith is destroyed, Malco and Flinch try to free their master from the stone. After many unsuccessful attempts, the duo kidnap Brim, the only one who knows how to break the stone. Although Brim cracks the Nova Stone and frees Nazmul, he also added a fail-safe to prevent him from escaping, unless someone took his place. At first, Malco tries to use Brim, but he accidentally loses his balance and falls off the cliff. Malco then tries to use Flinch, but Brackus intervenes, with the aim of killing him.

## Death

After a brief fight with the Defenders, Malco offers his life force to Nazmul, allowing him to regain his power and be freed. He uses the Nova Stone's power to continue to regenerate his body, and attempts to drain the life force of Rion. While Nazmul is distracted, Brackus cuts off his power source by removing the Nova Stone from the pedestal. Seth takes this opportunity to cut off Nazmul's arm, freeing Rion. Without any energy to keep him in RaDos, Nazmul's body deteriorates from the damage, and his spirit is permanently destroyed.

---

Me: Whoa that's Nazmul! Seth told me all about him. He is the brother of Master Alnar and he is dangerous as all get out.

Allie Wilde: Then we need to destroy him.

Me: Lets go!

We flew at him.

Nazmul laughed malevolently as he and his followers were on the warpath towards the Di-Gata Defenders home.

Nazmul: Soon you will pay for your crimes brother.

But then an energy blast was fired at him and he ducked and it hit a bunch of his followers and exploded with incredible power!

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion completely obliterated many of his followers and we landed in front of him.

Nazmul: So you are the famous J.D. Knudson of Team Loud Phoenix Storm.

Me: That's right you freak and we're going to kill you.

Missy: Hey there. Can we ask that you guys please line up for your turn to be killed?

Nazmul: You are the one that will die!

Missy: I think not.

Missy used her psychic powers and sent him smashing head first through a rock!

Eli: And try this on!

Eli fired a massive blast of Force Lightning and electrocuted Nazmul's followers.

Me: Nazmul prepare to taste immortality IN HELL!

I jumped and me and Simone unsheathed our swords and then…

SLASH!

We appeared behind him.

Nazmul: What was that for?

Me: Oh you'll find out.

We sheathed our swords and then a massive shower of blood exploded out of him and he split in half right down the middle as we both have cleaved him in two. Killing him instantly.

Missy: Clean up on Aisle 12!

Miranda: Yuck! But this will be just as gross. FLOWER CANNON!

She fired a blast of energy from her hand and it hit a bunch of followers of Nazmul and blew them to smithereens in a fiery explosion!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Simone: Take that! Wait. J.D. I see something on one of the followers.

I looked and I saw that he had a bunch of bottles on a belt and in them was a bunch of fairies.

Me: Whoa he has fairies on him. I got this.

I flew at him and yanked the belt off and fired an energy blast through his black heart and killed him.

We popped open the bottles and out came a bunch of fairies and surprisingly they were the fairies from Neopia.

Missy: You girls okay?

Illusen: We all are.

Fyora: Thanks to all of you.

Eithne: We owe you big time.

Me: Wait a second. You're Fyora the Queen of the Fairies in Neopia.

Fyora: That's right.

Me: Cool! My best friend Alan introduced me to the game Neopets years ago. So awesome! And you all are Illusen the Earth Fairy, Ember the Fire Fairy, Siyana the Light Fairy, Jhudora the Dark fairy, Taelia the Snow Fairy, Nuria, Nereid, Jhuidah and Briana.

Briana: That's right J.D.

Nuria: It's an honor to meet you.

Eithne: We heard so much about you.

Me: Same here. But Eithne I saw you get eaten by that lava Petpet in that volcano.

Eithne: Yeah I was a fool to summon it and it made me realize what a selfish pig I was.

Simone: It's good that you are all on the road to redemption.

?: (Scottish Accent) Aye. It sure is now.

We saw a Mermaimon come and her name was Lorelai McFinnigan and she was from Scotland. It was cool that she is a Mermaimon. I then put on my blind man glasses and Eli covered his eyes and then I snapped my fingers. Lorelai was reverting back and so was Taylor.

Taylor and Lorelai were reverting back.

Taylor: (regains her boobs) I apologize for any pain.

Lorelai McFinnigan: I'll be all right lass. (Crunching bones) At least I'm part human now.

Lorelai turned fully human again.

Maria gave Lorelai and Taylor new clothes and Lorelai put them on.

Lorelai: These are amazing clothes lads.

Me: Glad you like them.

Lorelai: (holds her head in pain) No! I can't transform again! I just got my humanity back!

Simone: Reign it in with the power of your will. It's your power now.

Miranda: That's right. We did it and so can you.

Lorelai concentrated and the she glowed in a neon aqua blue aura and she was more powerful than ever as she had all of Mermaimon's powers too

Lorelai: Wow!

We got rid of another one of the enemies of the Di-Gata Defenders on RaDos and we went back home and told everyone about it.

After killing Nazmul, Lincoln, Me, Nico, Eli, Nicole, Carrie White-Loud, Rachel White, Lincoln's siblings, Lynn Sr., Rita Loud, The Louds' Scottish Ancestors, and Maxxine Stennson were heading to the world of the 2013 movie Carrie via the Simulator, and not only is Lincoln going to rescue the thirteen girls there, but we're also going to see the dark events of the nightmare that befell Chamberlain, Maine, because of that stuck-up bitch, Christina Hargenson, her psychotic bastard of a boyfriend, Billy Nolan, and Carrie's insane religious fanatic former mother, Margaret White. The Simulator activated, and we were in Chamberlain, Maine, once again.

Lincoln: Oh man, we're back in Chamberlain, Maine, and I think I know what we're going to do here, not only am I going to rescue the thirteen girls there, but we're also going to see the dark events of the nightmare that befell Chamberlain, Maine.

Me: Because of that stuck-up bitch, Christina Hargenson, her psychotic bastard of a boyfriend, Billy Nolan, and Carrie's insane religious fanatic former mother, Margaret White.

Carrie White-Loud: To think the rescue for Lincoln today would bring us back here.

Rachel White: So, this is Chamberlain, Maine, but, this was on the night of The Black Prom.

Laney: That's right, Rachel.

Twilight Sparkle: This was a really terrible event from what we were told.

Marie Kanker-Loud: It was because of Christina Hargenson, Billy Nolan, and Margaret White, that it led to the nightmare of The Black Prom, and the destruction of Chamberlain, Maine.

We saw the school on fire and much of the town completely engulfed in flames and people were running for their lives.

Suddenly, we saw who it was heading this way, it was Carrie White, driven insane because of the evil prank set up by Christina Hargenson and Billy Nolan, and she landed right in front of us, and we saw her eyes were filled with insanity and rage and she was completely drenched in pigs blood from head to toe. YUCK!

Carrie White: (Insane) Have you all come here to die?!

Lincoln: No, Carrie. We know what happened to you, because of Christina Hargenson, Billy Nolan, and your mother. This isn't you, it was because of those three that you went berserk.

Me: And we're going to make sure they pay for their crimes against you Carrie. I'm sorry that you went through this. You did nothing to deserve this kind of treatment. What Chris, Billy and your mom did was completely unforgivable. Let us help you.

She saw that Lincoln and me were right, and she snapped out of it. As soon as that happened, Carrie White broke down, and cried. Lincoln went up to her, and he hugged her.

Lincoln: It's okay, Carrie. Now, let's get you cleaned up.

Lincoln made a stream of water, which'd cleaned Carrie's counterpart up, and she was beautiful. She then heard everything from Carrie White-Loud, and the rest of us of what happened, and she made the decision: she'll sever her ties with her religious fanatic of a mother, bring Christina Hargenson to justice, and kill Billy Nolan

again.

Me: Carrie I promise you that those monsters will pay for this!

Nico: That's right! We won't let them get away with this!

?: HELP!

Suddenly, Lincoln heard the sound of thirteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the eleven girls, but we suddenly saw who it was heading this way, it was none other Christina Hargenson and Billy Nolan, and they were going to kill them.

Lincoln: Guys, I found the thirteen girls. But, Christina Hargenson and Billy Nolan are heading this way, and they're going to run over the girls and kill them.

Carrie White-Loud: That's not good. We need to intervene and fast.

Lincoln: Right. Come on, let's go.

We rushed on over to rescue the girls, and then, we were going to deal with Christina Hargenson and Billy Nolan once again, only this time, Christina Hargenson in the Simulator and in The Moon Prison are both going to watch as Billy Nolan dies once again.

Christina Hargenson: Run them over, Billy.

Billy Nolan sped up like a speed demon to kill the thirteen girls, but Lincoln punched the truck with such force, it'd destroyed the truck, leaving Christina Hargenson and Billy Nolan in their seat.

Me: How about you pick on someone your own size you bitch!

Allie: Yeah!

Then, Lincoln grabbed the resurrected Billy Nolan, and with one swing of his massive Sword of Taranis, he cuts down Billy Nolan, as he dies in a pool of blood, and his evil spirit was Super Hakaied forever, and the result of seeing Billy Nolan get cut down sent Christina Hargenson in The Moon Prison and here in the Simulator into a murderous black rage, but Lincoln had merged the Simulator version of Christina Hargenson with the one in the Moon Prison, and she'd went into a raging rant, up to the point where she had to be muzzled like a mad dog by the guards.

Then, Lincoln and Nicole went up to the thirteen girls, and when Lincoln saw them, he'd immediately recognized them. The thirteen girls were Yawara Inokuma from Yawara, Ryoko Kano and Jeanne D'Arc from World Heroes, Liu Yungmie and Ryoko Izumo from Fighter's History, Mian from King of Fighters, Love Heart from Sky Love, Mui Mui from Dragon Gal, Hong Hua Zhao from Night Slashers, Yellow Iris from Battle Circuit, Sarah White from Armored Warriors, Mai Tsurugino from Kendo Rage, and Luluco from Space Patrol Luluco.

Lincoln: Oh wow, it's Yawara Inokuma, Ryoko Kano, Jeanne D'Arc, Liu Yungmie, Ryoko Izumo, Mian, Love Heart, Mui Mui, Hong Hua Zhao, Yellow Iris, Sarah White, Mai Tsurugino, and Luluco.

Nicole: From Yawara, World Heroes, Fighter's History, King of Fighters, Sky Love, Dragon Gal, Night Slashers, Battle Circuit, Armored Warriors, Kendo Rage, and Space Patrol Luluco, awesome.

Lincoln: Are you girls okay?

Yawara Inokuma: Yes, we're okay, thanks to you.

Then, when Yawara Inokuma and the other twelve girls saw just who it was that saved them all from Christina Hargenson and Billy Nolan, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, deep sapphire blue thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Yawara Inokuma: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eleven clones of himself, and he and the eleven clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Yawara Inokuma: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

We then went after Margaret White, who also came back from the dead, and after Laney put her in a straitjacket and headband to prevent her from using her powers, Lincoln and Carrie White-Loud, who transformed into her Super Angel 500,000,000,000 form, which'd angered the religious fanatic, cuts Margaret White down, and her evil spirit was Super Hakaied forever. We'd left the Simulator, and we were rid of Billy Nolan and Margaret White, who had to die, but Christina Hargenson will be left to rot in The Moon Prison until the day she dies, alone and full of hatred and rage for what we did to Billy Nolan.

---

After getting rid of Margaret White and Billy Nolan for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

Mrs. Chang: Ooh, right over here, you can see the dolphins at play.

Lincoln and the girls saw the dolphins playing with the ball that Mrs. Chang gave them, and Lincoln and the girls joined in, and they had fun. Then, they went swimming with the sharks, and the sharks already know not to mess with Lincoln and the girls, thanks to Mrs. Chang. Then, they see a group of seahorses swimming in a row, along with seeing a school of fish swimming past them, and they were amazed. They even found a school of jellyfish, and they also managed to steer clear of their electric, or for some species, poisonous tentacles, but they were amazed, all the same. Lincoln even managed to take some photos to show the Neptune Crusades when they get back home. Then, they also see two sea turtles resting on the sands, and some of them swimming in the water. They also interacted with manta rays, and they found them to be quite interesting.

After their underwater adventure, Lincoln and the girls got out of there, and they dried up. Then, they returned to the Estate, and Lincoln showed The Neptune Crusaders the pictures he took, and they all loved them.

Lily Loud: Next time, you're taking The Neptune Crusaders with you, Linky. Your interaction with the sea creatures in The Aquarium is almost like back in Bikini Bottom.

Lincoln: (Smiles and hugs Lily Loud) Of course, that'll be for next time, Lily.

Lily the Mermaid: And we'll be sure to pack our swimsuits for when we head to the Aquarium, Linky.

Mera: Indeed.

Sid Chang: And I'm glad that Mom guided you and the girls for the tour, Lincoln.

Lincoln: Thanks, Sid.

---

Later at the estate we were watching TV. Then we saw MR. COCONUTS MOVING BY HIMSELF!? AGAIN!? WHAT THE FUCK IS GOING ON!?

Ring Man: What the Hell am I seeing right now?

Me: I would say from the looks of things, Mr. Coconuts just came to life again!

Luan: Oh man! I hope this isn't Chucky's handiwork! No Dolling out of that! (Laughs) Get it? But seriously! I hope this isn't his work!

Me: (LAUGHS) Good one Luan.

Eli: But I don't sense any of his work here.

Laney: Me neither.

Ben turned into Diamondhead.

Diamondhead: (about to fire diamond shards) Before I fire diamonds into your head, I want to know how you came to life!

Twilight Sparkle: I did it.

We looked at Twilight.

Twilight Sparkle: I wanted to try a new spell on Mr. Coconuts and see if it will bring him to life.

Mr. Coconuts: That's right and it's good to be alive again.

Me: It really worked. Well done Twilight.

Twilight Sparkle: Thanks J.D. It was cool trying it out.

Lana: It sure is!

Me: I think it's amazing.

Nico: You know what I think?

Mr. Coconuts: What are you thnking?

Next thing Mr. Coconuts knew, he was kicked out the door by Nico.

Nico: Have fun in traffic! (slams the door)

Nico turned around to see Lynn, Lola, and Lori frowning at him.

Lynn: Dude, that was very harsh.

Nico: Harsh? Need I remind you about the last time Mr. Coconuts came to life?! And all the other times we dealt with a talking dummy?!

Lola: Okay, you're right about that. But Twiilight brought Mr. Coconuts to life with her magic. So there'e no way he'll end up like Slappy and Chucky.

Me: And besides, Slappy is gone forever. You killed him remember?

Lori: Nico, if you literally don't let Mr. Coconuts back in, you'll prove Lincoln, Laney, Luan, Luna, Lisa, and Lily right about you not being leader material.

G1 Breakdown: Sorry, boss. But they're right about this.

Me: That's right Paranoid-Mom Angrypants!

Patrick: Hey that's what I would say!

Me: Sorry Patrick.

Lori, Lynn and Lola brought him in.

Lola: Sorry about that Mr. Coconuts.

Mr. Coconuts: Aw it's all right. Nico was just paranoid.

Me: Yeah we have had a lot of bad experiences with something like this many times in the past.

Nico: I really am sorry about that. It's just that I've had a bad experience with living dummies.

Mirage: Me, Optimus, and the others weren't there at the time. But the last time you came to life, you said you were fed up with Luan getting all the credit while you come up with all the jokes.

Me: Yeah it was nuts. Many of you guys weren't with us when that happened but it was nuts.

I went over what happened during the events of Chapter 479 and it was intense. When I was done everyone was shocked!

Nico: I remember that.

Sunset Shimmer: Whoa that was intense!

Hunter: (German Accent) Mein gott! That was terrible!

Me: Yeah no kidding.

Nico: Yeah but we destroyed Chucky the first time. And that was a few days after I joined the team.

Laney: I remember that.

Dive Man: BTW, Nico, it's your turn to lead today.

Nico: I know and I have just the mission for us.

Mr. Coconuts: What is it?

Luan: That's what I want to know.

Nico: Well we're going into the world of The Wizard of Oz.

Laney: Oh wow! That was a great book and a great movie made back a long time ago.

Moe Howard: Boy it sure was. That movie was made back in 1939.

Curly: Yeah and Moe was as old as J.D. back then. Nyuk nyuk nyuk nyuk nyuk.

Larry laughed too.

Larry: That's a good one!

Moe moved Curly's leg and arm with his fist under his face.

SLAP!

Moe slapped Larry and then…

KICK! POW!

Moe kicked Curly's foot and it punched him in his face.

We laughed.

Me: That's so funny. And you guys did a lot of great gags back then too.

Moe: True.

Billy Numerous, Robo Blaze, Ghost, Evil Green Ranger, Number 7, Professor XXXL, Melter, Whirlwind, Cluemaster and Captain Boomerang then appeared.

Evil Green Ranger: Can me, Billy Numerous, Robo Blaze, Ghost, Number 7, Professor XXXL, Melter, Whirlwind, Cluemaster and Captain Boomerang go with you guys this time?

Nico: Yes you can. We're going to the world of The Wizard of Oz.

Mr. Coconuts: And you can bet that we'll take down the Wicked Witch of The West there.

Ghost: You got that right Mr. Coconuts. (Realizes Something) WAIT WHAT THE HELL!?

Professor XXXL: Did Mr. Coconuts talk all by himself!?

Robo-Blaze: And without Luan's help!?

Mr. Coconuts: Yep I sure did.

Me: It's because of a spell Twilight made.

Nico: Yep.

Ghost: Oh that is amazing!

Twilight Sparkle: It was my first time trying it out.

Evil Green Ranger: That is amazing.

Nico: It sure is. Lets get moving.

Lucy Loud cut open a portal and we were off.

## LAND OF OZ

We arrived in the Land of Oz.

Mushi: Here we are.

Nico: Yep the land of Oz. Wow. Just like what happened in the movie.

Me: Can you believe its been 82 years since the movie came out?

Eli: it sure has been a while.

Missy: I know.

Curly: Too bad we weren't introduced into the movie.

Me: I know that would have been really cool. But also all the stars of the movie are all dead.

Nico: Lets have a moment of silence for them.

We took our hats off and put our hands on our chests and had a moment for them.

After it was done we went to find Dorothy Gale.

Nico: We have to find Dorothy. She came here earlier and killed the Wicked Witches of the East and West.

Maria: If we see the Wicked Witch of The West, I call first dibs on melting her.

Nico: Okay then.

Melter: I know this sounds corny. But let's find Dorothy by following the Yellow Brick Road.

Nico: That is a corny line but lets do it.

Me: Here we go.

We went down the Yellow Brick Road.

Nico: From what I remember, the Wizard of Oz was a good man but a bad wizard.

Eli: That was over 82 years ago.

Laney: No kidding.

We followed the path Dorothy took 82 years ago.

We were in the forest of the trees where they threw apples at her and were really mean to her.

Supernova Zap: Anyone here?

Tree: Nobody here now go away!

Nico: Rude tree!

Ghost: Yeah.

Captain Boomerang: Relax, mates. I'll take care of this! (about to throw boomerang at tree)

?: No wait!

We saw a figure come out and it was Dorothy Gale and her dog Toto.

Lola: Wow Dorothy Gale.

Lana: And Toto.

Nico: Awesome.

Dorothy Gale: Who are you all? How do you guys know us?

Nico: We are Team Loud Phoenix Storm.

Me: It's awesome to meet you Dorothy.

Nico: We should explain. We are from the 21st Century. We are the most powerful fighting force in the entire universe and we are superheroes that save the universe from destruction.

Nico went over many of our great adventures and they were awesome.

Dorothy Gale: Wow! That's amazing.

Toto barked in agreement.

Dorothy Gale: It is amazing at what you all can do.

Nico: We don't like to brag but we do what we can to keep everything and everyone safe.

Me: It's true.

Yondu: And how's your day been?

Dorothy: I'm good. But I'm afraid my old enemy has come back.

Eli: Don't tell me. Is it the Wicked Witch of The West?

Dorothy: That's right. How did you know that?

Nico: We have many sources. You destroyed her a while back.

Lana was petting Toto.

Nico: Before we continue on, we already know about the witch but what can you tell us about her?

Dorothy: Well it's not pretty.

She went over the Witch's history.

The Wicked Witch of the West is the main antagonist of The Wonderful Wizard of Oz, the first novel of the famous Oz series, and its classic 1939 film adaptation The Wizard of Oz. She is a malevolent witch who rules over the Winkie Country, as well as Dorothy's arch-nemesis.

In the film, she was portrayed by the late Margaret Hamilton, who also played Miss Almira Gulch in the same film. In Minnie's Wizard of Dizz, she was played by Peg Leg Pete, despite being a male, and was voiced by Jim Cummings. Unlike the original Wicked Witch, however, Pete doesn't die but instead redeems himself and becomes a nicer witch. In the Wizard of Oz themed episode of Beetlejuice, she was played by Claire Brewster; in the parody episode of Futurama, she was played by Mom; In Dorothy and the Wizard of Oz, she was voiced by Laraine Newman, who also Sassy in the same series.

While this relationship is not mentioned in Baum's books, in the movie, the Witch is the sister of the Wicked Witch of the East, who is killed when Dorothy arrives in Oz. The Witch asks aloud, "Who killed my sister?" (except with more calculation than sorrow). As a result, The Wicked Witch of the West's role is made more prominent as she seeks revenge against Dorothy for killing her sister. When Dorothy claims the death was an accident, the Witch of the West replies "Well, my little pretty, I can cause accidents too."

It is from this movie that popular culture gets the oft-quoted phrase, "I'll get you, my pretty, and your little dog too!".

Her other motivation is to get the powerful Ruby Slippers (changed from the Silver Shoes of the book). She often, but not always, flies on a broomstick (as opposed to her umbrella in the novel), and has a crystal ball through which she can see happenings elsewhere.

Her lackeys are Nikko, the Flying Monkeys and the Winkie Guards. The Flying Monkeys kidnapped Dorothy and Toto, taking them to the Wicked Witch's Winkie Castle. The Wicked Witch of the West locked Dorothy in a room of the hourglass, but Toto escaped, barking for help to the Scarecrow, Tin Man, and Cowardly Lion. The three friends disguised themselves as Winkie Guards and rescued

Dorothy. However, just as the four friends were about to escape, The Wicked Witch of the West sent her Winkie Guards to chase after the heroes. When Dorothy and her friends were surrounded by guards, The Wicked Witch of the West set the Scarecrow on fire. Then Dorothy noticed a bucket of water, and tossed it to extinguish the fire on Scarecrow, but also splashed some on the Wicked Witch. As a result, the Wicked Witch met her end when she melted to death. Just like the Munchkins, the Winkies cheered because the Witch was too dangerous to be left alive. Dorothy and her friends took the Witch's broom and proceeded to the Wizard's domain.

---

When she was finished we were shocked. Most of us were.

Nico: Just as I thought. After she was melted we all thought that would be the end of it.

Eli: And it was awesome how she melted.

Lola: Yeah it sure was.

Cluemaster: First, we'll have to find your other friends. Starting with the first friend you made here.

Scarecrow: You must mean me.

The Scarecrow came out.

Nico: Cool the Scarecrow.

Eli: And it's awesome how you DO have a brain and not just straw.

Scarecrow: Yes it sure is and I do have a brain.

Pain Yatta: You're much friendlier then the other Scarecrow Mal literally threw into the Warp.

Scarecrow: Thank you.

Nico: We have a really bad history with a much different version of you that was pure evil.

Scarecrow: That makes sense.

We then saw The Tin Man.

Nico: Cool the Tin Man!

Tin Man: It's a pleasure to meet you all.

Nico: Same here.

Ghost: If you need some oil, Oil Man can help with that.

Oil Man: I sure can. Oil is my specialty.

Tin Man: Thank you guys very much.

Nico: You're welcome. Now we just have to find the Cowardly Lion.

Courage: And I hope he isn't as big a coward like me and Shaggy.

Bugly: I hope the Wicked Witch doesn't have those flying monkeys.

Nico: I have a feeling she will.

Cluemaster: I can always call in Beast Man and have him turn the Flying Monkeys agains her.

Nico: Very smart idea.

Laney: That's right and Lana, Syd and Fluttershy can do the same thing.

Syd Chang: Yeah! Not a bad idea.

Nico: Smart thinking guys.

Whirlwind: Where did Dorothy first meet the Lion again?

Nico: From what I remember it's right down here.

We walked down the forest and then we heard the Cowardly Lion.

Nico: There he is.

Dorothy: Lion!

Cowardly Lion: Hey Dorothy!

Cozy Glow: You must be the Cowardly Lion.

Cowardly Lion: You bet I am and I am the King of the Forest!

Nico: You bet you are! You are NO COWARD! You're not afraid of anybody!

Cowardly Lion: NOT NOBODY! NOT NO HOW!

Scarecrow: Even a rhinoceros?

Cowardly Lion: Imposseros!

Tin Man: What about a hippopotamus?

Cowardly Lion: I'll rough him up from top to bottomus!

Nico: What about a brontosaurus?

Cowardly Lion: I'll show him who is king of the forest!

Nico: With Courage!

Cowardly Lion: You know it!

Nico: Oh yeah!

Courage: My name's Courage!

Professor XXXL: Please don't ruin the moment, Courage.

Nico: No no professor that's his name. Cowardly Lion meet Courage.

Courage: Hello.

Cowardly Lion: Pleasure to meet you.

Nico: Now that we are all gathered we should tell you all why we're

here.

Maria: We're going to kill the wicked witch.

Dorothy: How do you plan to do it?

Maria: Like how you did it Dorothy.

Maria fired a blast of water and it hit a tree and drenched it.

Dorothy: Wow! That was amazing!

Toto barked.

Maria: Yep. We have many powers.

Scarecrow: But the witch is dead isn't she?

Nico: Dorothy told us that she is back.

Eli: And she is not lying. I sense it too.

Tin Man: That old hag!

Beastbox: Yes. We shit you not. She really is back.

Nico: Yeah and we're going to make sure that monster stays dead for good this time.

Laney: You bet we will. That's a promise!

Eli: Absolutely.

Billy Numerous: Let me clone an army for the battle.

Billy made 310 copies of himself.

Nico: Perfect.

Dorothy: I know where her castle is. Follow me.

We followed Dorothy and we arrived at her castle in the Haunted Forest. Luckily we used powerful magic to make sure that the witch would never see us coming.

Then we heard chittering and hooting and then we looked up and saw THE FLYING MONKEYS!

Thunderblast: Great. It's those flying monkeys!

Cluemaster: Beast Man come forth!

Beast Man appeared and then Lana, Syd and Fluttershy broke the Flying Monkeys free from the witch and now they were working with us.

Robo Blaze: Tronics! Come out!

Several Tronics appeared.

May: (to the flying monkeys) Can you guys carry the Tronics? They can't exactly fly.

They agreed with her.

Nico: Lets roll!

We were off to the castle.

We arrived at the Castle of The Wicked Witch of the West!

Nico: There it is. The Castle of The Wicked Witch.

Barricade: There she is.

Maria: (smirks) I'm really looking forward to melting her!

Nico: Time to make an entrance.

We flew at the castle.

Witch: CURSES! That girl has lots of help!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted a hole through the ceiling and a phoenix cry was heard as the spirits of robots and mad scientists swirled around the explosion and they were laughing malevolently as they converged and we came in.

Nico: You're in huge trouble witchy!

Eli: Your reign of terror ends now!

Wicked Witch: You stupid girl! Why couldn't you have just stayed in Kansas where you belonged?!

Number 7: What can we say? Kansas got boring for her.

Me: Just like you got boring 82 years later.

Nico: Yeah!

Wicked Witch: So you all came from the future!

Nico: That's right. To destroy you!

Nico then splashed holy water into the Wicked Witch's face and burned her bad.

Nico: Wow! Holy Water does work on witches.

King Shark, Touch & Go, Dr. Destiny, Whiger, Mr. Fizz, Firebrand, Aqueduct, Girder, LaGrange and Turtle then appeared.

Nico: King Shark, Touch & Go, Dr. Destiny, Whiger, Mr. Fizz, Firebrand, Aqueduct, Girder, LaGrange and Turtle.

King Shark: Looks like we got here just in time.

Me: Yep you sure did.

King Shark: So this is Oz, huh?

William: What do you guys think?

Mr. Go: We think it's very nice.

Dr. Destiny: You guys just need to get rid of the old hag here.

Whiger: (to me) We heard you took down another one of Seth's enemies.

Me: Yep we sure did.

Mr. Fizz: Who was it?

Me: Nazmul and we made sure he died a horrible death.

Simone: Me and J.D. cleaved him in half and killed him.

Eli: It was awesome.

Turtle: Wow this is awesome being here in the world of The Wizard of Oz. I used to watch that movie constantly back when I was a kid.

Me: Its been a great childhood movie for many generations to come.

Dr. Destiny: That is amazing.

?: It sure is.

A figure came out and it was Fightoe back for round 2.

Nico: Fightoe. Back for round 2.

Fightoe: Yep I sure am.

Me: Awesome.

Fightoe: Funny how this world is a magical one and I came from a Power Rangers season about magic.

Nico: That is true.

Me: It sure is. But this world has a lot of culture behind it.

Eli: 82 years worth.

Allie Wilde: You got that right.

Me: And now the witch doesn't have her flying monkeys to back her up.

Wicked Witch: (chuckles) The flying monkeys weren't the only back I have!

May: What are you talking about?

We heard a roar and then out came THE MONSTER HOUSE!

Nico: WHOA THE MONSTER HOUSE!

Laney: Not good!

Eli: Whoa!

Battle 3: Anakin, Fluttershy, Tornado Bolt, Life Skylanders, Plant Lola, Zyuohgers, Lana & Lola, James Henry Trotter, Supernova Zap, and Pharaoh Atem VS Dr. Destiny

---

Dr. Destiny was next.

Dr. Destiny: (to Anakin) Without Constance's spirit, it was probably very easy for the Aparoids to take control of Monster House.

Anakin: It sure was and it's amazing how she was able to possess the house before.

Fluttershy: It's really scary but at least we'll be able to destroy it this time.

Tornado Bolt: Yeah no kidding! But I can't even begin to imagine what Horace Nebbercracker went through with the house like that. That must've been a horrible experience.

Stealth Elf: Well it happened before many of you all joined us. It was not a pretty experience.

Plant Lola: That is terrible. What happened to Mr. Nebbercracker?

Bumble Blast: He died of natural causes and he is now reunited with Constance up in heaven.

Yamato: Poor guy. But thank goodness you all were able to help him out.

Sela: Yeah no kidding.

Amu: I feel bad for him. Having to be at the mercy of your wife that is also your house must've been a bad experience.

Me: You have no idea.

Dr. Destiny: And that was when the team was starting out with its new name right?

Me: Yes it was. It was shortly after Nico joined us and we were hunting ghosts back then.

I went over what happened during the events of chapter 443.

---

We arrived in the dead of night and found the source of the activity. It was coming from an old dilapidated house.

Me: This house looks like it's been here for quite some time.

Rachel: Yeah.

Zoe: Wait a second. I know this house. That's the house of war veteran Horace Nebbercracker. He fought in World War II and he was on the demolition squad. Legends say that this very house is haunted by the spirit of his wife Constance and it grabs anyone that comes near it.

Lori: (Frightened) H… Ha… Haunted!?

Lucy: Wicked.

?: That's what I saw.

We saw 2 boys and a girl. They were D.J. Walters and his best friend Chowder and a girl named Jenny Bennett who is D.J.'s love interest.

Me: You saw that the house is alive?

D.J.: We sure did. Whoa! You're the famous J.D. Knudson and his friends of Team Loud Phoenix Storm!

Me: That's right. It's a pleasure to meet you guys. And you are?

D.J.: My name is D.J. Walters and this is my best friend Chowder and this is Jenny Bennett.

Me: Pleasure to meet you all.

Zoe: This house is said to be possessed by the spirit of Horace Nebbercracker's deceased wife Constance.

Jenny: Really? How is that possible?

Zoe: Lots of things can happen when you learn about the worlds of the mystic and the supernatural.

Lucy: That's right.

D.J.: We're gonna go in and see what's going on.

Me: Okay.

I get a call on my cell phone.

Me: (Answers) Hello?

Cleo: (On the phone) J.D. it's Cleo.

Me: Cleo what's up?

Cleo: We have Mr. Nebbercracker here in the hospital. He has an arm injury but he's gonna be all right.

Me: Okay. It's good he's all right. We responded to reports about his house being haunted and we're gonna check it out.

Cleo: Okay. Be careful guys.

Me: Will do.

I hang up.

Me: All right guys. Stay close and be quiet. We're going in. Wasp you go to where Horace Nebbercracker is.

Wasp: Right.

Wasp flew off.

We walk up to the house quietly and go onto the porch and open the door. We go into the house. In the main living room we saw what looked like a beautiful place.

Me: (Whispering) Stay close.

We are ready for anything. I had an energy ball used as a flashlight.

Lucy was using her Demon Eyes and what she saw was terrifying. The house was overflowing with spiritual energy.

Me: What do you see Lucy?

Lucy: (Whispering) This place is overflowing with spiritual energy. This house is definitely possessed.

Lori: (Whispering) This place literally gives me the creeps.

Zoe: (Whispering) It sure does.

Rachel: (Whispering) How are we gonna stop it?

Me: First we find out what or who this house is possessed by and we destroy the house.

D.J.: (Whispering) Why?

Me: Because we have to in order to protect the neighborhood from it.

Jenny: (Whispering) Good idea.

We continue walking and we went down to the basement and we saw an old cage.

Laney: (Whispering) Looks like an old freak show cage.

Lola: (Whispering) Lets go in.

We open the cage and we saw a mound and it was a big woman.

Jenny: It's Constance.

Me: Lets see.

I tap on the face and it cracked and the concrete shell broke apart and revealed her skeletal remains.

Me: Whoa.

Lucy: Gasp.

Bloom: (Whispering) What happened to her?

Ed: (Whispering) Looks like she fell to her death here.

Edd: (Whispering) Looks like it Ed.

* * *

In Mayville Hospital which is not far from the house, Cleo, Rikki, Emma, Bella, Maria and Ant Man were talking to an elderly man named Horace Nebbercracker in the hospital.

Cleo: So your house is possessed by the spirit of your wife Constance?

Nebbercracker: Yes. It was back 60 years ago.

---

It was at a local circus. A young Nebbercracker had just finished seeing the show and he met the love of his life at a freak show. It was a big woman named Constance. Almost instantly the two were drawn together and they married and decided to build a house together. But then into the construction, tragedy struck. After being pelted with rocks by kids because of her huge size she went after them in a rage and she was hit and she fell into the hole of the house where she was killed instantly. Nebbercracker was devastated by this and continued building the house like she would've wanted it. But as the years went by Nebbercracker felt trapped and he pretended to hate kids to keep them away from the house. This is because Constance's spirit has possessed the house and it's going to protect him and the land no matter what. For 60 years this went on.

FLASHBACK ENDS

Nebbercracker: Now, do you see? I never hated kids. I just wanted them to be away from Constance's grasp.

Cleo: Don't worry. We understand now.

Rikki: Oh (censored)! Too late! J.D. and some of our other friends went inside the house to investigate it!

Emma: Well, at least we know that they can destroy it easily.

Bella: Still, we better go help them right away!

Ant Man: Lets go!

They left the hospital.

---

Back in the house we were looking over her body.

Me: Lucy can you find out what caused her to die?

Lucy: I sure can.

Lucy put her hand on the body and she saw Constance's past and how she possessed the house.

Lucy gasped.

Chowder: What is it?

Lucy: She died while being picked on by kids as they were building the house and she fell to her death here at this spot. She died but her spirit stayed here for 60 years.

Me: So that's it.

May: We have to destroy this house.

Me: Lets get out of here.

I blasted us out through the foundation and the house screamed in pain.

Ed became Edzilla and Ben became Humongosaur.

Ben: HUMONGOSAUR!

Me: A Vaxasaurian!

Humongosaur: That's right J.D.

Edzilla: ED SMASH STUPID HOUSE!

Humongosaur: Save some for me as well, Ed! It's been a while since I got to beat someone up with Humongosaur!

Nebbercracker: I just hope we aren't too late!

Ant Man: Relax. If I know J.D., that house is as good as rubble.

Wasp (they see that the house is still intact): I wouldn't count on it!

I fired a blast of fire at the house but it roared in pain.

Poromon: Lets help out Nico!

Nico: Right.

Poromon: POROMON DIGIVOLVE TO…

He became Hawkmon.

Hawkmon (Nico): HAWKMON!

He then digivolved into his champion level.

Hawkmon (Nico): HAWKMON DIGIVOLVE TO…

Hawkmon became Aquilamon.

Aquilamon: (Echoing) AQUILAMON!

Yolei: Ready partner?

Hawkmon: You know it!

Yolei: (Echoing) DIGI-ARMOR ENERGIZE!

She activated the Digi-Egg of Love.

Hawkmon: (Echoing) Hawkmon Armor Digivolve To…

Hawkmon became Halsemon.

Halsemon: ホルスモン HALSEMON - THE WINGS OF LOVE!

Me: Lets blast this monster.

Nico blew a blast of corrosive gas and it burned the house as it roared in pain.

Cleo and Bella came and they fired water that turned into jelly right into the houses eyes. Blinding it.

Me: Very clever.

Maria smiled at Nico for using Puff's corrosive breath.

Wasp: Carmen lets attack it together.

Carmen: Right Wasp!

Carmen and Wasp teamed up and became a huge swarm of wasps made entirely out of pure fire.

Wasp and Carmen: FIRESTORM WASP SWARM!

They hit the house and burned it as it roared in pain.

Maria: Ant-Man?

Ant-Man: Right!

Ant-Man called a huge group of his ant friends and they formed into a massive house size ant and Maria covered it in water and they became a huge ant made of pure water.

Ant Man and Maria: TSUNAMI MONSTER ANT!

The Water ant headbutt the house and knocked it clear off of its foundation.

D.J.: That did it!

Me: Uh. Guess again.

The house got up and Nico's Poliwag was scared. Nico hugged it.

Yolei: If it's going to be like that we've gotta get her outta here!

Jenny: There's a construction site nearby. We can lure it there!

Me: That's perfect. Lets go.

Halsemon: EAGLE EYE!

Halsemon fired red lasers from his eyes.

Aquilamon: BLAST RINGS!

Aquilamon fired a laser ring blast from his mouth.

Humongosaur punched the house in the face and Edzilla punched it too.

Humongosaur: That must've hurt. Lets see how you like this.

He pressed the Omnitrix button on his chest and became Ultimate Humongosaur. He was twice the size of Humongosaur and he had an Ankylosaurus shell with spikes, a mace club tail and blasters for hands.

Ultimate Humongosaur: ULTIMATE HUMONGOSAUR!

Me: An Evolved Vaxasaurian.

Ultimate Humongosaur: That's right.

He fired blasts at the house and we lured the house to a construction site. Luan fired blasts of light and Lensay fired orange light blasts at the house and they blinded it.

Lucy fired black lightning at the house and blew the front door mouth off.

Eddy fired blue light at the house and blinded it more.

Lola fired a blast of fire at the house and burned it and it screamed in pain. We got to the construction sight and Laney held it down with her plant powers.

Nico: CRIMSON LIGHTNING!

Nico fired a stream of blood red lightning from his hand at the house and it went all the way through its eye and blinded it.

Me: Nice shot Nico.

Nebbercracker gave D.J. some dynamite.

Nebbercracker: Here. You have to destroy the house by throwing this down the chimney.

D.J.: Okay.

Me: You sure you want to do it D.J.? I can do it.

D.J.: No I can do it.

Me: Okay. We'll hold it off long enough for you to do it.

D.J.: Thanks J.D.

Danny fired an energy ray and Lincoln fired lightning. They hit the house and blew its teeth off.

Dani fired energy rays and Jazz, Sam, Tucker, Star and Valerie fired energy bazookas.

Sidney: (Offscreen) Let us help you out!

Sidney arrived and he was riding Dora in her dragon form.

Me: Way to go Sidney!

Dora: Lets burn that infernal house!

Dora breathed blue fire at the house and it was screaming in pain as it was being burned. Sidney fired energy blasts from his hands. Lori fired blasts of wind and blew open the house in spots. It screamed in pain some more. Rachel fired magic blasts from her hands and they burned the house and Zoe fired dark blasts and burned the teeth off. May fired ice fire and her freeze ray and froze the arms and they shattered and the house screamed in pain. Manaphy fired a blast of water.

I fired Heatblast's fire blasts.

Bloom: Dragon Flame!

Bloom fired a flame blast in the shape of a dragon at the house and blew it open.

D.J. was holding on to a rope from a crane.

D.J.: J.D. light me!

Me: Coming at ya!

I flicked a little fireball at D.J. and it lit the fuse.

D.J. swung on the crane rope and threw the dynamite down the chimney.

Me: It's away! Lets get out of here!

We ran out of the area and then the house exploded.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMMMMMMM

The house completely exploded into burning ashes. Amidst the smoke and flaming ash we saw Constance's spirit with Horace Nebbercracker and she was forever grateful to be free. She then went up to Heaven where she can rest in peace.

Me: I'm sorry Horace. She would've wanted this to happen.

Nebbercracker: I know. But I'm free! Thanks to all of you J.D. After 45 years I'm now free.

Me: You're welcome Horace.

Lori: I'm glad she can now rest in peace.

Lucy: Me too Lori.

---

D.J.: Thanks for helping us J.D.

Me: It was our pleasure D.J.

Jenny: You guys are really powerful as we had heard in the news.

Me: We get that all the time.

Lincoln: This was all a really fun time for us.

Me: You said it buddy. I have a strong feeling that we're gonna meet again. Lets go home guys.

We did so. After a powerful fight that went into the night we turned in.

FLASHBACK ENDS

When I was finished everyone that hadn't heard about it was horrified.

Leo: My gosh! That must've been horrifying.

Tusk: No kidding.

Misao: But thank goodness you're okay.

Me: Yeah no kidding. But thank goodness we made it out all right. I feel bad for Horace and Constance though.

Lana: Me too.

James Henry Trotter: (British Accent) Same here.

Dr. Destiny: I do too. But man that must've been one action packed adventure.

Lana: Thanks. Penguins are neat.

Lola: They are cool animals.

She melted into mush and was dead just like before! But this time we are gonna make sure she never comes back as Nicole sealed her spirit into the Book of Vile Darkness.

Me: Don't keep your Master, the Devil Waiting.

Eli: Just what I was going to say.

Nico: The Wicked Witch of the West is no more. Just like 82 years ago.

?: I will make sure that all of you perish in the fires of Hell!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large colored orbs orbiting around the legs of Lincoln's sisters, the eight large orange orbs orbiting around Duke Lincoln's legs, and the eight large purple orbs orbiting around Menat's legs were glowing, and that means big trouble was coming.

Lloyd Irving: Oh crap, I was hoping never to hear that voice again. You can come out now, Abyssion.

A figure came out of the shadows, and it was none other than Abyssion.

Nico: So, that's Abyssion. He's not one of Yggdrasil's minions, but I sense a demonic force coming from those weapons. Lloyd, what can you tell us about Abyssion.

Lloyd Irving: Trust me, Commander. You guys won't like what I'm going to tell you about Abyssion.

Lloyd Irving proceeded to tell us about Abyssion, and as expected, we weren't going to like it.

Abyssion

Abyssion (アビシオン Abishion?) is an optional boss and a minor antagonist in Tales of Symphonia related to the Devil's Arms sidequest.

History

The party meets Abyssion at Flanoir after unknowingly obtaining one of the Devil's Arms. Abyssion tells them the story about a man named Nebilim who sought to conquer Tethe'alla and the curse he left behind. As the last of a family of demon hunters cursed by Nebilim, he seeks to save his life by sealing the Devil's Arms away but is too weak to do so. The party volunteers to help, so he gives the party the Nebilim weapon and "Nebilim's Key" which allows them to open the chests that contain Devil's Arms. Abyssion promises to seal the Devil's Arms at the bottom level of the Temple of Darkness once gathered.

Presea Combatir shows discomfort when the Devil's Arms are gathered, but Abyssion dismisses it until after obtaining the Disaster, when Abyssion tells them of a legend that the Arms will sometimes choose a wielder and transform them into a magic swordsman under their control, though Abyssion says that they will be fine as long as they do not hear the Arms' voices. Once all of the Devil's Arms are gathered, however, Abyssion uses them alongside the Necronomicon to revive the power of the Dark Lord Nebilim in his own body. Wielding the Devil's Arms themselves in battle, Abyssion is a formidable foe, but the party kills him, and Genis Sage uses Fireball to destroy the Necronomicon to prevent future incidents.

Fighting Style

Wielding all of the Devil's Arms, Abyssion is a master of combat. By using the various arms collected, Abyssion has access to artes from all but Sheena Fujibayashi and Raine Sage. He is a devastating close-ranged combatant, but he also has access to long-ranged artes and even spells. He uses the Diablos to perform Mass Devastation, the Nebilim to perform Raging Beast and Double Demon Fang, the Soul Eater to perform Victory Light Spear and Super Lightning Blade, and the Evil Eye to perform Ring Cyclone. He copies a wide swath of Genis Sage's attack spells as well, using Spread, Flame Lance, Gravity Well, Ground Dasher, Explosion, Indignation, Thunder Arrow, Meteor Storm, and Prism Sword. On harder difficulties, he even uses Genis's mystic arte Indignation Judgment.

In the PlayStation 2 port of the game, Abyssion gets even harder. He is now immune to the "All-Divide" item, and on harder difficulties he will open the battle with Divine Judgment, perform Falcon's Crest and Shining Bind with Soul Eater in hand, and use Time Stop to seal all motion. Abyssion's method of using player artes is repeated with Gelda Nebilim and Duke Pantarei, whose Catalyst Weapons and Fell Arms are similar to the Devil's Arms. In the PlayStation 3 port of the game, after Abyssion's HP drops to half, he becomes immune to all Unison Attacks.

---

When Lloyd Irving was finished, we were horrified by Abyssion's actions, and when we found out that he tried to use the Devil's Arms and the Necronomicon to revive the power of The Dark Lord, Nebilim, in his body, that crossed the line since it meant meddling with the forces of the demons.

Suddenly, Slam Tasmanian's eyes turn neon red, and he was surrounded by a neon purple energy aura with wind gusts and stars, as he unholstered his Sword of The Tasmanian Devil from his back, and as he approached Abyssion, he left purple energy, purple fire, wind gusts, and stars with every step. Then, Slam Tasmanian was surrounded by a massive vortex of purple energy with purple fire, wind gusts, and stars, there was a Tasmanian Devil running around the vortex, and there was a red phoenix inside the vortex. Then, as the vortex faded, Slam Tasmanian emerged, but he was changed forever.

Slam Tasmanian grew to 6'11" in height, he now had large and powerful upper and lower body muscles and eight-pack abs, as shown by his suit's top, which turned into a black tank top with a purple phoenix on it, his long-sleeved black trench coat and black pants from when he transformed into his Super Angel 10,000,000,000 have gotten bigger and longer, he now has on a necklace with a Tasmanian Devil holding the Wind Kanji in its paws for the pendant, his black combat boots with tinge of purple had turned into black leather ankle-high combat boots with a tinge of purple, the Tasmanian Devil emblazoned on his forehead is now holding the Wind Kanji in its paws, the massive, wide, double-edged blade of his Sword of The Tasmanian Devil grew to 6'5" in length and the long black handle grew longer, and his black angel wings with purple tips on the feathers grew larger for his new body. He also had on a Blue Lantern Ring on his left ring finger, and he has on his new Bracelets of the Champions of The Universe with purple gems on his wrists, his new Belt of Elemental Bravery with large purple gem for the belt buckle on his waist, and his Eater of Sins revolver holstered on his left hip. Slam Tasmanian has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL PURPLE TORNADO TASMANIAN DEVIL OF HOPE!

We were amazed by Slam Tasmanian's Super Angel 750,000,000,000 transformation, and that means Abyssion was now in big trouble.

Me: Whoa, looks like Slam Tasmanian has transformed.

Nico: You said it, Colonel. Slam, show him no mercy!

Slam Tasmanian smiled at Nico, and gave him a thumbs-up.

Tech E Coyote: Slam already got the message and he'll show Abyssion no mercy. But, he's not going to do this alone. Dante, come with me, we're going to help out.

Dante Dalmatian: On it, Tech.

Tech E Coyote transformed into Super Angel 750,000,000,000 Celestial Green Lightningstorm Coyote Angel of Hope and unholstered his massive Sword of Neilli from his back, and Dante Dalmatian then transformed into Super Angel 750,000,000,000 Darkness Dalmatian Vampire Angel of Dark Justice, and unholstered his massive Defender of Camden Town sword from his back, but the crossguard had changed from the large black angel wings to two large black wolf heads and the large round sphere pommel changed to four large black wolf heads with gems in their mouths. The same thing occurred with the others' Defenders of Camden Town swords, just like with Dylan's when he had awakened his Persona, Mh'Ithrha, when we went after Antasma and Hunter De Vil in Camden. Dante Dalmatian also grew to 6'11" in height and his large black angel wings grew larger for his new body.

Slam Tasmanian, Tech E Coyote, and Dante Dalmatian went after Abyssion, who then fired a blast of hellfire at them, but they dodged it. Then, Tech E Coyote and Dante Dalmatian fired two blasts of holy light, which hits The Devil's Arms and The Necronomicon, destroying The Necronomicon forever and sealed the dark power within The Devil's Arms forever, so they can never be used to revive the dark power of The Dark Lord, Nebilim, again.

Then, Slam Tasmanian fired powerful blasts of purple energy, purple fire, tornadoes and wind gusts, and stars at Abyssion, which hits him, and they exploded with incredible power. Then, Tech and Dante slashed off Abyssion's arms, as he screamed in excruciating pain. Then, Slam Tasmanian delivers the final blow by using Dark Style Ninja Art: Earthbound Immortal Wiraqocha Rasca, as Slam then fires a massive blast of darkness and purple energy, which transforms into the Condor Earthbound Immortal Wiraqocha Rasca, and it fired a blast of purple energy, which'd ripped Abyssion's soul from his body, and devoured it, and it also wound up in The Further forever, and his body was reduced to ashes, as a result.

We cheered wildly for what Slam Tasmanian, Tech E Coyote, and Dante Dalmatian did, as they then holstered their massive blades on their backs, and powered down. But, Slam Tasmanian's new body, clothes, weapons, and jewelry were permanent.

Me: And now, all that's left is Zadavia.

Nico: That's right.

Zadavia: And it's something that I'm looking forward to myself.

Tech E Coyote: And we'll also be sure to invite all of The Dark Signers to see it for themselves. This is going to be quite fun to watch.

Me: You said it, Tech.

Dorothy: Thank you all so much for helping me today!

Firebrand: It was our pleasure, Dorothy.

Me: It was an honor.

Aqueduct: How would you like to come with us to our world?

Dorothy: Really? You guys want me to come with you there?

Girder: Of course we do!

LaGrange: Your friends can even come with you.

Turtle: But it's your decision in the end.

Me: Yeah we won't force you Dorothy.

Dorothy: I would like that.

Scarecrow: Same here.

Me: Cool!

Nico: Yeah! Great job today everyone. Great job. Lets go home.

Dorothy: (To the viewers) I hope you liked this adventure. It was great and fun.

Nico: It sure was.

We went back home and enjoyed the rest of the day and went to sleep.

Part 15 done.

The Wizard of Oz is one of my favorite childhood movies and it was so awesome how it was done back then in 1939. Judy Garland and all the big stars all did a great job in that movie all those years ago and it was so much fun to watch. Emerald City in that movie was beautiful. The first part was part 2 of the Di-Gata Defenders and it was awesome. Everything I said about Alan introducing me to Neopets was true. Awesome. The second part was for the 2013 movie Carrie. That was a freaky movie. Never saw it but it was scary. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts all gave me the ideas for this. Thanks guys. The next rescue for me is gonna be in the world of Who Framed Roger Rabbit and we're going to meet a Venusmon Gene-Slammer named Maya Kona and her little sister Lola who is also a Poromon Gene-Slammer. We're going to face Judge Doom and I'm going to dish out some serious payback on him. And we're also going to meet Vikal from Dragonball Super. Lincoln's rescue is gonna be in the world of Mysticons. We haven't been on Gemina in a while. And we're going to take down Clutch and Throttle from the comics. The next chapter is gonna be for the 2017 movie THE MUMMY! Get ready to see us face the evil Princess Ahmanet and make sure she stays dead for good after all these centuries.

See you all tomorrow.

# The Evil Princess of 3,000 BC

In New York City, Me, Eli, Maria, Allie, Missy, Simone, Miranda and the Flareon Gene-Slammer, Hailey Kreumma were there to find the next girl and 2 Gene-Slammers that were reported in the area. They were Digimon Gene-Slammers.

Hailey Kerumma: So this is where you met Roger Rabbit before?

Hailey concentrated and groaned as she got hot.

Me: WHEW! Yep it sure is and this is where I got my butt kicked by Judge Doom.

Hailey turned into FLAREON!

Me: Yeah!

Allie Wilde: I didn't know you got your butt whipped by him.

Maria: Vince told me all about it. It was a brutal fight.

Simone: Wow that must've been intense.

Miranda: No kidding.

Me: Yeah I was badly and brutally beaten up. Judge Doom was really a homicidal toon called Baron Von Rotten.

I went over his history.

---

Baron von Rotten (non-canon graphic novel only), or better known as Judge Doom, is the main antagonist of the 1988 Disney/Touchstone live-action/animated film Who Framed Roger Rabbit.

He is the (former, by the end of the movie) judge of Toontown, Eddie Valiant's arch-nemesis, the owner and CEO of Cloverleaf Industries and the boss of the Toon Patrol. He wants to kill all toon characters with the Dip, a chemical creation of him that has the power to kill permanently a toon by dissolting their paint, so he can build a highway and make profit from it.

He was portrayed by Christopher Lloyd, who also played Grigori Rasputin in Don Bluth's Anastasia, The Hacker in Cyberchase, Merlock in DuckTales the Movie: Treasure of the Lost Lamp, Lord Imaru in Golden Films' The Secret Treasure of Machu Picchu, Bill Crowley in I Am Not A Serial Killer, Dr. Heep in Baby Geniuses, Kruge in the Star Trek universe and Master Xehanort in Kingdom Hearts III Re:Mind. His high-pitched voice was provided by Corey Burton, who also played Captain Hook in Return to Never Land.

For the majority of the film, Doom poses as a high-ranking judge. However, he employs tactics that are at odds with traditional views of justice, such as the employment of a treacherous mob of five toon weasel gangsters known as the Toon Patrol (whom he has hired as his new henchmen) and the execution of Toons through a ghastly green chemical paint thinner solution called the Dip, which is said to be the only way to truly kill a Toon forever.

During the start of the film, Toontown owner Marvin Acme was found dead as a large safe fell into his head at the Acme Factory. Suspicions points out to a Toon rabbit named Roger (due to pictures of Marvin playing "patty-cake" with Roger's human wife Jessica) and Eddie Valiant gets into hot water for provoking Roger with the pictures in the first place. Judge Doom arrives to the scene, as he swears to catch, convict, and execute Roger for the murder. Eddie was also told that Doom became a judge due to spending millions of dollars to buy the judicial election.

In desperation to prove his innocence, Roger seeks help and advice from Eddie, despite the latter's reluctance to get involved in another case involving a Toon, due to a bad case when a Toon robber murdered his brother Teddy while getting away with a zillion simoleons, which made Eddie extremely cynical of Toons.

However, Eddie soon learns of a hidden will that Acme has bestowed which will allow the Toons to have ownership of Toontown, and that a company called Cloverleaf Industries (which has already bought the local trolley company known as the Red Car) will buy Toontown unless Acme's will shows up by midnight. Eddie also learns that he was used as a patsy by studio head R.K. Maroon in an attempt to blackmail Acme into selling Toontown to Cloverleaf, so that Maroon could sell his studio to Cloverleaf for $3,000,000. Arriving at Maroon's office, Eddie confronts Maroon, who confessed that he only wanted to blackmail Acme with the pictures as Cloverleaf refused to buy the studio unless Acme sold Toontown to them first. However, before Maroon could explain further, he is murdered by an unknown gunman.

At first, Eddie believed the gunman to be Jessica as she was in the studio during the murder, but he soon learned that Doom was the real murderer after following Jessica into Toontown. However, anticipating that he would be followed, Doom traps Eddie, Roger and Jessica, and has the Toon Patrol to hold them captive at the Acme factory.

At the Acme factory, Doom confessed to be the true owner of Cloverleaf Industries as he explained his true plan: to destroy Toontown in order to build a freeway over the entire area. To that end, he has built a huge vehicle that can literally erase Toontown from existence via the use of high-pressured cannons filled with Dip. Doom also explained that he killed both Acme and Maroon and framed Roger to cover his tracks, and that he bought the Red Car to dismantle it so that he can retire as a jurist and take control of the profits of the new road system.

Doom orders the Toon Patrol to tie up both Roger and Jessica to have them sprayed with Dip, but Eddie foils this by making the weasels literally laugh themselves to death with crazy antics, much to Doom's strong annoyance. Deciding to take matters in his own hands, Doom fights Eddie, but ends up squashed flat by a steamroller.

However, Doom survives being squashed, revealing himself to be a Toon using fake props to hide his unknown true appearance. After reinflating himself by inhaling the contents of a helium tank, he reveals himself, much to Eddie's horror, as the same Toon who murdered Eddie's brother, Teddy Valiant, thus triggering his hatred towards Toons and explaining how Doom managed to buy the judicial election and the trolley car company in the first place.

His voice grow higher until it reaches a terrifyingly high pitch and his eyes turn to daggers, showing Doom's intent that he is now out to kill him as well.

With an evil grin, Doom sprouts a cartoon anvil and buzz-saw to kill Eddie, but the latter uses a Toon glove-loaded hammer to open the vehicle's Dip vat, leaving Doom doused in his own concoction. As he begins to melt, Doom shows more of his "Toony" nature as he cannot resist doing a direct spoof of the Wicked Witch of the West's death throes (screaming in pain that he is melting) in The Wizard of Oz.

He finally melts in a flood of Dip and fatally dissolves, leaving behind only his clothes, fake teeth, and rubber mask. Following the arrival of the police, Eddie exposed Doom's plan to clear Roger's name, and Roger found out that the will was in his love letter all along, as Acme used disappearing ink to hide the contents, thus leaving the Toons in ownership of Toontown for good.

When the other Toons come to investigate, they all wonder what Doom really was and what he actually looked like under the mask; however, they soon realize that it does not matter what Doom was as they are now safe from his wrath forever and celebrate their victory. Thus, Doom died a sadist who used racism and greed as excuses to hide his true nature. Celebrating their victory and with the Tooniverse at peace, the Toons return home and live happily ever after.

---

When I was done everyone was shocked!

Simone: Geez! That is ONE SERIOUSLY disturbed toon!

Miranda: You're not kidding! Wow! He really was nutsy-cuckoo!

Me: That's putting it mildly. He wanted to destroy the entirety of Toontown so he could build a freeway.

Maria: Yeah only a dumb stupid toon like him could come up with an idea like that.

Eli: Just what I was thinking.

Me: Yep.

We went into the Acme Factory and then we saw JUDGE DOOM!

Simone: So you're Judge Doom, huh? You don't look so tough.

Judge Doom: (chuckles) Looks can be deceiving.

Judge Doom took off his hat and glasses.

He turned and then he showed us blood red eyes and smiled viciously! HE WAS REALLY BARON VON ROTTEN!

Baron Von Rotten: Remember me, Knudson?! When I kicked your fucking ass, I talked… JUST… LIKE… THIIIIIIS!

He glared daggers at me literally!

Me: Bring it on dirtbag!

I teleported and kicked him in the face and sent him flying and Simone threw a fireball at him and it hit him and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOM

But then an ember flew into the giant tank full of dip and it ignited it and then….

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The entire Acme Cartoon Factory exploded in a massive fiery explosion of incredible power! The explosion shook much of the city in a massive blast of fire. I had all of us in a force field protected. When the smoke cleared we were standing and Baron Von Rotten was a burned charred mess and he came out and revealed his true form!

Miranda: Oh man! So THAT'S Baron Von Rotten.

Me: Yep.

Baron Von Rotten: You idiots! Without Dip, you can't destroy me!

Me: Oh we don't need dip to destroy you.

?: That's right you bad cartoon!

A figure flew in and it was a girl with bat wings and she punched and kicked and pulverized Baron Von Rotten all over the place with incredible and powerful fury and incredible speed.

Me: Whoa! That's Vikal.

Allie: You know her J.D.?

Me: No but Master Goku told me all about her. She came from Universe 2 and participated in a massive tournament that Lincoln showed me in his manga.

Missy: Wow look at her go!

?: I'll help too!

Another figure came and it was a Venusmon!

Me: Wow! Venusmon.

Venusmon: That's right. My name is Maya Kona.

Me: Wow you're another Digimon Gene-Slammer.

Venusmon: That's right.

?: Wait for me sis!

We saw a Poromon Gene-Slammer too!

Allie Wilde: A Poromon Gene-Slammer too!

Venusmon: Yep. This is my little sister Lola.

Me: Wow!

Vikal fired an energy blast and obliterated Baron Von Rotten in an instant and then his evil spirit appeared and I Super Hakaied him.

Missy: To quote Porky Pig: (Stutters) That's all, folks!

Maria: You got that right.

Vikal: That was fun.

Venusmon: Boy it sure was.

Vikal: Yep. It's an honor to meet you J.D. I heard you know Goku.

Me: Yep. Master Goku is my teacher and he taught me many of his moves and techniques.

Vikal: That's amazing. It's an honor that you are his student.

Me: We learned so much from all of the Z-Fighters.

Allie Wilde: We sure did.

Hailey Flareon: Yeah it's amazing.

Poromon: That is amazing.

Me: Lets get you guys back to normal.

Eli: Good idea.

Eli covered his eyes and I put on my blind man glasses.

Me: This is gonna hurt so just a heads up.

Venusmon: Okay.

Lola: Here we go.

I snapped my fingers and Venusmon and Poromon were in excruciating pain.

Hailey, Maya, and Lola were reverting back.

Hailey: (regains her hair) Sorry that both of you are in pain right now.

Maya Kona: (Groans) I'll be okay.

Lola Kona: (Crying) It hurts!

Maria was comforting her.

The girls reverted back and Maria gave all three of them new clothes and Lola was crying.

Maria: It's over Lola. It's gonna take a while for you to get used to the change process.

The girls put their clothes on.

Maya Kona: Wow these clothes are amazing.

Lola Kona: (Sniffles) But at least we're human again.

Lola Kona: (holds her head in pain) NO! NOT THIS PAIN AGAIN!

Maya Kona: (holds head in pain) I just got these clothes and now I'm gonna rip out of them!

Me: Reign in the power of your Digimon forms with your will.

Simone: That's right. There are many of us that have done so and you can do it too.

Miranda: That's right. You can do it too.

They concentrated and then they glowed with incredible power and they were fully empowered.

Maya Kona: Wow! That feels incredible.

Lola Kona: Amazing!

Maria: Way to go girls.

Vikal: I knew you could do it. We all knew.

Maria: Yep. Also Lola you will love meeting my friend Nico. He has a Poromon too for his partner and you would love him.

Me: You know it's funny. It was actually Poromon that actually mentioned a Poromon Gene-Slammer a couple of days ago and we just met one.

Lola Kona: Wow that is amazing!

Me: Yep.

We went back to the World Tree Estate and Poromon met Lola.

Poromon: (to Lola Kona) I can sense something in you. Are you part Poromon like me?

Lola Kona: I sure am.

Maria: She is a Poromon Gene-Slammer.

Poromon: (Gasp) YAY! I have a new friend!

He hugged her.

Lola Kona: (Laughs) This is so awesome!

Nico: Looks like you have a sister now.

We laughed.

Maya Kona: Awesome.

Vikal: But it's gonna be awesome to be part of the team.

Maria: I'm glad you're happy to have a friend like you, Poromon. Jirachi wasn't happy at first to find Holly in his form.

Poromon: I know and I'm happy I have a friend like me too.

Jirachi: We all are.

Laney: I think it's so awesome.

Nico: It sure is. But hopefully we've seen the last of Baron Von Rotten for good this time.

Me: One can only hope. I've had enough of that heartless monster to last a dozen eternities.

Vince: You're not kidding partner.

Tessa: Dragonfeathers! That monster needs to go away forever.

Laney: I agree with you there Tessa.

* * *

After Super Hakaing Judge Doom for good, Lincoln, Me, Nico, Eli, Nicole, The Mysticons, and Captain America were heading to Gemina, and not only is Lincoln going to rescue the nine girls there, but we're also going to take down Clutch and Throttle, two troublemaking elves who've caused a lot of trouble in Drake City.

Lincoln: Ah, we're back in Gemina.

Me: Its been a long time since we were here. The last time was when we destroyed Necrafa and made sure her reign of terror was silenced forever.

Lincoln: Yeah no kidding and I think I know what we're going to do here. Not only am I going to rescue the nine girls here, but we're also going to take down Clutch and Throttle, two troublemaking elves, who've proven to be a nuisance in Drake City.

Me: You said it, big guy.

Zarya Moonwolf: Those two have caused a lot of trouble when they once worked under Kymraw.

Arkayna Goodfey: But now that Kymraw is already in prison and Necrafa is dead and now forgotten, those two are still causing trouble.

Emerald Goldenbraid: I can't wait to butt heads with those two.

Nico: Yeah same here.

?: HELP!

Suddenly, Lincoln heard the sound of nine girls all calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He then saw the nine girls, but they've been cornered by Clutch and Throttle.

Lincoln: Guys, I found the nine girls, but they've been cornered by Clutch and Throttle. Come on, let's go.

We rushed on over, and we fired energy blasts at Clutch and Throttle, causing them to put the brakes on their motorcycles.

Clutch: So, the famous Team Loud Phoenix Storm and the Mysticons have arrived.

Lincoln: That's right, and we're going to take you two down.

Zarya Moonwolf: Hope you two are ready to get a black eye or two.

Throttle: We'll see about that, wolf.

Clutch and Throttle were heading at full speed in an attempt to run us over, but Lincoln transformed into Lincoln The Nocturnal, and with two of his massive and long deep sapphire wolf tails, he grabbed Clutch and Throttle by their waists and hoisted them up, and blew their motorcycles to rubble, and he bashed their skulls in.

KRABONK!

Knocking them out, and Lincoln tied them both up with indestructible neon blue energy straitjackets. We cheered wildly for what Lincoln did, as he changed back to normal.

Then, Lincoln and Nicole went up to the nine girls there, and when Lincoln saw them, he immediately recognized them. The nine girls were Ino Sakura, Roko Sekino, Hayu Nukui, Hemo Midori, Nina Maehara, and Hoho Kajino from Dropout Idol Fruit Tart, Uma The Witch, Pachira the Vampire, and Liru the Werewolf from Magical Pokaan.

Lincoln: Oh wow, it's Roko Sekino, Hayu Nukui, Hemo Midori, Nina Maehara, Hoho Kajino, Uma The Witch, Pachira The Vampire, and

Liru the Werewolf.

Nicole: From Dropout Idol Fruit Tart and Magical Pokaan, that's awesome.

Lincoln: Are you girls okay?

Liru The Werewolf: Yes, we're okay, thanks to you.

Then, when Liru The Werewolf and the other eight girls saw who it was that saved them from Clutch and Throttle, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally large and powerful upper and lower body muscles, eight-pack abs, deep sapphire blue thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books on his massive right pec and surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem, and on top is the Earth surrounded by the ring of mermaids on top, a deep sapphire blue kanji on his wider muscular back that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and the Thirteen Elemental Forces, Man With A Plan, Golden-Hearted Brother of 16 Siblings, and Golden-Hearted Lover, Father, Son, and Husband", and he had deep sapphire blue eyes.

He had his Sword of Taranis holstered on his wider muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces constellation and Aquarius Zodiac sign on the back of his neck, large weighted orange bands on his massive biceps and thighs, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with hanging silver lightning bolts held up by his Belt of Elemental

Bravery with large orange gem for the belt buckle on his waist, a pair of blue pants with gold lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Thunder Kanji earrings, a large silver Thunder Kanji necklace on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, and he had eight large orange orbs orbiting around his legs.

Liru The Werewolf: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones went up to the girls, and they picked them up and hugged them in their abnormally large and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, as we cheered over the scene.

Liru The Werewolf: (Seductively and rubs her right hand on Lincoln's massive right pec) You too, big, tall, muscular, and handsome.

Lincoln then showed Liru The Werewolf his werewolf form as Lincoln The Nocturnal, and when she'd seen it, she was stunned, and she also found out about his heroic actions in that form, as well, and needless to say, she was star struck, along with the other girls. As for Clutch and Throttle, the two of them were thrown in The Comet Lovejoy Prison's new wing, this time, it was for mischievous criminal creatures of myth. That was one of the minor enemies of Gemina down, but there's bound to be more out there, but we'll be ready for them.

---

After throwing Clutch and Throttle in The Comet Lovejoy Prison, we were then training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,000-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds. Then, we got a shower afterwards.

After that, I was getting ready for a date tonight with Varie, Palutena, Celica, Misty Tredwell, Leina Vance, The Mew Mew Girls, and Nan Que, and we were heading for the fancy restaurant that Lincoln and some of his girls went to on their date night. Plus, me and Nico were going to keep an eye on Ed Bighead and Montana Max, so that way, those two won't try any stunts to wreck anyone's date again.

I was dressed in a very fancy black suit, along with my jewelry, and I was also wearing my Juniper Phoenix cologne, Varie was dressed in a long fancy ocean blue dress with ocean blue jewels arranged in the shape of a mermaid and fancy ocean blue heels, Palutena was dressed in a long fancy white dress with blue jewels arranged in the shape of angel wings and with fancy white heels, Celica was dressed in a long fancy orange dress with yellow jewels arranged in the form of a sword with fancy yellow heels, Misty Tredwell was dressed in a long fancy black dress with green jewels arranged in the shape of The Lizard Nazca Line and fancy black heels, Leina Vance was dressed in a long fancy purple dress with blue jewels arranged in the shape of a dragon with fancy purple heels, Zoey Hanson was dressed in a long fancy strawberry red dress with pink jewels arranged in the shape of a cat with fancy red heels, Corina Bucksworth was dressed in a long fancy blue dress with light blue jewels arranged in the shape of a cat with fancy blue heels, Bridget Verdant was dressed in a long fancy light green dress with green jewels arranged in the shape of a cat and fancy green heels, Kikki Benjamin was dressed in a long fancy yellow dress with white jewels arranged in the shape of a cat and yellow fancy heels, Renée Roberts was dressed in a long fancy pink dress with purple jewels arranged in the shape of a cat and pink fancy heels, and Nan Que was dressed in a long fancy vermillion red dress with orange jewels arranged in the shape of The Vermillion Bird, and fancy vermillion red heels.

Me: Shall we?

Misty Tredwell: Of course, dear.

Me and the girls left and we went to the fancy restaurant.

Me: Wow, so this is the restaurant Lincoln went to on his date, this is very classy.

Misty Tredwell: You said it, but I can't believe what Montana Max and Ed Bighead tried to do.

Me: Don't worry, Misty, me and Nico are going to keep an eye on those two soreheads, so they don't try to wreck any of our dates again.

Varie: That's good.

We went to our reserved tables, and we ordered our meals. But, outside of the restaurant were none other than a group of Trump Supporters. When they'd found out that Lincoln and the girls captured a ton of their allies when they were on their beach trips around the world and were sent to prison, they fell into a dark rage, and that ultimately drove them to the brink of insanity, and now, all they want is to kill us and destroy Gotham Royal York. But, before they could raid the place and try to kill us, they were ambushed by a couple of figures from within the shadows, and they were tied up and gagged.

While we were eating our meals, suddenly, the eight large planets and stars orbiting around my legs were glowing, and that'd got our attention.

Misty Tredwell: Trouble?

Me: Oh yeah, and like what happened with Lincoln when he and his future wives went to the beaches around the world, they had to deal with the Trump Supporters, but before they could attack, they all got caged and arrested.

Once we finished our meal and paid for it, we went outside, and we saw the massive group of Trump Supporters, but all of them were tied up.

Varie: There's Trump's supporters, but who tied them up?

Lincoln The Nocturnal: (Beastly Voice) That would be us.

Then, we saw Lincoln, in his Lincoln The Nocturnal form, and Liru The Werewolf come out.

Me: Linc, what are you and Liru doing here?

Lincoln The Nocturnal: (Beastly Voice) We were heading out for a walk in the park, but we soon saw the Trump Supporters near the restaurant, and we saw they had weapons, so we had to take action and we ambushed them in the shadows, and we tied them up with neon blue straitjackets and we'd gagged them, so they wouldn't disturb you all.

Misty Tredwell: Oh, that's right, J.D. did tell us that you and the girls caught a huge number of Trump supporters, when you went to the beaches across the world.

Lincoln The Nocturnal: (Beastly Voice) That's right.

Liru The Werewolf: And that was fun catching those creeps, plus it was on a full moon. That was even more awesome, along with seeing Lincoln transform into his Nocturnal Werewolf form.

Lincoln The Nocturnal picked Liru up in his abnormally large and powerful muscular arms, and they'd shared a kiss underneath the full moon, and we looked on at the scene. Then, we went back home to the Estate, and Agent Waco picked up the Trump Supporters, and took them straight to prison.

---

Later we were over in at the ruins of the Team Rocket Headquarters in the forests near Pallet Town and we were there to see if there was a working computer that will give us new light into how Giovanni, the leader of Team Rocket, got the genetic material of Pokemon, Digimon and Dragons and find out what they were gonna do with it.

Hunch: Hopefully, there's a working computer in the ruins of this hideout.

Me: First we got to see if we can find one.

Jessie: I know where there's one. Follow us.

We followed Jessie, James and Meowth and we went down a set of stairs and it lead to a big metal door and Jessie opened it and in it was a computer room.

Me: Wow.

Jessie: This is the records room. Giovanni never let us go down here.

Me: Looks like this is the first time you've ever been down here.

James: It sure is.

Meowth: Yeah we didn't come down here because it was top secret.

Laney: Lets get these computers booted up and see if we can find out what Giovanni didn't want you all to see.

Technus: I'll go into the computers to find out how the Hell Giovanni gained access to Non Pokemon DNA.

Tara: Okay. Be careful of any firewalls.

Lincoln: Okay I have the computer online.

Lincoln used his lightning powers to turn it on.

Me: We're online. Lets get to work.

Technus was disabling the firewalls and everything.

Me: Okay Giovanni, lets see what you have been hiding.

I looked up what Giovanni had. What we found was absolutely shocking! He had not only acquired Pokemon, Digimono and Dragon DNA but he also has Dinosaur, Animal, the Aliens Ben knows, the monsters of Magic: The Gathering, Duel Monsters, Mythological Creatures, phoenixes, the alien creatures that Samus knows on her travels and more.

Runabout: Dear Primus! It's worse than I thought!

Me: You're not kidding Runabout! He has the genetic codes for not just 890+ species of Pokemon but he also has data turned into genetic code for over 1,400+ Species of Digimon, all the monsters of the world of Monster Rancher, all the monsters of Duel Monsters, dragons, animals, mythological creatures, phoenixes, the creatures that Samus has seen in her travels all over the galaxy, the monsters of Magic the Gathering and even dinosaurs and all of the aliens that Ben knows.

We gasped in shock!

Professor Oak: That is absolutely incredible that he has all of this genetic information.

Nico: Yeah. What was he planning to do with all this?

Me: Let see here. It says here that his plans for all this were to rule the world with a massive army of gene-slammers.

Officer Jenny: We know that Team Rocket's goal was to rule the world by forming a massive army of Pokemon. But never like this.

Me; I'm afraid it's worse than that. Giovanni was going to turn EVERYONE all over the world into gene-slammers so he can go all over the universe and enslave it with him as Supreme Overlord!

We were shocked! Team Rocket was going to rule the entire universe!? That insane!

Meowth: The boss never told me, Jessie, and James about any of this!

Bluestreak: We know he didn't. That just shows how badly he treated you 3.

Me: In fact NONE of us even knew about it. This sounds like something that Team Galactic would have done.

Commander Mars: Except we didn't specialize in splicing genes.

Me: That's true. But this takes playing with fire to a massively whole new level.

Delia Ketchum: I can't believe that Team Rocket was that dangerous. Thank goodness you all killed Giovanni and Team Rocket when you did.

Officer Jenny: Yeah. The entire universe was in danger and we didn't even realize it.

Eli: And no one even suspected that Giovanni was up to this kind of evil.

Nico: No they didn't.

Me: We're still hunting down all the scientists of Team Rocket to this day.

Nico: Yeah. And we need to make sure all those monsters are brought down and delivered to the proper authorities.

Me: I'll copy all this data to a disk for us to use for analysis.

I did so and it was a lot of info. We later went back to the estate.

---

Meanwhile, Raiden was over at the Eternal Palace. It was a palace that holds the strongest connection to the Elder Gods. Raiden was there because he felt a massively great evil that somehow surfaced.

Raiden got into a prayer.

Raiden: I have come to the Eternal Palace because your sacred rules have been broken. Princess Ahmanet, the evil daughter of King Menehptre is going to return and is going to finish what she started in the past and try to bring Set to Earth to eradicate humanity.

Flashes of light came and Raiden was in the middle of the Mortal Kombat Dragon symbol in a massive area of candles and then the god of wind Fujin came in the form of wind.

Fujin: (Divine Wind Voice) **As always Lord Raiden, you are granted 3 questions.**

Raiden: The first must be Why has Ahmanet descended so far into darkness?

Suijin: (Woman's Divine Water Voice) **We do not control the fate of humans.**

Kajin: (Divine Fire Voice) **Everyone possesses the ability to change their fate.**

Fujin: **Ahmanet chose this path and she made this choice all because of her incredible lust for power.**

Raiden: What is the best way for me and friends to destroy Ahmanet?

Fujin: **The best way for that to happen is to destroy Ahmanet until there is nothing left. But the second best way it to destroy the dagger that she was given by Set.**

Raiden: But if we destroy this dagger, how can we be sure she won't try to come back the next time for revenge?

Suijin: **When the dagger she has is destroyed, she will be forever serving Set for all eternity. Not even the Aparoids, Dark Orbs and Number Cards that you all have faced before can free her from that binding.**

Kajin: **It is then and only then that the world will be forever free of her.**

Raiden: So her life force is bound to the dagger.

Fujin: **You are correct Raiden. But only when the dagger is destroyed shall the world be safe again. We have faith in you and all of Team Loud Phoenix Storm to save the world from this monster.**

Raiden: Thank you.

Raiden later went back to the Estate.

* * *

We were getting ready at the estate for our mission.

Yes I know.

Raiden then came.

Raiden: I have just come back from the Eternal Palace. I'm afraid we have a terrible situation arising. Princess Ahmanet has returned and she is going to try and finish what she started in the past.

Cody (OC): Wait Princess Ahmanet, the daughter of King Menehptre?

Raiden: That's her Cody.

Me: She lived 5,000 years ago didn't she?

Cody (OC): I'm afraid so. But she is really bad news.

King Shark, Touch & Go, Dr. Destiny, Whiger, Mr. Fizz, Firebrand, Aqueduct, Girder, LaGrange and Turtle then appeared.

Aqueduct: Can me, King Shark, Touch & Go, Dr. Destiny, Whiger, Mr. Fizz, Firebrand, Girder, LaGrange and Turtle go with you guys?

Me: You all sure can. Cody was about to tell us all about Princess Ahmanet. She was a princess from Egypt that lived 5,000 years ago.

Eli: I've heard about her. She was said to be the most evil princess in all of Egypt's history and she killed her own father in cold blood.

Cody (OC): That's right. And her history is full of evil.

He told us everything about her.

* * *

Ahmanet (also known as Princess Ahmanet, the Mummy, and the Monster) is the titular main antagonist of the 2017 horror fantasy action-adventure film The Mummy, which is the first and only film of Universal Studios' Dark Universe series.

She is a powerful ancient Egyptian mummy with godlike dark powers and has returned from the dead on a quest for world domination. Her return as the reanimated mummy was result of her making a deal with Set, Egyptian God of Chaos, for dark powers she had, allowing her to cheat death itself.

Ahmanet was born in the 3000's B.C. to King Menehptre and his wife. However, Ahmanet's mother died as a result of giving birth to her. With no other heirs, Menehptre promised Ahmanet that once he died, she would ascend to his throne as Queen. As such, she was trained physically and mentally day and night, develop into a beautiful, cunning and ruthless princess and future Queen would.

However, in 2983 B.C., Menehptre would have a child with his second wife. This child was a boy, and Menehptre took back his promise to Ahmanet, naming the boy as his heir leaving her heartbroken and betrayed. This of course, practically ruined Ahmanet's claim to the throne.

Enraged and determined to usurp the throne and lay claim to it by any means necessary, Ahmanet went to the dark path where she sold her soul to Set, Egyptian God of Chaos, who promises to make her the Queen in exchange for gaining a corporeal form. Through an undead apparation, Set bestowed Ahmanet his dagger, Dagger of Set, the source of her would be unholy powers and catalyst for Set to enter the host for his essence.

After executing her family, Ahmanet prepares to make a human sacrifice, her lover, to complete the pact. However, she was captured by her father's loyal priests and condemned to be buried alive far away from Egypt in Mesopotamia.

Wary with whatever calamity that will consume the world should her body disturbed by anyone, Menehptre's priests arranged to have her body sealed in a secret prison underground. The area where she was buried was rich of liquid mercury, her only weakness, and her sarchopagus, which demonic in design, was arranged so it was constantly submerged inside a pool of mercury to keep her weakened and deprived of the outside world. Not only that, everyone who participated in the ritual erased her name from Egypt's history book and kept the location of Ahmanet's tomb a secret (though surviving clues of the tomb's location fell into English Crusaders when they raided Egypt during one of their campaigns). Ahmanet would remain alive in that tomb for 5000 years, her anger never abated.

---

When he was done we were all shocked and horrified!

Nico: WHOA MAN!

Laney: She sounds really dangerous!

Lori: She made a pact with Set to bring him to Earth and destroy us all!? That's literally horrible!

Me: Oh man! I can't believe she is that evil!

Pharaoh Atem: That is dangerous. Ahmanet was not mentioned hardly at all in the Chronicles of Egypt's History. My father never told me much about her back when he was Pharaoh.

Eli: I didn't know much about her either father.

Nico: Sounds like we're going up against one dangerous evil princess.

Me: And the best place to take her down is in Egypt. Lets go!

We were off to Egypt.

---

CAIRO, EGYPT

---

We arrived in the capital city of Egypt, Cairo.

Me: Here we are guys.

Runamuck: Good to be in Egypt again.

Eli: Egypt is my home chronologically but I will always have you guys as my real home.

Me: Glad to hear that bro. And Egypt has over 7,000 years of history here.

Sam S.L.: Egypt is one of the coolest places we've seen.

Me: It sure is. Loaded with history dating back to the biblical times.

Nico: It sure is something.

Me: And it's also the home of my past life Pharaoh Seti I.

Allie Wilde: Wait you are also a Pharaoh reincarnated!?

Nico: Right you haven't been told about that. It was a really surprising revelation.

Me: Yep.

Turtle: Maria, didn't Tefnut come from Egypt too?

Maria: Yep and she is the Egyptian Goddess of Water.

Turtle: I thought so. And Cody got his powers from Anubis, the Egyptian God of the Underworld.

Cody (OC): That's right.

Allie Wilde: How did some of you get your powers?

Maria: We were blessed by the Gods and Goddesses of Myths from all over the world. They chose us to be their champions and bestowed upon us their powers.

Laney: It's how we became Team Loud Phoenix Storm.

Me: I may have formed the team but it was done out of inspiration.

Nico: Yeah.

Jewel Man: Let's look around. See if we can find out what Ahmanet is planning.

Cody (OC): I already know what she is after. Follow me.

We followed Cody into the Cairo Museum and we saw in a display case a really ominous and evil looking dagger.

Nico: Whoa that dagger looks scary.

Cody (OC): It's called the Dagger of Set. It's a dagger that was said to have been made by the evil darkness of Set, the God of Chaos himself.

Samurai Jack: That is not a dagger I would want around.

Cody (OC): No one does Jack. This dagger is infused with the very evil essence of Set himself. This dagger was given to Ahmanet as part of the Pact she made with Set so that she can bring him to Earth and destroy humanity.

We gasped in shock.

Whiger: Should we get rid of that?

Cody (OC): Absolutely. This dagger is far too dangerous to be kept around. Also it's the very source of Ahmanet's power. If we destroy this, we kill Ahmanet and get rid of her for good.

Me: Then lets do it. But first we got to bring Ahmanet to us.

Raiden: This dagger is also the very dagger that told me that you have to destroy in order to make sure Ahmanet never returns.

Me: I see.

Papillon: Let's see what else we can find.

Me: Okay. I've been very curious about knowing more about Egypt and my past life's roots.

Nico: All righty.

We got to learning more about everything in Egypt and more.

Mr. Fizz: I've got soda if anyone's thirsty. You know how hot it is here in Egypt.

Me: Oh why thanks.

We got some soda and man did we need it.

Me: Ahh. Thank you. (BELCH) Oops pardon me.

Eli: But it was refreshing.

Gulper: Gulper loves soda.

G1 Chop Shop: Let's find a place to hide the dagger until Ahmanet is dealt with.

Me: Noted. And I have an idea. Candy?

Candy: Got it.

Candy used her candy powers to form a fake dagger made of black licorice and rock candy while Dr. Strange hid the real dagger in the Dark Dimension for later.

Girder: Black Licorice? Don't all of us hate that stuff?

Me: Yes we do. BUT we managed to find another use for it. Besides it's only temporary for this.

Girder: Oh I get it. It's a decoy.

Me: Yep.

We replaced the Dagger with our decoy.

Elec Man: One of us should spy on Ahmanet to see how far her plan is.

Cody (OC): Not a good idea. Like Imhotep she is gonna be very difficult to find and track down. She has the same kind of powers as Imhotep had when J.D. destroyed him the first time.

Elec Man: Oh then forget I said anything.

Eli: Wait I sense a powerful force coming. It's pure evil.

Me: Quick hide!

We hid.

Then a cloud of sand came in and we saw it take shape and it was PRINCESS AHMANET, BACK FROM THE DEAD AFTER 5,000 YEARS!

Ahmanet: Ah, nothing like a stroll in Egypt before I launch my plan to take over the world.

Whiger: (quietly) Nobody make a sound.

Me: (Quietly) When she reaches for the fake dagger we make our entrance.

Ahmanet saw her "Dagger" and she went up to it.

Ahmanet: Ah my dagger. Now I can finish what I started 5,000 years ago.

She smashed the case for it.

I nodded for the attack and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and it blasted the case away and chemical element symbols swirled around the explosion and then converged and we came out.

Me: Princess Ahmanet, daughter of King Menehptre. Welcome to the 21st Century.

Ahmanet: And you are?

Me: J.D. Knudson, reincarnation of Pharaoh Seti I.

Eli: Eli Winston Bullock, son of Pharaoh Atem.

Cody: Cody, Champion of Anubis, God of the Underworld.

Maria: Maria Rockell, Champion of Tefnut, Goddess of Water.

Ahmanet: So you are the champions of the gods.

Me: That's right and we're going to destroy you. Once and for all.

Blot: Everyone get out of here!

The people ran and knew a fight was coming.

Ahmanet: You will not stand in the way of my goals to rule the world.

Me: You will not do those plans when we kill you. You should have stayed dead.

Ahmanet: You want to know what lies beyond the veil of death? You will… when I kill you!

I fired an energy blast and it hit her arm and crystalized it into solid diamond and it fell off.

Me: I'm not one to go down that easily. So many people have suffered because of you. Including your own father. You killed him in cold blood.

Ahmanet: I loved my father. I wanted him to do the same for me.

Me: That's a lie and you know it. You have had a massive resentment towards your father ever since. All because of your desire for power.

Firebrand: You killed your own father?! Even for you, that's cold!

Cody (OC): She was pure evil from the very beginning. There was a huge darkness inside her heart the very minute when she found out that she was supposed to ascend to the throne of Egypt. But when her stepbrother was born, the darkness completely took over and that's what lead her to make a pact with Set. She tried to take the throne of Egypt by force and that's what lead her to be mummified alive.

Ahmanet: You know all about my past and everything I did Champion of Anubis. But it won't save you from your death.

Me: We'll see about that Ahmanet.

Kevin Levin: (smirks) Oh, and if you're thinking about trying to use that dagger, might want to take another look.

Me: That dagger is a fake. The real dagger is someplace where you will never get to it. And if you want it you will have to get passed us.

Ahmanet: With pleasure.

She went at us and Eli fired a Force Blast and sent her crashing into a wall.

I then snapped my fingers and we were in the clouds of the gas giant planet Xepthorga, the home of Thunderleg's kind.

May: How about we show her Royal Highness what she was really carrying the whole time?

King Shark: Can I eat it afterwards?

May: Sure.

Me: That dagger you have is made of candy.

She saw that I was right!

Ahmanet: What?! Black Licorice and rock candy!

Me: Surprise!

Demolishor: Alright, King Shark. You can eat it now.

King Shark: Great!

He did so and it was tasty.

Ahmanet: It doesn't matter! I'll find a way to summon Set to this world. And after it's destroyed, he and I will rewrite it to make it hero free!

Dr. Destiny: You won't even get a chance to summon him!

LaGrange: (smirks) And you might want to look behind you.

LaGrange's car was behind Ahmanet and he smashed her down and came back over.

Ahmanet was down but not out.

Ahmanet: (Laughs) Fool. It'll take more than that to kill me.

Me: We'll make sure there will be nothing left of you by the time we're done with you.

Plug Man: (smirks) To quote Ed, zappity zap zap! (grabs Ahmanet, shocking her)

ZZZZZZZZZZZAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAPPP

Plug Man turned her into a Fulgurite!

Me: The thing about sand is it has the power to trap lightning.

Mr. Go: That should hold her while the usual battles are going on.

Mr. Touch: Nanette, do you know we're on Thunderlegs' home planet?

Nanette: I sure do.

Then Firefly, Plastique, Whiteout, Ghost, Gearhead, Molten Man, Trickster, Loki, Cad Bane and Vortex appeared.

Me: Firefly, Plastique, Whiteout, Ghost, Gearhead, Molten Man, Trickster, Loki, Cad Bane and Vortex.

Vortex: Looks like the fun has started.

Firefly: So that crystal sculpture is Ahmanet?

William: It sure is.

Plastique: That won't hold her for long.

Whiteout: But it should buy us time to have the usual battles.

Me: It sure will.

Ghost: (to me) We heard you dealt with Judge Doom again.

Me: Yeah we sure did and it was crazy.

Gearhead: Hope no Dip got loose.

Me: Don't worry we made sure it didn't. Hopefully we've seen the last of Judge Doom this time.

Nico: Yeah.

?: Thank goodness.

A figure came out and it was TOP HAT from episode 17 of Operation Overdrive!

A silk hat/animal picture book monster created by Kamdor from a silk hat. He seemed to act and be referred to as a magician. Kamdor made him grow right after he was created. When engaging the DriveMax Ultrazordand the Flash Point Megazord, he summoned a snake from his hat to constrict the DriveMax Ultrazord and used its umbrella to deflect the Flash Point Megazord's attack. However, the Rangers replaced the arms of the Ultrazord and Megazord, which was combined with the Drill and Shovel Drivers and used by Tyzonn to destroy the monster.

Tyzonn: Top Hat!

Top Hat: Been a while rangers.

Me: I remember you! You were made giant right off the bat and you engaged the DriveMax Ultrazord and Flash Point Megazord.

Top Hat: That's right. Good memory on you.

Me: Never missed an episode.

Top Hat: Thank God we're in a much cooler place than Egypt!

Me: Egypt is not NEARLY as hot as it gets down in the Afar Depression in Ethiopia.

Eli: You got that right father.

Cad Bane: Now, what do we do about the dagger?

Vortex: We could keep it as a trophy.

Me: No not a good idea. This dagger is too dangerous to be kept as anything. We need to destroy it once and for all.

I threw it into the air and then fired an energy blast and obliterated it into nothing. Ahmanet is NOW officially a long forgotten memory.

Me: That's it.

?: I will make sure that none of you will leave here alive!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln's legs, the eight large crimson red orbs orbiting around Naruto's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large colored orbs orbiting around the legs of Lincoln's sisters, the eight large orange orbs orbiting around Duke Lincoln's legs, and the eight large purple orbs orbiting around Menat's legs were glowing, and that means big trouble was coming.

Shantae: Oh no, I was hoping I'd never hear from him again. You can come out now, Pirate Master.

A figure then came out of the shadows, and it was none other than another one of Shantae's worst enemies, The Pirate Master.

Shantae: I thought I'd never have to see you again after all the trouble you caused.

Lincoln: Shantae, can you tell us about him, since he's another one of your worst enemies?

Shantae: You definitely won't like what I'm going to tell you about him, Linky.

Shantae proceeded to tell us about The Pirate Master, and as expected, we weren't going to like it.

---

Pirate Master

The Pirate Master is the main antagonist of The Pirate's Curse. Since his revival occurs near the finale, he is the final boss of the game. A frighteningly powerful creature, it took the combined power of all the Genies in Sequin Land to seal him away from the world in a lonely grave on an isolated island. Risky Boots used to be his first mate until his defeat, after which she inherited his Tinkerbats and Pirate Gear. As an added insult to injury, Risky also took his face and turned it into her bustier and belt.

Sensing that the power of light magic has vanished from Sequin Land, the Pirate Master begins to stir and unleashes a curse on the surrounding islands, transforming most of the Tinkerbats into vicious Cacklebats and gathering dark energy from the evil-infested dens of monsters as he tried to reawaken.

Forced to work together, Risky and Shantae manage to seal up the dens and cut off the flow of dark magic, but they are unable to stop the Pirate Master's revival and Risky is captured by her vengeful ex-master.

Ultimate Fate

Good Ending

Shantae chases The Pirate Master to the roof of Sequin Land Palace, she tries to fight the Pirate Master and initially wins. Should the player manage to defeat all the Cacklebats in their first playthrough, The Pirate Master will take back his Pirate Gear from Shantae and become even more powerful. He eventually demands that Shantae give him the dark magic she had taken from his Cacklebats in exchange for Risky's life. Shantae accepts and releases the collected magic, which has turned to light magic (which he did not expect would happen). Reabsorbing the magic into herself, Shantae regains her genie powers and is able to critically weaken the Pirate Master, allowing Risky to use Ammo Baron's long-range cannon to destroy him once and for all.

---

As soon as Shantae was finished, we were indeed horrified by The Pirate Master's actions.

Nico: What a monster.

Zadavia: Even worse than Optimatus. That's it, I've had it with this monster to last an eternity.

Suddenly, Zadavia's eyes turned neon blue, and she was surrounded by a purple energy aura with the stars, purple nebulae, purple lightning, and purple fire, and as she approached The Pirate Master, she left purple energy, stars, purple nebulae, purple lightning, and purple fire with every step.

Zadavia: Pirate Master, your crimes against Sequin Land are indeed unforgivable. The trouble you had caused to Shantae and the other genies has crossed the line too many times, and for that, you will pay with your life.

Then, Zadavia was surrounded by a massive vortex of purple energy with purple fire, stars, purple nebulae, and purple lightning around it, there were orbiting planets around the vortex, and inside the vortex was a yellow phoenix. Then, as the vortex faded, Zadavia emerged, but she was changed forever.

Zadavia grew to 5'11" in height, she now had the body of a goddess, her long blonde hair had purple highlights in the bangs, she had neon blue eyes and a purple energy aura with purple nebulae, stars, purple lightning, and purple fire surrounding her, she had large blonde angel wings with purple tips on the feathers, she had an angel holding the Star Kanji emblazoned on her forehead, she had on angel earrings holding the Star Kanji in its hands and a necklace with an angel holding the Star Kanji in its hands for the pendant, she had on a sleeveless purple blouse with a yellow phoenix, a purple skirt with stars and purple nebulae on it, purple pants, purple ankle-high leather combat boots, and a Blue Lantern ring on her left ring finger. She had a large sword in her hand called The Defender of Planet Freleng, it's a large sword with Planet Freleng etched on the 6'5" massive, wide, double-edged tanzanite blade, large blonde angel wings for the crossguard, large red gem for the hilt, longer black handle, and large purple faceted sphere pommel with surrounding gems. She also had on a red sleeveless trenchcoat with purple nebulae and stars on it and the Planet Freleng on the back. There was a yellow kanji on the back below the Planet Freleng that said, "Zadavia, Supervisor of The Loonatics, Defender of Planet Freleng and Acmetropolis, and Destroyer of Optimatus."

ザダビア、ルーナティクスのスーパーバイザー、プラネットフレラングとアクメトロポリスの擁護者、オプティマトゥスの駆逐艦

Zadavia has transformed into SUPER ANGEL 750,000,000,000 CELESTIAL STELLAR STARSTORM ANGEL OF LIGHT AND HOPE!

We were amazed by Zadavia's Super Angel 750,000,000,000 transformation, and to a monster like The Pirate Master, it meant he was in big trouble. When Buster, Plucky, and Hampton saw what just happened to Zadavia, they did tons of wild takes, until Babs, Shirley, and Fifi brought them back to their senses by kissing the boys on their cheeks.

Me: Whoa, Zadavia's transformed.

Nico: You said it and that caused Buster, Plucky, and Hampton to do tons of wild takes.

Ace Bunny: (Laughs) That was until Babs, Shirley, and Fifi brought them back to their senses. (To Zadavia) Zadavia, how do you feel?

Zadavia: (Divine Echoing Stellar Voice of Hope) **I feel incredible, Ace, and now, it's time for me to take care of this monster.**

Ace Bunny: Let us join in.

Lincoln: Same with me and Shantae.

The Loonatics transformed into their Super Angel 750,000,000,000 forms, Lincoln transforms into his Super Angel-Ebonwu Infinity form, and Shantae transforms into her Super Angel 500,000,000,000 form, and they unholster their massive swords, and they went after The Pirate Master, and they fired powerful blasts of elemental forces, neon colored energy blasts, and magic at The Pirate Master, and they hit him and exploded with incredible power. Then, they slashed off his arms and legs, and he'd dropped to the floor, screaming in excruciating pain.

Then, The Dark Signers appeared, and they were waiting to see the big finale from Zadavia.

Zadavia: **May your dark soul suffer the eternal torments of The Further forever. DARK STYLE NINJA ART: EARTHBOUND IMMORTAL CHACU CHALLHUA!**

Zadavia fired a massive blast of darkness and indigo energy, which then transformed into The Whale Earthbound Immortal Chacu Challhua, and it fired a blast of purple energy, which ripped The Pirate Master's soul from his body, and devoured it, and it wound up in The Further forever, and his body was reduced to ashes, as a result.

Zadavia: **Pirate Master, you have failed this universe!**

Nico: Yeah! That's telling him, Zadavia!

We cheered wildly for Zadavia did, as Zadavia, The Loonatics, Lincoln, and Shantae holstered their massive blades on their backs and powered down, but Zadavia's new body, clothes, weapons, and jewelry were permanent.

Then, The Dark Signers went up to Zadavia and The Loonatics.

Roman Goodwin: That was definitely an impressive performance all of you have done.

Zadavia: Thank you, Roman.

Rex Goodwin: Indeed, what all of you did was quite amazing.

Tech E Coyote: If Sayer dares to return from the dead, then you can bet we'll send his soul to join the others in The Further for eternity.

Carly Atlas: Thanks, Tech. But, that'll be after we beat the crap out of him first.

Tech E Coyote: After what he did to you, Toby, Misty, and Akiza, I'll get the first shot at that bastard.

Ace Bunny: Better get in line, Tech. I'm knocking out his teeth and I'll gouge his eyes out.

Misty Tredwell: It seems you two have thoughts on how you're planning on making Sayer suffer.

Lexi Bunny: We all have those same thoughts, Misty. After what he did, he deserves to pay for it.

Me: That's just what we were thinking, Lexi. But you all did a great job today. Awesome job today.

Raiden: You all did really great and I'm proud of all of you.

Me: Thanks Raiden. You warned us about Ahmanet. But it's Cody that deserves most of the credit. He told us everything we need to know about Ahmanet and how to destroy her. Well done today Cody.

Cody (OC): Thanks J.D.

Me: Lets go home.

Atem: (To the viewers) Egypt is loaded with history. And it's loaded with all kinds of subjects to learn from. And the artifacts from its history are amazing. Always be weary of everything from Egypt in case it has some dark stories behind it.

Me: That's true Pharaoh.

We went back home and went to sleep.

Part 15 is done

The Mummy from 2017 was a great movie from what I saw and I may not have seen the movie but it was a great movie. Those dumb critics ruined it and they wouldn't know a good movie even if it punched them in the face. All because their power went to their heads. Those blockheads don't know anything about a great movie. The first part of the chapter is for Who Framed Roger Rabbit and that is one of my favorite childhood movies. The second part was for one of the enemies of The Mysticons from the comic books and that was a cool one. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Etstheclarencefan, Nflemingful and ninjakingofhearts and the guest reviewer all gave me the ideas for this. Thanks guys. The next rescue for me is gonna be in the world of Winx Club and me, Allie, Eli, Maria, Missy, Simone, Miranda, Missy Tredwell, The Winx Club and the Dialga Gene-Slammer are going to explore the Alfea Academy and we're going to see where the Winx Club all went to school and learned so much about their magic and everything and we're going to face The Trix who have come back and we're not going to kill them this time. We're going to send them to prison after we strip them of their magic. Misty Tredwell is going to transform in this one too so Guest Reviewer can you please help me with the Transformation sequence in my scene as well? Also we're going to meet an Ophanimon Gene-Slammer named Lita Nureimenekov and she is from The Ukraine. Also we're going to meet a Night Wing Sorceress from Duel Monsters as the next girl. Lincoln's Rescue is gonna be in the world of Power Rangers Jungle Fury and we're going to help him take down Dai Shi in his true form: A 7-Headed Golden Dragon and King Ghidorah will help him out in that one. Also Sailor Moon will transform in that one too. The next chapter is gonna be for the awesome movie with Dwayne Johnson, The Scorpion King and we're going to help Mathayus take down Memnon and make that movie pay for his crimes.

See you all tomorrow

# Adventure with The Scorpion King

Over in the land of Alfea on the planet Magix, me, Eli, the Winx Club girls, Allie, Missy, Maria, Simone, Miranda Misty Tredwell, and the Dialga Gene-Slammer Carolyn Hope were there to see what Alfea was like.

Carolyn Hope: Are you enjoying Alfea so far, Missy?

Carolyn concentrated and groaned as her hair fell out.

Missy: I sure am and it's so cool that you and the girls all went here Bloom.

Bloom: It was a great place to learn.

Flora: Boy it sure was.

Carolyn turned into DIALGA!

Me: YEAH!

Eli: To tell you the truth, I've always wanted to see Alfea. I've heard so much about it.

Stella: You will love it Eli.

We walked around Alfea School and it was amazing and there was so much to do and learn there. They know all forms of amazing magic and it was really cool.

Then suddenly…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

An explosion was heard and we came out and it was THE TRIX!

Me: The Trix!

Eli: But how!? I thought they were sent to Oblivion forever?

Maria: No idea!

Me: Lets get them!

We went at the Trix and faced them.

Stormy: I guess this is the part where you guys get pissed off at us, right?

Maria: (takes a deep breath) No. We can't be angry at you three anymore. If we've learned anything this past year, it's that people aren't perfect and that you need to forgive.

Darcy: (confused) Wait. What are you saying?

Maria: I'm saying that even though we might never be the best of friends and despite the fact that we're still locking you girls up, I forgive you three.

All of us were shocked about this.

Me: WHOA!

Icy: Well, I didn't really expect that.

Missy: (smiles) I think that was beautiful, Maria.

Eli: I thought so too.

While the Trix were shocked, Missy used her psychic powers to levitate some paint cans over their heads.

SPLAT! SPLAT SPLAT!

Me: WHOA! Nice one!

Missy: Consider that payback for everything you did.

Darcy: We had that coming.

Me: But I'm afraid that you need to learn a big lesson about humility. And Misty here is going to show you that.

Suddenly, Misty Tredwell's eyes turned neon light blue, and she was surrounded by a green energy aura with green fire and darkness and the Lizard Nazca Line that was on her arm was glowing, she unholstered her Sword of Ccarayhua, and as she approached The Trix, she left green energy, green fire, and lizards with every step.

Misty Tredwell: You three just can't learn to stay dead, can you? We destroyed you long ago, only for you three to come back for more. Well, this time, I'm not going to show any of you mercy, because you deserve none.

Then, Misty Tredwell was suddenly surrounded by a massive vortex of green energy with green fire and darkness surrounding it, there was a lizard running around it, and inside the vortex was a green phoenix and The Lizard Nazca Line. Then, as the vortex faded, Misty Tredwell emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Misty Tredwell grew to 5'11" in height, she had the body of a goddess, the separated bangs of her long black hair had green highlights, she had neon light blue eyes and a green energy aura with green fire, lizards, and darkness surrounding it, she had a Lizard with the Dark Kanji emblazoned on her forehead, she has on lizard earrings with the Dark Kanji in its feet and a necklace with a Lizard holding the Dark Kanji in its feet, she had on a sleeveless black blouse with a green phoenix on it, a white skirt with the Lizard Nazca Line on it, and black high heels. The massive, wide, double-edged blade of her Sword of Ccarayhua grew to 6'5" in length and the long black handle grew longer, and she had on a black sleeveless trenchcoat with green stripes and green flames on the coattails, and on the back is a phoenix and The Lizard Nazca Line. Misty Tredwell had on her new Bracelets of The Champions of The Universe with green gems on her wrists, Belt of Elemental Bravery with large green gem for the belt buckle, and Eater of Sins revolver holstered on her left hip. There was a green kanji on the back below the phoenix and Lizard Nazca Line that said, "Misty Tredwell, Dark Signer of The Lizard, Emissary of The Lizard Earthbound Immortal Ccarayhua, Sister of Toby Tredwell and Carly Atlas, Loving Future Wife of James Dean Knudson, Loving Mother of Beautiful Daughters, Member of The Masters of Evil and The Redemption

Squad."

ミスティー・トレッドウェル、トカゲの暗い署名者、トカゲの使者地球に縛られた不滅のカライワ、トビー・トレッドウェルとカーリー・アトラスの姉妹、ジェームズ・ディーン・クヌッドソンの愛する未来の妻、美しい娘の愛する母親、マスターズ・オブ・イービルと償還隊のメンバー

Misty Tredwell has transformed into SUPER ANGEL 750,000,000,000 DARK FIRESTORM LIZARD ANGEL OF REDEMPTION AND LOVE!

We were amazed by Misty Tredwell's Super Angel 750,000,000,000 transformation, and as for me, I had an atomic red blush on my face and my ears were whistling steam.

Eli: Oh wow!

Missy: Awesome! Misty is the first of the Dark Signers to Transform!

Maria: Incredible!

Me: (Blubbers) Wow! Misty how do you feel?

Misty Tredwell: (Divine Echoing Cosmic Voice of the Jungle) **I feel incredible J.D. This power is more than enough to get my point across to the Trix.**

Me: Wow. Don't kill them though Misty. We want them to see the error of their ways despite how black their hearts have become.

Misty Tredwell: **I know.**
